THE WRONG GIRL.

His name was Augustus Smythe; he was a clerk in the dry goods store and didn't carn enough to starve decently on, but with that sublime assurance which distinguishes the lah-de dah young man of the period, he was paying attention to the prettiest girl in Detroit. He managed by not paying his washerwoman and tailor to take her to the operas and theatres, but as times were getting hard he concluded to marry her and save the expense of boarding. some process of mental arithmetic known to the genius he decided that what was not enough for one was enough for two, and forthwith he concluded to pop. He knew that his per sistent visits had kept other young men away, and so he had no fears of a trial. When the time came and he found himself in the company of his Laura in her papa's comfortable parlor, he leisurely seated himself by her on the sofa, took her little dimpled hand used only to tingle the piano with, and said in a bronze voice : " Dear Miss Laura, I have concluded to marry." Laura started, as he intended she should. Then he resumed, grandilo ouently : "I want a dear little gir about your size, with a great big heart. just like yours, to share my lot." "Is it on Jefferson avenue ?' mur mured Laura. "No, dearest, it is on Croghann st but what are localities to hearts that love? I want a girl who is good temnered, smart, economical, and who loves me! Darling, do you know of

such a one ? "Yes, oh yes, I am Laura, faintly. sure I do." " One who rather live with me in poverty th ill with some others riches? would esteem i pleasure to me, cook my me keep the hc idy and listen for footsteps? w. ould rise early and in late for my • e?' # Delicious Food, Healthfulness and Economy. —: DAVI **CLEVELAND'S** SUPERIOR **BAKING POWDER**

Manufactured by Cleveland Brothers, Albany, N. Y., is the PUREST, STRONGEST, MOST HEALTHFUL, and will always be found THE MOST RELIABLE AND MOST ECONOMICAL preparation ever produced for making most delicious, light, white, sweet and healthful biscuits, cakes, pastry, puddings, &c., and has met with unprecedented success wherever introduced during the past fifteen vears.

The public have a right to know what they are using as food. Anything that so vitally affects the health of the family as the daily bread we eat should be free from any suspicion of taint, and housekeepers should demand that manufacturers plainly state all the ingredients of compounds that are used in the preparation of our daily diet. Do not use baking powders whose manufacturers wholly or partly withhold from the public a knowledge of the ingredients from which they are made. CLEVELAND'S SUPERIOR BAKING POWDER is made only of purest Grape Cream of Tartar, Bicarbonate of Soda, and a little wheat flour, the latter to preserve the strength of the powder. Nothing else whatever is used in its manufacture.

NEW YORK, July 11, 1884. In analyzing samples of baking powder purchased by myself of a number of grocers in New York City, I find that CLEVELAND'S SUPERIOR BAKING POWDER contains only pure Grape Cream of Tartar, Bicarbonate of Soda, and a small portion of flour.
