# Know your bank

If you use your bank only for routine money transactions, you're not getting the most out of it. Beyond being your banker, First National State can also be your trustee, executor, financial and business advisor, savings/investment advisor, and an important source of investment capital.

First National State is the foremost Full Service bank in New Jersey. It offers every personal and business financial service you would expect from a major metropolitan bank — and a few more besides.

Certainly we have convenient checking and savings account services, as well as low cost personal and auto loans for your day-to-day banking needs. But if that's all you want, you can get it at any bank.

**Here's what First National State offers in addition to regular banking services.**

### A Choice of Savings/Investment Plans

First National State offers you a wide range of high yield savings/investment plans — savings certificates and passbook accounts — offering guaranteed interest at the highest legal bank rate. You can choose the one, or a combination that's best for you.

### Investment Advisory Service

Your bank maintains a professional investment advisory department for the person who would rather place his portfolio management in safe conservative hands, than handle it himself. Our Municipal Bond Department forms a part of this service.

### Trust Department

One of the outstanding features of First National State is our Trust Department, staffed with professional trust advisors. Whatever your particular needs — wills, executors, trustees, living trusts, testamentary trusts, etc.— you'll find helpful professional advice.

### Commercial Banking

If you're in business here in New Jersey, you won't find a more convenient commercial bank. For example, we can assist you with services ranging from automated payroll to any type of business loan.

They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City and in dealing with them no mistake will be made. # HOW MANY CHANGES IN A YEAR?

Out of every **100** People as listed in the last Directory

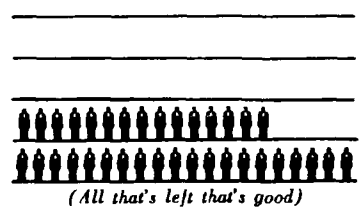

**16%** to **18%** Move away or die

**17%** to **19%** "New" people move into town or reach listing age.

*(All that's left that's good)*

**26%** to **29%** More change their addresses or their jobs or some other vital fact that affects their listing.

Making a total of **59%** to **66%** of the People listed who have new information in some particular which can be surely found only in the **NEW DIRECTORY**

*Note: These figures are from repeated checks in numerous cities and do not vary 5% in any one year.*

**THAT IS WHY NEW DIRECTORIES MUST BE PUBLISHED EVERY YEAR.**

# Common Sense

*About City Directory Circulation*

***The true value*** of advertising circulation is *circulation consulted.*

***To be exact*** by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

***To be conservative*** we will eliminate the sixty Sundays and Holidays when no tests were made.

***For every thousand directories*** sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days,* therefore –

**1000 x 3½ x 305 =**

**1,067,500**

**Consultations or**

# Common Sense

*About City Directory Circulation*

***The true value*** of advertising circulation is *circulation consulted.*

***To be exact*** by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

***To be conservative*** we will eliminate the sixty Sundays and Holidays when no tests were made.

***For every thousand directories*** sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days,* therefore –

# Our First 100 Years Of:

**AMBITION** We started with the ambition of two young men, William W. Price and Wilson H. Lee, who had some directory experience, five hundred dollars capital, one employee, one directory (Bridgeport, Conn.) and a generous amount of courage. Today our ambitions still set ever higher goals of growth through excellence.

**LEADERSHIP** The Association of North American Directory Publishers was founded at an 1898 meeting in Cleveland by leading publishers brought together through the efforts of Wilson H. Lee. One of the chief objectives of the organization was to protect the public against fraudulent directories, a crusade still fought by the A.N.A.D.P. and The Price & Lee Company.

**INNOVATION** Many firsts originated in The Price & Lee Company including the country's first telephone directories which we published for several years, starting in New Haven in 1887. The telephone companies soon realized the value of the idea, and began publishing the directories themselves. Producing new and better ideas, techniques and products are still today becoming more and more an integral part of our business.

**PROGRESS** While constantly increasing the number of City Directories, we also published over the years railroad guides for eight railroads, several national and regional trade directories, histories of many cities, corporate directors' registers as well as maps and guides. Most recently we have added computerized selective mailing lists and complete direct mail service.

**GROWTH** The Price & Lee Company has grown to become one of the largest publishers in the industry, publishing directories for more than 400 communities on the eastern seaboard with a combined population of over ten million. We firmly believe this is only the beginning.

**EXCELLENCE** Throughout the first 100 years we have maintained complete facilities for producing the best directories humanly and technically possible. From enumeration systems through compilation, printing and binding the excellence of Price & Lee publications is widely acknowledged.

**AND STRIVING FOR PERFECTION** On every one of the millions of information cards completed, compiled, and printed every year the largest and most prominent item is the symbol below: "Accuracy FIRST." We are most often proud of our work, seldom ashamed of it, and never satisfied.

ACCURACY FIRST

## Our First 100 Years Of People:

More than 20,000 people have participated in our history providing ability, talent, and effort. If we were to compile a directory listing their accomplishments it would make our largest publication. All have contributed to what we are now, and will be in the next 100 years. The names below are today's representatives of all who have gone before, are with us now, and will join The Price & Lee Company in the future.

# SUMMIT
# STREET DIRECTORY

## EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)
The abbreviation r between the street number and the name signifies "rear".
The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.
"Right odd" after street description indicates odd numbers on right side of street.
The symbol * following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

# Common Sense

*About City Directory Circulation*

***The true value*** of advertising circulation is *circulation consulted.*

***To be exact*** by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

***To be conservative*** we will eliminate the sixty Sundays and Holidays when no tests were made.

***For every thousand directories*** sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days,* therefore –

# When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—***you can quickly find the answer in the City Directory.***

## EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)
The abbreviation r between the street number and the name signifies "rear".
The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.
"Right odd" after street description indicates odd numbers on right side of street.
The symbol * following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.
S Res Denotes Summer Residence

Zip Codes are included in the description of each street and changes in Zip Code for streets with more than one code are indicated at the address where the change occurs.

# Common Sense

***About City Directory Circulation***

***The true value*** of advertising circulation is *circulation consulted.*

***To be exact*** by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

***To be conservative*** we will eliminate the sixty Sundays and Holidays when no tests were made.

***For every thousand directories*** sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days,* therefore –

## NUMERICAL DIRECTORY

### EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)
The abbreviation r between the street number and the name signifies "rear".
The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.
"Right odd" after street description indicates odd numbers on right side of street.
The symbol * following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.
