THE RECORD'S PROGRAM FOR A BETTER RAILWAY

Section of Councilmen and employees best-qualified for the task of running the city's public utility system...

A New High School—Railway's Most Important Problem

Railway High School auditorium took on the appearance of an old-fashioned town meeting Monday night when a large crowd of citizens gathered to listen to a dozen leaders discuss the problem of a new high school.

The meeting proved conclusively that there is a strong sentiment here in favor of a new high school, not in 1939 but immediately.

It proved that citizens will not stand for a part-time schedule in the high school, an unsatisfactory system now in operation in grade schools of the city.

It further proved that citizens are in favor of starting action immediately to acquire land and to obtain plans for the proposed new building.

The first action, which should start immediately, is to determine where the new building shall be located.

Riverside Park, Esterbrook avenue and Central and St. George avenues have been mentioned as possible locations.

Dr. David Engelman of the Board of Education has wisely named three of his colleagues to make a study of the situation.

It is to be hoped that they will be able to bring back a definite recommendation regarding the school site.

Everybody who has taken the time to consider the facts known that Railway needs a new high school. The old structure, built in 1909, is a disgrace.

It places students and teachers under all types of handicaps. Railway must have a new high school and instead of being forced to wait, we should do everything possible to get it now.

Of course it will cost money. However, we are going to have to pay out this money some time and the sooner we start paying it, the sooner we will have the building paid for.

The greatest ray of hope which has yet been thrown on the troublesome situation has been provided by Dr. A. L. Johnson, our efficient county superintendent.

He is of the opinion that despite the state debt limitation law, now the only thing in the way of a local appropriation for a new school, Railway and the other county municipalities are able to effect school extension through a modification by the Legislature.

If the State Board of Health could declare pollution of the Railway river a responsibility for an emergency appropriation and force us to exceed our debt limit to get a new sewer, what is to stop us from declaring our school situation an emergency and making a new school possible?

It is to be hoped that the reliable Dr. Johnson will be consulted by school officials for more information on his belief that we may be able to build a new school despite the state limitation placed upon us.

Perhaps Railway and the other county municipalities can band together in getting a hearing from the State Legislature which will soon convene.

There are those who will raise a hue and cry against increased bonded indebtedness and their arguments may have merit. However, nothing is more of an asset to a community than its school system.

Mayor Barger rightly believes that if we are to progress, we must compete with other municipalities. If we want to participate in the real estate and business booms now under way all around us, we must have a modern school system.

"We want to continue to be known as a self-satisfied, unprogressive community, we will sit by and do nothing until our schools lose their rating, threatened several times because of our false economy of the past. The Parent-Teacher Associations are doing everything possible to pass this matter to completion. Everyone who has the best interests of Railway at heart should support this laudable action. Those who want the city to remain in a state of stagnation will do better to go elsewhere where nobody wants progress."

The selection of a site, plans for a new building and a method by which we can appropriate the money needed seem to be the problems immediately confronting

Thanksgiving was generally observed in this city, business being suspended and services held in the various churches; the congregations were not very large on account of the very cold weather.

Longstreet requests us to say to the person who "borrowed" those boots from in front of his door on Wednesday evening that he can have the pegs taken out and a box of best blacking by coming to the store on Main street.

We hear that the sermon of Rev. Mr. Liggett, at the Second Presbyterian Church on Thanksgiving day was excellent, one of the best being the political corruption of the times. We also learn that it was requested by the congregation that the sermon be published in the city papers but we have had no direct communication concerning it as yet.

A lady of color giving the name of Kate Murray and claiming to be one of the "Chicago sufferers," stopped at Amos P. Scudder's and asked for assistance. "She was furnished with some work which she did and then decamped taking with her a lot of wearing apparel. She was arrested and committed to the station house, but we understand Mr. Scudder did not choose to appear against her, and she was discharged. The officers in charge of the station house think she is adept at making beds."

The feature of the second night of the fair conducted by the choir of St. Paul's Church consisted of living tableaux posed by little boys and girls under the direction of Mrs. John Bose and Mrs. Caesar Leonard.

The pictures and the children who personified them were: Curly Locks, Catherine M. Lawson and Edward Miller; Tom, the piper's son, Camille Leveaux; Simple Simon, Ross and Robert Fowler; Arthur Puss, My Leona; Little Jack Horner; Love Perry; Little Bo Peep, Margery Perry; Tommy Tucker, Arthur Little; Miss Muffet, Doris Heid; Mistress Mary, Sarah Aygar; Little Maids, Harriet Muller, Marie Dean and Virginia Foster.

Dr. Adolf Lorenz, at the noted Viennese surgeon was the "lion of the hour" at a reception tendered in his honor by Dr. and Mrs. F. H. Albee at their palatial home in Colonia Sunday afternoon. Owing to the storm the closing of the week the internationally famous doctor was forced to postpone his trip and it was not until Sunday morning that he was enabled to motor from New York with Dr. and Mrs. Albee.

The yacht club will give its annual beef steak supper in the club rooms this Thursday evening.

All the kiddies and their mothers are invited to the Lyric Theatre Friday afternoon when the famous Buster Brown of comic page renown and his noted partner in mischief, "Tige," will perform for the delegation of Railwayans free of charge.

Yesterday morning at the high school assembly of Juniors and Seniors, Mayor A. C. Brooks presented Arthur Coogan, boy soprano, with the \$5 gold piece offered by The Railway Record as winner in the audition recently held in the city for the program to be broadcast over WOR on December 9.

Mrs. Jan van Herwerden, head of the Ways and Means committee at a meeting of the Woman's Auxiliary of the Memorial Hospital reported \$434.10 receipts from the recent play.

This year for the first time in its history of more than 75 years the Railway Public Library received an appropriation from the city funds. The money is being used to keep the institution open six days a week instead of the customary three.

L. M. Hampton, 84 Jaggus avenue has returned from a visit with his son, Marshall Hampton and family of Detroit.

A surprise birthday party was given by Mrs. L. A. Pomeroy of Jersey City in honor of her brother, Thomas Dolan of 120 St. George avenue on Thanksgiving day. All the young ladies came attired in different costumes.

The power of the press is something that belongs to everyone from the man who writes the news to the man who reads it. The fair newspaper takes sides with no one. It knows no party, no creed, no race.

Its purpose is to record, and, if necessary, to interpret facts. Instead of trying to mold public opinion, it strives to present in simple words news that is of interest to its readers.

In some of my columns I have been prone to make unkindly remarks about politicians, but that does not indicate that I think that everyone in politics is inefficient or worse. Many men in public life are giving their best in the interest of

Merck Sells Land To General Motors

Merck & Company, Inc. local chemical manufacturing firm, received approximately \$1,000 for a piece of land included in the 60-acre site sold to General Motors for its new Linden assembly plant, according to revenue stamps on deeds filed with County Register Edward Bauer.

The motor firm paid about \$20,000 for the tract, \$15,000 of which went to a contractor headed by Julius Daniel of Elizabeth and \$4,000 to Standard Oil.

George W. Perkins, Merck vice president, signed the deed.

Clark Woman Files Suit For Divorc

Marion K. Smith of Clark Township is petitioner in a suit for divorce from Kenneth Smith of Wallkill, N. Y. Grounds listed are desertion and adultery. George M. Kasan, Railway attorney, represents the petitioner.

My idea of a real newspaper is one that serves the public first. This, of course, is not an easy task. Editors and publishers must eat, they do not look for favors. Nevertheless it is they who are in a position to insist on fairness in the presentation of news. If they demand the true facts, they will get them. The newspaper is their servants and in most cases it will be found willing and ready to meet their demands.

No publication is entitled to support unless it fulfills the requirements of the public. If it cares to prostitute its freedom and power for the honeyed praises of a few seekers of self-gain, it cannot hope to hold the respect of its readers. Journalism is a grand profession. It has its ethics and the majority of its members live up to them.

I know that our political system is far from what it should be. But I have no fears for the safety of our Government so long as that formidable bulwark of defense, "freedom of the press," lives. What I do

Letters to the Editor

TOUGH ON DRINKS

SPOKANE, Wash., Nov. 19.—It will be easier off the "rooster" for motorists who come before Spokane's police court. Ired by the number of "repeaters" who appear before him on drunkenness charges, Judge Frank Yuse decreed today second offenders in any month will have their choice between a dose of the old-fashioned home remedy or a jail sentence.

Louis W. Conroy said the plan would be legal if the judge ordered a jail sentence and then gives the prisoner the option of serving the sentence of awaiting the day under supervision of a city physician.

"There isn't much choice, but at least there is an alternative," he added.

Dr. C. W. Countryman, police surgeon, said he believed the proper amount might be half a pint.

A half pint of castor oil certainly would be much less costly to our taxpayers than 30 days in our warm County Jail with food and lodging at public expense. This method should serve also to quickly eliminate the alcohol from the patient's system, essential to sobering, and may act as a further deterrent.

TAXPAYERS

"Tuberculosis is unnecessary," says the National Tuberculosis Association. "We know enough to wipe it out if everyone would only utilize that information." Buy Christmas Seals and help spread that knowledge.
