No, I think that it might be better if the candidates refrained from being frank. It would not be kind to shatter the phiblic trust we place in our tall back-slapping, political punsters who promise us the earth before election and then furnish the pick and shovel to work with after they are elected.

Rahway 65 Years Ago

From The National Democrat—October 5, 1931

Branhall Post, G. A. R. of this city paid a friendly visit to the Post at New Brunswick on Tuesday evening, and were very handsomely entertained.

Speeches, songs and refreshments were the order, and the Rahway boys looked as if they had spent a lively night, arriving home on the owl train.

The opening and improving of Milton avenue across the river, and erection of the drawbridge has caused an activity in real estate in that vicinity.

A large number of lots belonging to A. J. Ritter and G. W. Turner are in the market and will rapidly increase in value with the improvement completed.

The trustees of the First Baptist Church contemplated purchasing the lot corner of Milton avenue and Irving street adjoining their present property upon which to erect a new church and parsonage.

They will dispose of their present property on both sides of the avenue, to the best advantage, except a few feet adjoining the new plot.

A surprise party was given at the house of John Fetter, Sr. on Tuesday evening of last week, on which occasion all who participated enjoyed themselves hugely.

Rahway 15 Years Ago

From The Rahway Record—October 4, 1921

There was a notable double celebration at the residence of Mr. and Mrs. Philip Lachman, 264 Main street, Saturday night, when their twenty-fifth wedding anniversary was observed and also Mrs. Lachman's birthday anniversary.

The double anniversary was celebrated with a program of social diversions that gave all a good time.

Because he preferred to pay a lasting tribute to his pal, the late Stanley Eaton, rather than express it in perishable flowers at the funeral, Irving Straus, of Chicago, has provided funds with which a memorial will be established at the Rahway Hospital.

Announcement to this effect was made today at the meeting of the Woman's Auxiliary to the hospital.

Mrs. Oscar F. Carlson of West Grand street, demonstrated her ability in needlework by winning two prizes at the Trenton fair.

Considering the great number of entries, Mrs. Carlson is to be highly commended for the quality of her work.

Mr. and Mrs. A. J. Boyle have started the erection of a modern bungalow on Walter street.

Rahway 5 Years Ago

From The Rahway Record—October 8, 1931

Rahway police took to the air Sunday afternoon in an effort to bring to earth a violator of a city ordinance regarding the flying of airplanes over the city.

When a low flying air machine visited the city for the second successive Sunday, Captain James Albers and Sergeant Flanagan made use of an airplane donated by the United Aircraft Corporation to give the flyer who on two occasions has spent more than a half hour flying and stunting over the city. Although they were unable to overtake the violator they obtained his plane license number.

Thomas H. Pickens, of 19 Whittier street, returned last night to Hun School at Princeton, where he is a senior in that year's student.

Making good use of tricky plays, the High School football team inaugurated the season Saturday with a 6 to 0 victory over the much heavier Neptune eleven at Riverside Park.

Civil Service Question Box

Questions Addressed To This Department Will Be Answered Just As Soon As Official Answers Can Be Obtained; Send In Your Questions Today

Question. If ten applicants take an examination for a position and eight of them meet the requirements, how shall the one who appears in such certification?

Answer. The ratings of the papers of all of the applicants are placed on the basis of all the questions asked. For instance, one applicant may have a final general average of 85, a second 82, a third 81, a fourth 80, a fifth 79, a sixth 78, a seventh 77, an eighth 76, a ninth 75, a tenth 74.

Question. The names of the candidates are placed in the order of their ranking. If so, how long is this period and who determines whether the names are to be certified?

Answer. The names of the candidates are placed in the order of their ranking. If so, how long is this period and who determines whether the names are to be certified?

Question. How long is this period and who determines whether the names are to be certified?

Mounting Ash Heap

A traveler was writing his notes in the register of a hotel when he was interrupted by a knock on the door. The man opened the door and looked across the passage. The man who was standing in the doorway was a stranger. He was a man of about 40 years of age, with a high forehead, a prominent nose, and a serious expression. He was wearing a dark suit and a white shirt with a dark tie. He looked at the traveler and said: "I am looking for a room for the night. Do you have any available?"

The traveler looked at the stranger and said: "I am sorry, but all the rooms are occupied. However, I can show you a small room in the back part of the hotel. It is not very nice, but it will do for the night. Would you like to see it?"

The stranger looked at the traveler and said: "That will do very well. How much does it cost?"

The traveler said: "It costs one dollar and fifty cents per night. Would you like to pay now?"

The stranger took out a pocket book and counted out the money. He handed it to the traveler and said: "Here you are. I will be back in a few minutes." He then turned and went back into the hallway.

The traveler looked at the money and then at the door. He thought for a moment and then he went back into the room. He took out a small box and opened it. He looked at the contents and then he looked at the door. He then he went back into the room and closed the door.

The next morning the traveler was up and ready to go. He packed his bag and then he went to the door. He opened the door and looked out. He saw a man standing in the hallway. He looked at the man and said: "Good morning. I am ready to go. Here is your money." He handed the man the money and then he went back into the room.

The man in the hallway looked at the traveler and said: "Thank you very much. I will be back in a few minutes." He then he went back into the hallway.

The traveler looked at the door and then he went back into the room. He closed the door and then he went back into the room. He looked at the door and then he went back into the room. He closed the door and then he went back into the room.

The traveler looked at the door and then he went back into the room. He closed the door and then he went back into the room. He looked at the door and then he went back into the room. He closed the door and then he went back into the room.

Expect Milton Avenue Paving To Start Today

The long-awaited paving of West Milton avenue from the railroad to the intersection of St. George avenue is scheduled to get under way today.

Brooks and the county engineer, who have been in charge of the project, are expected to start the paving of the street at 8:15 o'clock.

The project is being supervised by the county engineer, who has been in charge of the project since it was first started last year.

Clark Home Will
Open On Sunday
 First Of Dwellings In Zuman Tract Will Be Open To Public
 The first of a series of dwellings built by Clark Homes, a portion of the Zuman development, will open Sunday at 2:30 p. m. for public inspection. The home purchased by Mr. and Mrs. Warren C. Wilson will be on display. The public is invited.
 The structure is located in Lake County, near the intersection of the Clark Turnpike and the Clark Turnpike. The Clark Turnpike Committee and Henry Wetzel, Clark Turnpike attorney, will be among officials attending the opening ceremony.
 Six other homes are under construction in the tract and will be completed early next month. All are said. It is expected that more homes will be built eventually in the tract which covers 100 acres.

entire Republican ticket to bottom and put out of the race and all an effort that is increasingly vital to the welfare of our State.

Speakers were William S. C. Craves and Walter H. Bane and Helen Lathrop, N. J. Council candidates and Mrs. Charles Bauer and Mrs. Margaret H. Horgan, candidates for the State House of Representatives. The Rev. J. J. O'Connell, pastor of St. Mary's church, was the main attraction with a heavy crowd.

Peakes Says His Party Kept 1935 Taxes Out Of Sale

Good Management Of Democrats Made This Unnecessary

Councilman Peakes of the First Ward, in an address before the Rahway Democratic Club this week, declared that the result of careful management and efficient government by the Democratic administration in 1935 in creating almost a half million dollar surplus in the treasury has made it unnecessary to sell properties this year which are delinquent for 1935 taxes.

Elks Plan To Form 3rd Youth Group For Local Members

Rahway Club Acts To Sponsor Unit Of Antlers For Youths 15 To 21

A committee composed of Arthur J. Perry, Claude H. Reed, Melvin W. Reed, Charles A. Roake and Sidney Harris was named during the week's meeting of the Elks club to make plans for the formation of a new youth group of the Antlers, a boys' organization which would be open to boys between the ages of 15 and 21 and would have no connection with the sponsoring organization's activities.

Peakes charged that the financial condition of the city in 1933-1934 under Republican rule placed the city on the verge of bankruptcy, that at the beginning of 1935, the city had a balance of \$50,000 in obligations amounting to \$100,000. This situation was created despite the fact that Councilman Reed and in the Council for a year and a half after the resignation of Councilman Fowler, and did nothing to improve the city's financial condition and is now trying to claim the credit for what the Democrats have accomplished during 1935, he said.

TALK of the Town

Anyone who has attempted to change the traffic lights from red to green by pushing the button on the poles at intersections in Route 23 knows that they mean about as little as a politician's promise.

After our remarks in these columns about Vice President John Garner being the "Forgotten Man" in Democratic headquarters where no picture of him is displayed in the window, a Republican told us that a small one of these stuck had been put up. However, upon investigation, we find that the small photo is one of our own Dr. Frank Moore.

Monday night a man and woman came into the detective bureau in police headquarters looking for a place to register for the coming election. The cops said they could register their fingerprints but not their vote and sent them out looking for City Hall.

Police headquarters has been visited by a number of persons wanting to register for the election. It is surprising how few persons know where their own City Hall is located.

Mayor Barger's suggestion that Riverside Park be abandoned as an athletic field and that another field be constructed on the outskirts of town was advocated by our sports department long ago and his suggestion will certainly have our support. It is to be hoped that the Board of Education will pay more attention to this suggestion than the Mayor board did.

In case you have forgotten that incident, let us remind you that the Mayor board, which appears to be the last word in leniency, tabled Barger's request for months and when the members finally did adopt it, the reduction action was filed in such a manner that it really won't be effective until a year hence.

The board then turned around and prescribed an extra hour operation for saloons on "Sunday mornings." You can be pretty sure of any bet you make that the personnel of that board is going to be changed just as soon as certain terms expire—that is, if the present administration is successful in the big ballot contest now on the way.

Question: Wonder if West Mill avenue is really going to be paved or are the boys who own the project just kidding us? The only consolation is that winter will soon be here and the miserly owners will be frozen.

Clark Township Committee members are trotting a leaf from the book "Control Street." It was exactly 9:34 p. m. when the meeting was called to order but the session didn't officially get until after 10 after the committee members had discussed a number of important matters to be decided upon that night.

Clark is showing progress and the growing pains are reflected in more work for the officials.

Christmas is on the way. Is the Madeo report?

Extra Wednesday night's Common Council meeting, although late in starting as usual, lasted

TAMMANY WAS A PIKER

Letters To The Editor

THE KANSAS "INFELD" Editor, The Record.

That charming little serenade of the "Republicans" printed in your column of September 26th, reminds me of that famous joke of old Chicago baseball days—the "Trunker to Evans to Chance combination. It appears I am recalled by a London to Mayberry to Mason to Dear with two assistants but no suit-out, bless their souls.

Dear Editor: when you "feel impatient at this more or less futile political debate be comforted with the thought that this correspondence will as well as the first "Babes" to invade National attention to dear old sleepy Rahway, even if the nationalism is irrevocably of the yearning variety.

As a matter of fact, Mr. Mayor Mason, Landon et al. did know that I had been evicted from Kansas. Your information that cigarette papers cost the a pack as well as overtaxed in dear old Rah instead of the 12c I recalled and which I rallied against as profiteering.

However, I am glad that it is now identified that the LEGAL drama of Kansas assures an LLEGAL of Kansas traffic and the consequent records of unemployment during the late depression or of mentioning the seasonal character of the work with all the insecurity and psychological depravity that implies. But I will say that what ever stability has been reduced to the Kansas employment is largely due to the fact that the Kansas teachers' error Landon so clamorously demanded and applauded BEFORE he was selected in the best Hearty manner, as the "fall-guy" of this year's election.

To Governor Landon and his Man-Friday Hamilton, to Mr. Mayor, to Mr. Mason and to all other Americans who, from force of habit and hardening of the lower lip, vote Republican as automatically as they read the newspaper, I would earnestly recommend a thorough reading and study of the editorial in the New York Times of October 1, wherein is stated the reasons why all thoughtful Americans and the conservative, if independent, "Times" will support the election of Franklin D. Roosevelt.

I can understand why a professional politician, say a chronic face seaker, being OUT is naturally opposed to the P.S. because he wants to get from OUT to IN but there is no connection, in such a discernible manner, between the welfare of an entire nation, per se, and an entire individual and the ambitions of individual or group of other seakers. Every time where the welfare of an entire nation is concerned, must stop at the city line. That is not so much with politics as common sense, real intelligence and in the year of our Lord 1936, true Americanism.

The other day, in a moment of abstraction, I was gazing upon the cherubic features of Mr. Landon and the sauterine characteristics of Mr. Knox, brazenly displayed at C. O. P. Headquarters. Suddenly, like the effect of a whiff of hamburger, it occurred to me that perhaps thousands of other wise nice people were pathologically afflicted with a constitutional inability to view such complexity and seeing the sun shining brightly upon the modestly displayed Democratic banner reacting in the constituency. I started to think negatively: "Who really dislikes Mr. Roosevelt? What enemies has he made?"

"WHAT I FOUND IN MICHIGAN"

"What I found Michigan a great state and while the dry weather has had its effect on the crops, yet the thousands of acres of the largest farms we have yet seen still produce a vast crop of corn and other products. Fine water melons are selling here at 50c each and big cantaloupes at 75c each. The farms here contain from 500-700 acres and the land is as level as a board floor and you can see just far to the other side. We notice corn in Michigan is planted in hills—like it is in Jersey. Instead of in rows as other states do.

We arrived at Lansing at about 11 a. m. Thursday morning and found Governor Frank P. Fitzgerald at his desk and when I was introduced by his secretary the Governor came out of his office and after a hearty handshake said: "Are you Mr. Moore from New Jersey?" I said, "That's right Governor." He then said, "Come right in to my office and I trust you will find Michigan as very enjoyable and that as a result of your visit, Michigan will stand out in your memory for its hospitality."

Your little visit was most enjoyable and I will send you my best wishes for your continued enjoyment, health and success. The Governor was not satisfied with just telling me these nice things but he wrote them down in his own hand writing and handed them to me. This is very unusual, especially the great state's production of corn. We are all in the best of health and eat the pigs and sleep the same.

The Kansas "Infeld" also advises me to look at Woodbridge, where the teachers are or have been paid in script and, as hard as it is on the eyes, I have looked. I see that Woodbridge is a Republican administered city of a Republican ad ministered State and who can I say by some oversight perhaps, receive about three times as much in average salary as the Kansas teachers—so what?

I am asked—despite the fact that I expounded only four weeks in Kansas—if I had noted there any aristocracies of other lands; that President of the U. S. A. But rope over had, and an occasional visitor to our shores from his car, never showed as an "under" promoter in England and China.

Ah! The Dupont Dynasty—very aristocratic and making profit from the sufferings of mankind; like the Parasites of ancient days, who grew opulent from the second-hand proceeds gathered from the corpses thrown over the side.

And a couple of Ah!—Ah! Little Willie Hearst, the Red Herd of San Simeon, yelling Best! to project \$200,000,000.00 of concentrated wealth from his just duty of the sunny shores of old California and contrasting that old saying of the ancients that the "good die young."

Ah! Father Coughlin, the whirling dervish of Detroit, facing twelve was at once in the sublime mission of arrolling votes from the brotherhood of Man, who fall between the "red" and "white" who use bullets because they have NO vote and "traitors" who would stab in the backs when the bullets are aimed their "voter," who "desires" "underdog vocalizations" and calls the Leader of 128,000,000 Americans a liar.

Ah! The U. S. Chamber of Commerce's issuing executive orders to the people of the U. S. as if they were soldiers—and being ignored for the bought-and-paid-for propaganda of the bull-headed "President" and the American people.

Well, what strange bedfellows ambition can make and how true it is that birds of a feather have identical squawks. These gentlemen appear to delight our "President"—but what a break in our President and the American people.

Still thinking negatively, I recall a theological argument that the Christian world owed much to the Jews. Perhaps we can keep a tiny little warm spot in our hearts for these enemies of President Roosevelt? Why not for those of us who are discerning, how really great he is.

Edward Palmer, New Brunswick, N. J.

QUALIFYING AS A TREE EXPERT

Actions to improve sanitary and health conditions in the First Ward will be taken by William S. Bendo, Republican Common Council candidate, he said during the meeting of the First Ward Republican Club Tuesday night. He will oppose "rumpling garbage" and refuse on the marshy land near Lawrence street and lead a movement for improvement of Rahway River conditions, he said.

Charge Local Man With Non-Payment Of Alimony

A warrant was issued this week by Advisory Master Herr for the arrest of Adolph Lehman, 68 Main street. Lehman was adjudged in contempt for failure to meet alimony payments to his wife, Mrs. Bertha Lehman, 40 Main street. George M. Kagan made application for the contempt order in behalf of Mrs. Lehman. He made application for the weekly alimony payment to Mrs. Lehman last July. She has two children to support. Lehman owes \$225, it was said.

Back to the Oval

Dear Club members: Do you remember how good those first spring salads tasted? I didn't think I could get that thick and heavy. But, do you know, now that summer is over I find myself looking forward to the same experience to the oval dinners we have every Sunday. So I am going to give you today one of my favorite menus and I hope your families will like it as well as mine does.

Spanish Steak Supreme

3 lb. top round steak in thick slices

1 can tomatoes

1 medium onion

Rub the meat with salt and pepper and place in covered roaster. Slice onion 1/4 inch thick and lay on meat. Pour the tomatoes over (300 degrees) 2 1/2 hours. Scalloped potatoes can be prepared and put in the oven forty minutes before the meat is ready to take out.

Scalloped Potatoes

5 medium potatoes

2 cups thin white sauce

1/2 cup butter

Salt and pepper

Make white sauce (2 tablespoons butter, 2 tablespoons flour, 2 cups milk, 1/2 teaspoon salt).

Parse and slice potatoes thin. Arrange a layer of potatoes in a buttered baking dish. Sprinkle with salt and pepper, dot with butter, and cover with white sauce. Add another layer of potatoes, etc., ending with white sauce. Bake in moderate oven, uncovered for forty minutes before the meat is ready to take out.

SUNDAY DINNER Suggestions

WITH meals and better more favorably in balance with her pocket-book, a housewife can plan and buy her meals more easily. This week's list of dishes have come down considerably. Prices are still high and moderate in price.

Local grown produce is plentiful and moderate in price. Lettuce is still high but cabbage, escarole, romaine, spinich, celery, tomatoes and cucumbers are very reasonable.

Green peas, a delicious platter, apple and carrots. Fine beans and green peas are available. Here are three menus planned for different budgets.

The Myth About Men & Machines!

LOOK at your shoes. They are neat, comfortable... and not too costly. They were made by machine. They give service to you... and employment to scores of people who made and brought them to you. These include the salesman, the owner of the shoe store, the tuckman who delivered them, all the men who, step-by-step, made them. You can figure out yourself how long it is that list of people.

More shoes for more people... and at lower prices. Instead of one pair a day, the machine runs out dozens... because the cost is lower, more people can buy.

Machines Increase Real Wages

Real wages have increased more than 60 per cent in the past 60 years... the machine age. That is, the average worker can buy more than half again as much as he could in 1870.

Look at automobile tires for example. Back in 1910 the average tire cost \$25. It did well to last 2,500 miles. But new machines brought the average tire cost down to \$12. And it will run 25,000 or more miles.

In the meanwhile, average wages of industrial workers were increasing. In 1910, an hour's labor would buy 23 miles of tire travel. But today, an hour's labor will buy 1,220 miles of tire travel—about forty times as much as in 1910.

Machines Shorten Working Hours... Raise the Standard of Living

The period of the greatest machine development has seen a decline in the hours of work in manufacturing from an average of 47 per week in 1890 to 46 or under now.

Machines have brought within reach of everybody a variety of comforts, conveniences and luxuries undreamed of 50 years ago... automobiles, electric lights, telephones, radios and a hundred other things we could not do without.

made by the automobile. Three times as many new jobs as the old ones.

And let's look at some other "job-creator" machines. The typewriter and the adding machine. Here are two machines that certainly let one office worker do the work of at least two or three working by hand.

In 1860 with no office machines, it took 4,369 clerks, bookkeepers, and so on for every million of population. Now bring on the machines. Fewer jobs? Nothing of the sort. By 1930 office workers had increased to 49,805 per million population... just 11 times as many as before they started doing their work by machine.

Always Multiply Wealth

What does all this prove? One thing, MACHINES MAKE JOBS!

There is a throttled demand in America today for nearly \$19,000,000,000 worth of new machinery—enough to keep four million men steadily at work for two years.

The machine age in America has taught us one simple economic rule. Real wealth comes from producing more goods so more people can have a bigger share. That is the American formula—always multiply wealth. That formula calls for the installation of new machines to develop new products... new machines to stimulate production... new machines to make new jobs.

In every advance in machinery, in every new machine, you gain greater freedom, greater ease... a better living. You rise to the heights with the machine.

If you are interested in this subject, learn more about it. A free copy of a comprehensive booklet "Men & Machines" soon being prepared, will be sent you. Write to Room 2036, 11 West 42nd Street, New York City.

More Machines Mean More Jobs, More Wages

	1879	1929
Horsepower Installed in Factories (which measure use of machines)	3,411,000	42,869,000 Increased 12 1/2 times
Jobs in Factories (single earners)	2,733,000	8,222,000 Increased 3 1/4 times
Total Factory Wages	\$98,000,000	\$11,607,000,000 Increased 12 1/2 times
Population	49,053,000	121,526,000 Increased 2 1/2 times
