PACIFISM IS MURDER SAYS F. R. COUDERT

Famous New York Lawyer So States in Letter to Henry Ford

Frederick R. Coudert, of New York, an official of the National Security League, has written to Henry Ford that the peace propaganda he and other pacifists were spreading through the country might well, in case of war, make the pacifists accessories to murder before the fact. Mr. Coudert's letter read:

"I have the literature which you kindly sent me on the question of peace. You are a man of ability, very successful in the great business you have established, and I believe you mean to be a good American citizen.

"Has it occurred to you that your propaganda in delaying, obstructing, impeding military preparedness may, in the near future, result in the death of hundreds, perhaps thousands, of Americans? The work in France of well-intentioned but misinformed sentimentality, sharing your view, has caused that country the loss of probably half a million men. The efforts of the pacifists had resulted in lack of artillery, of machine guns, of ammunition, and uniforms, all of which had to be supplied after the Germans had before the fact, and French people suffered the loss of the very best blood of France."

"The great champion of pacifism, James Keene, who died in the service of war, had yet had time before his death to recognize that the conflict was inevitable. His tens of thousands of followers recognized that his essentially humane ideas had led to the useless slaughter of their children.

"It seems and that Americans, like yourself, know no better, and to whom truth is synonymous with contemptible weakness. You who place human life above all else should be the first to deplore the fact that the success of your theories in your own country would mean the loss of our best blood.

"It is for this reason that the pacifist, however sincere, and often in proportion to his sincerity, is more dangerous than the pro-German plotter whose wrong upon our country is notorious and may be met.

"Even the benefit which we have all derived from your industry can not be any more than a consolation for the nation which your propaganda is sure to cause. In view of the fact that the literature you sent me is obviously intended for general circulation it can not be considered indiscreet on my part if I make this letter public."

GERMAN SOCIETY PLAN SHOW FESTIVAL

A committee of the Plainfield German and Turnverein is arranging for a novel entertainment to be given by the society at Seaboard hall, on the evening of March 22. It will be known as a "Shore Festival" or a mid-summer affair in the "spot old whittier time." The hall to be appropriately decorated and those invited are expected to don Palm Beach suits or similar summer attire. The ladies will also be dressed in what is known as "summer chic." Dancing will be the main feature. George Albert is chairman of the committee in charge of the arrangements.

"My Francis is a big, healthy boy; not yet three years old, and he has never had a cough because I have given him Father John's Medicine almost all his life; whenever he had a cough or got run-down. Father John's Medicine has saved me many a doctor's bill. Thousands of mothers praise Father John's Medicine as an all-round family tonic and body builder, which builds up new strength and flesh; drives out impurities and treats colds, coughs and throat troubles, without using alcohol or dangerous drugs."

ELIZABETH PROTESTS EDGE ROAD TAX BILL

Elizabeth, March 7.—"It seems incomprehensible that our representative in the Legislature not only did not consult the special authorities of the city, but, on the contrary, declared that he did not care what the city thought."

This was the statement in a letter sent to City Council by Mayor Victor Mrazik, in connection with the proposed man Charles L. Morgan, of Elizabeth, for not opposing the Edge State road tax bill, House 2, now in the Senate and passed by the lower house, after being introduced by Assemblyman Gilchrist.

The council, in executive session, carried out the Mayor's desire, and asked Senator Carlisle B. Pierce to arrange a hearing for the city on the measure. The Mayor declared that the Edge bill, if it becomes law, would raise the Elizabeth tax rate ten points yearly. He added that Passaic, Newark and Jersey City had also protested against the bill.

Carrying out Mayor Mrazik's suggestion, Councilman John Davis introduced a resolution calling for the appointment of a committee to look into the matter of securing a municipal lighting plant. The resolution was adopted, as was also a resolution providing for the appointment of a committee to investigate a municipal water plant proposition.

Council voted in favor of engaging an expert accountant to establish a tax arrears bureau, and passed the ordinance increasing the salary of Assistant City Attorney John J. Griffin from \$1,500 to \$2,000. Griffin was again chosen for the office for a term of three years. Republicans endeavored to replace Griffin with Peter J. Olds, but were defeated by a party vote of 7 to 4.

JERSEYITES TO TALK ON CITY PLANNING

A conference on city and village planning, at which representatives from organizations interested in that work in New Jersey will speak, will be held in the City Club of New York at the club house, 45 West Forty-fourth street, Saturday afternoon and evening.

At the afternoon session, Harry Maxwell, Jr., assistant secretary of the New Jersey State Chamber of Commerce, will speak on "City Planning in New Jersey," and at the night session, David Greig, a member of the Newark City Plan Commission, will talk on "Newark."

Laymen have been extended to many Jersey men to attend both sessions. A dinner will be held in the grill of the club at 6:30 o'clock. The work of the Federal Bridge and Tunnel Commission will be discussed by W. H. Noyes, a member of that body. Arthur N. Pearson will tell of the city planning work done in Westfield and W. Reginald Baker will speak of the work in Madison.

It is hoped that out of this conference will grow sufficient enthusiasm to bring about the formation of an interstate program for cooperative planning throughout the metropolitan district. In addition to the New Jersey speakers there will be many representatives from the different sections of Greater New York.

BILLS PAID BY COMMON COUNCIL

The Common Council Monday night authorized the payment of claims for the last half of February as follows: Salaries, \$864.59; claims on account of general fund, \$55,116.50; sewer extension pay roll, \$209.50; sewer extension claims, \$2,822.25; pay roll clearing snow and ice, \$111.10; pay roll for storm sewers, \$22,258; claims on storm sewer extension, \$1,850; pay roll for shade tree commission, \$63.71; pay roll street department, \$48,711; street appropriation claims, \$228.40; pay roll sewer department, \$13,457; sewer extension account of sewer appropriation, \$136,281; pay roll police department, \$1,213,925; claims on account of police appropriation, \$29,772; pay roll fire department, \$1,693,121; claims on account of fire department appropriation, \$1,848.50; pay roll poor department, \$113,271; claims on account of poor department appropriation, \$53,250.

TWO MORE PLOT CASES REVEALED

New York, March 7.—A plot extending from this city to China and India was disclosed, the authorities allege, in the arrest of a German physician and chemist and a Filipino scientist.

The German is Dr. Ernest Matthias Sekuana, a scholarly-looking man of early middle life. His companion is Dr. Claudio Chakravarty, a young Hindu.

The two were seized at 264 West One Hundred and Twentieth street, one of the two handsome brownstone houses in the residential district which they own. They were released in \$25,000 bail each when arraigned on a charge of violating instructions in India and alleged violation of the federal statute forbidding the fomenting of a military enterprise against a country with which the United States is at peace.

Two volumes of documents were seized. One official made the statement that the government as a result of the seizure was in possession of information as essential and important as the Zimmerman note.

Federal agents, the Hoboken (N. J.) police and private detectives are seeking more evidence against Fritz Kolk, arrested Monday in Hoboken. It is charged he was engaged in plots to destroy munition plants and ships. Hans Schwartz, said to be an associate of Kolk, was arrested and is held to have confessed that a plan had been devised by Kolk and himself to reproduce the Black Tom munitions explosion on March 3.

SUMMIT LICENSES OUT.

Summit, March 7.—The board of excise has warned wholesale and retail liquor dealers they must not violate the law. At the same time the board refused to grant a license to the Spring Lake hotel, conducted by George J. Summers.

The refusal of Summit's license cuts the number of saloons to two. Charles H. Wolff, proprietor of the Summit House, and Frank Griffin of the Hall, are the licensees named. If they sold to saloons or to intoxicated persons, their licenses would be revoked.

TWO GUARDMEN MISSING.

Disappeared After Patrolling Bridge at New London, Conn. March 7.—Private John Hiltner and William Potts, Ninth company, A. C. Co., G. S. stationed at Thames river bridge, were missing since Saturday night. Potts left the bridge and said they were coming into the city, and nothing has been heard of them since. The police here and at Stamford have been notified by the Connecticut State Police. Sergeant Vogel said that both had considerable money.

DECISIONS BY SUPREME COURT
Special to Courier-News.
Washington, March 7.—The Iowa workmen's compensation law, voluntary upon employers, was upheld as constitutional by the Supreme Court. The Court also affirmed State De-

crees compelling the Mountain Timber Co. of Kalama, Washington, to contribute to the State compensation or insurance fund. The United States Supreme Court decided that the Texas anti-bucket-shop law does not apply to contracts made in New York for the future delivery of cotton.

WEDNESDAY, MARCH 7, 1917.
 TO THE PRESIDENT

(Editorial from the Chicago Tribune of March 2, 1917.)
 You were not surprised by the discovery that Germany tried to form an alliance with Japan and Mexico against the United States. The people of the United States were astonished, very disagreeably, when their government made public the facts because the people of the United States, owing to their long-aided isolation and ignorance of real things, think that such dangers are mythical, but you know that they were real and close.
 You knew that Germany not only would do this, but that for her own protection she must do it if she could. What else could the United States expect if the United States and Germany went to war? A clear-headed child would know that if a

A TALK TO COAL BUYERS

This company, in its advertising, has endeavored to impress upon the coal buying public, that by virtue of its organization and wholesale connections, it is in a position to render service of a particularly efficient kind, a service not possible to every dealer in coal.

This winter, during the coal shortage, this service has been put to the test, and how well our organization has met it can best be vouched for by our customers. We have not only taken care of all our orders, but we have furnished coal to other dealers as well, and we point to our ability to care for our trade under the exceptional conditions that have presented themselves, with considerable pride, for we feel that our claim to be able to serve the public satisfactorily at all times and under all conditions, has been amply demonstrated.

If we are not already serving you, would it not be wise to become one of our regular customers, and thus place your coal burden on responsible shoulders?

Give us the opportunity; we will serve you well.

has become wearisome and despairing, but the Zimmerman document justifies an "I told you so" if ever one were justified.
 The United States can resist a combination of Germany, Japan and Mexico only by adopting universal military service. It can anticipate by putting Mexico under control now. If Dr. Zimmerman has not given this nation a warning to call out its young men of 18 and train them for the defense of their country, then the American nation is beyond the reach of warning. Its ears are closed. Its fate will be upon it.
 You cannot afford to be tender to the feelings of people who are appalled by plans for protecting the United States. You are about to begin another term of four years and the influence of your next administration may be a benefit or a blight to the country. You are directing the affairs of this nation in contact with a real world and not with a world of illusions.
 The Zimmerman document came out of a real world. Under your leadership the people of the United States may turn about and face that world.

GREAT BRITAIN AND GERMANY

Great Britain has not been alone, but Great Britain stands for it. Germany is not the only wicked empire in history, but Germany runs amuck, and proclaims a freedom of the seas which is anarchy, free and complete. Seeing this issue clearly, we need have no difficulty in perceiving further what is wrong with the argument that the starvation of non-combatants in Germany is as indefensible as the drowning of non-combatant passengers that have not been given a chance for their lives. Germany has the option to save her women and children by surrender. This she has not done. From "Our Challenge to Germany," by Franklin H. Goldstein, in March 2d Collier's.

PEOPLE'S FORUM

Compliments the Police:
 To the Editor of the Courier-News:
 Sir:—Please allow me to express my gratitude to the Chief of Police and his cabinet of officers for the plain straight-forward way in which the records of one of my race, James Austin Saunders, retired police officer, has been given to the public. I speak the sentiments of the negro race in these congratulations.
 We are proud of Mr. Saunders, his efficiency and persistence. The unbiased way in which he has given us the honors due such tenacity of heart, and I hope it will show to my people that we are allowed to be citizens of a State and city in which real manhood counts, and not race or color. We as citizens are proud of the many opportunities given us as a race, and thanking you in advance I am, yours respectfully,

Japan and America

In the editorial article, "Japan and America," of the issue of March 2d, the Sun speaks of the increased confidence between them resulting from the recent exposure of German duplicity. The Sun might have gone further and brought out more clearly the deeper and firmer ground of assurance that America can have no reason whatever to fear the possibility of a quarrel with Japan.

Peck Says:
 "Here Are the Goods, Help Move Them"

It Takes a Tailor To Make Men's Good Clothing
 NOT A PRINTER.

Printers' ink can do wonders. It can make cotton look like wool. But it can't make cotton give the service wool gives. It can take a steam power suit of clothes and make it look like \$25 worth.

But the man who buys it will soon lose some of his confidence in human nature. Any clothing tailored by machinery will not hold its shape, not even if you hot iron it every day of the year.

Strictly all wool hand tailored clothing for men is right. There's no getting away from the absolute fact that that is the standard. Yet prices are no higher than some stores ask you to pay for the other kind. Our new Spring line has arrived, either ready-made or to order.

Union Freeholders Fear Codrington May Not Resign as He Promised

A perplexing situation confronts the Board of Chosen Freeholders of Union county in the matter of straightening out the county attorney's resignation.

Before the board, or rather the eleven attorneys, would consent to the resignation of County Attorney Codrington at the beginning of the year, a written resignation was procured, according to one freeholder, which stated that the county attorney would leave office April 1.

Last Thursday's caucus disclosed that there was some doubt as to the county attorney's willingness to retire, especially since his trip to Florida has improved his health greatly.

Mr. Blais was practically decided upon at the next county attorney long before the present situation arose, according to one freeholder this morning.

ARE GENEROUS TO STRICKEN BELGIUM England and France Give \$14,000,000 Monthly for Relief

How many comfortable Americans now prospering directly or indirectly through Europe's war, appreciate that while they are giving generously to the relief of the English and French, many of whom are enduring real privation and financial disaster, and burdened with heavy taxes, such as we have never known, have been for months past, and are now contributing at the rate of \$14,000,000 monthly, as compared to America's contribution of the last two years of but \$4,000,000.

There are 1,200,000 destitute growing children in Belgium. These must be provided with adequate food, which are not contained in sufficient measure, in foods now distributed to maintain the growing child.

Here is an opportunity for the city of Plainfield to figure among the American cities who have so generously undertaken to support Mr. Hoover in his campaign, raise \$1,000,000 a month in America.

PARKS TAKE THREE

Rotten was no name for it. And what is more, members of both teams admit that such was the case. One does not have to prove it. But then, the Park boys are not doing a whole lot of bragging about what they ought to have done.

The substance of the whole affair is that the Park Club players took the entire set of three games from the Elk maple strikers—and a clean sweep it was! But, then, the Park boys are not doing a whole lot of bragging about what they ought to have done.

Look, anchor of the Parks, was about the only man to come through with any sort of a showing, securing a high score of 217 and high average of 193.5. He was the shining light of the occasion. Both Lyman and Nash secured double century scores, but the splits managed to split up their averages for the evening. Strong, the champion splitter of the evening, copied the booby prize with an average of 147.1.

By virtue of the three straight wins the Parks claim the championship of the two organizations. A few weeks back, on their own alleys, the Elks copied two of three games. Dinning and a general social hour followed the bowling, special instrumental music having been furnished for that purpose by the entertainers. The members of both organizations, their wives and lady friends, the latter having been invited to witness the bowling, enjoyed a full evening of dancing.

The scores: B. P. O. E. Ave. Vail, 170 245 182-181; Casbrook, 142 148 178-167; Kiehl, 126 154 151-157; Nash, 205 183 128-163; Waldorf, 126 181 143-153.

ROSELLE BOWLER HIGH

Just one series separated Harry Gathman of the Elizabeth Elks, from the individual prize in the Union County Bowling League for the season now ended. Harry leads the list of active players, for in 57 matches, he has an average of 191.16, which is the qualifying rule of the league requires that a contestant bowl at least thirty games, he is the only bowler who has done so.

Therefore, Cox of Roselle Centro corralled the honor with a 184.29 figure for 42 games. Other bowlers, champions last season, who were in the league were: W. L. E. Elks, who rolled a 203 mark, but as he has pinned but one series his record is all for naught, and a like fate is suffered by Crawford. Elks, who rolled a single game.

GIRLS' CITY CHAMPIONSHIP IS THE BIG QUESTION OF THE HOUR

P. H. S. Correspondent States City Side of the Argument—Not Too Late Yet for Representatives of the Two Teams to Get Together

'Tis a trope of the recent discussion of the question as to whether the P. H. S. or the N. P. H. S. girls' basketball team is entitled to the title of champions of Greater New York. The communication is printed as presented by the writer, and it is hoped that representatives of the two teams will get together to settle their differences, giving and taking, and settle their honest differences as to which team is entitled to the championship upon the basketball floor.

The public press is certainly no place to settle such a dispute as this, and should be settled upon the basketball court. The argument properly belongs to the latter place in the form of a series of three games under conditions and regulations which both teams can meet if they will.

Local fan demands that the question be settled in a rightful way. The spirit of each of the schools demands that the games be played. Public opinion demands that the games be played. The question can never be settled otherwise, and it is to be regretted that an argument of ever being brought about a definite conclusion on the matter. Come, let us reason together.

Mr. McAneny's communication is as follows: The following will prove to be of great interest to the members of the North Plainfield High School. As a member of the Plainfield High School team, I am sure that school for this newspaper it is my desire to submit the following facts that have to do with the girls' basketball title of this city.

Who has ever heard of the absurdity of claiming a basketball title by a letter? It is a truly sportsmanlike thing to do. Anyone might ask this question, and in reply I might make the general statement that no basketball team of any city has ever done this. I am sure that you will not claim for a title without first contending for it. For has any team of sportsmanlike culture ever done this?

Last Saturday evening an article expressing North Plainfield's desire to lay claim to the city title appeared in this paper. Then it went on to say that "early in the past season the managements of both the Plainfield and North Plainfield schools convened to arrange a series of games for the city title" and that "everything was agreed upon as follows: That the title was to be contested, continuing, it stated that "a week later the Canadians (presumably North Plainfield) were informed that the city title was to be contested by the city school."

RAMBLERS BOWL AT WESTFIELD TONIGHT

H. S. correspondents, McMahon, Hyatt and Donnelly.

BIG EATERS GET MONEY TROUBLE

Take Salts at first sign of Bladder Irritation or Bactiache

The American men and women must guard themselves against kidney trouble, because it is too much and all our food is rich. Our blood is filled with acid which the kidneys wash out. If they become sluggish, the eliminative tissues clog with uric acid, and the result is bladder weakness and a general decline in health. Many people feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to get up two or three times during the night; if you suffer with sick headache or dizziness, nervous spells, kidney trouble, or have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jod Salts, take before breakfast for a few days and your kidneys will be made from the acid of grapes and lemon juice, combined with Hilka, will give you relief. Contractions to fish and stimulate clogged kidneys; so neutralize the acid. It is a source of irritation, thus ending bladder disorders. Jod Salts is delicious; cannot injure. Jod Salts makes a delicious effervescent drink with water, and belongs in every home. It is a sure cure for kidney trouble by having good kidney flushing and time. Adv.

CHAUNCEY OLCOTT DREW A LARGE AUDIENCE

Chauncey Olcott in one of his best plays, "The Heart of Paddy Whack," attracted a large audience in the Plainfield Theatre last evening. His usual versatile way, pleasing his hearers fully as well in his bit of romance as in his comedy, his humor plays here. A feature of his play is his singing in a clear lyric tenor voice by which he has made his plays famous. His support, particularly by Miss Ruth Sinclair, his protegee in the play, who is the sprightly play-acting young girl who is romantically attracted to the death of her father. The love-making is done by the young girl in the embrace of youth. In spite of the resistance of her guardian, who only wish for her to be happy. When she makes him very sure that she is really in love with him, he yields to the love he has felt for her and then both are very happy.

FAVOR THE TRANSFER OF WOMEN PRISONERS

Bernardsville, March 7.—Letters have been sent to all the ministers in New Jersey by the chaplain of the New Jersey State Reformatory for Women at Clinton Park, urging the removal of the women prisoners now at the State prison in Trenton, to the Clinton Park Institution.

The letter, in part, reads: "We are sure that if you will be good enough to bring the subject of this letter to your congregation. Please give them the names and addresses of the Senators and Representatives of your county, and ask them to write a letter, no matter how short, to your representative, urging the removal of the women prisoners to the State prison at Trenton to Clinton Park."

"From our knowledge of the excellent work at Clinton Park we believe all the women prisoners should have the opportunity of the reformatory." The reasons given are "for the benefit of the women themselves and that the plug with the most sin and dirt at Trenton, now used by women, could be used by tubercular prisoners." The letter is signed by Rev. Joseph Mahoney, of High Bridge and Rev. Thomas A. Conover, of Bernardsville.

\$985 **\$985**

A car that so thoroughly covers the \$685 to \$1285 car field that no buyer in this class will stop at less nor pay more after seeing this beautiful Six.

6 cylinders, 116-inch wheelbase, 33x4 tires

Among the many notable performances of the past season was the record-breaking trip from Miami, Florida, to Chicago of an Elgin Six stock car, which made the strenuous run of 1626 miles in 67½ running hours, and arrived in perfect mechanical condition. The route lay over the steep, rocky mountain grades of Kentucky and Tennessee; through the deep sands and heavy mud of Georgia, and the shifting sands and slippery, treacherous swamp roads of Florida.

Three Elgin Sixes, on a hard two days' run under the auspices of the Chicago Motor Club, made perfect scores and averaged 25.6 miles to the gallon of gasoline.

An Elgin Six Touring Car won a race against a fast express train through the wilds of Minnesota and Dakota, over roads that in some places were little better than a mere rocky trail, covering 552 miles without mechanical adjustment and without a single stop of the motor.
