A Day in the Life
To our seniors,

By the time this edition of the Link has reached your hands, the accounts of your senior year will have become the stuff of legend, as you will have fulfilled well and fully that most important charge given to each senior class: to lead in ways that both inspire and demand the best from every class that follows you. That you have done so honorably, gracefully, and (mostly) humbly is no surprise to any of us who have had the great pleasure of spending time with you. That your time to lead has come to an end, while no surprise, is marked with some small sadness, for we have grown so accustomed to, and secure in, the trueness of the direction you set for the entire school. But this is not meant to be an elegy, for we carry with us the fond memory of the joy, sweetness, and sureness of your senior year, even as we imagine the new destinations awaiting you, all of which will benefit from your immense skills. Just as you have prepared us to move on to greater things, so have you readied yourselves for all the opportunities you will encounter. Thank you from a grateful school, which knows now what it could only have imagined in September: the warmth of your collective friendship and the power of your collective belief in Princeton Day School.

With warmest regards,

Paul J. Stellato
Head of School
Dear Mr. McLane,

We would like to thank you for supporting us for the past four years as our dean. At times when we felt like the middle child, you were there to fight for us. Even when we made our mistakes, you always gave helpful advice, even if it wasn't what we wanted to hear. Thank you for helping us bond as a class, raise money to throw an awesome prom, and most importantly, thank you for reminding us when there were only two minutes before class.

Throughout the past four years, we've seen you wear many hats. Some of us have seen you with your “Senior” hat on, while others have seen you with your “Dean” one. However, the greatest privilege that we've had is seeing you put on the hat of a “friend.”

Congratulations on passing the test – you survived our class, now you can handle any other class coming your way. Hopefully, we will be the class you'll never forget, because we know we will never forget you.

Thank you!

What is your favorite PDS moment?

Probably the 8th grade play. I met a lot of new kids that I didn’t think I would be friends with.
-Carolyn Kossow

My freshman year, I was running outside, and I lost control and ran into the door of the front lobby. It was just so funny.
-Jermaine Williams

Homecoming! It was a fun way to start the year.

What is your favorite food from the snack bar?

- Bagel 32%
- Cookies 28%
- Coffee cake 18%
- Pumpkin Muffins 12%
- Ice Cream 10%
What is the PDS style?

"Anything goes."
- Sharanya Naik

“For the girls, preppy. For the boys, Ralph Lauren or Lacoste polo, khaki pants, and Nike dunks.”
- Will Curran-Groome
"MY DOG ATE IT"

Best Excuses for being late

"I was helping old people cross the street."

Patrick Lapera

The PDS football team took major strides from last year. Although we found ourselves a few men short for our last home game, everyone came together, and we had a full team for the last week of practice. Our highlight game of the season was a 7 to 0 victory over undefeated Dwight-Englewood on the road.

In my four years of playing varsity football for PDS, I feel that this year was the best in terms of having a “team,” and I’m sure all my teammates would agree with me. Everyone had each other’s back throughout the entire season, and I know everyone trusted each other. We also trusted and admired the coaches, who did an outstanding job this year: Rick Mabes, Paris McLean, Chris Devlin, Silas Massey. They are the reasons everyone came to the games.

While this season hasn’t been the most successful in my four years in terms of overall record, it definitely has been in terms of building a team and a family. I will never forget the memories that took place on our football field, and I will definitely never forget Davon (Reed) talking in the third person all season long. I’m going to miss PDS football. Thank you to the coaches, my teammates, my other three co-captains (Aidan Epply-Schmidt, Josh Meekins, Jamier Gee) and especially to all the fans that have supported us over the years. It’s been great!

The Panthers' field hockey season can be summed up in three terms: hard work, dedication, and team effort. With our new coach, Heather Schnepf, we made great strides in our program and really developed as a team. We played competitive teams, and our schedule was definitely a challenge, but despite these few obstacles, we were able to work together and come out on top. As the captains of this year's field hockey team, we have high hopes for Panther field hockey in the future and hope that the program will be as successful in the future as it was during the time that each of us played. We are truly grateful to have had the opportunity to belong to such a supportive team and wish nothing but the best for future years.

I boys soccer I

This year’s varsity soccer team was a radically different squad from those of years past. Captain’s practices were held during the summer to build momentum going into the season, and they paid off. The team had its first double-digit winning season in years and will be a real contender for the Prep B championship. The key to this year’s success was a combination of great talent and a warm companionship the team formed by participating in such activities as team lunches and team dinners. When the team started getting too many penalties in games, we came together as a squad and found a way to stop the problem. Anchored by a strong junior class and a few battle-hardened sophomores and seniors, the team dominated in its victories and battled heroically in its defeats. Early in the season, we marched to Hightstown and ground out over 100 minutes of neck-and-neck soccer to tie 2-2 a Peddie squad that had thrashed us 5-0 the season before. Later, the squad played its hallmark game against Lawrenceville in front of an electric PDS crowd and fell 2-0 despite some of the most dominating and marvelous soccer the team had ever played. I’m proud to be able to end my career at PDS with such a great season and will remember it along with my teammates for years to come.

From beach trips, post-win mudslides, and lax bro psyches, the 2009 Girls Varsity Soccer season was an unforgettable one. After losing four key players in the midfield, defense and up top, we knew we were going to have to get creative this season. Every player rose to the challenge. Proving themselves versatile in many positions, Jacqui Stevens, Ali Frieder, Janie Smukler, Carly Kliment, Kelsey Scarlett, Ellen Bartolino, and Hannah Levy helped fill the holes in the midfield area. Contributions up top were led by players Caitlin Shannon, Raquel Phillips, Emily Jaeckel, and Janie Smukler. A strong defense was created out of returning players Marissa Davila, Carly O'Brien, Laila Razzaghi, Courtland Lackey, and myself. Along with the defense, our 10 shutouts were earned from our top-notch goalie, Jess Frieder.

Two of our best victories occurred against Lawrenceville and West Windsor-Plainsboro South. The girls played their hearts out and beat Lawrenceville at home with an impressive score of 3-0; the five seniors could not have asked for a better Senior Day. The game against South marked the first round of the Mercer County Tournament, and was won in pk's after two ten minute golden goal overtimes. This game was definitely a highlight of the season. Courtland and I will miss everything about the '09 season and will take all of the memories with us to school next year. I know Jess Frieder and Jacqui Stevens, next year's captains, will do a great job leading the team. Thanks for everything, girls!

When we began the season with six girls, a major goal had already been achieved. Last year’s squad of three runners had worked incredibly hard to create an official team of five or more girls for the upcoming season. As we trained throughout the woods and streets of Princeton and bonded during long runs, we became each other’s best support systems. Alex and I are so proud of all the girls. With half of the team new to the sport entirely, and only two girls with significant running experience, we were able to achieve an undefeated season. Our dedication and our love for the sport and each other allowed us to beat high-caliber schools such as Peddie, Ranney and Gill St. Bernard’s. We battled through illness and injury to run very competitively in the Patriot Conference and Prep B championship meets. Team breakfasts, Frisbee games, and animal runs are what made the season so special to all of us – we became a family. With four extremely skilled and now seasoned returning runners already on next year’s roster, Alex and I are sure if the very bright future ahead of PDS Girls Cross Country. The humble beginnings of sweat, giggles, and teamwork will always be cherished.

This year the Boys’ Cross Country team had an amazing season. With a record of 8-1, anyone can see that we did very well. Of course, this phenomenal record isn’t the only thing we have to show. This year the team won the last ever Patriot Conference Championship, along with the championship trophy, which now permanently resides in the hall of fame at PDS. Upon seeing this trophy, many may think this wasn’t simply a good season, but the likes of one which hasn’t been seen in years. And they would be right. For the first time since 1992 (a year when some of the oldest members of the team were born), the team won the Prep B State Championship. And yet, the trophies and the record do no justice to the people behind the effort. The runners this year shared closer bonds than any other year we have seen, and we’ve run for four years. Never has a practice gone without high-spirits, whether we’re laughing in the stretching circle, or singing along to someone’s iPod on the bus home from a meet. Even the coaches get a chuckle when we jokingly call them sadists for standing in the shade of the pagoda, watching us run repeat 400’s in the blistering heat. As co-captains, we are so happy to have enjoyed such an extraordinary season our senior year, and we’re even happier to have shared it with the unforgettable members of the team. PDS XC ’09, much love.

One word comes to mind when I think of this year’s varsity tennis season: Outstanding. We ended the season with second place at the Mercer County Tournament, and perhaps, more impressive – an undefeated record of 12-0! What we achieved this season has not been done in a very long time and is something to deeply admire. Each season since my freshman year, the team has gotten increasingly better. Whether it has been the addition of new players, like Sam Asch and Mary Atkeson this year, or the team constantly growing stronger and bonding, the 2009-2010 season is one to remember.

We dominated the usual suspects – Stuart, Rutgers Prep, Pennington and Hun, but this year we also defeated the infamous Lawrenceville! At each tournament, we had almost everyone compete in the finals which greatly helped us achieve the titles we received. Our coaches, Patty Headley and new assistant coach, Will Asch, led rigorous practices, gave wise advice and chanted on the sidelines for us. Each of these aided in our incredible season, and speaking for the team, we thank you!

There is not a doubt in my mind that the girls will continue the winning pattern we truly began this year. You girls made my last season the best one yet! Good luck next year, and as always, Go Panthers Tennis!

We want to thank everyone for a great season and a great tournament. This season we added a lot of new members to the fencing team. During our meets we showed wonderful team spirit and support for each other. The freshmen became a large part of our group dynamic and improved their skills dramatically. Katie beat “her clone” for first place in foil, and Sophia managed to come in second in an extremely challenging epee pool. As for the boys, Bobby crushed his opponent while both Charlie and Spencer had outstanding pool bouts and ended up with a trophy. We think we speak for all of the seniors when we say, “Thank you for a great season. You are a wonderful group of people and even showcase a good athlete now and then.”

Katie Elbert and Spencer Pretecrum
The hockey team viewed the 2009-2010 season as a chance to re-assert its dominance in the county. This year’s team was determined to finally bring home the Mercer County title. Led by its Seniors, Brooks Herr, Theo Casey, Ed Riley, and Cameron Billingsby, and aided by freshmen Bump Lisk, Cody Triolo, and Alex Nespor, the team was determined to dominate the competition. Unfortunately, the team showed its youth and inexperience by getting off to a slow start. We went 2-6 in the first 8 games. Still the team was able to shake off this rocky start and go above .500 for the rest of the season. Doing so enabled us to capture our first ever Mercer County title. Some of my best moments have been with this team, and there is no way I would give up the last 6 months I have spent on the ice and in the locker room with these guys. Thank you to the fans and parents for their unwavering support. The 2009-2010 was a season to be remembered.

We started this season nervous as we did not have a goalie. But thankfully, Lucy stepped up and surprised us all. She was a wall in net and made us more eager to crash net and play more offensively. We bonded over protecting our most valuable player, the only goalie we had! We played well, and we are both proud of every single player on this team. We are a close-knit group who went through a rough patch and finished off the season successfully. The team this year really took direction well from the coaches; they worked us hard but for good reason. We would like to thank our cheering section, especially the parents who came to every game, noisemakers and all.

As our season began this year, we all welcomed a new coach and set out to start off strong. After a few weeks of studying rotations, we dove right in scrimmaging during the majority of practice. We all learned a lot and were tested playing a variety of positions. We showed unbelievable talent, and our level of play grew exponentially as the season progressed.

And while our season didn't exactly go as we hoped, we will always remember the bonding we did both on and off the court, the unconditional support we showed for one another, and the drastic improvements we have made as a team. It's hard to believe that I will never play against Shipley (though I will be there when you crush them next year!), or spend time playing volleyball in the world's smallest gym - my loving home for the past 4 years. But I will never forget the experiences I have had with you all. I wish you the best of luck next season, and I will be back to cheer you on as much as possible.

Class of 2010
Dear Seniors,

I am writing this at the beginning of November and thinking how fast these four years have gone. We started this journey together back in August of 2006. Many of you were new to PDS, others just new to the Upper School. I was also new to this “dean thing”, and we set out together. To put it simply; what a memorable adventure it has been and what a spirited class you are!

With each passing year, the bonds of your friendships have grown stronger, and you have found success in so many areas of school life. By championing slogans like “It's Ravioli Time,” the Class of ’10 became a lucrative fundraising machine. You now have a committee formed just to analyze how to make use of all that extra money! You have upheld traditions and started some new ones. You have added to the athletic spirit at the school with “The Zoo,” and your proposal and change in theater seating may start a new tradition for seniors. And, who will ever forget your victory during the Halloween Parade by singing, “Don't want that swine flu” while dressed as pigs and sick people?

My attachment to all of you grew with each year together here in the Upper School. And, I learned to cherish your involvement in my personal life, from the rumors and speculation early on, to the more thoughtful cheers, appreciation, and gift that you all gave me for my wedding. I will always remember this!

There are so many ways that I have grown to appreciate this class; many will never make it into this message. I owe you a thank you for listening to me during class meetings and for putting up with all my reminders, advice, and messages! Also, many thanks for all those emails, questions, comments, complaints, jokes, and stories that you've shared over the years. And, more sincerely...thank you for being so forgiving as this rookie dean figured out this class and the job along the way.

Theater Lobby, the Nook, Bailey's office, my office, and the Campus Center would be among the places to look for you, so I can't imagine walking by these areas and not seeing you there next year. You will have moved on from PDS to find success and new adventures in your own unique ways, and I can't wait to welcome you back to hear about them. But, for today, I am truly honored and proud to say that I have worked with you all over these last four years. I will miss you so much!

Your dean,

-Mr. McLane, a.k.a. Dougie Fresh (I always knew that you called me that!!)

Dear Christos:

Congratulations! You have been conditionally selected to receive an Army ROTC scholarship commencing School Year 2010 - 2011. The competition for an Army ROTC scholarship involves many of the finest students in the country. Your accomplishment is commendable.
We are, each of us angels with only one wing;

Melissa McMullen

and we can only fly by embracing one another.

Our deepest fear is not that we are inadequate. Our deepest fear is that we are powerful beyond measure. It is our light not our darkness that most frightens us. We are all meant to shine as children do, and as we let our own lights shine, we unconsciously give other people permission to do the same.

As we are liberated from our won fear, our presence automatically lifts others.

Thanks for making the years memorable.

To laugh often and much;
To win the respect of intelligent people and the affection of children;
To earn the appreciation of honest critics and endure the betrayal of false friends;
To appreciate beauty, to find the best in others;
To leave the world a bit better, whether by a healthy child, a garden patch or a redeemed social condition;
To know even one life has breathed easier because you have lived.
This is to have succeeded.

It will end and
Then we will never meet again
In this lifetime
Go be happy before we part
Be proud of me
It was all I learned from you
You'll be with me
Like a breathless in my heart.
And one whatever way it stories end
I knew you have re-written mine
By being my friend...

There's a reason for everything
That comes our way

When there are clouds in the sky, you'll get by
If you smile through your tears and sorrow
Smile and maybe tomorrow
You'll see the sun come shining through for you

Light up your face with gladness
Wipe away tears of sadness
Although a tear may be ever so near
That's the time you must keep on trying
Smile, what's the use of crying?
You'll find that life is still worthwhile
If you just smile

I've heard it said
Tell people what we love for a reason
Dreaming something we must know
And we are not just
To share with each other we must grow
We're here to help them to grow
And we need them to grow
While I believe in a tale that's rare
But I know I'm in the one story
Because I know you

made to be present and ready to shout at any momentum that’s tarrying now, I’ll push with it, pull with fits
Riskily tumble a delicate dish of taboo and boota
of “God that’s so ‘ISH’”
I “mmm” when you frown
oh, I’ll have the fish.
Did you hear of the virus that’s carrying this?
You, of all tediousness;
should cope with the risk
its one half of mind and
four halves of bliss
Its called inactivity: we’ve got it, capisce?
it starts:
ACTIVELY
placid nerves of your chastity tactically calling on backs to see
drastically mastering tracks of
tenacity fasting on lazy bombasity crackling?
it’s a back, you see
being alive and passing the lead
to creatures with hormonal brains that don’t bleed
when talk of intentional passing of seed:
impedes our natural action of NEED-feed it with juicy contemplative greed
not doing the dirty or dishing the deed
we got what we bought, and we bought the mead
that funky country lumpkiny novel to read.
That’s it for me...

HERFF JONES
**JANUARY 22**  
- Signed order to close Guantanamo Bay facility

**FEBRUARY 29**  
- Signed into law the Lilly Ledbetter Act, which helps guarantee equal pay across gender lines

**MARCH 17**  
- Signed the $787 billion American Recovery and Reinvestment Act into law

**MARCH 27**  
- Announced that the United States will pull troops out of Iraq completely by 2011

**APRIL 4**  
- Launched the foreclosure prevention program with a $75 billion loan modification and refinancing plan

**APRIL 27**  
- Announced plan to send more troops to Afghanistan

**APRIL 1**  
- Attended G-20 Summit in London

---

**ONCE INAUGURATED,** President Barack Obama got down to business, signing executive orders banning harsh interrogation techniques of suspected terrorists on his second day in office. The ban was Obama's first step toward closing the prisons at Guantanamo Bay. **ONE WEEK LATER,** the president signed a labor act guaranteeing equal pay for all workers. Regarding the act, Obama explained that he saw the inequality as a family issue, not just a women's issue. **ATTENTION TO THE ECONOMY** brought the $787 billion economic stimulus package in the form of February's American Recovery and Reinvestment Act, controversial legislation which the administration claimed sparked growth as early as the third quarter. **A TOTAL TROOP WITHDRAWAL** from Iraq by the end of 2011 was announced on February 27, and just a month later Obama announced a renewed commitment to Afghanistan and plans to send an additional 21,000 new troops there. **LONDON'S G-20 SUMMIT** allowed leaders from nations worldwide, as well as regional groups and international institutions, to strategize ways to revive the global economy and stimulate growth.
SOMALI PIRATES hijacked an American ship in the Indian Ocean off the Horn of Africa and took Captain Richard Phillips hostage in April. The ship, the Maersk Alabama, was carrying feed and other aid supplies for the World Food Program. The five-day ordeal ended when U.S. Navy SEAL snipers killed three pirates, freeing Phillips. BEA ARTHUR, two-time Emmy award winner, died of cancer at 86. Probably best known for her Golden Girls character Dorothy Zbornak, Arthur began her acting career on Broadway, winning a Tony in the original stage production of Mame. A 50 TO 1 LONGSHOT won the 135th Kentucky Derby. Jockey Calvin Borel and Mine That Bird came from behind on a muddy track to win the race by nearly seven lengths. VOCALIST SUSAN BOYLE became an overnight sensation on Britain's Got Talent. Her performance quickly became one of the most watched videos on YouTube. Despite a second-place finish in the competition, Boyle's first album, I Dreamed a Dream, became the biggest-selling album in the world for 2009 in just six weeks. NORTH CAROLINA'S TARHEELS beat Michigan State 89-72 in the men's Final Four, avenging a title game loss to Kansas the previous season. With the help of upperclassmen Tyler Hansbrough, Wayne Ellington, Ty Lawson and Danny Green, all of whom opted to return for another year with coach Roy Williams rather than heading to the NBA, the Tarheels cruised to their fifth national title and their second in five years. A unanimous pre-season No. 1, the team was UNC's first since 1982 to start and finish the year in the nation's top spot. CONFICKER WORM, a computer virus that targeted the Microsoft Windows operating system, was estimated to have infected more than 15 million computers. It was believed to be the worst computer virus since the SQL slammer worm in 2003. In February 2009, Microsoft offered a $250,000 reward for help with finding and arresting the people who created the computer worm.
After five seasons on TLC, the Gosselins of Jon and Kate Plus Eight announced divorce plans. The pair, plus their twins and sextuplets, attracted nearly 10 million viewers.

Mark Sanford, South Carolina’s governor, admitted to his affair with a woman in Buenos Aires. He resigned as chair of the Republican Governors Association.

Citing the desire to spend more time with her family and no interest in running for re-election, Alaska Governor Sarah Palin stepped down, transferring power to Lt. Governor Sean Parnell.

Bernie Madoff was sentenced to 150 years in prison for the multibillion-dollar Ponzi scheme he perpetrated as a wealth management advisor. He pleaded guilty to 11 felonies, including securities fraud, money laundering, perjury, making false filings with the SEC and theft from an employee benefit plan. In addition to his imprisonment, the former chair of the NASDAQ stock market was ordered to forfeit $170 billion. U.S. Withdrawal from Iraq was celebrated as a national holiday when Prime Minister Nouri al-Maliki declared June 30 “National Sovereignty Day.” In accordance with agreements with Iraq, American troops completed their withdrawal from Iraqi cities and transferred the responsibility of securing the cities to Iraqi troops.

Iranian Election Protests lasted months and resulted in at least 36 confirmed deaths after it was announced that President Mahmoud Ahmadinejad had won re-election with nearly 63% of the vote. Results were later certified and Ahmadinejad was sworn in for a second term in office on August 5. Serena Williams beat her sister, Venus, in the final match at Wimbledon to win her third Grand Slam victory of the year. Then the sisters paired to beat Aussies Samantha Stosur and Rennae Stubbs, winning the doubles title the same day. Hulu, a free app that allowed viewers to watch television shows on the web, gained traction. Some studies showed as many as 45% of all teens watched “TV” on the internet. Al Franken, a former Saturday Night Live comedian and satirist, finally won his seat in the Senate after the Minnesota Supreme Court rejected incumbent Norm Coleman’s myriad challenges. The final recount gave Franken the victory by 312 votes.

NBA Champion L.A. Lakers won their 15th title on June 14, defeating the Orlando Magic 99-86 to clinch the title in just five games. Lakers star Kobe Bryant was named MVP after scoring 30 points in the final game and 162 in the series.

HOW TO MOONWALK IN FIVE EASY STEPS

1. Begin with your legs parallel. 2. Raise your left heel so that you're standing on the ball of your left foot.
3. Slide your right foot back with your weight on the ball of your left foot. 4. Switch so that your weight is on the ball of your right foot. 5. Slide your left foot back and repeat.

1958-2009

THE BREAKING NEWS of Michael Jackson's cardiac arrest and sudden death on June 25 dominated the internet causing unprecedented spikes in traffic and overwhelming social networks such as Facebook and Twitter. TOPPING THE CHARTS with 17 No. 1 hits (including four as a member of the Jackson 5), Jackson's 1982 Thriller remained the best-selling album ever. In the two weeks following his death, buyers snapped up another 2.3 million Jackson albums. In all, his world sales of more than 750 million records made him one of the best-selling recording artists ever.

JACKSON IS CREDITED with elevating the music video into an art form. His videos for "Billie Jean," "Beat It" and "Thriller" brought a strong crossover following to MTV. He popularized the moonwalk and the robot and influenced generations of dancers. KNOWN AS THE KING OF POP, Jackson was inducted into the Rock and Roll Hall of Fame both as a Jackson and as a solo artist. FINAL GOODBYES were televised from L.A.'s Staples Center where Stevie Wonder, Lionel Richie, Mariah Carey, John Mayer, Jennifer Hudson and Usher performed at his memorial service as millions worldwide watched.
U.S. JOURNALISTS FREED following nearly five months of detention in North Korea were escorted home by former president Bill Clinton after he met with North Korean Dictator Kim Jong Il. Laura Ling and Euna Lee, reporters for Current TV, a media venture owned by Al Gore, had been charged with entering the country illegally to conduct a smear campaign. KILLER WHALE RESEARCH identified new behavior in large groups of orcas. A Journal of Ethology report cited groups of whales gathering in British Columbia, Alaska, Iceland and Antarctica to form "clubs." While whales often live in pods of 10-20, scientists say the newly observed clubs of as many as 100 seem to allow the whales to form and maintain social ties.

SENATOR TED KENNEDY of Massachusetts, the last surviving Kennedy brother, died at age 77 after battling brain cancer. In his 48 years as a senator, Kennedy championed labor, health care, civil rights, education and voting rights, President Barack Obama delivered the eulogy at Kennedy’s August 29 funeral in Boston. In addition to the family, Vice President Joe Biden, Secretary of State Hillary Clinton, former Presidents Bill Clinton, George W. Bush and Jimmy Carter, and First Lady Michelle Obama also attended. Kennedy was buried at Arlington National Cemetery next to his brothers, President John F. Kennedy and Senator Robert F. Kennedy.

A WEB ATTACK targeted at a specific pro-Georgian blogger incapacitated Twitter for two hours on August 6. Twitter and other social networks like Facebook and LiveJournal were overwhelmed by denial-of-service attacks disrupting access to more than 300 million users. Bloggers—thousands of infected home and workplace PCs—flooded the web with nuisance requests, cutting off access to anyone else. Twitter, the micro-blogging site where users post 140-character messages to their followers—soared in popularity in 2009. According to comScore, a Web tracking firm, the site had 44 million unique visitors in the month of June.

SUPREME COURT JUSTICE Sonia Sotomayor was confirmed by the Senate as Associate Justice of the U.S. Supreme Court, replacing David Souter who retired in June. Sotomayor, who rose from the housing projects of the Bronx to the top of the legal profession by way of Princeton and Yale Law, made history as the nation’s third female and first Hispanic Supreme Court justice.

LYNNE "SQUEAKY" FROMME, now 60, the would-be assassin who took aim at President Gerald Ford in 1975 and a former follower of Charles Manson, was released after serving 34 years in prison.

The Congressional Budget Office predicted the United States budget deficit for 2009 will reach $1.6 trillion, the highest ever recorded.
FLUSHOTS

FLU SHOT CLINICS were set up in workplaces and schools from coast to coast as the government and the CDC suggested that as many people as possible be vaccinated against the H1N1 virus that led to hundreds of school closings in the spring of 2009. AN EARLY START to the flu season meant victims were affected in higher numbers and more extremely than usual, and that the flu’s peak activity came in late October and early November rather than March. Until the vaccine arrived, anyone with H1N1’s potential respiratory symptoms was encouraged to stay home rather than infecting classmates or co-workers. IN OCTOBER, the vaccine began arriving in both injected and nasal spray forms. Within four months, 97 million H1N1 vaccine doses had been given to 68 million people in the United States. TRULY PANDEMIC, the H1N1 influenza infected approximately 57 million Americans or slightly more than 18 percent of the population between April 2009 and February 2010. About 11,690 people died and nearly 260,000 were hospitalized from the viral infection, which was also known as swine flu. THE THREAT of an additional outbreak loomed as the annual flu season waned.
JOB MARKET DETERIORATION continued, despite some tentative indications that the economy was improving. The federal unemployment rate peaked at 10.1% in October, but the economy continued to shed jobs at the rate of more than 263,000 a month. Data showed a loss of 8.4 million jobs since the recession's start in December 2007. THE UNDEREMPLOYMENT RATE of workers whose hours had been cut or who were working part-time for lack of full-time positions hit 17% — the highest since they began tracking the category in 1994. FORECLOSURE FILINGS in the third quarter hit a record high. Despite government-led and lender-supported relief efforts, nearly a million U.S. homes — 1 in every 136 nationwide — were in foreclosure by October. FEDERAL RESERVE CHAIRMAN Ben Bernanke announced September 15 that the recession had "very likely ended" while warning that it may not quickly affect the unemployment rate.
MTV'S 2009 VIDEO MUSIC AWARDS were going to be different from the start. In addition to recognizing current work, anticipation of a Michael Jackson tribute ran high. Instead, Kanye West literally stole the show, grabbing the mic during 20-year-old country/pop star Taylor Swift's Best Female Video acceptance speech for a quick rant about Beyoncé Knowles being more deserving. Swift went on to win the Grammy for Album of the Year for her second album, Fearless.

ACTOR PATRICK SWAYZE died at age 57, after suffering from pancreatic cancer for nearly two years. Of his more than 30 movies, he was best-known for his roles as romantic leading men in the films Dirty Dancing and Ghost. A GIANT MYLAR BALLOON took off from a family's yard in northern Colorado, and nationwide panic erupted when it was reported that the six-year-old son might be aboard the 20-foot-long, saucer-shaped helium flyer. A runway at the Denver airport was shut down and search and rescue crews scoured the area below the craft's 50-mile flight path for the child, who was later found hiding in the garage. Subsequent interviews revealed that the event had been planned. The couple was billed for search services and both parents were sentenced to jail time.

THE WORLD'S TALLEST BUILDING, the Burj Khalifa in Dubai, U.A.E. was completed on October 1 and opened on January 6, 2010. Named after the leader of neighboring oil-rich Abu Dhabi, which contributed billions of dollars to keep Dubai afloat, the building housed a hotel, offices and luxury apartments. At 2,717 feet, the tower with a public observation deck on the 124th floor was the tallest man-made structure ever built.

"BEATLES DAY" was celebrated worldwide on 08/09/09 when re-mastered versions of The Beatles' albums were released, on the same day the video game The Beatles: Rock Band was released. In the major music markets of North America, Japan and the UK, consumers purchased more than 2.25 million copies of the re-mastered albums in the first five days of release. In addition, more than half a million Rock Band units sold during the game's first month of release. Incorporating many of the gameplay features of the Rock Band series, the game included 45 songs by the popular British rock group.

The International Olympic Committee awarded the 2016 Summer Olympics to Rio de Janeiro, Brazil. It was the first time Olympic games were held in a South American country.

Paleontologists announced the Ethiopian discovery of an Ardipithecus ramidus fossil skeleton, deeming it the oldest fossil skeleton of a human ancestor.

President Barack Obama won the Nobel Peace Prize "for his extraordinary efforts to strengthen international diplomacy and cooperation between peoples."

Lady Gaga was named Billboard's "Rising Star." She later became the first artist in the history of Billboard's Pop Songs chart to notch four No. 1s from her debut album Paparazzi.
Controversy surrounded a U2 concert marking the 20th anniversary of the fall of the Berlin Wall when a wall was built just off the celebration venue.

Voters elected new governors, both Republican, in New Jersey and Virginia. Michael Bloomberg won a third term as mayor of NYC.

After more than 4,200 episodes, the children's educational series Sesame Street celebrated 40 years of learning fun for the whole family.

TWILIGHT: NEW MOON PREMIERED IN THEATERS NOVEMBER 20
The second edition in the Twilight series had fans crazy for vampires. The film was the fourth highest-grossing in the U.S. and 2009, bringing in $296 million and sparking debate among supporters of team Jacob versus team Edward.

The Population of Africa Reaches One Billion.

A YANKEES WORLD SERIES WIN gave the team its 27th championship with a 7-3 victory over the Phillies in Game 6. Hideki Matsui, the first Japanese-born player to be named a Series M.V.P., led the Yankees' offense with six runs batted in off a homer, a single and a double. The last Yankees' title was in 2000.

THE FIRST STATE DINNER hosted by President and Mrs. Obama toasted a growing U.S. friendship with India with an evening of regal pageantry on the White House South Lawn on November 24. Visiting Indian Prime Minister Manmohan Singh and his wife Gursharan Kaur were honored guests alongside 500 others. A tradition dating back to 1874, state dinners were the most measured and formal honor a U.S. president could offer a foreign dignitary, and the most coveted invitation in Washington. Unbeknownst to the Obamas and to the Secret Service, a Virginia couple, Tareq and Michaele Salahi, entered the dinner without an invitation, bypassing all security checkpoints. SHOOTINGS AT FORT HOOD killed 13 and injured 30 on November 5. Major Nidal Malik Hasan opened fire on fellow soldiers at the Fort Hood U.S. Army base in Texas; some reports suggested he was unhappy about an upcoming deployment.

NASCAR'S LONGEST STREAK of consecutive series championships belonged to Jimmie Johnson, who surpassed Dale Earnhardt when he clinched his fourth title in a row, winning seven races in back-to-back seasons. OPRAH'S PLANS to retire when her current contract expires were announced nearly two years in advance of her final show. Media mogul talk show host/philanthropist Oprah Winfrey said she will end her daily talk show in 2011. The show, which attracted more than seven million viewers a day, had been on the air since 1984.

WATER ON THE MOON were confirmed without question in November when a satellite intentionally crashed into a crater near the moon's South Pole. Using a two-part satellite, scientists said they created a collision, then measured the debris it created. The discovery was good news for explorers who wanted to set up labs on the lunar surface and to the scientists who hoped that the water, in the form of ancient ice, would reveal information about the history of the solar system.
HEALTHCARE REFORM was a priority for President Obama and the Democratic leaders of Congress. In November, they came close to creating a comprehensive system of national health insurance when the House approved an overhaul of the system, 220 votes to 215. MAX BAUCUS, Senate Finance Committee chairman, had presented a plan that included many new insurance industry regulations but no government-run health care. The Democrat from Montana believed his bill could bring together Republicans and Democrats for an ambitious overhaul of health care. TEA PARTY PROTESTS sprang up from coast to coast, providing a platform for citizens wishing to speak their discontent. While groups of those who felt they could no longer sit still and quietly observe governmental changes that made them uncomfortable took on many traits, the newly empowered activists worked to be visible in many parts of the country. SENATE VOTES in November were followed by the Senate’s approval of an $871 billion bill in December. While the two Congressional branches worked to reconcile their bills, it became apparent agreement was not imminent; the debate would continue for months.
DEATH AND DESTRUCTION were apparent immediately following the temblor which struck near Port-au-Prince, the capital city of Haiti. While fatality estimates topped 200,000, officials conceded that the burial of uncounted corpses would prohibit an exact tally. The quake, which was “felt strongly” in Cuba more than 200 miles away, damaged thousands of homes, including the president’s residence. BUSH/CLINTON HAITI RELIEF FUND, designed to demonstrate American unity, raised more than $17 million in under two weeks. In the month following the quake, American charities sent more than $790 million in charitable aid. WYCLEF JEAN, GEORGE CLOONEY & FRIENDS hosted concerts in New York, Los Angeles and London to raise funds for earthquake victims. Called “Hope for Haiti Now: A Global Benefit for Earthquake Relief,” the January 22 concerts included performances by Bruce Springsteen, Madonna, Mary J. Blige, Taylor Swift, Justin Timberlake, Coldplay and Bono. In addition, a remake of the 25-year-old anthem “We Are the World,” featuring more than 70 big names representing all genres of music, was recorded to benefit Haitian aid groups.
**JAMES CAMERON’S AVATAR** broke all kinds of records en route to becoming the highest grossing film of all time. Development of the science fiction epic spanned 15 years, partially because Cameron had previously determined that the necessary technology was not yet available to portray his visions for the film. Released for both traditional two-dimension projection and 3D, Avatar was also the first film ever to gross $2 billion, and it was nominated for nine Academy Awards, including Best Picture and Best Director. **TIGER WOODS** was named the Associated Press Athlete of the Decade in December. Despite a personal scandal that led to an indefinite break from professional golf, he collected nearly as many votes as runners-up Lance Armstrong and Roger Federer combined. Woods won 64 tournaments including 12 majors and earned more than $81 million during the decade. **A TERRORIST ATTACK** on a December 25 Northwest Airlines flight from Amsterdam to Detroit was thwarted after a student with suspected al-Qa’ida ties attempted to ignite explosives in flight. **FIFA WORLD CUP SOCCER** tickets went on sale globally, adding more than 1 million new seats to those nearly 700,000 tickets already sold for the June/July soccer matches in South Africa. **CONAN O’BRIEN** left NBC and The Tonight Show on January 22, just eight months after he took the reins from Jay Leno. Despite ongoing unsuccessful negotiations with the network, O’Brien planned a busy last week hosting Robin Williams, Barry Manilow, Tom Hanks, and Will Ferrell, and he took to the stage playing 70s rock anthem “Free Bird” with the band during the closing credits of his final show. **THE U.S. HEALTH CARE REFORM BILL** passed by the Senate on December 24 was expected to extend insurance coverage to 30 million additional Americans. Following the January 27 State of the Union Address where Obama vowed not to “walk away from” his drive for health insurance reform, additional modifications were made to the White House’s proposed health care plan in preparation for a February 25 televised bipartisan health care summit. The six-hour summit was covered on C-SPAN and was the day’s news focus.

**J.D. Salinger**, reclusive author of *The Catcher in the Rye*, died at 91. First published in 1951, the tale of teen angst sold more than 250,000 copies per year. 

President Obama proposed a $3.8 trillion budget for fiscal 2011 that foresaw the deficit hitting a record $1.6 trillion in 2010. Internet giant Yahoo sold HotJobs to Monster.com for $225 million. Category 4 cyclone Oli hit Tahiti and other islands in French Polynesia. Ending one of the music industries’ most notable snubs, AC/DC won their first-ever Grammy Award for Best Hard Rock Performance.

**SNOW BLANKETED THE NATION**, encompassing all 50 states on February 13 after a dusting on the Florida panhandle. Hawaii did not receive new snow, but had a base at the peaks of the state’s highest volcanoes. Record snowfall affected many parts of the country this winter, from the Midwest where 50-year-old records for most days with 4” or more of snow cover were smashed by more than five weeks, to the mid-Atlantic states where record snowfalls from December to February broke 100-year-old seasonal snowfall records the first week in February. **BEYONCÉ WON SIX GRAMMYS**, including Song of the Year for “Single Ladies (Put a Ring on It)” and became the first woman to win six awards in the same night. Only Michael Jackson (1984) and Carlos Santana (2000) had won more awards in a single year. **APPLE’S iPAD RELEASED** on January 27 to mixed reviews. The new “digital tablet” brings Apple’s sleek design and functionality to the masses for an affordable price. Weighing just 1.5 pounds, the iPad is lighter than a laptop, but users will be able to browse the web, access email, watch movies, read books and more. In addition, Apple created 12 innovative new apps for the iPad, which will also run almost all of the more than 140,000 apps available in the App Store. **BRITAIN’S UFO FILES**, made public to civilians in January, tallied more than 8,000 pages detailing sightings from 1994-2000. The fifth (and largest) release ever was intended to make access available to a wider audience. **MOBILE CARRIERS JOIN FORCES** to rival Apple’s App Store. AT&T, China Mobile, China Unicom, Sprint and Verizon were among the first companies to unite, creating a centralized location for apps for a variety of mobile devices possible because of cross-platform development. The Wholesale Applications Community will represent more than three billion customers worldwide. **OLYMPIC SKIER BODE MILLER** won three more medals at the 2010 Winter Olympics (super combined gold, Super G silver and downhill bronze) bringing the four-time World Champion’s record Olympic tally to five. **SUPER BOWL XLIV**, the most-watched Super Bowl and the most-viewed program in television history, saw the New Orleans Saints defeat Peyton Manning and the Indianapolis Colts, 31-17. The Saints, who became just the fourth team ever to win in their first Super Bowl appearance, won with a key defensive play on an interception by defensive back Tracy Porter, and a nearly perfect offensive game by QB Drew Brees.

WINTER OLYMPICS

PRE-OPENING TRAGEDY struck the games during a practice session on February 12 when 21-year-old Nodar Kumaritashvili, representing the Republic of Georgia in the luge, lost control of his sled and died. VANCOUVER, BRITISH COLUMBIA hosted the 2010 Winter Games, bringing the competition to Canada for just the second time since its inception in 1924. Nearly 2,650 athletes from 82 nations competed in 15 sports and 89 separate medal events. SPEEDSKATER APOLO ANTON OHNO added three new medals to his previous five Olympic medals from Salt Lake City and Turin. Ohno broke Bonnie Blair's record, becoming the most decorated American Winter Olympian ever. TWO-TIME WORLD CUP CHAMPION LINDSEY VONN became the first American female to win Olympic downhill gold. Vonn skied all five of her scheduled events with a bruised shin, medaling in two. SNOWBOARDER SHAUN WHITE defended his Olympic gold in the halfpipe with a first run so strong he secured his victory. In a celebratory second run, he debuted a Double McTwist 1260 (which he named The Tomahawk). The new trick contributed to a record score of 48.4, increasing his margin of victory by 1.6 points.

TILIKUM THE ORCA was not in the pool when SeaWorld Orlando’s show, Believe: The Sensational Shamu Show, reopened just three days after the six-ton orca attacked and drowned veteran trainer Dawn Brancheau on February 24. The show featured trainers using hand signals to instruct the whales to leap, twirl and wave to or splash the audience. AN OVERTIME VICTORY in hockey gave Canada its Olympic gold. The host nation crowned on the last day of Winter Games. The 3-2 win over Team USA came 7:40 into the extra period when 22-year-old Sidney Crosby sent goalie Ryan Miller a surprise wrist shot. Miller was the series MVP and Crosby, a native of Nova Scotia, became the youngest ever captain of a Stanley Cup-winning team in 2009.

when his Pittsburgh Penguins beat the Detroit Red Wings four games to three. CANADA’S JOANNE ROCHELLE captured viewers’ hearts, competing in women’s figure skating after her mother succumbed to a heart attack in Vancouver just days before. The 24-year-old from Quebec took bronze and became one of the most personal stories of the Vancouver Games. Korea’s Yu-Na Kim became her country’s first-ever Olympic figure skating medalist when she broke the 200 point mark and captured the gold medal.

AN ICEBERG COLLISION WITH ANTARCTICA dislodged another massive block of ice from the continent in February. The original iceberg, known as B15, measured 60 miles in length and had broken free from Antarctica more than 20 years ago. The new iceberg weighed in at roughly 700 billion tons and, at 48 x 24 miles, contained the equivalent of one fifth of the world’s annual total water usage. The two icebergs drifted together off the east coast of Antarctica. U.S. BOBSELED GOLD ended a 62-year Olympic drought for America when two-time World Champion Night Train pilot Steve Holcomb with rower Justin Olsen and Steve Mesler and brakeman Curtis Tomasevicz dominated action in Whistler. The win meant Germany’s Andre Lange, who took gold in the two-man race, failed in his attempt to capture five Olympic golds in as many attempts.

AN 8.8 EARTHQUAKE IN CHILE on February 27 toppled buildings, left more than 300 dead and caused tsunami evacuations as far away as Hawaii and Japan. While the quake was significantly more powerful than the Haitian tremor that caused massive devastation in January, the damage was minimized by its relatively deep epicenter and strict Chilean building codes that followed massive damage caused by a huge quake in 1960.
