When anything dies, in To James Andrea And Mes. James Andrea hem, even under pressure which to him, at Arthur Van Winkle, at Rutherford Park, away with them the lamp, water pail, books, on a world without the accompaniment of the tion with the things from which it was heart a superstions Catholic, must have been and the post office in the same building, and oc. They also broke open the teacher's song and gayety of the feathered warblers. drawn, thus assisting in the constant pro fifty cents in money, class bell, memorandum heralds of his movements. And man, what by analogy, do as much for the mind as or before the eleventh day of April next, or book and twenty dollars' worth of school would be do without those cheering songs, for the body? Is it not quite possible that the said bill will be taken as the soul withdrawing from the outer life. The said bill is filed to doreclose a more higher circle of existence? Matter is Rahway, dated March 20, 1876, and you James always resurrected and lives again; can own said lands, and you Mrs. James Andri less be possible for the soul? psychological power in some individuals is almost marvellous. In all cases it is

tion. Peter the Hermit stirred the entire with beauty and booty, I could see little else Christian world of his day by his eloquence, and was the instigator or those crossders that brought a blot upon religion which the possession of forty Jerusalems would not have erased. Joan of Arc. a pour unknown girl, became the leader of men and of armies through the inspiration of her personal magnetism.to be seen at a Homburg gambling table. Napoleon owed all his successes to the same wonderful qualities of mind, which rouths who are to be our trustees of savings bound men to him as gold and honors complete stock of never could have done. Many preachers of the Gornel counted their converts by vised for insuring a crop of Gilmans and mind acting upon a lower, and carrying Winslows and Lamberts and Bonners in the it out of itself. It left them absolutely without the power of resistance, the old South if it can be saved only by the ruin the body. Father Mathew turned men New and Desirable Goods of of souls. And this (be it never forgotten) is from the vice of drinking to soberness the pet movement of that class among us through a mild persuasiveness, which accomplished more through a gentle word distes will be exhibited at our opening. than could have been done with an iron discovery of their own; the class whose rep will. And it is a remarkable fact that the real magnetic power of men resides in their affections. A clown may draw and under the management of Mr. T. C. Adams,

no lasting effects, while the man who is public. full of the earnestness of sincerity and affection wields an influence for months tion, and obtain just what they want. and years, even when he is out of sigh and hearing. But these things evidently do not come found to contain all that is new and desiraout of the ground, nor rain down from blo in first-class and medium-priced goods. the sky. They do not depend upon the sun, for they work as ardently by night as by day. The mother who soothes the restless child upon her breast with a lullaby does not set in motion an atmospheric wave, and the orator in the Senate who

of his mouth is not exercising a faculty Rahway which he has manufactured from unseen atoms. Whatever this tremendous influence may be, greater by a thousand times than anything which comes from matter. Main and Monroe Sts. we know that it is spiritual and not natural. It may be a Summer breeze or a tempest, it may serve merely to draw a maiden to her lover's heart or it may stir the passions of men till they break out in The excavations at Olympia have been revolution, but its parentage lies back of recovered late in October. It was a very ment in matter, uses it but is not of at.

> and the magnetism of love to nineteen centuries of the world's existence.—New-

Ben Hill on Sliver.
