A. B. Boyd, Reading.

General Offices: 524-528 Broadway, New York City

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

INTRODUCTION

The 1926 edition of Richmond's Directory of Plainfield, North Plainfield, Westfield, Mountainside, Dunellen, Fanwood and Scotch Plains is herewith presented to patrons.

The publishers feel assured that the work affords a complete and comprehensive epitome of the diversified interests and activities of the several places mentioned—civic, social, commercial and industrial, and that the Directory is complete in all its parts.

In the present volume all of the essential features contained in previous issues have been retained and amplified, and improvements added as suggested by experience, in order to add to the value and usefulness of the Directory.

The publishers enjoy the prestige and advantage of a complete organization and thorough system essential in the production of Directories, and the additional advantage of having the courteous co-operation of citizens in furnishing information. These factors added to the liberal support of patrons as shown by the advertisements displayed upon the printed page were vital to the success of the publication.

The essential departments of the work are set forth in the order following:

THE MISCELLANEOUS DEPARTMENT, pages 25 to 45, include data concerning city and county officials, churches, clubs, schools, labor organizations, postoffice, secret and benevolent societies in Plainfield and North Plainfield; also a descriptive Street and Avenue Guide for Plainfield.

THE BUYERS' GUIDE for Plainfield covers pages 5 to 16; a similar Guide for Westfield covers pages 479 to 482.

THE ALPHABETICAL LIST OF NAMES of citizens, firms and corporations in Plainfield and North Plainfield is embraced in pages 57 to 478; the lists for Dunellen, Fanwood, Mountainside, Scotch Plains and Westfield are embraced in pages 607 to 674.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 675 to 767, and shows the various manufacturing, mercantile and professional occupations in the places above mentioned, compiled under headings appropriate to the class of business pursued. This department will be appreciated as a special trade directory.

THE CHAMBER OF COMMERCE OF THE PLAINFIELDS

The Chamber of Commerce promotes the general welfare and is beneficial to every individual citizen. Its membership is composed of representative men and success is made easier by interchange of ideas. It compiles and distributes information regarding the advantages of Plainfield. In this way it attracts capital and builds up the city's resources and population. It provides a meeting place for all important gatherings, leads in every effort toward civic improvement and becomes the collective voice of the community on all public questions.

MUNICIPAL PUBLICITY

Advertising Plainfield and Other Union County Communities

An important function of the Directory is to set forth the characteristics and advantages of a community as a place of residence, as a business location, as an industrial site and as an educational center. The Directory acts as a mirror, reflecting all that is noteworthy in the community in the above respects. In order to spread this information regarding it broadcast over the country the publishers place copies of this issue of the Directory in Directory Libraries which are maintained in all the larger cities of the country, where they are readily available for reference use by the public. There they serve as perpetual advertisements of the communities above mentioned, for business men the country over realize that the Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves and their friends for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

RICHMOND DIRECTORY CO.,
Compilers and Publishers.

TRADE! You like

to patronize those concerns who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quicks and other schemers have little use for directory advertising. It lives too long.

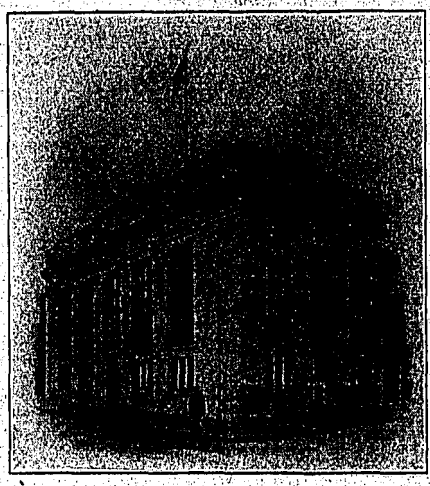

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

ANY TRADE — ANY BUSINESS — ANY PROFESSION
DETROIT R. L. POLK & CO. CHICAGO

TRADE! You like

to patronize those concerns who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quicks and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

The FIRST NATIONAL BANK of PLAINFIELD
OVER SIXTY YEARS OF SERVICE
Attests the Stability of This Institution

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"Fly-by-night," "fire-sale" and other temporary or *"get-rich-quick"* concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?

The Publishers of this Directory
