September Sale Beds and

Never before in the history of our State famous bed and bedding organization have we entered upon a sale so well equipped as now. This sale has been long in the making. We have gone about it in a most systematic manner, and we have gathered together an aggregation of values, the equal of which has never before been known in Newark. In addition to the most emphatic reductions on much of our regular stock we are offering several exceptionally attractive lines which we contracted for during the recent dull period and which we own at very low figures. This is the biggest sale of beds and bedding ever attempted in this vicinity.

That's the sum and substance of it—but the savings in many instances are so tempting, and the merchandise in all instances is so eminently desirable—that we feel safe in asserting that the offerings of the present week surpass in attractiveness any that have ever before been proffered in Newark during the same week of any previous year. As stated in one of our previous announcements, this sale is not just a mere accident, but one of the most important trade-events on our business calendar—a well-regulated, thoroughlyplanned sale that offers very exceptional economies on the season's most desirable merchandise. Each day we tell of some of the bargains—but of course it would be almost impossible to enumerate all at any one time, as they are here by the hundreds. A casual glance at the following will afford but a faint idea of the extent of the economies, and the character of the offerings.

THE COST OF LIVING

Is Not So High After All, When You Buy Here

WE claim that we can save you from 15 to 20 per cent. on your monthly bills, and this is no idle boast. By giving you highest class goods at lowest prices, we increase the purchasing power of your money--making it go farther and allowing you to live economically, yet luxuriously. Every one appreciates the important part which the choice of eatables plays in the daily routine. When you can have the best at a low cost, it's certainly foolish to waste your money by paying 15 to 20 per cent, more for your eatables than is necessary.

Particular People Know Where To Buy. Our stendily increasing business proves this! We challenge anyone to sell the same grades for less money than we do. Very few sell as cheaply. A careful comparison of prices both here and elsewhere will prove this.

Teas Many dealers use this article to make up lost profits. We don't. We have the finest grades to tea I we can buy at the price, and we sell accordingly. If you pay us 750 per pound for it, you get that value, not a 40c grade. Fancy Grades of

The Best Wheat is Winter Wheat and from it—the hardest and plumpest and finest that money can buy-Wheatena is made, a cereal noted for its particularly attractive, sweet and nutty flavor, rich in gluten, starch phosphates, in fact everything required to build a strong and healthy body.

You can easily prove its value by eating Wheatena for breakfast to-morrow morning. Cook it exactly as directed—we especially recommend the second recipe on the box—and you will be surprised at the flavor thus secured. Fifteen cents a box at grocers. mother and the third national victory for FLEDERS "20" within a month. This time a clear sweep in America's hill climbing classic. The THREE speed FLANDERS "20" won event in her class Saturday at Wordester, Mass. climbing Dead Horse Hill in 1 minute 18.85 seconds, breaking all previous records for her class by 46 seconds. and defeating second car in her class by 37 seconds. She also beat records made by the following high powered and higher priced cars in other classes. Velie Buick, Cole, Hudson, Firestone, Oakland, Cameron, Krit and Empire.

FLANDERS "20" was the lowest priced car in the contest. Dead Horse Hill is one mile long with a rise of over 400 feet to the mile. Newspaper accounts say course was slow because of bad surface and one very bad spot near finish line.

FLANDERS time better than time made in 1909 by any car less than three times her price. And faster than time made last year by any car but one of three times her size and price. She averaged a little over 46 miles an hour up to the eight per cent grade. Strictly stock chassis. Event run under A.A.A. rules and supervision. FLANDERS "20" was sensation of the sixty and seventy horse power cars barely beating her phenomenal performance.

Sending you photograph of WITT in victorious FLAMDERS on the hill.

She has now only to win the three hundred mile Savanna Road Ruce to prove her invincibility in speed as the proved her reliability in the Little Glidden; her staying powers in Limbapolis, to Helena kontuna malaulikito man, uki karikiko olika aki, gaklitiso on laud Morso Hill.
