Go placidly  
amid the noise  
and haste

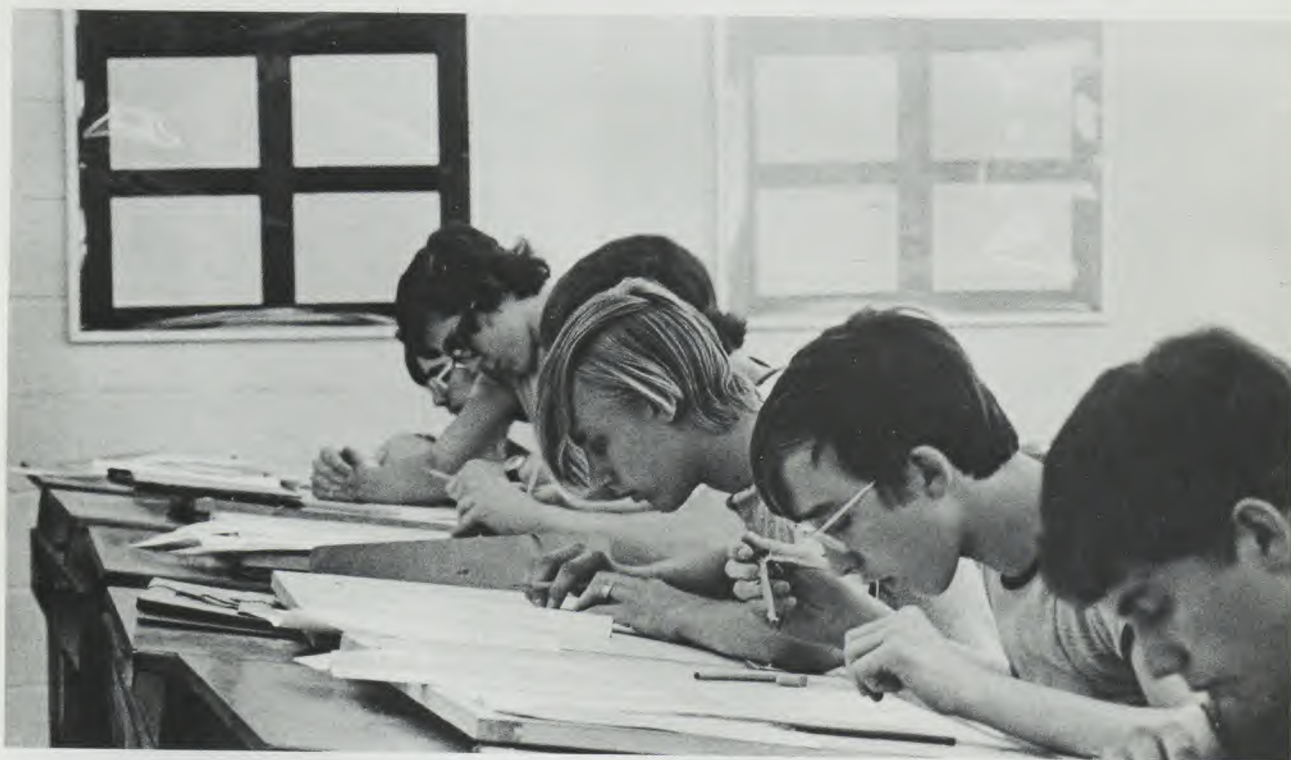

Remember the peace in silence

Keep interested in your own careers

It's a real possession  
in the changing  
fortunes of time

Many persons strive  
for high ideals

Everywhere life is full of heroism.

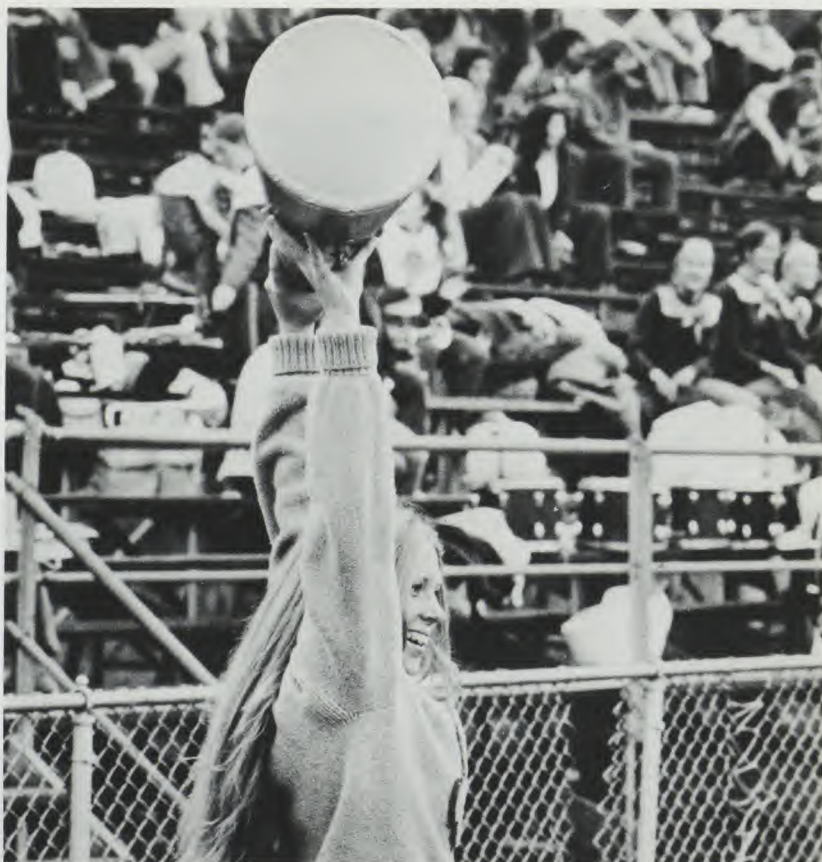

Be yourself

With all the  
sham, drudgery  
and broken  
dreams

It's still a beautiful world

Strive to be happy  
and remember that

Memories are made

# Curriculum

# Super- intend- ent

Each year presents new and different problems for the superintendent of schools and 1973-74 was no exception for our superintendent, Mr. Henry Counsman. With the Middle States evaluation visitation at the senior high, continuous curriculum revisions at the junior high school, the opening of the Truman School, and new curriculum thrusts in the elementary schools, this year particularly presented a special challenge.

The Middle States Evaluation takes place over a ten year period and, in the past, Sayreville War Memorial High School has always maintained accreditation. This year, however, Mr. Counsman feared heavy criticism of our school because of the library facility. The library lacks sufficient size for the growing student population.

In an attempt to alleviate this problem and other facility problems throughout the system, such as gymnasium space in both the junior and senior high schools, a special referendum was presented to the voters in September by the Board of Education. Mr. Counsman voiced much disappointment because of the defeat of this proposal. Despite this setback, however, he has pledged himself to propose another referendum to improve the school facilities here in order to preserve the high standard of education which has become a Sayreville trademark.

Several years ago, Rutgers University conducted a study of the elementary schools in our area. Their findings were published in the Rutgers Report. Mr. Counsman has been using this report in the past two years as he meets regularly with the various principals to work out new curriculum revisions throughout the school system. Some of his projects include a complete revision of the elementary science, social studies and language arts areas. He was also responsible for the introduction of Beauty Culture as a vocational offering in the senior high school. This year, he has been directing a revision of the elementary health and mathematics curricula.

The 1973-74 school year has found our superintendent faced with an increasing number of important educational problems. Yet, through careful thought, patience, and concern for the young people of Sayreville, Mr. Counsman tries to meet the challenge of our youth.

## Principal

"The relationship between student and teacher is education," says Dr. Marie Parnell, also emphasizing that schools exist for the students. Without this vital student-teacher relationship, the most elaborate schools would be worthless.

An active administrator, who is always seen throughout the school, Dr. Parnell is one of the few principals in the state who teaches classes. This added dimension enables her to personally observe areas that necessitate change. Through her understanding and foresight, Dr. Parnell has formulated continual improvements in the curriculum and the school community.

Dr. Parnell is proud of the curriculum improvements here at SWMHS and says that changes will always be made to upgrade the educational offerings. She takes great pride in the Middle Atlantic States Evaluation Committee's recent report commending our school for excellence in its curriculum and its progressive attitudes. Dr. Parnell also credits the Board of Education's progressive attitude in maintaining this ongoing standing.

Our school offers strong programs for all students, regardless of their career ambitions. The offerings vary from honors courses to those with a vocational and avocational intent. Dr. Parnell feels that a school must attempt to bring all students together, since we are all members of the same society and must cooperate after we leave school.

Many of our graduates remain in contact with our school, and Dr. Parnell relates this fact with much satisfaction. She is confident that our high school prepares its graduates for their future lives.

The Guidance Department provides services for all students. The counselors assist not only college-bound students but also those students entering a vocation upon graduation.

Each student is assigned a counselor, and through interviews, and the use of guidance materials such as tests, catalogues, and other references, a program tailored to the student's needs is developed.

As with all areas of our school, the Guidance Department prepared for the Middle Atlantic States Evaluation. The counselors are proud that they received a high rating from the committee.

The loss of Miss O'Donnell will be greatly felt by all.

Flexibility is an essential part of any English curriculum and the department has been successful in achieving this. There are many courses offered to provide training in language and literary skills as well as developing research abilities. Juniors and seniors can choose from a number of half and full year courses, as well as excellent electives open for anyone. One future project is a new media course designed to provide students with a background in this growing profession.

Each year, a \$100 award is given by the English Department to the most promising student.

# Foreign Language

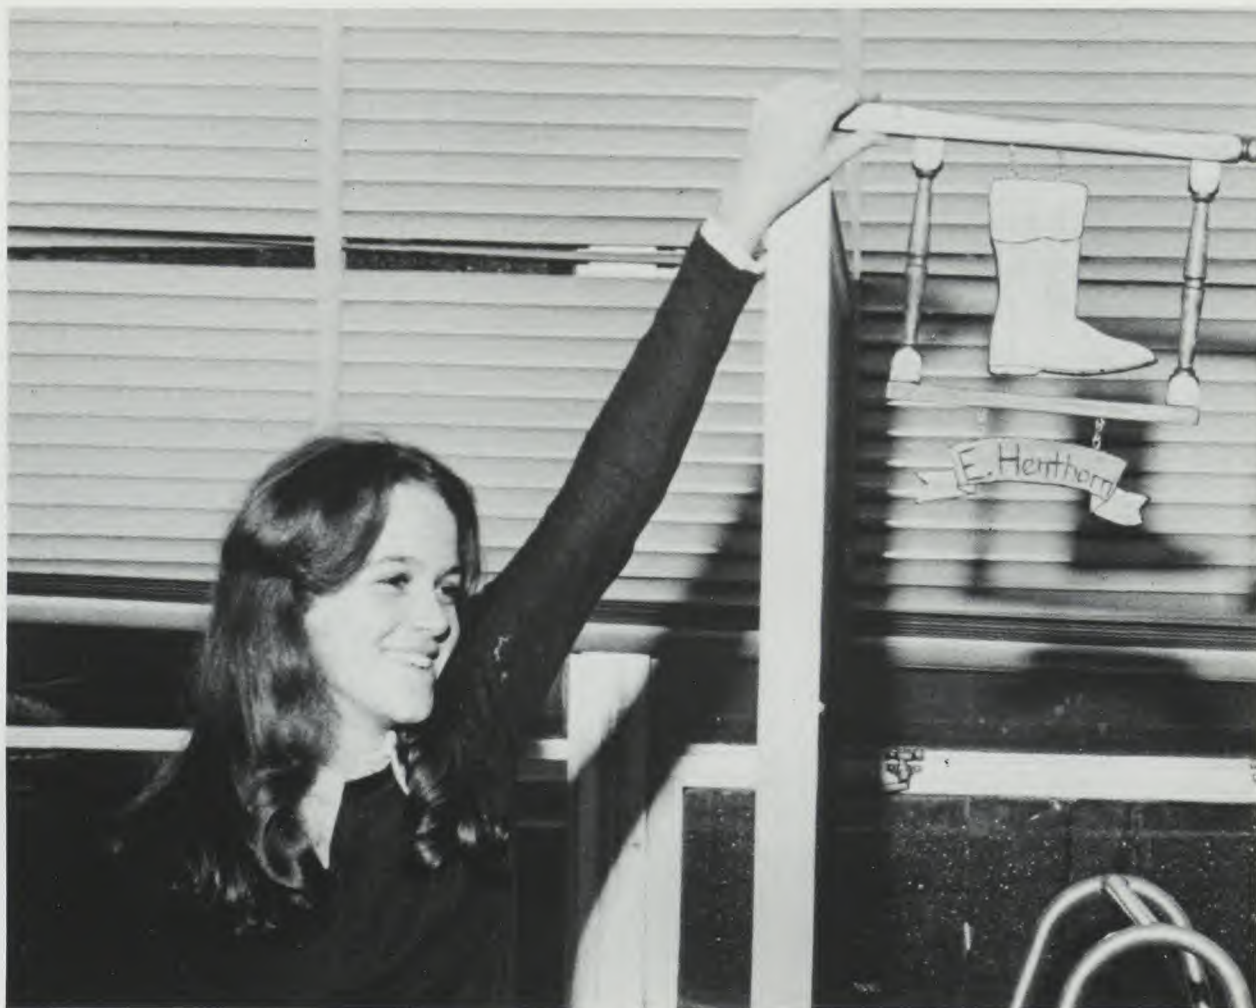

To teach students to speak, read, and write foreign languages, the department has some excellent classroom programs. While oral work is still most important, eight text books, together with various audio-visual aids such as filmstrips, records and actual slides, provide a wider scope of learning.

The introduction this year of a fifth year Spanish course offers an extended exposure to interested students. These students, together with those in the fourth year language courses, represent Sayreville's best language classes.

A graduation award from each language club goes to the senior excelling in that language area.

# History

The History Department works to prepare students with an understanding of past events in order to develop a better future. To present a more contemporary atmosphere, nearly all the courses are now half-year electives.

This year, seniors had the choice of four such courses, all of which dealt with current affairs. Each one is geared to acquaint the students with problems they are sure to encounter. Also added this year were a course in Labor and Management and a study of American History through arts and crafts. Both have been successful.

Awards given by the department are for excellence in History, Excellence in U.S. History I, and Excellence in U.S. History II.

Seeing Math as a necessary function of life, the Math Department works to prepare students to meet this challenge.

The department feels that both the Math major and the average consumer can benefit from courses in probability and simple Algebra. The number of computer classes have also increased this year to meet the demands of the computer age. In addition, students from the honors courses, Calculus and Advanced Probability, are eligible to compete in the "Mathelete" program. Held once a month, this program brings together students from all area high schools. They are given the same problems to do, and the school with the highest number correct is the winner. In June, scholarship awards are given by the Board of Education and the Math Department.

As always, Science is taught to help students with their vocational and avocational needs. However, the department feels that methods must always change to keep the subject relevant. This year, more General Biology and Chemistry courses have been offered than ever before due to the trend of students to shy away from the college preparatory courses. Although the General courses in the past have been considered less burdensome, they have now been enriched to give the student a more complete science program.

A number of graduation awards are given for Biology and Chemistry. These include: the *Bausch and Lomb* Medal; the Chemistry Award; the Biology Club \$100 award, based upon the highest scholastic average in science, and the Faculty Award of \$10 to a deserving student.

Providing useful vocational knowledge and experience is the main purpose of the Industrial Arts Department. Students are supplied with practical experience in a shop setting through individual instruction and projects.

This year brought a complete revision of the courses in terms of behavioral objectives as well as reevaluation of the course of study in each shop itself. Specific programs such as notebook tests and "mock ups" of home plumbing and electrical systems have also been implemented to make students more involved in their vocations. Girls have also been given recognition of their aptitude in these fields.

The five awards given at graduation are: Best all-around IA Student (Board of Education) the Marchut Award, Outstanding Achievement in IA, Thomas Dolan Award, and for General Excellence in IA.

Giving students a basic understanding of the world of business and economics, along with preparing students to enter business after graduation, are the aims of the Business Department. The department tries to accomplish this through various courses, co-op programs and job placement. This year the curriculum includes Word Processing and Office Simulation as a means of exposing students earlier and giving them more experience in different areas. More students have been allowed to participate in Cooperative Education, a program which combines work with school. Previously, this program was open only to outstanding students.

Awards given for vocational competence include those to the outstanding typist and stenographer. In addition, awards are given by the Gregg Company along with the local business and professional organizations which recognize achievements in these fields.

# Art

While the basic goal of the Art Department is to develop artistic talents, the Department feels that education in art history is an integral part of the art students' education. To accomplish this, art history has been incorporated into all courses. In addition, semester courses such as Stage Design, Creative Crafts, and Jewelry and Metal Enameling have been introduced this year. Another special course was the two period art workshop in which more than a dozen exceptionally talented students were allowed extended self expression.

At graduation, there is a \$100 award from the Board of Education for the Outstanding Artist, a \$25 award from the Art Department for excellence in arts, and a \$10 award for versatility in Art.

The Music Department uses student participation, involvement, and preparation for audience consumption as a means of carrying out its goal. The Department feels that performance for an audience is the best incentive for development of musical skill. Concerts during Christmas and Spring are two opportunities for all students in music courses to participate and show their accomplishments. A staggered in-school practice schedule, which allows each musical section concentrated practice time has been introduced.

At the end of the year the most outstanding Choral and Band members receive trophies and plaques. In addition, the most improved band student receives the John Phillip Sousa Award.

Pride and development for each student is the goal of the Physical Education Department. Gym teachers accomplish this through the various programs of exercise and games in the classes.

It is required that all varsity sports be taught through the year. However, because of large class sizes and limited teaching stations, no drastic changes have been incorporated into the curriculum this year.

Individual students are able to gain scholarships and awards through their excellence and potential in any particular sport.

# Home Economics

The foremost goal of the Home Economics Department is to give students practical and useful knowledge for their future lives. To accomplish this and to meet the changing needs, the department aims toward more individualized training. The recent inclusion of Boy's chef and tailoring is helping to eliminate sex roles, thus giving everyone a better chance at future success.

One award given in this area is the Betty Crocker scholarship for which any senior girl can compete. Other awards are \$100 from the Board of Education, Sewing awards from the Jr. Women's Club, and \$10 for the best student in Vocational education.

Writing stories, selecting the right pictures and capturing the highlights of the school year is the purpose of Quo Vadis. Meeting deadlines is only half the fun. There is also identifying the numerous clubs and activities. This year the staff has attempted to gear the book more to the students by selecting candids of all forms of school life.

## Echo Lites

The 1973-74 Echo-Lites, advised by Mrs. Baumann reported the school activities in its annual eight issues. Picking up assignments, stalking an unsuspected victim for an interview, and meeting deadlines was the monthly make-up of a staff member's diet. Armed with pad and pencil, their illegible scribbles blossomed into a 4 page issue. Through various fund raising activities, the staff raised enough money to go to Columbia University to attend a seminar with other high school newspaper members.

President Debbie D'Amico beams a smile.

Student Council sponsors a number of activities throughout the year. At homecoming, they present their own float "Rhapsody in Blue," on which the candidates ride. Halloween marked the beginning of the Unicef drive, where the council generously donated money for each student that dressed in the ghoulish style. Gathering old clothes and packing them in brown paper bags is their next job, as Student Council participated in the Save the Children Clothing Drive. March of Dimes was later on the agenda, as council members paraded through the halls shaking their quick filling canisters and bags of lollipops. A big success of the year is the council blue and gray week, in an effort to promote school spirit. Milk and Donuts, a new concept at Sayreville, was initiated this year to try to awaken the sleepy student.

## Homecoming '73

On October 20, Sayreville held its traditional Homecoming with the Bomber football team facing Matawan. Festivities began as the band paraded across the field and saluted the Homecoming candidates and Alumni.

Floats glided in front of the stands as the Homecoming Queen, Darlene Spezzi, participated in the pre-game coin toss.

Halftime activities included a special marching unit presentation, and the traditional parade of the floats.

The Student Council Float, "Rhapsody in Blue," holds the five lovely Homecoming candidates. *Front left:* Lillie Ashe, Pat Fleming. *Top left:* Marie Lenahan, Jill Rodgers, Darlene Spezzi.

The sophomore float, "It's a Small World."

The senior float, "Yesterday Once More."

To help celebrate Homecoming, the sophomores, juniors, and seniors each create a float which depicts a theme selected by their class. After many hours of strenuous work, the floats are finally unveiled at homecoming. They were judged, and then the winner, the junior float, "One more time around," received a twenty-five dollar award.

## Blue and Gray Week

During the week of February 19th there were a variety of old familiar faces in our school. On Tuesday, one wandering through the halls met some of their favorite old stars, courtesy of the junior class. Wednesday you cautiously walked hoping not to find a sophomore gangster or one of his mugs. On Thursday the seniors reverted to their childhood dressed as their favorite storybook characters, which set the stage for Friday when the entire school saluted the fifties.

# National Honor Society

Those students who rank highest in character, service, leadership and scholarship, become members of the National Honor Society. Membership to this society is restricted, and students are elected in the spring of the junior year and twice during the senior year. Each spring there is a ceremony in which newly elected members are inducted into the society.

## Biology Club

An interest in biology is the only requirement to become a member of the biology club. The club presents books to the senior with the highest average in science during his high school career. Science books are also donated to the library.

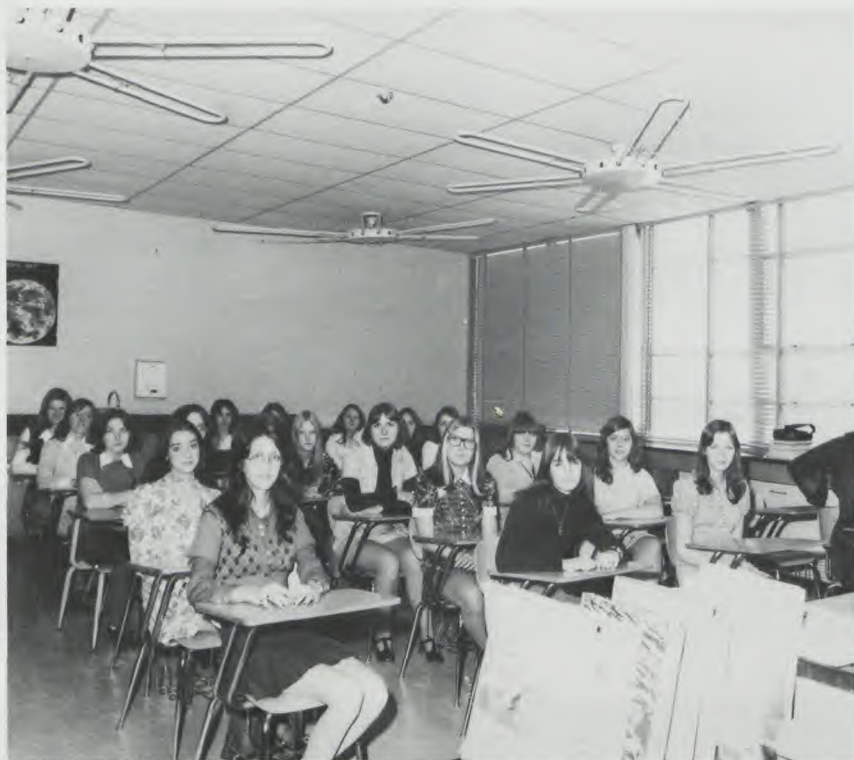

President: Tom DeCaro

## Ecology Club

Students interested in preserving our world's wild life is the foundation of the ecology club. Here students meet and discuss improvements for our environment.

## Future Teachers of America

People with a giving spirit are the Future Teachers of America. Every member contributes time and effort to tutoring local school children with learning problems. Their experiences give them an opportunity to acquire skill in teaching and often the basics for a future career. But more important is the personal satisfaction gained from helping someone who needs you, and doing it for free.

## Library Council

Shelving books, distributing overdue slips, sorting mail and manning the loan desk are just some of the areas in which the library council is active. All girls in the club work during their homerooms and study halls, and participate in the candy sales, book fair and theatre party in May. At the end of the year three scholarships are awarded to the outstanding senior members. The club was formed to foster an appreciation for libraries and their function but Mrs. Simko believes from this experience can come a vocational interest.

## F.S.A.

Improving secretarial skills is the main objective of the Future Secretaries of America. They also plan activities such as "secretaries sister" for a day, in which students help a secretary on the job.

## D.E.C.A.

As a self-supporting club, the Distributive Education Club of America, under the supervision of Mr. Schmeyer participates in school and community projects, state, regional and D.E.C.A. activities.

D.E.C.A., which has a great deal of participation by the senior class Distributive Education Students, was started to further develop education in marketing and distribution. This will contribute to occupational competence and promote understanding and appreciation for the responsibilities of citizenship in our free and competitive enterprise system.

## F.B.L.A.

As the world of business grows, so does the Future Business Leaders of America. This club, one of the most active in school as well as out, sells pretzels and candy, holds meetings which must follow a strict parliamentary procedure, participates in state contests and state evaluations of the club, supports community service projects, and goes on field trips.

The students in this organization take great pride in the fact that they are business students who will serve as competent members of the business community.

## Spanish Club

An annual festival is the highlight of the year for the Spanish Club. They attempt to instill appreciation of the Spanish culture.

## French Club

In the spring, the French club held its annual Mardi Gras. Every member worked to make French food and provide French entertainment. The proceeds from this event were used to finance a trip to a French restaurant and film.

This year the German Club presented the annual Oktoberfest. This festival's goal was to introduce German customs and language to the student body in Sayreville.

## SPII

The Society of People for Industrial Improvement's goal is to achieve through sight and sound forms of art such as comedy and drama. This organization has created different slide shows such as the annual year book assembly. They also have done an assembly for the band and use their creativity to give us their interpretation of our school life.

## Math Club

A group of students interested in the pursuit of Mathematics comprise the Math Club. Through films and manual calculations, they attain an enriched background in the principles of Math. Calculus, probabilities, and computerization are also discussed with these potential mathematics majors. Mr. Gebauer, advisor, tries to stump the members with complex problems meant to boggle the mind.

## Chess Club

Interested in chess? Well, this club may be just the jump you should take. It's prime objective is to get people interested in the game, its rules and strategies and its fascination, all leading to a planned tournament game.

Though many of the members already know the game, they will gladly teach it to any willing fan.

ADVISORS: Mr. Evanovich and Mr. Gilfillan.

# Pep Club

"BOMBERS ARE THE BEST!" "GO!" "FIGHT!" "WIN!" are some of the familiar signs around school. The club members, in addition to their spirit-boosting posters, lend their support at sports events as well as sponsor student buses to away games.

## Paint and Powder

Up there among Helena Rubinstein and Max Factor is our own Paint and Powder crew. An integral part of all theatre productions, they work wonders as they apply their techniques of make-up to the cast.

Club members, through a spring program, help new members acquire and improve their make-up skills, thus insuring continued make-up excellence at future theater performances.

ADVISOR: Mr. Resh helps out with the scenery.

## Stagecraft

Under the direction of Mr. Resh, stagecraft constructs and paints scenery which greatly contributes to theater productions.

## Fall Production

Unlike previous fall productions, this year's entry was a comedy, *Cactus Flower*. It dealt with a fun loving dentist, Dr. Julian Winston and his obsession to keep his bachelorhood. To avoid marriage, he tells his zany girlfriend, Toni Simmons, in total honesty, he is already married. His prudish nurse, Miss Dickenson, hesitantly assumes the role of his spouse. Slowly, as the cactus bears a flower, Stephanie Dickenson blossoms into a warm and loving woman. And, at the same time, Dr. Winston's innocent lie becomes a realization.

## A Happy Journey to Camden and Trenton

The first of the one acts, "The Happy Journey to Camden and Trenton," is a warm, sentimental look at the closeness of a family in the 1930's. The story is a character sketch of Ma Kirby, her family, her humor, strength, and unifying nature. Her warm concern is demonstrated near the close of the play as she comforts her daughter who has suffered through the anguish of a miscarriage.

"No, no that's wrong, that's wrong." "Oh how my tooth aches."

"The Lesson," by Eugene Ionesco centers around an eccentric old professor and his young, seemingly brilliant student. It is an intricate satire on education, politics, and people. A closer look, however, reveals that the stifling of knowledge can lead to a decadent society.

"Anyone care for a cup of small change."

## Socialibility

To add humor to the night's performance, "Sociability" by Charles Dizenzo was presented. It is a straight forward satire on the American way of life, or how to "keep up with the Joneses." The play dealt with two middle class couples and their compulsive attitude toward having a superior status in society. As the play progresses, so does the level of obnoxiousness, as each couple tries to outdo the other. "You know, you look just like you do at work only more so" "I like you at the office, but here I really like you" "Why don't you try our new sofa?" "It cost a thousand dollars" But as the lines continue, so does the smiles and the humor.

## Concert Band

Product, summation, and culmination of Band's total growth this year and past years has been improvement, and learning experience. The varied and balanced program of the spring concert this year ranged from a Sousa march, through MacArthur Park and West Side Story, to Tsychaikovsky and original contemporary band compositions. This program provided a challenge and learning experience as a result of necessity of expanded musicianship.

## Choir

The choir, participates in the Christmas and Spring concert and most assemblies. The 3 groups, top left, sopranos I, middle sopranos II and bottom altos blend together to produce harmonious sounds. With Mr. Mount, the officers, president Bonnie McArthur, secretary Jill Suchowiecki, treasurer Sue Giera, choir mother Diane Nunes, and the executive board Diane Glinsky, Melanie Smizawski, Cathy Paluszek, and Chris Miglin, strive for a musical year.

CHORAL DIRECTOR Mr. Mount.

# Marching Band

Under the instruction of Mr. Byron L. Kindig, the band marched out on the field with their new uniforms and a new sound that a summer band camp in Pennsylvania developed. To raise money to attend the camp the students participated in various fund raising activities, such as bumper sticker sales, white elephant sales, and car washes.

Although the band is small they are very active and participate in the Edison and Sayreville Halloween parades, the Woodbridge Christmas parade, the Memorial Day Parade, halftime shows, pep rallies, and exhibitions such as the "Home News Festival."

In future years the band plans to increase in number and continue striving to accomplish its goal of individual and group perfection.

## Drill Team

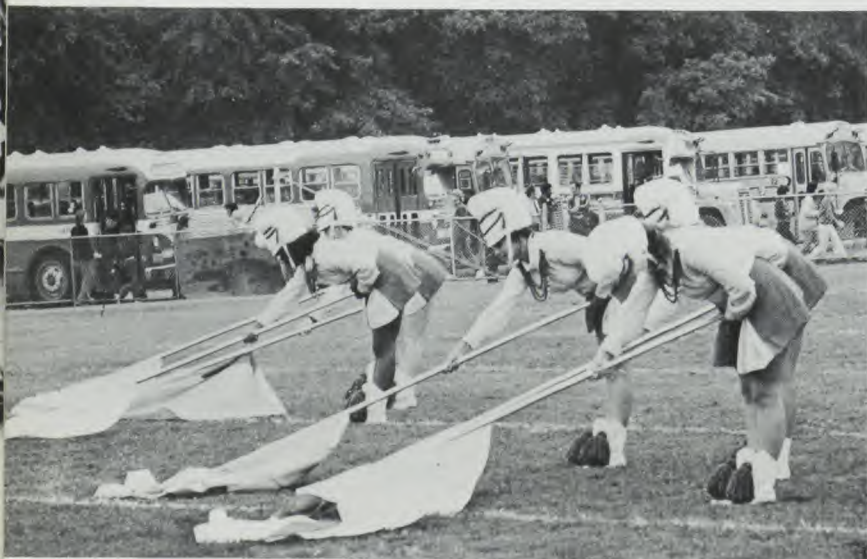

Instilling school spirit is the main objective of the Drill Team. They accompany the band by doing various pom-pom routines during the marching season. They also participate in all the marching unit's fund raising activities. This year the Drill Team was led by captain Kathy Price and co-captain Jean Donella.

## Color Guard

The color guard, which is under the supervision of Mrs. Barbara Groncki, consists of 6 flags, 4 rifles, and 1 sabre. In conjunction with the band, the color guard demonstrates its individual skills under the command of Linda Cuomo — captain and Sue Falk co-captain. At pregame and halftime shows, pep rallies and basketball games, they promote school spirit. The color guard participates in all activities with the marching band, including all fund raising activities, so they also attend band camp in the summer.

## Twirlers

If you smelled something burning last fall, you shouldn't have pulled the fire alarm. It was only the twirlers working on their latest routine, fire batons which made its first appearance at the Homecoming game. The twirlers' act could be caught at halftime and pregame shows, parades, and all the marching band's activities. The 12 girl squad showed a different kind of skill when they helped raise money for summer band camp.

# Cheerleaders

A familiar sight at all football and basketball games, pep rallies, and wrestling meets is the cheerleaders. Under the instruction of Mrs. Miriam Fehrle and led by varsity co-captains Lisa Berke and Pat Fleming, they cheer to promote school spirit and lead the student body in cheering the "Bombers" on to victory.

The cheerleaders proved their skills as they won their ribbons at Glassboro State College cheerleading camp and when the varsity squad took third place in the Golden Cup Cheerleading Tournament. The Junior Varsity Squad led by Nancy Marsicano also took first place in the Golden Cup Tournament.

Coach Sandusky attributed the Bombers' losing season to a combination of tackling mistakes and fumbles at critical moments. The only win came against New Brunswick, 13-6. Although posting a 1-8 mark, the squad was always "in" every game.

A good example of the team's ability was the Colonia game as the Bombers held a 7-6 lead over the powerful Patriots late in the 4th quarter, only to lose 14-7.

In addition, Sayreville was the first team in the county to score against top-rated Cedar Ridge when soph Ralph Vicidomini ran back a kickoff 80 yards for a score.

Ray Megill was the top rusher and, along with Buddy Haines, led the team in scoring. Haines and Andl were also the leading tacklers.

Senior Walt Majeski captured honors with his selection to the 2nd team All-Middlesex County squad.

## Sophs Win; J.V.'s Even

Sophs had the only winning football team this year and ended the season with a 4-3-1 record. The wins came as the squad toppled Cedar Ridge, So. Brunswick, Edison, and New Brunswick.

Ralph Vicidomini, Steve Scillitani, and Brian Swider were the teams strongest assets. Quarterbacks Darrel Speiker and Tony Brodniak were strong with each playing two quarters of every game.

Ralph Vicidomini was the leading ground gainer with over 300 rushing yards and top scorer with 8 touchdowns, one made by running a kickoff back 95 yards.

Wins over Colonia, Perth Amboy, Carteret and New Brunswick gave the J.V.'s an even .500 season. A strong line and backfield supported Joe Krainski as quarterback for the team. Dan and Dave Coyle on defense were considered outstanding, along with Brad Pervell, Jack Fraass, and Gary McDermott as linesmen.

Joe Kriskowski, Kevin Gallagher and Mike Wynn, who made a spectacular catch and run to score the winning points against New Brunswick, were the squads strongest backs. Since many players were often playing both offense and defense with no back-ups, Coach Helwig attributed the losses to "lack of depth."

## Rebuilding Year for Soccer

The Varsity Soccer squad, with only 3 lettermen returning, posted a 7-9 mark and just missed the state tournament. Senior Bob Fuentes scored 12 goals this year giving him 33 for his career, breaking the old school record of 26. He was named to the All Conference and All County teams in addition to Honorable Mention on the All-State squad.

Coach Hefelfinger cited Jim Needham for his excellent defense and Bob Zgorzynski for his excellent play-making. The two, along with Fuentes were the tri-captains. Calling this year "a rebuilding one," Coach Hef feels that with 8 returning lettermen and some promising J.V.'s, next year's squad will be a good one.

Coach Hef

Wins against South River, Woodbridge, Metuchen, and New Brunswick gave the Bomber J.V. Soccer team a 4-8-1 season. Coach Hudock attributed the losing record to a lack of experience, for many of the players were participating for the first time. Leading scorer for the team was Rich Balon with 5 goals. Other outstanding players cited were Norman Black, Ron Bailey, Ken Haklar and the team's two goalkeepers Russ Robbins and Jay Buckiewicz.

Setting a firm basis for future Varsity teams, the J.V.'s had a fine season with a 9-1-1 record. Sophomore Gail Eckstrom made 8 of the 21 goals and will probably fill a vacated Varsity position.

## Bomberettes Post Another Successful Season

*Standing, l. to r.:* Mgr. J. Nowak, L. Burns, N. Eckstrom, K. Nelson, K. Last, S. Denk, S. Popowski, N. Keister, Coach M. Westaby. *Kneeling:* K. Costello, M. Neira, B. Cannella, P. Geletei, D. Eichler, D. Glinsky, M. Lenahan.

Maria Neira scoring 1 of her 15 goals.

Senior Maria Neira, scoring 15 of the team's 29 goals, led the Bomberettes to a 4th place finish in Central Jersey. Seven goals by junior Debbie Eichler, 4 by senior Paula Geletei, and 1 apiece by Diane Glinsky, Kathy Last, and Sherry Popowski rounded out the scoring as the team finished with an impressive 10-2-2 record. Bomberette losses came only to highly-rated Princeton and Shore Regional. With players from this year's fine J.V. team, next year's squad looks promising.

With junior Cliff O'Brien setting the pace, the Cross Country team won 5 of its first 6 meets. The team met with some obstacles and balanced out 8-8.

Senior Bob Gutkowski finished his first Cross Country season by taking an outstanding 5th place in the Conference Championships and placing 19th in the County Championships. Though O'Brien suffered injuries throughout the season, he finished 20th in the County Championships.

Other important members of the team were Tim O'Connor and Anton Pijanowski who competed for the team's third position. Next year looks to be more successful even though seniors Bob Gutkowski, Tim O'Connor, John Lawson and Bob Eckhardt are leaving.

## 66 Highlights Season

As the season progressed, so did confidence and team scores. The highest team score for the season was 66 against Highland Park. The individual scores for each event were: 6.9 for floor exercise, a new school record by senior Lori Krypel, 7.0 for Debbie Fig in vaulting, 5.9 on the beam by Lori Krypel and 5.5 for senior Nancy Eckstrom on the unevens.

Sr. Bruce Arden displays exquisite form on rings.

The 1973-74 varsity gymnastics team turned in another successful season compiling 11 wins and 1 defeat, ranking number 4 in the state. However, it was also a disappointing finish for the Bombers, as their co-captain, Buddy Haines, was lost early in the season due to an injury. This hurt the team's hopes of overcoming powerful East Brunswick, the only team to defeat the Bombers.

Senior co-captain Jack Kerr was the main reason for the teams' success as he captured 46 first places and a new school record. Jack also set school records on the parallel bars and the horizontal bar. Seniors John Fig, Bruce Arden, Dan Slusher, Doug Clark and Steve Telson contributed greatly to the teams' success and finished their careers with a total of 36 wins and 5 defeats.

In the individual championships John Fig, Bruce Arden and Dan Slusher placed high, while Jack Kerr emerged as one of New Jersey's finest all around gymnasts.

The 1973-74 Bomberettes compiled one of the best seasons in the eight years of girls varsity basketball, ranking among the top 5 in the conference. Outstanding contributions were given by senior Claire Burbank on defense, and junior Sherry Popowski on offense. The team posted a 12-5 record with the most exciting game being played against our arch rival, East Brunswick. Trailing by a score of 40-41 with only seconds to go, co-captain Claire Burbank rebounded the ball and on the buzzer put in the winning basket, defeating the Bears 42-41.

Guard Wayne Kreiger prepares to hand off another assist

One more for rebound leader Ray Borup

Led by Middlesex County's Player of the Year Steve Makwinski, the Bomber Varsity squad completed the '73-'74 season with a 17-7 record. Highlighting an already sparkling career, Steve became the highest scorer in Sayreville history with 1546 points, as well as averaging 24 points per game this year.

Wayne Kreiger and John Wojcik, the guards, also had brilliant careers. Wayne broke the record for most assists in a career with 320, as well as for most assists in a season (137). He also averaged over 8 points per game. Averaging over 9 points per game, John proved to be a vital part of the team. In his three-year Varsity career, he had 834 points, and 241 assists.

Though one of the shortest centers in Central Jersey, Ray Borup averaged nearly 11 rebounds per game, along with a hefty 10 point average.

In 4 years (including freshman year) these players have compiled a 74-28 mark. It has been termed: The end of an era. But according to third-year coach Pat Dineen, "They've re-established the winning tradition in Sayreville basketball."

## J.V.'s Post Excellent Record

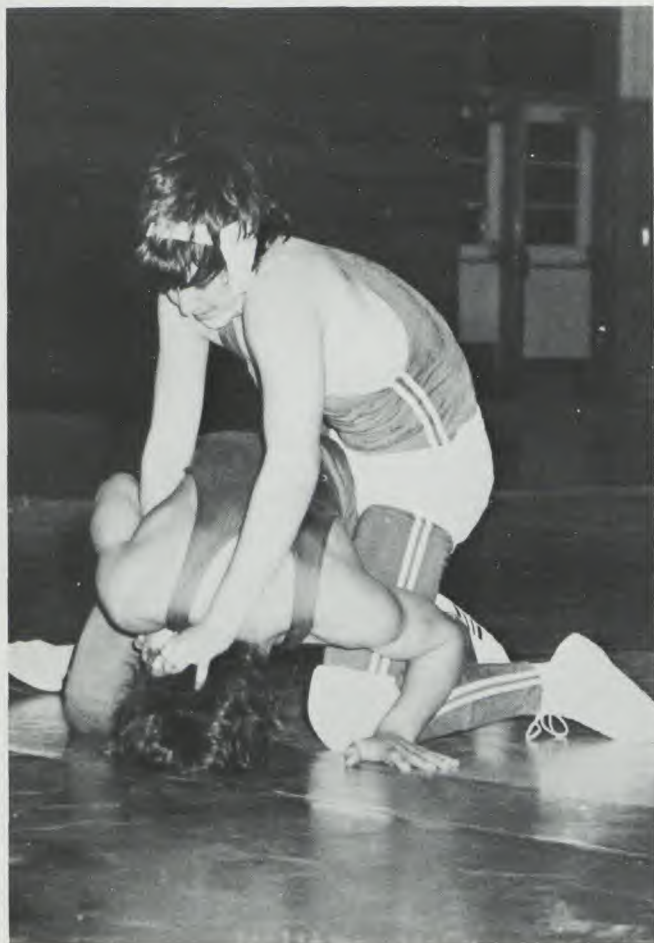

The Junior Varsity basketball team, under the direction of Coach Bob Piotrowski finished the 1973-74 campaign with an excellent 20-3 record. Bob Mayhew led the squad with an average of 17 points per game. Highlighting the season were victories over rival Perth Amboy (in overtime), East Brunswick, Madison Township, and John F. Kennedy (Iselin).

Although the J.V. Wrestlers concluded the season with a successful 6-5-1 mark, Coach Buydos thinks the record should have been better. "There was a lack of wrestlers in the lower weights and we usually had to forfeit 2 or 3 weights each match."

The highlight of the season came when Ron Burke, 230 lb. H.W., wrestled an undefeated 325 lb. H.W. from Thomas Jefferson. Ron won one of the biggest upsets of the year by pinning his opponent early in the 2nd period.

Senior Ron Schaefer goes for a takedown

The Varsity Grapplers finished with a 5-9 mark. Soph Steve Scillitani, wrestling at 158, was the team leader with a 17-3-1 record and a 2nd place finish in the Districts. He is Sayreville's first sophomore to reach the Regionals.

Junior Dave Coyle (141), sporting a 12-4 mark, took 4th place in the Districts. Senior Ralph DeCristofaro (188), with an 8-7 mark, lost to the District Champion by 1 point twice, once during the season and once during the tournament. He took 3rd place in the AAU competition and, according to Coach Cheskin, was the most improved wrestler. Senior Ron Schaefer (115) also had a winning season, at 8-7.

Coach Cheskin says the prospects for next season are good, and he hopes to break .500.

# First Season Begins With Victory

Boys' tennis is another new sport added to Sayreville's athletic program. Led by Dennis Walsh and Bob Raimond in doubles and Ron Sedlak and Bob Eisenberger in singles, the squad started their campaign by defeating New Brunswick.

Coach Krako feels that this year should provide experience for the squad which is composed of underclassmen. The team has 20 matches scheduled.

J.V. SQUAD: L. to r., standing: M. Cannon, W. Sudnikovich, M. White, J. Krainski, W. Kuhn, B. Schroeder, K. Muroski, R. Shanley, K. Gallagher, Coach Malara. Kneeling: G. Novak, R. Rowley, M. Buckley, H. Polihrom, A. LeDunne, T. Pedrik, T. Cassidy, P. Douglas.

The nucleus of the ball club centers around a strong pitching staff led by All-County, All-Conference star Steve Makwinski, and Brian Lynch and Hank Zaleski. A veteran infield of John Andl, Ray Borup, Bob Fuentes and Wayne Kreiger and the strong catching abilities of All-Conference John Wojcik add strength to the club.

The defending Conference Champs have a tough schedule of 24 games in 43 days. They opened their season by defeating Wall Township.

# Team Depends on Returning Lettermen

Coach Willis looks to returning lettermen to continue the winning softball tradition. The team posted a 12-1 mark last year, with the only loss in the semi-finals of the sectionals.

Led by pitcher Lauren Burns (10-1), infielders Karen Nelson, Sherry Popowski, and Diane Glinsky, catcher Kathy Costello, and outfielders Nancy Eckstrom and Donna Collella, the squad plays 15 games in addition to the County Tournament.

Hard-hitting Kathy Costello demonstrates perfect batting form

1st row, l. to r.: Mgr. B. Unkel, L. Burns, K. Costello, J. Vee, M. Plawski, C. McKeon, C. Costello, G. Fox, D. Guancione. 2nd row, l. to r.: D. Glinsky, D. Collella, S. Nardone, S. Denk, L. Sherrie Popowski tallies another run for the highscoring Bomberettes.

# Spring Musical

## Guys and Dolls

"I've never been in love before . . ."

"It's the oldest established permanent floating crap game in New York."

"Society Max, Brandy Bottle Bates . . . !"

enny that is Nathan's weakness, and we must be tolerant of it."

"Adelaide pigeon! Nathan, darling!"

Director, Patrick H. Arvonio

This year's spring musical production was *Guys and Dolls*, a comedy depicting the life of the typical thug and his doll in the late forties. It centers around Sky Masterson and his attempts to take a straightforward soul saving mission doll, Sarah Brown, to Havana to win a bet.

The bet is made by Nathan Detroit, part time proprietor of a floating crapgame. His blonde doll, Miss Adelaide, a dancer at the Hotbox night club, feebly attempts to get Nathan away from the game and into the church. Eventually, Nathan and Sky give up and get married to Adelaide and Sarah. "Call it sad, call it funny, but it's better than even money that those guys only did it for their dolls."
