A tentative 1971 - 72 school budget totaling \$5,442,853, which is \$442,581 higher than the tenrative fiscal measure introduced a year ago, was introduced by the Rahway Board Education at a special meeting on Monday night in the Roosevelt School audi-

torium. The only figures revealed in the resolution to introduce the proposed measure were hose for current expenses 5,147,881; capital outlay, \$38,547, and debt service 5256.425. The resolution lirected that the budget be dvertised and that a copy of the detailed budget be sent Dr. William H. West, Inion County superintendent of schools, for his approval. Only five members, a quorum, were present at the meeting. They were Edward J. Higgins, president; Joseph F. Noakes Jr., vice president, Richard H. Elliotr, Louis R. Rizzo and Louis G. Boch. Absent were Mrs. Georgiana Southern, Dr. John J. Sprowls, Paul Lo Rocco and William Berko. Adso present for the fiveminute session were Richard M. Nash, superintendent of schools; Norman J. Anderson, board secretary, and Leo Kahn, board secretary. The board voted to hold the public hearing on the tentative 1971 -72 school bydget on Thursday, Jan. 28, ⁸ p. m. in the Roosevelt School auditorium. Previously the board had scheduled the hearing for Jan. 27. The change in dates was made to conform to the legal requirements concerning the number of days between advertising of the budget and the hearing

for the mayor's use has come to an end and symbolized a "return to disnity." Mr. Lawrence was referring to the former mayor's mobile unit which was given to the city without charge by Miller Cadillac - Pontiac, W. Milton and St. George Aves., Rahway. He called on the municipal body to establish priorities, one of which he said was to replace roofing on City Hall. He charged that no maintenance had been provided for the structure, and that the only monies expended on it were for expand-Mr. Lawrence said that assessments for various improve-

ments should be levied quick, so the taxpayers at large would not have to bear short-rerm interest expenses in the interim between payment of the assessments and the time the monies Mr. Lawrence cited the 1965 Dukes and Bramhall Roads improvements as examples of late collection of assessment money which cost the taxpayers unneccessary interest charges. Mr. Lawrence objected to a Christmas advertisement placed in The Rahway News Record because he felt the money could be spend in other areas. The mayor said money had been budgeted for the item, and the publisher of The News Record, K. C. Bauer said, that a couple of advertisements of a community service nature are placed in the paper with

the consent of the mayor in office from time to time.

Ludington with William Papirnik at the reorganization meeting held Jan. 4. Former Mayor John C. Marsh, speaking at the public hearing of citizens which was moved up on the agenda before the section dealing with resolutions, said the Democrats were going to hire back many of the people he eliminated from City Hall when he was mayor. One change made thus far, the mayor said, was the relocation of the office of Business Administration Sidney H. Stone. The office has been moved to the mayor's office on the second floor. Mrs. Charlotte Channell, secretary to the administrator. now will be secretary for both the administram and the mayor. The office of City Clerk Robert W. Schrof, which had been loc ated in the City Hall basement, has been moved to the office vacated by the administrator. Mayor Martin said that appointed ciry officials will remain

in the government as holdovers until decisions on personnel changes are made. No major renovation of City Hall is contemplated at present Mayor Martin stated, although the building has fallen into a state of disrepair. The building, built in 1909, was used as a high school until converted for use as a City Hall in the early 1940's. The mayor announced plans to hire a full - time maintenance man for the building, which has been cleaned by a company under contract. The building will be painted and kept in repair, the mayor added. Referring to an election promise to organize task forces of

citizens to assist officials with city gvernment, Mayor Martin said that the task forces are to be formed in 10 areas within the next few months. The citizens, he said, would help him to obtain the public's viewpoints on municipal problems. Plans to Get Financial Advisors

The mayor, discussing the city's financial structure, said that there are plans to obtain "outside" financial advisor - and to -enlist persons from other communities to assist the Rahway officials. Tax revaluation is a possibility and "must be considered,

Mayor Martin declared. I don't mean to scare the ctrizenry, however, but certainly the city's tax structure needs updating," Mayor Martin commented. He added that there will be an attempt to practice "good economy." The mayor maintained that new ratables must come from expansion and from modernizing because the city has little room for new industry.

Asked about a possible increase by the city of license fees and the imposition of new fees, Mayor Martin said that the revenue from such fees were "too small to bother making any changes." He termed state and federal aid more important as sources of revenue.

HUD Reported Making Demands

The United States Department of Housing and Urban Develop ment has been making demands upon the city in connection with the redevelopment program, Mayor Martin pointed out. He said that the pressure upon the city has been increased by HUD since its district office was moved to Newark from-Philadelphia. Pa. The mayor added that the city needs the cooperation of the Rahway Redevelopment Agency, an autonomous body. Mayor Martin explained that the "workable program" required by HUD concerns housing inspection, rehabilitation, and fire, health and building code changes. The city must designate areas for' inspection "and for improvement, Mayor Martin said noting that the city's oldest areas would receive attention first. Rahway has an opportunity to obtain a \$50,000 grant for necessary improvements, he added, and the planning director has been instructed to determine the areas requiring improvement.

Replying to a question about the possibility of having improvements made in the downtown business section, Mayor Martin-answered_that_he "wouldn't force merchants to improve their properties." He said he would like to see the isinessmen improve the shopping area but that he does not favor any one style of architecture. 'The city shouldn't have to do everything to improve the business area," Mayor Martin commented, "but it should be willing to do whatever is possible for it to do." One area which could stand improvement, the mayor said, is parking. He voiced the opinion that the merchants should "show initiative" by providing more parking.

Gites Example of Good Plowing

On the question of snow plowing and removal, Mayor Martin commented, "The only way to do it is to get out and plow." Admitting that past snow storms have not shown any efficiency on the part of the city's snow removal work "showed that the work could be done efficiently." He noted that having the work done on a holiday and the following day, a Saturday, was ex-

Flood control was another subject discussed by the new mayor. He declared that it is 'next to impossible for the city to attack the flood control problem by means of its own budget appropriations." The problem is not a local one but involves he entire Rahway River watershed, the mayor stated. The Army Corps of Engineers will be asked to cooperate in-getting the lower-Main Street protect for flood controlunderway and Representatives Florence P. Dwyer and cornelius E. Gallagher will be asked for help in having federal funds earmarked for flood control work, Mayor Martin said. Touching upon the Water Department finances, Mayor Martin said that department funds are being used for operational expenses. The department has a major improvement project started at a cost of \$2 million, according to the mayor, One million dollars of federal money will be used. Mayor Martin declared that the utility is owned by the city and should be self - sustaining, adding that diversion of department funds was "not good in the citizens' eyes," There is "very little" money left in the department's account, he added.

Budget Requests to Be Cut

Business Administrator Stone, who was present at the conference, stated that requests made by departments for appropriations in the 1971 municipal budget were \$1,360,000 higher than last year and that the amount represents an increase of 33 1/3 per cent. Stone pointed our that the requests included \$248,000 for salaries of employees the departments would like to add to the payroll. The administrator said that the additional amount needed for long - term financing is \$248,000 and that mandatory increases total \$198,000. _____ Stone said the Police Department budget request is for

\$209 000 additional and that it has proposed that 10 new jobs be created. The Fire Department request is for \$136,000 additional with eight new positions. The Planning and Building Department has asked for \$24,000 more and for three additional employees. Another large increase, \$103,000, has been sought by the Public Works Department which wants nine more emplovees. The Fire Department also has requested that \$142,000 be

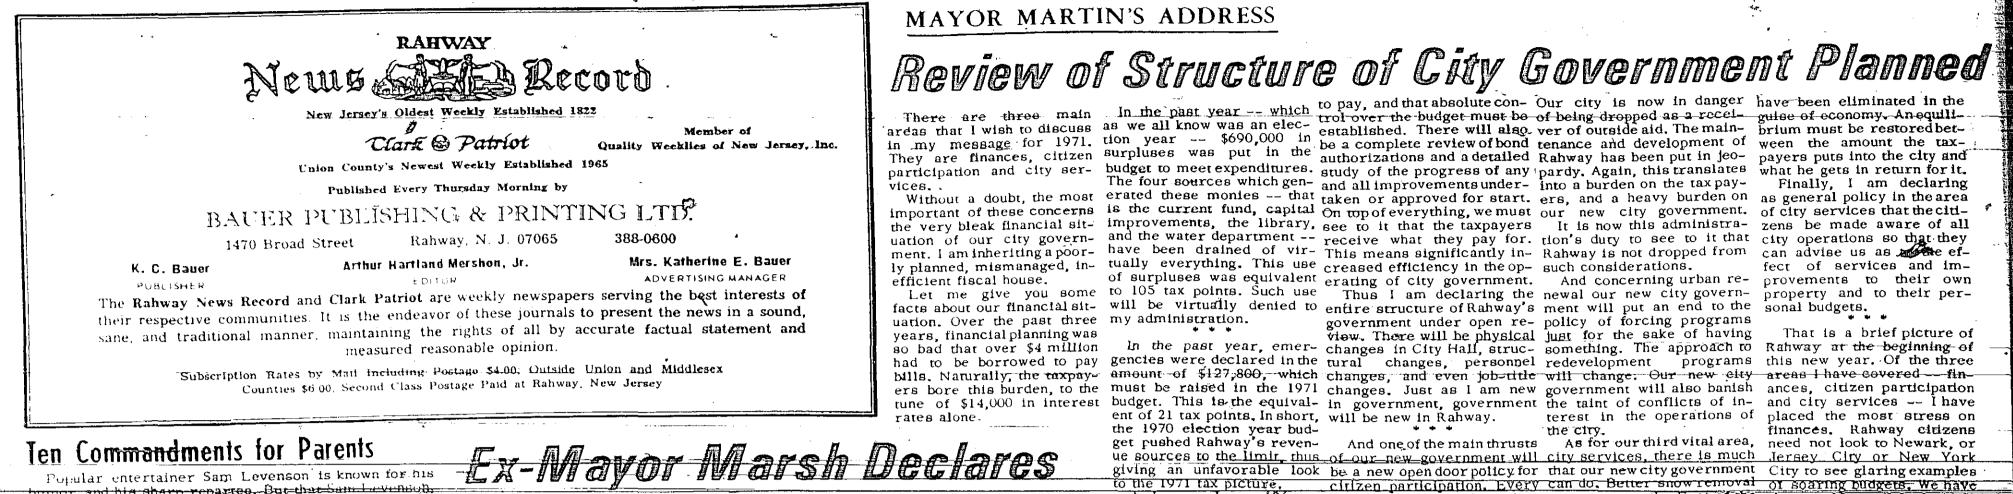

appropriated for expenses other than salaries. Stone said the department, in anticipation of high - rise building construction in the city, has proposed that a snorkle - type aerial ladder be purchased at a cost of \$90,000 and that a "cherrypicker" type truck be bought for \$15,000, it would be used for maintenance.

It was stated that an appropriation for the Rahway Valley Sewerage Authority is mandatory. The 1969 appropriation was \$86,000 and the 1970 amount was \$106,000. This year the appropriation will be \$213,000, necessary because of expansion of sewage treatment facilities. Mayor Martin said the proposed 1971 budget will be presented to the Council by Jan. 15 and that it must be introduced by the Council before Feb. 10. The deadline for adoption is. March 20, Mayor Martin said that some budget requests have

been reduced and that work on the budget is continuing

said yesterday that he is recommending that Fireman Philip Matarese of the Rahway Fire Department for the 1971 Ballantine Award for extreme bravery in the performance of his-dury for_____ rescuing two children during a fire on Saturday in a building at 1519 Main Street. -Fireman Matarese, with safety, emerod an apartment on the third floor of he building where the children were trapped "and efected a rescue in the true tradition of the fire ser-

Chief Link stated. ne children rescued were Thomas Costello Jr., 8, and Michael Costello, 5, sons of Mr. and Mrs. Thomas Chief Link also revealed that he has commended two Rahway patrolmen, Walter and David Pitts, brothers. for breaking the front door of the building and leading lostello, 38, to safety from

he apartment s dining room. Fireman Matarese, who received the alarm at 12:07 a. m. Saturday, had the fire inder control in 30 minutes confining it to one room o the apartment. The children were in a bedroom. Ghief Link said a closed bedroom

door saved the children from -death. A second floor apartment and the Schwartz Shoe Store on the first floor were damaged. The store suffered water damage. The occupants of the second floor apartment, Estaban Gonzates, his wife, Judith; their

six - year - old daughter, Dawn, and Mrs. Estaban's mother, Mrs. Gladys Barr, 62, were evacuated. The fire apparently was caused by careless smoking. Thirty firemen, using four pieces of equipment, fought.

the file. The Costello children were taken to Rahway Hospital where they were given treatment and then released. l'hirteen minutes after receiving the alarm for the Main Street blaze, firemen responded to a call to 337 <u>Seminary Avenue. The fire-</u>

men confined the fire to material on a shelf in the furnace room of the Outlding, an apartment house. Firemen reported that arson is suspected. Police are investigting. On Saturday at 10:32 p.m. the firenen put our fire on the second flood porch at the rear of Anthony's Key and Bike Shop, 1537 Irving Street. The porch and rear wall of the wooden structure were damaged, Arson is sus- pected and police are investigating, Mrs. Herman Galloway, occupant of a second floor apartment, was treat-

ed at the hospital for shock. Seeking Opinions About Continuing

Baccalaureates

Parents of Rahway school children have been asked by the Rahway Board of Education for an expression of opinion on whether bagcalaureate services should be discontinued at Rahway High-School.

The board decided at its meeting on Monday night in Roosevelt School auditorium to solicite letters from parents about the continuance of the baccalaureate services which have been conducted each June at graduation ume. The opinions expressed by

parents "will enable the Board of Education to make policy determination, the board stated, asking that opinions be sent to the superintendent of schools, Rich-Edward J. Higgins, presi-

dent of the board, stated a. the meeting that attendance at recent baccalaureate ser-vices has been very small." He said that the 1970 service was attended by approximately 60 persons.

Conventional Mortgage_Rate to 71/2% The Rahway Savings Institution, 1500 Irving St., Rahway, has reduced its conventional mortgage rate to 7 1/2 per cent, announced President James Smith Sr.

The move will make it easier, he said, for conventional mortgage, seekers to obtain a mortgage with lower payments. Mr. Smith noted that the action taken by the Rahway Savings Institution followed the downward trend of mortgage rares of the Federal Housing Administration and the Veterans Administration. on Jan. 12, both federal agencies reduced their rates from $\times m \neq 1/2$ per eent, and Mr. Smith said he feels conventional

home mortgage seekers should not be penalized with higher rates than the FHA and VA are extending. The latest move by the two federal bodies was the second reduction of rates in six weeks. On Dec. 1, the rate was reduced from the all = time high of S 1/2 to S j er cent.
