Physician.

are purcled about the real nature of ma aris. We

Even after years of experience with it physicians

anude to it because the season of malarial diseases is now upon us. From this time until frost comes

again there will be more suffering from this one

source than from any other. For malaria is not so much a disease in itself as the cause of a vast num-

ber of diseases. Don't forget this fact when you

have some lingering complaint which you try to

persuade yourself is not malarious. If you live th

or near a implarial district the chances are ninety.

by this exhalation. No matter what the doctors

call your particular trouble you can't go wrong if

Dr. J. N. Tilden, of Peekskill, N. Y., who has

iven much study to the subject, says in a late arti-

de in the New York Medical Times "Ma'aria is an

useen foe which enters the human system with

ut warning, and gives rise to such various and

umerous disturbances that none can tell where it

mystery, the practical question is, What medic

shall we take? Quinine is mostly relied upon, he

aithough it may temporarily relieve the fever, it

often leaves consequences a most as bad as the com-

plaint it is taken to cure. The poor son, who trusts

to quimme, knowing of nothing better, may pay out

malaria ready to attack him again just as soon as he

can no longer endure the medicine.

leave no reaction - no afterclaps.

a deal of money merely to buy a drug disease, with

Why people should go through all this when they

can get Peshler's Anti-Periodic Pills is something

hard to understand. For it is certain that these

pills not only expel malaria from the system, but

They are the thing, and, on testing them, you w.

say so too. We also advise our readers to send to
