Putting up a howl is not so terrible in itself, but I usually roar in the wrong direction.

I feel that I have a message to give—a message that might be helpful, but most of the time I am more interested in filling up space. That's what you might call being honest. However, there is a purpose behind my frankness. I'm not saying these things to relieve my conscience. They all help me to get closer to the end of this column.

these days in less than half an hour. All it takes is a small cash outlay and a little ingenuity. The "fairyland" is fun to create; it's a genuine satisfaction to own; and it's a source of joy for all passersby.

For the second time in its existence the Rahway Junior Chamber of Commerce conducts its annual Christmas Lighting Contest, rewarding with valuable prizes the best displays in our own home town. The spirit of competition adds zest to an undertaking which in itself and in its resultant pleasures compensates its owner many times over its original cost. It's really fun to get into the contest. There are no entry fees and absolutely no obligations are assumed by the DEC. 15, 1936 entrants. Prizes are awarded in a manner to insure for all an equal opportunity to win. Your home may win for having the display costing the least amount Selection of Councilmen and employes best-suited for the task of run- of money, while John Goldrox may win for having the
