Any Day can be Thanksgiving

No doubt about it. Any day can be Thanksgiving for the man who has enough of the right kind of insurance. You great over paying premiums year in and year out, and then something happens, Your house burns down or you are unfortunate enough to badly hurt a youngster with your car. Without insurance protection you are faced with a serious loss or claim. What you have paid out in premiums fades into insignatioance beside the amount which the insurance company pays. That is why we say that any day can be Thanksgiving for our policy-

to Accident --

The quickest way across the street can be the most dangerous way. To cross in the middle of the block, rushing out from between parked cars, can be and too often is a short cut to accident -Last year in New Jersey 123 people were killed and 1281 injured from these causes alone. In 75% of pedestrian accidents the victims were walking in such a way as to contribute to their own demise. Actually, drivers in relation to pedestrians are more careful. New Jersey accident records for 1946 indicate that jaywalkers are even more plentiful and careless and are pushing the pedestrian casualty rate to a new high. Someone must do some life-saving-and When you cross a street or highway be personally responsible for your own safety. Don't expect the other fellow to look out for you.

CHRISTMAS SEAL SALE

With Christmas less than a month away the Union &. County Tuberculosis League has commenced the sale of Christmas seals. The 1946 sale of Christmas Seals through which next year's fight against tuberculosis is to be fi nanced began Monday with its objective \$65,000. Th colorful stamps this year have a "lamp-lighter" design with symbolizing the hope of eventual eradication of tubor symbolizing the hope of eventual eradication of tuber culosis. If the goal is attained the league will be able t expand its service to emphasize research, early discovery of "TB" cases, occupational therapy for the afflicted and rehabilitation of those cured. This is the fortieth year that Christmas Seals have symbolized the fight against this killing disease and the organizations sponsoring the work have traveled a long way toward success. The 1945 death rate from tuberculosis was 39.7 in the nation at large: 41.4 in New Jersey and 39.6 in Umon County. These toll are predicted on units of 100,000 pouplation.
