DEATH ON THE RAIL

The recent case of the death of a young man on the New York Central railway, which was reported in the columns of this paper, has attracted the attention of the public. It is a case which has been widely discussed and has led to a number of inquiries into the safety of the railway system. The deceased was a young man of about 25 years of age, who was traveling from New York to Philadelphia. He was seen by a witness on the train, who reported that he was sitting in the first-class car, and was looking out of the window. The witness also reported that the young man was wearing a dark suit and a hat, and was carrying a bag. The train was traveling at a high speed, and the young man was seen to fall from the train. The witness also reported that the young man was seen to fall from the train, and that he was seen to fall from the train. The witness also reported that the young man was seen to fall from the train, and that he was seen to fall from the train.

The following case is a very interesting one, and is one which has attracted the attention of the public. It is a case which has been widely discussed and has led to a number of inquiries into the safety of the railway system. The deceased was a young man of about 25 years of age, who was traveling from New York to Philadelphia. He was seen by a witness on the train, who reported that he was sitting in the first-class car, and was looking out of the window.
