Consolidation Explained by OPA Director. Local Woman Appointed Chief Clerk of United Boards, Roselle Park. Richard J. Tarrant has announced details of the program to consolidate the Morrissey's 35 War Price and Rationing Boards into 23 Price Control Boards by January 1, 1946. The program consolidates Union County's nine into four boards. The Railway War Price and Rationing Board has been notified the date of October 26 has been set for the closing of the local office. All business of the local office will be transferred to the Roselle Park Board, which will cover the Union area of Roselle Park, Linden, and Railway. Mrs. Mildred V. Faith, of 2115 Evans street, chief clerk of the local board, will be transferred and promoted to chief clerk of the greater board in recognition of excellent service since 1942 and upon her duties yesterday. In addressing the board chairman, Director Tarrant said in part: "Let me make it perfectly clear and unmistakable that the choice of those boards which will remain in existence on the efficiency of their work is the primary consideration which is to be eliminated in the process of consolidation. The plan of consolidation is based on maximum service and convenience to the public, not on the relative operating merits of the boards involved. All 33 boards did an outstanding war service in their quarters, and this gives the pressure on the consolidation process. It is to be used by all volunteers to continue service with the consolidated board. The consolidation is a matter of public interest. I think that most of our rationing service volunteers have been in enough major home front battles and have not more than enough hours to amuse their 33 positions and more!"

Hester, vice-chairman, Mrs. M. J. Hester, junior vice-chairman, and Mrs. Andrew Erickson, president.

SPORTS

By THE OBSERVER

RAY DRAKE IS BACK

It may be a far cry and a good many miles from "Kid" Hiroshi's home town of Tokyo, but nevertheless when the "Kid" said uncle on V-J Day he gave a big boost to Rahway High teams in the future.

RAY DRAKE

Just to refresh your memory look back at some of the past years when he made a name for himself as a young man who showed unusual athletic ability. He had the patience and the knack and when those had reached the high school years they were more than just good sports who had to wear khaki, the khaki shorts and the sports of sports in which they specialized. They were thoroughly grounded in fundamentals and had learned much of the systems used by Coaches Hoagland and Walter in football, basketball and baseball.

Just to refresh your memory look back at some of the past years when he made a name for himself as a young man who showed unusual athletic ability. He had the patience and the knack and when those had reached the high school years they were more than just good sports who had to wear khaki, the khaki shorts and the sports of sports in which they specialized. They were thoroughly grounded in fundamentals and had learned much of the systems used by Coaches Hoagland and Walter in football, basketball and baseball.

Drake was away for about three years serving Uncle Sam at Norfolk and Bainbridge where he was an instructor on the Gene Tunney physical training program. We are all glad to see him back at his old job and about 1947 we can begin to look about undisciplined teams from Rahway High.

Berger gives Hoagland a lift. As he they've found an assistant coach to give Earl Hoagland a hand with the Scarlet Gridders. For the past three years Hoagland has had to go alone, but now things are different for Bob Berger was named at the start of the season and has been doing an excellent job on the large squad of candidates who register. Berger was brought here from Dunellen High School where he was head coach of basketball and baseball. He was named to the coaching staff in the High School where in Hoagland heard the news he immediately signed him up as assistant coach of the football team.

What does he know about football? Well, he was one of the stars of the Moravian College team and then played professional football in Philadelphia... and what is his ball players. Berger has been working on the High School team and although they're green, before the season is over they'll show the results of his coaching. Berger played tackle and end during his college and pro career... and believe me, he knows his stuff.

RahwayByrnes Play Hawks In Twin Bill Here

Locals Must Win Both Ends Of Doubleheader To Stay In County Playoffs

Rahway Byrnes and Westfield Hawks meet in an all-important double-header Sunday afternoon at Rahway River Park with the first game scheduled for 1:30 p. m. The twin bill is of major importance to the Byrnes as they have to win both ends of the double-header to stay in the County playoffs in the Division I of the State League.

The Westfield Hawks camped Sunday, and will play the Byrnes at the first of the play-off series and an even losing two games is a demerit. Furthermore, the Byrnes must win both ends of the double-header to stay in the County playoffs in the Division I of the State League.

Managers Joe Kelly will rely on Percy Wolkstein, Joe Kelly, Jr., and Mike DeWitt to lead the Hawks in the 1945 season. Bert Hoagland has been appointed as the new manager and will start the season on the "Y" in November. It is planned to play every Saturday night with "game" after the game.

Present plans call for obtaining a suitable coach to handle the play-off series. The Byrnes will play the Hawks in the first game of the double-header on Sunday afternoon at Rahway River Park.

Frederic Turner bowls 300 score at 'Rec'. The first perfect game of the local season on the Recreation City was rolled last Saturday afternoon by Fred Turner in a three game practice match with members of the Green Minors bowling team. Turner rolled scores of 120, 100 and 180 for a series of 12 alleys. It was Turner's first time on the alleys this season and the first time in his bowling career that he rolled 300. The perfect game was rolled on 11 and 12 alleys. Last season Turner completed as a member of the Eastern Districts team.

Miller Will Manage Y.M.C.A. Court Five. Percy Miller, former star of Rahway Y. M. C. basketball team, has been named manager of the Y. M. C. basketball team for the 1945-46 season. Bert Hoagland has been appointed as the new manager and will start the season on the "Y" in November. It is planned to play every Saturday night with "game" after the game.

Present plans call for obtaining a suitable coach to handle the play-off series. The Byrnes will play the Hawks in the first game of the double-header on Sunday afternoon at Rahway River Park.

Hoagland To Send Green Eleven Against Visitors Saturday Afternoon At Riverside Park

Coach Earl Hoagland will field a green eleven Sunday afternoon when the Scarlet opens its 1945 season at a day afternoon with the Dover High School team coached by Dick Drake. The game is scheduled to start at 2:30 p. m. and will be played at Riverside Park. For an opening contest Hoagland has picked just the kind of a team in Dover that will take the locals to the limit and give them some of the much needed experience for the two contests which come on the next two Saturdays.

EARL HOAGLAND

Hoagland reported there were but five veterans who saw any action last year and of the two there were but two who were in the starting lineup all season. The Scarlet has been hard at work and have shown some improvement in their four scrimmages with Woodbridge, North Plainfield and the two with Scotch Plains. However, the Hoagland reported some have for several seasons demonstrated their ability to run to the heights and pull off one out of the line in 1944. Jackson tipped the scales at 127. Russo's professional record now stands at 40 wins, two draws and one defeat.

More than 30 candidates answered Ray Drake's call for the Freshman football team last week. Practice sessions have been held daily at Riverside Park and while the team is in a formative stage the showing of the aspirants for the team indicate a better than average team for the coming season. Coach Drake has spent most of the time to date working on fundamentals, blocking, tackling and ball handling.

A game was scheduled to open the season on October 5 but Coach Drake was not sure he would have the team ready for that date and the contest may be postponed until later in the season. A full schedule is to be placed.

Frank "Bert" Charniga, Ray Drake and Lester Miller were officially added to the Physical Education department of the Rahway Schools by the action of the Board of Education Tuesday night. Charniga was named Junior Varsity football coach for the 1945 season. Drake was appointed Freshman football coach for the 1945 season. Miller was named to the Intramural athletic program in the elementary schools.

Charniga has been serving in the capacity to which he was officially named since the start of the present season and for the past few years has been a big factor in Coach Hoagland's coaching program which he will also continue to do this season. Charniga is a graduate of Rahway High School and while in High School starred on Coach Walter's varsity basketball team.

Drake returned his old place in the school system last Thursday after a year of duty in the U. S. Navy where he attained the rank of Chief Petty Officer.

Miller, who assumed Drake's coaching duties with the latter was in service, returns back to his former work with the Intramural program.

Wins Another

Freddie Russo, local featherweight, scored a nice point knockout in the seventh round of a ten-rounder at the Baltimore Coliseum, Baltimore, Monday night, and grabbed a close decision over Lewie Jackson, of Cleveland—Russo was forced to take off in the afternoon of the fight and was hospitalized in a 121-1/2 Jackson tipped the scales at 127. Russo's professional record now stands at 40 wins, two draws and one defeat.

FREDDIE RUSSO

With the opening of the local football season Saturday the Sidfliners have become active and are busy preparing to bring the Scarlet down to size in front of the "Y". In this end Dave Taylor, chairman of the publicity committee, has prepared the following to the fans of Rahway: "Rahway High School starts another football season this Saturday evening..."

Drake's Dover team is reported to be hard, fast and deceptive. They are for the most part veterans of last year's campaign and while they did not set the world on fire during 1944 they do have a year's experience and are equipped to give the aspirants a tentative starting line-up as follows: Left end, Bill Ruby; left tackle, Walter Gage; left guard, Nick Bora; center, Munn Patton; right guard, Charley Seaman; right tackle, John McGrath or Ed Kelly; right halfback, Tom Pappas; left halfback, Larry Jones; right fullback, George Rudy; left fullback, Riley; quarterback, Bert; right guard, Riley; center, Gage; left guard, Munn; left halfback, DeWitt; right halfback, Seaman; fullback, Williams.

Obituary

MISS RUTH A. WORTH

Miss Ruth A. Worth, 24, daughter of Mr. and Mrs. Clifford F. Worth, of 1923 Winfield street, died early Friday morning after a illness of four months. She was born in this city and was a graduate of Rahway High School. Miss Worth was active in the affairs of the Holy Comforter Episcopal Church as a Sunday School teacher and in young people's activities. She was employed in the office of the Rahway Record and had taken an active part in the war effort serving as a nurse's aide and was affiliated with the auxiliary of the American Legion. The engagement of Miss Worth and Lt. Norman Temple was announced early in July, shortly after his return from overseas. Besides her parents Miss Worth is survived by one brother, Clifford F. Worth; grandmother, Mrs. Angus Brown of Scarsdale, N. Y.; several aunts and uncles. Funeral services were conducted Monday afternoon from the home and from the Holy Comforter Episcopal Church at 2 p. m. The Rev. W. W. Ware, American Legion Auxiliary attended "in uniform."

WILLIAM H. WARD

William H. Ward, 48, of 119 Albany avenue, Ocean Grove, died at his home Sunday afternoon following a short illness. He is survived by his wife, Nellie Bear Ward, a daughter, Mrs. Theodore Leber, of Elizabeth; two sons, Firman W. Ware of Farmingdale and William Stewart Ward, of Ocean Grove and two grandchildren. Mr. Ward was a native of Rahway and lived here sometime before he moved to Elizabeth. He moved to Ocean Grove six years ago. He was for many years an engineer on the Penn. R. R. retiring in 1937. Funeral services were conducted yesterday afternoon from the Schmitt Memorial Funeral Home, Elizabeth. The Rev. N. S. Brown, Ph.D., of Madison avenue, Presbyterian Church, Elizabeth, was the officiant. Burial was in the Bloomfield Cemetery, Bloomfield.

UNITED FOR SERVICE

Members of the two committees named to aid returning servicemen certainly are desirous of a large measure of commendation for their unanimous vote to merge into one group and thereby consolidate their efforts on the most important program. For sometime the Selective Service Board committee and the Railway Home Front committee have been working at cross purposes, often overlapping each other and accomplishing little, all because of outside interference.

These outsiders, non-members of the committees, were it seems, motivated solely by political partisanship will result in the appointed personnel were stymied in their efforts to do a sincere job for the returning veteran.

The work of this group is vitally important and only through harmony and sincerity can anything of value be accomplished. Mayor Carlin recently cited instances of returning veterans suffering because they lacked the necessities of life and no agency to alleviate their hardship. He also told of other cities whose program was far in advance of anything we have in Rahway.

The personnel of the new united committee have shown the sincerity of purpose by their harmonious decision to get together and do the job. They should be backed up by all of us and if money is needed to activate their program the Council should stop bickering and find it for them. Emergency notes have been approved in the past, and perhaps for less important work.

Our lifts returning veterans and have suffered enough and they are entitled to any and all the help we can give them if the home they dreamed of in the foxholes is to be the home to which they come.

The job is in capable hands and the members of the committee will not fail if we give them more cooperation and less interference.

D. A. V. FORGET-ME-NOT DRIVE

Today and through Saturday the Disabled American War Veterans Railway Chapter will conduct its annual Forget-Me-Not drive to aid its program of service work among the disabled veterans of this and all wars. The Forget-Me-Not is the official flower of the D. A. V. and is symbolic of the service performed by the organization in behalf of the service-connected disabled veterans.

The funds realized from the sale of these little flowers mean a lot to the D. A. V. the disabled veteran, and the community itself. Everyone we help a disabled veteran we boost the general and economic welfare of Rahway.

It is commonly thought by the public that the veteran is automatically taken care of by the government. Such is not always the case. Being both judge and defendant, the government finds it difficult to prosecute claims against itself. However, through the public's contributions in these Forget-Me-Not Drives the D. A. V. is equipped with the finances to protect the disabled veteran. A recent survey has shown that 70 per cent of World War II disabled veterans who have come to the D. A. V. for help had previously had their claims denied by the Veterans Administration. It is found that each disabled veteran presents a special case and needs careful understanding, expert advice and assistance in interpreting regulations for filing applications. Here is where your contribution in the Forget-Me-Not Drive helps the D. A. V. carry on its work.

Don't forget to buy a forget-me-not from one or more of the D. A. V. Auxiliary volunteers today, tomorrow and Saturday. It is a worthy cause and deserves your support.

ON WINGS AND WHEELS

The war caused many people to think they would soon be riding in jet propelled planes. But the research department of the Standard Oil Company of Indiana says: "Jet planes, even with their ability to use heavy fuels, will probably not come into ordinary use for private or commercial planes for a long time, if ever."

The survey was part of the company's study of future fuels and requirements, and dealt chiefly with civil aircraft. It said: "A jet plane must fly high and fast. Since high-altitude, high-speed flight is expensive no matter what kind of engine is used, the experts feel the jet plane will hardly fit into the economic picture. Most experts feel that the large airplane of tomorrow will use propellers, but that the propellers will be driven by gas turbines... particularly as planes are built that need engines of greater than 3,000 horsepower."

Every radical change in engine design means that the oil industry must develop lubricants and fuels that will make the operation of such engines practical and fool proof. The American oil industry has always kept pace with or been one jump ahead of demands. That is one reason why the United States leads the world in its use of all types of motor equipment for pleasure and business.

Private enterprises seek new fields to conquer in methods of production and distribution, for that is the life-blood of its success. And that is why a nation profits so greatly where individual opportunity and incentive for advancement is the driving force in industries. Nowhere is this better illustrated than in the laboratories of the oil companies whose job it is to keep American citizens on wings as well as wheels.

TAXATION DOMINATES OUR FUTURE

The prosperity of the United States and its future as a free nation are inseparable from taxation. Business kings and individuals are slowly becoming aware of it.

In a recent statement, John G. Byler, Treasurer, W. T. Grant Company, Chairman, Committee on Taxation, American Retail Federation, said: "We as retailers fight for tax laws which encourage production and the largest possible national income." He pointed out that retailers should work for five general taxation principles: 1. The Federal budget should be in balance and there should be a gradual reduction in Federal debt; 2. Income taxes should be the primary source of revenue and there should be no general Federal sales tax at any level; 3. The bulk of income taxes should be secured direct from individuals rather than through a relatively high tax on corporations income; 4. Present excise taxes should be repealed, with possible traditional exceptions; 5. Social security taxes should be kept apart from the general tax structure and the rates of these taxes so fixed that he receipts will be kept in balance with expenditures under the social security program.

"The transition period now beginning," Mr. Byler concluded, "is a dangerous one from the tax angle. What we want is a reduction in wartime rates leaving the existing hedge-podge of tax laws with their false doctrines which have handicapped the operation of a free enterprise system." And that is good, sound reasoning.

These outsiders, non-members of the committees, were it seems, motivated solely by political partisanship will result in the appointed personnel were stymied in their efforts to do a sincere job for the returning veteran.

The work of this group is vitally important and only through harmony and sincerity can anything of value be accomplished. Mayor Carlin recently cited instances of returning veterans suffering because they lacked the necessities of life and no agency to alleviate their hardship. He also told of other cities whose program was far in advance of anything we have in Rahway.

The personnel of the new united committee have shown the sincerity of purpose by their harmonious decision to get together and do the job. They should be backed up by all of us and if money is needed to activate their program the Council should stop bickering and find it for them. Emergency notes have been approved in the past, and perhaps for less important work.

Our lifts returning veterans and have suffered enough and they are entitled to any and all the help we can give them if the home they dreamed of in the foxholes is to be the home to which they come.

The job is in capable hands and the members of the committee will not fail if we give them more cooperation and less interference.

RAHWAY 25 YEARS AGO

Rev. Arthur Sherman, a graduate of Princeton College, and a student at the General Theological Seminary, New York City, has been appointed by Bishop Scarborough, minister in charge of the Church of the Holy Comforter, this city.

Plans for the proposed N. J. Reformatory are published in this week's issue. Work on the sewer line to the river (2000 feet) will begin as soon as the proposals are received. Ground is expected to be broken October 20 for the building to cost in the neighborhood of \$800,000 and to provide for 1000 cells of various sizes.

Advertisement—Telephone Service in Rahway, \$30, \$40 and \$50 according to number of local messages and joint use of line. Private lines and speaking tube systems installed at reasonable rates. Full long distance equipment. Address, New York and New Jersey Tel. Co., Rahway.

RAHWAY 25 YEARS AGO

The Swathmore Chautauque Association presents a program of six sessions in Rahway, opening Saturday afternoon in the auditorium of the high school with a concert of Irish minstrels and a lecture by the Chautauque superintendent.

St. Mary's Church Harvest Party nets \$4800.

Two young ladies, Miss Lorine David, 19, and Miss Beverly Bayard, 20, of California, attracted much attention when they passed through the city on Friday on the bicycle trip from New York City to Cuba. They said they were riding in the interest of the Pierce bicycle firm. They were clad in gray knickerbockers, woolen stockings, heavy walking shoes, jerseys and small felt hats, and with close cropped hair. The police questioned them and they went their way on the long grind.

RAHWAY 15 YEARS AGO

Fred F. Hohltzell, formerly of this city, now of Canaan, is in the city visiting his mother, Mrs. Elizabeth Hohltzell, 8551r Mrs. W. P. Howard and brothers, William, Walter and Russell, well known auto supply dealer. Mr. Hohltzell has received no little attention from old friends as he had played in the United States Amateur Golf Championships at the Merion Cricket Club, Ardmore, Pa., where he was defeated by Bobby Jones. "He is the greatest golfer of them all," says Mr. Hohltzell.

Plainclothesman Joseph C. Jardo, a 27, of 33 Barrett street, died Saturday evening as a result of a 12-foot fall from the roof of his brother-in-law's home.

The RAILWAY RECORD was judged as having the second best front page and third best sports page among 297 weekly and semi-weekly newspapers at the 9th annual Institute of the New Jersey Press Association at Rutgers University, Monday of this week.

RAHWAY 10 YEARS AGO

Quick action by Martin Haines Jr. and William Lundy, delivermen for the Martin Dairy, saved six persons from possible serious injury or death Thursday morning when the two men aroused the sleepers in a burning house at 123 Maple avenue. The blaze was discovered at 5:40 a. m. and had gained much headway. Loss was about \$3000.

Sheriff's Deputies kill woman as fight over electric line is ended at Scotch Plains. The eight year old fight with John Crempa, a Terrill road farmer came to a tragic end when his wife, age 41, was shot and killed and Crempa surrendered with two bullets in the laboratory of the oil with seven deputies. Mildred Lett, of 216 Elizabeth avenue was one of the deputies.

LOOKING AHEAD

By GEORGE S. BENSON
 Editor, The Railway Record

OIL AND MOLD
 Apostles of government ownership of business are getting somewhat better with little things. When it comes to filling gas stations, mending shoes or making clothes, they admit, private operators may be more efficient. Not so with the staff, they argue: "These just be for bureaucratic boudoir."

Of course, big industries are more interesting to politicians because they employ large numbers of people and affect the daily lives of millions more. The fact remains, however, that government can and does make mistakes in the operation of public utilities. Moreover, appropriate encouragement from government in relatively small enterprises is a much good.

Since government enterprises tend ultimately to become monopolies, mistakes in them can be far more fatal than private blunders. Government made two important decisions in 1942 which illustrate the case perfectly. Some perfectly sound ideas in Article III, has cost American taxpayers 300 million "moochy" dollars already. The other decision had to do with pencils.

One of the government's big mistakes in the operation of public utilities is in the operation of the electric utility. Some of the most successful private utilities in the world are being worked with it, including the Pennsylvania Electric Co., discovered by an English scientist, Sir Alexander Fleming, in 1929 and production was set on a scale and consequently few suit-fitters were helped by it for years.

In Mass Production
 By 1942 our first year, when American capitalists had taken a hand with war production, the product was costing \$10 a bottle then and the average patient required that better government authority realized that was created a need for it so they quarantined a large market and provided capital for mass production. History will record the splendid results.

With the government's big purchase of 125,000 tons of iron, some production started now there are 25 factories. The latest cost more than \$15 million dollars but pencils is costing less than \$1 a bottle, \$5 per treatment. Many lives have been saved and more will be. Millions will be healthier and happier. Government encouragement of this business proved well and beyond.

Smell of the Yacon
 How Long was the Canal oil venture. The Army drilled wells on the Mackenzie river, built a 27 million-dollar refinery at White Horse and used 10,000 miles of pipeline. Nothing was gained. Gasoline from the white spirit plant at White Horse costs \$10 a gallon. Oil companies can ship a better product from the states for \$10 a barrel. The venture has been abandoned.

The Canal experiment failed. Very apparent obstacles made operation too costly. Known sources of oil are being found. Many more million dollars of taxpayers' money is gone. Government's support proved well and beyond.

St. Mary's Church Harvest Party nets \$4800.

Two young ladies, Miss Lorine David, 19, and Miss Beverly Bayard, 20, of California, attracted much attention when they passed through the city on Friday on the bicycle trip from New York City to Cuba. Some Confusion Caused By Reduction Gas, Oil Prices

New lower prices became effective this month on gasoline, fuel oil, and kerosene, but, according to District OPA Director Richard A. Tarrant, "there still seems to be some confusion and misunderstanding among dealers and consumers."

Tarrant issued a statement itemizing and explaining the price changes. Fueling stations are being advised that the price of gasoline sold at filling stations went down 1.2 cents a gallon on all regular and premium grades. The general level of gasoline prices in the North Jersey before the reduction was 12.7 cents a gallon for the regular grade and 14 cents a gallon for the premium grade. A few stations had a selling price of 13.9 cents a gallon; this price must now be paid for 17.5 cents a gallon.

The price of kerosene sold at filling stations went down 1.2 cents a gallon on all regular and premium grades. The general level of kerosene prices in the North Jersey before the reduction was 12.7 cents a gallon for the regular grade and 14 cents a gallon for the premium grade. A few stations had a selling price of 13.9 cents a gallon; this price must now be paid for 17.5 cents a gallon.

One widespread misunderstanding concerns the price of gasoline. The price of gasoline sold at filling stations went down 1.2 cents a gallon on all regular and premium grades. The general level of gasoline prices in the North Jersey before the reduction was 12.7 cents a gallon for the regular grade and 14 cents a gallon for the premium grade. There's No Sign of a Draft with "Orange" Aluminum All Weather Windows
 EVERY HOME OWNER OWES IT TO HIMSELF TO INVESTIGATE THEIR CONVENIENCE AND ECONOMY

In one streamlined, rigid, light-weight frame, the "Orange" All-Weather Window combines easily interchanged winter panes and summer screens.

So quickly and simply can they be slipped into place that the seasonal switch is made in seconds. And that isn't all. With the new "Orange" ALL-ALUMINUM All-Weather Window your screen and storm sash troubles are ended for all time.

Here's What They Do For You:

- Eliminate the time wasted in taking down and putting up old type storm sash and screens.
- Eliminate yearly painting and repairing. You save not only time, but expense.
- Eliminate balancing on ladders or leaning precarious out windows. All sections are changed from the inside.
- Eliminate the "storage problem." "Orange" All-Weather screens and storm panes fit in the bottom of the average closet.

On top of all this "ORANGE" ALL-ALUMINUM All-Weather Windows substantially reduce your heating bills... thereby pay for themselves. When equipped with "Heat-Blocker" screens they keep sunny rooms 10° cooler in summer.

COME IN AND SEE FOR YOURSELF THE SIMPLICITY AND THE CONSTRUCTION OF THIS MONEY SAVING "ORANGE" ALL-ALUMINUM ALL-WEATHER WINDOW. Can Be Financed Over A Period Of Three Years

SOLD AND INSTALLED BY
C. J. Newmeyer Lumber Co.
 1697 Elizabeth Ave. Phone RA. 7-2020

NO MORE OF THIS
 No more painting of screens and storm sash.

NO MORE OF THIS
 No more climbing ladders or hanging out windows changing them twice each year.
