The theme is suggested to us by the fit of much of the Ready-Made Clothing we see on the street. It may seem strange for us to claim for our garments a superiority over those produced by our immediate competitors, because, to a large extent, they are made of the same cloth and sewn with the same silk. Still there is a difference, and a great one. An artist can, with a single touch, mar the beauty of an otherwise pleasing picture. It is the same with a garment. Much Ready-Made Clothing is indeed so near to and yet so far from a fit, that the good appearance of the whole suit is destroyed by a trifle. You might as well compare a chromo from a tea store to the finished picture of an artist, as to compare a good deal of other people's clothing to the perfectly finished garments made by us. And the beauty of it is you get as good a fit in the low-priced stock as you do in the high.

Our \$8 Overcoats

-and by the way, they are dandies for the price will fit equally as well as our \$18 coats; and a Ten Dollar All-Wool Suit will adjust itself to your form as perfectly as though you paid \$35 for a suit made to order.

To Assist Nature In restoring diseased or wasted tissue is all that any medicine can do. In pulmonary affections, such as Colds, Bronchitis, and Consumption, the mucous membrane first becomes inflamed, then accumulations form in the air-cells of the lungs, followed by tubercles, and, finally, destruction of the tissue. It is plain, therefore, that, until the hacking

cough is relieved, the bronchial tubes can have no opportunity to heal. Ayer's Cherry Pectoral Soothes and Heals the inflamed membrane, arrests the wasting process, and leaves no injurious results. This is why it is more highly ble to prove any thing whatever against the estemeed than any other pulmonary latter. To convict the abductors was a work specific

By the time I had finished the bottle I was well, and have remained so ever since." Alonzo P. With his usual cloverness and unscrupu lousness in distorting the truth, he immediately circulated a report which, on the face of it, appeared so plausible and probable, so satisfactory an explanation of the extraordinary disappearance of the Princess, that all who had heard about it at once accopted it as truth, laughed at themselves or their unnecessary interest and horror, and under the supposition that the Princess was with her family at Lake Muggio e, dropped their talk and soon forgot entirely about the supposed abduction. And soon to those who had heard of it, at all, the abduction of the Princess Natalie Radziwill was a thing of the past.

This was just what Jean Louvait wanted.

This was just what Jean Louvait wanted. Not a single newspaper even referred to the supposed false report which died shortly after its birth. Louvait rejoiced. HAVE TO SAY ABOUT CLOTHING!

Since our REMOVAL to our NEW BUILDING we have been busy preparing an entire NEW STOCK of THE BEST SHAPED and FINEST FINISHED GARMENTS ever shown to our customers; and to day we have an immense stock, ALL NEW, STYLISH, HANDSOME, and VERY LOW in price. Never was such a stock of ELEGANT GAR-MENTS shown in the city, each a perfect copy of the most expensive custom made work; and never before were such low prices named for garments of equal style and durability. It requires no expert to judge of the merits of our stock; for even the most inexperienced at a glance will see their IM-PROVED DRESS APPEARANCE when they try them on. Think of the Finest Cassimere Pants, cut by special patterns, marked in plain figures, at \$5, 5.50 and \$6 a Pair. The new Cheviots and Shaded Striped Pants, now so popular in custom trade, selling for \$3, 3.50 and \$4, or our broken lots of Fine Pants Marked Down daily to close out quick at \$2, 2.50 and \$3 a Pair. We are quoting prices that can only be made under Low Expenses. We may not be clearing large profits; but we are selling goods, and lots of them, pleasing our old customers and making new ones, simply by giving them Better Goods than they ever saw, All Ready to Put On, and saving them all useless expenses like the cost of shows in windows, circus wagons, signs on fences, gifts, commissions or discounts to favored customers or their friends. You can surely save from 20 to 25 per cent. on your FALL SUITS by coming direct to us. We are finishing daily full lines in all the New Cuts. complete for \$10 and \$12. The popular Gold Thread Cheviots that merchant tailors are using, we get up very handsome, and sell at \$13 and \$15 for complete suits, and in Dress Suits we have a complete department, stocked with the very latest garments, where you can select a suit for \$15, 18 and \$20, for which a merchant tailor would surely charge you twice as much and rarely give you such elegant garments. Our New Overcoat Salesroom, on second floor, is now open; and here you can find Montaiguac Beavers, satinlined, for \$25; Elysians, in all the new shades, at \$22; Kerseys, A in solid and mixed colors, at \$18 and Diagonal Velours, (new this source; at \$15 and \$16, and All-Wool Chesterfield Overcoats, lined with cassimere, in all the long cuts, at \$10 and \$12; besides a Hundred Stylish and durable designs, in all shades, at \$7, 8 and \$9. Remember, these garments are cut single by special patterns drafted from actual measurement taken in our customsdepartment, kept on convenient racks, and handed to you fresh from the hands of our tailors, free from all creases, wrinkles, or any of the usually objectionable readymade look. The materials from which Fine Clothing is made were never as low as now, and as labor is only a trifle higher you should buy your clothing from 20 to 30 per cent. below the rates of former years; and this you can do if you save all Intermediate Profits and Useless Expenses, and come direct to the makers for it. Before ordering your WINTER CLOTHING you should try on our New Garments. They are Custom Made in every detail. No tailor uses Finer or Newer Fabrics, our Trimmings are the same, and the Best Custom Tailors Work for us.
