INTRODUCTION

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1933 edition of the Plainfield City Directory, which also includes North Plainfield, Dunellen, Fanwood, Scotch Plains, and the rural routes pivotal from the Plainfield Post Office.

Confidence in the growth of Plainfield's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Plainfield to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Plainfield Directory will fulfill its mission as a source of authentic information pertaining to the community.

Six Major Departments

The six major departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT for Plainfield, pages 12 to 17, presents lists of city, county, state and federal officials, and statistical review. Similar departments for the other municipalities appear at the beginning of their respective sections.

THE BUYERS' GUIDE, pages 19 to 34, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Plainfield and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Plainfield, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Plainfield is included in pages 35 to 500. This is the only record in existence intended to show the name, marital status, occupation and address of each adult resident of Plainfield, and the name, official personnel, nature and address of each firm and corporation in the city. A similar list for North Plainfield appears in pages 622 to 737; for Dunellen, in pages 776 to 836; for Fanwood, in pages 840 to 854; and for Scotch Plains, in pages 861 to 898.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for Plainfield, covers pages 503 to 602. In this section the names of the streets are ar-

ranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. A similar Directory for North Plainfield appears in pages 739 to 767. Street guides for the other municipalities will be found at the beginning of their respective sections.

THE PLAINFIELD RURAL ROUTES DIRECTORY extends from page 613 to page 617.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 899 to 1003. This department lists the names of all business and professional concerns of Plainfield and vicinity in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Plainfield. There are more than 425 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which R. L. Polk & Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1933

Copyright, 1933, by R. L. Polk & Co., New Jersey

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled in with Named Streets in their regular Alphabetical order.

The Borough of
NORTH PLAINFIELD
NEW JERSEY

Present government was established in 1885. Under a succession of progressive governments the Borough of North Plainfield has risen in rank to become one of the most desirable residential sections in this part of the State, the population at present being 10,000.

Beside a tax rate that is the envy of other communities our municipal improvement has kept pace with the needs of the people, and today the Borough offers the prospective resident many advantages not obtainable elsewhere.

Added to the natural beauty and convenience of its geographical location, the resident enjoys the advantages of superior schools and a high school equipped with modern educational facilities; many churches, a playground, well paved and well lighted streets and a weekly newspaper.

An efficient fire department, an economical local government and a police department admirably controlled and directed guarantees the security of the householder.

And in addition North Plainfield has a progressive business section where the resident can secure his every need, faithfully guided by the North Plainfield Business Men's Association, 268 Somerset St.

If you contemplate a change, locate in North Plainfield now.
