our present styles.
A hist-class Steel Plow, made in the ordinary way, full rigged, retails for twenty-two dollars. Interior Steel Plows retail from sixteen to mineteen dollars.

The price of our new Plow will be but Seventeen Dollars, and it will, be the

Its mold board will outwear three of the very best kinds of the ordinary steel mold It will scour in soils where all steel plows and all other plows have hitherto proved a With this Plow will be introduced a corru-

gated Plow Point and Jointer Point, on which we have also obtained a Patent, and which is also a great improvement, both as regards Birength and wear.
The Jointer can be shifted so as to take more or less land, and also more or less pitch, and it can always be kept on a line with the

The wheel will run under the beam or one side of it as desired, and slyays kept in line. The beam is adjustable for Spring or Fall Plowing, and also for two or three horses. The handles can be adjusted to accommodate a man or boy, on the same Plow.

It is a perfect Plow, wooden beams are going out of use because they shrink, swell and warp, and never run

two seasons alike.
Iron beams are too heavy. Malleable beams become demoralized and bend, which is much worse than to break. A Steel beam is the necessity of the day. It is three times as strong and very much lighter than any other style.

When we say a Mold board is chilled, the armers know it is so.
We do not palm off on them a composition

of various metals and call it chilled metal. We want agents for this new Plow in every own in this State.
We can give but a very small discount to them, but we will pay the Railroad Freight.
We propose to place this Plow in the hands

of Farmers as near the cost of manufacture It will be the best Agricultural Implement ever sold.
It shall also be the chapest.

Persons therefore who are not willing to act agents on the principle that "a nimble sixcence is better than a slow shilling," need not apply for an agency.
No Plows on commission. All sales absolute This is the only Bloel Chilled Plow in

the World.
Steel costs several times more than Iron. But this Plow, fell rigged, by giving small discounts, can be sold for Seventeen Dollars. Compare this price with that of any Iron Plow It is cheaper than any other Plow now

made would be at five dollars and a liaif. Where there are no agents we will on re celpt of Seventeen Dollars, send a Plow to any Raffrond station in the State and pay the SYRACUBE CHILLED PLOW CO. Syracuse. N

B. J. KENDALL & Co.—Gentlemen: We have a beautiful roan mare that was given to us on account of a spavin on her leg, which made her dead lame. Of a spavin on her leg, which made her dead lame. We took off her shoes and allowed her to run in the barn yard in the fall of the year, applying "Kendail's Spavin Cone" according to directions. We did not use her for a month. She was entirely cured, and the bunch completely removed, and has energy bear lame since. We state what we know to be a fact. We have sold 12 dozen bottles in the short time that we have acted as your agents in Concord. Respectfully yours,

To whom it May Concern.—In the year 1875 I treated with Kendall's Spavin Cure. a bone spavin of several months' growth, nearly half as large as a hen's egg, and completely etopped the lameness and removed the enlargement. I have worked the horse eiter since very hard, and he nerer has been lame, nor could I ever see any difference in the size of the hock joints since I treated him with Kendall's Spavin Cure.

How to Carrect and Improve

One of these is found in KING'S PATENT COM-INATION SPECTACLES. As the name indicates, they consist of a combination of silver and steel frames, the silver bridge making a more elegant, durable and faxible frame and enabling any dealer to adjust it to any face, so that the cone of the lens is in the dured line of vision, thus giving the greatest benefit possible to be derived from the use of spectacles.

It also enables anyone to adjust it themselves to the position where it has corrects the sight. This System is Copyrighted, and can only be used by Mr. King's Agents, all of whom are instructed in its use. The King SPECTACLES are the first in merit over a million pair now being in daily use. Through his Agent, Mr. King will undertake to fit the most difficult cases of defective vision. We are glad to announce that the Solk Agent for this place and vicinity is

Dr. B. J. KENDALL & Co.—Gerts: In reply to your letter I will say that my experience with Kendall's Spavin Cure has beet very satisfactory indeed. Three or four years and I. couned a bottle of your agent, and with it, cured a horse of hameness caused by a spavin. Last season my horse became very lame and I turned him out for a few weeks when he became better, but when I put him on the road he became better, beep and Swine. It cures and prevents Cattle, Sheep and Swine. It cures and prevents Cattle, Stoughton, Mass., March 16th, 1880.

B. J. KENDALL & CO.—Gents: In justice to you and myself, I think I ought to let you know that I have removed two Bone spayins with "Keudall's law of you come the spayin had been there. I have owned the horse eight months. I took me four months to take the large one off, and two for the small one. I have need to bottles. The horse is entirely well, not at all stiff, and no bunch to be seen or felt. This is a wonderful medicine. It is a new thing here, but if it does for all what it has done for me it as lee will be very great.

A NEW DEPARTURE! BEST PLOW IN THE WORLD

THE SYRACUSE CHILLED PLOW CO. of Syracuse, M. Y. tre now putting on the market a Plow that is as much superior to any Plow heretotte made as the Plows of the past few years have been superior to those made half a contary

It combines all the excellencies of any Para in use. It obviates all the objections made to any other Plow.

In addition it embraces several new features of the greatest value, for which we have the tained exclusive Patents. Its Beam, Clevis, Jointer Standard and Wheel Standard will be STEEL, and its mold beard will be a composition of Steel and Iron chilled

under a process for which we have also obtained an exclusive Patent. It will be THE SYRACUSE CHILLED STEEL PLOW

Its weight will be eighteen pounds less than our present styles.
A first-class Steel Plow, made in the codinary way, full rigged, retails for twenty-two dollars. Inferior Steel Plows retail from sixteen to nineteen dollars. The price of our new Plow will be but Seventeen Dellars, and it will be the cheapest Agricultural Implement ever sold. Its mold board will outwear three of the

It will scour in soils where all steel plans and all other plows have hitherto proved a With this Plow will be introduced a corregated Plow Point and Jointer Point, on which we have also obtained a Patent, and which is also a great improvement, both as negaris strength and west. The Jointer can be shifted so as to take more or less land, and also more or less place. and it can always be kept on a line with the The wheel will run under the beam or casside of it as desired, and always kept in line.

The beam is adjustable for Spring or Fill Plowing, and also for two or three here's The handles can be adjusted to accommodate a man or boy, on the same Plow. It is a perfect Plow. Wooden beams are going out of use because they shrink, swell and warp, and never that salls encesee out Iron beams are too heavy. Malleable beams become demoralized and

bend, which is much worse than to break A Steel beam is the necessity of the day. If is three times as strong and very much lighter than any other style.

When we say a Mold board is chilled, the farmers know it is so. We do not palm off on them a composition of various metals and call it chilled metal. We want agents for this new Plow in every town in this State. We can give but a very small discount to them, but we will pay the Railroad Freight.

We propose to place this Plow in the hands of Farmers as near the cost of manufacture as possible. It will be the best Agricultural Implement It shall also be the cheapest. Persons therefore who are not willing to all as agents on the principle that "a nimble sitpence is better than a slow shilling," need and pply for an agency.

No Plows on commission. All sales absolute This is the only Steel Chilled Pl. w is the World Steel costs several times more than Iron. But this Plow, full rigged, by giving smill discounts, can be sold for Seventeen Dellas-Compare this price with that of any Iron Plan It is cheaper than any other Plaw the made would be at five dollars and a half. Where there are no agents we will, an he ceipt of Seventeen Dollars, send a Phot to all Railroad station in the State and parties Address
