Are You Easy to find?

Can people *locate* your product quickly after your *creative advertising* has made them want it? If not, there is still room to

Lower the Cost of Distribution

Failure to connect demand with the local source of supply is the cause of great waste in advertising. Directory Advertising ("Reference Advertising") shortens the path from buyer to seller by putting information about local supply in a logical place for buyers to look.

Professor Cherington said (at the Philadelphia Convention of Associated Advertising Clubs of the World): "—my experience as a consumer makes me feel positive that an enormous amount of advertising effort has been wasted because directories have not been made to serve the purpose which they might serve."

The Publisher of this Directory will gladly co-operate to make *you*

"easy to find"

CHIROPRACTIC

No matter what your ailment is, do not think your case incurable. I have scores who tell me they have been considered incurable, but they can testify to the opposite now after trying Chiropractic. Do not shut your eyes to this great Science, but try it and be convinced that you can be cured.

Consultation free; no cases taken that cannot be benefited.

THE QUESTION IS

What a little paint will do;
Makes the old look young, that's true,
And a coat on your Old Car
Will make it look 100 per cent. by far
This you can see and not ask why,
Look in our Show Room when you pass by.

Are You Easy to find?

Can people *locate* your product quickly after your *creative advertising* has made them want it? If not, there is still room to

Lower the Cost of Distribution

Failure to connect demand with the local source of supply is the cause of great waste in advertising. Directory Advertising ("Reference Advertising") shortens the path from buyer to seller by putting information about local supply in a logical place for buyers to look.

Professor Cherington said (at the Philadelphia Convention of Associated Advertising Clubs of the World): "—my experience as a consumer makes me feel positive that an enormous amount of advertising effort has been wasted because directories have not been made to serve the purpose which they might serve."

The Publisher of this Directory will gladly co-operate to make *you*

of its kind in New Jersey. That institution is the Fidelity-Union Trust Company. It has its own title plant and with its long experience and unexcelled facilities it does this work with the maximum of speed and at the minimum of cost.

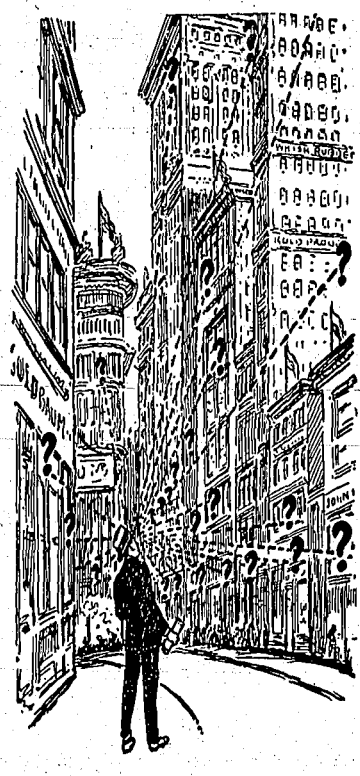

When it insures a real estate title only one charge is made for all the work. There are no monthly or annual premiums to pay. Its policies are sound and liberal, and when you hold one it fully protects you and your heirs in case a flaw is subsequently discovered in your title.
