LAW OFFICES OF GILHOOLY & MARSH. EUZABETH, N. J., March 8, 1881. To O. W. L. Martine, Director etc.: DRAR SIR-The Supreme Court of this State at the present term rendered three declatons in favor of the County of Union in the following cases, Fairbanks vs. Sheridan, Collector, Sheridan, Collector vs. Now!Providence, and Sheridan, Collector, vs. Plainfield, with the two latter you ar already familiar. The former is a suit brought by Henry F. Fairbank about three yours ago, for fees claimed by him Police Justice of Elizabeth: In February 1880) he obtained an alternative writ mandamus aga not the Collector, to which demurrer was filed by me in May last, and argued in Rovember last, at this ferm the demurrer was sustained and leave given

lo Mr. Fairbank to serve an amended writ. Yours respectfully.
P. H. Gilnooly. Frecholder Forsyth moved the communication be received and spread upon the minutes.

Which was carried. Director Marine presented the following statement which was read by the Clerk: To the Honorable the Board of Chosen Frecholders of Union Co.:

GENTLEMEN: In accordance with your resolution of May last authorizing your Director, Col-lector and Attomey to collect all taxes due the County, proceedings were taken against all delinquents, the places involved were Bummit, Rahway, New Providence and Plainfield, proceedings were instituted to collect all arrearages with interest, and mandamus would have been issued in each case at the last term of the Court had it not seen for the interest claim, the considera tion of which rassed the decision over t the present terra; in the case of Summit b resolution passed at your last meeting th case was stayed. Rahway having changed her city treasurer will cause some delay; as to New Providence and Plainfield, mandamuses have been awarded with interest from July 6th, 1880, New Providence having in the meantime paid the claim in full. In these opinions it has been again shown that the State and County must be paid out of the first monies collected, and it is also settled for the first time that interest chargeable on the whole amount afte December 22d in each year, if an amount has been collected sufficient to pay the State and County, or in other words, in-

amount has been collected to pay the State and County tax. The importance of our insistment upon the prompt payment of all monies due the State and County is shown by the complications that always arise when a portion of the taxes of two and sometimes three years fall in arrears, when new Collector's bondsmen and other officials take the place of old ones; also by the condition of sister counties seeking legislation, authorizing WELLS, RICHARDSONA CO., Prop's, them to issue Tax Arrears Bonds o meet the (Will send the dry port-paid.) BURLINGTON, TT. demands of the State, thereby giving them-selves temporary relief from present embar-

rassments.

Many look upon it as a hardship that the State and County should insist upon taking their quota out of the first moneys collected. A little thought it appears to me ought to dispet that idea, for when the State runs its government, executive, legis-lative and judicial, and the County provides for the public records, courts, constables buildings, criminals, lunatics, and in many instances the paupers, society has that which is the most necessary for its protection and safety, therefore the means should be provided to most the means should be provided to meet those obligations promptly, and if temporary loans on tax arrears or "tax arrears bonds" should be required, they should be raised or issued by the cities and towns that have the in-dividual accounts of those arrearages. Therefore it appears that the law in justice to all has provided that all shrinkage in the collection of tax levies shall full on each city or township that may be responsible for those shrinkages, which may have been brought on by small embezzlements, care lessness in the collections or other causes. A considerable amount of luterest charged on the Collector's books agains some of the cities and townships, and a these mandamus opinious debar us from collecting, where the claim has not been properly made in time, I would suggest that a resolution be passed, authorizing the Collector (after consultation with County Attorney) to cancel all that cannot be collected. Also a resolution authorizing the continuance of such steps as the Attorney
