Winsor-Sisson Nuptials Here

Railway Girl and Chicago Man to Wed in Ceremony On Saturday

Miss Anna May Sisson, daughter of the Rev. and Mrs. O. H. Sisson of 440 Central avenue, has announced plans for her wedding Saturday to Herbert Charles Winsor, son of Mr. and Mrs. D. C. Winsor of Chicago. The ceremony will take place at 8 p. m. in First Baptist Church with the Rev. Edwin A. Goldworthy officiating.

Miss Ruth Orr Dean will be maid of honor and Miss Sarah Thomas Ferguson will act as best man and usher. Misses Beatrice Simon, Thomas Murray, Paul Howard, Robert Brown, Carlton Babbs and Dr. Harvey Bartle, Jr. will be bridesmaids. The bride is a graduate of Wilkesburg High School and member of the Kappa Alpha Theta Sorority and the Mortar Board. Winsor is a graduate of Denison University and a member of the Phi Gamma Delta Fraternity. While there, Winsor was president of the Athletic Association.

The couple will make their home in Granville, O.

THE RECORD'S PROGRAM FOR A BETTER RAHWAY

Selection of Councilmen and employees well-suited for the task of running the city, regardless of political affiliation, race or creed.

Maintenance of a police department with modern equipment and a sufficient staff of trained men not controlled by politicians and unscrupulous after competitive examinations open to outside as well as Rahway residents.

Efficient activity of the police against motor code violation, a minimum of suspended licenses and no "blind" tickets.

A modern high school with complete equipment and facilities, including a gymnasium.

Formation of an industrial and mercantile commission which will further the interests of Rahway and advance local business welfare.

Improvement in appearance of railroad station and viaducts.

Demolition or improvement of unsightly buildings, municipal and private.

An efficient solution of the juvenile delinquency problem by revealing the resources of our police and police court, schools, churches and clubs.

Completion of the Milton lake project, including restoration of the former lake and development of a surrounding territory into a park and residential site.

Action which will take advantage of the offer of free land for a municipal athletic field and construction of a modern athletic plant on the site as soon as conditions warrant.

Good Wishes To The Old; Success To The New

The new year brings hope and happiness to nearly everyone in the city but there is one class of citizens for whom the beginning of the new year means that a new job must be found. We refer to those city employees who are ending terms of office begun under the Republican regime and who under our political spoils system, must now give up their offices to newcomers of a different political faith.

Heading the list of those who are putting in their last days in their offices now are City Treasurer John J. Hoffman, City Clerk Wilfred L. Baldwin, City Attorney William V. Herer, City Engineer Levi Price and Tax Receiver Robert H. A. Adams.

There are a number of subordinates who will also find themselves out of city jobs at the beginning of the coming year. To those employees named above and to those subordinates who also go out of office, we extend wishes for a happy and prosperous future.

These officials have all performed their work to the best of their ability. Like others who have gone out of office under our political system, they are not being let go because they are inefficient. Their successors will be no more efficient. In fact, until they acquaint themselves with the many duties of public office, they will be less efficient than those who are now leaving.

It is all part of a cycle which continues and probably will continue until we junk this unbusinesslike system.

This is not meant to censure the party now in power. The Democrats are playing the game in the same manner that the Republicans before them played it. They would be foolish not to do so.

The outgoings employees have given good years of service. Their work has been above criticism. We wish them success in other fields and also wish success to the newcomers who will soon take over the important city positions.

The Worm Is Turning

It is becoming increasingly apparent that New Jersey highway users will be less placid in the future when attempts are made to divert to other uses the heavy taxes levied against them for the specific purpose of improving highway facilities.

There have been many recent indications that New Jersey motorists are growing weary of being the fiscal goats for legislators whose actions are motivated by political expediency rather than a sincere desire to equitably distribute governmental costs. Of particular significance is the recent announcement by the Trenton Automobile Club that a move is under way to rally the support of all organized New Jersey motorists behind a drive to secure a State Constitutional amendment restricting the use of gasoline and motor vehicle taxes exclusively to highway purposes.

Diversion advocates who may be considering lightly these plans for such an amendment need only to study the experience in other sections of the country to realize it is more than a mere gesture. Such amendments have already been adopted in Maine, Missouri, Minnesota and Colorado. Nearly 100,000 motorists in Massachusetts have petitioned for similar action. There is a definite growing sentiment throughout the country against the continued diversion of approximately \$150,000,000 a year.

New Jersey motorists no longer intend to sit quietly by and watch their road funds being used for relief financing or whatever other general need may arise. They have seen more than \$75,500,000 of their tax revenue used in the past for other than highway uses and they will in the future demand that road funds either be used for road purposes or that the taxes being levied against them as motorists be reduced.

There is an old story about the worm turning. The motorists are familiar with the tale and legislators would do well to acquaint themselves with it also.

History of Rahway From Newspaper Files
Tuesday, December 29, 1936

Rahway 65 Years Ago

From The National Democrat—December 28, 1971.
The boys made "music in the air" on Christmas day by a vigorous blowing of fish horns through the streets; the music was not highly appreciated by the citizens generally.

Efforts are being made to change the name of Metuchen to that of Glendale.
J. Y. Wilson, Esq., has the timber on the ground for the erection of two new stores. A number of applications have already been received for them as soon as they are finished.

The New York and Newark daily papers are now hawked through the streets by resident news boys.
Marsh Noe, an aged man, a mason by trade, was struck by the locomotive attached to the first train to Perth Amboy this morning at the New Brunswick avenue crossing. Dr. Hough, who administered aid, reports injuries not dangerous.

Rahway 15 Years Ago

From The Rahway Record—December 30, 1921.
An informal Yuletide party and dance was held Wednesday evening at the home of Miss Charlotte Taylor of 602 St. George avenue. The evening was spent in games and dancing. Miss Edna Carnody gave a very fine vocal solo.

Local friends were surprised Thursday by the announcement of the marriage of Leonard Vanderwende, son of Mr. and Mrs. Leonard Vanderwende of 14 Park street and Miss Mary Healy of 138 West Grand street.

On Christmas day, Mr. and Mrs. L. M. Sauers of 26 Rutherford announced the engagement of their daughter, Miss Florence Sauers to Mr. George Barry, son of Mrs. H. Barry of Plainfield.

Announcements were made Thursday evening at a meeting of Post 5, American Legion to have a large house warming in their new headquarters in the Exchange building, Irving street on January 2.

Rahway 5 Years Ago

From The Rahway Record—December 31, 1931.
Establishment of soup kitchens in Rahway as suggested by W. B. F. Coston of Kline place, was deemed a matter of decision by the Common Council during the meeting Tuesday night of the Rahway Unemployment Relief Committee. The meeting expressed the opinion that all cases of need can be handled more satisfactorily by the present method than through the setting up of soup kitchens.

When the Clark Township Committee holds its 1932 organization meeting tomorrow morning the Democrats will assume control by a majority of two to one and W. E. Myrick, who will be serving his second year on the Committee, is expected to be named Committee chairman with the title of Mayor.

The 1932 Common Council will be organized at the City Hall tomorrow morning. Democrats will continue in control of the city affairs by a 6 to 5 majority, with Mayor A. C. Brooks beginning his second year as head of the city government.

just between you and me

by ding

Continued from Page One

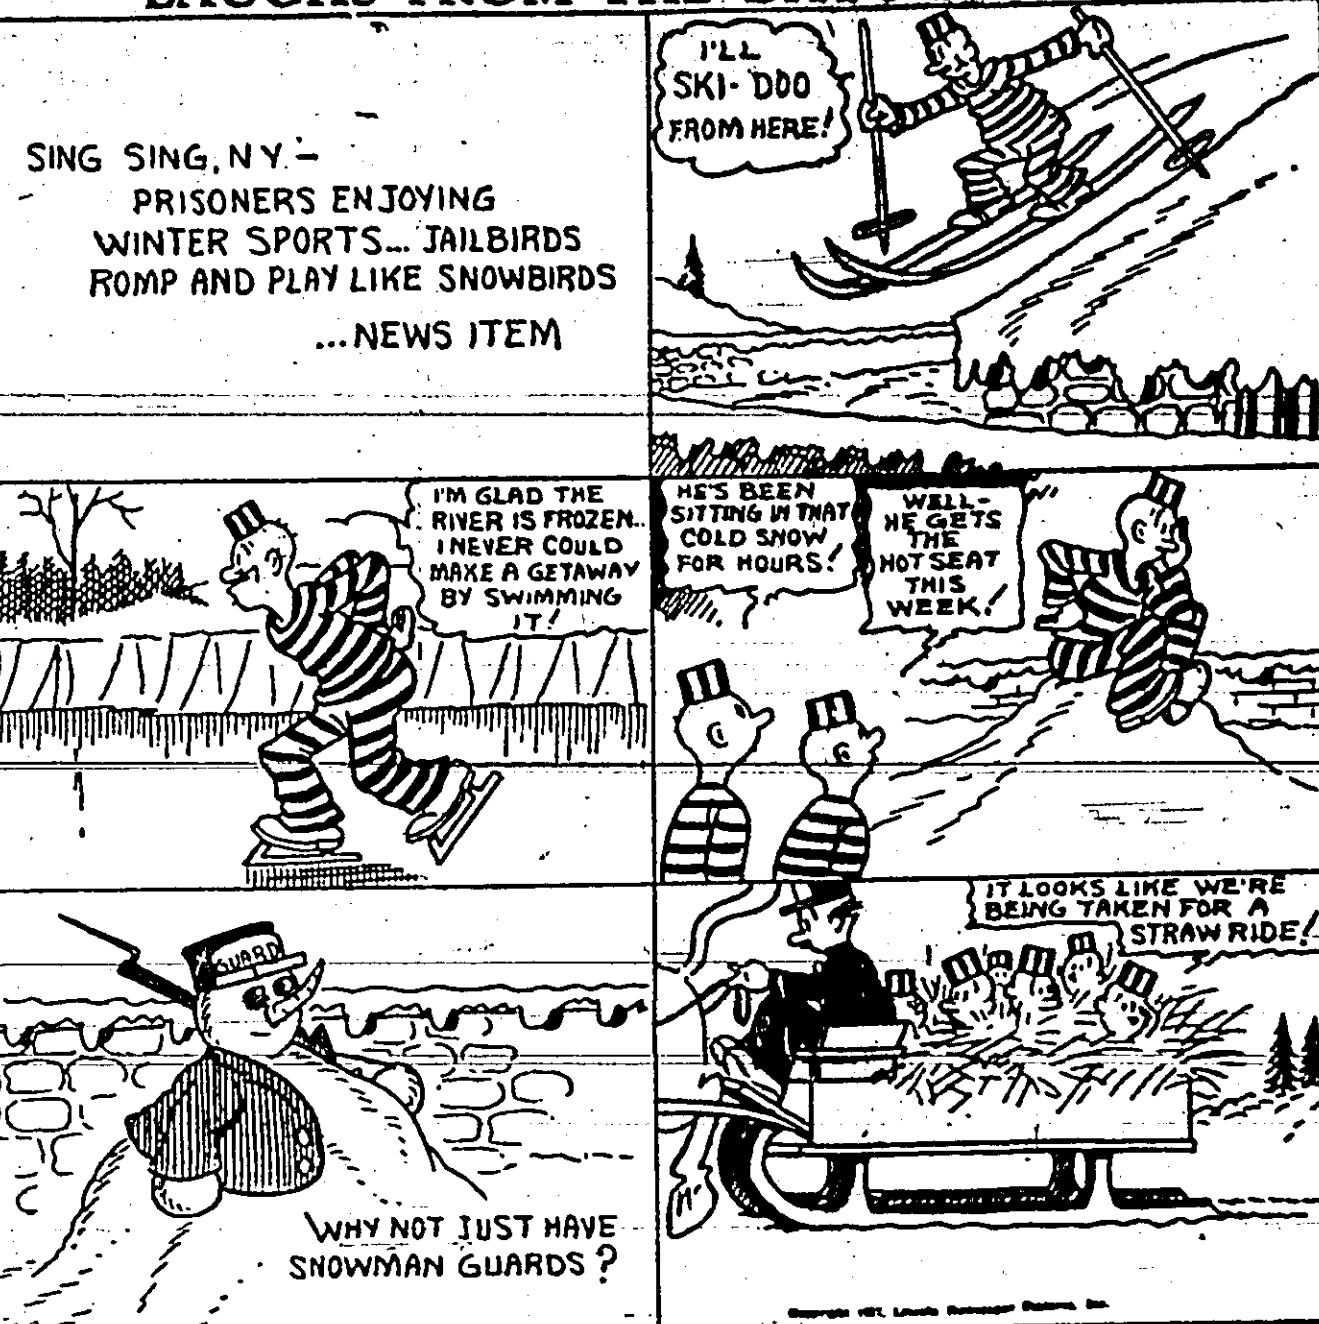

Personally, I know a lot more about joints than I do about sewers, but I do feel that \$3,600 is a pretty steep price to pay for an inspector. The mere inspection of joints is no guarantee that they will remain tight and prevent seepage after the sewer is buried in the earth. It seems that this is something that should have been taken care of in making arrangements with the engineering concern that is constructing the sewer. If the construction engineers do not try to prevent seepage; then I can't see how all the inspectors in the world, regardless of their knowledge, will be worth their salt.

It has been my experience that most municipal projects are handled in such a manner that provisions are made for the passing out of political patronage. The construction of the Rahway Valley trunk sewer is ideal for this purpose. It passes through a number of municipalities and is big enough to carry a lot of gravy. In fact, I am of the opinion that it might not have been a bad idea to have someone to guard against "seepage" before the contract was closed rather than when the sewer is being constructed.

If Peakes and the other members of the council, and our engineer are certain that we must have a \$3,600-inspector; then I suppose we will have one. If we cannot have Lee Price, we must take the next best choice. Peake's responsibility as chairman of the engineering committee is the same now as it was in the past. He can't drop anything in anyone's lap and say, "Here it is, I tried my best and now it's up to you."

I've heard remarks to the effect that Peakes is a fellow who can "give it," but can't "take it." I don't believe the latter, but here is his chance to prove that such remarks are without foundation. If he still thinks that a \$3,600-inspector is necessary, let him continue to fight to obtain the best man available for the job. And while he and his supporters are about it they might drop some hint to the people as to the number of additional inspectors that will be required and how much their services are going to cost. And Jack Leonard, who failed to go along with Price, might tell us his plans for solving this problem.

LAUGHS FROM THE DAY'S NEWS!

Jingle Bells
The ride that the Elk is taking Santa for is nothing compared to the ride that Santa took all of us for at Christmas time.

Silly Signs
A theatre in a nearby town advertises the feature attraction for the week. "The Man I Married," with Michael Whalen, (the big one).

Begging Your Pardon, Sir
The Park avenue Browns' new butler was taking his duties very seriously, and detained the young man who had just entered the apartment.
"Is Mrs. Brown expecting you, sir?"
"My good man," said the young man, "Mrs. Brown was expecting me before I was born—I'm her son."

Go To The Head Of Your Class
"Tommy, can you tell me the chief use of cow-hides?"
"Yes, marm. It keeps the cows together."

Comfort First
Mrs. Newberry's husband gave her a present of a Louis XIV bed for Christmas but it's a little too small for her and she wants to know if she could change it for a Louis XVI.

She's Got Something There
Violet Ray says that people who live in stone houses shouldn't throw glasses.

No Rough Stuff
Small Sister: "Let's play that we're married."
Small Brother: "Now, let's play games 'cause I don't feel like fighting."

Discovery
A local man has discovered where the holes in doughnuts go. He found a batch of them in his wallet the day after Christmas.

A Fate Deserved
"Sir, your daughter has promised to be my wife."
"Well, don't come to me for sympathy; you might know something would happen to you, hanging around here five nights a week."

FIBBER MCGEE SAYS:

Men wear wing collars so their throats can see what's being poured into 'em.

Letters to the Editor

(Space in this column is free to those who wish to say it to comment upon any item in the paper. All letters must be signed or the identity known to the editor. However, names will not be published if the writer so desires although The Record prefers that names be published. While The Record will publish letters and comments on any subject, this newspaper does not necessarily subscribe to the beliefs expressed. Views of all writers are their own, not necessarily ours.)

Editor, The Record.

Sir:
I send you the following information concerning lynchings for the year 1936. I find according to the records compiled in the Department of Records and Research of the Tuskegee Institute that there were 9 persons lynched in 1936. This is 11 less than the number 20 for 1935; 6 less than the number 15 for 1934; and 19 less than the number 38 for 1933.

Six of the persons lynched were in the hands of the law; two were taken from jails, and four from officers of the law outside of jail. There were 33 instances in which officers of the law prevented lynchings. Five of these were in northern states and 28 in southern states. In 30 of the instances the prisoners were removed or the guards augmented or other precautions taken. In the five other instances, armed force was used to repel the would-be lynchmen. A total of 69 persons were lynched in 1936. Of these, 62 were Negroes. The offenses charged were rape, three; attempted rape, three; murder, one; activity in share cropper strike, one; charge not reported, one. The states in which lynchings occurred and the number in each state are as follows: Arizona, two; Florida, one; Georgia, five; Mississippi, one.

Yours very truly,
P. D. PATTERSON,
President, Tuskegee Institute.

Warts On Lady Rahway's Nose

Each Tuesday and Friday, The Record lists handicaps especially notable in the city of Rahway today. Listed today:

Persons of the type of those who stole 38 electric light bulbs from the trees at the Elks' Club on Christmas eve and Christmas night. This practice, common each year, has so discouraged the organization that it is doubtful if it will have the displays next year.

RECOVER STOLEN CAR
A car reported stolen from Elizabeth Saturday was found abandoned in St. George avenue near Linden avenue by Chance-Klose Sunday. Local police returned it to the owner.

NO RECORD FRIDAY
There will be no edition of The Record Friday because of the New Year holiday. The next edition of The Record will be published at noon Tuesday, January 5.

Our Own Hall Of Fame

Distinguished services recently performed by persons or organizations are listed in this column each Tuesday and Friday. Cited today are:

J. R. Marple, our boss, who entertained us royally at a Christmas party at Colonia Country Club and Chantley, the apprentice, who provided the principal entertainment for the occasion.

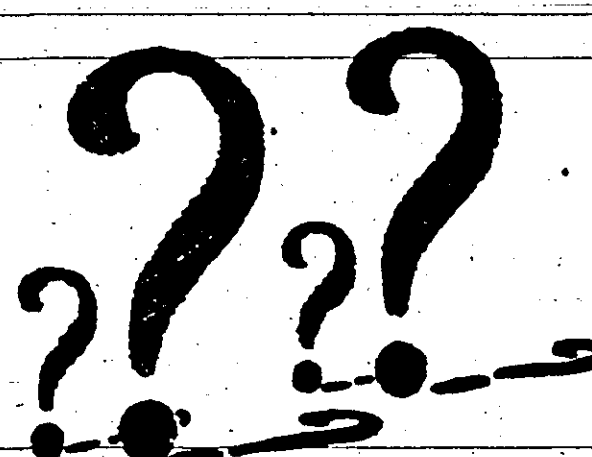

Rahway people and organizations who have made the city a colorful place during the Christmas season with their fine display of lights, etc.

Clark Henry Hill of Clark Township who has taken himself a bride.

Miss Patricia White of this city whose beauty has won her honors at Duke University.

WHAT WOULD YOU DO?

If some one named you as executor and trustee in his will—what would you do?
We should like to outline the duties that result from this often dubious compliment. The chances are that, if you knew of the technicalities of the work entailed, you would select for your executor and trustee an experienced trust institution—with continuing existence, financial responsibility, competent group judgment and constant availability.

PRICE THREE CENTS

Probe of Number Racket is Asked

Construction Of Homes Increased In Past Year

26 New Houses Built During 1936 As Compared With 15 In 1935; New Homes Cost \$89,250 Last Year

Greater 1937 Activity Is Expected

An increase in the amount of money spent for construction of homes and the sizeable amount spent on alterations of old dwellings, featured building operations in Rahway during the past year. According to the annual record of Building Inspector Patsy Pellegrino, Rahway spent \$31,250 more for dwellings last year than was spent in 1935. In 1935, there were 15 new homes built here at a total cost of \$58,000 while last year, permits were granted for 26 homes costing a total of \$89,250.

By coincidence, the same number of permits, 180, were issued each year. Total expenditures for building last year totaled \$243,227, a drop of more than \$100,000 from the \$343,227 expended in 1935. In 1935, however, the total was swelled by several large industrial construction projects, chief of which was the new \$200,000 Merc & Company office building.

Split Voting Names Grother

Committee Names
Police Chief

A split vote in the naming of a police chief marked the organization meeting of the Clark Township Committee-Friday as much of the business was deferred until the next meeting of the committee. The committee, which is composed of Mayor John E. Barger, Councilmen George J. Lang, Charles Schulz, and Eugene F. McGowan, and Committee Chairman George J. Lang, named Charles Schulz as police chief.

Billions Gallons Of Water Treated At Rahway Plant

Ludlow, In Annual Report, Suggests Improvements

Water purified at the local municipal plant totaled 1,100,000 gallons during the past year, according to the annual report of C. W. Ludlow, superintendent. Installation of equipment costing \$2,000 which would save \$40,000 for the year, Lang, who was again named chairman of the fire and road committee, has led action to improve Clark financial conditions during the past year, urged cooperation of the community for further improvement would be made.

Gasoline Prices Drop In Rahway

Effects Of Price "War" Reach City And Cut Prices Three Cents

The gasoline price war spread to Rahway yesterday afternoon and local dealers were benefiting the reduction in prices which will cost them money if they are to retain their patrons.

Survey of Record Headlines Recalls Many Events Of Interest Which Occurred In Rahway In 1936

Headlines Of 1936

The following events are listed as being the most important of the year, including settlement of the Ketchikan case, submission of the Meade report and inauguration of the radio system.

Following election victory of Democrats, especially victory of John F. Livingston in Council race in Republican Third Ward and huge vote given President Roosevelt after years of support of Republican Presidential candidates in city.

Increased agitation for a new high school building. New home numbering and street naming system adoption. Restoration of 10 percent of salaries of school and municipal employees.

Development of Milton Lake section into park and restoration of old lake. Formation of Juvenile Delinquency Commission. Sixteen point reduction in tax rate.

Old Paper Mill and McCarty Store fires. Total damage \$43,000.

Mayor Revives Talk Of Railway And Clark Merger

Conference Between Officials Of Two Municipalities Is Scheduled; Barger Cites Improved Conditions

New Year's Message Of Mayor John E. Barger.

The present administration is to continue to control and administer the business of this city for a further term of two years, because of the splendid vote of confidence given by the voters of this city in the recent election.

It is the duty of the mayor and the council to see that the city is governed in a manner which will be satisfactory to the people and you shall have my sincere cooperation and help.

I know that I shall receive your cooperation and help in the past.

During the past two years, conditions have improved and our people again have confidence and are much happier with renewed faith in the future, not only for this city but for our state and country.

The problems of the past two years have been those of the present caused by the then present financial conditions. Most of the problems of the next two years will be those affecting the future of our city and our people and will therefore be of equal, if not greater, importance than those of the past. Rahway can and will be just what we, the city officials make it, provided we have the aid and assistance of the residents of the city.

Police Department Is Doing Good Work, Smith Reports

State Trooper Feels That Force Should Be Augmented By Addition Of New Men

Smith is making no recommendations regarding the selection of a permanent chief because that post will be filled by Civil Service.

Like Mayor Barger, he favors a chief who will really be the head of the department. The chief must have the respect of his men and must be willing to give full time to the job, even to the point of checking up on the operation of the department during the small hours of the morning, he believes.

Smith agreed with The Record interviewer that it is practically impossible to keep politics out of a municipal police department. He believes that only by having political "hands off" will a department be at its best.

"Ticket killing, condemned by The Record, is an unnecessary evil which harms the morale of the police officer and increases rather than deters infractions of the law, he said.

In addition to the 19 regulars and two special officers, the local department should have at least three more men, Smith feels. The school traffic problem takes six men from other duties during the school year and is a distinct handicap to the department with its present force.

Perform Extra Duty - Since the public does not favor placing non-members of the department on this traffic duty, the only solution is the addition of more men, he said.

School Board And Board Of Health Jobs To Be Filled

Fouls and Singer Terms End; Singer Reappointment Seen

Appointment of a member of the Board of Health was not considered by Common Council last night.

The term of Frank L. Fouls, chairman of the board, expires Thursday and it is expected that the position will be filled during the next meeting of the governing body, January 13.

Whether Fouls will be re-appointed is a matter of conjecture. He is a member of the board since 1931 and has not been re-appointed to his position on the board since last November.

The term of Wilbur Y. Singer of the Board of Education expires January 21. Mayor Barger wants to re-appoint him for a five-year term. Singer took office last year to fill the unexpired term of Ross O. Fowler, resigned.

Claire Burke's Hearing Slated For January 15

Will Determine Whether Tavern Shall Be Closed For 10 Days

Hearing of the appeal of Miss Burke's Tavern at East Milton Avenue and Route 45, is scheduled in the office of Commissioner Burgett in Newark January 15. Miss Burke is appealing the decision of the liquor board which voted that she must close her tavern for 10 days for alleged violation of the closing law.

She obtained a stay of the penalty during a recent hearing in Newark. Joseph M. Feinberg represents the tavern operator while City Attorney Eugene F. Maloney will represent the liquor board.

Hennessy Leaves Board Clerkship

Resigns Post As Clerk Of Liquor Board; Name Successor Thursday

The resignation of Clerk William J. Hennessy of the Municipal Board of Alcohol Beverage Control will be received by the board during its meeting Thursday night.

Hennessy's resignation, which was submitted to the board during its meeting Thursday night, was accepted by the board. The press of other business is said to be the reason for Hennessy's resignation. He conducts an insurance business in Campbell street across from the high school and has been clerk of the board since it was created when prohibition was voted off the law books.

Record reveals Mayor Barger will seek re-election.

Police announce plans to enforce snow removal law.

Judge Neidell busy as he hears 16 cases in police court.

Levi Price, city engineer, commences modern house numbering system for city.

Dr. John M. Randolph disposes of practice and is succeeded by Dr. John A. Quin.

City the loss increases \$9,344 in 1936, Chief Philmore reports.

City transfers 45 acres of land to Milton Lake section to Union County Park Commission.

Mayor Barger raps city's lack of progressiveness.

Meade Report Also Attracts Markey's Fire

Says Time Is Ripe To Act On Police Probe; Asks Why Meade Ignored Numbers In Report; Raps City Chairman

Feakes, Markey Lose Committee Jobs

A request for an investigation of the number racket here, criticism of City Treasurer James J. Kinneally and the Meade report and appointment of committee heads with two major changes being made, spiced a short but headline-packed meeting of Common Council last night.

Councilman John L. Markey, outspoken and hard-hitting Second Ward Democrat, supplied most of the excitement. Markey opened his interest-laden remarks by asking when action would be taken on the Meade report of the police investigation.

He said a number of citizens had asked what the committee to which it was referred.

last November was going to do and when action would be taken. The taxpayers, who have paid approximately \$10,000 for the police investigation, are entitled to settlement of this matter, he said.

Nothing about "Numbers." Markey said that despite the fact that one of the witnesses at the police hearing in 1935 admitted he was employed in "this racket," Meade said nothing about it in his report. The inference was, he said, nothing about "numbers."

Markey admitted to The Record after the meeting that the number racket was "one of the things" he referred to.

Markey said it is confidently felt that "this racket" exists in Rahway. He said that he didn't know who was in on a "cut" and suggested that before a detailed report of the recommendations of the Meade report is made, that it should be determined if "this racket" exists and if it does, it should be determined why the police haven't acted against it.

Who is back of it and how much it takes out of the city should also be determined, he said.

They feel that the evidence submitted by Meade is little more than they already knew, he said.

He also said it was felt that there were a number of things upon which Meade failed to comment.
