NEW JERSEY'S OLDEST WEEKLY NEWSPAPER EST. 1822

The teachers named are

Barbara Batts, Linda Brag-

don, William Cladek, Alice

Donoghue, Charles Fanning,

Richard Flamini, Stanley

Freedman, FredKazorowski,

Iris Katz, Charles Kontos,

David McClay, Richard No-

lan, John O'Donnell, Roberta

Seaman,—Jacqueline-Strunak,—

Joseph Valunas and Kevin Walsh.

The board named two

teachers to participate in

the Summer Coupled Work-

Study Program for six weeks

from Monday through Aug. 4.

The teachers and the salar-

ies (12% of their annual sal-

ary) to be baid are Francing Kraut, \$963, andMary Prec-

zewski, \$981. The program's

authorization to have Donald

Sinclair serve as job place-

day through Aug. 4. He will

ferred by the board from

learning disabilities teacher

for 1972-73. Miss Kathy Koh-

ler was transferred from

at the time that a quorum was not present and that no business

A petition asking Dr. M. rburger to set aside the appointment

of Mr. Rizzo was filed by Dr. Sprowls, Mr. Beckhusen, Mr.

was "void, illegal, ultra-vires, of no force and effect, and was

arbitrary, capricious, and unreasonable, and in-violation of the

The perimons maintain the appointment was in violation of state

Mrs. Dorothy Schleifer of 1183 film terrace questioned th

appointment of Mr. Hutt as special counsel, arguing that the

taxpayers would be put to extra expense when they already

Mr. Kahn replied that he is paid a retainer by the board

but that he would receive additional congensation for repre-

senting the board in any litigation. He explained that since he

had given the opinion in public that the board lacked appuorum

when Mr. Rizzo was appointed a member, he could not argue

Dr. Sprowls commented that it is "fronte" that the taxpayers will have to pay to retain counsel after the beard attorney had

'ruled the action illegal' and that the petitioners will have to

Mr. Kernan told Dr. Sprowls that the situation and expense

Dr. Sprowls than said he had attempted to change the date

of the regular meeting scheduled for May 15 because of

religious ceremony on that day and had been unsuccessful.

and Mr. LoR-cco "knew we would leave if they brought up"

the question of an appointment. Dr. Sprowls added that

"everything of a business nature" had been acted upon by the time he and Mr. McDowell left the meeting.

The statement by Dr. Sprowls was denied by Mr. Higgins

who said there was a matter to be considered after a caucus

was held. He pointed out that a special meeting was held three

days later to consider items on the May 15 agenda, Mr. Higgins

contended that Mr. Pratt's resignation was submitted in April

but that the board president made no effort to call a meeting

to discuss a replacement. Mr. Higgins also contended that an

appointment was on a caucus agenda but that Dr. Sprowls left

had been mentioned. He named them as Mrs. Elizabeth Davis

and Mr. Rizzo, Mrs. Davis was a candidate for election to the

board last February when Mr. Rizzo was seeking reelection.

Mr. Rizzo received the highest number of votes among the

His last exense is some! Now that Franklin State Bank is offering real Diamonairs for as little as \$29.95...less than half of what you'd expect to pay at fine jewelry counters You can buy a 1 carat solitaire Diamonair* for a low, low \$29.95 simply by opening a checking or savings account of \$100 or more, depositing \$100 in an existing savings account, or taking out an installment loan of \$1500 or more at any one of 15 convenient Franklin State branches. Made by Litton Industries, the Diamonair has a beauty, brilliance, quality, and durability unique among man-made jewels. Take durability, for instance, Each Dlamonair is honed to a hardness of 8 to 8.5 Mohs (diamonds have a hardness of 10) and will even scratch glass! Carved to 58-faceted brilliance by professional craftsmen and hand set in 14 kt. gold, these quality gems defy detection. That's why people like at Franklin State Bank Elizabeth Taylor and Zsa Zsa Gabor wear them Women's 14K Solid Gold Solitaire Rings so proudly. All Diamonairs come in a stunning black velvet newelry box - permanently protected by the Litton ? carat Round. Pear or Marquise lifetime quarantee! 3 carat Round, Pear or Marquise

Now that he can buy a real Diamonair for as 4 carat Round, Pear or Marquise little as \$29.95, no more excuses will do! Bring him down to a Franklin State office today. Ask our boutique operator to show you the entire line. You'll love it - and he'll love you!

Shall is mandatory and not optional.

or attached to a structure or natural object; whether painted or Governing body means the municipal council of the township. Grade, finished means the average ground elevation of the lot illuminated or not and used as, or in the nature of an announce-Boarding and rooming house means a dwelling in which at the front building line after all proper lot grading has taken ment, advertisement, designation of or direction to the subject of Home occupation means an accessory use customarily con- government or governmental agency, or of any civic, charitable, columns or walls used for the shelter or enclosure of persons. Inhabitants thereof, which use is clearly incidental to the use of the Sign, business means a sign which calls attention to a process dwelling for residential purposes and does not alter the character service, profession, business or other activity conducted upon the premises or to a product made or commodity sold on the premises as in connection with which there is used no display except one upon which the sign is located. sign affixed to the building, illuminated only by a shielded Sign, informational means a sign indicating the location of or indirect light source or equal light not offensive to surround- designating an institution or facility of a public or quasi-public ing residences, not exceeding a total area of two square feet; nature; or including the opening of an event of public interest, but -b in connection with which there is kept no stock in trade or - not including signs pertaining to real estate. Sign, outdoor advertising means a sign which calls to attention in connection with which only a member (or members) of the a service, business enterprise, or similar activity conducted elsewhere than on the same premises upon which the sign 4s-located, id) not more than 30 percent of the floor area of the building or to a product or commodity made, sold or offered elsewhere than on the same premises upon which the sign is located; but does not Such activities and uses as boarding or rooming house opera-include informational signs as hereinbefore defined nor necessary clear ceiling height of less than the minimum prescribed mal hospitals, private nursery and kindergarten schools, music Sign, real estate means a sign advertising the sale, lease, rental. in the township building code shall not be included as part of studios, art or dancing schools for group instruction, repair of or development of any particular premises, wherein such sign is the floor area of a building Only those portions of a basement, as hereinbefore defined, finished off and used for living purof mechanical or electrical equipment that would cause electrical location of a new subdivision or land development project, wherein goses, shall be considered as part of the floor area for a residen-tial building. The floor area shall be determined by using hori-

contal ineasurements between the exterior faces of walls or affensive and excessive noise, light, vibration or other disturbances.

Story means that portion of a building included between the between the center lines of common party walls.

Story means that portion of a building included between the or would result in excessive residential street traffic shall not be surface of any floor and the surface of the floor next above it or if 25-2.4 AREA AND YARD PROVISIONS. there be no floor above, the space between such floor and the of horizontal surface covered by a building, including covered Hotel means a building, usually multi-story, containing a group ceiling next above. A basement as hereinbefore defined shall be porches, attached garages, and accessory buildings. All measureof two or more rooms or suites of rooms with entrances from inments shall be made between exterior faces of walls, foundations, terior hallways or corridors used for the overnight accommodations if it covers more than one-third of the area of the floor next below of transient guests, and where no individual cooking facilities are it or if the vertical distance between the floor next below and the provided. (A boarding or rooming house denotes occupancy on a floor next above is 20 feet or more. A single story which exceeds 18 feet in height shall be counted as two stories. Junk yard means any lot or parcel or part thereof used for the Story, half means a partial story under a gable, hip or gambrel the deck line of a mansard roof, or to the mean height level abandonment, storage, keeping, collecting or bailing of paper, rags, roof, the wall plates of which on at least two opposite exterior walls between the eaves and ridges of a gable, hip or gambrel roof scrap metal, other scrap or discarded materials; or for the aban- are not more than two feet above the floor of such partial story; Building Inspector means the building inspector of the donment, storage, dismantling, demolition or salvaging of automo- provided, however, that no such partial story may be used as a biles or other vehicles not in running condition; machinery, or separate dwelling unit. Street means a public thoroughfare with a right-of-way of 30 wall and or any enclosed or covered porch, vestibule, or other

Limited manufacturing means the fabrication, processing or feet or more in width which existed prior to the enactment of this enclosed or covered portion of a building including attached assembly of goods and materials or the storage of bulk goods and chapter, or any proposed new thoroughfare, widening, or an extenmaterials where such activities, goods, or materials create no major sion of an existing street with a right-of-way of 50 feet or more in width shown on any plan approved by the planning board. The term "street" shall include road, avenue, drive, circle, highway place, lane, or similar terms. A "street" provides a primary means of access to abutting property. Street line means a line defining the edge of a street right-ofway and separating the street from abutting property or lots. "Front lotlines" and "side street lines", as hereinbefore defined "are "street lines". Structure means anything constructed-or-orected on or under Lot means an area of land occupied by a building and its accesthe ground or upon another structure or building; but for the pur poses of interpreting this chapter, structure shall not include side walks, driveways, street pavements, curbs and "essential services" as hereinbefore defined. Structure includes the word "building". Structure, accessory means any structure subordinate to and ocated upon the same lot with the principal building, the use o

which is clearly incidental to that of the principal structure or to the use of land, and which may or may not be attached to the principal building. Trailer (including automobile trailer and mobile home) means any vehicle or structure which at any time was mounted on wheels propelled or drawn by its own or other motive power; and designed and constructed to provide living and or sleeping quarters for one or more persons or for the conduct of a business, profession, trade or occupation or for use as a selling or advertising device. Trailer coach park (mobile home park) means any lot, parcel or tract of land used to accommodate two or more individual trailers for living purposes including all accessory buildings, tents, and other appurtenances; and regardless of whether or not a charge is made for such accommodations Lot, double frontage means a lot other than a corner lot, having Use, principal means the main or primary purpose for which a building or lot is used or occupied. Except as specifically permitted no lot shall contain more than one principal use.

Use, accessory means a use of a lot or building or portion thereof, which is customarily incidental or subordinate to the principal use of the lot or building. Use permit. See "Building permit". Used means and includes "arranged, designed, constructed, rented, leased, or intended to be used". Lot, line front means the street line running along the front of Yard means an open area on the same lot with a building or the lot separating it from the street. In a double frontage lot, both group of buildings, lying between the building or outer building of a group and the nearest lot or street line, and unoccupied and un-Lot line, rear means the lot line opposite and most distant obstructed from the ground upward, except as provided in this chapter. All yard dimensions are measured at right angles to the lot lot line is less than 10 feet long or the lot comes to a point at the lines to the nearest point of a building, except for projections and rear, said rear lot line is assumed to be a line not less than 10 feet Lot line, side means any lot line other than a front or rear lot the building or any roofed or enclosed portion thereof.

Motel means a building or group of buildings containing any and extending to any yard on the lot or to a street, alley or public way. The depth of an outer court shall be the greatest-horizontal-dimension meanward at right angles diverges from the extension of the building or any roofed or enclosed portion division. thereof, extending from the front yard to the rear yard. Zoning board means the board of adjustment of the township as established under this chapter.
Zoning inspector. See "Building inspector" Zoning map means the zoning district map of the township dated May 30, 1972, together with all amendments thereto subse where normal servicing and repair work is incidental to the princi-Zoning permit See "Building permit"

4 CLASSES OF DISTRICTS ESTABLISHED. Non-conforming lot means a lot or parcel which does not have 25-14

For the purpose of this chapter, the township is hereby divided into 11 classes of land use districts as follows: One-family detached residential One-family detached residential One-family detached residential Multiple-family apartment residential Commercial Office - Neighborhood Service Commercial Commercial Office - multi-story

General Commercial Limited Industrial Industrial Restricted O Conservation ZONING DISTRICT MAP AND BOUNDARIES. Open space means an area of land associated with and located 25-1.5 on the same lot, parcel, or tract of land as a principal building or -- (a) the location and boundaries of districts established hereinare shown on a man entitled coning District Map, Township of Clark, County of Union, J. prepared by Dominick J. Venditto, L.S., dated May 1972, which map accompanied and was declared to be part

this Ordinance. The said zoning district map, on file in the

office of the township clerk, is hereby incorporated in and made a part of this chapter as though appended thereto. The location and boundaries of said districts are more particularly described in the Zoning Ordinance which is on file in the office of the township clerk, and is hereby incorporated in and made a part of this chapter as though they ad been appended thereto 25-1.6 DISTRICT BOUNDARIES, INTERPRETATION. Where uncertainty exists as to the boundaries of any of the districts established, shown on the zoning district map, the follow-(a) District boundary lines are intended to follow the center line of streets, alleys, and water courses; parking and rallroad rights-of-way, or lot and parcels as they exist on plots of ecord at the time of the enactment of this ordinance. Where such a district boundary line does not coincide with such center lines right-of-way lines, and lot and parcel lines or where it is now shown by dimensions or otherwise clearly indicated, its location shall be determined by the scale of Where a boundary line dividing two or more districts divides a lot or parcel of record, the district covering the greatest portion of the frontage of said lot or parcel shall be considered as extending to the entire lot or parcel; providing that such extension shall be within 50 feet of the dividing boundary line and shall include the entire lot or parcel. Where not resolved, the exact location of a district boundary

line shall be determined by the zoning board as provided in

EXCEPTIONS AND MODIFICATIONS.

section No 25-18.5 of this chapter

25-2.2 USES. (a) no structure shall be erected and no structure shall be altered nor shall any land or structure be used in any manner or for any purpose other than those included among the uses hereafter listed as permitted in the district in which such structure or land is located every principal building shall be erected upon a lot as hereinbefore defined, and, except as hereinafter provided, there thall be not more than one one-family detached-dwelling-onthe following uses and activities are specifically prohibited in any district. (1) all outdoor advertising signs are hereinbefore defined,

(b) contractor's storage yard and other similar such yard for

the storage of materials and heavy machinery, and lumber -yarda-and-garden supply and equipment centers, provided that such uses shall be adequately screened by evergreen plantings or fences in the manner required and are located at least 400 feet distant from any residential district. 25-13-3 AREA, YARD AND BUILDING DIMENSIONS In any IR district, the following dimensional requirements shall apply:
(a) lot dimensions, minimum

(1) area — 7 acres

(2) frontage — 250 feet (b) yards, minimum (1) front — 100 feet (2) rear — 75 feet (i) accessory building and use — must comply with (i) accessory building and use principal building (4) both sides total of 150 feet

height - 40 feet and 3 stories

40% open space (minimum) (3) no building shall be located any less than 250 feet from any dwelling in an adjacent "R" district. This provisions shall also apply to outdoor storage areas: it shall not include off-street parking areas. (4) no building or outdoor storage area shall be located any less than 150 feet from an abutting "R" district. and, in such instances, outdoor storage areas shall be screened in the manner prescribed in (a) (2) of section (5) floor area, minimum of 15,000 square feet.

25-13.4 DESIGN AND SITE REQUIREMENTS. (a) all landscaping. (1) all portions of a lot not covered by buildings and outdoor storage enclosures and pedestrian and vehicular surfaces shall be landscaped and thereafter maintaine in good condition. Landscaping shall mean the plan ing of grass, shrubs, trees and other comparable ground ver. Appropriate foundation plantings along the front building line shall be provided.
(2) when the lot portion thereof on which parking o loading spaces are located abuts the rear or side line of, or is across the street from any land in a residential district, a solid wall, solid fence or compact ever green planting no less than four feet in height shall provided and maintained in good condition, Such screen shall be located adjacent to parking or loading areas rather than on the periphery of the lot. (3) no luminaries on off-street parking areas shall be

more than 10 feet above ground level and shall be light or glare in abutting or nearby residential pro-(b) architectural appearance. No permit shall be granted in an IR district for a building or use if the design or construction of the building be so markedly incongruous with the character of the neighborhood as to be seriously detrimental to the value of adjacent or nearby property. For this purpose the planning board shall review all plans. ARTICLE 14 O DISTRICT CONSERVATION

5-14.1 PURPOSE OF DISTRICT. It is the intent of this chapter in furtherance of the objectives of the comprehensive master plan to establish certain districts wherein both land and water resources shall be preserved free uses and buildings. The preservation of these designated areas in their open and natural state is deemed necessary: to reduce the amount of soil erosion along stream and river banks to minimize redimentation of such bodies of water; to preserve the natural amenities of such areas; to create and preserve open areas as separations between densely settled urban areas or neighborhoods to preserve as much as possible the natural drainage characteristics of the watershed to minimize flood or high water damage; to preserve the quality of bodies of water as sources of water supply; and to provide opportunities for the use of these areas as parks and recreation areas readily accessible to all parts of the community and for the enjoyment of all inhabitants thereof

25-14.2 PERMITTED USES. In any O district, no other than the following uses shall be permitted, except as provided in section No. 25-14.3: (a) any quasi-public or private recreational activity not in volving the construction or erection of any building or other structure, or the installation of a parking surface: but not including a rifle, pistol or skeet shooting range (b) any public recreational use, subject to the review procedure as provided in section No. 25-19.4. 25-14.3 SPECIAL EXCEPTION USES. In any O district, the following special exception uses may permitted pursuant to the authority granted to the zoning

board in section No. 25-18.6. (a) private boat rental facilities, including necessary structures and docks, where adequate suitable land is available and is of sufficient depth from the edge of any water area to permit a suitably sized off-street parking area. (b) public utility installations. ARTICLE 15 OFF-STREET PARKING REQUIREMENTS. 25-15.1 GENERAL PROVISIONS. Parking spaces, off-street parking areas, and/or off-street loading spaces shall be provided for any principal building or

other structure erected or constructed upon a lot, or for any

lot or area of land put into use after the date of the enactment (a) General design standards. (1) each parking space as hereinbefore defined, shall have the minimum dimensions of nine feet by twenty feet (2) for the purpose of determining the land requirement each parking space to be provided in accordance with the parking schedule (section No. 25-15.2 of this char -tor)-or-as-recommended-by-the-planning-board-pur suant to section No. 25-15.7, shall be allotted not less than 350 square feet of area which shall be sufficient to include the area or the parking space plus area to

be devoted to interior drives, back-up areas, or turning areas, in addition, sufficient entrance and exit drive-(3) all off-street parking areas shall be separated from sidewalks, streets or alleys by curbing, except at entrances and exits; and all such sidewalks, streets or ARTICLE 16 SIGNS alleys shall be protected from vehicular overhang by 25-16.1 GENERAL PROVISIONS AND REQUIREMENTS. wheel bumpers, curbs, planted strip, wall, fence, or No sign as hereinbefore defined shall be erected by the strip of the strip other appropriate method where the yard depth for accessory uses is not sufficient to accomplish this

(4) entrance and exit driveways to and from all off-street parking areas shall be at least 12 feet in width to allow for free one-way movement, and at least 22 feet in_width_for_two-way_movement,_provided-that_two way entrances and exits shall be no wider than 28 feet e provided for all entrance and exit driveways, as well as interior driveways.

(5) wherever practicable and not prohibited in this char ter, access to off-street parking areas shall be gained streets designated on the comprehensive master plan - as arterial streets. (6) no required off-street parking shall be encroached upon by hulldings, other structures, open storage areas.

(7) no lay-out of an off-street parking area will be acceptable if such layout would require vehicles to back out onto a street to exit from such off-street parking o (8) when any land or building is used for two or more purposes, the number of parking spaces required shall be the sum of the requirements for the various indidual uses, computed separately in accordance with

this section: parking spaces for one use shall not be considered as providing the required parking spaces (9) cooperative establishment of off-street parking areas.

Requirements for the provision of parking facilities with respect to 2 or more property uses of the same or different types may be satisfied by the permanent allocation of the requisite number of spaces for each use in a common off-street parking area, cooperatively established and operated, provided that the total numper of spaces designated is not less than the sum of

e individual requirements. (10) all public garages or roof space allocated for the parking of vehicles shall be considered part of the remulred off-street parking area. when off-street parking areas shall be used at night, they shall be adequately lighted. Such lighting shall be installed and maintained in a manner not to reflect or cause glare into abutting or facing residential properties. all parking or loading space surfaces shall be paved in accordance with township standards. (13) required off-street parking spaces may be provided on

parking lot and the entrance to the use it serves shall 25-15.2 OFF-STREET PARKING SCHEDULE. Off-street parking shall be provided in accordance with the Minimum Spaces

(4) Free-standing signs shall not exceed a height of twenty-25-183 FEES FOR SIGN PERMITS Each application filed with the building inspector for sign ermit shall be accompanied by a fee payable to the township in accordance with a schedule of fees adopted by the township

25-17.1 CONTINUANCE OF USE. from any lot used for commercial or industrial purposes shall fully existing on the date of enactment of this ordinance may be be permitted to or from any local street where such street continued, even though such use does not conform to the regular serves abutting properties in any adjacent residential district. shall not apply to any uses found to be hazardous to the public he Planning Board may waive the requirements of section way except as provided in section No. 25-18.3 of this chapter. Noth No non-conforming use shall be extended or enlarged in an 5. 25-15.2 and No. 25-15.3 or may require additional space ing in this or any other provision of this chapter shall be deemed o permit any building or structure used as a non-conforming use to encroach upon any required yards, open spaces, off-street park (a) no application for a building permit or certificate of oc-

No non-conforming use shall be in any way altered, except as hereinbefore provided (a) such use shall not be changed unless to a conforming use (b) If damaged to more than 50% of its value, no such use shall be repaired, restored, or reconstructed. No non-conforming use that has been abandoned for a period of 12 consecutive months or more shall be reactivated or re-established. For the purpose of this section, "sbandonment" shall be defined as the cessation of a non-conforming use for the period here-

inbefore specified.

Nothing in this section shall be construed to deem "non con forming lots" and "non conforming structures" as hereinbefore defined in section No.25-1.3 of this chapter, as non-conforming the planning board may recommend a reasonable number uses, unless said lots and/or structures are used as non-conforming of parking spaces for those uses not listed in the parking uses.

schedule, above, in accordance with the standards set forth

Any structure that is not non-conforming in its use, but does not conform to applicable requirements for dimensions or location upon a lot may be continued and structurally repaired, restored or enlarged so long as it remains an otherwise lawful use; provide wever, that such repair or restoration or enlargement shall no affect the dimension or dimensions which are deficient. 25-17.8 EFFECT OF AMENDMENT TO ORDINANCE. ARTICLE 19. ADMINISTRATION AND ENFORCEMENT. Any amendment to this chapter hereafter adopted which would change the permitted uses in a particular district, would create a new district designation wherein only certain uses would be permitted, or would realign certain district boundaries, and as a result would cause a use conforming to the provisions of this chapter as originally adopted to become non-conforming under the provisions of such amendment; such use shall be then deemed a non-conform-

> ARTICLE 18. BOARD OF ADJUSTMENT. 25-18.1 ESTABLISHMENT, APPOINTMENT AND (a) Establishment of board, appointment of members Pursuant to the authority granted by New Jersey Revised Statutes 40:55-36, there is hereby established a board of adustment which shall also be referred to as the zoning board which will consist of 5 members and 2 alternate member each to be appointed for a term of three years, except the he respective terms of the 5 members first appointed shall the respective terms of the 5 members first appointed shall be 2 members for 3 years each, 2 shall serve for 2 years each and one shall serve for one year. The alternate mem-bers shall be designated by the Chairman "alternate No. 1" and "alternate No. 2" and shall serve in rotation during the absence or disqualification of any regular-member or members. Vacancies shall be filled by appointment for an unex-

pired term. The board shall elect its own chairman and vicechairman from its membership. Board of adjustment now existing. The Board already established shall continue to function under the provisions of this chapter and the members thereof may continue in office until their respective terms

The board of adjustment shall have such powers as are set sign existed at the time of enactment of this ordinance. forth in this chapter and such powers as are granted to it by state statute. The board of adjustment shall adopt such rules and regulations, not inconsistent with this chapter and state statute, as it light, annoying to residents in the surrounding area. may deem necessary for the proper performance of its duties and The governing body shall have the authority to com- the proper exercise of its powers. 25-18.3 PROCEDURES ON APPEALS OR APPLICATION TO BOARD (a) Manner of filing appeal or making application (1) Appeals from decisions of the building inspector may b

taken to the board by a person or corporation aggrieved, or by any office, department, board or bureau of the township affected by such decisions within 20 days of the date of written receipt of the decision of the building inspector. Applications for special exception uses, variances and other matters as hereinafter provided, may be made at any time. Appeals are to be submitted to the board through the building inspector in the form required or on forms provided for such purposes. The building inspector shall forthwith transmit to the board within 10 days of the date of the filing of the appeal, all papers constituting the record upon which the action appealed from was taken. All other applications shall be submitted to the board on the forms provided for such purpose. Plot plans, whever required and drawn to appropriate by Rahway Troop 38. The scale, and submitted in triplicate, shall accompany any ceremony was conducted by applications or appeals brought before the board.

the applicant or appellant a true and exact copy of the resolution of the board setting for the determination or decision. The secretary shall also notify other parties in interest, including the township clerk, planning board, governing body, and the building inspector. A copy of the decision shall be filed in the office of the township clerk. 5-18.4 FEE FOR APPEAL OR APPLICATION TO BOARD. Each application made or appeal filed with the board shall be accompanied by a fee payable to the township in accordance with a schedule of fees adopted by the board, such fees being deemed reasonable amounts necessary for the processing of applications and-appeals.

Decision or actions taken by the board.

25-18.5 APPEALS ON INTERPRETATION OF ZONING CHAPTER AND MAP. The board of adjustment is hereby authorized upon an appeal (a) Any matter where an appellant charges that the building inspector was in error in issuing or refusing to issue a building perinit or certificate of occupancy, or as a result of misinterpreting the meaning, intent or application of any section or provision of this chapter. of Any matter where the appellant alleges that the building

location of a district boundary line on the zoning may that forms a part of this chapter. Any matter which the building inspector appeals to the grounds of doubt as to the meaning or interpreting of any provision of this chapter or as to the location of a district oundary line on the zoning map. 25-18.6 SPECIAL EXCEPTION USES. (a) The board of adjustment shall have the power and authority day, Wendesday and Thurs-

to receive applications for special exception uses and to recommend to the governing body of the Township of Clark the issuance of building permits and certificates of occupancy for only those special exception uses permitted o authorized in specified districts, and which before approval by the governing body, are subject to the building principals. considerations and conditions hereinafter outlined in this b) The board before recommending the issuance of any permits for special exception use to the governing body shall consider the following. (1) No building permit and certificate of occupancy shall be issued upon the recommendation of the zoning board subject to the approval of the governing body for any special exception use until the zoning board has first received and considered an advisory report thereon from the planning board with respect to the location of such use in relation to the needs and growth pattern of the township, and, where appropriate, with reference to the adequacy of the site areas and the arrangement of but ing and structures thereon, driveways, parking and load-

ing areas, and other pertinent features of the plot plan accordance with the standards set forth in Section to 25-15.7 of this ordinance. 2) The planning board shall make such report within 30 days of the date such matter was referred to it for rehe governing body may attach all reasonable and necessary conditions on the building permit authorizing the special exception use to assure that the intent of the comprehensi master plan and this ordinance is complied with, and that the uses of the surrounding properties are adequately safe-guarded. Such conditions of approval may include or relate o, but are not limited to, design of buildings, aesthetics and appearance, plantings and their maintenance as screens be tween dissimilar uses, other landscaping features hours of operation of the proposed use, lighting, density, or extent of nse musance policies and public health measures. (d) any special exception use granted by the governing body upon the recommendation of the Board of Adjustment pursuant to the provisions of this section of this ordinance shall

be construed to be a conforming use. (a) Dimensional Variances. The Board of Adjustment may grant variances to the strict. application of any of the requirements of this Ordinance in the case of exceptionally irregular, narrow, shallow or steer lots, or other exceptional physical conditions, whereby such strict application would result in practical difficulty or unnecessary hardship that would deprive the owner of the reasonable use of the land or building involved. No variance n the strict application of any provision of this ordinance shall be granted by the Board of Adjustment unless it finds: There are special circumstances or conditions, fully de-scribed in the findings of the board, applying to such land or buildings and not applying generally to land or buildings in the neighborhood, and that said circum stances or conditions are such that strict application of the provisions of this ordinance would deprive the applicant of the reasonable use of such land or buildings That, for reasons fully set forth in the findings of board, the granting of the variance is necessary for the reasonable use of the land or building and that the variance as granted by the Board is the minimum variance hat will accomplish this purpose, That the granting of variance will be in harmony with the general purpose and intent of this ordinance, and

will not be injurious to the neighborhood or otherwise detrimental to the public welfare. The Board of Adjustment in particular cases and for special reasons recommend to the Governing Body the granting of a variance to allow a use in a district where such use is not permitted. Such variance shall be approved or disapproved resolution of the governing body. No such use variance shall be approved unless: There are special circumstances relating to the particular case, described fully in the findings of the board of adjustment and the governing body, which would deprive the applicant of a reasonable use of lands and/or buildings under the use regulations of the applicable The granting of such variance will be in harmony with the general purpose and intent of this ordinance, and will not be injurious to the neighborhood or otherwise detrimental to the public welfare. The Planning Board shall first have the opportunity t prepare an advisory report thereon, such report to be submitted to the Board of Adjustment within 30 days of the date such matter was referred to the Planning

Board for review. feguards and Conditions. he Board of Adjustment or governing body, as the case may be, may attach safeguards and conditions to the granting of variance which it deems necessary or desirable (d) Variances shall be deemed as non-conforming buildings, lots, or uses as the case may be. (1) The construction, alteration, of a building or use of premises for which a variance has been granted shall commence within three months after the date-such vari-

be completed within twelve months after the date such variance was granted, provided that the board of adjustment or governing-body, as the grantor may be, may for good cause and upon written request extend either or ooth of these time periods for an additional three and/ or twelve months. (2) The Board of Adjustment or governin grantor may be, may rescind a variance where it finds no good cause for the failure to commence construction, alteration, or use of premises or to complete said construction or alteration within the time periods specified.
In (e). (1) above, or as extended.

25-19.1 INTERPRETATION OF CHAPTER In interpreting and applying this chapter, the requirements contained herein are declared to be the minimum requirements for the protection of the health, safety and general welfare of the put ic, and for the preservation and improvement of the value and nesthetics of the land 25-19.2 BUILDING INSPECTOR TO ADMINISTER AND ENFORCE CHAPTER.

(a) Grant of authority, responsibility The building inspector is hereby authorized to and shall administer and enforce the provisions of this chapter. Issuance of permits and certificates. In no case shall a building permit or certificate of occupancy be issued by the building inspector for any construction, erection, alteration or use of any building other structure, lot or area of land that would be in violation of any provi-Inspection of premises. MONDAY, JUNE 12 A break, entry and larceny occurred at the Rahway Valley Sewage Authority plant The lock was broken off a trailer door, and an assortment of tools valued at \$1 480 was stolen. Because of the weight, it would have raken two men to lift the boxes of tools. TUESDAY, JUNE 13 Grover Cleveland School, E. Milton Avenue, reported five broken windows at the rear of the school in the arairway landing area.

WEDNESDAY, JUNE 14

A break and entry was reported by Huffman-Koos, St. George Avenue. A window was broken to gain entry. An office on the main level was ransacked, but nothing appears to be missing. Further investigation revealed quantity of mole and lamps and shades taken, and various trems of furniture valued at 726 were damaged. Fred L. Schubauer of Clark reported his car stolen from the Lewis Street parking lot William Mitchell of 1755 Park Street reported his new lawnmower valued at about \$150 stolen from his garage. There was no lock on the parage door. Someone appar ently entered the yard, opened the garage and left with the lawnmower, but did not take the attachments. Eugene Culp of 755 Audrey Drive reported the transmission and drive shaf stolen from his car while the vehicle was parked in the parking lot at the rear of the Audrey Drive apartments The equipment was valued at about \$300. A suspect is being investigated. Mrs. Napalie Lishak Perth Ambov reported the her car was broken into and entered while the vehicle was parked in a parking lo of Merck & Co. Inc. on E

Scott Avenue. The lock was broken off and forced our of the door on the passenger's side in an attempt to steal the car, but nothing was missing from the car THURSDAY, JUNE 15 The larceny of two branc new bleveles valued at abou \$200 was reported by Michael Alberto of 1515 Franklin Street. Two young men were observed entering the rear yard and removing the eveles from a small shed Police investigated and recovered one of the bicycles which was identified and reclaimed by Mr. Alberto.

description of the suspects was obtained. FRIDAY, JUNE 16 Corner Gulf, 260 W. Scott Avenue, reported a break, entry and larceny. The butterfly window on the driver's side of a tow truck was pried open, and the twoway radio valued at abou \$1200 was stolen. A break and entry was reported by Rahway Lodge . 1075 of Elks 122 V Milton Avenue. Entry was gained by forcing the side asement door. An attempt was made to break into the
