"I was disappointed because you were not at the [illegible] and I came to ask permission to spend the evening with you here."

He took a seat and sat abstractedly gazing into the fire. Then after a few attempts at conversation, he abruptly asked me to become his wife.

My conscience smote me. I did not love him, and could only refuse his offer in as delicate a manner as possible. "Do not blame me," I said at the close.

"Why, Christie, are you sitting up for me?" It was my Aunt Helen's voice. Quite bewildered, I started up. "Where is Frank?" I asked.

He mentioned the name of several, with some of them I was familiar and we sang them together, to Aunt Helen's delight. After this, Mr. St. George read aloud at her request, as we were all seated around the centre-table. How cosy and home-like it seemed, and for the first time I wondered how I could have remained so long contented alone, almost, in the old house by the sea.

CONGRESSIONAL CONVENTION

The Democratic Convention of the Third Congressional District, composed of the counties of Hunterdon, Middlesex, Somerset, Union and Warren, will be held in the Court House, in the Town of Somerville, on Thursday the 18th day of August, 1870, at 11 o'clock A. M. to nominate a candidate for Member of the House of Representatives of the United States, and for the transaction of such other business as may come up before the Convention.

Delegates will be appointed by the several townships, in the ratio of one to every one hundred Democratic votes that were cast at the Congressional election in 1868, with an additional delegate for each fraction of fifty or over.

By order of last Convention.

WILLIAM PATERSON Pres.

Under the foregoing call the townships and wards in the County of Union will be entitled to elect the following number of Delegates, respectively:

PRIMARY MEETINGS.

In accordance with the above call, the Democratic voters of the city of Rahway will assemble in their respective wards on MONDAY EVENING, AUGUST 15TH, at 8 o'clock, for the purpose of appointing delegates to said convention, and also for other important business.

The places of meeting will be [illegible]

The Chicago *Tribune* (Republican) says the re-enacting of the [illegible] will lose to the Republican party this fall, more than a hundred thousand votes.

The seat of government of the United States has been transferred, it appears, to Long Branch, Grant and most of the Cabinet being there. A cabinet meeting was announced for yesterday at Grant's cottage.

Ex-Gov. Parker is named as a Democratic candidate for Congress in the Second District. Robert Allen, Jr., Prosecutor of the Pleas for Monmouth county, is named as a Republican candidate.

Hon. John T. Bird, the present representative of this Congressional District, will, of course, be renominated by the approaching convention. He has been a faithful representative, alert at his post and mindful of the interests of his constituents.

A tax of one per cent. has been levied upon the salaries of all Republican office holders under the present administration, to form a campaign fund to be used in the coming election. The order is "down with the dust or off goes your head," and they "dust."

The war in Europe is still the exciting topic. Some skirmishing has taken place, in which the Prussians are reported as victorious, but no general engagement has occurred yet. Napoleon, Emperor of France, and King William have both gone to the front.

It is noticeable that several of the radical members of last Congress are fleeing from the wrath to come and declining renominations. These are the demagogues who have deceived the people, broken their pledges and used their power to legislate in favor of jobbers and speculators, fear to face their constituents again. Among these is Schenck, of Ohio, who was so prominent in engineering through the income tax, announces his intention to retire from politics."

The U. S. Attorney General, in view of the elections to take place during the coming fall, has prepared and will issue the following circular to United States District Attorneys, Marshals and Commissioners:

Your attention is called to the act passed at the last session of Congress entitled "An act for the enforcement of the Fourteenth and Fifteenth articles of amendments to the Constitution of the United States," a copy of which is herewith sent to you. The act makes it your special duty to institute proceedings against all violations of the act. You will, therefore, whenever you receive from any source credible information that the act has been violated, take prompt measures for the arrest and effectual prosecution of the guilty party.

A. T. AKERMAN,
Attorney General.

The Democracy are active in every locality this year, and are determined to wage an aggressive war upon the party that has held sway in our land for the past nine years or more. The honest but misled people are beginning to see that what the Democrats have been charging upon the Republicans is but too true, and multitudes who have been upholding that party by their votes are leaving them in disgust, and are signifying their willingness to co-operate with the tried and true Democracy in endeavoring to hurl the radicals from power. There is work to be done this fall, and we call upon the young Democracy, as well as the older members of the party, to gird on the armor and push to the front. As will be seen by the call in another place, meetings will be held in the different wards in the city on the 15th inst., to appoint delegates to the Congressional Convention, and also to transact other business of importance to the party. It is hoped that every one who has an honest desire to see a change in the national administration of affairs will attend these meetings, and lend their assistance in the furtherance of the cause of the white man's party.

The Long Branch steamers transport, on an average, more than six thousand passengers a day.

THE CONTEST FOR 1872.

It is not less true in politics than in anything else, that "coming events cast their shadows before."

For weeks the Republican press, with remarkable unanimity, has been expressing the fear that is prevalent with the whole party, that the Democracy will certainly have a majority in the next House of Representatives. The leading and most sagacious persons already confess that it is utterly impossible to retain a Republican majority in that body after the XLIst Congress. We make this assertion upon the testimony of Republican journals, and shall print within a few weeks extracts from enough of them to prove what we say.

Reasonable and clear figures we have already given to show that it is not only possible, but more than probable, that the Democrats will have a [illegible] majority in the next House [illegible]

[illegible]

A general election is to be held in North Carolina to-day, and the Republicans have inaugurated [illegible] to terrify the people and [illegible] to [illegible] President Grant has been sending United States soldiers into the state for some days past, and the people of North Carolina are to vote under the pressure of military power.

THE COMING YACHT RACE.—The Committee of the New York Yacht Club, to whom was entrusted the arrangements for the Challenge Cup Race, have decided upon Monday, August 8th, as the time for the race and the course usually sailed by the Club in their annual regattas, viz: from the Owl's Head around the lightship of Sandy Hook and return, as the course to be sailed.

The camp will be under the auspices of Cyrene Commandery, of Camden, and other New Jersey organizations of Knights Templar. Delegations from Philadelphia commanderies will be present, and probably will go into camp with their New Jersey brethren in a body.

An ignorant fellow got on board a steamer on Lake Huron. After standing on the deck awhile among the crowd, and seeing the captain approach, he inquired:

"What is the name of this lake?"

"The Lake Huron." ... you're on."

"Yes, sir," replied the man.

But, the captain going no farther, the stranger said:

"Well, what is the name of the lake?"

"Lake Huron," again answered the captain.

"Want to know what lake I'm on—its name?"

"What, sir," said the captain, "the name of the lake you are on is the Lake Huron. Does that satisfy you?"

The crowd were now smiling quite audibly, and the man walked away, muttering to himself:

"The lake I'm on is the lake I'm on. That is a polite captain, indeed!"
