A Governor's Testimony.

Simmons Liver Regulator has been in use in my family for some time, and I am satisfied it is a valuable addition to the medical science.

J. Gill Shorter, Governor of Ala.

Hom. Alexander H. Stophens, of Ga., says: Have derived some bench from the use of Simmons Livet Regulator, and with to give it a further trial:

in the only Thing that never falls to Bellster. It has used many remedies for Dyspepsia, Liver Affection and Debility, but never have found anything to benefit me to the extent Simmons Liver Regulator has. I sent from Minnesota to Georgia for it, and would send further for such a medicine, and would advise all who are similarly affected to give it a trial as it seems the only thing that never fails to relieve.

P. M. JANNEY, Minneapolit, Minnepolite of the use of Simmons Liver Regulator in my practice I have been and an satisfied to use and prescribe is as a purposive medicine.

Malaria is an almost indescribable malady which not even the most talented physicians are able to fathom. Its cause is most frequently ascribed to local surroundings, and there is very little question, but this opinion is substantiated by facts. Malaria does not necessarily mean chills and fever while these troubles usually accompany it. It often affects the sufferer with general lassitude, accompanied by loss of appetite. sleeplessness, a tired feeling and a high fever, the person afflicted growing weaker and weaker, loses flesh day after day, until he becomes a mere skeleton, a shadow of his former self.

> Malaria once having laid its hold upon the human frame, the door of the system is thrown open to nervous diseases. The body weak and enfectled absorbs no mourishment, but substiting upon itself, the digestive organs no longer perform their functions; the liver becomes torpid, and other organs failing to do their routing work speedily become disordered, and dissolution and death are apt to ensue.

In addition to being a certain cure or malaria and chills and fever, Brown's Iron Bitters is highly recommended for all diseases requi ing a certain and efficient tonic; especially indigestion, dyspepsia, intermittent fevers, want of appetite, loss of strength, lack of energy, etc. Enriches the blood, strengthens the muscles, and gives new life to the nerves. Acts like a charm on the digestive organs. It is for sale by all respectable dealers in medicines, price, \$1 per bottle

A negro fishing in the Okio tied one and of the line to his leg, so that he might by no means lose his catch. The next day a road, bridges or cristian complaints over which this Roard of Familiars has an approvate a hundred and fifty pound negro tied to a hundred pound catche was cast up by the waters, and the coroner was called to ait on the case. DANA'S TRIBUTE TO GRANT .- Charles A. Dana, ex-Secretary of War, and editor of the New York Sun, who is a Litter enemy of Gen. Grant, pays the following tribute to one trait of his character: "Gen. Grant never swears. In all our acquaintance with him we never heard him utter a profane word. His example in this respect was as consistent as it was conspicuous. Most army officers will swear when they are excited. Gen. Scott used to swear. Gen. Sheridan will put in an path now and then to give emphasis to his ideas, and Gen. Sherman can make the earth urid with his cursing. Not so Gen. Grant.
