On a gloomy and rainy day on March 23, 2015 Seniors and Juniors came together in honor of the annual Powderpuff game. After weeks of hard practice, it came down to the final call. As the battle went on, spectators in the sidelines cheered for their grade in hopes of a victory. Each grade went through their ups and down, but in the end the Seniors of 2015 came to be victorious. During the game, many people came to partake in the Stand Up 2 Cancer event to donate their hair to cancer patients in need

Saloni looks at her high school career with much fondness for these years have shaped her as an individual. Throughout high school, Saloni has been incredibly grateful for all the experiences and recognition she has received along the way Outside of school, Saloni also strived to have an active role in her community by volunteering at the public library, the temple, and local food banks. Notably her hours spent shadowing a dentist and working as a summer camp counselor attracted her closer to her calling of dentistry. It became clear that she had a passion for making people smile, which was also evident through her love for puns. Shadowing and working as a counselor provided her with the exposure needed for the field of dentistry. Such dedication allowed her to become a member of National Honor Society, Mu Alpha Theta, and Spanish Honor Society. Though she cannot fathom the idea of this journey quickly coming to an end, she does realize that there are many more opportunities ahead of her. She will be entering into an accelerated dental program at NJIT in the fall of 2016. Above all, she wishes to thank her family, peers, and mentors who have guided her. The happiness that they have brought her, she desires to spread to all whom she

school flashed by. She went from being a hopelessly lost freshman in a maze-like school, to being a senior who has gained many precious memories in this familiar building. Throughout the course of the four years, Kristy participated in verious clubs teams, and honor societies. Some of the most memorable societies include International Society, Science National Honor Society, and Science Club, in which she became co-president of the first and president of the latter two. Outside of school, she was able to gain a bigger

perspective of the world around her through serving as a volunteer in various locations. These first hand experiences opened her eyes up to the real world. Other endeavors include training as a black belt in

taekwondo and participating in the swim team. Moreover, Kristy plans to major in Chemical Engineering in college in order to follow her path in STEM. Most importantly, she would like to express her gratitude towards her family friends taechers.

counsellors, and coaches who have aided in her development as a person throughout the years. Without their support, she would not have been able to become the person she is today. She wishes everyone in the class of 2016 the best of luck; the future is very much like high school, it may seem puzzling at first, but everyone will find the right path for themselves eventually.

#### #4 Mansi Modi

Mansi walked in on her first day of highschool wide-eyed and ready to take or the world. Little did she know that on that day, she would get lost on her way to first period and to every period after that. Despite getting lost again and again, Mans enjoyed her first day of high school and is able to look back and laugh at her memorable first day. That's exactly what high school was like for her, memorable. High school flew by and Mansi cannot believe that it is coming to an end.

Throughout her high school career, Mansi worked hard and dedicated time to both he education and extracurricular activities. Her hard work paid off as she was able to be a part of all 5 honor societies and was highly involved in numerous clubs after school, where she held board positions in many of them. Aside from school activities, Mansi also volunteered a great deal of her time to the community. From volunteering a the Sayreville Public Library and at Seaview Medical Associates & Orthopaedics, Mansi was able to help the members in her

community in many different ways. When she isn't volunteering or at school, Mansi is a typical teenager who loves to nap and hang out with her family and friends. Mansi would like to thank her her friends, family, coaches, and teachers for their help and the MODI-vation they provided in her journey through high school. She wishes the Class of 2016 the best of luck and hopes their paths will cross her's again.

with a 5-12 record in the Red Division. As Coach Provenza has said, this year was a learning year for the team, with only two seniors and a ton of fresh talent, next year seems extremely promising for the girls. The girls advanced to states where they lost in the first round to Hunterdon Central. In the GMC tournament, Kathleen Beben, Jasmine VanNote and Kate Sudol impressed Coach Provenza with there preserverence and skills. The student body and Coach Provenza are looking forward to watching Kathleen Beben, Kate Sudol, Nirali Patel and Jasmine VanNote on the courts next year. The tennis team doesn't only bond on the court but they bond off the court as well. The key principles Coach Provenza instills in his team to fight the fight no matter what the odds are is what makes the SWMHS girls' tennis team so dynamic. WHO you are is what makes you special. Do not change for anyone. WHAT lies ahead will always be a mystery. Do not be afraid to explore.

WHEN life pushes you over, you push back harder.

WHERE there are choices to make, make the one you won't regret.

WHY things happen will never be certain. Take it in stride and move forward.

This Is Our Story...

"My memory is the first website I completely coded on my own in Mrs. Conry's class." -Dollagee Hanna

"The memory I chose was my student council shirt. For the past two years I've been the student council treasurer. Being a part of student council for the past four years was a really great experience. We held many fundraisers and always thought of different ways to give back and help others. I loved planning school activities and always being involved with what was going on in school." - Victoria DePinto

"My memory is one of my greatest accomplishments in high school. It's the medal I received after winning the GMC girl individual title for bowling. It defines my story because I never thought as a freshman that I would actually win that title but I learned a lot and became the best I could be in the end." - MaryKate Kersting

Chapter 11 "Not the End"

But my story will not end on my graduation day I will still write my story about whatever comes my way.

Chapter 12 "New Chapters"

I will write many new chapters as my moments turn into years and I'll document my feelings, my successes, joys and tears.

Chapter 13 "The Sun and Sky"

The new chapters of my life will include my days gone by because the past is part of me like the sun is to the sky.

Chapter 14 "No Rewrite Needed"

So I'll keep writing my story as my life's moments unfold and honor the past and future with my story yet to be told.
