A Dangerous Period Through Which Every Woman Must Pass

Practical Suggestions Given by the Women Whose Letters Follow

Mrs. Mary Lister of Adrian, Mich., adds her testimony to the value of Lydia E. Pinkham's Vegetable Compound to carry women safely through the Change of Life. She says: "It is with pleasure that I write to you thanking you for what your wonderful medicine has done for me. I was passing through the Change of Life and had a displacement and weakness so that I could not stand on my life and other amorphisms. A friend talk me about I wise E. Dieb for any other amorphisms. Life and had a displacement and weakness so that I could not stand on my feet and other annoying symptoms. A friend told me about Lydia E. Pinkham's Vegetable Compound and the first bottle helped me, so k got more. It cured me and I am now doing my housework. Your medicine is certainly woman's friend and you may use this testimonial as you choose."—Mrs. MARY LISTER, 608 Frank Street, Adrian, Mich.

It is said that middle age is the most trying period in a woman's life, and owing to modern methods of living not one woman in a thousand passes through this perfectly natural change without experiencing very annoying symptoms. this perfectly natural change without experiencing very announce symptoms.

Those smothering spells, the dreadful hot flashes that send the blood rushing to the head until it seems as though it would burst, and the faint feeling that follows, as if the heart were going to stop, those sinking or dizzy spells are all symptoms of a nervous condition, and indicate the need for a special medicine. Lydia E. Pinkham's Vegetable Compound is a root and herb medicane especially adapted to act upon the feminine system. It acts in such a manner as to build up the weakened nervous system and enables a woman to pass this trying period with the least possible annoying symptoms.

Women everywhere should remember that most of the commoner ailments of women are not the surgical ones—they are not caused by serious displacements or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative and often prevents Lydia E. Pinkham's Private Text-Book upon "Allments Peculiar to Women" will be sent to you free upon request. Who Makes the Pooley?

The Pooley Furniture Company, Inc., has been engaged in the manufacture of fine urniture for the past thirty-five years, during which period it has established for itself reputation as the leader in the wood-working industry. As evidence of this leadership you will find Pooley Furniture used exclusively in the world's largest and most luxurious hotels, of which the following will serve as a convincing example: The Plaza, Ritz-Carlton, St. Regis, the Vander de, Waldorf-Astoria, the Knickerbocker and Claridges, in New York: the Copley-Place in Boston, the Bellevue-Stratford, Ritz-Carlton and Adelphia, in Philadelphia; the Formount in San Francisco; the Chateau Laurier, in Quebec,

This reputation for producing nothing but the best has been zealously guarded in the production of the Pooley Phonograph. No effort or expense has been stated in every respect; in its development and production only the finest selected woods and materials have been used; in its construction the most expert craftsmen and skilled mechanics have been employed. Further, the entire output of the plant has been devoted he last six years to the manufacture of phonographs and it has taken several years (i experimental work in addition to bring the Pooley Phonograph to its present high standard

In the manufacture of this splendid instrument the Pooley Company was not guided by ways that are good enough, Lat by ways that are best.

Its beauty cannot be illustrated on paper nor described in words. You nave but to this beauty closed model model model so here in mahogany and walnut, see it in all its elegance and to hear the perfect purity of its tone to realize that here,

This wonderfully fine Pooley measures 341/2 incistep inches high, 41% inches wide 21% inches deep English stat is best in the artistic blending of a musical instrument into fine furniture. 1244 inches wide, 22% inches deer - Louis XV period. Price

What Lit Brothers, of Philadelphia, Say:

to day, it is a statement of plain and simple truth."

"The Pooley is the highest grade talking machine in the world. It is not only distinguished

for its exquisite brauty in tone, design and workmanship, but also for its smooth running

noiseless, perfected motor. The Pooley might be briefly summed up as the ultimate achievement

of the artistic blending of a superior musical instrument into a marvellously fine piece of furth

ture - and when we say that it stands alone, supreme and unequalled among talking machines of

What L. Bam: erger & Co., of Newark, Say: "THE POOLY PHONOGRAPH AN INSTRUMENT OF HIGHEST QUALITY After months of experiment we are satisfied that we can offer a phonograph to our clientele with all confidence, mechanically and musically

This is the final result of our efforts to find a line of phonographs, that could be sold at a price far below that of the well-known makes. And yet we demanded that it would stand the most critical inspection-mechanically, musically and from the standpoint of fine cabinet work Dozens of instruments of other makes were offered us. None passed the test. Then arrived the Pooley—and passed with flying colors.

The reputation of the Pooley company for fine cabinet making is Nation wide. There's hardly a first-class hotel that does not contain furniture made by them.

The motor, too! So convinced are we of its superiority that if by chance any one of them fails to function, we will adjust it immediately without charge And finally! The exquisite tone of the instrument is a source of constant delight to even

finest tobaccos are concentrated on this one cigarette-

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos and entire freedom from cigaretty aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camal Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show! Such things do not improve the emoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing, and only one, is responsible for Camels great and growing populative that is CAMEL QUALITY

Cabinet---A Tool Compartment

This New Improved HOOSIER BEAUTY is the culmination of twenty-two years of research and experiment, concentrated on the single problem—How to make kitchenwork easier.

Each year the Hoosier Manufacturing Company has conducted investigations and experiments based on its own ideas, and the suggestions of two million HOOSIER owners, and of domestic science experts. As a consequence, the HOOSIER has gone farther and farther in the elimination of unnecessary motions and waste steps.

The New Improved HOOSIER BEAUTY puts the things you need most right at your fingers' ends. The newly developed tool compartment tray, alone, has been pronounced by leading authorities to be the greatest single convenience ever installed in a kitchen cabinet. Yet it is only ONE of the many new and better features of this latest and better arranged cabinet.

> The HOOSIER tool compartment tray is a distinct innovation in kitchen cabinet construction. This tray slides in under the table top. When the table is extended the tray comes with it. Consequently, you can always get at the very tool you need, without stooping or looking. Reach your hand out and the tool you need is there.

> When you see this New HOOSIER, you will want it in your home. You will agree that this is the most complete labor-saving device ever offered to a woman.

Come in and let us demonstrate this greatest advance in. Kitchen Cabinet construction. We have a HOOSIER model to fit your kitchen—and your purse. Prices of HOOSIER Porceliron Tables and HOOSIER Kitchen Cabinets range

Appointments of considerable interest to the general public were made Tuesday night by the Board of Education. After completing regular business routine the Board took a recess while it called before them various candidates who had applied for position of fantitor in the public schools. After the Board resumed its session first, second and third choices were voted on filling of fantitor position. George Bierwirth, of 205 West Haxlewood avenue, was first choice of the commissioners. He was then formally appointed for six months on trial at a yearly salary of \$1,350. Other candidates were George E. Newton, Wil-	Ader. Mrs. George Helmstadter and Mrs. II. Baker, of Avenel. One of the most important acts was the passage on first and second-readings of an ordinance providing for sewer facilities in Pierpont street between Elmand Central avenues and in Central avenue connecting with present school sewer. The ordinance provides for an eight-inch tile pipe sewer for 375 feet in Pierpont street and for 200 feet in Central avenue. This will be a much-needed facility for the new dwellings already under con-	cinting. "Jesus Saviour Pilot Me," a favorite hymn o fthe deceased, was rendered by Mrs George Martin. The funeral services were largely attended. The Masonic rites were conducted at the grave. The pailbearers were F. C. Bauer, W. F. Rossell, George T. Kirchigaser and Nelson P. Brower. Burlal was in the family plot in Rahway cemetery. There was a great profusion of floral tributes, indicating the high esteem in which the deceased was held.	At least two local business men suffered from a skillful check forger early last evening to the extent of about \$50. Frank Burton, meat dealer, is out \$23.80, while Carl G. Schutt, confectioner and ice cream dealer, 11315. Main street, gave up \$25.35. The loss in each case, however, is reduced by recovery of goods sold in payment of which the bogus checks were issued. Shortly before 6 o'clock a man about 35 to 40 years old, smooth face, dark hair and eyes, about five feet six inches tall, wearing black soft hat, blue suit, gold rimmed spectacles, walked in Burton's meat market and	Marie Nolan, Marguerite Bergen, Loretta Allen, Margaret Schwindinger and Anna Smith. There were many floral offerings.	the friendly relations that have existed between employers and organized labor were made Wednesday night in stirring speeches by heads of the International Union of Printing Pressmen and Assistants at the Cross Keys Inn. The prominent leaders present were President George L. Berry, of Pressmen's Home, Tenn; Vice-President John Brophy, of Milwaukee, and Vice-President William H. McCue, of Kansas City. These men had been attending a several days session of the board of directors in New York and took the opportunity to come to Rahway and address members of
liam H. Clarkson, John Thune, Walter H. Miller, John Griggs, Chris. Paulsen, Thomas Flanagan and Emil Glatow. Mr. Bierwirth assumes' his duties Oct. 1. The vacancy in the staff of janitors was caused by the retirement of Chas. Wright, who has been in the service about thirty years. George E. Robson was formally appointed a janitor—for one year from March 15, 1921. Dr. Walter E. Cladek was appointed as medical inspector for the public-chools for 1921-2 at a salary of \$500. Contract was authorized with Dr. Geo.	Following the State-wide trend of sentiment the vote at the primary election in this city on Tuesday was very light, only fourteen per cent. of registered voters casting ballots. Fresholder Clifford B. Gehring received high vote of all the candidates, while County Clerk William B. Martin was next in line, followed by William H. Randolph, Fresholder candidate; Arthur N.
