INTRODUCTION

R. L. POLK & CO., publishers of the Plainfield City Directory, as well as more than 700 other city, county, state and national directories, present to subscribers and the general public, this, the 1930 edition of the Plainfield Directory, which also includes North Plainfield, Dunellen, Fanwood, Scotch Plains and South Plainfield, together with the rural routes pivotal from the Plainfield Post Office.

Confidence in the growth of Plainfield's industry, population and wealth, and in the advancement of its civic and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting Plainfield to the world.

The enviable position occupied by R. L. POLK & CO.'S directories in the estimation of the public throughout the country, has been established by rendering the best in directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Plainfield Directory will fulfill its mission as a source of authentic information pertaining to the community.

Six Major Departments

The several essential departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT, pages 9 to 20, presents a variety of information, such as lists of city, county, state and federal officials; statistical review; manufacturing, trade and civic surveys, etc.

THE BUYERS' GUIDE, pages 21 to 48, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Plainfield and vicinity. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best, and, as such, merits a survey by all buyers eager to familiarize themselves with sources of supply. The community's activities, in many interesting phases, are authentically pictured. In an ambitious and progressive community like Plainfield, the necessity of having this kind of information immediately available, is very great, and frequently, pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations of Plainfield and North Plainfield is included in pages 49 to 670. A feature of this section is the inclusion of the wife's name in parentheses following that of the husband. A similar list for Dunellen appears in pages 823 to 889; for Fanwood in pages 895 to 912; for Scotch Plains, in pages 919 to 954, and for South Plainfield, in pages 961 to 1002.

THE PLAINFIELD RURAL ROUTES DIRECTORY extends from page 805 to page 815.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for Plainfield, covers pages 673 to 802. In this section the names of the streets and avenues are arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders and business concerns are placed opposite the numbers. Street guides for Dunellen, Fanwood, Scotch Plains and South Plainfield will be found at the beginning of the respective sections devoted to these municipalities.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 1003 to 1152. This department lists the various manufacturing, mercantile and professional interests of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The Directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

Community Publicity

The directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Plainfield and vicinity, for business men, everywhere, realize that the city directory represents a community as it really is. There are 500 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which R. L. Polk & Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

Location

Situated in an attractive location, 24 miles southwest of New York City, and immediately south of the beautiful Watchung Mountains, Plainfield is the center of a retail trade area which extends west 30 miles to Clinton in Hunterdon County, southwest 30 miles to Flemington in Hunterdon County, northwest 28 miles to Chester in Morris County, northeast 9 miles to Springfield in Union County, southeast 7 miles to Metuchen in Middlesex County, and southwest 21 miles to Belle Mead in Somerset County. This area approximates 418 square miles and comprises an estimated population of 176,697, which represents 27% of the popula-

tion of Union County, 83% of Somerset County, 12% of Middlesex County, 8% of Morris County and 42% of Hunterdon County.

Because of the rapid development of northern New Jersey, Plainfield has become the principal distributing point for the territory southwest of Newark. It is ideally situated by reason of its location, railroads and highways to dominate as a manufacturing, distributing and shopping center the entire area described above.

Territorial Limits

Plainfield, by reason of being located in the extreme point of Union County, is done an injustice when reference is made to population within the city limits. On two sides county lines limit city boundaries, while in reality, the city of Plainfield has spread out far beyond these limits. Running parallel with the main street and one-half block distant for a large portion of the entire length of the city, is the county line between Union and Somerset Counties. The southerly city line is also the county line between Union and Middlesex Counties.

Due to this condition, Plainfield has grown beyond its boundary lines. The necessary legislation to take territory from adjoining counties for annexation to the city of Plainfield has not been forthcoming. As a result, adjoining communities, lying in some instances within a block of the center of the business section, and in no case more than three miles from the heart of Plainfield, are omitted from census figures.

Climate

The Plainfield area since 1888 has had an annual mean temperature of 51.4 degrees, with an average maximum of 61.5, and an average minimum of 41.1. The average annual precipitation is 50.8 inches, occurring mainly during the summer months. There are 106 clear days and 165 partly cloudy days, each year, and snowfall is very light and infrequent. The mortality rate per thousand population is 9.91.

Schools

New Jersey ranks among the first states of the Union in education. Rutgers University, while not included within the territory of this report, is located only 9 miles to the southwest of Plainfield, in New Brunswick, and is one of the earliest institutions of learning in the United States, having been founded as Queen's College by charter from King George III in 1766.

The Plainfield (city) public school system is more than adequate to serve the educational needs of all children. Over 1,200 boys and girls are enrolled in the Plainfield High School, while 5,300 attend the eleven primary and grammar schools.

During recent years it has been necessary for the City to provide many new classrooms for the growing school population. Two new schools have been constructed with this idea in mind as well as to serve sections of the city which are rapidly developing. They are modern in architecture and equipment and have become distinctive additions to the other educational units of the system. The addition of twelve rooms to another school has eliminated all part-time schooling in Plainfield, and was the culmination of the plan for the Board of Education to provide adequate seating facil-

ities for all school children of the city. The erection of an addition to the high school building costing $370,000 is now under way.

During the current year the average cost per pupil will be approximately $120. In comparison with the trend of costs in other communities of like character, this is not excessive.

Parks and Playgrounds

Plainfield has set aside 127 acres of land for two parks. This was given to the County by the City, and is now being developed. One park of 60 acres is 53% completed, and the other of 67 acres is 78% completed. Here will be found 8.18 miles of walks and drives and five acres of lakes, each park having one lake.

During the summer months children's playgrounds are equipped, supervised and maintained by the City in 9 different neighborhoods, with an attendance of 66,571 children. One swimming pool open for eight weeks during the summer, drew an attendance of 12,393.

A paid supervisor directs recreational activities throughout the entire year, so that no form of recreation is found lacking. Here will be found organized groups in baseball, football, bowling, basketball, golf, playground ball, horseshoes, tennis, bowling-on-the-green, cricket, quoits, hockey, trap-shooting, amateur dramatics, nature clubs, bands, choral singing, fencing, basketry and other handcraft work, archery and also holiday celebrations, such as Easter Monday egg-hunt, Fourth of July, Hallowe'en, Music Week, Christmas and, in fact, everything in which the demand is prevalent or can be developed. Plainfield is envious of its position in this matter.

Labor Situation

Both union and the open-shop systems are in effect. In the building trades the union policy predominates, while in other lines of manufacturing the trend is probably more to the open-shop policy. Plainfield has never had a strike or labor dispute of any consequence. Labor radicalism is decidedly lacking. The quantity and quality of skilled male workers are excellent for most manufacturing purposes, and the female labor market, while not large, is considered adequate. Skilled machinists of all kinds, building trade workers, silk workers and printers predominate in the labor market.

Theatres and Amusements

Plainfield is well supplied with entertainment and amusement facilities. One legitimate theatre is open ten months in the year and three moving picture theatres are operating three and four shows daily for twelve months. There are several auditoriums, and clubhouses for indoor baseball, boxing and exposition purposes.

Railroads and Transportation

Plainfield is on the main lines of the Central Railroad of New Jersey, the Baltimore & Ohio Railroad, and the Reading System. The Lehigh Valley Railroad main line station is located in South Plainfield, three miles from the center of Plainfield. Street car and bus services are adequate and cover the entire trade area and the principal outlying cities. Trans-continental bus service connects Plainfield

with New York, Pittsburgh, Chicago, Denver and Los Angeles on a schedule of three times daily in each direction. The eastern terminus for the National Air Mail, express and passenger service, is located at Hadley Airport in South Plainfield, making Plainfield only eight hours from Chicago and 30 hours from San Francisco.

Principal Industries

Automobile trucks and automobile parts, printing presses, broad silks, silk hosiery and underwear and concrete-mixing machinery are the principal industrial products of the city, while drop-forging, printing and steel-fabricating shops are located in adjoining communities within the city area.

Power

Electric power rates compare favorably with those in the following cities: Detroit, Mobile, Newark, Peoria, Philadelphia, San Francisco, and Savannah and are lower than those in Charleston, Little Rock, Manchester, Minneapolis, New Orleans, Scranton and St. Paul.

Living Standards

The Plainfield territory has a white native-born population that exceeds the general average for the United States. The people are industrious, progressive and accustomed to high standards of living.

The water supply is always fresh and adequate, being furnished from artesian wells and pumped into ample reservoirs.

About two-thirds of the population own their homes, which percentage is far above the average for the nation.

Institutions

There are many other features that make Plainfield one of the most progressive cities of the state—its fire department, whose efficiency is evidenced by the low percentage of fire losses, its alert and courteous police force, public library, Muhlenberg Hospital, its art gallery, its organized charitable institutions supported by a community chest fund, its historic buildings, some dating as far back as 1747, and in sharp contrast, its modern stores and office buildings.

Five splendid golf courses are in and around the city —the Plainfield Country Club, the Watchung Valley Country Club, the Shackamaxon Golf Club, the Prescott Hill Country Club and the Community Golf Club—each with its appeal for those who love the game, and for those who enjoy the varied activities of country club life.

For those whose interests are not on the golf course, there are the Gun Club, the Arrowhead Rod & Gun Club, the Log Cabin Gun Club, the Climax Gun Club, the Monday Afternoon Club, the League of Women Voters, the Junior League, the Plainfield Riding and Driving Club, Yale Club, Princeton Club, Cornell Club, and many others.

The Y. M. A. and Y. W. A. organizations play a very unique part in community life. Their buildings are modern and most attractive, and especially well equipped. The service clubs of Rotary, Kiwanis, Lions and Exchange are strong, active bodies, and a progressive Chamber of Commerce, representative of the spirit of the city, promotes and protects the interests of all citizens.

The city and trade area are served by the Plainfield Courier-News, the only daily newspaper published in Plainfield. Approximately 95% of homes within the city limits receive this newspaper. It has the honor of leading all daily evening papers in the United States in lineage for cities the size of Plainfield.

Conclusion

Centrally located and within short distances from the largest eastern markets, the Plainfield district offers splendid advantages to industry. Reasonable land values, labor, shipping facilities, housing conditions, in fact, all of the important requisites for many kinds of industry, are available in this locality. The Chamber of Commerce welcomes new industry and will be glad to prepare special reports dealing with the requirements of any firms interested in locating within the district.

Names Appearing in Black Letters

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

A Homeplace of Rare Distinction

Upper Martine Avenue is in a fashionable and thoroughly established neighborhood in the Evergreen district. Its delightful manor homes, too, are country estates on a moderate scale—its charming shady sites—invite you to make your dreams of "home" come true; and life in this restricted park-like street, convenient to town, school, or club, offers you the maximum of advantages at a very reasonable price.

Sites at $70 per front foot.
Manor Houses from $20,000.

ONE OF 330 POLK DIRECTORY LIBRARIES

This Little Library Can Answer 945,000,000 Questions

MANY TRIPS AT YOUR FINGER-TIPS — SAVE MANY MILES, MINUTES and DOLLARS

There are over 480 of these directory libraries in the United States. They are installed and maintained by the Association of North American Directory Publishers as part of the service given to directory advertisers.

Think what this means to you in effort, time and money saved. You want to know the relationship of the signer of a letter to the firm he represents —the directory library has the answer; someone you vitally need to get in touch with in a distant city has moved; business addresses or firm names have changed—the directory library has the answer. Public officials have been replaced by new elections; location of real estate is desired—again the directory library holds the answer.

Of course you could write or phone for the data you desire, but maybe you don't know just who to approach—the directory library has the answer.

This service is free, for single reference, to the public.

Send for list of libraries and privilege card

Directory of Householders, Occupants of Office Buildings and Other Business Places, including a Complete Street and Avenue Guide

INCLUDING NORTH PLAINFIELD

1930

Copyright, 1930, by R. L. Polk & Co., New Jersey

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled in with Named Streets in their regular Alphabetical order.

THE BANK DIRECTORY OF THE WORLD

Polk's Bankers Encyclopedia

MOST CONVENIENT AND COMPLETE BANK DIRECTORY

Polk's Bankers Encyclopedia, issued semi-annually in March and September, is compiled for the use of bank executives, brokers, collection and credit men, manufacturers, merchants and industry generally. It covers completely and accurately the banking field throughout the whole world, giving the names of officials and directors, resources and liabilities in detail.

ISSUED IN TWO VOLUMES

VOLUME ONE—Devoted to the United States, U. S. Possessions, Canada and Bank Laws.

VOLUME TWO—FOREIGN SECTION—Devoted to Banks and Bankers Throughout the World. (Except the United States, U. S. Possessions and Canada).

The FOREIGN SECTION, included without additional cost to subscribers of POLK'S BANKERS ENCYCLOPEDIA, is the only complete list of its kind.

Price $15.00 per copy

In Canada and Foreign Countries $20.00

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

Stability AND Permanency

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"Fly-by-night," "fire-sale" and other temporary or *"get-rich-quick"* concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?

The Publishers of this Directory

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
