KENDALL'S SPAVIN C'IRE

KENDALL'S SPAVIN CURE. The Most Successfu' Remedy ever discovered, as it is certain in its effects and does no blister. READ PROOF BELOW. From REV. P. N. GRANGER

St. Albans, Vt., Jan. 20th, 1880. DR. B. J. KENDALL & Co.—Gents: In reply to your letter I will say that my experience with Kendall's Spavin Cure has beet very satisfactory indeed. Three or four years ago I nocured a bottle of your agent, and with it, cured a horse of lameness caused by a spavin. Last season my horse became very lame and I turned him out for a few weeks when he lame and I turned him out for a few weeks when he became better; but when I put him on the road he grew worse, when I discovered that a ring bone was forming, I procured a bottle of Kendali's Spavii Cure and with less than a bottle cured him so that he is not lame, neither can the bunch be found.

Respectfully yours.

P. N. GRANGER. PERSEVERANCE WILL TELL! Stoughton, Mass., March 16th, 1880 Stoughton, Mass., March 16th, 1880.

B. J. KENDALL & Co.—Gents: In justice to you and myself. I think I ought to let you know that I have removed two BONE SPAYINS with "Kendall's Spayin Cure," one very large one; Don't know how long the spayin had been there. I have owned the horse eight months. It took me four months to take the large one off, and two for the small one. I have used to bottles. The horse is entirely well, not at all stiff, and no bunch to be seen or felt. This is a wonderful medicine. It is a new thing here, but if it does for all what it has done for me its sale will be very great.

Respectfully yours. CHAS. E. PARKER.

KENDALL'S SPAVIN LURE. Concord, N. H., January 2nd, 1880. B. J. KENDALL & Co.-Gentlemen: We have a STATEMENT MADE UNDER DATH. To whom it MAY CONCERN.-In the year 1875

of Feb., A. D. 1879.

THE SYRACUSE CHILLED PLOW CO. Are now putting on the market a Plow that is as much superior to any Plow heretofore made as the Plows of the past few years have been superior to those made half a century t combines all the excellencies of any Plow

other Plow. In addition it embraces several new features of the greatest value, for which we have obtained exclusive Patents. Its Beam, Clevis, Jointer Standard and Wheel Standard will be STEEL, and its mold board will be a composition of Steel and Iron chilled under a process for which we have also obtained an exclusive Patent. It will be

CHILLED STEEL PLOW Its weight will be eighteen pounds less than our present styles.

A first-class Steel Plow, made in the ordinary way, full rigged, retails for twenty-two. dollars. Inferior Steel Plows retail from sixteen to nineteen dollars. The price of our new Plow will be but Seventeen Dollars, and it will be the cheapest Agricultural Implement ever sold. Its mold board will outwear three of the very best kinds of the ordinary steel mold It will scour in soils where all steel plows and all other plows have hitherto proved a

With this Plow will be introduced a corrugated Plow Point and Jointer Point, on which we have also obtained a Patent, and which is also a great improvement, both as regards strength and wear.

The Jointer can be shifted so as to take more or less land, and also more or less pitch, and it can always be kept on a line with the The wheel will run under the beam or one

side of it as desired, and always kept in line. The beam is adjustable for Spring or Fall Plowing, and also for two or three horses. The handles can be adjusted to accommodate a man or boy, on the same Plow. Wooden boams are going out of use because they shrink, swell and warp, and hever run

bend, which is much worse than to break. A Steel beam is the necessity of the day. It is three times as strong and very much lighter than any other style. When we say a Mold board is chilled the farmers know it is so. We do not palm off on them a composition of various metals and call it chilled metal. We want agents for this new Plow in every town in this State. We can give but a very small discount to them, but we will pay the Railroad Freight. We propose to place this Plow in the hands of Farmers as near the cost of manufacture

It shall also be the cheanest. Persons therefore who are not willing to act as agents on the principle that "a nimble sixpence is better than a slow shilling," need not apply for an agency. No Plows on commission. All sales absolute. This is the only Steel Chilled Plow in the World. Steel costs several times more than Iron. But this Plow, full rigged, by giving small discounts, can be sold for Seventeen Bollars. Compare this price with that of any Iron Plow It is cheaper than any other Plow now made would be at five dollars and a half. Where there are no agents we will on re-celpt of Seventeen Dollars, send a Plow to any Railroad station in the State and pay the freight

If stormy on Tuesday, the Excursion ake place on the next fair day. Remember the Fare for Round Trip only One Hollar

butter and sugar mixed.

Cookies.-One-half cup butter, one-half of milk, one of sugar, a teaspoonful of cream tartar, one-half of soda, flour enough to roll them good. Knead them as little as possible, bake in oven. Use nutmeg or ginger for spice.

To CLEAN OIL CLOTH.-Dlp a damp cloth in corn meal and rub the oil cloth very thoroughly. Wash off with cold water which must be changed two or three times. Soap should never be used for cleansing oil cloth.

A few potatoes sliced and boiling water poured over them, are excellent for cleansing and stiffening rusty black silk. Green tea boiled in iron may also be used. The silk should not be wrung, and it ought to be ironed while damp.

A NICE WAY OF COOKING GREEN CORN.-Cut off carefully the corn from the cob, (the corn having previously been boiled,) beat up two or three eggs, add a pint of milk, pepper, salt and a bit of butter. Bake

WALNUT CAKE. - One pound of flour, one pound of sugar, three-quarters of a pound of butter, one and one-half pounds of raisins, one nutmeg, six eggs, one wineglassful of wine, two quarts of walnuts (before cracked) bake in a quick oven.

ROLL JELLY-CAKE. -Three eggs, one cupful sugar, one cupful flour, one tablespoonful rich milk or cream, one teaspoonful baking powder, pinch of salt. When mixed ness, Dyspepsia. Clears the Compress them on long tins; bake; turn from plexion by Purifying the Blood. spread them on long tins; take, this from tins; spread with jelly or chocolate, and roll immediately.

SPANISH TOAST .- To three eggs, we beaten, add a pint of milk, a little sweet ened, then pour the mixture over some slices of bread. When the slices are thoroughly saturated, fry them of a deliouts brown on both sides, in hot lard, This is best eaten with wine sauce.

POTATO BATTER AND MEAT,-Take some slices of cold underdone meat, season with salt, pepper, and a little onion chopped fine. Put them in a baking dish, then fine. Put them in a baking dish, then make a batter of mashed potatoes mixed treatment, sent free. Address Dr. SANFORD, 162 Broadway, New with an egg and a little milk; pour the batter over the meat and bake it.

CHOCOLATE PUDDING .- Mix the yolks of six eggs with one cupful and a half of sugar and fifteen tablespoonfuls of breaderumbs, then a quart of boiled milk; take eight tablespoonfuls of grated chocolate, mix with a little boiling water and pour into the mixture; the whites of three eggs are to be well beaten and added last, with a very little salt; bake one hour; beat the remaining three whites into a stiff froth; add icing sugar sufficient to make a meringue and dry without browning.

TROY ROLLS.-One plnt of milk, onehalf cup of butter, one-quarter cake compressed yeast, two quarts flour. Heat the milk and butter until the butter is melted; RHECMATISM. NEURALGIA, MALARIAmilk and butter until the butter is molted; It Diphtheria, Pneumonia, Sore Throst, Inflammadon add the yeast, pour the mixture in the midof the Kidneys, Backache, Pike, Bunions and Soreadd the yeast, pour the mixture in the mixture of the Kidneys, Backache, Pike, Bunions and Sored the flour, stir a little. If mixed at 9 A. M., mold at 1 P. M., without adding any more flour. Four hours later, or one before baking, mold into rolls. Bake twenty minutes.

Bake twenty minutes.

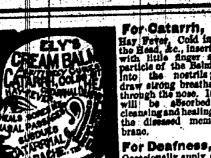

Thousands have been saved from an untimely death by its see. Do not delay, but try it.

It is a household necessity. Full particulars, in our illuminated Cards and Circulars, sent free, upon application by Mail.

LEMON JELLY CAKE. - One lemon, grated rind and juice, piece of butter size of an egg, two eggs, one cup white sugar, Put this into a tin dish and place in kettle of boiling water on the stove and stir constantly until it thickens. Spread it before the jelly or cake is quite cold, between layers of cake made thus: two and one-half cups flour, one and one-half sugar, one half hutter, one-half sweet milk, three eggs, one heaping teaspoonful baking powder. This makes four layers.

STRAWBERRY BHORT-CAKE. - Make ; a crust sufficient to cover the bottom of two ple-dishes, rolled thin, of the ingredients which would make raised biscult; bake both at once; have two boxes or two quarts of strawberries thoroughly cleansed, and well awestened; as soon as the paste is baked, while het, spread with good butter, cover with half of the berries; sprinkling more sugar on top; cover with the other baked biseult, butter as before, add the other half of the berries, with more sugar, and wrap well with a clean towel, and cover with a blanket, to remain to steam until cold.

MARSHMALLOW PARTS OR DROPS --Marshmallow root, four ounces; water, half gallon: macerate 19 hours, strain, and add white augur, one pound; gum amilio, one pound ; dissolve, strain and evaporate to thickness of honey, constantly stirring, and add gradually the whites of 12 eggs. Majs, Max Rifel, Fred. Miller, Jeremish well beaten, with orange flower-water, four ounces, well strained; condants the evaporation and constant attribg till the mass is so firm as not to adhere to the fingers: then dry in an oven, and divide in small masses. Wanted to make up business coats. wanted to make up business coats. When finished, it should be very light and Apply at C. W. Hanke's Clothing Store spongy.
