Preface

IN PRESENTING to the public the Plainfield-Westfield Directory for 1910, we hope we have succeeded in producing as accurate a book of this description as is possible.

We have made a thorough and efficient house-to-house canvass, and no one can appreciate, but by actual experience, the difficulties which constantly arise in procuring the information for a book of this kind.

But by bringing into execution the methods learned by many years' experience, we believe we have reduced the possible errors to the lowest minimum.

Thanking the public and our many patrons for the kind support they have extended to us, we remain,

Yours respectfully,

WAND DIRECTORY CO.,

Plainfield, N. J.

TO SEND IN AN ALARM OF FIRE.

Open the box and pull down the hook on the inside door, once only, and let go. If the tapping of the signal is not heard within the box, go to the nearest box and repeat the operation. The key of the box can only be removed therefrom by an officer of the department holding a releasing key. Close the door of the box before leaving it. Do not leave the box until the arrival of the first apparatus. The location of the key is to be found on a sign on the pole to which the fire alarm is attached.
