Duplication of consult-ing services also has been uncovered, somerimes with similar contracts being awarded by different offices of the same govern-ment agency. The heavy use of con-sultant services, currently involving 30,000 contracts a year, makes a mothery of efforts to route the federal payroll. The Congressional in-vestigation turned up instances of contracts being awarded to svoid ez-ceeding personnel cellings to reduce the number of regular employes. Three persons announced Clark Board of Education Three persons announced Clark Board of Edization candidacies on what they are calling a "rulorm ticket." The candidates are Mrs. Eileen Mezzo, & former candidate who served on study committees for de-clining enrollment and transportation; William Krauss, president of the Clark Recreation Banchall League and associated with other youth activities, and Donald Ehrenberg, involved in activities includ-ing tennis instruction. According to the slate, a need for reform has been underncored by recent revelations that the present and past hoards have been allegedly "overspeciding" for such activities as meals, parties and trips. They said their elections would restore integrity to the educational process.
