Past Week Shows Several Changes- Individual Records of 81 Players

There was a considerable shake-up

n the individual batting averages for the Industrial Baseball League during the past week. Landon, of the Steel Equipment, is making the best showing of those who have played all games thus far. By only getting one hit in two games, Fred Witheridge, of Marck, dropped down several places from the top rung. Jones, of Merck, who figured in one game, is the lead er. Landon, Witheridge and Mainzer are tied in runs scored. For full number of games played

Landon tops Steel Equipment; 6610. on the kangaror's fail. the Reformatory; Van Dyke, the Reginas; Dawson, the National Pneunatics; Jack Ruddy, the American Peit; Witheridge, the Mercks. The individual batting averages of the eighty-one players who have figured in the games up to July 17 are as

Our States XX.—MISSISSIPPI · The word itself comes from the was "polite" You seldon went to any other kind of varideville than

Algonquin missi-sepe which means "great river." It is popularly supposed to mean "Father of the Waters" but this interpre tation is incorrect. The state is also known as the Bayou State from the many hayous which are formed by the shifting river. In this connection it is interesting to note the uneven course of the Mississippi river. Though the extreme length of the state from miles, the western border, due o the winding of the Mississipp

river, extends for nearly 50 The rivers play an important part in this state. They are so subject to flood that the river bottoms cover nearly one fifth of the area of the entire state. The early history of Mississippl is yoked up with that of Louisiana of which it originally formed a part. Discovered by e Soto in 1539, it was not until La Salle sailed down the river aud claimed this territory, which he named in honor of his French king, Louis XIV, that a perma-

In 1768 the territory east of the Mississippi was coded by the French to the English. For a while the lower portion of the present state was called West by the Spanish and later reurned to the United States, the Territory of Mississippi was extended to its present size of 46 885 square miles and in 1817 it was admitted as the twentieth state of the Union. At the tim of the Mexican war, although called upon to supply one regiment of volunteers, Mississippi responded with enough men for wo. One of these regiments Davis, who later was the pres
