WHERE the only snow known to winter is the white of the sands, where the only frost is the fluttering froth atop the gay little wavelets—there my lady exquisite finds excuse to linger:

Morningtime—in handmade frocks contrived of sheerest voile, crepe de chine, French linen, or novelty cloths. In natty sports suits tailored with the spontaneity of youth and its naive simplicity of twilled cloths, of white jersey, of checked flannels, and white fibre silk weaves.

Afternoontime—in cool, conceited creations involving hand drawn mousseme crepes, satins, and canton crepe. Or in printed silk crepe frocks of bright needlepoint patternings.

Eveningwards—in a wrap of dusky velora with collar and cape edged in white fox; in a white rabbit collared moire wrap; in a flamingo cloth coat, perhaps the new artichoke green in hue, modified with the pristine beauty of beaded chiffon, of embroidered net, of translucent georgette.

Madam who has the good fortune to go South for the winter:

Mr. Andren has taken great interest in outward improvements throughout the Township ever since he began the construction of houses. Wonder is it pure altruism on his part?
Rumor has it that one man is prepared to spend \$300 to be re-elected to the Board of Education. We have

inst gone through one election, which Fred Ritter characterized as the "Rum and Money Election." Are we going to stand for another.

Our new Township Committee is already muddling. One member thought he had to keep the books as the Township's chief financial officer —the latter is an office apart from the

Another party, not a member of the committee, sought the opinion of a Rahway legal luminary as to the possibility of abolishing the office of Recorder. The opinion rendered was the legal of the legal. Italian Creams, lb Peanut Brittle, lb office of Recorder. The opinion rendered makes us think less of the legal lore of the Rahway man.

We have heard that it sometimes takes a long time to get a thing into the heads of some folks. Truly, it does. Here after two years is a man asking what we meant by our quib about teh compensations for living in Clark Township. For his benefit, we explain that the meaning is that we do not need Al Jolson or Flo Ziegfold's Follies, so long as certain individuals attend and speak at the monthip meetings of the Board of Education. For example, what could be more diverting after the day's work than to listen to a speaker refer to one of our judges as acting like "a
