Expression is the means by which we communicate our thought and inner emotions to the rest of the world.

Our four years at Sayreville High School have been both pleasurable and difficult. Throughout this book, events of this year and unforgettable memories of past years are recorded.

Men have always strived to express themselves in the way most natural for them. Poets, painters and writers have all presented their views to the world through their work.

The senior class, in presenting Quo Vadis '70, wishes to express their gratitude to their teachers and advisors for helping to mold four years of their lives, during which time they matured to young adults.

... *Athletic Director*

The man to whom we dedicate this book has served in many capacities in this school since he began working here in 1949.

He was very active in the athletic department where he acted as a basketball, baseball, and football coach. Later in his career at Sayreville, he assumed the position of Athletic Director, a post which he held until his departure.

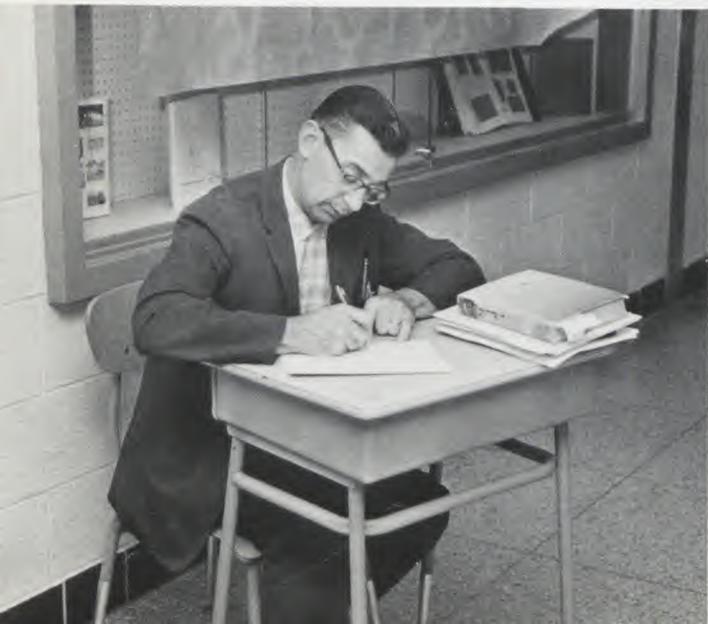

He taught American History until the beginning of the 1969-1970 school year. A friendly atmosphere and a Polish folksong were characteristic of his classroom.

This year he was promoted to Traffic Coordinator. We sincerely miss him in school but we realize the good job he is doing in his new position.

With deep gratitude and appreciation we proudly dedicate Quo Vadis '70 to

# BOARD OF EDUCATION

MR. HENRY COUNSMAN  
*Superintendent of Schools*

MR. JAMES MORAN  
*Assistant Superintendent*

MR. ROBERT FLEMING  
*Board Secretary*

The Board of Education has the responsibility of running the school system in Sayreville. They and the Superintendent of Schools are the overseers of the educational program.

The Board is made up of eight men and one woman who are elected to their office in February.

These capable men and women provide the funds for many of the schools activities. They provide allowances for class trips and busses for athletic activities. The Board also furnishes assemblies and at the end of each year an Annual Awards Banquet.

These people work tirelessly and unselfishly for the benefit of the students of Sayreville, and the fact that they are there when needed, is greatly appreciated.

BOARD OF EDUCATION — SEATED: Mr. John Haag, Mr. Joseph Kupsch, Mrs. Elizabeth Marcinczyk, Mr. Daniel DiPoalo. STANDING: Mr. Kenneth Buchanan, Mr. Laurence Weston, Mr. Zoltan Zelenak, Mr. Cyril Rhatican, Mr. Andrew Piatek.

# ADMINISTRATION

Two of man's basic drives have been his desire to communicate with others and his need to leave some record of his having shared a part of the experience of life. Man needed to express himself, and from the language we use as our medium of communication to the cave paintings found in such far distant sections as Altamira and Ajanta, we share in this universal experience of expression.

Expression, however, has two dimensions and these bring with them two responsibilities. The primary dimension pertains to our need to express ourselves: we must leave some imprint on the totality of the life experience. Equally important, though, is the second dimension — the need to understand the expressions of other men. Unless we can accord respect and understanding to the living creativity of all men, we cannot expect others to tolerate us. Leave imprints; be expressive always; but welcome diversity and tolerate differences.

# GUIDANCE

The general purpose of guidance services in the high school is to help each student analyze and appraise his own abilities, aptitudes and values. In the light of this self-appraisal, he is helped to select a suitable educational program in which he should grow and develop to his maximum capacity both educationally and socially in accord with his needs, interests and long-time goals.

To assist the student in making his career choice, the department maintains up-to-date files of pertinent educational and vocational information. Group interviews with admissions directors of colleges, business and technical schools are also scheduled so that the student may get additional information that doesn't appear in the school catalog.

Employment counselors from a number of business firms also visit the school to acquaint the terminal student with vocational opportunities in their companies. In some cases, interviews are conducted in school so that the students will gain experience in the proper procedures of job seeking.

The Mathematics Department has been designed to provide material for students planning to attend college, entering the working class, or seeking recreation using mathematics as a source.

Algebra and Geometry supply the student with a mathematical background necessary for college entrance. Trigonometry, Matrices, Probability and Calculus courses are offered for those students who may be planning a career in science or mathematics. Drawing measurement, Geometry and Trigonometry provide students entering industrial areas with a good foundation in mathematics. This may augment their chances of being promoted to positions of supervision and responsibility.

For interested students, the Mathematics Clubs offer discussions of famous problems and paradoxes in addition to a study of mathematical application to art and music.

The two-fold goals of the Science Department demonstrate its outward look to the future. The department aims, first of all, to impart general and scientific knowledge which will be of value to the student who will one day make science his career. Secondly, and of greater importance, the student is directed to think objectively and to apply his knowledge within a practical context.

With an eye to the future and to the growing needs of the complex society, the department has added courses this year in Geology and Conservation, thus providing a well-balanced scientific program on all intellectual and grade levels.

# ENGLISH

The English Department strives to offer courses which are both flexible and adaptable to the needs, interests, and goals of all students. A developmental study of language and literature is, however, a fundamental part of all courses. New materials, approaches, and methods are continually introduced in the attempt to help each student to develop, as fully as possible, his potential in language and literature.

Today's students are often interested in exploring additional phases of the language arts or in studying certain parts of the English curriculum in greater depth. Hence, electives in composition, creative writing, drama, journalism, readings in philosophy, and world literature have been added to provide for further enrichment. A new elective, film making, is planned for the coming year.

Understanding strikes the keynote of contemporary living and it is the goal of the History Department to direct students in personal understanding of the problems of today's world that they may be better equipped to deal with the future. Using the problematic approach, teachers of American History and Civics attempt to bridge the generation gap that the future leaders might understand the goals and correct the mistakes of their ancestors. In a similar vein, courses in Modern European History and Contemporary History are presented to direct the students' attention outward toward comprehension of the world situation, and of the elements of ancestry which made it that way. Students are encouraged to evaluate and analyze, expressing ideas which may well be implemented in the future through their leadership.

Recognizing the needs of a changing world, the History Department this year has added Current Events and Economics to its course offerings. Both are one-semester subjects which allow time for individual research into areas both interesting and challenging to the individual.

The implementation of new ideas and new methods of expression is indicative of the History Department's recognition that today's students must be prepared to participate and take a meaningful place in their society, one that is created and shaped by their ideas and attitudes.

# BUSINESS

The Business Education curriculum meets the needs of not only the vocationally-oriented student but the college bound as well. There is significant evidence of this fact in that almost every student who graduates takes at least one business course, even if it is only typewriting.

Today's business is very sophisticated and demanding. The student who was skilled in typewriting, shorthand and bookkeeping satisfied the business of yesteryear. Today, in addition to basic skills, he needs a knowledge of data processing, economics, consumer education, etc. He must have good communication skills, be inquisitive, resourceful, and have a knowledge of the world around him.

The Business Education Department prepares the student vocationally; the remaining gap in the student's education is met by the other areas in the school curriculum.

In Alfred North Whitehead's words: "The antithesis between technical and liberal education is fallacious. There can be no adequate education which is not liberal, and no liberal education which is not technical; that is, no education which does not impart both technique and intellectual vision. In simpler language, education should turn out the pupil with something he knows well and can do well."

## LANGUAGE

The primary aim of the Foreign Language Department is to develop the ability of the student to understand, speak, read, and write the language being studied. The offerings are in French, German, Latin, Russian, and Spanish.

The student is required to take a minimum of two years of one language to cover the basic groundwork. For those who excel in the language field and are interested in continuing the language on into college, later to pursue a language career, advanced courses in the third and fourth year are offered.

There are presently two French teachers, two German teachers, one Latin teacher, one Russian teacher, and three Spanish teachers in the Department, involved with approximately one quarter of the school population.

The Foreign Language Department has rapidly expanded in recent years and gives no evidence of slowing down at the present time.

## ART

The goal of the Art Department is to stimulate in each student, individually, a superior sense of creative attainment in art history, fine and applied arts. All must go together. Otherwise, the student does not easily become aware of traditional knowledge, upon which the future development of art depends. There is no beginning without first understanding what has been done before.

Hence the Art Department deals with the past, the present, and the immediate future — the world that belongs to the artist today.

The Music Department, under the chairmanship and guidance of Mr. Mount and the assistance of Mr. Felton, has attempted to increase students' involvement in music performance. Through past experience, it was found there is a considerable amount of underlying enthusiasm within the student body and it is the good of the department to bring this into view. A recent product of these efforts was the new Boys' Chorus, which performed for the first time at the patriotic assembly.

Through hard work and perseverance, the music department is continuously striving to improve its musical and artistic activities.

## INDUSTRIAL ARTS

The Industrial Arts program offers to those who desire it a course designed to give the students a knowledge of the principles of industry and its methods of functioning.

Students are trained for competent performance in certain industrial and vocational areas. One prime objective of their training is to develop not only skills but attitudes which will allow the students to adjust more easily to the duties and responsibilities of adult life.

The opportunity to study industry is given in areas of metal work, machine shop, automotives, electricity and electronics, graphic arts, drafting, photography, plastics, ceramics, and wood. Upon completion of basic and advanced courses in these areas students are equipped to enter into industrial occupations in these fields.

The ingredients for managing a successful home and family or conversely, in our modern world, a successful career and home, are readily available through the Home Economics Department.

Courses dealing with all facets of home living, whether it be a small apartment or a large home, include clothing construction, foods and nutrition, housing and home furnishing, child growth and development and family relations. Class and laboratory enable students to acquire the skills which they, as career women, wives, or mothers, will find necessary.

To further develop specific homemaking skills, students are given the opportunity to participate in child care classes conducted in the school and are thus afforded practical experience in caring for small children in the day nursery schools.

# PHYSICAL EDUCATION

The development of physical skill, strength and dexterity as well as a sense of well-being and sportsmanship may be described as the long-range goals of the Physical Education Department. Students are given the opportunity to excel in a variety of team sports such as hockey, soccer, softball and football. In addition, opportunities to develop dexterity at individual sports are also available in archery, gymnastics, track and field which range throughout the seasons from fall through early summer. Students are even invited to participate in coeducational activities such as square dancing.

The department is not limited to physical activities, however, as practical safety and service to the community are encouraged in classroom activities throughout a three-year study. A combination of practical demonstration and the widely-varied use of audio-visual aids bring subject matter in the fields of health, civil defense, first aids and community hygiene into practical perspective to the students.

With such a well-rounded program, it is hoped that the students will face the future physically and mentally fit to deal with the problems of the modern world.

## DRIVER EDUCATION

Using cars donated by neighboring dealers, eligible juniors receive six hours of "on-the-road" practice as well as weekly classroom theory. Thus, students not only develop safety habits while driving, but also benefit from reduced insurance rates upon successful completion of the course.

Sayreville, in having this program, is participating in the current safe-driving program initiated by the New Jersey Division of Motor Vehicles to reduce the high accident rate in the state.

**JUNIOR CLASS OFFICERS:**  
Bruce Buckiewicz, Steve Berke,  
Shiela McVay, and Kevin Cor-  
rigan.

As upperclassmen the Junior Class and its officers have shown their capabilities by working together for their class. Highlights of their year were the receiving of Junior Class rings, the construction of the Homecoming float, Homecoming, the Junior Class Dance, the Junior Senior Drama and Musical productions and finally the Junior Prom. Without the generous assistance of the class advisors, Miss Kwiatkowski, Mrs. Day, Mr. Carcich, and Mr. Brown, these long awaited goals would not have been reached.

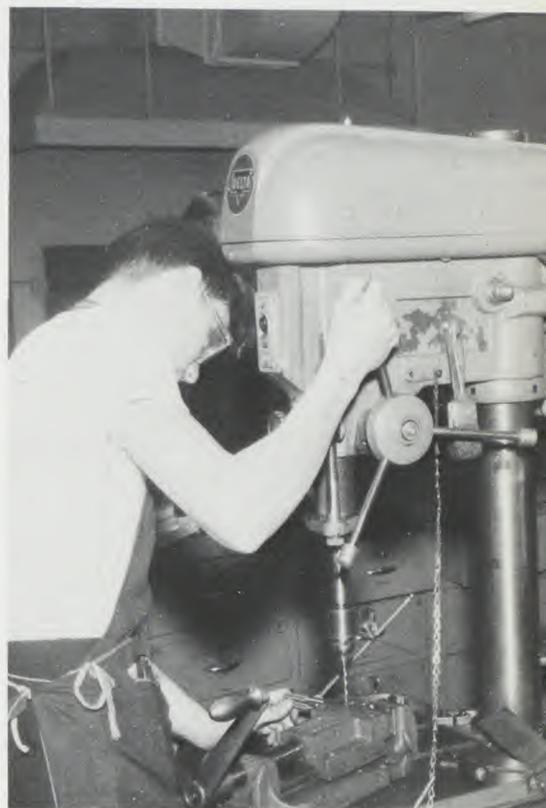

## JUNIORS

*The Junior Class of 1969-70 awaits with much anticipation their becoming the mighty mighty Seniors of '71.*

CLASS ADVISORS: Mr. Louis Carcich, Mrs. Barbara Day, Miss Marianne Kwiatkowski, and Mr. Richard Brown.

CLASS OFFICERS: Jim Elwood, Stephani Demakides, Sharon McCarthy, and Bobbi Harkins.

## SOPHOMORES

The newest addition to S.W.M.H.S., the Sophomore Class of '72, represents a large majority of the student body. This year was filled with many activities, challenges and new excitements. Homecoming marked the start of their forthcoming events, when they displayed their float, titled, "Bombers Erupt." November's dance was a social success, and the sweet-heart dance crowned a new king and queen. Under the direction of their class advisors, the sophs are a group of enthusiastic students who eagerly anticipate their new role to come, as upperclassmen, and strive for a successful school career.

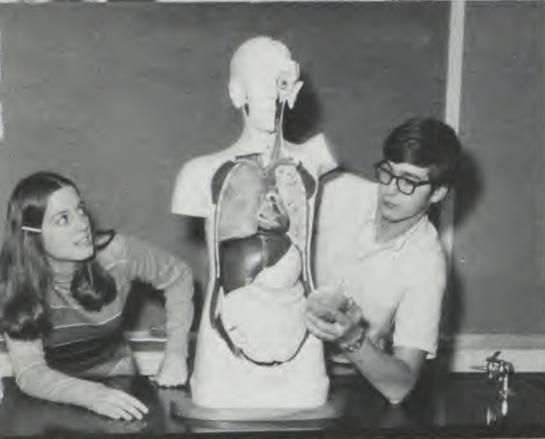

CLASS ADVISORS: Miss Barbara Kolojay, Mr. Robert Piotrowski, Mr. John Ciszewski and Miss Barbara Johnson.

# QUO VADIS

*Those were the days my friends.*

BETSY COTTRELL, *Editor-in-Chief*

*Where's Miss Stafford?*

*This year's editors find that producing a year book is not all fun and games all the time.*

MISS JANE STAFFORD, *Advisor*

The pages you see before you, laden with words, pictures and memories are the result of endless hours of work by the staff of Quo Vadis. These dedicated people have attempted to compile a concise reconstruction of your past four years of high school. The pictures which blazon the pages capture bits of the feelings, accomplishments and spirit of the senior class.

This year's staff, under the direction of Miss Jane Stafford, has endeavored to modernize the yearbook. They have directed their efforts toward the goal of creating a yearbook which is representative of the times in which we live.

The editors of Quo Vadis work diligently throughout the school year. They convene after school twice weekly, they work at home and they must accompany the photographer to all of the activities which appear in this book. The goal of all of this toil is to produce, for the senior class, a yearbook which faithfully reflects their years in high school.

*They would want a circle!!*

*Wait a minute. You can't have that picture, it's mine!*

*Where are the editors?*

*Aiding the editors by taking pictures and promoting sales are Bob Miglin, Kathy Wilson, Joanne Sousa, Marlene Letts, and Eric Von Tish.*

The purpose of this year's Student Council has been to increase school spirit by increasing student participation. The achievement of this goal has been aided by the starting of several new ideas within the school. "Snappy Attire" at the dances was the first of the Council's accomplishments in the field of increased activity. Since then, sick jokes, beat cards, Santa Clause and his elfs, gripe day, tag day, Pez day, Homecoming, Blue and Gray week, various raffles, and the Sing-a-ling have been attempts at achieving this goal.

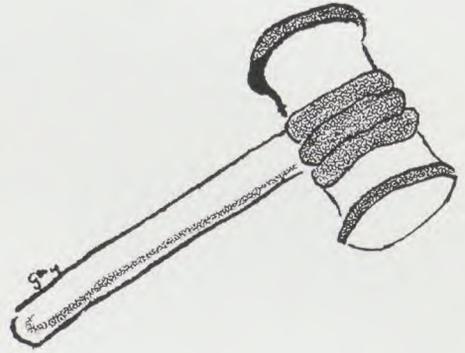

Outside the school, the Council has been involved actively in various clothing drives, has adopted an orphan child, campaigned for the March of Dimes, and worked on the vote for eighteen year olds.

This year's council has found that nothing can be achieved without the active support of the Student Body. So its projects have been centered around the students. Working for those who have elected you is the duty of everyone in government; even in a student government.

Imagination, an eye for news and a desire to work are the only requirements. Sound like a newspaper ad? Echo-Lites, the school newspaper, airs this appeal for a new staff each year.

In its thirtieth year of publication, Echo-Lites offers experience in journalism and knowledge of the make-up of a school tabloid to anyone interested.

Published five times yearly, the publication adheres to the style and standards of the Columbia Scholastic Press Association. Staff members attend the C.S.P.A. March Convention where Echo-Lites is evaluated and rated in comparison to other school papers.

Since its initial publication in 1940, Echo-Lites, as its name signifies, has tried "to echo the voice and ideas of the student body" and let their voices reflect the image and ideas of Sayreville High.

“Go Mod” was the slogan this year for the March of Dimes. It expressed the feeling that the teens should have for such a worthy cause.

Teens Against Polio, a student council project, was the campaign carried on in the school for the March of Dimes. Two representatives from each class were chosen. The boy and girl who had collected the highest amount of money at the end of four weeks were crowned king and queen of T.A.P.

This year, in addition to having students contribute money in the cans, the Student Council held raffles for a Led Zepplin album and a tape recorder with two tapes. The Council also sponsored a movie for the grammar school students. The council and the students believed that their donations might enable some children to have a better life.

Flora and Fauna are not the only areas to which the Biology Club devotes its attention. In order to promote Biology in the school and community, the club has extended its services in many directions, under the supervision of Mrs. Angelina Romano.

Boasting the largest club membership in the school, the Biology Club accepts the sole responsibility of organizing and running the entire Science Fair each year. Other activities in which the club is engaged are the biannual planting of flowers in front of the school, constructing a huge wreath for the front of the school during the Christmas season, contributing one hundred dollars worth of books annually to the public library, awarding a scholarship to the senior with the highest average in the sciences and awarding scholarships to aid students in attending summer college courses in Biology. The club is constantly exploring new means to promote Biology and to serve the school.

## SCIENCE FAIR

"Aiming to arouse the interest of the public in the scientific ability of today's youth is the incentive of the S.W.M.H.S. Science Fair." The fair provides a means for the students to express their skills and knowledge and to achieve public recognition.

This year's Science Fair was the fourth in the history of the school. From its origin, the fair has become a major contribution by the Biology Club to the school. Each December the club mobilizes its entire membership to begin organization of the fair. Two General Co-chairmen are assigned the responsibility of supervising the fair. They establish a committee to provide publicity, a group of girls to serve as guides during the fair, a committee to write out personal invitations, one to provide and serve refreshments, a committee to compile and assemble a program listing all of the projects and a group of boys to set up and dismantle the fair.

The success of the fair and the approval which it receives yearly testify to the hard work of the Biology Club and the abilities of the students who participate.

Scholarship, leadership, character and service are the foundations upon which the National Honor Society is built. In the fall, the faculty screens the top ten percent of the senior class in search for those students who best illustrate these qualities. In the spring, another five percent of the seniors are eligible for membership in addition to a highly selective group of outstanding juniors.

The new members are invited to a reception after school to celebrate their achievement. Later in the spring, an annual candle-lighting ceremony is held at which the students are officially inducted into the society.

## GERMAN CLUB

The German Club was founded to supply interested students with an increased knowledge of Germany and its culture. Under the advisorship of Miss Janet Cull, this year's German Club has extended to its membership many new opportunities.

In the fall, the club celebrated the German festival, "Oktoberfest." Authentic decorations and music filled the room, traditional food was served, and the girls were dressed in German costume.

At various meetings throughout the year, slides of Germany were shown. Some were slides which the club purchased and others were slides which members had actually taken in Germany and had volunteered to narrate.

To extend its services outside of the club and to familiarize more students with Germany, the club sponsored a German film to be shown in the auditorium.

The club members had undertaken several fund-raising projects during the year. The proceeds from these were in part awarded, as scholarships, to students who were planning to enroll in the summer German program at the University of Georgia.

OFFICERS: Denise Dohn, Vice President; Diane Trent, Treasurer; Ruth Synarski, President; Diane Jones, Secretary.

Under the direction of Mrs. Catherine Ludlow, the Spanish Club succeeds in fulfilling the principal club purpose which is to help finance any student involved in the Student Exchange program. This program is designed to let interested students live with a South American family for a summer. In exchange, the student must be the host of a South American student for the winter. The people involved need not be fluent in any foreign language but after a period of time, the students will learn much about the country and its language. To raise money to help finance the participants, the Spanish Club becomes involved in such projects as candy sales, cupcake sales and sponsoring a dance. As a reward for the hard work the club does each year, a well deserved trip is planned for the members.

*A stimulating meeting!*

*The members of the council are glad to check out your books.*

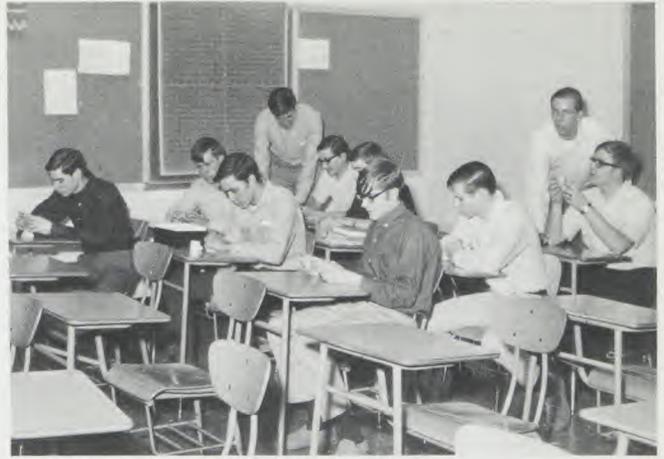

Consisting of junior and senior girls, the Library Council is mainly responsible for the "smooth running" of the school library. Under the leadership of Mrs. Lorraine Simko, these girls volunteer their services and time to aid fellow students in using the library more efficiently.

The council raises money through bake sales, book fairs and candy sales. The profits go toward scholarships given each year to the most deserving senior members and are also used for the annual trip. New York City is the usual destination, with tickets to a Broadway performance, visits to museums and dinner afterwards.

Although many of the girls may not go on to be future librarians, they have the knowledge and, most important, the experience of running an essential facility.

## MATH CLUB and MATHLETES

To every equation there is a solution. This may well be the motto of the Math Club and Mathletes. Competing in meets against other schools, the Mathletes try to find the solutions to as many of the ten problems as they can. The school having the highest amount of correct answers wins.

The Math Club holds regular meetings to discuss new problems and their solutions. To raise funds for mathematical materials and instruments, the Club has sponsored a computer dance.

With the mathematical knowledge and the ability to apply it, the members of the Mathletes and Math Club may well go on to become some of the leading figures in the world of mathematics.

*He that troubleth his own house shall inherit the wind.*

*Well damn it . . . , you've got to stop 'em somewhere!*

*Spit down your hair!*

*Tell me, sir. Would you call yourself a religious man?*

The drama department of S.W.M.H.S. opened its season this fall with "Inherit the Wind." This powerful play, directed by Mr. Patrick Arvonio, was praised as the greatest dramatic production ever performed at Sayreville High School.

The play deals with a conflict over the right to teach Darwin's theory of evolution in the classroom. Bertram Cates, (Greg Evigan) a teacher in the town of Hillsboro, has dared to do so and for this he is put in jail and forced to defend his actions in court.

The eminent, three time presidential candidate, Mathew Harrison Brady (Gabriel Hegyes) is called upon to prosecute the case. To defend Cates, a leading newspaper has hired the renowned criminal attorney, Henry Drummond (Joe Gordon).

The major action of the play takes place in the courtroom, where the lawyers engage in fierce debate. After the attorneys have completed their cases, the jury retires. Although the verdict is guilty, everyone's sympathy is with Cates, who is sentenced by the judge to a mere hundred dollar fine and released.

*Ahhh, Hillsboro, Heavenly Hillsboro, the buckle on the Bible belt. Hallelujah.*

*I have faith in the Bible!*

# STAGECRAFT CLUB

*All's quiet on the stage front.*

During the year, S.W.M.H.S. has undertaken the task of presenting a drama, three one-act plays, and a musical production. Everyone involved in the plays was eager to make the presentations a success and much hard work and effort were necessary. But what would a play be like if it didn't have the necessary scenery? This responsibility falls upon the students who belong to the Stagecraft Club. The members of this organization work as hard as the actors, to make a production as professional as possible. The construction of set-pieces and the painting of flats is the obligation of the Stagecraft Club.

*The goopers!*

MRS. IRENE TODD, *Advisor*

## PAINT and POWDER

*You're not gonna put that goop all over me!!!*

Behind the scenes of every Sayreville High dramatic production, there is a special crew that puts the finishing touches on all of the actors and actresses. And who might these people be? They are Mrs. Todd's Paint and Powder group. A visit behind the sets would show possibly a fine black eye being applied to a twelve year old rascal or a four inch long plastic scar being molded on the face of a notorious gangster. Besides these extra facial effects, the Paint and Powder people busy themselves with straight face and body makeup. Their work continues throughout the play and never ceases until the last bit of makeup is packed and put away for the next production.

*All the world is a stage, and we are mere players in it.*

## NATIONAL THESPIAN SOCIETY

The goal of every actor and actress is to be elected to the International Thespians Society. The Sayreville branch, Troupe #2884, is supervised by Mr. Patrick Arvonio. Once one has achieved election to the Society, he retains his membership for life. Points are awarded to actors and crew on the basis of importance of their part in a play or the work they do. Once a person has accumulated ten points, he is eligible for admission to the troupe. When he has amassed twenty points, he will be admitted to the International Thespians Society.

*Thespians in rehearsal for the One Act Plays.*

*If my heart doesn't kill me, the cancer will, and if that doesn't, something else will come along.*

For the first time at SWMHS, three One Act Plays were presented. The first one, "An Overpraised Season" showed some of the problems youth may have as they enter adulthood. A prologue by The Director, played by Gary Delena, gives one an insight into the characters of students Bob (Joe Gordon), Betty (Connie Cadmus) and Larry (Gabriel Hegyes). The play explores a lack of communication between a father (Vince Otero) and his son Bob and a mother (Dot Hayden) and her over-protected son Larry.

The second play "Hooray For Adam Spelvin: He Is Perfect" comically portrays the problem of having parents (Debbie Suchowiecki and Len Rusay) who are unable to find fault in their son Adam (Danny McCarthy), who they envision as perfect. The audience meets Adam when a friend of the Spelvin's, Cynthia Craddock (Dot Bartkowicz) brings her daughter (Denise Dohn) to meet Adam. But Cynthia is in for a surprise when Adam, in hippy clothes, brings Fat Phyllis (Nina Siegel) home with him. Although Adam tries to show his parents that he is not perfect, they remain blind to his actions.

The last One Act, "Once Upon A Playground," deals with a girl with a funny nose (Lynne Garshgo) who is left out of the group because of her nose. But each girl in turn tells how she is different but will not admit it because she fears being left out. The girls are played by Donna Unkel, Laura Donnelly, Louann Farfel, Rose Beavers, Kathy Holan, Michelle Wiggins and Mary Ann Chaconis. Steve Fabiyan plays Georgie, the boy who makes up stories in order to gain acceptance by the girls. The girl with the funny nose finally realizes that she is not different from everyone else when she meets a boy who also has a funny nose (Bill Kroner), who does not feel inferior.

Claws in, cat! Don't you show your temper to me.

In Hartford, Hereford, and Hampshire hurricanes hardly happen.

Mr. P. Arvonio, Director and Miss Pickering, Voice Coach.

As a gentleman of culture Henry Higgins (Matt Anderson) makes a wager that he can take any ignorant girl and change her into an elegant lady. Eliza Dolittle (Donna Unkel) is the chosen one. Colonel Pickering (Gabriel Hegyes) and Mrs. Higgins (Diane Meinzer) offer to help Higgins. Many a long and tiring hour is spent teaching Eliza correct pronunciation and manners. Eliza's father (Gary Delena) comes to check on his daughter. Higgins along with Freddy (Vince Otero) finds that he is falling in love with Eliza. After the bet is won by Higgins, Eliza feels that she must leave because she is no longer wanted. But realizing her mistake she comes back to Higgins.

Understudies were Tom Barrett and Julia Thorne. Other members of the cast included Jo Ann Mackevich, Jerry Jones, Ken Sopher and Lorie Husak.

## FUTURE TEACHERS OF AMERICA

The education of a man may determine which goals he can reach in his life. Knowing this, the members of the Future Teachers of America Club are willing to assume the task of being an educator. To help prepare themselves and to get an idea of what would be expected of them, the F.T.A. goes into the elementary schools for one day a year. Here they may observe teaching methods of others and they themselves may be allowed to take over the class for a time. Also, practice teachers may give talks expressing their ideas and experiences in education. The members of the F.T.A. strive toward a worthwhile goal.

MR. HARI SHARMA  
Advisor

The objective of the Physical Science Club is to enable students interested in the physical sciences, to broaden their knowledge. Under the guidance of Mr. Hari Sharma, the club frequently holds meetings to explore new and interesting problems in physics and chemistry. Demonstrations by members often aid in clarifying certain physical principles. The club strives to evoke in the students a greater recognition and appreciation of the physical sciences in our present time.

# FUTURE BUSINESS LEADERS OF AMERICA

Setting the pace for today's life in the world of business is the Future Business Leaders of America. The club has many activities including dances, regional and state contests, conventions, picnics, field trips, an annual awards banquet and most widely known, the bi-weekly pretzel sales.

Although the Sayreville chapter of the F.B.L.A. is only a small portion of the entire national organization, it is one to be proud of. The club has over one hundred members, striving to someday reach a zenith in the business profession through the excellent guidance of Miss Shirley Chalpinski and Mr. Stephen Cyrus.

## BLUE and GRAY WEEK

To show how much spirit the students at SWMHS have, each class picked a theme and dressed accordingly on their appointed day. On Monday the Sophomores dressed as Bonnie and Clyde and were shooting everyone in sight. On Tuesday the Juniors became little kids. Many a blackened eye and kneesocks were seen. On Wednesday the seniors showed their spirit by dressing as their favorite fictional characters. One wasn't surprised to see either Peter Rabbit or Mighty Mouse walking down the hall. Thursday was Blue and Grey Day and all classes showed their proudness of the school by wearing those colors. Friday was made Sunday Dress-up Day. Sunday finery was worn by all the student body and showed all the spirit the students have at SWMHS.

To promote awareness in the political, economic and social sciences is the aim of the Political Science Club. It was formulated for young men and women who are sincerely concerned with the problems of their local, state and national governments. During the meetings, members participate in political affairs, to develop their talents and to gain the experience necessary to prepare them for leadership in governmental activities. Its main contribution is the sponsoring of Youth Week, in which all politically minded students take part. This year, through the enthusiasm of the Political Science Club, a new, more improved Youth Week Program became a reality. The format of the future will include research for further advancement of school and local activities.

Girls' vocal groups in the school include the newly formed girls' choir, the chorus and the senior girls' chorus, all of which come under the supervision of Mr. Alan Mount.

All of the groups have been unusually active this year, participating in the Veterans' Day Assembly, the Christmas Assembly, and the Festival of Arts. The girls have also accepted invitations to perform for various community organizations. This year they sang Christmas carols for the residents of the Oakview Nursing Home. And every year, a large percentage of those in the Junior-Senior Musical are members of either the girls' chorus or choir.

# CREATIVE FILM SOCIETY

Everyone remembers the first movie produced by the Creative Film Society. "Spinning Wheel" was a huge success at S.W.M.H.S., partly because the cast of the film was the students themselves. However, this first movie was certainly not the last. This year the society began immediate production on a number of new films for the student body.

Because film-making requires skilled people to run the cameras, meetings are held where the members discuss topics for films and are instructed in the finer points of running a camera. The hard efforts and ability of the Creative Film Society are easily seen in their finished products, which they present to the students.

## PEP CLUB

To promote school spirit is the role of the members of the Pep Club of Sayreville High. In any kind of weather, members can be seen sitting in a roped-off section of the stands at a football or basketball game. Each week, members of the club make signs announcing games or meets. Members also join together to make posters promoting spirit and hang them throughout the school building. This year, the Pep Club made available to the school Bomber pins, with interchangeable charms corresponding to the sports season.

The determined members of the Pep Club hope that their promotion of school spirit will spread and amplify throughout the student body.

## BAND and BAND CLUB

The Band works to provide a continuous source of entertainment for the school. There is constant practice throughout the football season in order to organize the half-time performances. After football season, the band prepares for their Christmas production, which is performed for the school and the public. After Christmas vacation, the practicing resumes, in order to make ready for the concert. Also, at various times during the year, the band participates in parades, assemblies and band festivals.

Members, whose interest in the band extends beyond the playing of their instruments, join the Band Club. There, they are able to participate in the planning and organization of the band activities. ## FOOTBALL

When it comes to football the name of the game is "Hit." When it comes to Bomber football the action is "Hit" plus everything else a great team has.

The Bomber Varsity, piloted by Mr. Thomas Michaels, head coach, went into every game with a winning desire far surpassing that of the opposition. The desire and skill of the Bombers was achieved right from the start of the season, with tough practice sessions.

A season record of three wins and six losses gives a false indication of Bomber prowess. In conference action, Sayreville finished with a record of two wins and two losses which put them in a three way tie for second place.

Along with the 1969 season came four assistant coaches, two former All-Americans, who combined their experience and knowledge to complete the Bomber team. The assistant coaches were Craig Agans, Richard Denike, Michael Sandusky, and John Tyskiewicz.

Only in its third year of competition, Sayreville's Soccer Team demonstrated the strong attack and winning desire of an experienced team.

With eight varsity players returning from 1968 competition, Mr. John Hefelfinger, head coach, had an active nucleus on which to build an outstanding team. With the assistance of Mr. Robert Hudock, Sayreville also had a fine Junior Varsity team.

Through the first ten games the Soccer team allowed an average of 1.1 goals per game on defense. They also registered a record total of seven shutouts in one season and set the record for most goals in one game.

With a record of eight wins, three losses, and two ties, the Bombers assumed a well-deserved position in the State Soccer tournament suffering a final defeat by Ridgewood.

1969 CROSS COUNTRY TEAM — BOTTOM ROW, left to right: Coach Carcich, J. Platt, J. Friedman, L. Scheid, R. Zamorski, R. Cerankowski, J. Trzeciakowski. SECOND

ROW: M. Harrigan, W. Waelan, S. Jackson, M. Broin, and P. Sobko.

Sayreville's Cross Country Team has again proved itself to be a powerhouse. With the course lengthened from 2.3 miles to 2.5 miles Bomber runners worked harder to increase their endurance which would eventually result in victory.

Hard practice and team spirit were the two main elements that enabled the Cross Country Team to run to a record of seven wins, four losses, and one tie. The team placed second in the Greater Jersey Division and fourth in the Greater Jersey Conference.

Led by Coach Louis Carcich, the Bombers finished another successful season. The scoring was paced by Larry Scheid who had an individual record of ten wins and one loss in dual meet competition.

## INDOOR TRACK

Another phase of the Sayreville sports scene is the Indoor Track Team. Under the direction of Mr. William Doll, the Bomber track team went into another year of tough competition with county opponents.

"Our schedule was tough, but you should compete against the best" said Mr. Doll. Results of the competition can be seen in the team's final record of 1 win and 5 losses for the 1969-70 season.

Team members "are urged to do their best." The indoor season was highlighted by the county and state championships. The two mile relay team of Larry Scheid, Steve Jackson, Roy Cerankowski and Jerry Trzeciakowski placed fourth while setting a new school record of 8 minutes, 20 seconds.

# VARSITY BASKETBALL

Tradition ended at Sayreville this year as a new type of basketball style was instituted by Varsity Coach William Otte and used successfully by Bomber cagers. The deadly 'fast break' and the new spirit of the 'Balded Bombers' combined to create a devastating weapon against Bomber opposition.

The main goal of getting as many 'fast break' points as possible made up for the lack of height in the Bomber squad. Extra spirit was established as the Bombers took on a new theme song 'Sweet Georgia Brown' which was played during warm-ups before every home game.

Even though strong county competition caused many bomber set-backs, the determination to score and win was strong all through the tough season. The Bombers finished third in the Middlesex County Holiday Tournament but failed to qualify for a position in the state tournament.

Sayreville can look to another strong team in the future with the help of talented reserves and Mr. Carcich's J.V. team.

## GIRLS' HOCKEY

Knowledge, skill, team spirit, and the desire to win combined to make the 1969 Hockey Bomberettes a powerful threat to all their opponents. Daily practices under the watchful eyes of coaches Marcia Westaby and Susan Curato, drove this second year team to an impressive record of seven wins, two ties, and only one loss.

With thirteen of her fifteen varsity players graduating this year, Miss Westaby will rebuild her team next fall with the knowledge that the girls she will select from already have the desire to play and win as a team.

A penetrating offense plus a tough defense plus a desire to win combined to produce this year's Girls' Varsity Basketball Team known as a powerhouse to all opponents.

Under the experienced direction of Miss Judy Sunski, the Girls' Team finished the 1969-70 season with a fine record of 13 wins, three losses, and no ties. In the Holiday Tournament placed second only to a strong Manville Team which beat the Bomberette's in a 53-52 decision.

In scoring the Girls had a double threat furnished by Co-Captains Debbie Fraass and Diane Trent.

The Junior Varsity kept the pace by finishing with a record of ten wins and four losses coached by Miss Marcia Westaby. Congratulations to Coaches Sunski and Westaby and the Girls' Team for a fine season.

MRS. MIRIAM FEHRLE  
*Advisor*

THE JUNIOR VARSITY SQUAD consists of (kneeling) L. Oberuch, S. Rogers, E. Nilson, (standing) C. Coyle, M. Check, and C. Albert.

Inspiring both Bomber team members and fans with snappy routines and spirited yells are the Sayreville War Memorial High School Cheerleaders. Clad in their unmistakable blue and gray uniforms, the Cheerleaders provide confidence and winning desire for the teams and create an atmosphere of unity and school spirit wherever they go.

Under the careful direction of Mrs. Miriam Fehrle, the Cheerleaders display the ability, personality, and character on which they were selected.

These girls would put in many hours of practice in preparation for a future game. They were yelling even with the cold and many times rainy fall season for the football and soccer teams. This 1969-70 Cheerleading Squad has certainly helped to continue the spirited tradition of Sayreville High.

J. V. SQUAD — 1ST ROW: J. Choma, D. Caruso, G. Carter, E. Kelly. 2ND ROW: M. Murphy, D. Palmer, B. Hanas.

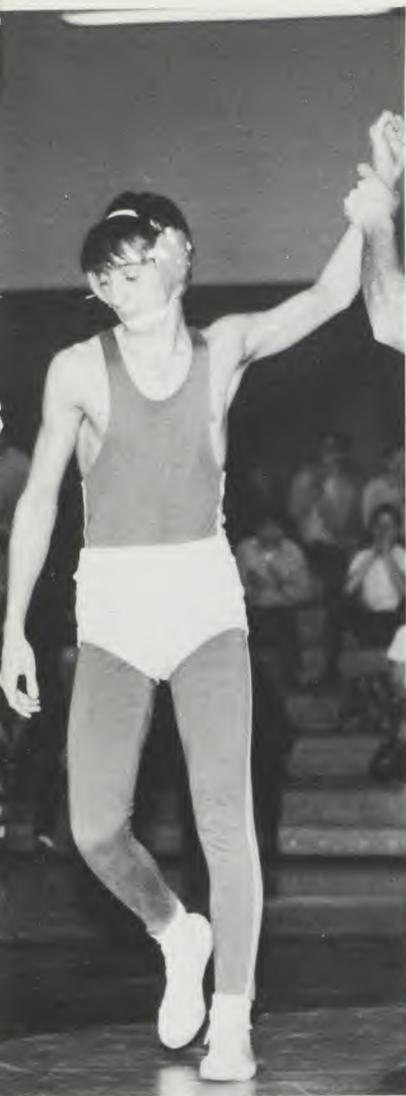

The greatest opponents to any team besides the opposing team are injuries and illness. For the 1969-70 Wrestling Team unfortunate injuries and illness came all at once leaving the varsity a record of 1 win and 13 losses.

But for first year coach, James Baker, the season, although unsuccessful, was the debut of eight fine wrestlers who will be returning again as varsity next year. Mr. Baker is working to build a new tradition in the Sayreville wrestling scene by giving team members more confidence and team spirit. Also, he is setting up new conditioning drills and wrestling tactics for future teams.

Led by Co-captains Paul Abeyta and Tony Guido the wrestlers displayed five excellent individual records by seniors Paul Abeyta (10-6) and Leon Gordon (8-6) along with juniors Tony Plinio (14-1), Steve Fisher (10-1), and Doug James (8-6).

The Junior Varsity under the direction of Mr. Joel Cheskin established their record of 1 win and 5 losses for the season.

## BOYS' AND GIRLS' GYMNAS TICS

Keeping with last year's winning ways, the 1969-70 Boys' Gymnastics Team went through their first 11 meets undefeated only to be edged out by 10 points against last year's defending champions, East Brunswick. The Bombers finished up the season with a strong win over Cedar Ridge bringing the record to 12 wins and 1 loss. Coached by Mr. John Hefelfinger, the Gymnastics Team saw many fine individual performances by team members, especially by Co-captains Jace Orlasky and Howie Clark.

Holding the pace with the boys in Gymnastics competition the Girls' Team posed their own record of 2 wins and 4 losses at the end of the season. Coached by Miss Susan Curato the girls worked more for style and grace in their routines. The spirit department was headed by Co-captains Karen and Cindy Ferenci.

## VARSITY BASEBALL

In keeping with past tradition this year's Varsity Baseball Team worked for another fine season in both county and state competition.

This year's varsity was made up of 10 veterans from last year's season along with three fine ball players up from the Junior Varsity.

Under the leadership of Mr. John Wortley, the team made it a goal to win every game during the season. The ultimate goal being victory in the State Championship.

Along with coaching younger players on the Junior Varsity, Mr. Thomas Michaels has been assisting Mr. Wortley. This combination of coaches and players plus a winning desire have given the 1970 Baseball Teams a successful season.

## OUTDOOR TRACK

“Streamlined” is the word for the 1969-1970 Spring Track Team. Under the guidance of Coaches William Doll and Robert Piotrowski, the team has assessed its goal to be a victory at every meet this season. The season hampered by spring rains and even a late snow storm, practice in the various events began in early March. Expected to be state leaders are Matt Anderson in high jump and long jump; Bill Spina in 100- and 220-yard dashes; Larry Schied in the mile; John Nahai in javelin; Jerry Trzeciakowski in quarter- and half-miles; Dan Mosakowski in pole vault; Gary Wallace in hurdles, and Steve Berke in shot-put and discus. Coach Doll predicts a fine winning season for the Bomber Track Team.
