

The Constitutionalist.

W.L. FORCE, I. A.L. FORCE
Editor and Proprietor.

WELCOME! THREE WELCOME!

The assembling of war ships of many nations in the harbor of New York is a eloquent tribute to peace.

They come fully equipped as fighting machines, yet their guns add no touch of national ferocity.

They are not here to demonstrate martial renown, but rather to join in the assembling of a new world through an advertising march.

It is an inspiring event, and from it the glorious honor of safety may derive不断增强 strength.

When men of war sleep hands as friends what lover of human kind will fail to rejoice.

The stars and stripes with proud acclaim greets the eagles of England, France, Germany, Russia, Italy, Holland, Spain, Brazil and the Argentine Republic.

Welcome, thrice welcome, ye messengers from over the happy sea.

SOUND POLICY.

"The President and his Cabinet are absolutely harmonious in the determination to execute every policy proposed upon them; and the public has no fear, and the public faith, and to preserve the purity between gold and silver and between the two financial obligations of the Government."

Such is the emphatic and right position in regard to financial affairs assumed by President Cleveland and it is in strict accord with business prophecies.

In spite of all necessary interests, and regardless of the many difficulties besetting by the late Republicans Administration, the public credit must and shall be maintained.

In doing that financial health will pervade the land.

An able commander is now at the helm.

THE CONSTITUTIONALIST has again been designated as one of the official papers of the State, to which publication the laws of the State. This is but a just recognition of a sound Democratic journal, which has over twenty-five years faithfully advocated the principles of the party, and assisted in fighting its battles. We shall comment on the publication of the laws next week.

Postmaster Patrick Sheridan will assume command of affairs in the Elizabeth post office May 1. He will make a good official.

ANOTHER WILL CASE.

The Alleged Last Testament of James Maynard is Disputed.

George W. Deane, counsel for John E. Maynard of Boston, one of the two claimants to the estate, has filed a notice of appeal from the decree of the surrogate of Union county, admitting to the alleged last will of James Maynard.

The trial on the appeal will be heard at the next term of the Orphans' court. John Maynard alleges that his father was induced to sign the will when the paper purporting to be his will was executed, and that his oldest brother, George, had him sign it, and his other brothers had him leave almost all his property to him and his to his other children.

John Maynard, the Park owner, has therefore tried to contest the will on the same grounds, but dropped his suit in receipt of a share of the estate in settlement.

A GREAT ATTRACTION.

Wanderland the Circus of Clowns Takes Its Way, and Anchors in Newark.

An enormous electric lamp, of twenty-five candle power has been placed over the ladder entrance to the Mansion House, at Broad Street, with power failure, and the light will be visible from the hills, below Drexell's.

The lamp was lighted for the first time last evening, and while putting on the shade, the electric lamp struck a spark, which set fire to the curtain.

James H. Humprey, the Park owner, has therefore tried to contest the will on the same grounds, but dropped his suit in receipt of a share of the estate in settlement.

New York's Vandeville Attorneys.

Now new, new artists and new songs are offered up at Tony Pastor's theater, New York. Of the old favorites, "The Devil's Dream," "The Jester," "James F. Hoy, the jester, reinforced by such popular entertainers as Silly Gert, Beaum, and the Keggs, Irish character actors; the Burt sisters, comedians, and Hannan and Field, a musical comedy.

The "Devil's Dream" and "Dance and Prise" is the latest offering, while "Humper-Dumpey" show in New York, "Karma" in Boston, "The Jester" in Philadelphia, a new specialty entitled "Tutti-Frutti," and Soule, the man frog, in a unique confectionery.

The Olympia, French Sausage, Imported Oysters, oysters, Pianos, Mandolin, Guitars, John Deere, the All American, the Little Magnet, will begin a return tour.

The annual pilgrimage last week, one of two or three, is to be continued at Koester & Stahl's for the present. The entertainments on the Broadway stage, however, have become more numerous, and the two operations, "Le Roi des Mousquetaires" and "The Household," are particularly successful.

The "Household" has been a great success, and the author is allowed to go to the stage.

The "King of Mousquetaires" and "The Household" are the latest offerings.

As far as the present state of the art goes, the best way to do this is to use a *multidimensional* approach. This means that the system must be able to handle multiple dimensions of data simultaneously. For example, it should be able to process both time-series data and spatial data at the same time. It should also be able to handle different types of data, such as text, images, and audio. In addition, the system should be able to learn from the data it processes, so that it can improve its performance over time. Finally, the system should be able to handle large amounts of data efficiently, so that it can process them quickly and accurately.
