Junior Prom

A Hollywood Affair took place at the Pines Manor in Metuchen on Friday, May 2, 2008. Kerry Fitzsimmons was crowned Prom Princess, and Kevin Chang was Prom Prince. Their first dance was the song of the night, "I'll Be" by Edwin McCain. Advisors Mrs. Corvino, Miss Farrell, and Miss Grimm helped the prom committee, which was led by chairpeople Sonya Shah and Olivia Welna, prepare an amazing prom that was enjoyed by all. The hall was beautifully decorated with a huge movie reel, and the tables were lined with black tableclothes cut out to look like film strips. The night will definitely be one to remember for the Class of 2009.

Student vs. Faculty Basketball Game

Students and teachers alike gathered together on the night of May 29, 2008 to test their skills at the Students versus Faculty Basketball Game, hosted by Peer Leadership. The game was intense, and every player held their own, but the students ultimately triumphed over their teachers. The real entertainment of the night, however, was the halftime activities that members of the crowd participated in. Everyone had a good laugh watching friends and family members shove their faces into bowls of cereal, eat donuts off a string, and push a marble across the floor with their noses. But the fun didn't stop there - audience members were also treated to amazing performances by Platinum Soundz and Perpetual Motion. All in all, the night was a great success!

Powderpuff Football

Where can you find the girls on the football field and the boys cheering on the sidelines? The Powderpuff Football game of course! But don't be fooled by the cute name--this is not an ordinary game of football. Its an extremely exciting and competitive event, where the stakes are high and the reputation of the seniors is on the line. On June 5, 2008, the Class of 2008 and the Class of 2009 both played a great game. The male cheerleaders provided moral support from the sidelines and pumped up the crowd with their entertaining antics. The game ended in a win for the seniors. Both teams were very happy with the way they played and displayed excellent sportsmanship.

The woman on the right is riding a brown horse and wearing a plaid shirt. They are both smiling at the camera. The background shows a line of trees and a wooden fence. A purple star graphic is in the bottom right corner.

A man in a white t-shirt and khaki shorts is performing a handstand on a paved plaza. He is balancing on his hands with his legs spread wide and one arm extended upwards. In the background, there are people walking and a building. A large purple star graphic is overlaid on the right side of the image.

A man and a woman in swimwear are playfully wrestling on a sandy beach. They are both leaning forward, holding each other's arms, with waves crashing in the background. The scene is captured in a warm, slightly desaturated color palette.

First Day of School

Every year, students are welcomed back to school with the hustle and bustle of the first day. From the jammed lockers, to the wrong classrooms, to new teachers, to finding the "pool on the roof," to seeing your friends you haven't seen in months, day one has its ups and downs. It may seem like rough waters at first, but once you get back in the groove, it's all smooth sailing from there. The first day leaves room for many opportunities including the chance for every

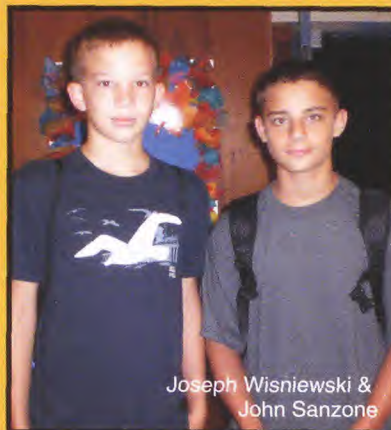

student to start fresh and tell their parents about their "hundred average" in every subject. It also gives students the perfect occasion to show off their brand new clothes and strut their stuff in SWMHS's unofficial first day of school fashion show. The anxiously awaited 2008-2009 school year has commenced and its fate will be a success.

Pep Rally

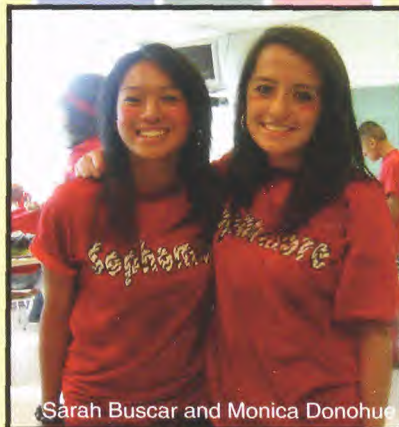

October 3rd, 2008 marked the date of the first-ever afternoon Pep Rally. Although the annual assembly was held during tenth and eleventh periods instead of second and third, the excitement of the students had not been lost throughout the day. Blue, green, red and yellow were present all around SWMHS. All four classes participated in the Tug of War competition, in which the seniors triumphed. Everyone also tried their hardest in the cheering contest, but the seniors managed to win yet again. The cheerleaders, marching unit and Platinum Soundz step squad treated the audience to amazing performances, and our first-ever Homecoming King, S'Day Manley, was crowned. It was clear that no matter when pep rally happens, we always have Bomber Pride.

Homecoming

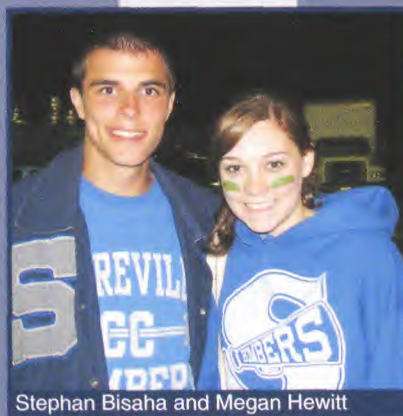

On the night of October 3rd, Homecoming 2008 was kicked off on the field. The Bombers took on J.P. Stevens and pulled off a huge win. The Psycho Squad kept the energy of the crowd high with their never ending enthusiasm. This year's float theme was "Enjoy the Ride," and all four classes did an amazing job with their designated rides. However, Seniors came in first with their Ferris wheel float. Homecoming King S'Day Manley came out on the field at halftime when the newest Homecoming Queen, Jackie Palacios, was crowned. The night was a huge success, and everyone had a great time.

My inspiration to start swimming began when I attended a swim meet as a spectator; I fell in love with it right away. Swim training grew more intense over the ten years I've been participating. I have swam competitively in many U.S. states as well as in Europe. What's next for me in this sport is swimming for Northwestern University. I feel this is a great opportunity to further my athletic career. It gives me a great sense of accomplishment when I stand on a winning podium and look back at the hard work that allowed me to be there.

Activity: Modeling

I started modeling during the end of sophomore year. Around this time I took great interest in fashion and had various subscriptions to magazines. Then I started having aspirations of becoming a model. It all began when I found the advertisement to the Barbizon agency while looking in the back of one of my magazines. I had gotten involved with the agency and learned the tricks of the trade. After just a few shoots I realized how much I actually didn't want to model. When you're in high school looks can mean a lot, but through my experience I realized what is really important. Being yourself, eating healthy, and seeing the beauty in every person no matter what they look like is what life is about. I've learned that you, as a person, decide what is pretty and what is not. I discovered I don't need to be a model to feel beautiful because I am, not for my looks, but because of my heart, mind, and soul. So while I modeled for a time in my life, I remember it as more of a learning experience.

Activity: Acting

I have been involved with community theatre for over ten years now, and it has been such an incredible experience! My older brothers were my biggest inspiration, as I watched them perform in numerous shows and saw how much fun they were having, along with Mr. Craft and Dr. P who ran the Stardust Musical Theatre Workshop for Kids, which I participated in for five summers. Outside of school, I have performed in nearly fifteen productions, including Les Mis Jr., Wizard of Oz, High School Musical, Seussical the Musical, Joseph and the Amazing Technicolor Dreamcoat and many others. Landing the starring role of Annie with GB Productions in 2002 definitely intensified my passion for musical theatre and gave me the motivation to continue. I also perform with my three siblings, as well as some friends, at Main Street Theatre in my brother's shows Patsy Palma and Friends, and have sung with my family at the Ocean County Italian Festival. Although I have not decided to major in musical theatre in college, theatre will always be a special part of my life, for it allows me to gain friendships that last a lifetime and create memories that will never be forgotten.

Activity: Piano

I have played classical music on the piano since I was four years old. I enjoy performing, and participating in piano competitions. I was chosen as one of the top 12 classical musicians from New Jersey high schools to perform at the 2008 NJ Rising Stars. I plan to play at the International Russian Music Competition in California this summer. Moreover, I will be going to a conservatory in order to major in piano performance. My most significant accomplishment was a performance at Carnegie Hall.

Activity: Pilot

I am a pilot. I have been a part of the program called Eagle Flight Squadron for the past five years. Eagle Flight teaches kids discipline and focus, along with the chance to fly planes. We use drills to emphasize concentration and awareness, two important things when flying. Both of my parents were in the Airforce Reserve so I have been around planes all of my life. I hope to become a commercial airlines pilot after graduating from Arizona State University.

Activity: Civil Air Patrol

My friend introduced me to the Civil Air Patrol around two years ago. Now, I have ascended to the rank of Cadet Chief Master Sergeant and hold the position of First Sergeant in the squadron. In C.A.P. kids ages 12 and up can join. We teach cadets about leadership, the Cadet Program, Emergency Services, and Aerospace. I enjoy the military setting, along with the teamwork of drill and making friends among the cadets. Being in Civil Air Patrol has definitely been a rewarding experience that I hope to continue as I get older.

Activity: Wrestling

I am a wrestler at Sayreville high school. I have been wrestling for 6 years. I was first inspired to wrestle by my dad in 7th grade. He used to wrestle and always wanted me to try it, so I did and haven't stopped since. I plan on wrestling at Rider University in the future. One of my proudest memories from wrestling is being on the state final mat wrestling in front of thousands of people. It was very intense and exciting. Even though I didn't win, it was a great experience that I will never forget. Now, as I begin a new chapter in my life I have new goals and have set the bar higher for myself. I plan to take these great memories with me and add more to them. I have had a successful and fun-filled career at Sayreville and would like to thank Coach Denuto for pushing me to be the best wrestler I could be.

3

Sonya Shah

Sonya is a goal-oriented and focused individual who always reaches for her dreams. She is a member of National, Spanish and Math Honor Society, Quo Vadis, Peer Leadership, and President of the Science club for the past three years. She played varsity tennis throughout high school, and was captain for the 2008 season. She was named All-Division player and nominated for states for the past two years. Sonya is determined to serve humanity and she intends on achieving her B.A./M.D. degree to fulfill her goal. She is thankful to everyone, especially her family, who has supported her throughout high school, and helped her get to where she is now. Like Marva Collins once said: "Success doesn't come to you...you go to it."

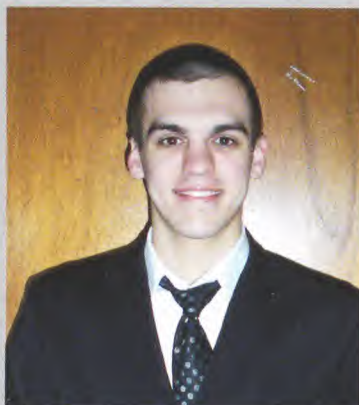

4

Matthew Bonczek

"Perseverance is the key to the kingdom."

Although at times it may have seemed impossible, Matt Bonczek persevered through high school. He enjoyed his time at SWMHS, and was active in many clubs and activities such as National Honor Society, Mu Alpha Theta, Peer Leadership, the Academic Competition Team, Fedora Productions, and Japanese Club. Matt also volunteered a lot of his time in high school to coach for the Raritan Bay Cougars Pop Warner football team, which won a national championship during its 2008 season. He plans to attend either Penn State or the University of Pennsylvania to study Actuarial Science and pursue a career in business finance. Matt would like to thank his mom, his aunt Debbie, his brother and the rest of his family for helping shape him into the person he is today.

5

Michael VonGonten

"I think, therefore I am." -- Rene Descartes

Being an undersized lineman in football and a surprising jumper in track, Michael seems the underdog, but performs at a level that is inconceivable. Likewise, when Michael is not butting heads or creating sand dunes, he is a passionate intellectual who loves politics and modern philosophy. In addition to Michael's esteemed academics and Honor societies, his school spirit has radiated school wide through his role as Senior Executive in Student Council and with his unprecedented cheers echoed at Sayreville's sporting events. Wherever life takes him in the future, whether it be the FBI, NASA, or the CIA, Michael will always live by carpe diem and will surely bleed blue and gray for the rest of his life.

6

Jenna McCarthy

In the last four years, Jenna McCarthy has worked to achieve her goals while still enjoying every minute of high school. She is very involved, serving as an executive of National Honor Society and Spanish Honor Society. She also participates in Mu Alpha Theta, Peer Leadership, and Quo Vadis. Jenna is a Bloustein Scholar, an AP Scholar, and received the Wellesley Book Award. She enjoys being with friends, reading, and listening to music. Jenna hopes to someday author a childrens book and play the guitar, but her future plans include attending a four-year college. She thanks her family, boyfriend, friends, and teachers for supporting her.

"You have brains in your head. You have feet in your shoes. You can steer yourself in any direction you choose."
Dr. Seuss

1

Melissa Metry

Melissa Metry is a self motivated, hardworking, and ambitious individual. At SWMHS, the past four years consisted of challenging, yet gratifying experiences for her. Not only is she a focused academic achiever, she is also able to handle active memberships in many extracurricular activities, including National Honor Society, Mu Alpha Theta, and Spanish Honor Society. Outside of school, she has the time to be part of many volunteer opportunities to willingly contribute to her community. In her free time, she relies on music to keep her inspired. With a strenuous academic schedule, she was able to overcome obstacles in order to work towards a successful future. Melissa believes that she is able to take on the challenges that she will face in the future as she strives to major in biomedical engineering in hopes of becoming a doctor. She would like to thank her family, teachers, and friends for their support and

10

David Seaman

David Seaman has certainly made the most out of his four years walking the halls of Sayreville War Memorial High School. Whether he was at Odyssey of the Mind, Quo Vadis, Light Crew or a Swim Meet it was a sure bet that he could be found at a club after school. On top of all of his extracurricular activities David managed to keep top grades and work part time at the Sayreville Public Library. Due to his hard work David was admitted into Spanish Honor Society and National Honor Society as well as being named an Edward J. Bloustein Distinguished Scholar and earning an AP Scholar award. Although unsure of what school he will be attending in the fall David hopes to channel all of his talents into a four-year university and earn a degree in Business.

1

Carol Sharrouf

"Youth is like diamonds in the sun, and diamonds are forever ..." - Alphaville

Carol's high school experience has been something she will never forget. She has made friends and memories that will last a lifetime, all the while challenging herself academically. Carol has been a dedicated member of many extracurricular activities which include National, Spanish, and Math Honor Society, the Red Cross Club, Peer Leadership and Quo Vadis. In addition, Carol served as captain of the Varsity Bowling team and maintained a job at Domino's Pizza. In her spare time Carol enjoys listening to music, watching movies, and turning junk into pieces of art. Carol plans on majoring in international relations at a four year institution and later on hopes to travel the world and make a difference. Carol would like to thank her friends, family, and teachers, all of whom helped to shape the person she is today.

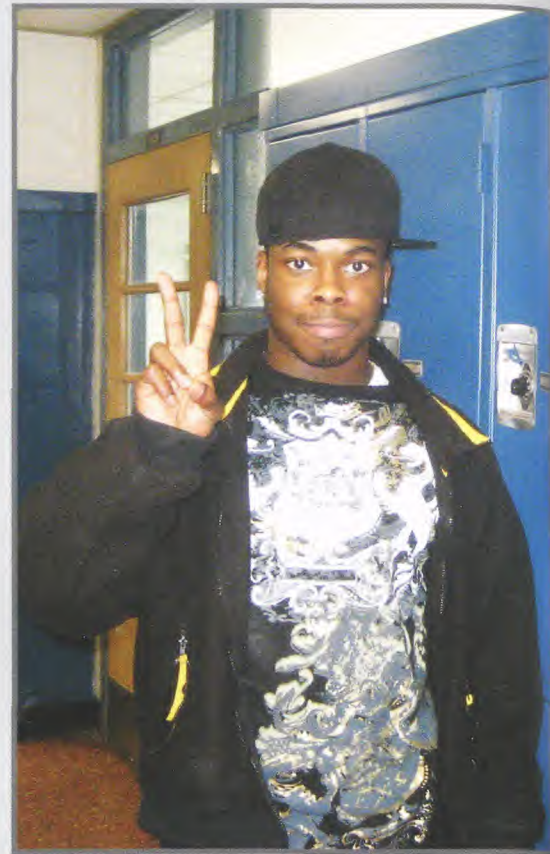

8

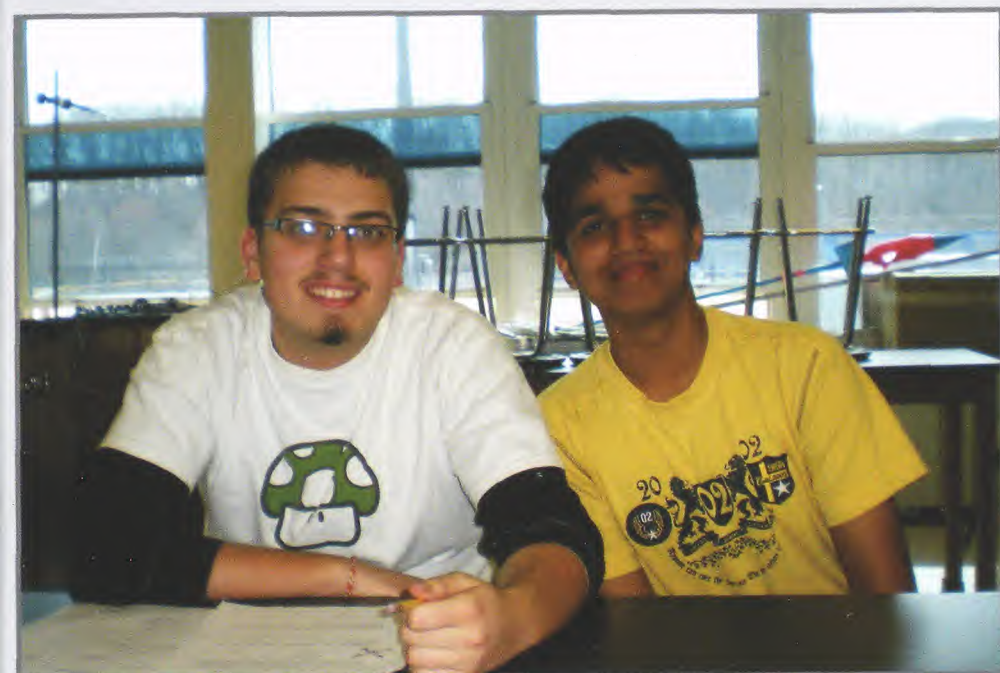

Kevin Chang

Kevin Chang did not think he would ever be featured on a page for his accomplishments. However after reminiscing the past four years, Kevin realized that little bits of hard work brought him to where he is today. From the moment he joined Academic Competition Team to the day he became President of Mu Alpha Theta, Kevin Chang sought to make the best out of high school. Beyond the academics, he swam Butterfly for the Bombers Swim Team for four years. And with all the effort he placed into his high school career, Kevin Chang discovered his passion to pursue Pharmacy at Rutgers University and to broaden the scope of his horizons.

Congratulations!

Dear Teachers

I have yet to learn the courses of life
How to be a mother or be a good wife
Many things you've taught me
Never forgetting all the advice you let me be familiar with.
Cleverly you pushed us in the right direction
Day after day filled with information.
Desperately, we sought help when we needed it.
When everything else failed you somehow did it.
Made us learn our formulas, made us know
Vocabulary words, made us read books and
Pushed us forward even though we complained
Every now and then you just explained
That life won't always be as easy as we might think
Everything could crumble in one fragile blink.
You gave us everything you could,
Tried to be fun yet educational
And we've relied on your help and your knowledge
I am reflecting my choice in this life
And how often I've realized that if it wasn't for you

I wouldn't have come so far
It is that time to put our foolishness aside
As we ascend these final steps
And begin to embrace our new path
We'll ponder about our future
Which without you we never would have made it.
In this lifetime we are so fortunate to only meet
A few great people
A few great teachers full of wisdom
A few who dedicate their time to help you out
To make sure you understand and don't stay left out
I am thankful, honored, and more than glad
To have had the privilege of being taught by them.
Ah...but my dear teachers,
Throughout it all, your words will not be forgotten.
And just as you have taught us to be all we can be
On our graduation day we will make you proud,
Thank you for the lessons and what we've been through
A round of applause for you
Our dear teachers.

varsity as catcher. Returning players included Jacqueline Ciak as the short stop, Kelsey Mazur on third base and Colleen Leschinski in right field. The team made it to semi-finals of the GMC's beating every team except for South Plainfield. With the graduation of only one senior the girls are looking forward to subsequent seasons.

In this gym,

I see a friend doing squats with two globes on each end, learning
how to hold the weight of the world on his shoulders.

Textbooks replace punching bags, the harder they hit the books,
the more knowledge they gain.

Novels replace treadmills as they run through the pages
absorbing with every step some improvement.

I've seen people give up.

I've seen people get up, and try again.

In this gym, pencils and pens replace dumbbells, the more they pick
them up, the more accustomed they get to using them.

In the gym, they call each other "classmates",

By the time they reach the field, they'll be "teammates".

Teammates in a game with obstacles to overcome.

We're all in this together, you're not the only one.

Until game time arrives, which is not so far away.

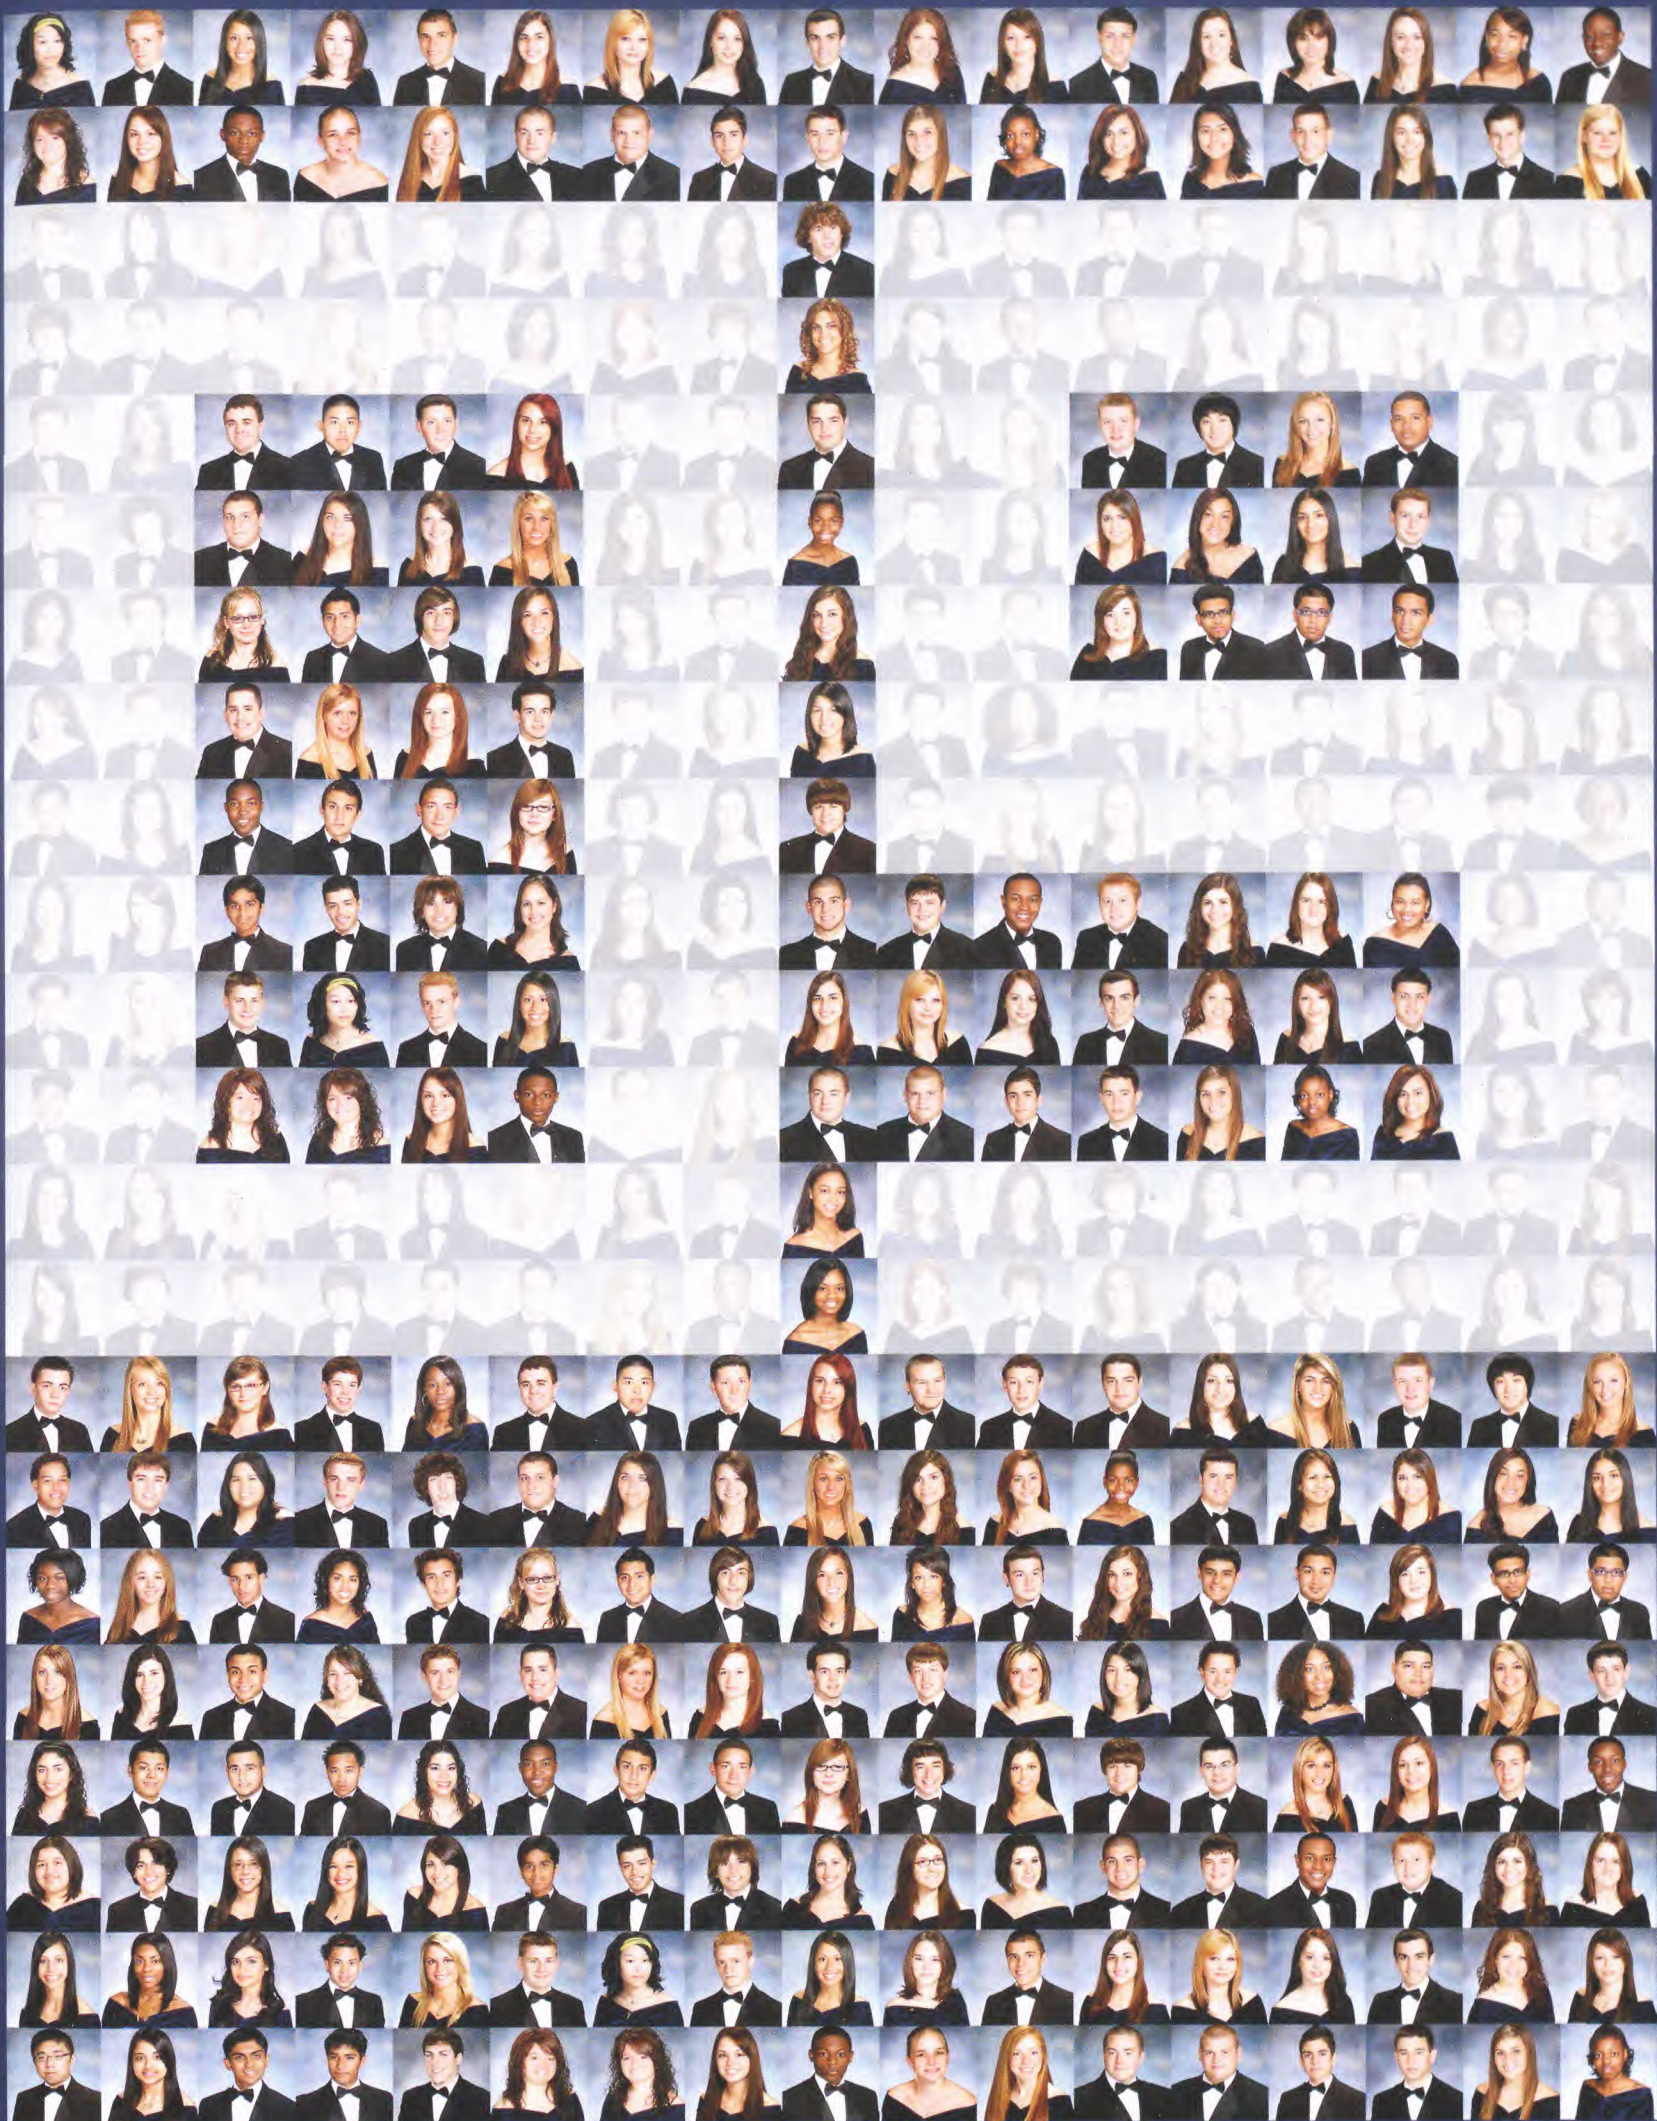

Remember to hit the gym, never go astray.

America needs answers, in a country young and scared.

It's up to us to win that game, make sure you're well prepared.

We Will Never Forget Kervin Georges

"Dear Kervin" by Sandra Buen

I remember talking about Digimon and Lord of the Rings,
always debating about random things.

Complaining about taxes, even though we didn't pay them,
and bragging about video games we played on a whim.

Weeks later it was the tenth of March in the year 2007
and at my Sweet Sixteen, everyone finally saw you Kervin.

We talked, laughed, and danced the night away,
until you had to leave but I promised I'd see you again someday.

And we did visit you, Holly and I.

I remember your parents well. Your brother was shy.

For you see, it's not just your face at my Sweet Sixteen I do remember,
but finding your shoe under your bed and loose change in the hamper.

Playing games on your computer while skimming through channels,
and pointing out all of the wrong things written in comic book panels.

Teardrops may stain this page, remembering memories,
but know that they fall for you, my dear Kervin, under the category of yesterday.

Dylan Smith

Dylan,

It seems like only yesterday you were my beautiful, blonde, curly haired, little boy. Being the youngest allowed us to have our special time together. You loved our walks the best because we always stopped to get some cookies at the bakery. Watching you play soccer from a little boy into your high school years has made me so proud. Always keep that smiling face, great personality, and sense of humor. You will forever be my baby!

Love Mom

Laura Hamilton

It is a joy and a privilege to be part of your life.
We are very proud of you.
Best of luck and congratulations sweetie.

Your Dad and Steppie,
John and Clara Hamilton

Michael Savarese

Mike,

Where have all the years gone? It seems like only yesterday that we brought you home from the hospital to meet Jenny and Christopher.

You have grown into an outstanding man, son, and brother.

We love you and are very proud of you. Good Luck and Congratulations!

Love,
Mom & Dad

Michael Savarese

Mike,

Oh little brother. We can't believe it's your turn to graduate. I still remember when you were in kindergarten running down the hall to give me a hug and now you're graduating high school to become the next great sportscaster. No matter how much you drive Chris and me crazy, especially with that stare of yours, we both are extremely proud of everything you have done. Don't forget, it doesn't matter how old we get, you will always be our baby brother and I will always call you Mikey.

Congratulations on Graduating!
We Love You!

Love,
Jenny, and Chris

It seems like just yesterday we stood over your crib and watched how you slept with one stuffed animal tucked under each arm. Today you are a young man with goals to achieve. From the time you were born you had many interests. Your journey started in Pre-School and has taken you through senior year. However for us it is as though we just blinked our eyes. Wherever the journey takes you, there is no doubt that you will succeed whatever path you choose. You have a free spirited personality and a heart of gold. This is your time to shine and remember that no matter where life takes you we will always be there for you.

Dear Chels,

Over the past few years, we've been inseparable, and I know we'll stay that way through college and beyond...

May the good Lord be with you down every road
you roam, and may sunshine and happiness
surround you when you're far from home. And
may you grow to be proud, dignified and true
and do unto others as you'd have done to you.
Be courageous and be brave, and in our hearts
you'll always stay forever young. May good
fortune be with you, may your guiding light be
strong. Build a stairway to heaven with a prince
or vagabond. And may you never love in vain,
and in our hearts you will remain forever young.
And when you finally fly away we'll be hoping
that we served you will. For all the wisdom of a
lifetime, no one can ever tell.

But, whatever road you choose we're right
behind you, win or lose - forever young-

From the moment you were born, you have brought nothing but "excitement" into our lives; except when you did not swing at the softball. In the beginning it was gymnastics and dance and then acting, singing, marching band, cheerleading and fashion consultant. All helped create the special young lady that you are. Always be yourself - confident, enthusiastic, outspoken, loyal and dependable - and you will have success in life. We love you & are very proud of you. Best wishes for future success.

Mom, Dad, Caitlin, your grandparents, aunts, uncles, and cousins.

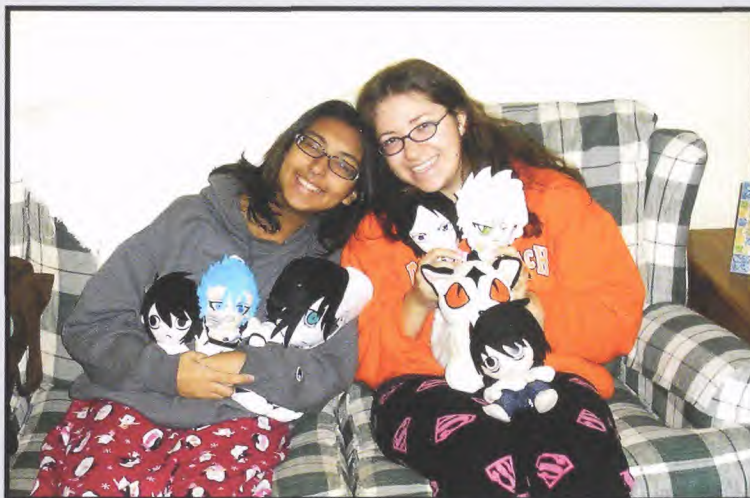

Samantha Voccia

As you begin the next chapter, we want to say Thank You. Thank you for your love and for being a blessing to us each and every day.

We love you so much!

THE GAME OF LIFE

In the game of life,
you make your moves
and then

you learn...

to take chances when you roll the dice,

to skip a turn when you'd rather not,

to be gracious when you win and to endure when you lose,

to be joyful when you double your points,

to respect your opponents,

to marvel that kings and pawns compete
on the same playing ground,

to begin on square one and to finish the game,

to realize that sometimes luck dominates skill,

to follow the rules,

to congratulate youth when they triumph over age,

to play to win but to compete with honor,

&

to realize that in making these moves,
you become the "true winner."
