90 Acre FARM CORNETTO THE Graithin BARTAS CHEEP AS 3 MY LEKE.

Is formed of imported reed, corrugated on both sides, and was patented in this country Arrest R. E. the latest novelty in musical instruments, upon which any berson can readily perform in any key. With H you can imitate the Conner, Cranioner, Rugle, or Thousbone. A number of performers, taking different parts, can, with but little practice, creditably immable a Full Brass Band. For can performers, taking different if you cannot upon any other instrument. With Plano or Organ accompaniment, more amusement can be had by those fond of music than in any other way. With this little instrument every body can furnish their own music. After you have seen and tried it, you would not part with it for \$1 ft you could not accompaniment. Every singing school, church choir, mas, woman, and child in America would have a Connertro if they knew of them, as the price enables all to possess one of more and there is nothing in the world equal to it for developing the voice and giving healthy exercise to the lanes. That we do not make extravariant claims for it, and to prevent the skeptical from classing us with the throng of cheats and humburs who are always scheming to deceive the public, we give a few extracts from sources which none will question, viz.
