___ A Matter of Conscience

STARTING in the little town of Norwalk, Ohio, the Norwalk Vault-for decent and permanent burial or the dead-has grown in twenty years into a great national institution—California, Massachusetts, Georgia, Nebraska, alike use the Norwalk Vault. During its time the Norwalk Vault has seen a hundred rival enterprises start and fail while it has gone steadily forward. Why? Because the Norwalk Vault is the ONLY VAULT SEALED BY HAND! To leave a vault unsealed and take a chance on its sealing itself is naturally far cheaper than to cement it together honestly by hand in the presence of witnesses. The work of a skilled mason—the actual sealing in the grave—is the one and only thing that makes any vault worth the price you pay for it. Hand sealing in the Norwalk Vault is not a matter of argument. It's a matter of conscience—of thoroughness—of
