The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

BUYERS' GUIDE (page 37)—Advertisements of leading houses in all lines where more information than is possible to give under the headings, is placed on file for Buyers' Reference, the value of which department cannot be over estimated. It is an index to the best interests of the city, and stands for them and the city in reference libraries all over the country as well as on the desks of progressive business men. It is accessible to everybody and the logical place to look for specific information. This probably explains why no other form of publicity is so generally endorsed by business men as a glance at this department will show.

ALPHABETICAL SECTION—Plainfield (page 57), Westfield (page 603), Scotch Plains (page 843), Fanwood (page 877), Dunellen (page 771), gives names, occupations and addresses of all men twenty years old or over, together with wife's name where married, also widows with given name of husband. Full copartnership and corporation information is contained in this department, together with complete business and professional information. Names in large type are those who realize the value of placing themselves where they may be speedily and conveniently found.

STREET and AVENUE GUIDE, Plainfield (page 36), Westfield (page 597), Scotch Plains (page 839), Fanwood (page 875), Dunellen (page 769), showing all streets and avenues with starting point and intersections, enabling one to tell at once between what streets a given number lies, consequently the quickest way to get there.

CLASSIFIED BUSINESS DIRECTORY (page 891). All business houses, individuals in business for themselves, and professional men are listed without charge under the heading that best describes them. The more progressive houses, realizing that it pays to be easily found, pay a nominal charge for special listings in heavy type, under every heading where a buyer might look for them, cross indexed to a descriptive space in the Buyers' Guide. More goods are bought and sold through classified Directories than through any other medium.

INTRODUCTION

The present volume constitutes the 1927 edition of Richmond's Directory of Plainfield, North Plainfield, Westfield, Mountainside, Dunellen, Fanwood and Scotch Plains.

The publishers feel assured that the work affords a complete and comprehensive epitome of the diversified interests and activities of the several places mentioned—civic, social, commercial and industrial, and that the Directory is complete in all its parts.

All the features embodied in previous issues have been repeated in this volume, with additions and improvements as suggested by experience, thus adding to the value and usefulness of this Directory.

The publishers enjoy the prestige and advantage of a complete organization and thorough system essential in the production of Directories, and the additional advantage of having the courteous co-operation of citizens in furnishing information.

THE CHAMBER OF COMMERCE OF THE PLAINFIELDS

The Chamber of Commerce promotes the general welfare and is beneficial to every individual citizen. Its membership is composed of representative men and success is made easier by interchange of ideas. It compiles and distributes information regarding the advantages of Plainfield. In this way it attracts capital and builds up the city's resources and population. It provides a meeting place for all important gatherings, leads in every effort toward civic improvement and becomes the collective voice of the community on all public questions.

MUNICIPAL PUBLICITY

Advertising Plainfield and Other Union County Communities

An important function of the Directory is to set forth the characteristics and advantages of a community as a place of residence, as a business location, as an industrial site and as an educationl center. The Directory acts as a mirror, reflecting all that is noteworthy in the community in the above respects. In order to spread this information

regarding it broadcast over the country, the publishers place copies of this issue of the Directory in Directory Libraries which are maintained in all the larger cities of the country, where they are readily available for reference use by the public. There they serve as perpetual advertisements of the communities above mentioned, for business men the country over realize that the Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

LIST OF NAMES

Any Business — Any Locality
Accurate and Up-to-the-minute

WE publish over 700 Directories—City, County, State, National and Trade. We furnish real live up-to-date lists of all trades and professions.

As directory publishers we frequently have available for lists the manuscript copy from which directories are being compiled, and thus you may secure information in advance of publication, a service that cannot be had elsewhere.

We have no trade lists—our information is taken from the latest sources, and above all things, is accurate.

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

TRADE! You like

to patronize those concerns who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quicks and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

TRADE! You like

to patronize those concerns who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quicks and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?
