he formation and management of "The Associated Prees," the great disseminator of world-wide news, by Wendell Phillips Dodge, MIRREPRE. we have these words in conclusion: "The Associated Press usurps in a large measure the BENTATION

functions of the diplomat. and makes for universal peace and tedious methods of diplomacy, as formerly, the story is told with anthority by the Associated Press. The point of view of a country is presented. The medical Record, their suthoritative publication says this. If all the ity by the Associated Press. The point of view of a country is presented no longer by diplomatic communication, but in the dispatches of the Asso-clated Press. It is the High Court of public opinion that must settle inter-national questions. Let the doctors once secure the upper hand in our law of national questions.

"The authorities of the Foreign Offices of the different European goy-The authorities of the Foreign Onces of the different European goy-ernments recognize the independence of the Associated Press, and have vir-tually made choice of it as a forum for the discussion of current questions of international interest."

prising that it should allow its columns to be used to deliberately misrepre-"Lawyer Woodruff and Mr. Furber have had a number of pub-He clashes in which the former has more than held his own. One

of the most memorable of the public affairs occurred last June in the Council Chamber, where Mr. Woodruff won a signal victory for the people in favor of a liberal Fourth of July celebration, while Mr. Furber was opposed to a celebration by fireworks."

We have now only to quote from the cloumns of the Journal Habif t referred to above, the Journal said:

LIVE FOURTH, DEAD CHILDREN. Following Mr. Smith, J. B. Furber, publisher of the News-Herald took the floor in behalf of the ordinance and referred to many of the statements made by Mr. Woodruff, stating that a so-called live Fourth meant deed children. He said, referring to Mr. Woodruff, "Some people want nothing but noise." Mr. Furber stated that many had signed the petition presented by Mr. Woodruff because they thought it called for a mane Fourth, and that he could give the names of Indice who had ions so. At this point Mr. Woodruff shot to his feet as if operated by automatic springs and hotly challenged Mr. Furber to name a lady who had thus slaned the petition, and said that he would not mmpany Mr. Furber in the search. Mr. Woodvull said that he would not permit the ladies who had signed the petition to be thus sland-

Pandemenlum Reigns. "The Interruption of Mr. Furber, by Attorney Woodruff created m uproar in the Council Champer. Shouts went up from the audiance and pandemonium reigned for a few minutes. President of the Council B. B. Mottatt rapped sharply many times before order could be restored and even then every remark which Mr. Woodruff did not like was the signal for further interraptions of the speaker. intil President Motfatt informed Mr. Weedruff that he would be obliged to leave the council chamber if he persisted, as he would be ample time to be heard when the speaker had finished

"Mr. Furber concluded his remarks by quoting the action remently taken by the council in Montolair. where a same Fourth ordi-Bance had been unanimously passed after a vote by the meheol children on the matter. As a dramatic feature of the argument, Mr: ter. As a dramatic feature of the argument, Mr: death from lockiew which he said, if witnessed a council would certainly cause him to vote in nos. Mr. Furber also received hearty applause." bove from the Journal it might be said that the Com-r, did pass a "Same Fourth" ordinates, Bot prohibit. There has been talk abroad, of late, in the newspapers and upon the streets in some larger oities, of omith ing the initiative, referendum and re-GHORON II. BARRITT Sectoral Call in the proposed act of assembly Cossi City, N. J. March & 1612 Furber alluded to a death from lookjaw which he said, if witnessed by a member of the council would certainly cause him to vote in favor of the ordinance. Mr. Furber also received hearty applause.

restrictive and as a result of the campaign of the News-Herald ez-iy. as no movement had been made in the matter until the News-took if up after which it received the cordial support of Mayor Now-took if up after which it received the cordial support of Mayor Now-it is the same fight that has been carried on by the Journal itself unales, by giving the people no hold who has been for many years exercised. LAHWAY NEWS-HERALD TUESDAY, MARCH 7, 1911

the us says at is surprising how it. tie sleep some people can get sloug with who deliberately keep late hours and never give a thought to the loss of sleep. A great deal of the injury to health from insomitia is caused by the attendant worriment and fear that the condition will become chronic and that the lost sleep has produced some grave injury to health.

As a matter of fact, most cases o insomnia are readily curable if the patient's co-operation can be secured. In cases of mild insomnia, where the trouble is not of long standing and is due to worry, overwork or nerve strain of some kind, very simple remedies will often suffice, and it is at this stage that a determined effort should be made to check the growing habit.

Sleep, thou gentlest of the In the first place, have faith in your deities, thou peace of the ability to check the tendency. Remind, from which care files; solve that you will not carry your who dost soothe the hearts of men cares to bed with you and especially wearled with the toils of the day and avoid harassing problems immediately before retiring. Do your hard think-Thus spake Ovid about the year 10 ing in the morning hours. You will B. C. Since then little has been added think more clearly and take less time to our knowledge of the actual mech-work out your tough life problems in

physiologists have their theories, but It is surprising how a prodigious as it is difficult to put the sleeping worry which after a long day's work brain under the microscope the "mys- looms enormous and threatening, like tery of folded sleep" is still a mystery. the genie emerging from a bottle in the Arabian tale, will dwindle to ridiculous proportions when viewed in the morning light, The tired brain cannot cumulation of waste products in the get a true perspective of affairs, and blood brings on a condition of irrits | just as everything seen through a bility or fatigue of the brain cells, rough, uneven glass appears distorted finally resulting in depression and un to up ver troables when see soce through consciousness: others, that the deli- tired eyes. The rested morning brain cate filaments by which the higher is well balanced. It weighs accurately and will measure real trouble when it omes and more thoroughly prepare to meet it than the overworked "evenbrain, which is always crying "Wolf, wolf!" If you are a commute think it out on the train. If you are a farmer wrestle with it as you plow. he field. If you are so thrice blessed as to have a garden and a spare moment work it-dig, dig-and at one and the same time you will gain health and surcease from your mental strains

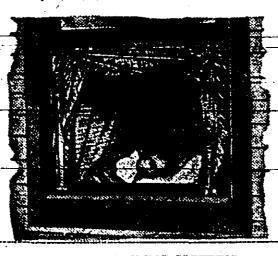

> ind twists. When to Call Physician-If all efforts to expel care from the mind at night fail and the brain conbeing turned- and nature's limit has been teached, then the time for the physician has arrived. Sleep under

brain cells communicate are retracted is to be avoided. The physician mus during sleep, thus withdrawing the use his judgment in each particular case, but it is seldom that he can not bring relief and restore control It is only where reckless neglect and external world were paralyzed sleep self drugging have undermined the would automatically follow. For ex-In the milder cases of insomni however, in addition to the cultiva

tion of self control and orderly thinkeye existed. By closing this the pa-tient would at once be put to sleep. Another theory assumes that the cen-ter—the vaso motor nerve center at the base of the brain—which controls some night when your brain is throbbing and your head is spinning from body, becomes fatigued, resulting in a a long, vexatious day. Immerse the feet in water as hot as can be borne for ten to twenty minutes. Then hop into bed, shut your eyes, and it will It seems well established that during sleep a condition of anaemia of the brain exists, whatever may be the causes underlying it. This explains the feeling of drowsiness after a hearty meal, when there is a determination of blood to the digestive organs and
