RAHWAY, N. J., MAY 20, 1885.

At Trenton labor and capital have again sensibly settled their differences by arbitration.

The question of damming the Delaware at Trenton to furnish water power, is being again agitated.

The tail, during its temporary severance from the body, will spend its summer vacation at Atlantic City. The presidential head has not yet made up its mind where it will seek recuperation.

COMMON COUNCIL.

A regular meeting of the Common Council was held last night, all the members being present. The following bonds were presented: Franklin Marsh, City Clerk; Antoine Lohmiller, Water Commissioner; Jeremiah O. Tunison, Police Justice; Edmund M. Brown, Receiver of Taxes; Raphael G. Harris, Constable. Referred to Finance Committee.

The following communication was read from the Mayor: "Believing that every means in our power should be employed to place our city in the best possible sanitary condition, I would respectfully recommend that your honorable body abolish the charges now made for tapping the sewers for drainage purposes. This will enable all to use the sewers and at the same time assist the Board of Health in enforcing the sanitary code."

Respectfully, Rahway N. J., May 19, 1885. Received and laid on table.

A communication was received from Washington Hose Co., stating that Thomas Grall and James Manning were dropped from the company rolls.

Communication from Protection Hose Co. stating that C. Gruner was elected a member, and that J. Fetter and W. Heath were dropped from the roll.

Communication from Protection Hose company stating that Fred O. Barber was elected a member and that A. F. Lutbery had resigned.

Communication from Independent H. & L. Co. stating that at a meeting held April 6th Wm. Wilson was elected fire warden and that at a meeting May 4th the following names were dropped from the roll: David Merrick, Moser Crane, S. S. Miller; also that Fred Fuhr was elected a member.

On motion election of fire wardens was confirmed and the rest of the report was referred to the fire committee.

Street commissioner Hughes reported for April, teams \$49.50, labor of men \$87.37. Received and laid on table.

From Thomas Douglas, executor, asking for adjustment of taxes on city property. Referred.

Bond of Jacob Remer, constable, referred to finance committee.

Communication from Mrs. Joseph W. Savage thanking council for resolutions as to her deceased husband. Received and filed.

Mr. Crowell of the street committee reported that there had been a trial of the road scraper offered the city and that it seemed to be a good thing. Its price was \$150.

Mr. Denike thought it would require six or eight horses and that it seemed to work slow.

Mr. McManus thought that the machine with four horses and three men could do more work in a day than fifty men. He thought the job ought to be done when it could. He thought that all the members of the council should see the machine work.

Mr. Gray had seen the machine and was pleased with it and thought it would be well to test it as Mr. McManus suggested. Moved by Mr. McManus that a day be set for the council to see the machine work. Carried.

C. J. Kissling's application for license laid over.

Special committee on petition of Nicholas Mooney, in reference to bonds presented a report signed by Messrs. Gray and Ward stating that it was their opinion that their power had expired with the old council, and reported merely as a suggestion that there was nothing in the law to prevent its grant, and that they recommended that it be referred to the finance committee.

Mr. Tuttle agreed with the finance committee that it had no power now, but as the case establishes a precedent he thought that it ought to be passed on by the whole council.

On motion of Mr. Carman the report was received and the recommendation adopted. The secretary notified the council that the licenses of W. R. Melick and Conrad Christ had expired.

Mr. Robinson called up the Mayor's communication and stated the present report against the city and hampered the Board of Health. He thereupon offered the following:

Resolved: That no charges shall be made for the privilege of tapping the sewers for drainage purposes, but all persons must first obtain permit for so doing from the street commissioner and have the work done under his supervision and by duly qualified party or parties, who have furnished required bonds. After some little discussion the resolution was adopted unanimously.

Mr. Ward offered the following: Resolved: That the receiver of taxes be directed and authorized to take and receive seven per cent interest on all arrears of taxes hereafter paid, assessed against any real estate in the city previous to year 1885, in accordance with the provisions of an act entitled "An act relative to interest on arrears of taxes and assessments in incorporated cities." Approved Feb. 6th, 1885. Adopted.

The finance committee reported that they approved the bonds referred to those above and recommended that they be approved. Report received and recommendation adopted.

On motion of Mr. Ward it was resolved to permit to take Electric Light Co. to erect poles on Campbell and Cherry streets and around the park for the purpose of experimenting.

Mr. Ward offered the following: Resolved: That a notice be published in the "New York Herald" and "The Rahway Democrat" showing the terms of the proposition of the city in settlement of its debts with its creditors and that there be a clause attached to such

notice requiring such creditors to file their assets or claims within three months from the date of the first publication, and that the city clerk be also directed to make a copy of such notice to each creditor's known post office address in accordance with the provisions of an act entitled "An act in relation to settlement of cities," approved March 25, 1884.

Mr. Ward explained that the law under which the resolution was framed had been pronounced unconstitutional by Judge Dixon and other prominent lawyers and that those who failed to file assets or claims could bring no action against the city.

Mr. Tuttle thought a step of such importance should be well considered and suggested that it be referred to a joint committee.

Mr. Ward accepted the suggestion and on his motion the resolution was referred to the law and finance committees jointly.

Mr. Tuttle stated that the settlement of the debt was progressing satisfactorily that he understood that some \$100,000 had been inquired about for settlement within two weeks, and that he knew of some \$30,000 himself offered.

By Mr. Ward title taken to "an ordinance to regulate licensing shoe cleaners, peddlers, and auctioneers in the city of Rahway."

By Mr. Gray, Resolved, that the clerk send to the Mayor the names of all parties whose licenses have expired and state that it is the desire of Council that he shall use his authority to enforce the license ordinance. Adopted.

The following communication was presented from the Board of Health: "At the last meeting of the Board of Health a resolution was passed requesting the Common Council to place a new trunk at the outlet of the Main street ditch, said trunk to be placed at a low level."

On motion received and referred to committee on drainage.

Mr. Robinson called attention to obstructions in river under the Monroe St. bridge which collect the flow of refuse from the sewer, and also to other obstructions. On motion referred to drainage committee with power to remove.

Moved by Mr. Carman that the nomination for street commissioner be taken from the table. Lost 8 to 4. Democrats voting in the affirmative.

I want to be a soldier, And with the soldiers stand; My pocket full of buckshot, And a musket in my hand.

SOCIAL GATHERING.—A very pleasant and enjoyable evening social was held on Thursday evening, at the residence of Mr. and Mrs. John Leonard, No. 415 Broadway street.

Mr. Leonard's parlors were crowded with the company present, and to add to the interest of the occasion, Messrs. Charles Simpson and Albert Bogart had brought with them their cornet.

THE HOUR OF MIDNIGHT had passed ere the company departed, each feeling that he had passed one of the pleasantest evenings possible.

ANNIVERSARY OF THE PRESBYTERIAN CHURCH.—An audience that filled every seat gathered at the First Presbyterian Church last Sunday after noon to witness the anniversary exercises of the Sunday school.

At each side of the rostrum was a wreath of apple blossoms and at the center large potted plants. On the pulpit were a white dove with extended wings, between handsome bouquets of flowers, the whole being twined with garlands.

At the close of the exercises, the choir sang "The Rose Tree," and the congregation sang "The Rose Tree," and the congregation sang "The Rose Tree."

REFORM CLUB ANNIVERSARY.—On Sunday afternoon the Reform Club celebrated the completion of the first year of its existence at the second Presbyterian Church.

This concluded the first part of the programme. The second was taken up with the rendering of Mr. Gay's cantata "The Christ," which was intended to illustrate the life of the Saviour and set forth his teachings.

its work for the temperance cause in this city. We will perhaps in our next issue be able to give a fuller report of this interesting paper so carefully and thoroughly prepared. At present we are compelled to confine ourselves to mere mention of important points.

When Noah was in the Ark young Ham was always playing tricks on the old gentleman. One day he told his sea-faring father that there was water in the cellar and they had all caught cold. Then it was no more than that he had permitted to secure a supply of Dr. Bull's Cough Syrup, which he always used.

After using all the humbug liniments and salves with fair success, he got of your druggist a Hop Plaster. The strongest and best porous plaster ever made. Vastly superior to all other external remedies. The complete pain-alleviating virtues of Fresh Hops combined with strengthening gums and Burgundy Pitch. 25c.

A WALKING SKELETON.—Mr. E. Springer, of Mechanicville, Pa., was very successful in his missionary labors outside and has organized reform clubs in Mechuca, New Dover, Woodbridge, and Edinburg. The active interest continued together the Halway Reform club is in a very prosperous condition.

Mr. Hollinson was to have delivered the opening address, but, much to the regret of all, he was unable to be present having been called away to attend a funeral. Mr. Gay also sent his regrets at his inability to be present by reason of his attendance being required at the anniversary of his Sunday school.

Mr. Branson made a speech full of enthusiasm for the work. After the Glee Club had sung "A Little While," the Rev. Mr. Ruth was introduced. He said substantially in part as follows: "I were to speak from experience I would perhaps more you're hearts in great sympathy. The time is too brief. Perhaps at some future opportunity I may say that, which must be passed at present. This movement is a Christian movement and I say without egotism that is the Christian men and women, the Christian ministers, who are the ones who uphold this temperance movement. In little England 30,000 men are destroyed by liquor every year. Two millions of Scotchmen in Scotland have for this reason been deposited in one year. It is the duty of every Christian church to fight in the cause of temperance against the evil of intemperance."

After more singing by the Glee Club the president made some announcements and then the exercises closed with the singing of the "Doxology." The part taken by the Glee Club was most highly praised and it was agreed that they had the singers done themselves great justice than on this occasion.

M. L. Blair, Alterman 5th Ward, Scranton, Pa., stated Nov. 9, '81. He had used Dr. Thomas' Eclectic Oil for sprains, burns, cuts, bruises and rheumatism. Cured every time.

TIRE D AND LANGUID WOMEN.—How many women there are of whom these words are true: "They feel languid and tired, hardly able to bear their weight on their feet, the bloom all gone from their cheeks, irritable and cross without meaning, and their nerves all upset, and with the children, fretted over little things, a burden to themselves, and yet with no acute disease." What a pity it is! But a few bottles of Parker's Tonic will drive all this away, and relieve the troubles peculiar to their sex.

"ROUGH ON RATS." Clears out rats, mice, roaches, flies, ants, bed-bugs. HEART PAINS. Palpitation, Dropsical Swellings, Dizziness, Indigestion, Headache, Sleeplessness cured by "Wells' Health Renewer."

"ROUGH ON CORNS." Ask for Wells' "Rough on Corns." 15c. Quick complete cure. Hard or soft corns, warts, bunions. "BUCHA-PAIRA." Quick, complete cure, all Kidney, Bladder and Urinary Diseases, Scalding, Irritation, Stone, Gravel, Catarrh of the Bladder. 50c. Druggists.

"ROUGH ON ITCH." "Rough on Itch" cures humors, eruptions, ring worm, tetter, salt rheum, frosted feet, chublain.

"ROUGH ON CATARRH." Corrects offensive odors at once. Complete cure of worst chronic cases, also unequalled for gonorrhoea, Syphilis, Sore Throat, Foul Breath, etc. 50c.

"WATER-BUGS, ROACHES." "Rough on Rats," clears them out, also Beetles, Ants.
