Under such circumstances, and feeling time, the Republicans of Union county have placed in nomination for senator Benjamin A. Vail, and for sheriff, Seth B Ryder, both good men, and true in every position in political or private life in which they have been placed. Neither of them are trimmers, but active ener getic public servants in whatever position they have been called upon to fill. Mr. Vail, in the Assembly, filled his two years' term of service acceptably to his constituency, and could have secured a

Both of these men have been placed in nomination by the people, and not of their own seeking. Neither of them have made efforts to secure that which has fullen to them, and they are the more likely to fill their positions more acceptably than those who seek.

We call upon every Republican to support actively and earnestly the nominees of the party. Beware of side shows and side issues. They may attract the unwary but like the three card monte you cannot tell which card is the one you are sure i is, nor like the little joker, under which cup he is.
