## Scarlet Eleven Shows Improvement

Followers of the Rahway High School football team had cause to rejoice last Saturday afternoon at Roselle Park, when the Scarlet came out for the second half, down 13 points, and played their opponents off their feet to hold them scoreless and threaten their goal line. Coach Earl Hoagland must have taken a leaf out of somebody's book during the intermission between the halves, for the team that played the second half of the game was far better than the one which played during the first two periods. It may be that Rahway is coming into its own and from now on their opponents had better look out.

When Coach Hoagland was asked what he did to the team between the halves his reply was "I gave them the 'Dutch Uncle talk.' Well, whatever he did, it worked, for the team had spark and fight that all but swung Roselle Park off its feet. Let's hope that Coach Hoagland has a reserve of 'Dutch-relatives' for the balance of the season. However Rahway did show they had potential strength that spells trouble for the rest of the opponents to be met this season.

## A-Lad Comes Home

Remember, when the Rahway Cardinals were the perennial pennant winners in the Intra-City League, remember, the stocky lad that played center field and was picked by many as one of the best players in the circuit? Well, that lad, Harry "Bud" Simpson, recently returned as a Sergeant after playing on the greatest "All-American" team of all time, the United States Marines. "Bud" was one of the bright stars in that "All-American" team's smashing victory over the sons of the setting sun. "Bud" came home with honors. He received the Purple Heart with a gold star, three battle stars and a bronze star for bravery under fire. He was wounded twice, the first time in the Marshall Islands and then at Okinawa. Some of the stops made Rahway's traveling "All-American" were, Samoa, Guam, Maui Islands, Marshall Islands, Guadalcanal and Okinawa. "Bud" participated in the invasion of the Marshall Islands and was wounded at that time. While at Guam his regiment received the Navy Unit Citation and at Okinawa he was in the thick of the invasion and was wounded for the second time and here received the bronze star for bravery in action.

While overseas "Bud" played some baseball with his Battalion team, playing in the old Cardinal position at center field, and as usual he hit the apple for high figures. While away, he ran into Joe DiNicolia, Azch Collier, Nick Colona and John Richmond, and needless to say it was like old home week when he encountered the Rahway lads. The Rahway sports world can be mighty proud of "Bud" Simpson, the old "clutch" batter of the Cardinals, for in the big fight when "Bud" came to bat in a pinch against those stand-eyed so-and-so's he was the "clutch" hitter of old. Hats off to "Bud" Simpson, a great kid, who did a great job. Thanks, "Bud."

## Russo Signs For Another Battle

Word comes from Paterson that Freddie Russo, Rahway footballer, has been signed by Sam Bozza to meet Pat Demers, of Brockton, Mass., in the Paterson Armory on November 7. It was Demers, who scored a stunning upset over Danny Bartfield, in the Paterson Armory, last May, and cost Bartfield a fight with Bob Montgomery, the lightweight champion, in New York. Russo, fresh from a victory, Monday night, over the former champ Harry Jaffa, should make things hum for the Brockton kid.

## CHATTER

From all reports Pete Huger, the sterling left end of the Rutgers eleven, was a thorn in the side of Princeton all afternoon, last Saturday. Pete nabbed a pass well in Princeton territory that set the scoring of Rutgers' only touchdown.

Phil Thigpen, competing under the colors of Seton Hall Prep, was first under the wire in a recent cross country race in Newark. Harry Costes, Seton Hall coach, will soon have the Rahway flyer stepping around the best of them in the track world.

## Coach Orr Has 'Y' Quintet Out

Trio Of Former Stars Report For Season's First Workout

The first basketball practice in several years, was held at the gym last Friday night with the new coach Harry "Orr" Orr in charge. Work for the opening game, was started with a large squad of candidates for the team on hand. Orr, former center of the 1936 World Championship, worked out with the squad and showed some of his old-time form.

Three former service men, released from the armed forces and all former Y. M. C. A. stars, also reported for the opening workout. "Frank" Hillard, Bill "Buck" Davis and Bill Petrusko, veterans of State Y. M. C. A. teams, were among the players.

Roselle Park's new coach, Harry "Orr" Orr, announced that he was attempting to get a pass and received a broken-left wrist.

## He's Still a Long Way from Home!

...Yes, the war was no pink tea. With V-J Day many a fighting man was too tired to think. For a long time we're going to have to do a lot of thinking and "doing" for the men who have done their part in winning the complete victory.

...That will cost money. There were well over a million casualties during this most destructive of wars. Many of these men will have to have medical care and treatment for a long time to come. Others need guidance before they can return to normal life. Millions of dollars will be needed for this and

other rehabilitation work.

...That's why this Victory Loan is so important. It's your chance to prove to your fighting men that they are not forgotten... that we can never repay them for what they have done.

...Gaze deep into your heart—and remember and act. Victory has brought us tremendous obligations. Every American must do his part in this great task. Right now, our job is to buy more bonds than ever before during the Victory Loan. Buy them in humble gratitude—*buy them now.*

## IT'S America's Great Victory Loan!

Here it is—a brand new bond issued in honor of Franklin Delano Roosevelt and the Victory he helped us win

SO YOU THINK THE WAR'S OVER? It isn't—not for more than 300,000 wounded. Those men are still fighting to recover what they gave up for you.

Now that they need your help, you'll be glad to buy an EXTRA Bond in America's Great Victory Loan. We must take care of our own—the men we don't see marching in our Victory Parades. And every step that speeds a man from battle wounds to health is costly. Look at these four examples: hospital ship, \$4,500,000; hospital plane, \$110,000; supplies for a thousand bed hospital,

\$177,500; an ambulance costs \$1,950.

It's easy to see why the most important Bonds you've ever bought are the Victory Bonds you buy today. Yes—and it's true that you get back \$4 at maturity on every \$3 you invest on every "E" Bond you own. It's true, too, that Bonds are as handy as ready cash. What counts most, though, is that more than 300,000 wounded need your financial help in a great big way.

Remember the veterans that aren't in parades. Buy for them in America's Great Victory Loan.

## BY THEIR DEEDS

A sound bit of advice was given the voters of Rahway, almost on the eve of the general election, in the last paragraph of a resolution adopted by the Third Ward Democratic Club, which said: "We urge the citizens of Rahway to become acquainted with the facts and judge the Republican candidates by their deeds."

Of course, the resolution was in protest of the sudden adjournment of last week's meeting of the City Council initiated by the Republican majority for the sole purpose of thwarting the annual practice of the Democrats in turning the last Council meeting, before election, into a political rally.

It was a well known fact to the members of the majority party, in the Council, that the minority members came to the meeting armed with lengthy typewritten sheets of political propaganda, written by those outside the Council, for purposes political. Of course, it was unfortunate that a citizen wished to complain of an open ditch left on his property through the repair of a sewer. However, although he was unable to state his complaint, the condition will probably be remedied in a shorter space of time than if it had been "referred to committee" after the complaint was heard in Council. All of which leads one to be a bit skeptical about the sincerity of the minority in their cry of protest over the incident. Could it have been their chagrin, at being outsmarted in their spouting of political propaganda, had anything to do with their carrying the torch for the citizens?

However, inasmuch as they have asked the voters of Rahway to "become acquainted with the facts" let us do just that. First of all, what was the situation faced by the present majority party when they took control of the reins of city government in January 1944? There had been an ever-increasing tax rate. But with all of the increased revenue through the annual increase in the tax rate there was after the ten-year regime of the Democrats a rather deplorable state of affairs in the city government.

Upon taking control in 1944 the Republicans found municipal salaries low; the Police and Fire Departments needed equipment; garbage trucks were old and outmoded; equipment in the street department was falling apart; city buildings and the incinerator were sorely in need of repair; new sewer lines were needed to name a few things important to efficient care of the citizens who were paying more and more every year for ten long years.

But, what is the picture today after two short years? Despite the fact the Republican majority has been beset at every turn with war legislation, shortage of manpower and materials much has been accomplished. Salaries of municipal employees have been increased together with bonuses; new equipment has been purchased for the Police and Fire Departments; repairs and alterations were made to the City Hall; new sewer lines have been laid; city buildings and the incinerator have been repaired; Street Department equipment has been repaired and new equipment purchased; increases in the budgets of the Department of Health, Street Department, Recreation Commission and the Public Library have been granted; additional employees have been added in order to increase efficiency in various departments; and all of this has been accomplished, not by increasing the tax rate, but in spite of a one point drop in the rate paid by the taxpayers. And Rahway's decreased tax rate, small though it may be, is one of the few in the State of New Jersey. Truly a remarkable accomplishment.

All that can be added to the foregoing is to follow the advice of the opposition and "judge the Republicans by their deeds." The Republican candidates have pledged themselves to carry on in the same fashion they have for the past two years.

## LET'S GIVE THEM CREDIT

You may not have noticed it, but this is National Pharmacy Week, an event which has come and gone each year unnoticed by most of us here in Rahway who take the services of the pharmacist for granted. The American drug store is an institution, nothing like it anywhere in the world, so efficient and comprehensive that its marvels are accepted as a matter of course.

The health of every resident of Rahway is safeguarded daily by the registered pharmacist. His services are usually accepted as a matter of fact, with little, if any, consideration given to the serious consequences which the community would suffer without him.

Your pharmacist acquires his special knowledge and skill the hard way—by years of study covering a wide range of subjects. Because of the steady march of medicine and chemistry with its development of new curative compounds his study does not end with graduation from college and registration by the State Board of Pharmacy. And because human lives and health depend upon his precise knowledge and accuracy he is, in every sense, one of the "key men" in the never-ending campaign against disease.

Despite his long hours he manages to be pleasant and helpful, but he doesn't expect any special recognition for the services he has been trained to render. War has multiplied his duties and responsibilities, and increased the demands upon his time.

The pharmacists of Rahway have earned far more than any salute accorded them and their profession through the mere recognition of National Pharmacy Week.

With cradle-to-the-grave "security" demands that are being persistently urged in many quarters, we are seeing the birth of a new philosophy that would accept doles under a fancy name as a substitute for individual independence and freedom, plus occasional hardship.

"What's the first thing you do when you clean your rifle?" asked the corporal.

"Well, sir, first I look at the number, to be sure I'm not cleaning someone else's."

## PAIR PLAY

Unequal advantages in any kind of contest spoil the sport for most Americans. A sense of fairness is deeply rooted in our people. Sometimes a champion athlete is and a popular favorite because the fans suspect some mysterious advantage that makes him invincible. Actually exposing crookedness in a professional team is all it takes to bankrupt the club because fairness is cardinal.

Practically all forms of competition take on the features of a game in this country. Business and politics are no exceptions. It has been said that "all's fair in love and war," but it might be said that other way. When emotions overtake reason, people forget to be fair. The contestant who uses all worked-up regrets it because his public turns against him if he is unfair.

Popular Decision  
The public has taken a hand. Occasionally in the bout between those heavy-weight contestants Capital and Labor. Until very recently, labor was the popular favorite, and the choice was sure. The laborer has been "the man on the spot" in many hands-for-countless years and sympathy for the underdog is a human trait. But this generation of Americans has seen the tables turn.

Labor in the United States is not the underdog—far from it. Every mature person, who has seen the world, say through it all knows that Capital is no match for Labor in this country now. Labor has a club that management can't use, the strike. What is even more, management has no weapon that will approximately match it in force and violence, and has no defense from it.

Times Are Changed  
There was a time when an employer could fire a competent workman for voting wrong. A straw-boss once could dismiss a female subordinate for resenting his overtures. Intelligent persons were let out for expressing general discontent over long hours, low wages and unwholesome surroundings. It was disgraceful. It was also a long time ago. It was not fair. The public resented it and stopped it.

People still remember those days. Nobody cares much now if employees have to hire whom the union says hire, pay what the union says pay and blow the whistle by the union, officially watch. But there is something that

the public does care about, namely strikes. When a home owner's family drives in a cold house for want of fuel he is anxious to buy, he finds out why.

Unfairness Shows  
In finding out why people discover Labor's unequal advantage. John Q. Public might not frown on a strike over wages or hours, but he sits plenty huffy doing without necessities while somebody retaliates a grievance—or while men sit idle, trying to force a point that might better be settled peacefully, with both shifts working and business going on as usual.

Strikes are violent and unfair, and the public dislikes them. Descriptive as arson, they hurt many people instead of one. I am a lifelong friend of Labor, and I predict that strikes will be outlawed by popular indignation. The lock-out and the blacklist were so one can look for the public to create some compulsory method.
