## My Yesterdays, Today's and Tomorrows

My yesterdays are but shadows  
of a childhood left behind,  
and the early days in my hometown  
are sweet memories that come to mind.

My yesterdays instilled in me  
that childhood is a time of joy  
with the delight of sharing laughter  
with Sayreville girls and boys.

My today's are filled with challenges,  
and by learning to stand tall,  
I've shaken hands with adversity  
and I've answered Life's toughest calls.

My today's are full of victories  
for I've never backed away,  
I've been taught I must face the world  
in our proud Sayreville way.

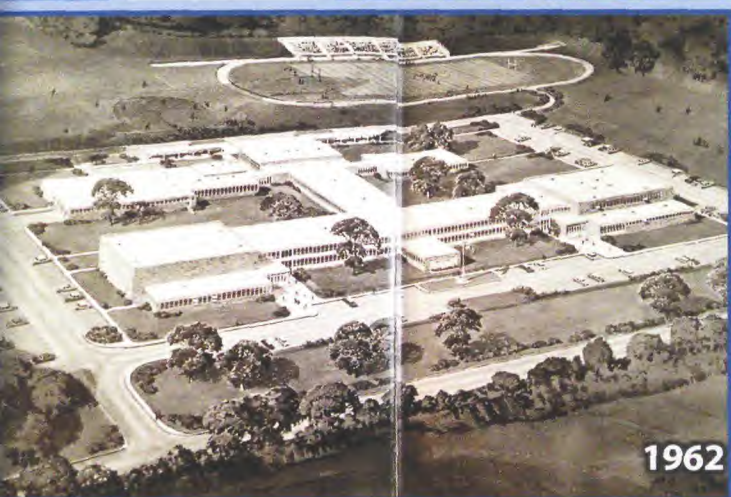

My tomorrows are incognito  
but I know whatever comes along,  
my past and present have taught me  
that I'll always be Sayreville Strong!

~Dedicated to the Class of 2013~*

In 1962, construction of Sayreville War Memorial High School was completed, and students and teachers alike made the transition to their new surroundings. Prior to this time, Sayreville High School was located at the current Wilson School. Over the past fifty years, thousands of students have entered our doors, sat in our classrooms, and walked through our halls. To commemorate this momentous time in SWMHS history, the yearbook staff has tried to include photographs of the past. Today, with the words of the staff of *Quo Vadis, 1963*, our tradition continues:

"To the classes that follow--whose students will experience as we did, through scholarship and service, the subtle molding of a full-grown character--this, our yearbook, is dedicated. May they always remain true to their Alma Mater, perpetuate its finest traditions, and uphold its dignity and honor."

## Go Bombers! Go Big Blue!

1

Joshua Goldstein

Joshua Goldstein is an active member of most honor societies and a variety of school activities, including ACT and Cross-Country (both of which he was captain) as well as Winter and Spring Track. In his spare time he does schoolwork and ponders when he will actually have spare time. His future majors may include (but are not limited to) mathematics, philosophy, classics, theoretical physics, cognitive neuroscience, all of which are fields that will certainly contribute to humanity in some impractical and illogical way.

2

Arpit Sheth

Arpit Sheth has had a rewarding high school experience by letting his debonair spirit guide him through downfalls and triumphs. Arpit is distinguished in several academic honor societies and has conducted research at the NJ Governor's School of Engineering and Technology. Serving as FBLA President for two years and earning multiple recognitions at the state and national levels, his leadership and ambitions have proliferated. As a web developer and graphic artist, Arpit runs his own freelance business outside of school. Moving forward, he plans on majoring in computer science. To his family, friends, and teachers who provided him with the resources and inspiration to excel, Arpit would like to say, "Thank you. It was all worth it."

3

Shivam Patel

Throughout his four years at SWMHS, Shivam has created some of the most cherished and exceptional memories of his life. He strongly believes that we all have the key to unlock our unforeseen ability, and the potential to overcome the unthinkable. Every accomplishment starts with a decision to try, every failure carries with it motivation to succeed. He is an active member in several Honor Societies & numerous organizations, including the Varsity Tennis Team. Currently, he is President of International Society, VP of SHS, and Secretary of NHS and leads the Junior Volunteer team at Bayshore Hospital. In the past two years, he has won back to back state competitions for FBLA and DECA, bringing him this year to compete nationally in California for both organizations. He plans to pursue a major in Finance and eventually receive his MBA from a top tier university. He would like to thank his family, friends and teachers who have guided him to a road of success.

4

Michelle Quinn

Michelle Quinn entered high school on a mission to achieve the somewhat oxymoronic persona of a gregarious nerd. It was in this balance of academics, student groups, and friends where she found the key to a most profitable experience at SWMHS. Her involvements on the Varsity Swim Team as captain, in the Spanish Honor Society as Vice President, and on Student Council as Treasurer were among the many activities that bolstered her high school years. When school is not in session, Michelle enjoys taking every opportunity she can to see the world. Though doctors would tell her she's been blessed with good health, her adventures in Spain, Honduras, and Italy have definitely given her a travel bug that only passport stamps can cure. Michelle will attend a four-year university in the fall and plans to major in broadcast journalism with the aspirations of becoming a television personality one day — so keep an eye out!

# TOP TEN

5

Tony Yuan

High school was quite a the experience for Tony Yuan. From his humble beginnings as a tiny freshman to the countless hours of hard work that it took to become a senior, high school has ultimately shaped who he is today. In his spare time, Tony enjoys intimate conversations, scenic jogs, and the occasional board game. He also loves traveling, long drives, and spending time with his loved ones. His friends would easily describe him as caring and compassionate. In regards to what the past four years have taught him, Tony believes that the most valuable lessons are learned outside the classroom. he never forgets how important it is to maintain a balance between academics and making the most out of each and everyday. Tony will be attending Northeastern's six-year Pharm-D program.

Jonathan Portillo

10

"Always bear in mind that your own resolution to succeed, is more important than any other one thing." - Abraham Lincoln

It has never been about the grades, the GPA, or the rank; for Jon it was more about learning and being able to apply that knowledge outside the classrooms and away from the exams. Good grades are obviously important, but Jon really just likes to take life a step at a time not stressing about the little things, or even the bigger things. Do not mistake his attitude on life for laziness, he has big dreams of being in the FBI one day. He would like to thank all who have supported him, especially his mom and Mr. Maroun. Jon knows that life only comes one time around, and when it's all said and done being happy is the only real necessity in life.

Areta Jez

9

"A journey of a thousand miles begins with a single step." - Lao-tzu

As a determined optimist, Areta believes every day is a fantastic new opportunity to make a difference in someone's life. Throughout her four years of high school, she endeavored to do her best and use education and extracurricular activities as a means for personal growth and enrichment as well as a tool to help others. By becoming the vice-president of the National Honor Society, she strove to embody the pillars through active volunteering. Areta plans to continue her education as an international relations major in order to gain a better understanding of the world and hopes to someday impact society in a positive way. She knows that with the support of her family and friends, nothing is impossible and thanks them for their continuing encouragement and love.

Bhumi Patel

8

Bhumi Patel has experienced many memorable things throughout high school that have helped make her the person she is today. Despite her studious nature, Bhumi loves to have fun and because of that, no matter what, she is always smiling. Her friends easily describe her as funny, outgoing, and extremely hyper. In her free time, Bhumi loves to spend time with her family, eat a lot of food, and sleep to her heart's content. She also sees herself as someone who is compassionate who is willing to help anyone in need. Bhumi has a "kick-butt" personality that comes through on the soccer field and in the classroom. Even though she doesn't know what the future has in store for her, Bhumi wants to travel the world before she's thirty. She is going to start by studying abroad in Spain during her college years.

Zina Shah

6

True success is not about reaching an end goal, but rather about the journey it took to achieve it. Like most people, Zina felt like a small fish in a big pond coming into her freshman year, but over the course of the next four years of her life, this young woman really began to discover herself and showcased many of her extraordinary talents. Her hard work and dedication led her to become Vice President of Student Council and also of Red Cross and TIGS. She has also earned the prestige of being part of the National Honor Society, Spanish Honor Society, Mu Alpha Theta, and Science Honor Society. Zina has made it a passion of hers to volunteer her time and help her community in any way she can and hopes to continually help the people around her. She hopes to one day fulfill her life-long dream of becoming a doctor so she can receive the opportunity to save lives each and every day. Although high school can be tough at times, Zina says her friends and family are what always got her through the rough days. She could not have gotten to where she has if it were not for their consistent support and love, and she says they are one of the most important parts of her life. Ultimate success still has a long road set ahead for Zina and she plans on making this journey beautiful in every way she can.

Chelsea Schiliro

7

Chelsea's time at SWMHS has created a variety of memorable and cherished experiences that she will never forget. As a result of her academic success, she is a current member of Mu Alpha Theta, and the National and History Honor Societies. Outside of the classroom, Chelsea especially enjoyed being a part of the choir, Vox Humana, and various theater activities. In her free time, Chelsea enjoys singing, reading and hanging out with her amazing friends. With a great interest in the sciences, she plans to major in biology and aspires to work in a research lab. Chelsea would like to thank her family, friends, and teachers for all of their support.

## Peter Emory Jr.

Peter Emory Jr.

The day you were born my life was changed forever. My best friend, my little buddy, my first born. I have watched you breathe in and take your first breath then let it out and cry for the first time, I held your little hands to teach you to walk, take a few steps and fall, but get up to try again, you learned to ride a bike and learned to read. You have accomplished so much already and there is a lot more in life to learn and bigger steps to take. I will be here with you by your side. To help pick you up when you need it. The difference now is I walk in your shadow. I am so proud of you!

Love Dad

## Giovanni Franciamore

Giovanni, Congratulations on your Graduation! You've grown up to be an incredible young man. We all wish you much success in college and in all your future endeavors. I've watched a shy little boy with a beautiful smile turn into a smart, "swag", responsible and strong young man. As you start this new chapter of your life, remember son, always be the best you can be. You will have many paths to choose from. Be open minded, be dedicated and explore what life has to offer. Don't be afraid to take chances. Always have a positive outlook and always have determination in life, as this will give you the ability to succeed in all that you do. You've given me many gifts in the past eighteen years but none more precious than the smiles you give my heart! We are ALL so very proud of you!!

Love, Mom, Dad, Frank and Michael

## Brianna Chuntz

Brianna,

From the moment you were born you had that sparkle in your eyes and contagious smile! We didn't know it then but the sound of your feet constantly tapping through the house would be music to our ears. Your easy going personality and sincerity makes people who know you, love you. Good luck as you travel down the road to becoming a teacher and enriching the lives of the youngest children. It wasn't so long ago, that you were that youngest child and you have grown into a beautiful, caring young woman who always seeks out the best qualities in a person. May you always have our love and support. Congratulations!

Love, Mom, Dad, Theresa and Michael

## Jackie O'Connor

Dear Jackie,  
Before you were born I dreamed about what I would want in a daughter. And here you are. You are beautiful inside and out. You are smart, compassionate, strong and very kind. You are an anomaly among teenagers. You are wise beyond your years. I love that you and I can have honest conversations, yet know when to draw the line. I love that you love your brothers, even when they drive you nuts. I love your maturity and reliability, your silliness and whimsy, your taste in music and movies. You have exceeded each and every one of my dreams for you and I have no doubt that you will continue to do so. I also have no doubt that no matter what you choose to do in the future you will succeed beyond your own dreams. Congratulations on your graduation.

I love you! Mom

## Justin Bonczek
