## FOREWORD

This is a story of people on trial—students of S.H.S., particularly the Seniors. They have been on trial for four years. The trial is not one concerning a crime committed; rather it concerns the lives of a group of students now Seniors, and how they have prepared themselves for the future. It takes place at Sayreville High School, Sayreville, New Jersey. The time is September 1954 to June 1958. Judge, council, and witnesses are composed of the governing body, faculty, and underclassmen. Seniors are the defendants. There is also evidence, but let us not divulge anything else beforehand. We will now enter the courtroom . . .

FRAGILITY

P.B.

Seated, left to right: A. Schussler, H. Boehm, J. Weber, Tax Collector; A. Popowski, Mayor; J. Karcher, Borough Attorney; J. Kolb, J. Ziemba, E. Fielek, M. Guilfoyle, Borough Clerk.

## GOVERNING BODY

Strong and sensible leadership of a governing body helps any town towards growth and prosperity. In our town this is true. The Council officers and members here in Sayreville have given us just that kind of service.

The people of the community are all represented by these councilmen. They are diligent workers and have, through their competence and loyalty, won well deserved respect.

A hearty "Thanks" to our council from the Class of '58.

STEPHEN MALIK  
*Secretary*

PAUL KARBOWSKI  
*President*

JOSEPH KEENAN

Sitting, left to right: S. Nowak, E. Puchalski, A. Kolodziej, Attorney; F. Samuel, J. Callahan, J. Gavin, W. Chevelier, C. Lynch.

## BOARD OF EDUCATION

The hard working, devoted citizens that make up our Board of Education are contributing much appreciated service to Sayreville schools. Their sincere efforts towards constant progress are a benefit to the community.

Besides fulfilling the basic needs of our school, these people see that we students get extras. These are paid assemblies, both educational and entertaining.

The Senior Class of 1958 wishes to thank all the members of the Board of Education for providing us with a worthwhile education and also for the many school improvements made in the borough.

DR. RICHARD S. POLLACK  
*Superintendent of Schools*

MISS MARION SAMSEL

#### TO THE CLASS OF '58:

The position which your class holds in the "scale of time" is unique. In the few short months of the immediate past it has become apparent that the problems with which life will confront you will be far different from those of your predecessors. They will be more complex, more urgent, more deadly than ever before.

Man has now broken through the barrier of science fiction and has crossed the threshold of the "Space Age." Under camera equipped,

man made satellites, national privacy is no longer possible. Aggressive nationalism verges on the suicidal in the shadow of the I.C.B.M. The electronic brain knows no conscience and has no sentiment.

You will soon be called upon to man the controls. May you acquit yourself with wisdom, in accordance with the precepts of God, that mankind may, in the spirit of brotherly love, take a step forward toward world peace and the betterment of all.

MISS MARGARET M. WALSH  
*Principal*

MRS. MILDRED TRENT  
*Secretary*

MISS ROSEMARIE SAMUEL  
*Secretary*

#### TO THE CLASS OF '58:

Your school record of achievement is now only a memory. You go on to cope with reality. Whatever you do will be evaluated in terms of a young adult.

The good traits and character formulated by your high school program will help you to gain your rightful place in the scheme of life. All

your potential ability will be challenged in an exacting world where each is judged on performance.

Your future is full of promise. The way in which you solve your daily problems will add to your stature. It is my wish that the class of '58 will have such a rich and rewarding life full of spiritual and material value that your purpose for existing is fulfilled.

After twelve years, Sayreville High School is going to lose one of its best and most respected teachers. Miss Ethel Mae Downing has decided to retire, much to the dismay of the whole faculty and student body.

Miss Downing has taught Latin, English and French, and has been an inspiration to everyone of her students. She taught, not only the actual subjects, but also gave a very interesting cultural background to each of her classes.

The entire student body wishes to thank this diligent teacher for her innumerable contributions. Best of luck and happiness to you Miss Downing—we'll miss you!

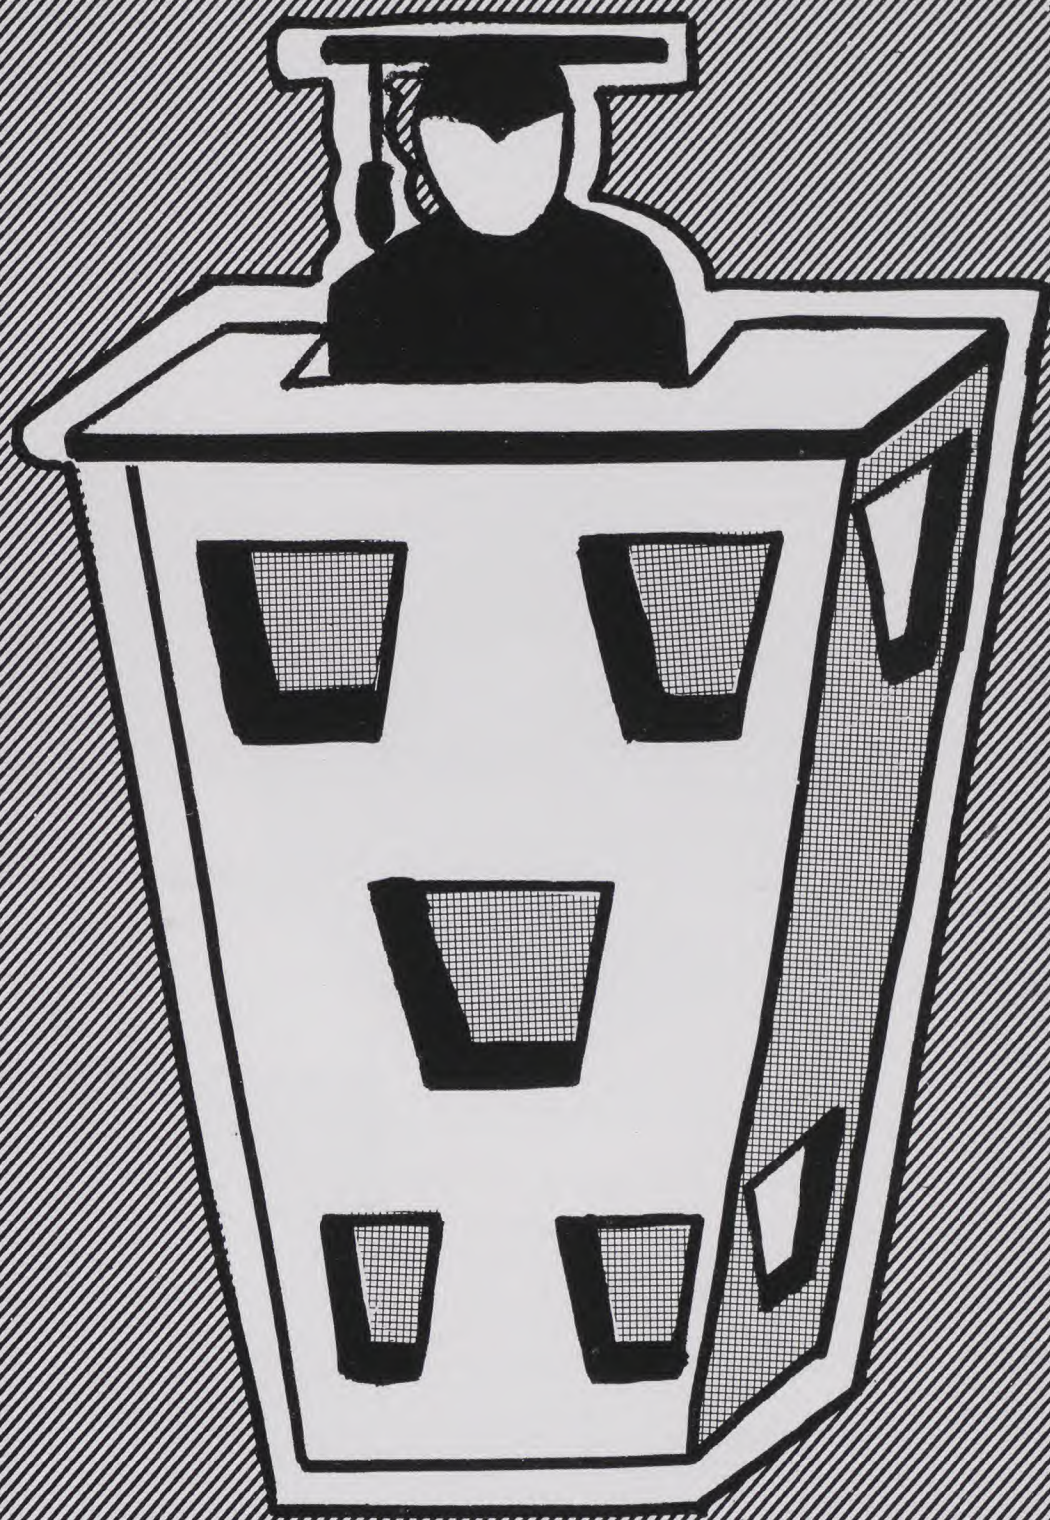

*"Miss Downing at the head of the class—a scene we will always remember."*

*"A bulletin board full of interesting culture."*

MRS. IRENE TODD  
*Advisor*

We, the seniors of 1958, owe much of the success which we have found in our four years at Sayreville High School to our class advisors. Without their constant guidance and understanding, many of our activities would not have been possible.

From the very first day that we spent at high school as freshmen, until, after four years of scholastic labor and new experiences, we left Sayreville High School to enter a new phase of our lives, we were aware of and grateful for the help that we were given by our three advisors, Mrs. Todd, Mrs. Galbraith, and Mr. Evanovich. As we strived to achieve our various goals, no one gave us more encouragement than these three teachers.

The sincere gratitude and best wishes of the *Quo Vadis* staff and the entire senior class go to our advisors.

## OUR DRAMATICS

Our first attempt at dramatics was in our Junior year when we presented "Come Out of the Closet," a mystery-comedy. The theme of the play was the trouble encountered by three working girls when they were plagued by counterfeiters. We had as much fun acting as the audience had in watching.

Looking back on the previous year, we were all eager to put on our Senior play, "The People Versus Maxine Lowe," this time a drama. Tense

moments before each presentation were replaced by satisfaction from knowing that the play was being thoroughly enjoyed by the audience. The entire play was a courtroom scene depicting the murder trial of a woman. Having part of the cast emerge from the audience made an interesting effect.

We felt like accomplished performers after two successful plays directed by Mr. McGarigle and Mr. Mount.

# HONOR SOCIETY AND HONOR GROUP

One of the most cherished memories of the outstanding members of the class is their induction into the National Honor Society. This year, five students were chosen by the principal and the faculty on the qualities of leadership, scholarship, character, and service. These five students became honorary members of the National Honor Society at the induction ceremony.

Besides the Honor Society, there is also the Honor Group. This group consists of all the students who have maintained an average of 85 or over during their four years in high school.

Early in the fall of 1957, we began our work on the 1958 *Quo Vadis*. Everyone who wished to take a part in planning the yearbook was asked to write a paragraph in which he stated his qualifications for the position in which he was interested. Using these papers as a basis, Mr. McGarigle chose the various editors.

Then came the real planning of the yearbook. After starting the Senior section, we planned for the group pictures to be taken. The Senior section finally became completed so we began to work on the other parts of the book. Each of us rushed to complete our particular assignments before the deadline. In June, as we viewed our finished work, we realized that our labor had not been in vain. Thanks goes to Mr. McGarigle, our advisor, for his aid and guidance.

## WASHINGTON

At 7:45 a.m. on November 6, our dream had finally become a reality. We were beginning our two-day trip to Washington, D.C. The ride down to the nation's capital was noisy with much singing and talking. It seemed that eating all the food in sight was everyone's main goal, for as soon as our three buses pulled away from S.H.S., the box lunches were quickly devoured.

On our arrival at Washington our first stop was the Capitol where a class picture was taken. Then followed a whirl which included a tour of the Capitol building and the F.B.I. building.

*"A stop at the Hot Shoppes."*

*"Our first glimpse of the nation's capital."*

*"Two Jima Statue."*

# TRIP

A ceremony which impressed us all was the changing of the guards at the Tomb of the Unknown Soldier. We finally arrived at Hotel Annapolis where we had dinner, after which we saw "Around the World in Eighty Days" at the Uptown Theatre.

After a nearly sleepless night, we once more set out to see the sights. The first stop of the day was the Pan-American building. Then followed a tour of the White House, the Smithsonian Institute, and Mount Vernon.

Before we realized it, our trip was over, but we left Washington with many happy memories that can never be forgotten.

*"Clowning around on the Washington Trip."*

*"Exploring in the Pan-American Building."*

## JUNIOR CLASS

This has been an exciting year for the Juniors. We have accomplished many things for the short time we have been in school. Our advisors are Mr. Todd and Mrs. Rubino who have helped us a great deal. To help make our social activities a success we had the assistance of our class officers; President, Dorothy Scheffler; Vice-President, Jerry Fritz, Secretary; Joan Sandritter; and Treasurer, Kay Ann Michalsky.

The first exciting event of the year was when the Juniors presented their play, "The Magic Touch," a comedy about teenagers.

The second event was the receiving of class rings. This year, the settings of the rings were changed. The ring itself and the stone is square rather than rounded.

In the Junior Class there is a large majority of athletes, who do a swell job in every sport they play. To accompany them we have the cheerleaders, who cheer them on to victory.

## SOPHOMORE CLASS

Here we all were, waiting to start our first year at Sayreville High. We must admit, we were all a bit nervous, but we became acquainted with the faculty and upperclassmen quickly, and they made us feel right at home. Our class election during our freshman year found Jim Applegate, President; Harry Pachkowski, Vice-President; Bill Falgaes, Treasurer; and Janet Campbell, Secretary. Our first class project was our dance, "Freshman Fall Festival," which was a huge success, thanks to the student body and our advisors. We all had fun during our freshman year, and were looking forward to the next semester.

Now, here we are, no longer freshmen, but sophomores, once again entering S.H.S. We really enjoyed our first year and hoped our second to be just as enjoyable. Once again we elected our class officers, and they are as follows: President, Edward Fielek; Vice-President, Jim Applegate; Secretary, Janet Uhler; and Treasurer, Arlene Bogush. The first of our two dances, "Rock-it To Space," was held during November, and the second, the "Sweetheart Dance" was held in February. As king and queen we chose Rose Klosek and George Place.

Until now, we have really enjoyed our years at S.H.S. to the greatest extent, and we are looking forward to our next two years at Sayreville High.

## FRESHMAN CLASS

We stood outside in various sized groups, impatient and feverish, waiting for some signal to enter. Thus we began our first year at Sayreville High School. After being herded into the auditorium, we must have accidentally strayed into our classes. Bewildering as it was, we soon became accustomed to our school, classes, and teachers.

Green freshmen soon turned other colors. We settled into our daily routines and became successful in maneuvering through the halls and experts in opening our lockers.

Our class advisors, Mrs. Hahn, Miss Coles, and Mr. Malanowski, organized a committee to nominate candidates for office. Those elected were Ronald Hartman, President; Rita Zebro, Vice-President; Diane Murphy, Treasurer; and Patrick Healy, Secretary.

Thanks to the cooperation of our advisors, the members of the class, and those who participated, our Freshman year was a successful and memorable one.

Seated, left to right: R. Zebro, Vice-President; R. Hartman, President; P. Healy, Treasurer; D. Murphy, Secretary (Absent). Standing: Miss B. Coles, Assistant Advisor; Mr. F. Malanowski, Advisor; Mrs. J. Hahn, Assistant Advisor.

### COLLEGE COURSES

Those of us who are enrolled in the College Prep course find that this isn't a course which can be taken lightly. We have to study hard and attain a good record in order to enroll in college. We are prepared for our highest goals, whether it be an engineer or a nurse, in the best way that is possible.

### COMMERCIAL COURSE

For those of us who want a career in the business world, great skills are offered us through the Commercial Course. We are taught all the fundamentals of business, and then we are sent to different concerns in the area for Office Practice. This gives us the necessary experience to assure a successful future.

*Seniors hold a discussion on Problems of American Democracy.*

### GENERAL COURSE

There is the General Course for those of us who are undecided about our future. It enables us to get a taste of some business life, college subjects, and shops, also. After one or two years, we usually find the right subjects and continue following them for the rest of our school years.

*A practice teacher takes over an English class.*

### INDUSTRIAL COURSE

The Industrial Course enables us to work with our hands and helps us to learn the trades of industry. We have a choice of Metal Shop or Wood Shop, which also includes Drafting. It is a wonderful feeling to see one of our own creations sitting in front of us, being admired by every one.

## FOOTBALL

The play of our 1957 Sayreville High School football squad gave the fans many thrills last fall, especially the outstanding line play of Richard Kornacki and the fantastic running of Tom Michaels. With Mr. Henry Counsman as head coach, the high spirited Sayreville team started the season with their best played and

most sportsmanlike game of the season with a great victory over South River. In the next two games, the team rolled over Red Bank Catholic and South Plainfield by large scores and it appeared that they were off to a big season. The following week, our big offensive threat was stopped cold by a solid Carteret line, and the

first defeat of the season fell into our record. Rebounding with a decisive victory over St. Peter's the following week for the fourth victory of the season, the high-flying Bombers were pinned with three consecutive defeats at the hands of Highland Park, Ocean County Regional, and Metuchen. Finally, the last game

with Our Lady of the Valley was a game which will be remembered by everyone who witnessed it. Tom "Red" Michaels scored 39 points and tied the school's record of 105 points in a season. Sayreville ended up its season with a 5-4 record.

## BASKETBALL

The Sayreville High Bombers once again enjoyed a fine winning season, compiling a 17-5 record. During the Christmas vacation, the Holiday Festival Tournament was held for the first time. The Bombers eliminated Perth Amboy and met the tall and talented Metuchen team who had already defeated Woodbridge in the first round. In the championship game, the fast-breaking attack of the Bombers was too much for the Bulldogs, and this gave our team

the championship trophy which was well deserved.

Thus, with a successful season and this tournament victory, the Bombers seemed to be a good bet as a contender for the Central Jersey Championship. Our team faced Carteret (3-16) and lost 48-37 in their first game of the tourney, and all our hopes vanished. Even though our team didn't live up to expectations, they must be congratulated for their sportsmanship, fair play, and an overall fine season.

In physical education class, the girls participate in many enjoyable sports. In the fall, volleyball is the most popular activity. Basketball is tops with almost everyone during the winter, and when spring arrives, the girls enjoy playing softball and archery.

The girls not only participate in these different sports, but they also become familiar with the rules governing each sport.

## CONTEMPORARY LITERATURE

The Contemporary Literature class, which has been in existence for the past two years, is designed especially for the advanced senior students. Its main purpose is to give a well-balanced literary background to these prospective college students.

A great deal of work is done on essays and

other long reports to give the pupils adequate experience in writing. Any material which was read outside of class had to be added to a reading list, while a number of important novels were also read.

The reading and writing experience gained under Mrs. Parnell will definitely be very helpful in future years.

## ACCELERATED COURSE

The accelerated college course gives about thirty Sophomores of average and above intelligence an advanced college preparation in English and mathematics. The course lasts through the senior year. It helps the students to learn more and to develop good study habits.

From accelerated mathematics, students gain

earlier the understanding of mathematical problems, theories, and relations. Two courses may be taken in one year. Under Mrs. Parnell English students concentrate on creative writing, vocabulary development, good speech, and interpretative study of English.

When this course was begun a successful life at college and in the future was in mind.

## ECHO-LITES

In order to get an early start on the *Echo-Lites*, the school newspaper, the editor and staff are chosen in the spring of the previous year. From September to June, the reporters work diligently, collecting every available bit of

school news. The papers, which are printed five times a year, are always received with enthusiasm. Even though there are editors for each section, the production of the paper would be impossible without the unlimited guidance of Mrs. Pfeiffer, our advisor.

## STUDENT COUNCIL

Under the leadership of its advisor Mrs. Marra and president Joe Ginn, the Student Council of 1957-1958 looked after the interests of the students and worked toward the betterment of the school. In spite of the increased membership of the Council, it continued to function as the leading activity of S. H. S. The Council owes much of its success to the cooperation of the students.

## SAYREVILLE'S BAND AND COLORGUARD

One of the oldest activities of Sayreville High School is the band. The colorguard is its most recent addition. Led by Mr. Cornell, the members of the band play at football games in the autumn and march in local parades. With the coming of spring, the members are busy practicing for their annual Spring Concert.

## TWIRLERS

The appearance of the Sayreville High School twirlers surely helps to make our football games and parades seem a lot brighter. It seems that each year our twirlers, sporting their blue and white uniforms, become more talented. The girls can always be depended upon to gain

much admiration for their varied steps and maneuvers. Led by their majorette, Lois Nowak, and their captain, Pat Olszewski, the twirlers always have been and always will be a great credit to Sayreville High.

These nine girls, under the guidance of Mrs. Fehrle, their advisor, are seen cheering our team on to victory at every basketball and football game. The cheerleaders' uniforms are jumpers made of royal blue corduroy with gray and white striped lining and blouses to match.

To become a member of the squad you must try out in the spring of the year and meet the qualifications which consist of cheering ability, neat appearance, friendly personality, and scholastic grades. This year's squad never lacked pep and vigor at any time.
