SIMMONS LIVER REGULATOR

IT WILL Positively Cure
BAD BREATH.
Nothing is so important as bad breath, generally arising from a disordered stomach, and can be successfully corrected by taking Simmons Liver Regulator.
JAUNDICE.
Simmons Liver Regulator soon eradicates this disease from the eye-ball, leaving the skin free from all impurities.
SICK HEADACHE.
The stomach imperfectly digesting its contents causes severe pain in the head, accompanied by disagreeable nausea. For the relief and cure of this distressing affliction take Simmons Liver Regulator.
MALARIA.
Persons living in unhealthy localities, may avoid all chill as attacks by occasionally taking a dose of Simmons Liver Regulator to keep the Liver in healthy action.
CONSTIPATION.
Should it be regarded as a trifling ailment. Nature demands the utmost regularity of the bowels. Therefore assist Nature by taking Simmons Liver Regulator. It is mild and effectual.
BILIOUSNESS.
One or two tablespoonfuls will relieve all the troubles incident to a bilious state such as nausea, dizziness, distress after eating, a bitter taste in the mouth.
ALCOHOLIC POISONING.
Simmons Liver Regulator will counteract the effect of alcoholic poisoning. By its use the torpid liver is aroused, the nerves quieted, the gastric disturbance corrected and intemperance prevented.
YELLOW FEVER.
The Regulator has proven its great value as a remedial agent during the prevalence of that terrible scourge. Simmons Liver Regulator never fails to do all that is claimed for it.
COLIC.
Children suffering with colic soon experience relief when Simmons Liver Regulator is administered according to directions. Adults as well as children derive great benefit from this medicine.
CHILLS AND FEVER.
There is no need of suffering any longer with Chills and Fever—Simmons Liver Regulator soon breaks the chills and cures the fever out of the system. It cures when all other remedies fail.
DYSPEPSIA.
This medicine will positively cure you of this terrible disease. It is no vain boast but we speak emphatically when we know to be true Simmons Liver Regulator will cure you.
BLADDER & KIDNEYS.
Most of the diseases of the bladder originate from those of the kidneys, restore the action of the liver fully and both the kidneys and the bladder will be restored.
For sale by all Druggists.

UNION ORPHAN'S COURT.

Term of May A. D. 1882. Levi Darby administrator with the will annexed of Rachel De Camp deceased. Rule to show cause for sale of lands to pay debts.

The said administrator having made and exhibited to this court, under oath, a true and just account of the personal estate and debts of said deceased, as far as he can discover the same, and it appearing that the personal estate of said deceased is insufficient to pay her said debts, and praying the aid of the court in the premises: The court thereupon order, that all persons interested in the estate which was of said deceased, appear before this court on Wednesday, the nineteenth day of July, next, to show cause, if any they have, why so much of the lands and real estate of said deceased, in the County of Union, should not be sold as will be sufficient to pay her said debts.

Dated, May 18th, 1882.

JAS. J. GERBER,
Surrogate.

GENERAL NEWS.

Newport spent $1800 for fireworks.

An official return shows that 182 suspects are now detained in prison in Ireland.

It has been reported that Bancroft Davis is soon to be appointed Minister to England.

John Gilbert, the veteran actor, has been seriously ill at his summer cottage, at Manchester, Mass.

Ocean gales carry spray 30 miles into England, incrusting the foliage of trees with ocean salt.

The President has signed the act for a monumental column in commemoration of the battle of Monmouth.

Hablot Knight Brown, the comic designer, better known as "Phiz," the illustrator of Dickens's works, is dead.

Spitz dogs are to be shot on sight by the police of Long Branch. Bets have been made that the spitz escape every time.

The Anniversary of the shooting of President Garfield was not forgotten. Twenty-five thousand people visited his tomb.

Ex-Senator Cresswell, of Maryland, has been chosen by the President as counsel for the Government before the Geneva Award Commission.

R. C. Watson, the referee in the Columbia Harvard boat race, has declared in favor of Columbia, and awarded the crew the colors. He is severe on the Harvard men.

Colonel Noah Orr, the Ohio giant, who was buried at Marysville on Monday, required a coffin 8 feet long, 3½ feet wide, and 2 feet thick. His brother, George Orr, who survives him, is 6 feet 10½ inches in height.

Rev. Dr. Hicks, Guiteau's spiritual adviser, was once a pastor in Brooklyn, cultivator of an orange grove in Florida, candidate for Congress, but was defeated, and was one of the 306 delegates to the Chicago Convention, and the only clergyman in that body.

In the year 1777 considerable interest was manifested in an announcement that six stoves had been completed in Philadelphia. The annual product of the stove foundries in that city is now valued at $4,000,000, and the industry supports about 12,000 people.

Jacob Dilley died suddenly at his home near White House Station, this State last week. He ate a hearty supper as usual and at 9 o'clock was dead. After death his body became so large that the undertaker could not put the coffin necessary for it in the house, and it was conveyed to the grave in a wagon.

A bee, in yellow satin and brown plush, and a fly in black tulle, veiled with the darkest blue shimmering gauze, with wings of the same and a curious head ornament, were the most charming figures at the fancy ball given at Pau recently by Mr. James Gordon Bennett, where the presents for the cotillion cost almost $4,000.

William J. Sipple, the young telegraph operator who was recently convicted in the Hudson County Court of General Sessions of attempting to defraud the New York, Lake Erie and Western Railway Company of $43,619, by means of bogus telegrams, was recently sentenced by Judge Garretson to imprisonment for five years in State Prison.

A pleasant feature of the Fourth of July celebration in Independence Square, Philadelphia, was the appearance on the same platform of Messrs. Beaver, Stewart and Pattison, the rival Gubernatorial candidates. After shaking hands and drinking together out of a big silver loving cup, each made an address, glowing with patriotic fervor, but with no allusion to party politics.

Mr. Booth's performances in London were the chief feature of last week in theatrical circles. The critiques of the London journals unanimously recognize a greater depth of conception in his *Richelieu*, and an effort to make it less grimly cynical. There is anxiety to see him again as *Lear*, in which, the *Academy* remarks, "you are brought face to face with a maddened king, one of the most difficult parts in the whole of Shakespeare. Indeed, one generation has seen no other *Lear*."

Captain C. W. Williams, of the United States Army, has invented an apparatus for establishing telegraphic communication between railway trains moving on the same line of road from any point and at any time. It is claimed that, once perfected, the system will prove an effectual preventive preventive of collisions, and among railroad men as well as the people at large will be hailed as a great scientific triumph in the history of human life and safety. The apparatus was tested a few days ago on the Elberton branch of the Atlanta and Charlotte Air Line, and worked admirably.

The Schuylkill Valley, from near the coal regions to Philadelphia, is excited over the strange and mysterious poisoning of the water of the Schuylkill River. For a stretch of sixty miles the water has suddenly become impregnated with some substance that has killed thousands of fish and produced a disagreeable odor in the water. The Philadelphia Park Commission and others have been notified, and prompt action has been taken to prevent the poisoned water from entering the reservoirs and pipes in that city. The authorities at Pottstown have ordered the pumping of water into their reservoir to be stopped, as the water now emits a foul odor.

AN ENORMOUS BLAST.—Near Glendon, Easton, the largest blast ever fired in that section was made a few days ago. It was in the limestone quarries. The face of the rock was about 150 feet high above grade and into this at grade a tunnel was driven forty six feet, at the end of which drifts were made at right angles, the one to the right being 110 feet long and the one to the left 27 feet long. Along the first drift three pockets were made and along the shorter one a single one. Into these four pockets were deposited 23,000 lbs. of Judson powder. The mass in front, 46 feet thick, 150 feet high and 137 feet long, was not only completely blown out, but for 110 feet in the rear the mass was loosened all up and dropped down, carrying with it a corn field on the surface which was supposed to be beyond danger. It is estimated that the amount of rock blasted is from 120,000 to 130,000 tons.

ABOUT WOMEN.

Mrs. Taylor, widow of the tenth President, is described as a plump and well preserved lady, with pleasant blue eyes, a smooth and placid countenance and still very fair.

Margaret, better known as "Grandmother" Wilsted, the oldest resident in the town of Hempstead, died on Sunday at her home in Far Rockaway at the age of 106 years.

While a party of girls were bathing at Kewaskum, Wis., Mary Freeman, of Chicago, swam out to rescue a girl who had gone too far. She saved the girl, but was herself drowned.

It is said that Susan B. Anthony has declined to appear as Desdemona to Anna Dickinson's Othello, but is likely to join the latter lady in representations of "Much Ado About Nothing." In that case the probable Miss Dickinson will represent Much Ado, and Miss Anthony the remaining half of the title.

Rose Coghlan wound up Wallack's with a sensation. The only true golden beetle in existence, by a golden chain. Between the tresses of the ladies, as they crawl over her neck, and the temples of Harry Edwards to stick a pin through it, Miss Coghlan's was suffering, her voice suddenly returned and she was able once more to speak in her natural tones. This resolution is the subject of great gratification to the numerous friends of this estimable lady.

Mrs. Grant the wife of Gen. Grant, and Mrs. Logan, the wife of Senator Logan, entered a railway car, recently, to find all the seats on the shady side occupied. The former, loth to sit upon the sunny side, remarked, "I wish some one would offer me a seat on this side." "Do, they would, Mrs. Grant, if they knew who you were," remarked the amiable Mrs. Logan. These remarks caused no little merriment among the few within ear shot, but nobody seemed to know Mrs. Grant.

The Rev. Joseph Cook's wife has arrived in New Haven from a four months' tour around the world. She left her husband in India, trying to prevent the people from accepting the skepticism of Western Europe. She says that they are familiar with the writings of Herbert Spencer, Mill, Tyndall and Huxley. "The lecturer combated this tide of unbelief and agnosticism, and the Brahmins heard his denunciation of caste without demonstrations of disapproval." Mrs. Cook resents the suggestion that they did not understand it.

A STATUE STRUCK BY LIGHTNING.—During a thunderstorm, June 22, the Confederate monument, in the State House grounds, Columbia, South Carolina, was struck by lightning, and the marble statue of a Confederate soldier that surmounted it was thrown to the ground. The head was cut completely off at the neck as if with a sword, and falling, struck on the upper base stone of the northern front of the monument. In falling the body struck the lower base on the eastern side, driving it out of place for an inch or two. The cannon at the rear of the statue was broken off. The right leg was severed at the skirt of the coat. The hands, which rested on the musket, were broken off, and the left leg was driven into the ground six or eight inches. There is nothing left on the top of the shaft but a fragment of the left leg, which is broken off at the ankle and rests upon the broken stock of the musket. The statue was hurled to the ground with such great force that where it struck the stone base it was crushed into powder. Many fragments were carried off by curiosity seekers. The head and hands were deposited in the Secretary of State's office for safe keeping, and the rest of the statue was placed under the guard of the State House keeper.

The monument was erected by the South Carolina Monumental Association, composed of ladies, on May 13, 1879. The association was founded in February, 1866, and work was begun in 1869. The total expenses of the enterprise amounted to $11,761.46. The statue surmounting the monument, which was of fine Italian marble, cost about $6,000.—*Columbia Journal*.

HE POPPED

While they sat before the fire,
Nothing more did he desire
Than to get a little nigher,
If he could;
And his heart beat higher and higher,
And her look grew shyer and shyer,
When he sidled up close by her,
As he should.

Then he ventured to inquire
If her sister, Jane Mariar,
And her mother and her sire
Were quite well.
And from time to time he'd eye her,
As though he would like to buy her,
And his bashfulness was dire,
For a spell.

Then his husky throat grew dryer
When he told her that the Squire
To himself would gladly tie her,
If she would;
Might he now go ask her sire?
And he thought he would expire,
When she said, to his desire,
That he could.

—*Burlington Hawkeye*.

ONE THING AND ANOTHER

An honest man is the noblest pursuit of woman.

An Irish solution of the Egyptian difference—"Arab-i-Asy'n."

A Colorado bath consists of hanging a damp towel to a tree and climbing the towel.

The apples of Eden killed mankind, and the pairs of the ark preserved them.—*Wilkins*.

"A baby," says a writer, "is a mother's anchor." We have often heard that the first thing she does is to weigh it.

"Pulverized meat" is what the Belgian Government is about to give out for army rations. This must be Belgian for "hash."

Gough tells a story about a boy, who being reproved for blowing his nose so hard, said it was the Fourth of July, and he would "blow thunder out of it if he wanted to."

Esthetic Boston objects to the use of the word "imposter" as applied to a female swindler, and claims that "impostrix" is the proper phrase. Beans.—*Exchange*.

Hannibal Hamlin's sons are mighty smart boys. They have started for Spain to ascertain why on earth the old man keeps writing home to them that all the time for money.

One of the mistakes of Ingersoll was his putting $50,000 into mining stock, which he could buy now for $2,000. It will be remembered that Moses never made any mistakes about mines.

The board of education of Sacramento, Cal., has offered a prize of twenty dollars to the girl graduate who will appear on the stage, commencement day, in the least expensive dress. At this distance this looks like an attempted renaissance of the Garden of Eden; but then of course we don't pretend to know anything about it.—*New Haven Register*.

As some lady visitors were going through a penitentiary under the escort of a superintendent, they came to a room in which three women were sewing. "Dear me!" one of the visitors whispered, "what vicious-looking creatures! Pray, what are they here for?" "Because they have no other home; this is my sitting-room and they are my wife and two daughters," blandly answered the superintendent.

A little five-year-old boy was being instructed in morals by his grandmother. The old lady told him that all such terms as "by golly," "by gingo," "by thunder," etc., were only little oaths, and but little better than other profanities. In fact, she said, he could tell a profane oath by the prefix "by." All such were oaths. "Well, then grandmother," said the little hopeful, "is 'by telegraph,' which I see in the papers, swearing?" "No," said the old lady, "that's only lying."—*Rome Sentinel*.

A patent medicine firm wrote to a man out in Flint River, saying that they understood he had used their world renowned and infallible "May Apple Balsam" with success, and asked for a testimonial. He replied that he had used it with eminent success; that he took a quart bottle of it and threw it out the eye and split the nose of the agent who took up two hours of his time trying to make him buy it, and that the application had the desired effect; the agent flying down the long vista of the prairie as though he never had a pain or ache in all his life.

SUCCESSFUL FEMALE INVENTORS.—The other day a patent was recorded to Miss Frelone Wright, of Louisville, and Miss Emilie Engeln, of Cincinnati, for what was styled an "ironing pan." From the time of Adam and Eve women-folks (and Chinamen have used when ironing clothes a saucer turned bottom side up, an old horse-shoe, an oyster can, or a laundress and one other contrivances to place the hot iron upon while turning a garment, or when wishing to lay down the iron for a moment. When ironing-boards came into use handsome little stands for the iron soon followed. But, as many a housewife knows to her sorrow, these ironing-boards cannot be disturbed without upsetting "iron and stand, thereby endangering among other things, her toes; and many accidents have this befallen children. These young ladies hit upon the idea of making an iron pan, to be sunk into the board and thus kept stationary, being of such depth as to hold the iron in safety while the ironer twists the board in whatever direction desired. Models were made, and application filed at Washington, resulting in a patent being immediately issued to them. The idea of the thing was suggested by having witnessed several accidents among the servants. The young ladies are cousins, Miss Wright being from Louisville, but at present with Miss Engeln, at the latter's home, Morris street, Walnut Hill. Both are known for their beauty and accomplishments. They received an offer of $5,000 for their invention the other day after their patent was obtained. This they refused, and concluded an arrangement for the making of the utensils, which will give them a liberal profit. It is a simple iron mould, one inch deep, eight inches long, and five inches wide. There are flanges running across two sides, so that one simply has to rest a hole in the ironing-board, insert the pan and screw it fast through the flanges. The bottom is perforated, so that it may not become over-warm.

RAHWAY ADVOCATE.

THE "VAIL BILL" DECLARED TO BE UNCONSTITUTIONAL.

The various suits against Rahway and Elizabeth, involving the constitutionality of what is generally known as the "Vail Bill" are finally terminated. We have at different times referred to the issues involved in them. Last Monday the Court of Errors and Appeals decided that the act is unconstitutional. As this is the Court of last resort, of course this decision is final.

The history of these suits will disclose what the bill was intended to accomplish, and why the Court decided it was unconstitutional. A creditor of the city of Rahway some time ago brought a suit and obtained judgment against it. Other creditors followed, the amount of the judgments in all the suits being about five thousand dollars. About the same time different creditors of the city of Elizabeth brought suits and recovered judgments against that city to the amount in all of nearly a million dollars. Executions were issued upon these judgments. Under decisions of our Courts, no property belonging to a city and required for public use can be siezed under executions. Neither of these cities owned any property not required for public use. In all these cases, therefore, the sheriff returned his executions unsatisfied.

Under the law existing at the time the plaintiffs in these suits became creditors they had the right to require the cities against which they held unsatisfied executions to place the amount of their claims in the tax levy. Two years ago, as our readers remember, a Rahway creditor compelled our authorities to do so to satisfy a judgment he held, and separate tax tickets were made out for that claim. The Vail bill was intended to relieve insolvent cities from this burden, and the cities refused to put the amount of the unsatisfied executions we have referred to in the levy. The creditors then asked for a writ of mandamus compelling them to do so. The cities, in response to this request, answered that the legislature had passed this new law by which, in applications of this kind, the court should investigate and determine what was the highest rate of taxes the cities could bear, taking into account the interest of all their creditors, and should only grant writs ordering such rate to be raised; and further that the rate already fixed by the Common Council was the highest that the city could sustain in conformity with the new statute. For these reasons the cities asked the Court to refuse the writs.

Well, the Court held that this new act was unconstitutional. It said that at the time of the contracting of the obligations, which consisted of bonds purchased, the old law was in force; and that by the constitution of New Jersey the Legislature was forbidden to pass any law "impairing the obligation of contracts or depriving a party of any remedy for enforcing a contract which existed when the contract was made." Therefore the creditors in the event of not being paid had the right to invoke all the remedies which existed when they bought the bonds. As at that time they were entitled to a mandamus for the full amount of their judgements, the new law was unconstitutional and the writ was granted.

An appeal was taken to the Court of Errors and the decision was affirmed upon the same grounds. What the effect of it will be upon the negotiations for a compromise of the indebtedness of these cities is uncertain. There is a diversity of opinion among the creditors upon the subject. Many of the Elizabeth creditors instructed their attorneys not to contest the constitutionality of the bill, believing that under it the courts would require something each year to be raised to meet the interest on their bonds and this would to that extent keep them alive. The decision will at least bring our difficulties to a crisis sooner than if it had been the other way. Should the Elizabeth creditors now issue the writs it would add to the present rate nearly ten per cent. For a succession of years there will in each probably be judgments recovered for an equally large amount as the present ones. If writs are issued upon these one can readily see nobody will pay taxes, for it is cheaper to abandon property than to keep it and pay ten per cent. taxes upon it.

In the suits against Elizabeth a point was taken that as the bonds were a lien upon the property for the improvement of which they were issued, the city was not liable for their payment. In other words, the idea contended for was that if a property owner had paid all the assessments against his property, that exempted his property from liability for any non-payment of others. The Court in its decision said the judgments entitled the plaintiffs to a mandamus requiring the amount of them to be assessed without reference to property owners who had paid their assessments. This is an express adjudication that the property of an owner who has paid all the taxes and assessments upon it, is liable for all judgments against the city in common with all other property.

We have received a communication from Councilman Denike, replying to an article contained in our edition of June 21st. We decline to publish it because of its personally abusive character. We give the substance of that part of his letter which has any relevancy to the subject of which he complains. In an article we stated we had understood that at a meeting of the Council he announced that the settlement of the city debt would have been probably accomplished but for the action of Mayor High and Senator Vail. We further said that anyone acquainted with the facts must know that was not so, and that we believed Mr. Denike had not personally interested himself in the settlement, and therefore had probably been deceived by others into making the remark. In his communication he does not deny he made that announcement, but states he has attended all the meetings except one held for the purpose of effecting a settlement. We cheerfully acknowledge our error in believing he had given no personal attention to the meetings. At the same time it seems very clear that his insistment that he was personally acquainted with the proceedings taken away the only excuse he has for making such an astoundingly fallacious statement.

COMMON COUNCIL.

The Council met at 8 o'clock last night, all the members present. Minutes of last meeting read, corrected and approved.

COMMUNICATIONS

From Board of Education asking for division of the appropriation for schools and fixing the amount for each fund. Ordered on file.

From Bedle, Muirhead and McGee, in relation to judgment of Joseph J. Kittell vs. The City of Rahway for $4,842.32 and costs with order from supreme court of N. J., directing council to place the amount in tax levy. On motion of Councilman Melick referred to the City Attorney.

From Dr. J. J. Daly referring council to recent communication from Health Board, recommending that the causeway from Pierce street to the river be sewered or secured so as to prevent spreading of disease. Persons were now sick with diphtheria and other cases must follow unless measures were taken to abate the nuisance. Referred to Committee on drainage.

From Health Board in relation to above named drain. Referred to same committee.

From Independence Hook and Ladder Company, No. 1, in reference to communication some time since giving notice of election of Frank T. Kinney as a member of that company. Referred to Committee on Fire Department.

Monthly report from John W. Slack, Superintendent of Almshouse, stating number of inmates to be 4 males, 4 females, and 1 child. Referred to Committee on Poor and Alms.

From H. O. Houston, calling attention of Council to bill presented by him as street commissioner in 1878 for $300; requesting that action be taken upon it. Referred to Finance Committee.

From the same stating that while Street Commissioner, there was due the city from Brooks Clark $10, and from the P. R. R. $20, for tapping sewers, which should have been paid, and which amount is charged against him, asking Council to take measures to collect the amounts from the parties named. Referred to Committee on Streets.

Councilman McKenzie asked if Committee on Drainage had taken action in relation to drains which were referred to them at last meeting, stating that Dr. H. H. James had told him that persons were sick with diphtheria resulting from those drains, and that should any of them die, he (Dr. James) would give a certificate of death stating that the person or persons "were murdered by the city authorities."

Councilman Lohmiller said he thought the city at large should not be compelled to pay for this work, as the drain was to be a sewer for a number of streets, and should be paid for by parties benefited.

Councilman Manfield from Committee on drainage said the committee would give the matter their attention and report at next meeting.

REPORT OF COMMITTEES.

From finance committee recommending the following.

WHEREAS, by a certain resolution of the Common Council of the city of Rahway passed March 24th 1880, it was resolved that the city was unable to pay more than twenty-five per cent. of the bonded debt as the same stood with interest at seven per cent. to Nov. 1st 1881, said twenty-five per cent. to be paid in bonds bearing interest thereafter at four per cent. and to run for 40 years if not sooner redeemed; and

WHEREAS, it is believed that by a strict and rigid enforcement of the tax laws as they exist, and by the further enactment of more stringent laws, and the assistance of the Courts in the same direction the resources of the city can be increased beyond what was believed or expected of them at the time of th passage of said resolution; and

WHEREAS, by an adverse discision as to our right to collect taxes for interest before the issue of bonds we have been delayed for years in such collection,

Resolved, That we offer to the bondholders of the city of Rahway thirty per cent. of said indebtedness as it stood on the said first day of November 1881, in bonds bearing interest from and to be issued on the 1st day of Feb. 1883 (interest to be computed between the said 1st day of Nov 1881 and the 1st day of Feb. 1883 upon the said thirty per cent. at the rate of four per cent. and the amount thereof added to the principal of said bonds) said bonds to run for forty years with option of redemption on the part of the city after the expiration of ten years, provided however, that one half in amount of outstanding bonds, exclusive of tax bonds and Water Bonds, be represented in the acceptance in writing of said compromise before said compromise bonds are issued."

Councilman Melick said they offered this resolution so as to be able to say something different to the bondholders, who had adjourned subject to the call of the Board of Finance, and after carefully considering the subject it was decided that to take that course would be the best thing that could be done.

Councilman McKenzie said it would be better to wait awhile until the question was settled as to which of the two finance boards was the legal one, the old or the new; and as "mandamuses" were coming along thickly, they had better find out what the creditors thought of doing before going further.

Councilman Martin said he felt the same as Mr. McKenzie on this matter, and asked which of the two boards of finance was recognized by the bondholders.

President Denike replied, "The old board."

Councilman Martin then asked, "Why" when the President abruptly answered, "that is their business."

After some further discussion in about the same strain Mr. Denike said the Mayor could not under the law legally appoint the new board.

Councilman Martin asked if that "was a new law?" to which Mr. Denike said "Yes." Councilman McKenzie said he did not read it so.

After further discussion by Messrs. Melick, McKenzie and Martin, Councilman Crollius moved the adoption of the resolution, which was carried—yeas, 9; not voting, Martin, McKenzie and Whitehead.

Councilman McKenzie asked of Finance Committee to whom had been referred matter of investigating bonds of city officials, whether any officers were acting without bonds being regularly filed. Mr. Melick said in reply that he had forgotten that the matter had been referred to the committee, but they would attend to it.

From the Special Committee on lighting streets, Councilman Tuffs reported progress and said they would have something further to report at the next meeting.

Councilman McKenzie asked whose duty it was to trim trees so lights could be seen when burning. President Denike said that was the duty of the Street Commissioner.

LICENSES.

Applications of J. P. Thorp, Albert Lambert and William S. Chamberlin laid over under the rule.

The application of the following persons reported correct by Committee on licenses were granted: Mary Lauterer granted, 8 to 4; F. Pomerenke, 7 to 5; John C. Helms, 8 to 4; Mary Halpaus, 8 to 4.

NEW BUSINESS.

Councilman Melick offered the following resolution:

Resolved, That the City Clerk be authorized to issue declaration of sale of property for taxes. Adopted.

Councilman Whitehead offered the following:

Resolved, That the Mayor be authorized to issue a proclamation offering a reward of $50 for the apprehension and conviction of persons creating or raising false alarms of fire. Adopted.

Councilman McKenzie moved that the resolution passed last meeting ordering the tax collector not to receive tax bonds for taxes be rescinded. Lost 11 to 1—McKenzie.

Councilman Crollius nominated George Conger for policeman for current year. Elected unanimously.

Also, for City Physicians, Dr. J. J. Daly and Dr. W. E. Clarke. Elected unanimously.

For Police Justice, Councilman Crollius nominated J. O. Tunison, and Councilman Whitehead named D. J. Bunn. Tunison received 7 votes, Bunn 4; McKenzie not voting. Tunison declared elected.

For City Surveyor, Councilman Crollius nominated Franklin Marsh, and Councilman Martin named Wm. E. Clark. Marsh received 7 votes; Clark 5. Marsh was declared elected.

By Councilman Melick.

Resolved, That the assessor in the first district be instructed to assess the New Jersey Telephone Company $300, and N. J. Mutual Telegraph Company $800, for two miles of line through this city. Adopted.

Councilman Martin moved that bill of Milton A. Brown, late Street Commissioner, of $192.94, be referred to Finance Committee. Carried.

Councilman Crollius moved that the matter of mandamus of Rahway Savings Institution vs. City of Rahway, be referred to City Attorney. Carried.

Bills were then read and ordered paid as allowed as follows:

W. H. Hall, sundries	$17 86
Thomas Gore, streets	28 72
Wm. Brannon, "	4 50
B. W. Hughes, "	84 00
Benjamin Clark, "	60 75
John Walsh, "	54 00
Levi Price, "	60 75
Alex McCoy, "	43 12
H. Dart, Colwell, supplies for poor	95 66
H. S. Langstaff, salary, &c	94 54
B. W. Hughes, "	81 33
Water Board, for water	25 00
Catharine Cocklan, taking care of foundling	8 00
George Conger, salary	40 00
Wm. Tooker, "	5 00
J. W. Slack, "	25 00

Adjourned.

ENGLAND'S WAR WITH EGYPT.

LONDON, July 11.—Great excitement prevailed in all parts of the city to-day over the bombardment of Alexandria, which commenced at 7 o'clock this morning. Admiral Seymour's first dispatch to the Admiralty was as follows: "The ships opened fire at 7 o'clock this morning. The return fire from the forts was weak and ineffective. An explosion in Fort Marsa el Kanat had occurred by 8 o'clock. The ships engaged are the Inflexible, Temeraire, Penelope, Superb, Sultan, Invincible, Alexandra, and Monarch."

9:40 A. M.—The attack on the forts has now been kept up two hours. Smoke hangs over the town along the line of the shore batteries and among the ships, and it is difficult to see what damage has been done. It is certain, however, that the enemy has suffered very heavily. Fort Marsa el Kanat has been blown up by the fire from the other batteries. The forts are slacking their fire. The top of the tower of Fort Pharos has been carried away, and many guns have been dismounted on that and other forts. The flag of the Geneva Red Cross is flying over the hospital in the city. The Dutch and Greek flags are hoisted over their respective Consulates. At the beginning of the bombardment immense excitement was visible. Crowds of people were seen wending their way towards the Palace. The streets are now deserted, the people having fled, or taken refuge in cellars. There are no signs of a surrender so far.

6:50 P. M.—The action is finished for the day. The casualties on the English side are as follows; The total number of killed is 5 and wounded 27, distributed as follows: Killed—On the Alexandra, 1; Superb, 1; Sultan, 2; and Inflexible, 1. Wounded—On the Alexandra, 3; Superb, 1; Sultan, 7; Inflexible, 6; Inflexible, 2; and Penelope, 8. Twelve officers and men landed from the Inflexible, under cover of the fire of the Condor and Bittern, and destroyed with dynamite the heavy guns of Fort Mex. The Egyptian loss is at present unknown.

THE PORTE'S PROTEST.

CONSTANTINOPLE, July 11.—Lord Dufferin, the British Ambassador, notified the Porte on Monday of Admiral Seymour's intention to bombard the Alexandrian forts if Arabi Pasha remained obdurate. The Porte on the same evening telegraphed Mussurus Paasa, its Ambassador at London, that such an act would constitute a grave infraction of the sovereign rights of the Sultan, and that it expected the British Government to order Admiral Seymour to abstain. The Porte has telegraphed to Mussurus Pasha, the Turkish Ambassador at London, the following: "The Porte has learned that Admiral Seymour has opened fire. It is superfluous to dilate upon the extreme gravity of this fact. In view of the urgency of this matter, the Porte confines itself to requesting you, without a moment's loss of time, to make pressing representations to Lord Granville to issue orders to cease firing immediately, in order to avert still greater misfortunes."

PARIS, July 11.—A despatch to the *Temps* from Vienna says it is admitted in Government circles that England is perfectly justified in her vigorous action against Arabi Pasha's attitude of provocation, and so long as England pursues this line of conduct she will meet with no opposition from the powers.

A despatch to the *Temps* from Alexandria says that the Egyptian ministers were not aware yesterday of Admiral Seymour's ultimatum, because it was intercepted by Arabi Pasha.

THE SUEZ CANAL CLOSED

LONDON, July 11.—A despatch to Lloyd's from Port Said says that the British Consul there, by order of Admiral Seymour, has stopped ships from entering the Suez Canal. A private telegram from Port Said says that the French Consul there has ordered the embarkation of French subjects. The occupation Port said is expected to take place to-day.

The colored citizen does not always go with the Republicans. In Georgia, the other day, an influential colored citizen took sides of a Democrat. They were taken from a smokehouse, however.

DECISIONS OF THE COURT OF APPEALS.

Among decisions given on Monday by the Court of Appeals are the following which will be found of general interest. In the Hudson County election cases an opinion was filed.

The people elected a Republican Board at the last election, with a Democratic Director, who has the power of veto. A law of the Legislature enables the Board to fill vacancies in offices for the full term when a vacancy occurs. To retain themselves in office the Democratic officers, just before the old Board's term expired, resigned, and were immediately re-elected for the full term. The Republicans of the new Board attempted to remove them, but the Director interfered. The case was then taken into the courts and carried up to this court. In opinion the Court held that the reappointment of the old officers was legal under the act referred to. It was, however, intimated that the present Board could remove the officers. This cannot be done unfortunately, because the Director's veto intervenes. The three branches of the decision were as follows: The term of the Democratic Clerk Fielder expired with the old Board, and the present Board has legally no clerk. The Republicans can elect one now. Second, the appointment of the committee by Director Budden was illegal and is void, and so was the election by the Republicans of an Acting Director. Third, the Democratic officers who were elected remain in office until removed by the Board, with the consent of the Director. Should the latter official continue obstreperous in refusing the people the right of majority rule, an application may be made for a mandamus compelling him to act.

The first decision to-day in the Court of Appeals was by the Chief Justice, who, with great elaboration, discussed the Rahway city case against the bondholders. The central point of the long argument in favor of the bondholders was on the inviolability of the contract. The creditors, when the bonds were issued, possessed certain rights under the laws to secure the payment of their claims. When the city got into trouble various acts were passed changing the method of enforcing the collection of debts against cities, among them the Vail Mandamus act. So far as any of these interfere with the advantage possessed by the creditors they are void. They formed part of the contract. The same judgment was entered in the Elizabeth cases, which depended on the same issue.

There was much interest in the case, involving the Linden Improvement Company. It appears that a piece of property well mortgaged was secured by a party of gentlemen, and valued at $50,000. A company was formed, and stock issued to the amount of $100,000, which was given for the property. The case reached the court on two cross-appeals from a chancery decision on a mortgage foreclosure. The point of Judge Depue's interesting and able decision was that the payment of the stock in land worth at best only $50,000 by the directors, for their own benefit, was, in a way, fraudulent and vitiated the whole transaction. The persons who subscribed for the stock must pay the full amount, and the proceeds are to go to the creditors. One of the parties to the appeal had carried the case up, thinking the Chancellor's decision had been too severe. This was to the effect that half the stock must be paid up. The Court of Appeals went just twice as far.

LOCAL MISCELLANY.

Milan, Canton, Sennett, Webster braid and Ventilator Straw Hats, at Lambert's.

From H. F. Liepsner, A. M., Rad Bank N. J.:—Ely's Cream Balm Co., Owego, N. Y.—Gents: I have been troubled with Catarrh so badly for several years that it seriously affected my voice. I tried Dr.—remedy without obtaining the slightest relief, but one bottle of your Cream Balm did the work. My voice is fully restored and my head feels better than it has for years. I feel deeply indebted to you. Very truly, H. F. LIEPSNER. Jan. 28, 1881.

W. L. Hawkins, Druggist, Princeton N. J.—The past year is the first of many that I have been free from Catarrh and cold in the head during suffered intensely, which I attribute to the use of Ely's Cream Balm. I have recommended it to many of my friends, and in every case it has worked like a charm. Jared D. Wolfe, Insurance Agent. Oct. 22, 1880. Price, 50 cents.

WALNUT LEAF HAIR RESTORER.

It is entirely different from all others. It is as clear as water, and, as its name indicates, is a perfect Vegetable Hair Restorer. It will immediately free the head from all dandruff, restore gray hair to its natural color, and produce a new growth where it has fallen off. It does not in any manner affect the health, which Sulphur, Sugar of Lead and Nitrate of Silver preparations have done. It will change light or faded hair in a few days to a glossy brown. Ask your druggist for it. Each bottle is warranted. SMITH, KLINE & CO., Wholesale Agents, Philadelphia, and C. N. CRITTENTON, New York.

DON'T DIE IN THE HOUSE.

Ask druggists for "Rough on Rats." It clears out rats, mice, bedbugs, roaches, vermin, flies, ants, insects. 15c per box.

SHILOH'S CATARRH REMEDY.

marvellous Cure for Catarrh, Diphtheria, Canker mouth, and Head Ache. With each bottle there is an ingenious nasal Injector for the more successful treatment of the complaint, without extra charge. Price 50 cts. Sold by Dr. F. W. Oliver, Cor. of Grand and Oliver sts.

A STRANGE PEOPLE.

Do you know that there are strange people in our community? We say strange, because they seem to prefer to suffer and pass their days miserably, made so by Dyspepsia, and Liver Complaint, Indigestion, Constipation and General Debility, when SHILOH'S VITALIZER is guaranteed to cure them. Sold by Dr. F. W. OLIVER, corner Grand and Oliver streets.

We have a speedy and positive Cure for Diphtheria, Canker Mouth and Head Ache, in SHILOH'S CATARRH REMEDY. A Nasal Injector free with each bottle. Use it, if you desire health and sweet breath. Price 50 cents. Sold by Dr. F. W. OLIVER, corner Grand and Oliver streets.

Dr. Mott's Liver Pills are the best Cathartic Regulator.

Malaria, Chills and Fever, and Bilious attacks positively cured with Emory's Standard Cure Pills—an infallible remedy; never fail to cure the most obstinate, long-standing cases where Quinine and all other remedies had failed. They are prepared expressly for malarious sections, in double boxes, two kinds of Pills, containing a strong cathartic and a chill breaker, sugar-coated; contain no Quinine or Mercury, causing no griping or purging; they are mild and efficient, certain in their action and harmless in all cases; they effectually cleanse the system and give new life and tone to the body. As a household remedy they are unequaled. For Liver Complaint their equal is not known; one box will have a wonderful effect on the worst case. They are used and prescribed by Physicians, and sold by Druggists everywhere, or sent by mail, 25 and 50 cent boxes. Emory's Little Cathartic Pills, best ever made, only 15 Cents. Standard Cure Co., 114 Nassau Street, New York.

Puny, weak, and sickly children, need Brown's Iron Bitters. It will strengthen and invigorate them.

A REMARKABLE COINCIDENCE.

It is a matter of journalistic record, that some years since, a schooner set sail from Baltimore, having on board a crew of thirteen men. By a most singular freak of nature, the entire force was attacked by a skin disease, which manifested itself in large ulcerated sores on the arms and hands, wholly incapacitating the men from duty. The result was that the vessel was towed back to the city where the men were placed in the hospital. Moral: Had Swayne's Ointment for skin diseases been used in the first place, the crew would have recovered in from 12 to 24 hours.

Lydia E. Pinkham, whose benevolent face is shadowed in almost every paper we pick up, appears to have discovered what Addison calls "The grand elixir, to support the spirits of human nature." It is quite evident that she has the patent and has secured the contract for making over and improving the invalid corps of American Womanhood.—*Globe.*

The Secret

of the universal success of Brown's Iron Bitters is simply this: It is the best Iron preparation ever made; is compounded on thoroughly scientific, chemical and medicinal principles, and does just what is claimed for it—no more and no less.

By thorough and rapid assimilation with the blood, it reaches every part of the system, healing, purifying and strengthening. Commencing at the foundation it builds up and restores lost health—in no other way can lasting benefit be obtained.

[illegible] Dearborn Ave., Chicago, Nov. 8.
I have been a great sufferer from a very weak stomach, heartburn, and dyspepsia in its worst form. Nearly everything I ate gave me distress, and I could eat but little. I have tried several remedies recommended, have taken the prescriptions of a dozen physicians, but got no relief until I took Brown's Iron Bitters. I feel made of the old machine, and am a new man. I am getting much stronger, and feel first-rate. I am a railroad engineer, and now make my trips regularly. I cannot say too much in praise of your wonderful medicine. D. C. Mack.

Brown's Iron Bitters does not contain whiskey or alcohol, and will not blacken the teeth, or cause headache and constipation. It will cure dyspepsia, indigestion, heartburn, sleeplessness, dizziness, nervous debility, weakness, &c.

Use only Brown's Iron Bitters made by Brown Chemical Co., Baltimore. Crossed red lines and trade-mark on wrapper.

EARS FOR THE MILLION!

Use Chon's Balsam of Shark's Oil

Positively Restores the Hearing, and is the Only Absolute Cure for Deafness Known.

This Oil is abstracted from peculiar species of small WHITE SHARK, caught in the Yellow Sea, known as CARCHARODON ROONDELETII. Every Chinese fisherman knows it. Its virtues as a restorative of hearing were discovered by a Buddhist Priest about the year 1610. Its cures were so numerous and many so seemingly miraculous, that the remedy was officially proclaimed over the entire Empire. Its use became so universal that for *over 250 years no Mandarin has retired among the Chinese people*. Sent, charges prepaid, to any address on $1.00 per bottle.

Hear What the Deaf Say.

It has performed a miracle in my case
I have not noisy noises in my head and hear much better
I have been greatly benefited.
My deafness helped a great deal—think another bottle will cure me.

Its virtues are UNQUESTIONABLE and its curative character ABSOLUTE, as the writer can personally testify, both from experience and observation. Write at once to HAYLOCK & JENNEY, 7 Dey Street, New York, enclosing $1.00, and you will receive by return a remedy that will enable you to hear like any body else, and whose curative effects will be permanent. You will never regret doing so.—Bureau of Mercantile Review.

☞ To avoid loss in the Mails, please send money by Registered Letter.

Only Imported by HAYLOCK & JENNEY (Late HAYLOCK & Co.)

LOCAL NEWS

The Water Board will meet to-night.

Col. J. J. Cladek has had his house, shop and barn neatly painted.

F Company will have a street parade Thursday (to-morrow) evening.

The row of six tenement houses on Newton street, belonging to Miss Hattie Oliver, are undergoing extensive repairs.

Miss Mollie L., daughter of Mayor High, started on Friday last for Smyrna, Del., where for some time she will be the guest of Miss Edie Bell, a schoolmate.

Rev. G. W. Pendleton, of this city, will preach next Sunday in the Baptist Church at Penn's Neck, near Princeton. Last Sunday he officiated at Hamilton Square, near Trenton.

There will be a commissioners' sale of house and lot on Lafayette street belonging to estate of the late Jemima Sims, at Chamberlain's Hotel at 2 o'clock this (Wednesday) afternoon.

Mr. H. C. McIlvaine, Principal of Washington School, and Mr. James Jones, Principal of Columbian school, started on Monday morning for Vermont, where they propose spending most of their time during vacation.

By an error we last Saturday stated that "Fred" Flake was one of a party of four who went down the river and received an involuntary bath from the upsetting of the boat. The name should have been Henry Flake.

Edward Urban has built in the rear of his cigar store on Main street an ice cream saloon, 20x30 feet, in which he has placed a "Sonora" piano, for the use of parties who desire to enjoy themselves musically.

Mr. Isaac S. Miller, the uptown grocer, has recently purchased a horse and had a neat new grocery wagon built. On Saturday he had a picture of the outfit taken in front of his new barn on Union street near Factory street.

The sixth annual excursion of Orient Council, No. 46, Junior Order American Mechanics, up the Hudson to Oriental Park, is announced for Wednesday, Aug. 9th, to leave Elizabethport at 9 a. m. Tickets 50 cents to be had at Wilson & McGrath's billiard parlor.

The case of Frank T. Cladek against James H. Dunlap in "trover and conversion" was tried before Justice J. O. Tunison and a jury on Saturday last, when the jury rendered a verdict of "no cause for action." Garret Berry Esq., was counsel for Cladek and G. R. Lindsay Esq., for Dunlap.

A band of "Gypsies" are encamped near the "Six Roods" and the women of the party are to be seen going from house to house, selling baskets, telling fortunes, and finding out everything possible about the inmates of different houses, the latter we presume to be used to make up a sort of "intelligence office" for the tribe.

Captain Grove, of F Company, says a great many tickets are being sold for the grand military excursion of the "Garfield Legion," Third Regiment, which is to take place Wednesday, July 19th. Any of our citizens who desire to do so can procure tickets from members of F Company or at the store of Grove & White.

Captain James H. Putnam, who gave up the business of "carriage silversmithing" to go to the late war, has resumed that business and located his shop at Hill's carriage factory, on Irving street. Mr. Putnam says the business has been "dead" for some years, owing to the change of fashions, but is now again on the boom.

Some scamps recently caught a kitten about four or five weeks old, near the bridge on Irving street, and poured turpentine over it, causing it to suffer terribly. Wm. Bridges finally caught it, and by a thorough washing relieved the pain to a great extent. Such cruelty is worthy of severe punishment, and the guilty persons if they can be apprehended should be made to suffer.

Mr. Samuel Kinney, the father of the colored boy who was drowned on Monday, seems to have been very unfortunate lately. Only a few days accordingly his wife died, leaving an only child, the boy who was drowned. The boy was intelligent, fairly educated, and well liked by our people generally. For some time he had carried papers for Mr. Page, and will be much missed on his route by customers, who commend the lad for promptness, &c.

The movement to close the dry goods stores in this city at eight o'clock during the months of July and August has failed, owing to one or two of our merchants refusing to consent to such a course. This is greatly to be regretted, and we cannot believe that any of our merchants would have suffered in their business for giving to their clerks and employees this so much needed respite from their duties during these summer months.

Mr. A. E. Brown, who resides near this city, was, in company with another gentleman, driving down Milton avenue to and Main street, on Saturday, when the horse he was driving became frightened at a bicycle. The horse (which is a six year old) plunged several times, crossed the railroad at a lively gait, breaking the girth so that the shafts were striking him at every step. Mr. Brown jumped from the wagon, caught the horse by the head and stopped him before further damage was done.

A large number of persons and a number of large persons, almost blocked Cherry street in the neighborhood of the Post Office on Saturday night to witness the balloon ascension announced to take place at Grove & White's. Promptly at the time appointed the balloon, some 30 feet in circumference, was started skyward. It took a course in the direction of Elizabeth, and reached quite an altitude and was watched by many for a long time. Attached to the balloon were four small flags, inscribed with "set off by Grove & White, 12 and 14 Cherry street, Rahway, N. J., July 8th 1882."

Mr. Wm R Mellck has placed in his saloon window a neat aquarium, containing gold fish, a variety of fresh water fish, turtles, &c. Numbers of people stop to look at it, and in general speak of the excellent taste displayed in arranging the mosses, grasses, &c.

In addition to the aquarium, there has been added by Mr Warren Martin a miniature "Central Park," with the notices posted directing to the "Cave," the "Bridge of Size" (sighs), and other points of interest. It is certainly very ingeniously arranged, and admired by every one who sees it.

DROWNED.—John Smith Kinney, aged 15 years and 8 months, son of Samuel Kinney, a respectable colored man who resides on Bond street this city, went in swimming on Monday afternoon about two o'clock in company with Larry Schuler, John Coffee, a boy named O'Keefe and another boy whose name we could not ascertain. The Schuler boy, who is 18 years old began to "duck" Kinney (who could not swim), and finally got him out where the water was too deep for him, and finding the boy was strangling young Schuler, becoming frightened, ran away and left the boy struggling in the water; Johnny Coffee, seeing that the boy was drowning, went to the rescue but being only about 10 years old was unable to pull him toward shore, and was obliged to give up. The boys then gave an alarm which was heard by Captain Burton and Thomas Bunch who were loading a boat at Bricktown dock about 1,500 feet distant. (The drowning happening in front of the "Turner Homestead" near the bend in the river). These two men went to the spot immediately, but no sign of where the lad had gone down was visible. They procured a grapple iron, and a pair of oyster tongs with which they worked till after six o'clock but without success. Mr. Kinney, who had been working on St. Georges avenue when the boy was drowned, together with John Price and Chris Aaron secured a large net and set to work dragging the river, but without success for some time, finally additional weight was placed on the lead line of the net and at about 8:15 they succeeded in bringing the body to shore. Chief Tooker telegraphed to the County Physician at once, and there being no Coroner in this section of the County, Justice of the Peace David J. Bunn, who was on the ground when the body was recovered, after legally viewing the corpse gave verbal permission to the friends of Kinney to remove the body to Mr. Kinney's home. Justice of the Peace J. O. Tunison also gave a permit in writing to remove the body. Mayor High finding that the County Physician had not arrived in this city yesterday morning directed Justice Tunison to issue a warrant for the arrest of Schuler. Chief Tooker and Constable Donald McVicar were given the warrant at 12:35 p.m. and at 4 o'clock brought the prisoner to the Police Station. Dr. Victor Mravlag, acting County Physician, in response to the despatch sent by Chief Tooker came to Rahway at 3:30 yesterday (Tuesday) afternoon and issued an order to Henry J. Stratemeyer Jr., County Coroner, to proceed with an inquest in the city of Rahway at 7:30 a. m. Wednesday July 12.

CORONER'S INQUEST.

Coroner Henry J. Stratemeyer, Jr., of Elizabeth, issued a venire for a jury in the case, and placed the same in the hands of Constable Donald McVicker, who summoned the following gentlemen to appear at 10 o'clock a. m. to-day (Wednesday): John A. Mallon, foreman; Franklin L. Schoppenhan, Stewart L. Shann, James E. Tier, David T. Romayne, Frank Cooper, Samuel W. Luke, Eden Laing, Abram Doyo, Joseph Codrington, Samuel A. Squier, and John Hughes. The Coroner met a number of the jury on the premises, and then a similar order to other jurors, after which he read the precept of time directed by Dr. Victor Mravlag, acting County Physician, to make an inquest into the cause of death of John Smith Kinney, and to fix responsibility of his death on the person or persons who may have caused same, if any; and the coroner directed the jury in his charge to make a thorough, careful examination, and render a verdict in accordance with the facts produced. After which the jury viewed the body, and the Coroner gave a certificate for burial to Mr. D. K. Ryno, the undertaker, and adjourned the inquest till to-morrow (Thursday) morning at 10 o'clock. The post-mortem examination was made this morning by Dr. Victor Mravlag and Dr. R. Braun, the result of which will be made known to the jury to-morrow morning.

CHALLENGE.—I hereby challenge any man to row me a race any time or any place for a sum of $25, or more.

Capt. HENRY DECKER.

The above is posted up at Grove & White's store. Mr. Hanlan must look out for his laurels.

Walter M. Gage, formerly engineer at the Water Works, is now with the Edison Light Company in New York, putting up new engines, and is much pleased with the change.

Mr. Charles Belloss, the well-known barber and amongst the best friends of musicians in this city, has been compelled to leave his business temporarily, owing to chronic neuralgia of a very severe type. He has gone to visit a brother, a physician at New Haven, and the change of air and treatment will, it is hoped, give him permanent relief.

On Saturday evening last, as Mrs. John Woodruff was crossing Grand street, she was startled by her little girl (who had followed her unperceived) screaming. Turning quickly, she saw the child lying on the ground under the feet of a horse driven by Mr. Fred Ward who did not see the child till the horse struck her. The little one lay perfectly still till the carriage had passed over her, when she jumped up and ran to her mother, having received no injury whatever.

Two boat-loads of fishers went down the river yesterday to gather in some of the finny tribe. The first boat contained Messrs. J. T. Oakley, Joseph Smith, the druggist, and Mr. Young, a Western gentleman. This boat-load only succeeded in capturing 6 fish. Of these the "boss fisherman" only hooked two, while his promising pupil, Smith, captured three. The fun was at the expense of Mr. O. upon their arrival in this city. Boat-load No. 2 consisted of Messrs. Orville Campbell and Dr. Cladek, and brought home 19 fish.

The following dispatch was recently received by the secretary of the "San Juan and New Jersey Mining and Discovery Company," of which Hon. B. A. Vail is president, Hon. F. W. Jacobs vice-prest., and John Weaver secretary. The dispatch is dated Ouray, Col., July 8th, 1882. "Can ship ore from 'Chris Marsh' mine. One foot solid mineral. J. A. DRUMMOND."

The mineral referred to is principally galena, carrying silver, the mine being one of forty-one claims of the company in the famous "Silver San Juan" district of Colorado.

The case of Abram Brown, the colored man at Milton, is, as stated in the ADVOCATE of the 8th, one needing prompt attention. We learn that Drs. Daly and Cladek, the City Physicians, after they had made the necessary amputation, requested George W. Lawrence, Overseer of the Poor, to move the man to the almshouse, where he would receive proper care, but that Mr. LAWRENCE refused to do as requested, saying that Brown was formerly a slave in or near Hackensack, N. J., and should be sent there for care and treatment. But he said if the man would apply to him for assistance, he would have him make the necessary affidavit before a justice of the peace, and then he would send him to Hackensack. Now, is there no higher authority in this matter? Here is a human being—whose life, as the city physicians say, is endangered by this delay—one who is a voter in this city, and has lived here some years, and now when he is suffering from a gangrenous limb, needing strict care and attention, the very person who should be zealous in having him well taken care of refuses to have anything to do with the case. Such an action by a city officer will certainly meet with the just condemnation of an indignant public.

BURGLARY.—Sunday night last some person or persons broke the strip off and turned the bar that fastened the cellar doors at the residence of Walton F. Munger Esq. on Fulton street near Hazlewood avenue and succeeded in entering. They took all the eatables, milk, etc. that were stored there, but did not get much else as far as is known. During their stay they burned matches to afford light, as a great many partly burned were found on the cellar floor. The door at the head of the cellar stairs was securely fastened which probably prevented further depredations by the thieves.

STRIKE.—The men employed wheeling gravel, &c., off of the scows used by the contractor who is deepening the channel of the Rahway river, struck on Monday for an advance in wages; asking 20 cents an hour when they had before that time been paid 16 cents per hour. The contractor has not yet decided to pay the advance asked for, and the men have refused to resume work. The strikers number 15 or 20. We have learned since the above was written that the contractor this morning brought out from New York some fifteen men to take the place of the strikers.

A DISHONEST JANITOR.—The State National Bank at Elizabeth for some time has found the accounts of its clerks short nearly every day, and has discharged some. But when new ones were employed about the same state of things existed. Finally yesterday one of the clerks heard what he supposed to be mice in the cash drawer and opened it but failed to find any cause for the noise. Again he heard the noise and made a careful examination, when he found a weight ingeniously arranged with wax on it so that it was operated with a string from the basement, the weight being allowed to drop on the bills in the drawer and then the string pulled tightly so that the weight did not interfere with the opening of the drawer, and when the janitor swept out the office he would take the bill off of the weight and thus be ready for another haul. The amount stolen in this way is estimated at about $3,000.

FIELD DAY OF THE SEMINOLE ARCHERY CLUB.—The Seminole Archery Club of this city, had a "field day" at its grounds on Milton Avenue, adjoining the residence of D. B. Dunham, Esq., on Saturday, and carried out the programme published in in the ADVOCATE last Wednesday in a pleasing manner. A large number of persons who had been favored with invitations were present and were highly delighted with the entertainment throughout. The prizes were warmly but good naturedly contested for. Amongst others in the large number of spectators we noticed Rev. J. J. Pomeroy, Rev. Levi W. Norton, Assemblyman Sheldon, Hon. Joseph T. Crowell, Judge L. S. Hyer, Mr. Orville Campbell, Treasurer Langstaff, Mr. Chas. E. Pratt, Drs. J. J. Daly and C. B. Holmes. The club had provided in a tent at the left of their grounds refreshments for themselves and guests. The following are the scores of the successful competitors as announced by Capt. Freeman Teed.

For Ladies' Prizes.—Miss Iva Crowell, first prize, 170; Miss Maggie Deuike, second prize, 155; Miss Jennie Crowell, third prize, 150.

For Gentlemen's Prizes.—Mr. Joseph Pratt, first prize, 315; Mr. Leanor Lowe, second prize, 55 hits; Mr. William H. Peterson, third prize, 234.

Each member of the club wore a neat green ribbon with the monogram S. A. C., worked in gold upon it.

The presentation speeches were made by Garret Berry Esq. who in addressing the club and guests said, Ladies and gentlemen of the Seminole Archery club and ladies and gentlemen generally.—About fifteen minutes ago I was requested by the President of the club to make the presentations to the successful competitors, which duty I cheerfully consented to perform. That I am carrying out this part of your programme is due doubtless to the nervous condition of the President. It is with great pleasure that I present to the successful competitors the prizes won by their skill. The ladies prizes being first to award—as the ladies should always be first in everything—Miss Ida Crowell, I am very much pleased indeed to present to you who have made the highest score for the ladies prizes, this beautiful gold badge, the winning of which by you is no "surprise," and as you have to win it three consecutive times to be its permanent owner, I sincerely hope that you may win it the next time [illegible] the next; and Miss Maggie Deuike, I also afford me much pleasure to present to you this handsome yew bow, you having made the second best score. I hope you will practice with it so that at the next contest for the badge it may afford you excellent service in the struggle; and Miss Jennie Crowell, you being the winner of the third prize, it is with pleasure I present you these brilliant feathers and St. Paul. It consists in Union imports in all the principal lines of road between the Atlantic and the Pacific Oceans. Its equipment is unrivaled and magnificent, being composed of Most Comfortable and Beautiful Day Coaches, Elegant Reclining Chair Cars, the Famous Pullman's Perfect Palace Sleeping Cars, and the Best Line of Dining Cars in the World. Three Trains between Chicago and Kansas City. Two Trains between Chicago and Minneapolis and St. Paul, via the Famous

"ALBERT LEA ROUTE."

CHICAGO.

RESCUED FROM DEATH.

The following statement of William J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our readers. He says: "In the fall of 1876 I was taken with a violent bleeding of the lungs followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time a report went around t. it I was dead. I gave up hope, but a friend told me of Dr. Wm. Hall's Balsam for the lungs. I laughed at my friends, thinking that my case was incurable, but I got a bottle to satisfy them, when to my surprise and gratification, I commenced to feel better. My hope, once dead, began to revive, and to-day I feel in better spirits than I have the past three years.

"I write this hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take Dr. Wm. Hall's Balsam for the lungs, can be convinced that consumption can be cured. I have taken two bottles and can positively say that it has done more good than all the other medicines I have taken since my sickness. My cough has almost entirely disappeared and I shall soon be able to go to work." Sold by druggists.

Linen Collars and Cuffs, white and colored Shirts, Suspenders, plain and fancy Hosiery, Umbrellas, &c., at Lambertti's.

Neckties, Silk, Satin, Lace and White Goods for Summer wear, at Lambertti's.

WANTED, 50 pairs of common pigeons at Gilby's Fulton Fish Market, No. 17 Cherry street.

TIMMONS' Ice Cream Garden is now open for the season.

CHOICE cabbage, celery, and tomato plants for sale by Wm. Gibby, Upper Rahway.

The genuine O'Leary shoes at Turner's.

Large stock of Ladies', Misses and children's slippers at Turner's.

Great bargains in boots and shoes of all kinds at Turner's.

The leading book of the year for popularity is likely to be Miss Colbrath's *What to Get for Breakfast*, so admirably does it solve the household's daily perplexing problem.

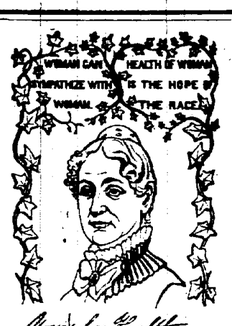
DEATHS.

DRAKE.—At New Brunswick, Friday, June 30th, Lulu May, daughter of T. Augustus and Mattie A. Drake, aged 3 months and 5 days.

MCGEE.—At the residence of her son-in-law, Mr. Keesling, in Clark township, on Saturday, July 8th, Mrs. Helen McGee, aged 74 years.

KINNEY.—Drowned, in this city, Monday, July 10th, John Smith Kinney, aged 15 years and 8 months.

Funeral this (Wednesday) afternoon, at 2 o'clock, from the residence of his father, on Bond street, between Grand street and Scott avenue.



Yours for Health
Lydia E. Pinkham

LYDIA E. PINKHAM'S
VEGETABLE COMPOUND.

A Sure Cure for all FEMALE WEAKNESSES, including Leucorrhœa, Irregular and Painful Menstruation, Inflammation and Ulceration of the Womb, Flooding, PROLAPSUS UTERI, &c.

☞ Pleasant to the taste, efficacious and immediate in its effect. It is a great help in pregnancy, and relieves pain during labor and at any time pertaining.

PHYSICIANS USE IT AND PRESCRIBE IT FREELY.

☞ For all WEAKNESSES of the generative organs of either sex, it is second to no remedy that has ever been before the public; and for all the ills of the KIDNEYS it is the *Greatest Remedy in the World.*

☞ KIDNEY COMPLAINTS of Either Sex Find Great Relief in Its Use.

LYDIA E. PINKHAM'S BLOOD PURIFIER will eradicate every vestige of Humor from the blood, at the same time will give tone and strength to the system. As marvellous in results as the Compound.

☞ Both the Compound and Blood Purifier are prepared at 233 and 235 Western Avenue, Lynn, Mass. Price of either, $1. Six bottles for $5. The Compound is sent by mail in the form of pills, or lozenges, on receipt of price, $1 per box for either. Mrs. Pinkham freely answers all letters of inquiry. Enclose 3 cent stamp. Send for pamphlet. *Mention this Paper.*

☞ LYDIA E. PINKHAM'S LIVER PILLS cure Constipation, Biliousness and Torpidity of the Liver. 25 cents.

☞ Sold by all Druggists. ☜

EDWARD L. DOBBINS, Secretary.

Paid Policy-Holders since Organization in 1845:

Policy Claims	$33,922,235 81
Dividends	28,054,510 07
Surrendered Policies	9,206,146 04
Total	$71,183,051 92

The Receipts for Interest have been $14,855,915 21 more than enough to pay all expenses and taxes.

Assets, Market Value	$35,804,406 23
Liabilities, New York Standard	30,646,209 46
Surplus	$5,158,196 77

Why run the risk of forfeiture? or why trust to the uncertainties of the assessment plan? when you can get ABSOLUTELY NON-FORFEITABLE INSURANCE at the LOWEST NET COST in THE MUTUAL BENEFIT LIFE INSURANCE COMPANY, of Newark, New Jersey.

A party insuring at age 35 on the annual life plan, can have:

OVER 4 YEARS' insurance for 2 YEARS' premiums.
OVER 10 YEARS' insurance for 5 YEARS' premiums.
Over 20 YEARS' insurance for 10 YEARS' premiums.

Are you insured? If not, look upon the picture of a family brought up in comfort, should her husband and father be dead, and left them face to face with poverty and want; and then look upon that other picture, where the husband and father has just stricken down in the prime of his manhood, and left a family of destitute ones to battle with the cold world, with only a small portion of his income, and left a policy for $5,000 or $10,000. Which is the brighter picture, and which was the nobler man? *Are you insured?* Who can say no, and not feel that one of the greatest duties of life has been left undone?

JOHN D. HOFF, District Agent, Rahway, N. J.

DR. HARTER'S IRON TONIC
A concentration of Protoxide of Iron, Peruvian Bark and Phosphorus in a palatable form. The only preparation of iron that will not blacken the teeth, so characteristic of other iron preparations.
GENTLEMEN: I have used DR. HARTER'S IRON TONIC in my practice, and in an experience of twenty-five years in medicine, have never found anything to give the results that DR. HARTER'S IRON TONIC does. In many cases of Nervous Prostration, Female Diseases, Dyspepsia, and an impoverished condition of the blood, this peerless remedy has in my hands, made some wonderful cures. Cases that have baffled some of our most eminent physicians, have yielded to this great and incomparable remedy. I prescribe it in preference to any iron preparation made. In fact, such compound as DR. HARTER'S IRON TONIC is a necessity in my practice. DR. ROBERT MCMILLEN.
ST. LOUIS, MO., NOV. 28TH, 1881. 916 Wash Avenue.
It gives color to the blood, natural health and tone to the digestive organs and nervous system, making it applicable to General Debility, Loss of Appetite, Prostration of Vital Powers and Impotence.
IRON TONIC.

COMMISSIONERS' SALE.

In the matter of division of lands upon the application of Jane L. Frazee.

By virtue of an order made in the above matter by Thomas F. McCormick, Esquire, Presiding Judge of the Court of Common Pleas of Union County, to us directed, we shall expose for sale at public vendue, at Chamberlin's Hotel, in the City of Rahway, New Jersey, on

WEDNESDAY, THE TWELFTH DAY OF JULY, A. D. 1882,

at the hour of two o'clock in the afternoon of said day, the following described tract of land, situate in the City of Rahway, in the County of Union and State of New Jersey:

Beginning at the northeast corner of Essex and Lafayette streets; thence running easterly along the line of Lafayette street forty feet six inches, more or less, to lot No. 159; thence northerly along the line of said lot No. 159 ninety-seven feet, more or less, to lot No. 90; thence westerly along the line of lot No. 90 forty feet six inches more or less, to Essex street; thence along the line of said street southerly ninety seven feet, more or less, to the corner of Lafayette street, the place of beginning.

Being the same premises laid down and designated on a map made by F. W. Brinley of the Shotwell property, as lot No. 160, and is also the same which were conveyed to Jemima Sym by George F. Webb and wife, by deed dated April 1st, 1859, and recorded in the office of the Clerk of Union County, in Book 8 of Deeds for said County, at page 471.

JOHN C. CODDINGTON,
JAMES VANDERHOVEN,
NATHAN V. COMPTON,
Commissioners.

Dated May 3d, 1882.

DR. BUTTS DISPENSARY.

Established 1847 at 13 N. 9th Street, ST. LOUIS, MO.

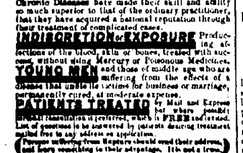
THE Physicians in charge of this old and well known institution are *regular graduates in medicine* and surgery. Years of Experience in the treatment of Chronic Diseases have made their skill and ability so much superior to that of the ordinary practitioner, that they have acquired a national reputation through their treatment of complicated cases.

INDISCRETION or EXPOSURE Producing affections of the blood, skin or bones, treated with success, without using Mercury or Poisonous Medicines.

YOUNG MEN and those of middle age who are suffering from the effects of a disease that unfits the victims for business or marriage, permanently cured, at moderate expense.

PATIENTS TREATED by Mail and Express everywhere. Medicines sent secure from observation. Consultation is preferred, which is FREE and sacred. List of questions to be answered by patients desiring treatment mailed free to any address on application.

Persons suffering from Rupture should send their address, and learn something to their advantage. It's not a truss. Common sense applied to nature, and should be addressed DR. BUTTS, 13 North 9th St., St. Louis, Mo.



is a entirely New and positively effective Remedy for the speedy and permanent cure of Seminal Weakness or Impotency, in the only way possible, viz., by local application to the parts directly involved. Its action is immediate, and full strength and development are given at once. It is the discovery of a noted French physician, and is the only remedy ever offered to the American people that will do what is claimed for it without the use of internal medicine. Pamphlet with full particulars sent free. Price $1 per box, or six boxes for $5. Sold by druggists, or sent by mail on receipt of price. Address HARRIS REMEDY CO., SOLE CHEMISTS, Sheldon and 5th Streets, ST. LOUIS, MO.

Dyspepsia Dyspepsia

CURED! CURED!

Apepsia! Apepsia!

The great scientific preparation will positively cure old chronic cases of Dyspepsia, Dyspeptic Fits, Dyspeptic Vertigo, where every known medicine has failed to give relief. I refer to a few of the cases pronounced incurable that have been cured with

APEPSIA!

H. A. Clark, firm Clark Bros. & Co., Philadelphia, was given up by our most eminent physicians, and was cured with only three bottles of Apepsia. Been well over one year.

Miss Kate Hoffman, 829 Randolph st., Phila., was a case of Dyspeptic Consumption, given up to die by our best physicians, but was cured with Apepsia.

Matthew Robinson, 306 N. 21st street, Philada. This was a very dangerous case of Dyspeptic Vertigo of long standing, but cured with two bottles of Apepsia.

Dr. Samuel W. Adams, of New York city, writes me his wife has been cured with Apepsia, one of the worst cases in the known world.

Dr. Adams is now using Apepsia in his practice without a failure in a single case. The second dose gives perfect relief, from two to three bottles cure the worst cases in existence.

POND'S EXTRACT

THE WONDER OF HEALING!

Catarrh. The Extract is the only specific for this disease, Cold in Head, &c. Our "Catarrh Cure," specially prepared to meet serious cases, contains all the curative properties of the Extract; our Nasal Syringe invaluable for use in catarrhal affections, is simple and inexpensive.

Rheumatism, Neuralgia. Another preparation has cured so many cases of these distressing complaints as the Extract.

Hemorrhages. Bleeding from the Lungs, Stomach, Nose, or from any causes, is speedily controlled and stopped.

Diphtheria & Sore Throat. Use the Extract promptly. It is a sure cure. Delay is dangerous.

For Piles, Blind, Bleeding or Itching, it is the greatest known remedy.

For Ulcers, Old Sores or Open Wounds of a tedious character, its use will prove most satisfactory.

Caution.—POND'S EXTRACT has been imitated. The genuine has the words "POND'S EXTRACT" blown in the glass, and our picture trade-mark on surrounding buff wrapper. None other is genuine. Always insist on having POND'S EXTRACT. Take no other preparation.

It is never sold in bulk or by measure.

L. BORGMEYER

142 MAIN STREET,

Dealer in Books, Jewelry, Paper Hangings, Window Shades, Pocket Cutlery and Fancy Goods.

The subscriber thanks his customers and the public in general for their past patronage at his old stand, and solicits a continuance of their favors at his new establishment, No. 142 Main street. The public will find at all times at my store a large stock of goods in every department. I have the largest assortment of the prose and poetical works of standard authors to be found in the city, as well as most of the text books employed in the public schools; and anything not in stock can be furnished to order at the shortest notice. Prayer books and Bibles, both Catholic and Protestant, a specialty.

In paper hangings I can show the productions of the leading manufacturers of the country, from the lowest priced to the most expensive goods; and in window shades I have a like variety.

Of jewelry I keep constantly in stock watch chains, finger rings, lockets, ladies' bracelets, breast pins, gold pens, spectacles and eye glasses.

Of fancy stationery I have a very large stock, in paper, satin, morocco and leather boxes, which I can sell at prices ranging from 10 cents to $2.50.

A large variety of picture frames in kept constantly on hand, in gilt, black walnut, and velvet.

Of fancy goods my assortment is very large, and it includes statuettes, china cups and saucers, study lamps, brackets and wall pockets, vases, fans, table and pocket inkstands, hair brushes, pocket cutlery and scissors, autograph and photograph albums, and other articles too numerous to mention.

Do not forget the number—142 Main street Please give me a call and examine my goods.

AN OPEN LETTER.

SOME OUTSPOKEN STATEMENTS OF GREAT VALUE FROM PARTIES OF THE HIGHEST STANDING.

When the people of America become so thoroughly aroused, and on a subject of such serious importance as the preservation of their lives and health, it is but natural that the ones who have been largely instrumental in the origin of this movement should speak frankly and directly to the people most interested. It is for this reason that we thus come before the public and make the following revelations.

Every careful observer who has sought to keep pace with the march of events has noted the alarming increase of certain peculiar physical troubles within the past two years. These troubles have come at unexpected moments, and in a most treacherous way. They have manifested themselves in innumerable forms, but they have always had the same cause. They have not afflicted the minor parts of the body, but have gone direct to the strong holds of the system, and their work has usually been as prompt as it is fatal. Their treacherous and deceptive nature has often prevented a careful analysis of what causes them, and as a result, intense suffering and final disaster have usually ensued. The real cause, however, has been a derangement of the kidneys, and all of these troubles are, in fact, the first symptoms of the terrible Bright's disease, which has cast its dark shadow over so many homes in the land, and is increasing wonderfully and continually. It is now conceded by the ablest physicians in every land and by eminent scientists the world over, that this disease is the result of blood poisoning. This poisoning is brought about by wasted and unhealthy kidneys that permit the poison to remain in the blood, instead of throwing it from the system. But it is equally evident to all who have studied into the effects and have become conversant with the facts, that a disordered state of the kidneys and liver produces most of the common complaints and pains which afflict the human race, and they can be traced to this source just as certainly as can Bright's disease. To purify a stream we must go to its source, and to cure a disease we must *remove the cause*. It being true, therefore, that nine-tenths of all human ailments are caused by diseased kidneys or liver, the only certain way to cure these troubles is by treating the organs which cause them. How intimately the kidneys are associated with the entire system may be understood from the fact that over 1,000 ounces of blood pass through them every hour, being more than 200 gallons, or nearly one ton in the course of twenty-four hours. This vast mass of living fluid is sent to every part of the body, and if the kidneys are diseased the impurities that are in the blood are not removed, and hence pass through the veins, carrying disease in some one of its many terrible forms. The horrors which accompany most of these diseases caused by disordered kidneys and liver cannot be described, while the dangers surrounding them are even greater than the agony. And yet a person may be troubled for months without knowing the cause of the diseases that have attacked him. Some of the symptoms of the first stages, any one of which indicates disordered kidneys or liver are these: Pains in the back and around the loins, severe headaches, dizziness, inflamed eyes, a coated tongue, and a dry mouth. Loss of appetite, chilly sensations, indigestion (the stomach never is in order when the kidneys or liver are deranged), a dryness of the skin, nervousness, night sweats, muscular debility, despondency, a tired feeling especially at night, puffing or bloating under the eyes, etc. If any of the following things are noticed about the fluids passed from the system, it shows that the kidneys and liver are out of order. A red deposit, a scum upon the surface, an unnatural thickness or thinness, a very dark or very light color, a burning sensation in passing, an unusual odor, a retention, or a frequent desire to void and inability to do so.

The above are a few of the hundreds of symptoms which indicate the beginning of aggravated cases of kidney or liver difficulties, and they require instant attention. If these symptoms are not checked at once, they are almost certain to result in some one of the many terrible diseases of the kidneys. But unpleasant as all the symptoms and even these diseases may be, they are as nothing compared to the last stages of the complaints. The kidneys waste away by degrees, accompanied by intense pains; the heart becomes uncontrollable; the lungs are oppressed; the eyeballs grow glassy, and the entire system is reduced and debilitated. For weeks before death comes the sufferer looks forward to it as a blessed relief, and anything that can furnish even temporary help is gladly hailed. Then it is that bloating begins; the face becomes puffy and pallid; the breath can only be caught in gasps, speech is impossible and muscular action suspended. The patient finally sinks into a state of unconsciousness to everything except the pains which are racking him, and death comes by certain but slow degrees. There can be but one conclusion which all readers of care and judgment will draw from these facts, which is the necessity of treating the disease *in time*, and by that means which has been proven the best and most efficient.

It has been our privilege to treat more cases and effect more cures of this terrible complaint than has ever been known before in the history of the world. The wonderful sale which our remedies have attained is due wholly to the fact that they have cured the ones who have used them. The power and value of any remedy must rest wholly on a basis of worth, and here is just where our Safe Kidney and Liver Cure has found its wonderful power and success. But in this connection comes one important fact: It has always been true that articles of merit are subject to imitations. No one seeks to counterfeit the bills of a worthless bank. The productions of a cracked inventor or witless writer are never copied. It is just so with a leading remedy. If it possesses no merit it will not be subjected to imitations. If, however, it has power and value, imitations will spring up on every side. While it is a tribute to the value of this medicine that it has imitations, still, in justice to those who are suffering, we feel that all should be warned against them.

There is but one known remedy that has ever been able to cure serious kidney troubles or control these great organs when once deranged, and that remedy is Warner's Safe Kidney and Liver Cure. There are numerous nostrums on the market, claiming to be just as efficient, and some which even claim to be the same. The test of merit, however, is in what has been accomplished, and we therefore say unhesitatingly that for all diseases of the kidneys, liver, and urinary organs, Warner's Safe Kidney and Liver Cure stands alone, not only in point of excellence, but in the wonderful results it has achieved. In order to successfully avoid the purchase of spurious and injurious medicines, observe these facts:

Our remedy is put up in dark amber glass bottles, with the Safe (our trade mark) blown in the back. A private proprietary six cent internal revenue stamp is affixed to the neck and covers the top of the cork and is of a light brown color. In the middle thereof is a Safe in outline, and on it the picture of a negro gathering herbs. If this stamp is not found on every bottle of the Safe Kidney and Liver Cure, or if there is any evidence that it has been tampered with, and if a Safe is not blown on the back of the bottle, reject the bottle at once, and insist on having a genuine one.

We are led to publish the foregoing in order that the public may know and realize just where we stand. We have always sought to keep our personality from obtruding upon the public, knowing full well that the value of our remedy was the essential thing, but the unexampled use which has been made of this medicine, and the volumes of letters we are constantly receiving demand a personal statement from us. We are justly gratified at the confidence which has been shown us, and thankful for the myriads of cures our remedy has performed, and we pledge ourselves for the future as we have endeavored in the past, to furnish the best and only valuable remedy that can control and cure all the many and terrible troubles arising from disorders of these great organs.

Sincerely,
H. H. WARNER & CO.,
Rochester, N. Y.

FERNANDO WOOD'S STORY.—The late Fernando Wood used to tell a story of two men who roomed together coming in late one night quite "over the sea," and instead of each taking his separate bed they both got into the same one. "Hello, Jim!" said one, "there's a fellow got into my bed." "Why, that's queer," said Jim, "there's a fellow got into my bed, too." "Let's kick 'em out, Jim." "All right." A terrible struggle between them takes place, when Jim said: "Jack, I've kicked my man out." Jack from the door, replies: "No such luck for me, my man has kicked me out."

HAT FLIRTATION.—The latest craze is the hat flirtation. It is two utterly utter, too intensely intense. The following is the code: Wearing the hat squarely on the head, I love you madly; upping over the right ear my little brother has the measles; pulling it over the eyes, you must not recognize me; wearing it on the back of the head, ta, ta! taking it off and fru-fluing it the wrong way, my heart is busted; holding it out in the right hand, lend me a quarter; leaving it with your uncle, I have been to a church fair; throwing it at a policeman, I love your sister; using it as a fan, come and see my aunt; carrying a brick in it, my cruelty is killing me; kicking it up stairs, is the old man around; kicking it down stairs, where is your mother; kicking it across the street, I am engaged; hanging it on the right elbow, will call to night; hanging it on the left elbow, am badly left; putting it on the ground and sitting on it, farewell forever.—*Dodsworth Times.*

A NEW MANUFACTURING DISEASE.—It has been observed that the manufacture of bichromate of potash has a singular effect upon the nose, manifesting itself in a curious manner. A little hole is formed on the septum or partition of the nose dividing the nostrils, and increases gradually until the partition entirely disappears, with the exception of its lower part, so to a superficial observer there is nothing the matter with the nose, except a little outward depression. It is noticed that as soon as the partition is destroyed, the process appears to stop there, neither the lungs, air tubes, nor throat being in the least affected. Some workmen at the chrome factory in Russell, where the disease has been chiefly watched, have been employed for ten years and remained unaffected, while with others the hole in the nose begins to be formed after one month's work. But that the disease is something more than an individual peculiarity is evident from the fact that an inspection of all the hands proved that more than fifty per cent. of the men had diseased noses. The early symptoms are a slight tickling of the part affected, followed by bleeding, but no uncomfortable feelings, and, in fact, the destructive process is painless.

SNAKE STORY.—SUMMER STYLE.—The summer style of snake story for the country press this year is quite novel. The early with 40,000 reptiles in it will be entirely discarded, and the trick snake will be introduced. This reminds us of the fact that on Tuesday last an incident occurred at Rosita that the dailies overlooked.

Bill Nuckolls, a proprietor, fell down a prospect shaft, forty feet deep, right into a nest of black snakes. Most men would have died of fright, but Nuckolls was not that kind of a man. He tied several snakes together, and started them up the side of the shaft, tying a fresh snake on as fast as the rest went up. Pretty soon the dead snakes got over the edge and started down the hill. Nuckolls kept tying on more reptiles, until he had used up a couple of hundred, every snake in the shaft. By this time the crowd on the outside was strong enough to pull him out of the shaft, and he reached Mead's rancho safe and sound. The meanest part of the thing is that he had not the gratitude to disentangle the snakes, which when first seen were traveling over the country at half-fare excursion rates, in the direction of Kansas City. As long as harmony is preserved no trouble is likely to ensue, but in case of a dispute at a fork road, there is no telling what might happen.

We publish this more to let Kansas editors know of what is on the road than from any special desire to compete with Indiana editors on snake items. A paper to be quoted as an authority on matters of this kind will do better to stick to the truth than to attempt any upholstering and decorative business on the truth facts.

Patent applied for, and copyright of story filed with the Congressional Librarian at Washington.—*Denver Rello.*

A NEW JERSEY MASTODON.—The discovery of a mastodon skeleton near Princeton, N. J., adds to the evidence that some of those huge creatures must have survived until a period geologically quite recent. The bones were found by a farmer while digging a trench for draining a swamp meadow, and examined by Dr. Samuel Lockwood. The tusks were nearly eight feet long, but too much decayed to be preserved. The bones of the head, which were lying within two feet of the surface, were so soft as to be easily cut with a spade. They were nearly the color of a black vegetable mould of the meadow, and therefore almost indistinguishable. But a careful inspection showed that the front part of the head was greatly similar to that of the elephant of the present day, except that the forehead was abnormally high. By a close investigation of the skull, numerous air cells, some of them an inch in diameter, were found. The bone of the skull was of an immense thickness, but completely honeycombed with these air cells. These cells had become filled with the fibrous roots of plants which extended through the entire skull. After digging through the skull and coming to the lower part of the head, three or four more teeth, similar in shape, size, and weight to that already destroyed, were found. The teeth, unlike the tusks and bones, were in a remarkably good state of preservation. The exploration was continued until the entire body was laid bare. Beneath the bones was found a bed of sand, upon which the animal had probably laid down to die. The bones of the body, though greatly decomposed, were plainly distinguishable, and the position of the animal was ascertained. It was lying with its head to the north-east, and legs stretched out at length at right angles to the body, and its head inclined toward its chest.

The region about Freehold is believed by geologists to have been recently raised above the surface of the ocean.—*Scientific American.*

"How did you like my discourse last Sunday?" asked the parson. "To tell the truth," replied Fogg, "I was not altogether pleased with your premises; but I was delighted beyond measure at the conclusion." The parson would give something to know what Fogg meant.

MENNEN'S

—SURE—

CORN KILLER,

Is the only reliable remedy for the Speedy, permanent and painless cure of hard and soft

CORNS, BUNIONS AND WARTS; ALSO FOR THE REMOVAL OF ALL CALLOUSNESS FROM THE FEET.

This is not a new remedy, but it has been long and successfully used in the French and German armies.

It is easily applied, causes no pain, and requires no plaster or bandages. Price 25 cents.

Depot, D. F. COLES' Druggist,
133 Main Street, Rahway, N. J.

Where can also be found Mennen's Infallible Dyspepsia Tablets. 25 cents.

MENNEN'S CORN KILLER,
FOR SALE AT
BROWN'S DRUG STORE.

To the Citizens of Rahway!

NOTICE.

THE UNDERSIGNED
Wishes to inform the public that he
HAS REMOVED HIS BUSINESS
To the Store formerly occupied by Phillip Brown at
151 & 153 MAIN STREET,
Where he is prepared to carry on his old business of

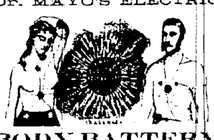
Plumbing, Steam & Gas Fitting.

SPECIAL.—I also wish to inform the citizens that I will take their Stoves down in the Spring, store them in a dry room, clean them, and put them up in the Fall, for the sum of $2. Special arrangements made where there is more than one Stove. Having made a study of furnaces and heaters for the last ten years, and having secured a good tinman, I am prepared to do the public justice in my line.

I am also prepared to repair Lawn Mowers and Machinery of all kinds.

Respectfully,
W. H. CLOKE.

Dr. MAYO'S ELECTRIC



BODY BATTERY

Endorsed by Electricians, Scientists & Physicians.

PRICE, $2.00.

It is a perfect generator of Electricity and Galvanism different from all other so-called Electrical appliances, as we are able to demonstrate. It is power. It will ring a bell, or operate a Kidder Battery. It is about the size of a silver dollar, and is applied to the naked nerve force of the body. It acts kindly and kindly, and will not prostrate any more than a gentle current of electricity that the natural vitality of the patient demands. It is applied directly to the affected parts, and it is adapted for the cure of both males and females. It will locate and cure Apoplexy, Paralysis, Softening of the Brain, Loss of Motor Nerve Power, Bleeding, Weakness, Sciatica, Gout, Kidney Diseases, Consumption, Heart Diseases, Dyspepsia, Stomach Cramps, Congestion of the Liver and Spleen, Female Weakness, Uterine Prolapsus and Inflammation, Spinal Sores of Scrofulous, Ovarian and other Tumors, Nervous Debility, Skin Diseases, Diseases of the Blood and most all Chronic Diseases, through its specific action upon the vital organs, nerve centres and circulatory system.

It cures in one week, by electricity, four times with Dr. Mayo's Electric Truss Battery.

Dr. Mayo's Body Battery, $2.00. Truss Batteries, $5.00, sent by Mail on receipt of price.

RENOVATE

—YOUR—

FEATHER BEDS!

Read This:

Extract from a Lecture on the existing Causes of Disease, by Dr. Alfred L. Castleman, delivered at Memphis.

"And we wonder that medical men, while investigating the causes of disease of the nineteenth century, in the midst of crowded rooms, and foul odors of unventilated sleeping apartments, have taken no steps to impress upon the minds of the deleterious causes emanating from the beds on which we sleep. I propose to examine this subject and begin with the feather beds. Examine your feathers when first taken from the bird. Though each end of which is loaded with grease, blood and other animal matter. This animal matter is dried on and is as much fastened to the feather as if it was a part of it. Though carefully washed with much care in this condition it can not be cleansed, and could they be kept in this way, which is impossible, they would decompose after a few years, are the receptacles of thousands of the cast off scales of perspiration, and a much animal matter as a single member could furnish in a life time, besides the particles of dust, dirt, and other disgusting matter that settle on the bed. Oh, what foul mass you would find if you could look into your feather bed after it had been used for years, and undergone the process of fermentation, but as this is impossible, I will not attempt a description, but leave each one to imagine for himself the disgusting mass that must exist in every feather bed. Recently having occasion to have a few feathers steamed, that were to be used in a bed, I was astonished at the amount of filth that was removed from them. Many of the feathers were actually decomposed, and the odor was disgusting. Many of the feathers were reduced in weight from one-third to one-half by the steaming, and the bed when returned to me was actually unfit for use. Many of the feathers were entirely destroyed by the steaming, and had to be thrown away. Now, if feathers are thus filthy, and unfit for use, what must be the condition of the bed after it has
