# FROM THE OUTSIDE IN

If you would like to know me  
but it's only my outside you see,  
you'll never know who I truly am,  
you'll only get a glimpse of me.

If you judge me by my tats  
and that's the only thing you see,  
you'll never know the truths they hold -  
the stories they tell about me.

If my piercings disturb you  
and you're not impressed by what you see,  
you'll never know their true purpose  
or how they help to define me

Student Life 4

Seniors 22

Juniors 72

Sophomores 86

If you look at the clothes I wear  
and that's the first thing you see,  
you'll only see what's on the outside  
and never really know me.

Instead, please take the time  
to really look from the outside in  
and you'll truly get to know me  
from who I am within.

You'll see that I'm respectful  
And that I'm kind to others, too,  
you'll see that I am strong and smart  
with your different point of view.

You'll see that my life is full  
And that I'm really just like you,  
you'll see that I'm very resourceful  
with your different point of view.

You'll see I am passionate  
about the state of the world today,  
and I hope to make a difference  
as I travel on Life's highway.

You'll see my connection with friends  
and how together we reach new heights,  
you'll see how I love my family,  
and how they did raise me right.

You'll see my heart is full  
if you look with a discerning eye,  
you'll see my love for Sayreville  
and, of course, my Bomber pride.

So, if you only see the outside  
a full picture is not what you'll see -  
for the best part is what's inside  
that defines the one true me!

# Fun in the... SUMMER 17' Sun

School is out and summer vacation is in! To make sure this summer was the best, students ditched their backpacks for beach bags and suitcases to travel out into the world and explore. Of course, the students were not the only ones to enjoy the summer sun out of Sayreville, the faculty of Sayreville War Memorial High School enjoyed summer to its fullest too. Some went out to Costa Rica, Jamaica, and Niagara Falls, while others made beautiful memories with their family and friends right here in Sayreville. No matter what the students and faculty did over the beautiful summer, they made sure to capture these wonderful memories and share it in our cherished yearbook.

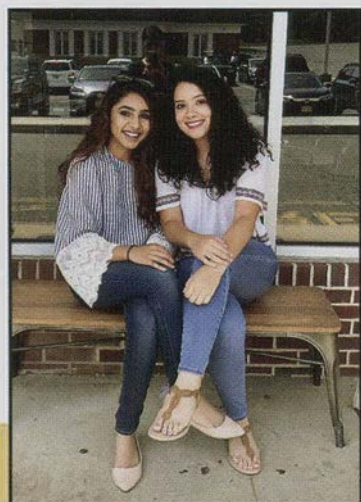

## WHAT HAVE THE STUDENTS & STAFF BEEN UP TO?

## Taking a LOOK Inside

Telling us about her preparation for Junior Prom, Diana Rodriguez [12] will do things differently for Senior Prom. She says, "Next year, I will not wait till the last minute to get my dress and heels on and leave the house in a rush!"

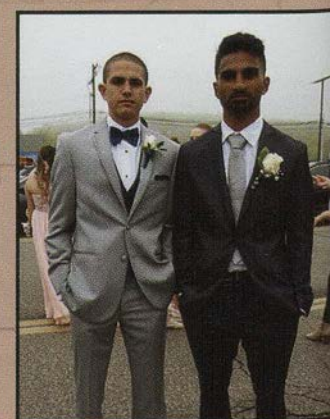

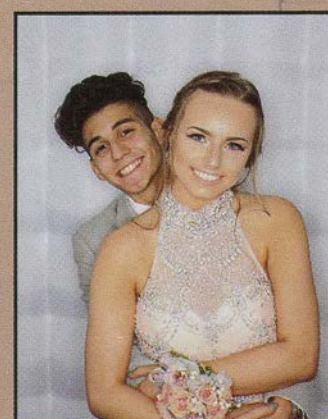

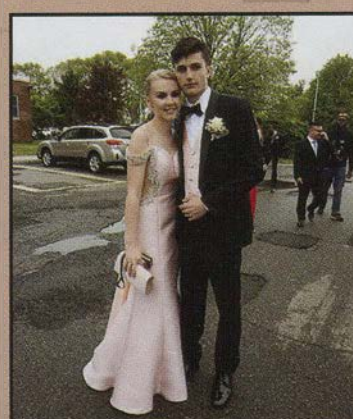

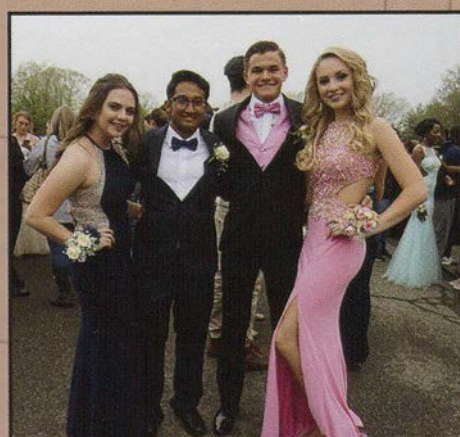

Ryan McCracken [12] tells us what inspired his look for the night and says, "I wore purple because my two friends that were going were wearing red and blue. I didn't know who to match with so I combined their colors!"

Posing with her friends in the photo booth, Gianna Fago [12] tells us, "For Junior Prom, me, myself, and I (with a hint of Beyonce) inspired my look!"

Prom Princess, Lindsay Delmotte [12] says, "The highlight of my prom night was being announced Prom Princess and dancing with my good friend Aaron. I truly felt like a princess and it was such a fun night!"

# Time of Our Lives

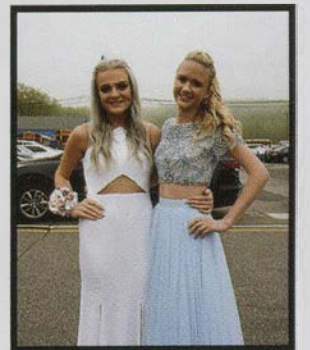

## JUNIOR PROM

### May 5, 2017

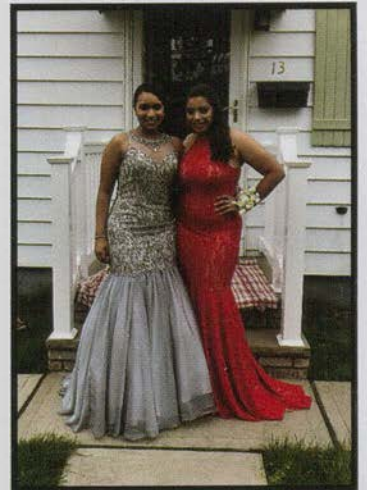

Patiently waiting for the clock to hit 11:30 am. Hair and makeup appointments, dresses and tuxedos. Prom ... a day many students have been waiting for. May 5th, 2017 was a day to remember. Despite the heavy rain earlier in the day, the sun came out just in time for pictures. The night was enjoyed by all who attended, with great food and an even better DJ. The night concluded with Aaron Bartlett and Lindsay Delmotte being crowned Prom Prince and Princess, students scrambling to get their photos taken in the photo booth, and tons of dancing! The Class of 2018 cannot wait to prepare and enjoy their senior prom.

POSE AND SMILE FOR THE CAMERA ON 3!

Julia Strugala [12] and Nicole Kania [12] are ready to board the bus and enjoy their night.

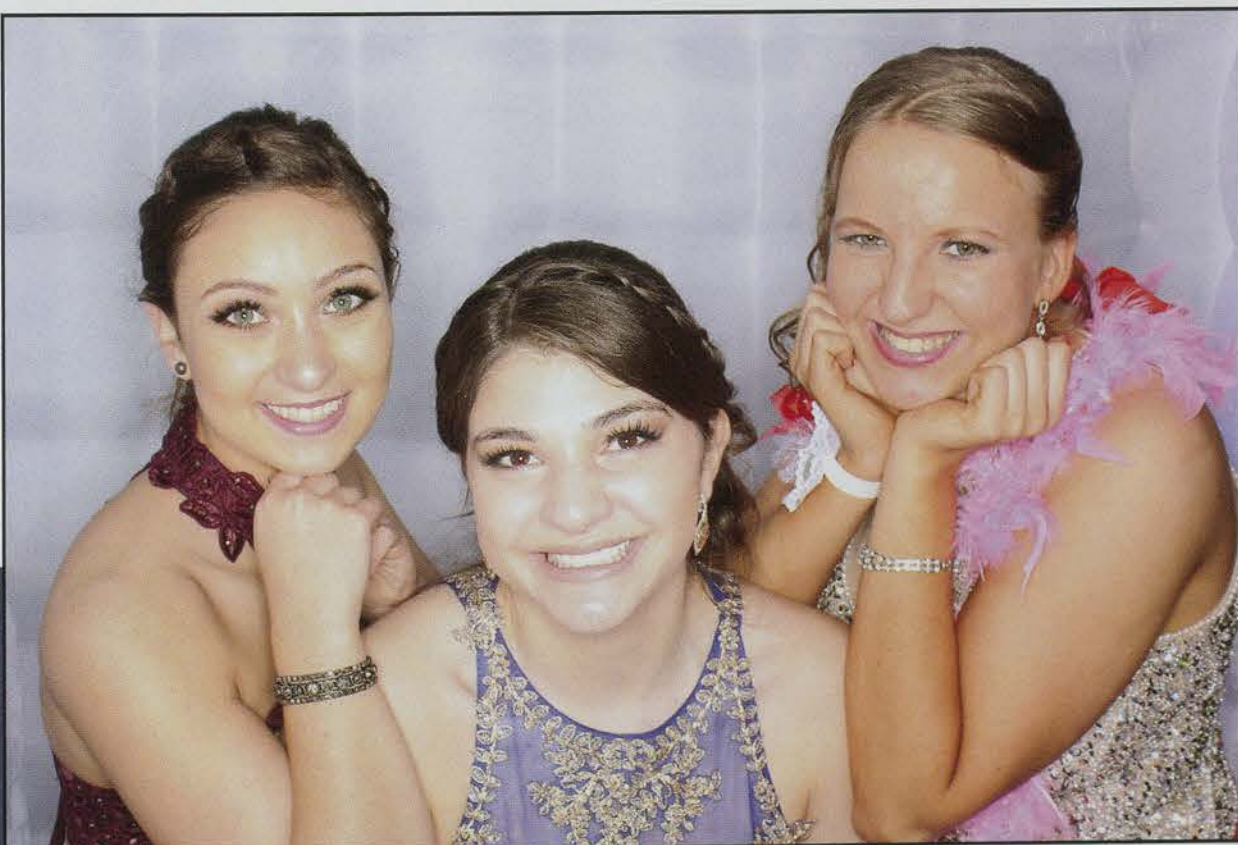

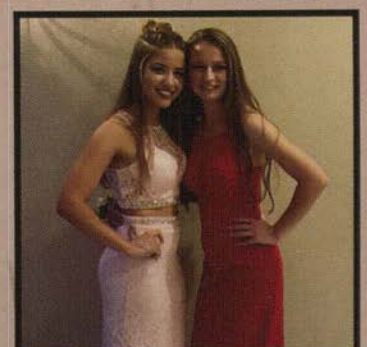

Ashley Parkinson [12] and Bianca Melendez [12] dress to impress in their stunning outfits.

# It's how you play...

# POWDERPUFF

## May 25, 2017

On a plush turf at Sayreville War Memorial High School, one of the toughest competitions starts. This game of the year truly demonstrates that anything a man can do, a woman can too. This year, Powderpuff was phenomenal with the Junior and Senior girls showing us the essence of girl power. In order to be successful on the field, the girls trained vigorously to show their skills and competitiveness. The audience in the bleachers were roaring for their favorite players and grades. In the end, the Seniors emerged victorious over the Juniors. The Class of 2018 can't wait to show the juniors who are really in charge!

WORKING HARD, PLAYING HARDER.

Ashley Edwards [12] steps forward to throw the football to a fellow teammate.

Three friends, Liana Kinahan [12], Allison Feliciano [12], and Aliyah Nicholas [12] pose for the camera after playing a competitive game!

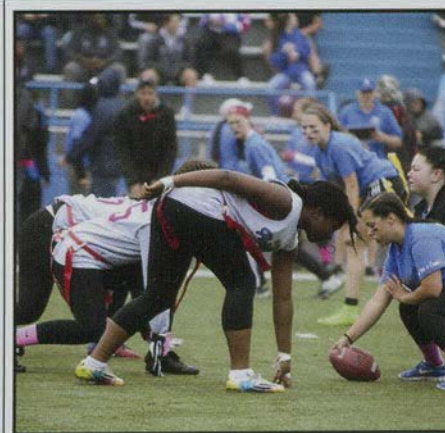

Taylor Friedman [12] and Jenna Witt [12] take a break from playing on the field to pose for a photograph.

Alyssa Pipitone [12] runs towards victory with a look of determination on her face.

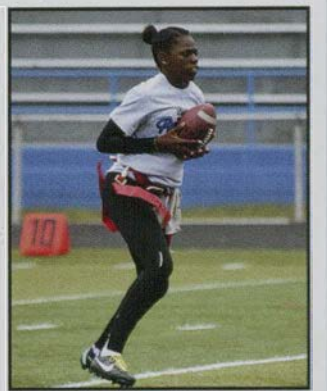

Teamwork  
MAKES THE  
Dream Work

Posing before the big game, Gianna Fago [12] gets ready to help her team win! Gianna highlights some surprises and says, "One surprise was playing in the rainy and foggy weather! Another one was taking a fall during the game. When it happened we were all laughing!"

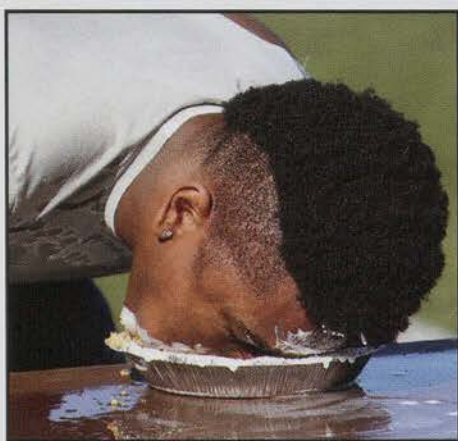

Upon receiving a pass from a teammate, Ashley Edwards [12] gets ready to sprint down the field to score a touchdown for her team.

Posing with friends during the game, Erica Shemper [12] says, "My motivation for doing well in the Powderpuff game was being on a team with all of my friends! It made the entire experience a whole lot better!"

Get your  
**GAME**  
On!

Damani Coombs [11] dives head-first into a pie to try and win for the Juniors in the pie eating contest.

Alex Yu [12], plays the tuba in the marching band during their performance at the Pep Rally. He shares his experience performing for the school, saying, "It's very fun yet very tiring. However, the people around me allowed me to stay strong and we worked together to complete one goal."

Students across all grade levels came together in the spirit of unity and school pride as they celebrated their accomplishments and played games to win the bomber trophy.

Kyle Richards [12] ate the pies in a flash. He says, "To prepare for the event I signed up for I told myself to eat as I possibly can and win for the Senior Class of 2018!"

# Show your spirit at the PEP RALLY Go Bombers!

The air thick with the clamor of cheers. A magical sort of school spirit emanated in everyone, volume unconsidered. An endless build-up of events conspired in a competitive nature. Every class anxious to stand out as the best in the school.

## IT'S THE BATTLE OF THE CLASSES!

Competing in the annual tug of war, the Seniors use all their strength to pull the flag across the field.

Joseph Tomarch [9], a member of the band, jams out on his guitar.

Ryan Casano [11] and Kendra Damoah [12] fire up the students and headline the events.

Competing in the annual tug of war, the Sophomores use all their strength to pull the flag across the field.

# Show your spirit at the PEP RALLY

## Go Bombers!

GO, FIGHT, WIN!

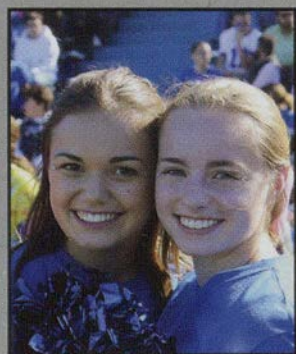

Julia Block [12] conducts the marching band, keeping all of them playing in unison.

Irene Ansong [12], shows the student body her moves during the Step Team performance.

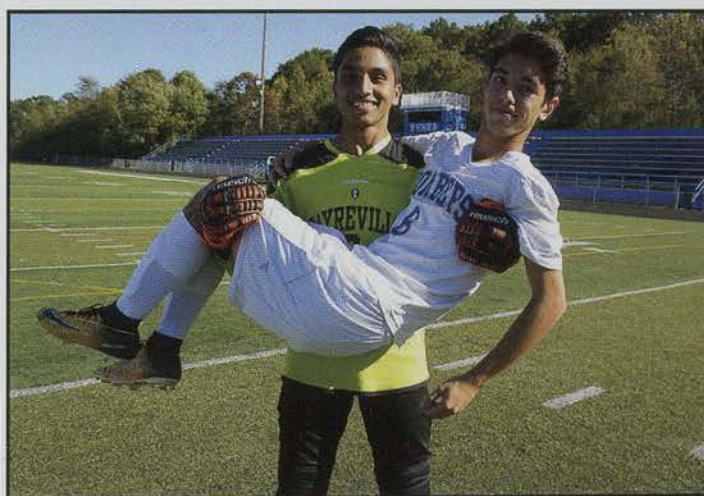

Thomas Brennan [12], an ROTC member, holds up the American Flag.

Danielle Aich [12] and Morgan D'onofrio [12] pose for a picture together.

We have  
**SCHOOL**  
Spirit

Ryan McCracken [12] and Michael Philip [12] are in their Soccer Attire and look back at being commemorated during the 2018 Fall Pep Rally. Ryan tells us, "Every single year, Pep Rally is a blast. It's a fun time to spend with friends especially when I get to end it with my best friend Michael!"

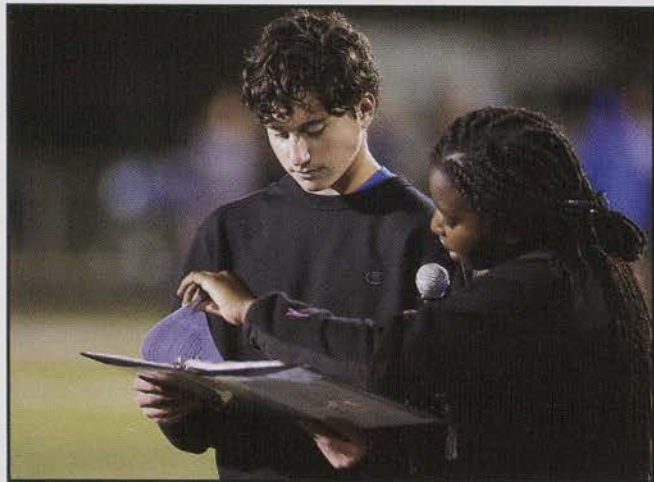

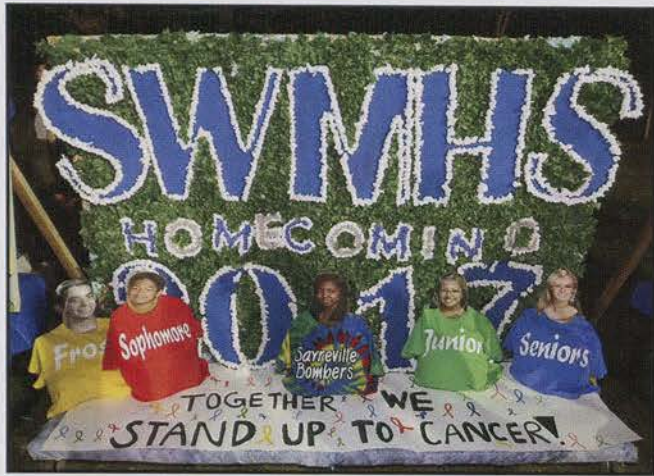

Luke Kirkowski [12], Agata Srodon [11], Nadine Fersi [12], and Yusra Khan [12], all wear blue in honor of SWMHS!

Many of the athletes and students cheer on from the stands or participate in the Fall Pep rally by wearing the school colors, blue, white, and grey!

The juniors and seniors are ecstatic to be a part of the Fall Sports celebration and to show their school spirit!

And the  
WINNER  
is...

Homecoming  
Queen  
CLARIBEL ASARE

Homecoming  
King  
MIKE HAYES

The lights are shining bright and all of the nominees are standing anxiously to find out who will be the 2017 Homecoming King and Queen. Claribel Asare [12] explains, "When it came time to walk in front of everyone, I felt comfortable surprisingly. So many people were cheering for me which helped a lot and my lovely escort Abdel Abbas was cracking jokes with me just before which helped me feel better."

Mike Hayes tells us about his experience at Homecoming. He says, "I found this entire experience so surreal. When I first found out about my nomination I was in denial! I told myself that I definitely did not hear my name on the loud speaker as a nominee. I will always remember this experience and it is now one of the most important high school memory I will have."

Tyler Barreiro [12] exclaims that, "Homecoming was a great night and we all had a lot of fun. It will be a night that I'll never forget. I wanted to just take in the moment and so I didn't feel nervous."

Blood, sweat, tears...and fancy outfits

# HOMEcoming

## October 20, 2017

Sayreville's annual Homecoming football game of 2017 was quite the turn of events. Despite a heartbreaking loss, the game featured a number of highlights including brilliant game plays, eye catching banners, a dazzling court, and a great halftime show! The winners of King and Queen of Homecoming 2017 were none other than Seniors Michael Hayes and Claribel Asare. If there is one thing to say about homecoming this year, it's that it was one unforgettable night!

### LIGHTS, CAMERA, AND ACTION!

Omer Alishah [12] and his Homecoming date, Nicole Kania [12], stand side by side waiting to hear the final results for Homecoming!

Danielle Aich [12] brings her younger brother as her escort for the enchanting Homecoming night!

John Gaugler [12] tells us about his Homecoming experience. He says, "The opportunity to be up there in front of my family and seeing the excitement of my sisters made it memorable."

Future Homecoming king Mike Hayes [12] and his date, Megan Polomene [12], wait arm in arm, excited to hear the winners of the night.

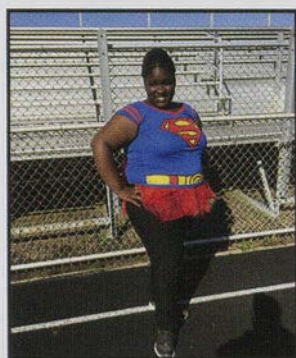

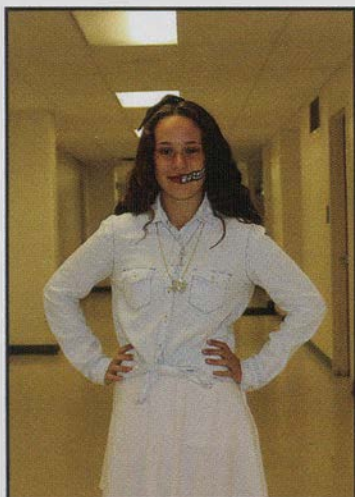

# It's just a bunch of FALL 17' Hocus Pocus

With the smell of candy in the air and the impending doom of getting a bajillion cavities in the near future, Halloween is October's favorite holiday. Freedom of expression and the thrill of knocking at strangers doors to ask for candy drive people of all ages to partake in the exciting holiday. People all over participate in the nostalgic tradition of trick-or-treating. Costumes, candies, and thrills await anyone who searches for them. So, without further ado, here are some tales from Sayreville's own student body...

## TRICK OR TREAT!

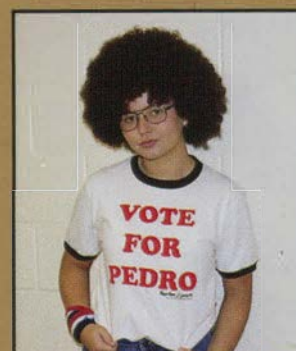

Rose Adu [12] comes to the rescue as Supergirl.

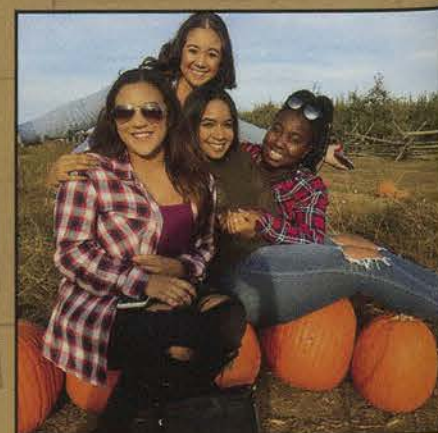

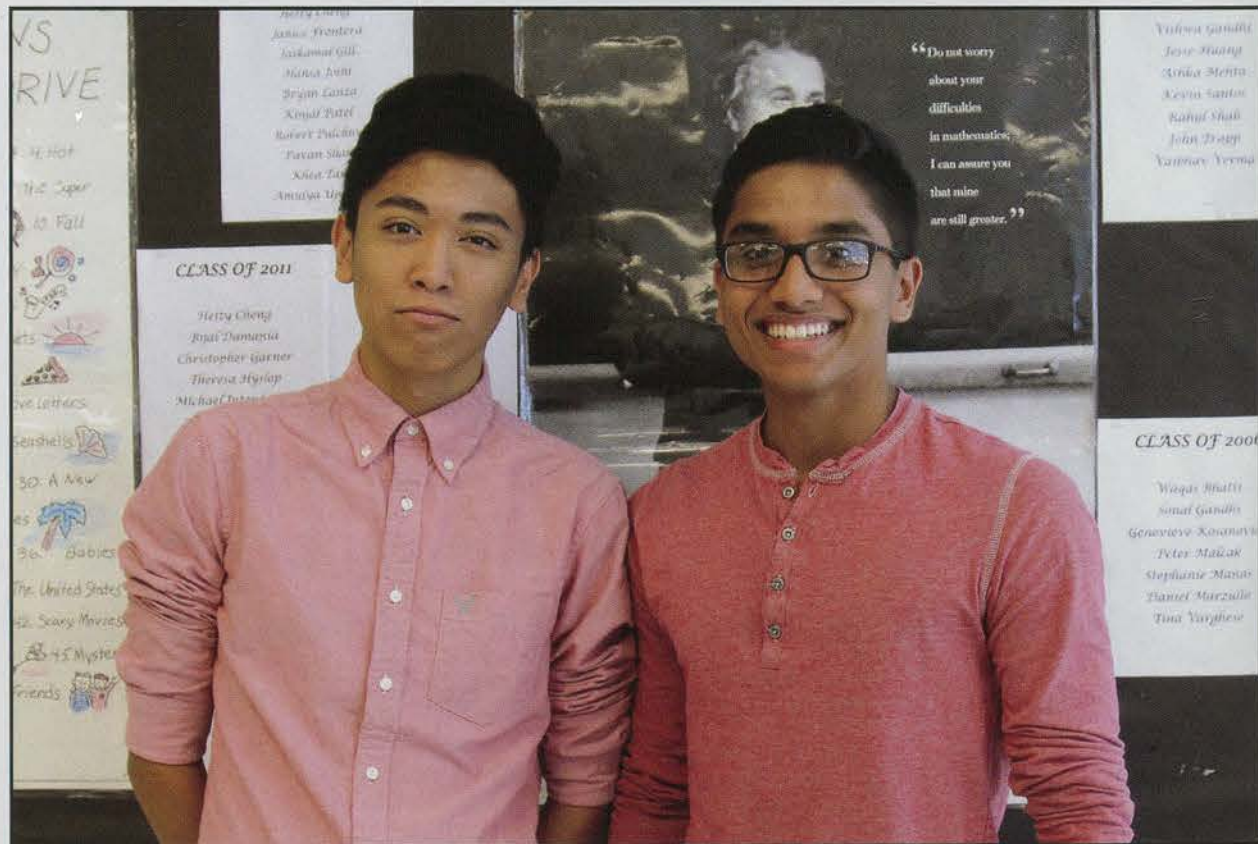

Olivia Gaspar [11] goes down the rabbit hole by mixing and matching different Alice in Wonderland characters.

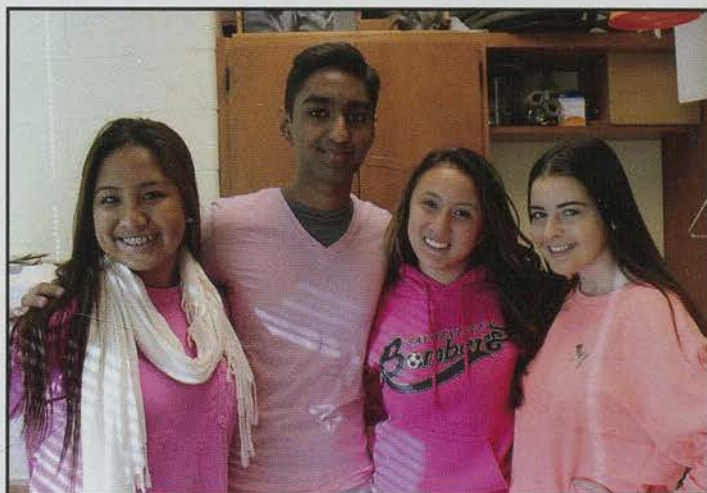

Going out on Halloween is a blast when all of your friends are trick-or-treating with you.

Lauren Gates [11] campaigns to get her new friend elected to the class presidency as Napoleon Dynamite.

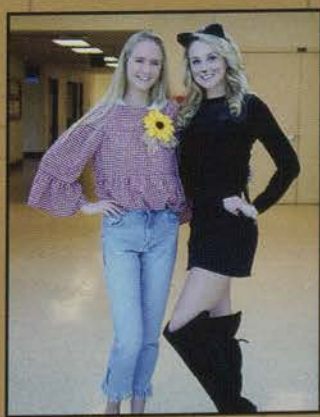

## Spooky HALLWAYS of SWMHS

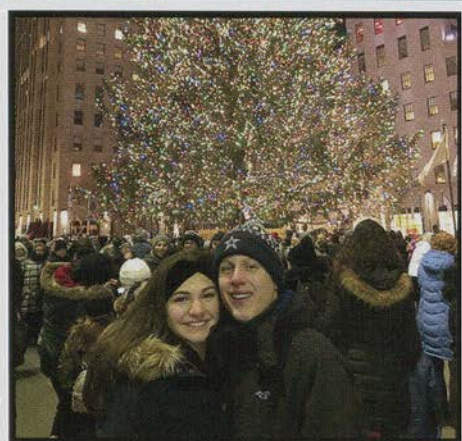

Danielle Aich [12] & Mimdaziha McGriff [10] celebrate spirit week and Halloween by dressing up and expressing their creativity!

Brielle Trinidad [11], Tanmay Patel [11], Stephanie DeOcampo [11], and Adrianna Nestor [11] pose for a picture during Pep Rally Week. When asked how they felt about the photo, Brielle says, "Pep Rally, Pals, and Pink!" Tanmay chips in, "Having the opportunity to be in the yearbook with my friends is really exciting!" Stephanie adds, "I love coming together with my friends to show our school spirit!" Adrianna remarks, "Nothing brightens up a Wednesday more than a pink out!"

The crispy leaves, wind in the air, and spooky streets brought the Fall spirit into and outside of the SWMHS hallways. The entire student body celebrated in different ways like dressing up or visiting a pumpkin patch!

## Winter TIME Vibes

The students of SWMHS took no time to get out and enjoy their break! Trips to see the Rockefeller tree were at the top of the list for everyone!

Posing with the Student Council before joining Santa's trip around the halls of SWMHS, Lauren Gates [11] says the aspect of the winter season she enjoys best is "Christmas music playing, everywhere I go."

Enjoying her time off during winter break, Bianca Melendez [12] poses with friends and says their holiday traditions are "watching movies, drinking hot chocolate, and baking cookies."

Posing with her friends while enjoying winter break and the cold weather, Jennifer Tamburri [12] expresses "I personally don't mind it until I'm freezing in the morning trying to start my car or shovel it out while wearing five layers of clothing."

# WINTER 17<sup>1</sup>

## The Holidays!

A chilly winter has come and flown by in the high school. The best surprise of winter was Santa's visit to SWMHS! The hallways were filled with excitement for the long winter break approaching closer as each day passed. Outside of the halls, several students visited the famous tree in New York City or stayed in for a cozy day of just watching movies. Many of the clubs held holiday parties and played different games to get everyone excited for the awaiting winter break!

### HOLIDAY SPIRIT TAKES OVER OUR SCHOOL!

A group of seniors take a break from class to get in the holiday spirit and pose with Santa.

Robert Steiner [12] dresses as Santa during a holiday themed basketball game.

Luke Kirkowski [12] and Ryan Casano [11] enjoy some laughs as they travel through the halls of SWMHS with Santa.

Leyla Cakici [12] and Alexandra Beagan [12] stop Santa in the hall to snap a photo.

We have spirit

# WINTER PEP RALLY

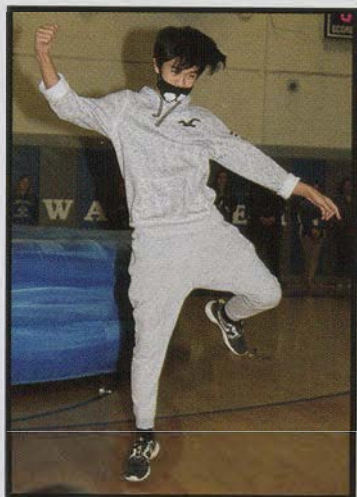

yes we do!

The 2018 Winter Pep Rally started off by our very own drum line welcoming every class entering the gymnasium. When every seat was filled with SWMHS's students, Student Council President Kendra Damoah and Vice President Ryan Casano announced all of the Winter Sports Teams to recognize all of their hardwork throughout the season. Next, we had the dance battle competition between all of the classes! Seniors Jonathan Balin and Liana Kinahan out danced their competitors! The Winter Pep Rally ended on a surprising note, with students and Mr. Brown attempting to ride the Mechanical Shark for the first time in SWMHS history! The student body cannot wait to see what is in store for next year's Winter Pep Rally!

## GOODBYE WINTER BLUES

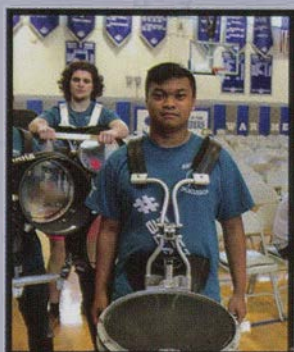

Kaya Fairman [12] struts her stuff as the student body cheers her on.

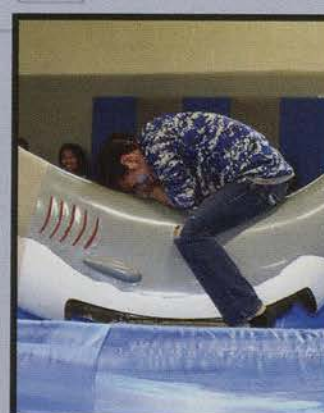

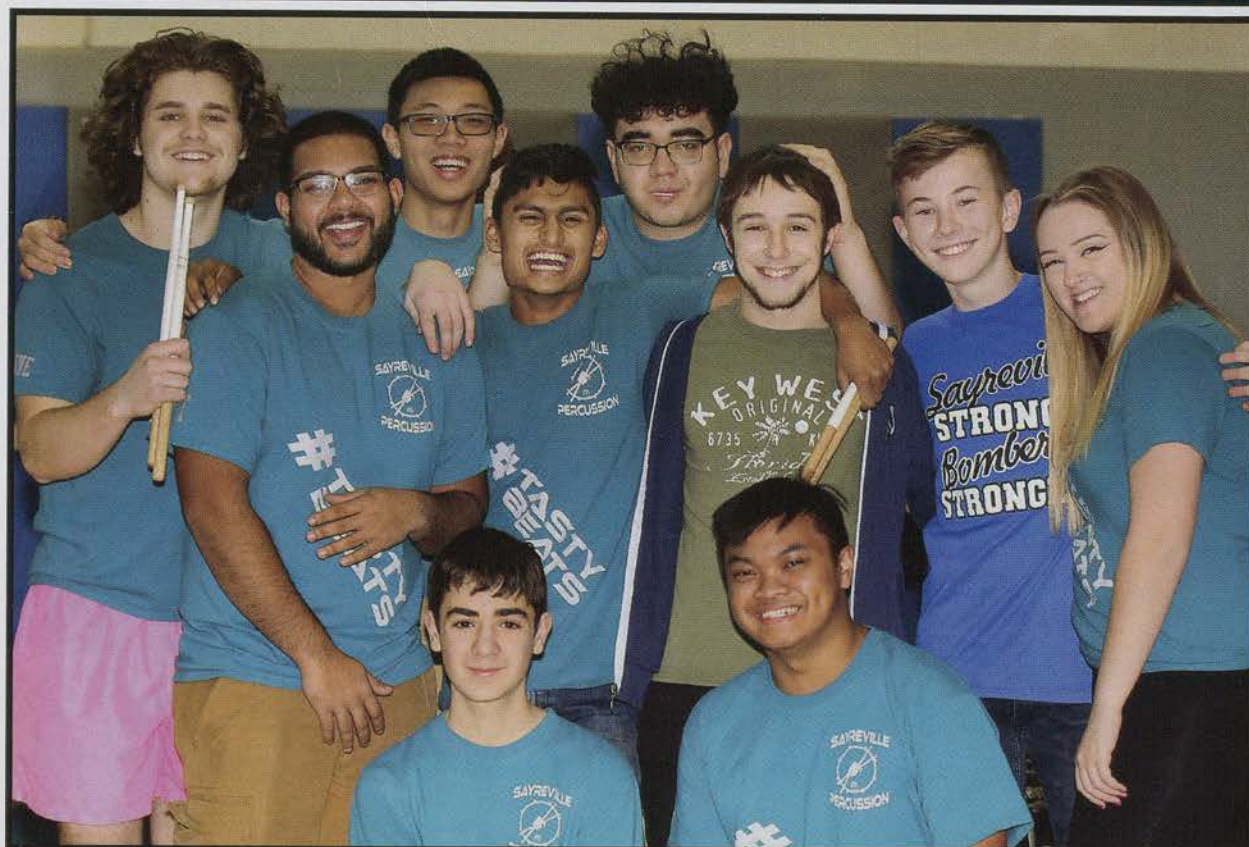

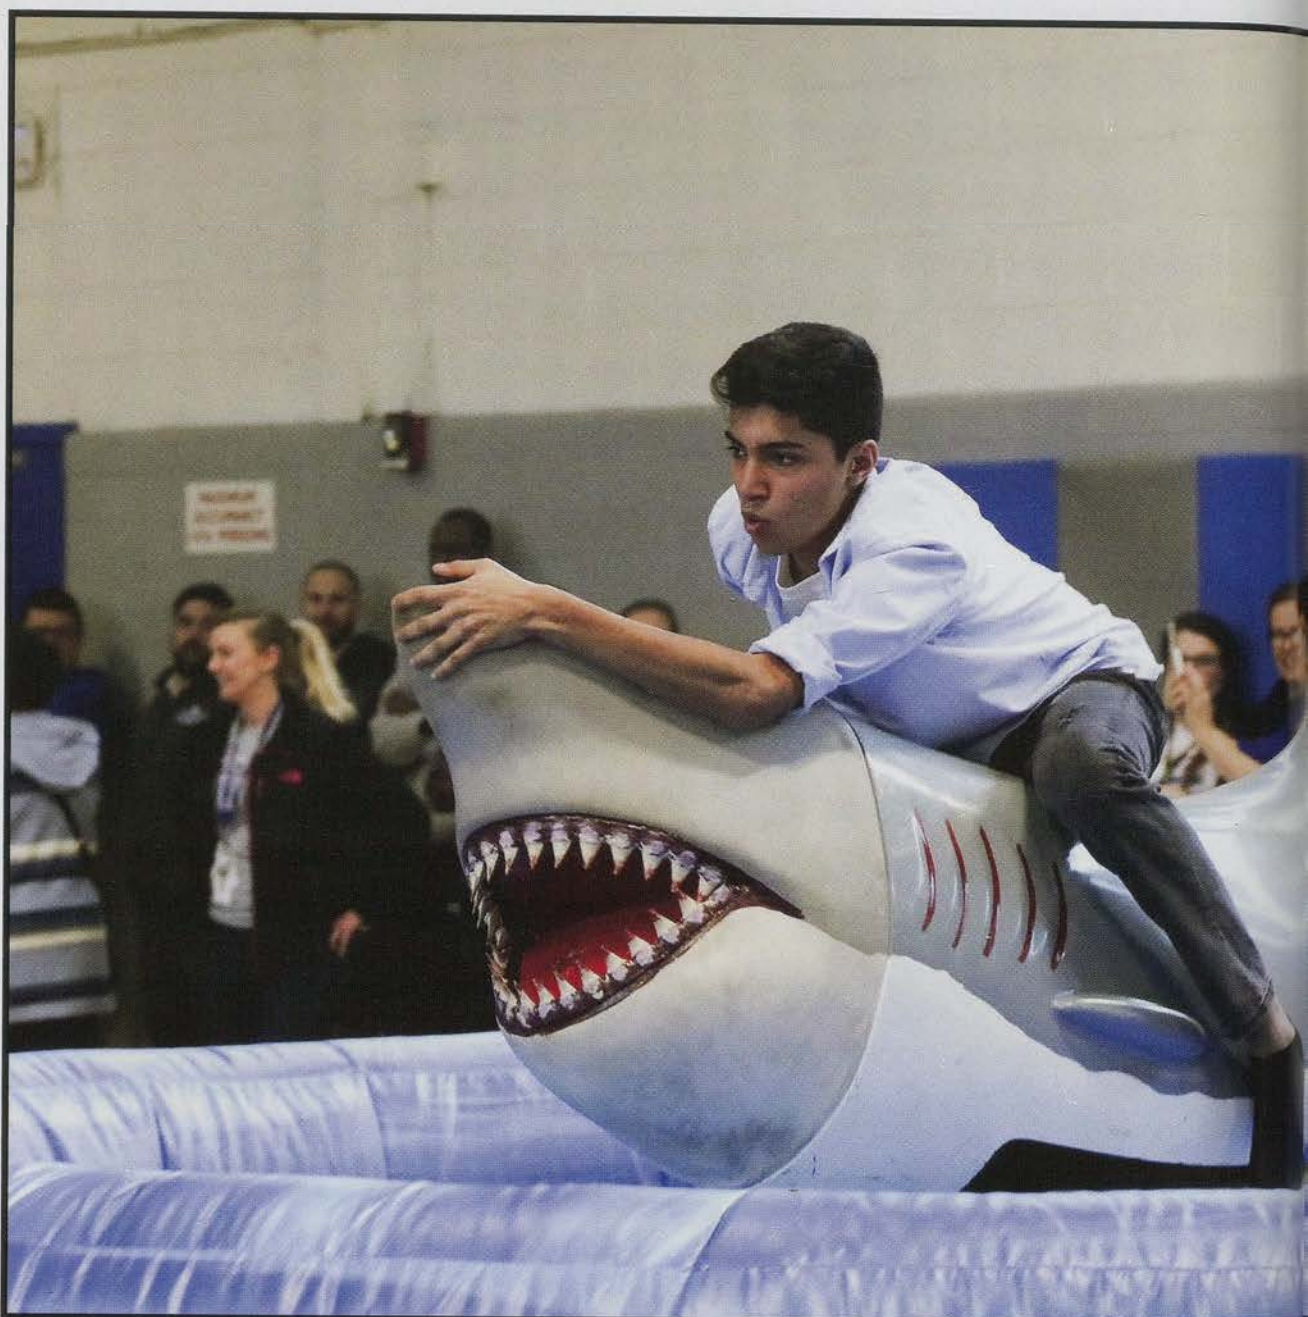

Jonathan Balin [12] displays his dancing talents during the battle of the class competition.

The competition cheerleading team executes their stunts flawlessly during their performance.

Robert Romero [11] poses with his drum before taking the floor for the opening performance.

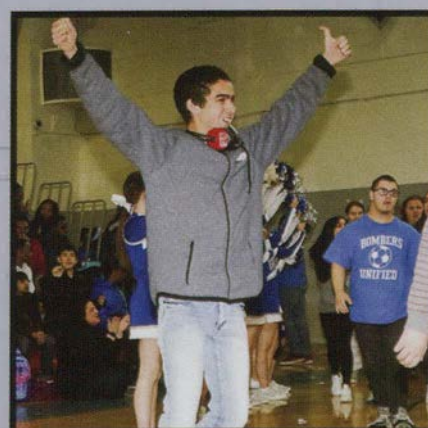

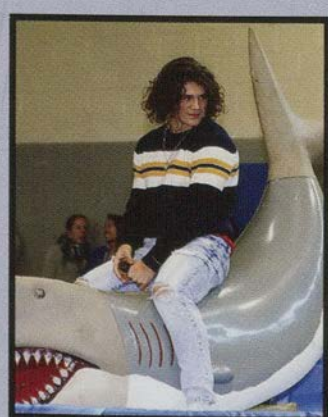

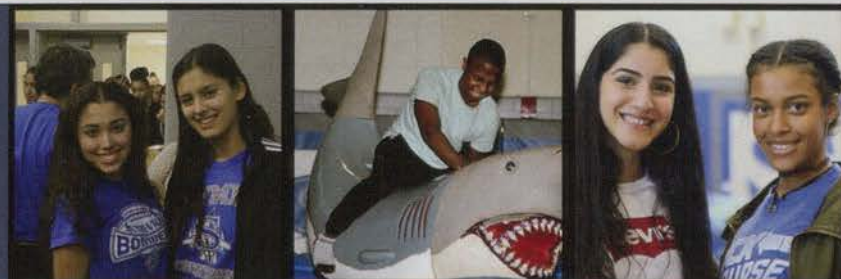

## Battle OF THE Classes

Robert Dewise [11] gets ready to ride the mechanical shark and Matthew Jaikissoon [12] plays the drums while the student body cheers them on in excitement.

Jay Pipaliya [11], pictured above on the mechanical shark, tells us, "I signed up because I wanted to do something different in the new year and try new things. I didn't have any experience with the event, but I tried it and it was fun! The most exciting event to watch was definitely the shark riding! Seeing my competitors compete for the top time was awesome, and especially seeing Mr. Brown riding the shark!"

Daniel Kuria [11], pictured riding the shark to the right, expresses his favorite part of the Winter Pep Rally by saying, "Seeing Mr. Brown riding the shark made my day!" Daniel also expressed changing the pep rally by saying "I would bring back the Three-Point contest."

Jonathan Balin [12] looks back at his senior year pep rally and tells us, "I signed up for the dance contest because it was my last chance to participate in a pep rally. Dancing is really fun for me and I wanted everybody to get hyped up!"

# CLASS OF SENIORS 2018

Topsoil Stockpile

It is during these four years of high school — the years that many recall as the best of their lives — that the class of 2018 toiled and strived towards finding their passions and what they will love for the rest of their lives. This year, they experienced the thrill of being upperclassmen with a touch of “senioritis,” while preparing to face life as new recruits as freshmen once again in college. Sayreville War Memorial High School will deploy its senior class to go out into the world with pride, knowing that they can produce the change we all hope to see. Teachers become dear friends and friends become mentors as this class steps out to look back at the school “From The Outside In.”

**What would your advice be for the next incoming class?**

My advice for the next incoming class would be to try your best! If you can't understand it, always ask for help, teachers are there for a reason.

**What are your plans for after high school?**

My plans for after high school is going to Mercer County Community College to get my Associates in fashion design. I will then transfer to a university to earn my Bachelors. I also hope to travel.

**If you could spend the day with one person, living or deceased, who would it be and what would you do?**

I would want to spend the day with my grandfather who sadly passed away last February. We would catch up on life and maybe do puzzles together like we used to when I was a child.

**What teacher has prepared you the most for your life after high school?**

The teacher I feel that has prepared me the most for life after high school would be my creative writing teacher, Ms. Jakubik-Tanchyk. She always gave great advice and taught us inspiring quotes. She truly cares for her students.

**What are your plans for after high school?**

My plans are to go to college, learn how to drive, have fun with family and friends, and enjoy life.

**What was your most memorable event that happened outside of school?**

My most memorable event is the BBQ at the Fagos' in last August. It was for Peer Leadership and we had a lot of fun! It was the best time of my life!

**What teacher has prepared you the most for your life after high school?**

That teacher would be Mr. Fisher. He talked about the meaning of life, college, and work ethic.

**What would your advice be for the next incoming class?**

Enjoy your time at SWMHS, because, believe it or not, four years flies by fast. Get to school on time. Do your school work and don't fall behind in your grades. Stay active whether it be sports or any other clubs and most of all, have fun.

**What are your plans for after high school?**

To play sports in college, while continuing my education.

**What was your most memorable event that happened outside of school?**

When I went to Cooperstown Dreams Park in 2013 with my baseball team.

**What teacher has prepared you the most for your life after high school?**

Coach Cifelli, in the short time since I met him, has given me the confidence I needed to try a new sport, soccer. He taught me to believe in myself again when I was in doubt of my ability both in sports and school. He motivated me so much just by taking a chance on me and for that I am forever grateful.

**What would your advice be for the next incoming class?**

My advice is to get out of your comfort zone and try your best with everything you do. Work hard and have fun, it goes by super fast.

**What are your plans for after high school?**

My plans for after high school are to go to a college and get my bachelor's degree in English or possibly Business.

**What was your most memorable event that happened outside of school?**

In fall of 2016, I traveled to Europe for Thanksgiving. It was such an amazing and educational trip. I would go back in a heartbeat!

**What teacher has prepared you the most for your life after high school?**  
Definitely Ms. Chuntz!

### LIAM GILIGAN

**What would your advice be for the next incoming class?**

Don't take this time for granted. You are only in high school once and the time goes very quickly, so try to make the best of it.

**What are your plans for after high school?**

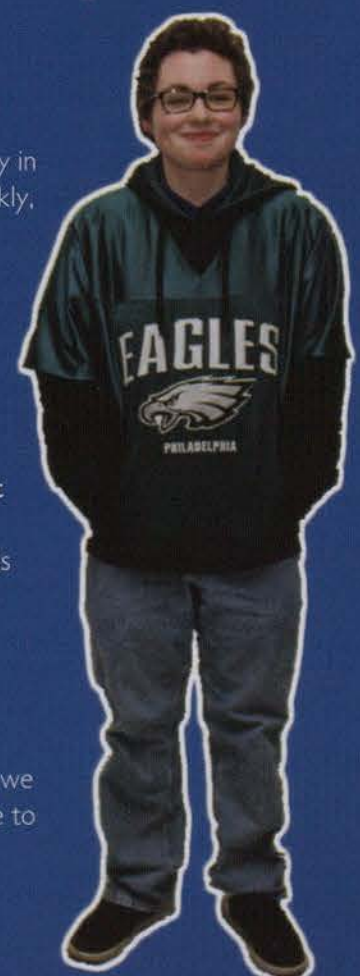

I plan on studying to become a computer programmer.

**What was your most memorable event that happened outside school?**

Playing basketball at Borough Hall with friends until we had to sprint to our cars because it started to pour outside.

**What motivational or inspiring quote best represents your senior year at SWMHS?**

"What counts in life is not the mere fact that we have lived. It is what difference we have made to the lives of others that will determine the significance of the life we lead." - Nelson Mandela

## NICOLE SMAGACZ

**What would your advice be for the next incoming class?**

Don't be afraid to step out of your comfort zone. Try out for a sport, a musical, or try a new club. Don't be afraid to make new friends either.

**What are your plans for after high school?**

Going to college for business.

**What was your most memorable event that happened outside of school?**

Seeing the Front Bottoms live with my best friend Kat.

**If you could spend the day with one person, living or deceased, who would it be and what would you do?**

Iskra Lawrence, we would go shopping together.

## LUKE ARAZA

**What would your advice be for the next incoming class?**

My advice would be to do your best in everything you do. Always aim high and never settle for less than the best of your capabilities.

**What are your plans for after high school?**

I plan to study Civil Engineering in college, graduate in 4 years, and eventually move back to the Philippines to work for my home country.

**What was your most memorable event that happened outside of school?**

Definitely moving from the Philippines to California and then to New Jersey. I have experienced a lot. I am incredibly blessed and grateful to experience the things that I have experienced and learn from all sorts of people. From where I came from, not a lot of people have the opportunity I have in front of me and I learned to make the most of that.

**If you could spend the day with one person, living or deceased, who would it be and what would you do?**

I would spend it with my best friend back in the Philippines. I would do the simple things: take her out to eat, talk, and just enjoy each other's company.

### CHANCE SIURANO

**What would your advice be for the next incoming class?**

My advice to the next incoming class would be to get involved in school as much as you can by joining clubs and participating in school activities and events.

**What are you plans for after high school?**

After high school I plan on going to Middlesex in the fall.

**What was your most memorable event that happened outside of school?**

My most memorable event that happened outside of school was helping my brother propose to his girlfriend. Me, my family, and her family held up signs that spelled out "Will you marry me?" at Long Branch Beach.

### YUSRA KHAN

**What would your advice be for the next incoming class?**

My advice for the incoming class would be to always work towards being the best version of yourself and remember to always have a kind heart.

**What are your plans for after high school?**

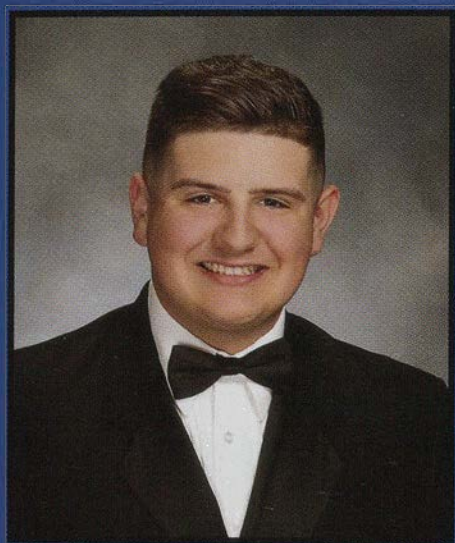

After high school, I hope to become a Certified Public Accountant (CPA). I also want to help teach kids English in Lucknow, India where my parents are from, just like Afshan Nasserri does every year.

**If you could spend the day with one person, living or deceased, who would it be and what would you do?**

I would love to spend a day with Gina Rodriguez because of her strength and how genuine she is. We would probably hang out and go out to eat!

**What teacher has prepared you the most for your life after high school?**

Ms. Donnelly has truly prepared me for life after high school. She has shown me that hard work always pays off in the end. Thank you for everything you've taught me, Ms. Donnelly.

# TOP

# TEN

## #1 Kathleen Beben

Four years of hard work has put Kathleen Beben as the valedictorian of Sayreville's Class of 2018. Although an impressive accomplishment, for Kathleen it's not about the numbers. She attests her success to her love of learning and knowledge. This curiosity and drive has put Kathleen not only at the top of her class, but also propelled her in the pursuit of her extracurriculars. When she's not studying, Kathleen is devising community service projects, volunteering with the Sayreville B.I.C. program (which she has participated in for the last 7 years), or leading SVMHS's programming club and math competition team. All of this is done while playing tennis, holding the Varsity first singles spot, and captaining the team to two GMC White Division Championships. She plays outside of school as well, and has lately taken to coaching. Each of these experiences as a Bomber will stick with Kathleen as she goes on to study biochemistry in the fall of 2018 and dive deeper into the workings of the world. Believe you can, and you will.

## #2 Michael Philip

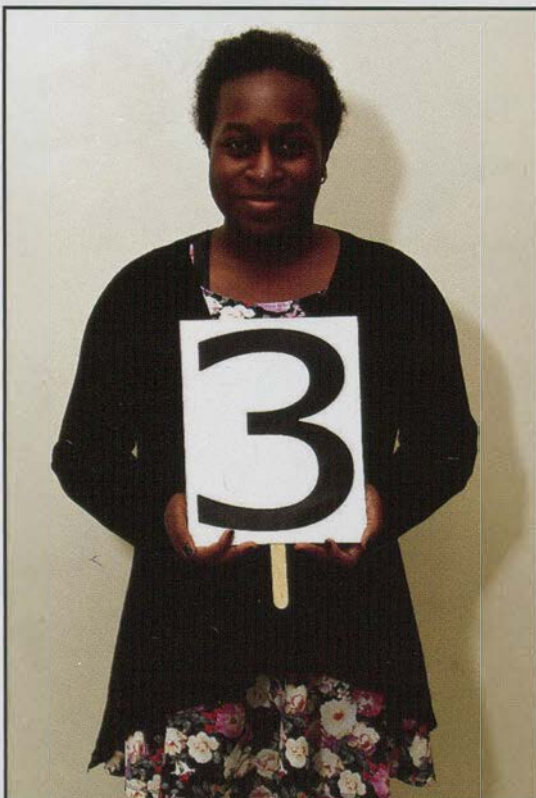

By working hard and prioritizing his academics, Mike was able to make it into the Top Ten of Sayreville War Memorial High School. As these 4 years have passed by, he has had nobody to thank but his mother, father, and sister for their constant encouragement and his friends for their help and that extra competition to push him to make a better effort. Living as a little brown boy with parents from India, Mike was prone to some rather terrifying encounters upon receiving a not so good grade. Little did he know back then that it was all for his own good and for him to improve and stay focused on his studies. Strengthening the relationship between himself and all his friends has carried him through all the tough times. Having a car only made hanging out with them that much easier and a far more common occurrence, even to the point where he was eventually put on house arrest for a bit. Eating out at places like Subway and Five Guys was probably the best way for Mike to empty his wallet, but his parents were kind enough to let him keep doing it. Ending the year, he has worked his way into the National Honor Society, Mu Alpha Theta (Math Honor Society), Science Honor Society, and Spanish Honor Society. Kicking off his high school years strong, Mike excelled academically and hopes to do the same at Rutgers University in New Brunswick next year. Mike appreciates the support from his friends and family, including his older sister Michele and his parents George and Shincy, and he wishes great luck for his fellow classmates as they move on to a new stage in life.

## #3 Ashley Gordon

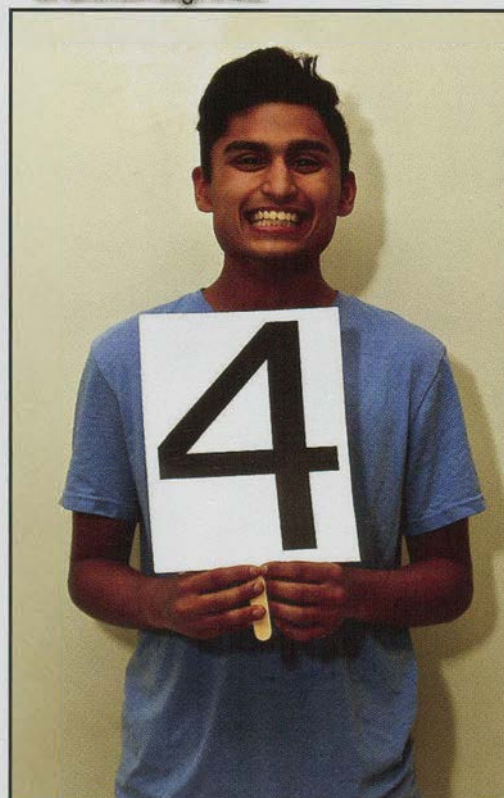

To her own surprise, Ashley ended up in the top ten of her class. Not once in her life would she have thought she'd get to this point. All the years of failing in math and science for them to become her favorite and, at times, best subjects. She looked back on how much she has changed over the years. She was no longer that shy little girl who hid behind her father's leg. Okay, she was still kinda shy (and occasionally hid behind her dad), but it wasn't THAT bad. Truthfully, she had feared entering high school believing that she'd be jumped and tossed into a locker not even one step into the building. Instead, high school became a time of new friendships, learning new things, and getting involved with all sorts of new experiences by joining clubs. Ashley was glad to see all of her hard work pay off after all these years. She got into Spanish Honor Society, Science Honor Society, Mu Alpha Theta, and the top ten. She would have settled for a diploma and a high five but this isn't too bad either. During her high school years Ashley found her goal in life, made unbreakable bonds with friends, and overall had some of the best times of her life. Although there were downsides and even tears, as there are with many things, she wouldn't trade these memories for the world. Her time was short but she is glad to see all that she has achieved and hopes for the best as she steps towards a new beginning.

"Twenty years from now you will be more disappointed by the things that you didn't do than by the ones you did do. So throw off the bowlines. Sail away from the safe harbor. Catch the trade winds in your sails."  
-Mark Twain

## #4 Hamidul Islam

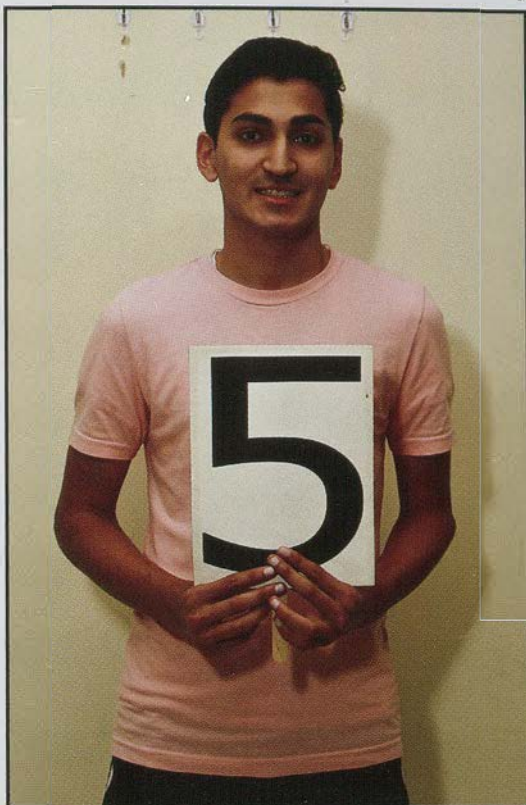

Coming into Sayreville High School has molded Ham into a person he would have never imagined becoming at the end of senior year. Over the last four years, he has met tons of new teachers that taught him lessons valuable to both inside and outside the classroom. Indulging in the activities that Sayreville has to offer created a great high school experience that really made it unforgettable. This caused him to always try new things outside of his comfort zone, such as joining the marching band and FBLA. Uniting with people in these clubs brought forth new opportunities and friendships that have impacted his high school career immensely. Similarly, playing the sport that he loves, soccer, has allowed him to find a family that pushes him and one which he can depend on. Inside the classroom, Ham has always had the drive to get the difficult workload done to the best of his ability. Nevertheless, there was still a lot of procrastination, and late night Dunkin runs at 3 A.M. The rigorous course load pushed him to strive for excellence as well as find an interest in science. Exercising this interest led him to volunteering at Raritan Bay Medical Center. Repeatedly trying to strive for success has also allowed him to participate in Science Honor Society, Spanish Honors Society, Mu Alpha Theta, and History Honor Society. Reviewing his last four years, Ham is excited to move on to the next chapter of his life where he can meet new people and open up exciting opportunities. Uncertain of where he wants to go next, he is certain that he will always carry the bombers pride with him. Plenty of great memories were made here. Thanks to his family, friends, and teachers, Ham has changed to become the person he is today. Ideally he wishes to keep touch with people in Sayreville and everyone that has influenced him. Safely said, he wishes everyone in the graduating class of 2018 the best of luck.

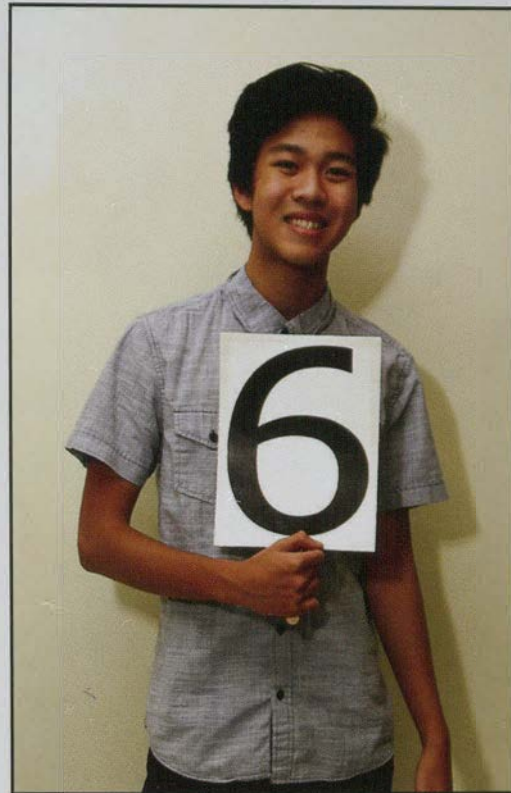

## #5 Harshil Trivedi

Previously known as the quiet kid who sat in the back of the class, Harshil Trivedi manifested into a student that surpassed expectations of his friends and family. Sleepless nights because of procrastination were the highlight of his four years, and as long as the grade he earned reflected his work ethic, Harshil remained content and satisfied. Aiming to pursue a degree in Biomedical Engineering with aspirations of going to Medical School, Harshil did not limit his reach. Academics were always a priority for Harshil, but the true enjoyment of high school came with the extracurricular activities he was associated with and began to lead. As a hands on learner who also loved interaction with teachers, friends, and family, Harshil was able to teach the elderly and disabled origami at a rehabilitation center and earn the title of an EMT during his senior year. Even in school, his extracurricular activities kept him occupied day and night. Physics Olympics, Odyssey of the Mind, sports, and many of his leadership positions in various other clubs and honors societies stretched Harshil thin, but his hairline after the amount of stress was worse. Oddly, unlike most other "normal" students, Harshil enjoyed staying after school to make new art projects or bring up unreal physics questions to teachers. As Harshil's four years come to an end, he thanks his friends and teachers who were able to paint his dreams for him.

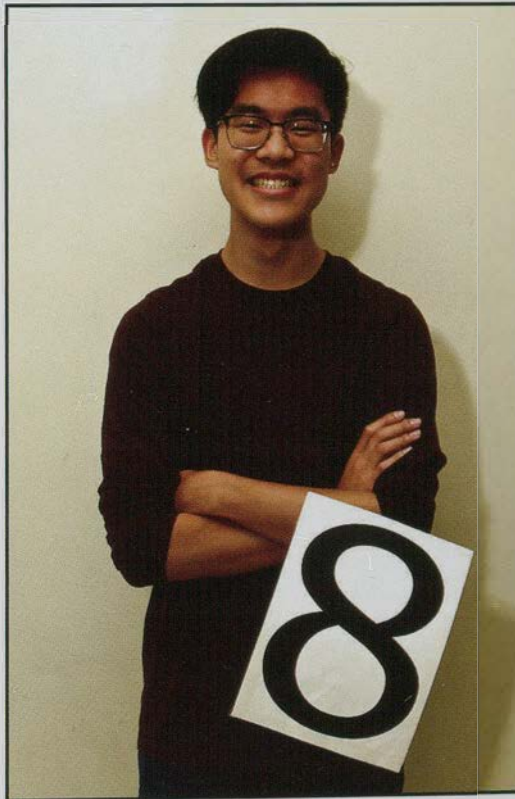

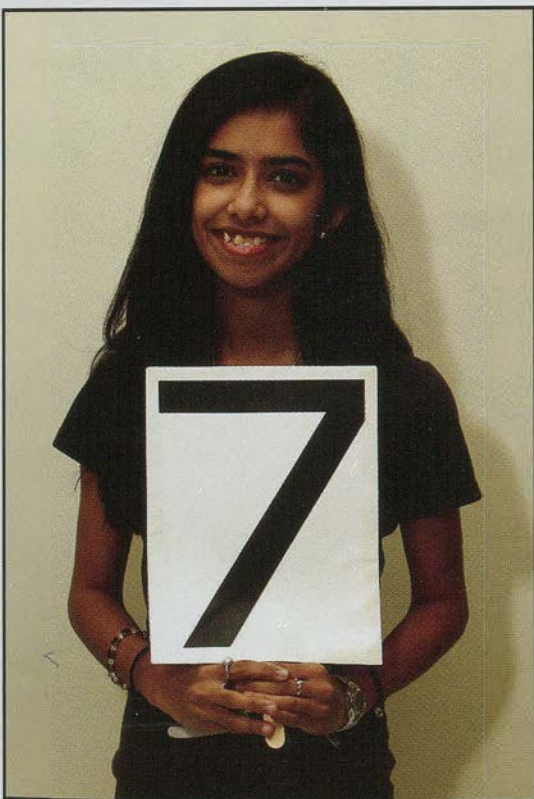

## #6 Jonathan Balin

These past 4 years have been quite a journey for Jonathan. Once a scrawny freshman, he went on to become a slightly taller scrawny senior with decent hair and some fashion sense. A dedicated member of Mu Alpha Theta and Spanish Honor Society, Jonathan also competed in the Physics Olympics and Science Bowl during his senior year. He devotes a lot of time to his schoolwork, but more importantly, he spends his time helping out his friends and family whenever they may need him. Although many would describe him as such, his last name is actually spelled Balin and not Ballin. His interests include dancing, listening to music, and long walks on the beach. In the future, Jonathan plans to pursue a major in accounting in college as well as a life filled with fun, good memories, and good people.

## #7 Supriya Iyer

When Supriya first found out that she was in the top ten of her grade, she asked her guidance counselor, "Wait what, are you sure?" Needless to say, the journey to this surprise was composed of numerous sleepless nights, trying to frantically finish homework, and sporadic naps whenever she could find the time. Driven by her constant passion to learn and create, she strived to ensure excellence in everything she pursued (even if it meant that she wouldn't be able to finish yet another painting). Both inside and outside the classroom, Supriya liked to be as creative as possible, whether that meant practicing a new song on the violin or writing a paper on the Gothic elements of Frankenstein. Furthermore, she is thankful to her teachers for nurturing this creative spirit and allowing it to expand by showing her various ways to think. Aside from taking several challenging courses, Supriya also used her passion through her role as the President of International Society, where she constantly learned of countries and cultures from throughout the world. Her interests can be found in her participation and leadership in extracurriculars such as Do the Right Thing, National Honor Society, and DECA, where she always tries to go beyond the bare minimum and excel (key word: tries). Some of her other extracurriculars include Mu Alpha Theta, Spanish Honor Society, and Science Honor Society, all of which were pleasant surprises as well. Outside of school, Supriya loves to pursue the arts, such as drawing, painting, taking photos, and playing the violin. As her time at Sayreville War Memorial High School is drawing to a close, she is extremely excited for the next chapter of her life, and is eternally grateful to her ever-supportive family and friends who've put up with her crazy moments and helped her reach this point. Finally, she would like to wish the Class of 2018 good luck and leave them with a quote, "The future belongs to those who believe in the beauty of their dreams."

## #8 Dylan Lam

Four years have gone by and Dylan only squeezed in a year's worth of sleep. He found a friend in coffee as the number of late study nights increased. He began questioning whether or not the sleep deprivation was worth it, but in the end, he knows it was and would do it all again, if only to take another class with some of the wonderful teachers here. He thanks them for testing his limits with mind-bending lessons and learning how to appreciate education. His memberships in the school's Spanish Honor Society, Mu Alpha Theta, and Science Honor Society stand as testaments to his hard work. When he wasn't rifling through his notebooks, he was with the fantastic sound crew behind Sayreville's theater plays and musicals. On some nights, he stayed with the crew till 10 P.M. practicing cues and making sure everything would run smoothly on performance night. During his time on sound crew, he learned the ins and outs of a live production, how to work under pressure, and how to solve unexpected problems quickly. In addition to the sound crew, he explored his interest in computers as the Secretary of the Programming Club and as the school's IT Assistant, continued an old hobby of his as Co-Founder of the Chess Club, and pursued his passion for filmmaking as Co-Founder of the Sayreville Film Society. He hopes to make something of that passion in college, though he has yet to determine the specific field of study. As the end of his senior year approaches, he wishes the best for the Class of 2018, the peers he has grown up with for over a decade. He would like to conclude with this: aim not for happiness, but for purpose.

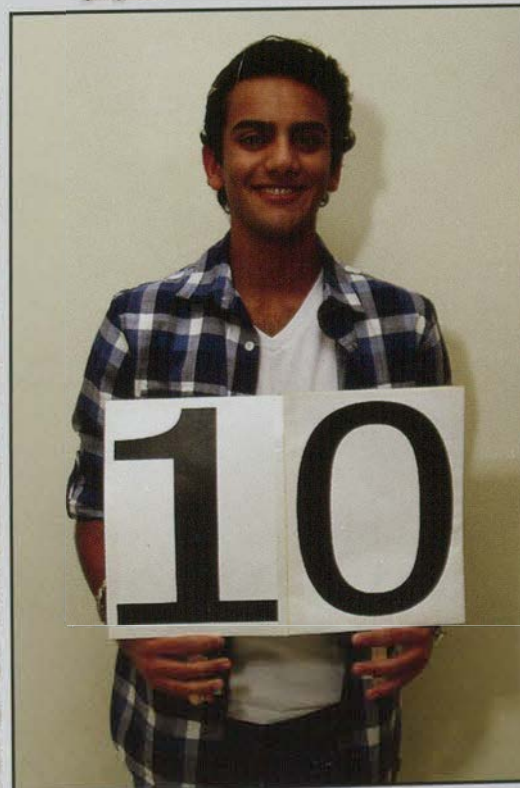

## #9 Naomi Aziz

Staying in the top ten has been an unforgettable experience for Naomi. It has taught her the importance of hard work and consistency, and most of all, being humble. She is a member of multiple clubs and honors societies, and believes that it is important to be involved in as many extracurricular activities as she can. She spent the majority of her summer volunteering at Madison Center, where she learned valuable lessons about life and how to care for others. Her hobbies include keeping up with politics, watching Ted Talks, and hanging out with her best friends. In the fall, Naomi plans to attend the Ernest Mario School of Pharmacy in Rutgers, New Brunswick, where she hopes to pursue a degree in pharmacy and eventually become a pharmacist. She would like to thank God, her parents, and her friends for standing by her on this incredible journey, and wishes the class of 2018 good luck on all their future endeavors.

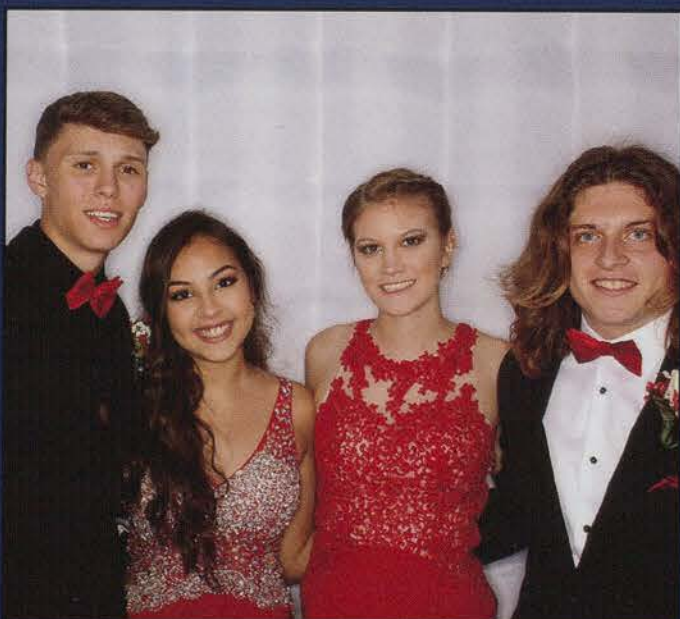

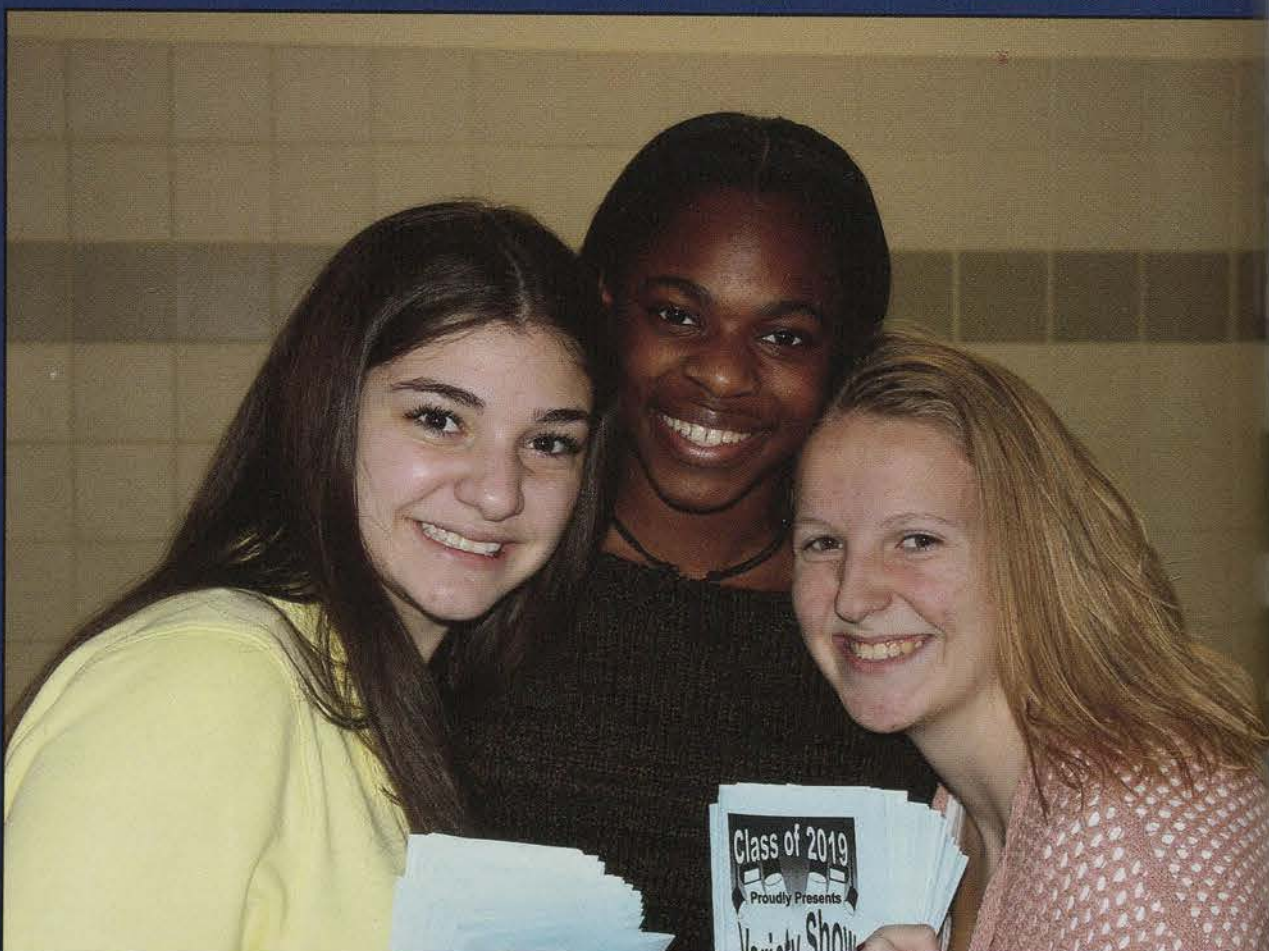

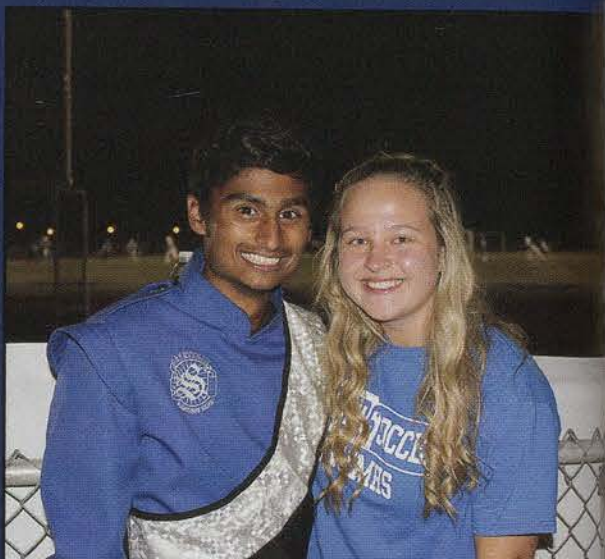

## #10 Ankur Vijayvargiya

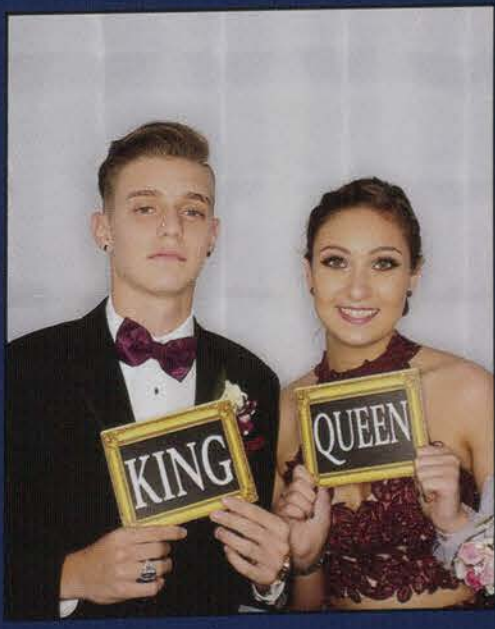

Becoming a top ranking student could not have been the amazing journey it has been without the help of Ankur's amazing teachers and friends. The hours procrastinating and staying up late were, and will forever be, essential parts of his academic career. During his time studying and writing papers, he has always found time for his beloved Netflix and his friends. His courses varied from how to effectively learn and inspire others to learning how to do daily life activities, such as filing taxes and practical training (not). He spent his high school career learning essential little tricks he will need when interviewing for a job, such as how to write a speculative essay in half an hour. During his time at SWMHS, Ankur has participated in a variety of clubs such as Physics Olympics, math competition club, science club and more. In addition, Ankur played varsity tennis during the spring season. He even achieved his Eagle Award for Boy Scouts and pursued dance for a number of years. His leadership roles in Boy Scouts, clubs, countless volunteering hours, and success in classes gave him the privilege of being in several honor societies such as National Honor Society, Science National Honor Society, Spanish National Honor Society, and Mu Alpha Theta. Moving on, Ankur wishes to pursue a dual degree at college with engineering and business. He would like to leave Bomber Nation with this little, yet monumental, piece of advice: never settle for what's given to you, go get what you want.

# CLASS OF JUNIORS 2019

Hailed as one of the toughest years in high school, junior year is the time for the class of 2019 to leave their mark on not only SWMHS, but the world as well. As the prospect of college nears, the juniors of SWMHS aim to impress colleges as well as their social circles and family with their academics and extracurricular activities. Junior year is both the time to strive to achieve their best as well as have fun with activities such as hosting the Variety Show and attending Junior Prom. As the college searching season opens up, colleges are ready to look at our students "From The Outside In."

## "Just Ask The Juniors"

What do you feel sets you apart from everyone else?

"I'm very enthusiastic and my happiness is contagious which I feel sets me apart from everyone else." - Stephanie DeOcampo

"I feel that my kindness and my passion for baseball sets me apart from everyone else." - Ethan Calcano

"I feel like my determination to do well and help people is what sets me apart from others. I always give my most in everything that I do, no matter how trivial it may seem." - Angela Atcosta

Sayreville War Memorial High School

"Everyone is one of a kind, but what sets me apart from everyone else is my willingness to try new things. I take every opportunity to broaden my knowledge in the arts, culture, academics, and more!" - Brielle Trinidad

"I feel that my positive outlook on life and ability to see the good in everything offsets me from others." - Jundy Lacuata

**"Just Ask The Juniors"**  
If you could change the world in one way, what would you do?

"I would allow every person to have a happy and safe life." - Emily Pawelek

"I would change the balance of the NFL and NBA." - Michael Romanello

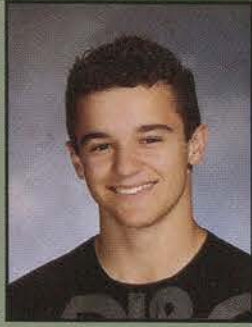

"I would end the lack of education in other countries that can't afford it. I would get volunteers who are teachers to come to these countries to teach the students as well as train the teachers." - Savanna Correia  
Sayreville War Memorial High School

"Nothing because the world is perfect as it is." - Bryan Paez

"If I could change the world in one way, it would be for everyone to understand each other. This would eliminate wars and unnecessary conflict." - Lauren Gates

# "Just Ask The Juniors" "If you could travel anywhere in the world, where would you go and why?"

"I would go to Paris because it's the city of love and the architecture of the city is stunning." - Tanmay Patel

"I would go to Taguig City in the Philippines. It may not be as beautiful as the San Diego sunset or clean as the Sayreville snow, but it is home to me and I will love it like no other forever." - Jody Araza

"I would travel to Rome, Italy to embrace my Italian roots and indulge in amazing foods." - Adrianna Nestor  
Sayreville War Memorial High School

"I'd go to India because I have never been there. I have a huge interest in their culture and diversity." - Ethan Gutzlaff

"I would go to Dubai, because of how beautiful the city is and the amount of attractions that are there, such as the only 7 star hotel in the world." - Gail Mensah

# "Just Ask The Juniors" What would you like to accomplish by the end of your Junior Year?

# CLASS OF SOPHOMORES 2020

The Class of 2020 is ready to take on sophomore year by storm, to leave their mark on Sayreville War Memorial High School. With two more years to go, the Class of 2020 is ready to succeed in academia, athletics, music, and any other activities concerning their passions. All the while, the Sophomores are making sure to enjoy their time in the high school with peers to make sure when they do step out into the world, they will never forget their Sophomore year. Time is flying by very quickly and in no time June 2020 will be here but this class will look back at the 2017-2018 school year with no regrets, when the time comes to look at SWMHS from the "Outside In."

## "Speak Up Sophomores"

How are you able to balance school responsibilities and your personal time?

"It's very difficult, but with a strong resolve I put my phone down for a few hours and focus on my homework and studying." - Sydney Arende

"I have a strict schedule that I follow to make sure I function at the best of my ability." - Afaq Qamar

"Most of the time I can't balance school and my personal life. In the long run, I try not to procrastinate which gives me time to get work done and to also have fun after." - Gabriel Galvez Sayreville War Memorial High School

"In all honesty, I don't balance my time as well as I should. I prioritize watching videos and taking naps over completing my homework." - Dan Co

"This has been one of my biggest struggles this year. I think the only way I do this is by trying to procrastinate as little as possible and having to constantly remind myself when to stop worrying over little things and to focus on having fun." - Rose Tomaszewski

## "Speak Up Sophomores"

How do you use your talents to express yourself at school?

"I like to write so in English I express myself through the writing assignments." - Alyssa Mullican

"There are many sports and clubs you can join in order to apply yourself, it leaves a lot of room for new opportunities and challenges. For me, the Field Hockey team and the Yearbook Photography team allow me to express myself and participate in school simultaneously." - Casey Korman

"I try to use my talents in any way I can. For example, I write my own music. I'm also involved in events like the Variety Show and Acoustic Night." - Christian Quilon  
Sayreville War Memorial High School

"My talents lead to unnecessary yet satisfying outcomes to express myself at school. for example, color coding my notes with colored pens display how "extra" I am." - Mueez Khan

"I use my creative mind to excel in my writing, different class activities, and projects." - Cesar Espejo

What has been your most "awkward/funny" moment at school this year?

"Watching a bunch of seniors hitting balloons around the cafeteria." - David Ekpe

"The one time I shaved my mustache as a joke." - Faizjilani Khan

"We were on the football field during gym and I got turf in my shoes and when I went to tell someone that, I accidentally said 'I have turf in my rocks.'" - Payal Khatri

Sayreville War Memorial High School

"The most awkward thing I did this year was probably walking into a different class without realizing it, and I've actually done this multiple times." - Ria Patel

"My most awkward moment this year was when my shoe fell off in the middle of a field hockey game. It was one of my first varsity games and then I had to keep on running." - Tatiana Whitaker

# "Speak Up Sophomores"

In what ways is your sophomore year different from your freshman year?

"My sophomore year has been more difficult than my freshman year, but still a lot of fun. I've had my highs and lows as a freshman, but as a sophomore, I've had a pretty great experience." - Elan Calcano

"Sophomore year is a lot easier than freshman year." - Jason Moody

"Sophomore year is easier because I have learned how to plan out my work so it all gets done on time." - Emily Williamson  
Sayreville War Memorial High School

"My sophomore year has been less scary than as a freshman last year. I was scared the whole time but it has gotten much better." - Bailey Maclean

# CLASS OF FRESHMEN 2021

The Freshmen of 2021 are the new kids on the block at Sayreville War Memorial High School. The freshmen have already experienced the reality of highschool from the homework to the after school activities. But this is only a sneak peek for the journey ahead of them. The new Bombers are ready to go through their high school years and treasure them for a lifetime! The next three years ahead of them are those in which they will make important decisions of their lives. We hope the best for them and want to see them grow through these next few years for the better with school spirit in their hearts. We can't wait to see how the freshmen will pave their high school years!

## "Freshman Firsts" What was your biggest fear entering high school?

"The biggest fear of when I was coming into highschool was that I was not going to make any friends on the first day of school. But that didn't happen I have made lots of friends so far and I hope that I will make more." - Jacqueline Dembowski

"My biggest fear was not fitting in but in high school there are all different people to meet and you find friends who are just like you." - Anastasia Smetana

"My biggest fear was that I would get lost and I wouldn't have enough time to get to each class." - Sierra Thomas

Sayreville War Memorial High School

"My biggest fear was being isolated from the rest of the high school and getting lost and drowning in school work. Another fear was not fitting in." - Lily Quackenbush

"Having to adapt to a new building and environment." - Zachary Brown

# "Freshman Firsts"

How do you expect to change in the next three years?

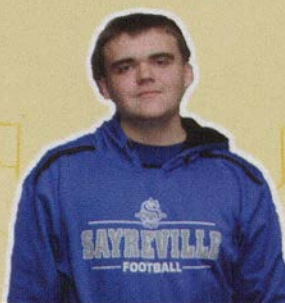

"I'll get more comfortable with the school and it's layout, maybe join more clubs." - Brodie Gallagher

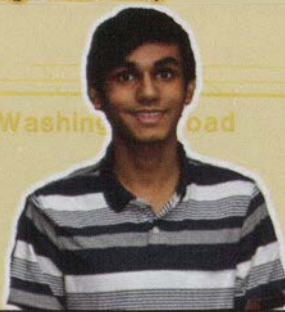

"I expect to become much more mature and learn to manage time better." - Jason Choi

"I expect to become better at a lot of things over the next four years." - Cody Bouchard

"I expect to become more responsible and organized in the next three years. I will be entering adulthood and will have to manage my time for challenging classes, as well as apply for college and start driving." - Neev Mistry

# AUTOGRAPHS

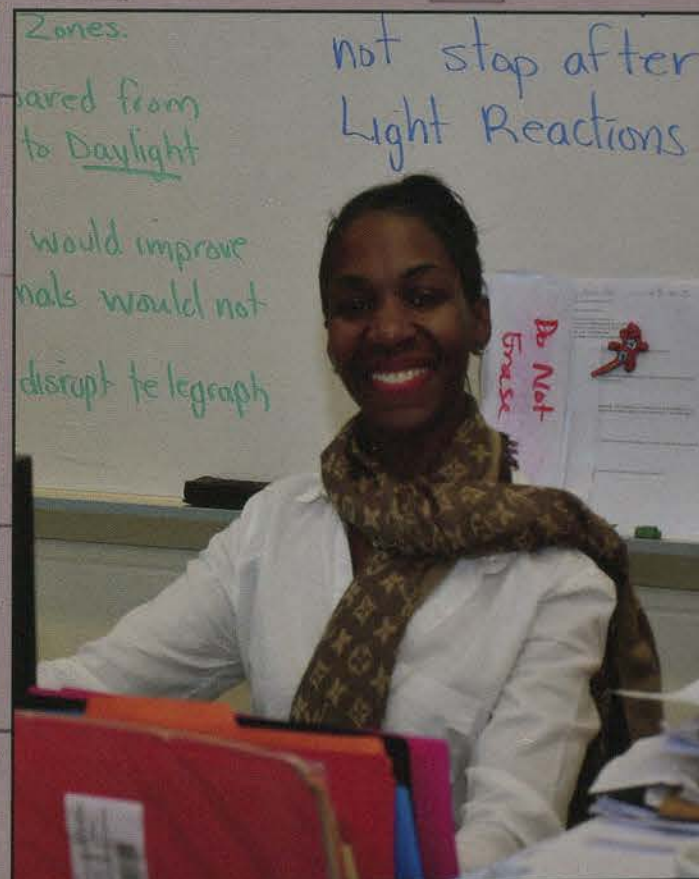

The background of the page is a detailed, light-colored architectural floor plan of a school building. The drawing shows various rooms, corridors, and outdoor areas with furniture like tables and chairs. The word 'FACULTY' is superimposed over the drawing in a large, white, stylized font with a dark outline. The text 'Sayreville Memorial High School' is faintly visible in the background, partially obscured by the word 'FACULTY'.

# FACULTY

Students come and go, but the members of the school faculty stay to watch them grow. Often called second mothers and fathers away from home, they are the teachers that hone these students' skills in arts to sciences and math to languages, the caring custodians who make school a comfortable place, the cafeteria staff that make everyone in the lunch room satisfied, the administrative bodies that dutifully guide and watch over them. The faculty have brought their experiences from and beyond education to introduce a perspective "From the Outside In" that ensures that the student population is able to thrive after moving on from these hallways. They dream of seeing the students' goals being fulfilled and we must make sure that the venerable faculty members are duly recognized as the everyday heroes that they are.

# FACULTY SPOTLIGHT

Outside the walls of SWMHS, Mr. Brown's life is full of joy and unforgettable memories. Although the school day occupies most of his time, Mr. Brown's weeknights and weekends are often filled with excitement. Mr. Brown enjoys spending time with his grandchildren and family, exercising to be fit, and riding his motorcycle. Mr. Brown frequently attends many after school banquets and night meetings for clubs and sports in efforts to show his love for the school. On a daily basis, Mr. Brown brings to life the fact that by being kind and open-minded, being engaged in activities and by showing due respect, you can enjoy everything you do. During summer, Mr. Brown enjoys to travel to reunite with friends and family, and enjoy beautiful resorts and adventure parks.

Mr. James Brown  
Principal

What many would be surprised to find out about Mr. Brown is that he can be a "rule-breaker". He says that sometimes you can't always follow the rules if they are not positively benefitting you in the long run. How did Mr. Brown get to Sayreville though? After serving as principal for the middle school, Mr. Brown applied for SWMHS and immediately fell in love with the atmosphere of hard work and love. To connect with the yearbook theme for this year "From the Outside In," Mr. Brown states that whatever positive influence or innovation he believes can help the students of SWMHS, he is more than willing to bring it to life. The knowledge and guidance Mr. Brown offers the student body on a daily basis will never go unnoticed and for that, we are truly grateful to have him as our school principal.

Mrs. Megan Scanielo

While many know Mrs. Scanielo as part of our very own English Department, there is more to her than meets the eye: for example, her knowledge of 90's rap! Mrs. Scanielo was hired for her position at SWMHS right after college and has been in the district ever since. While in the classroom, Ms. Scanielo maintains a positive attitude, and enjoys sharing personal experiences with her students to show that although SWMHS may be small, there is a great big world out there. When not in the classroom, Mrs. Scanielo enjoys spending time with her three children, volunteering for the PTA and Girl Scouts, cooking, and playing tennis. During the summer months, she spends her days at her family shore house in Long Beach Island and attends her annual family vacation in Maine. Ms. Scanielo's advice to all of our students is, "As long as you have a plan, you'll be okay."

Ms. Amanda Messana

Ms. Messana is an active and crucial part of our special education department here at SWMHS. Ms. Messana started her career in early elementary education before transitioning over to the high school level, where she has now taught for three years. Some lessons Ms. Messana brings to her classroom to positively effect her students are to not overthink and to be adaptable to changes. When not in the classroom, Ms. Messana is very active and enjoying kayaking and bike riding. Ms. Messana fosters three Northeast Boston Terrier dogs and enjoys spending her free time with them! Over summer vacation, Ms. Messana enjoys to travel to islands, particularly Aruba. She enjoys spending time in the pool and completing DIY projects.

Ms. Linda Jakubik-Tanchyk

While Ms. Jakubik-Tanchyk's time at SWMHS is slowly coming to an end as she prepares for retirement, the lasting impression and tools she has left for her students will forever be remembered. Ms. Jakubik-Tanchyk fondly remembers her students and treats them as if they were her own children, instilling lessons and values in them to help them along their life journey. Ms. Jakubik-Tanchyk's greatest pride while teaching English has been all of the times one of her students met the graduating requirement, and knowing she helped them get there. Not only does Ms. Jakubik-Tanchyk enjoy her time at work, she also takes advantage of her free time by reading, doing crafts, going to the beach, watching television and movies, and talking to her friends. While on summer break, you can find her catching up on all the things she was unable to do during the school year and relaxing with family and friends. While the students and staff of SWMHS are sad to see Ms. Jakubik-Tanchyk leave, we know she has many happy days ahead of her!

Ms. Christine Nappe

While most of our high school's student body knows Ms. Nappe as a math teacher, she is so much more than that. Ms. Nappe's schedule, outside of her school life, consists of jobs that range from working part-time at a law firm to baby-sitting to tutoring, and she also has her own furniture-building business. While Ms. Nappe leads a busy personal life, she still devotes a lot of her time to her students, whom she truly understands since she is a graduate student herself. One thing that she has learned in her life that she wants her students to know as well is, "problem solving cannot be done alone; the solution is not always the first thing you try." Most of the time, [she has] to walk away from the project sometimes for a few days before [she] finds the solution. As a graduate student and teacher, Ms. Nappe finds that this piece of advice is very helpful. In the end, the most important and prideful part of Ms. Nappe's school life, in her opinion, is when she sees one of her old students is making their own success stories.

## Mrs. Heather Walsh

Outside the walls of SWMHS, Mrs Walsh's everyday life is full of fun activities, unforgettable memories, and cool stories. After school, Mrs. Walsh spends a lot of time with her two lovely children. She cherishes every moment she has with them whether it is at the park, beach, or simply at home. In her downtime, she enjoys reading and going out to eat. Given her exciting adventures, Mrs Walsh attempts to connect with her students as much as she can. An inspiration and daily principle she shares to her students is, "the only person you can control is yourself." Mrs Walsh's students would be surprised to find out that she grew up in the tundra of upstate New York, played rugby in college, and was on an episode of "The Price is Right" in California. During her time at SWMHS, she has wholeheartedly believed that her greatest accomplishment was when she helped teach a difficult student and helped them succeed.

## Mrs. Jennifer LaScala

Known for her amazing artistic abilities, Mrs. LaScala has loved working at Sayreville War Memorial High School as part of the Art Department. Not only did she win most artistic in high school, but also won most athletic! She played soccer, basketball, and tennis. Mrs. LaScala went to further her education at the The College of New Jersey and found her way to the SWMHS to teach ceramics. She is very proud to teach ceramics and believes that getting to know students personally is an important characteristic to bring to the classroom. Learning to have patience and understanding to accept that things can go wrong are two important concepts she likes to practice in the classroom.

## Ms. Theresa Chuntz

Ms. Chuntz's life outside of SWMHS is filled with many activities, exciting adventures, and great memories. During weeknights and weekends Ms. Chuntz loves to go home and bake. While her pantry consists of a variety of delicious snacks, her favorite is chocolate chip banana bread. She loves to read so much that she has a long list of "Books to Read" that she is anxiously waiting to clear. She also loves to do arts and crafts during her leisure time. Ms. Chuntz attempts to motivate her students through the motto, "If you're not making a mess, you're not doing it right." This comes from her baking experience in which every mistake is a new lesson. Surprisingly, Ms. Chuntz almost became an elementary school teacher. During the summer, she likes to go to Disney and on cruises with friends and family.

## Mrs. Lizbeth Victorero

Mrs. Victorero has been teaching English at SWMHS for several years. However, outside the walls of the high school, she enjoys cake decorating, as well as spending time with her two children. It also may be surprising to students that she enjoys dancing, as it is her favorite sport. Mrs. Victorero is a firm believer that "education and hard work will always open doors for you." She absolutely loves it when her students, coming back from college, tell her how well they are currently doing. As an English teacher, she emphasizes how every experience can be conveyed by literature, and she often incorporates these outside experiences into her classroom.

Ms. Michelle Ciprich

Ms. Ciprich has been part of the walls of SWMHS since 1982, not as an employee but as an alumni. Initially, she was not supposed to be here, but got the job as a security guard for our high school. She believes it is her calling and was meant for her. Ms. Ciprich loves walking through the halls and engaging in conversations with the respectful students. Outside of these walls she loves to go down to the beach or visit her family in Florida for vacation.

Dr. Michael Piccurio

Teaching at SWMHS for about 42 years is quite the accomplishment made by Dr. Piccurio. After such a lengthy time, he will be retiring and will be missed greatly. He has impacted the SWMHS in multiple ways and his production work will be irreplaceable. He has loved teaching here and will truly miss his time at SWMHS, and the students will miss him dearly. We hope the best for Dr. Piccurio in the future!

Adrianna Nestor

Adrianna Nestor expresses, "Training for cross country physically was as important as preparing mentally. Prior to running, eating healthy and practicing regularly would have me ready to run. During runs, I find it crucial to not stop at any point, it only slows you down. Running is definitely challenging but the further you push, the easier it gets and the stronger your stamina gets."

Row 2: Adrianna Nestor, London Martinez, Agata Srodon, Leah Lopez, Victoria Hermanski

Row 3: Alyssa Perez, Allison Prieto, Umme Alishah

London Martinez reflects and says "I first realized that I wanted to be a runner in sixth grade because my older sister was on the track and cross country teams. She pushed me to try out along with the rest of my family since I do come from a long line of runners. Physically, I'm pushed past my limits everyday with anything from speed workouts on the track to 10 miles down Washington Road. Mentally, my coaches have been amazing mentors by helping me practice staying focused miles into a race and not letting myself break down. It has been the hardest fight on my mind and body that I have ever endured, making it all more rewarding."

# GIRLS' CROSS COUNTRY

The girls' cross country team started their 2017 - 2018 season strong and finished on an outstanding note! Led by Coach Joseph Pastva, the girls finished their regular season with a record of 8 - 1, falling to undefeated Metuchen by just 3 points in their final meet. As a team, the girls worked on building their stamina and drive to push through the season. The student body looks forward to watching the girls run next year and wish the graduating Seniors good luck in their future endeavors!

Leah Lopez

Leah Lopez expresses how she prepared herself for the season, "I trained for cross country by coming to every optional practice and mandatory practice during the summer. The physical pain is the easy part to deal with, while mentally I had to teach myself that if I want to succeed I need to give it my all and nothing less. Off the field, I learned just how hard you truly need to work to achieve something and it doesn't just happen overnight. I knew that if I wanted to improve throughout the season, it would take some time."

# BOYS' CROSS COUNTRY

The boys' cross country team started their 2017 - 2018 season with a bang and continued to push through to finish with a record of 5 - 3, the highest the team has finished in years! The boys continued to perform with an average time of 17:10 at the State Sectional Meet, 38 seconds faster than last year. The team has been the biggest this decade with star performers like Dylan Rodriguez, Justin Moran, Brett Moran, Kai Cox-Allison, Vince Mandola, Afaq Qamar, Armaan Jayanth, and Patrick Conlon. The student body cannot wait to see what the boys bring next year. Congratulations on an amazing season!

Cesar Espejo explains, "I realized I wanted to be a runner back in sixth grade and I switched over to soccer for three years, but realized that I wanted to be a runner again. I trained for cross country physically by coming to practice as often as I could, even if it meant staying up late to study or finishing homework. I trained mentally by staying focused while practicing and trying to stay motivated to keep running in the middle of a meet or a regular practice."

Dylan Rodriguez

Nicholas Mullican runs down the track and tells us, "I realized I wanted to become a runner when I saw I stood out. No matter what sport it was I was always the fastest or most endured and I wanted to further my development as a runner. I trained for cross country by coming to practice everyday and giving it my all. I made sure to never quit and mentally stay strong. One skill I've learned that has motivated me during my season was being a good leader. Taking charge and helping where I could just felt right."

Faizjilani Khan, focusing on the meet, says, "I realized when I did cross country in 8th grade (after my friend told me we should do it together) that I wasn't the best at it. This made me want to do better and make sure I put effort in. One of the most memorable meets was my last meet of the season, which was GMC's. It was a beautiful day with a lot of success and overall a great atmosphere where I set my personal record of the season."

Sprinting down, Dylan Rodriguez tells us, "I realized I wanted to be a runner when I was a freshman. I always thought that running was a fun sport to join and immediately wanted to be a part of it. I always took my training very seriously. I would push myself both mentally and physically at practice everyday because I was determined to get better. Mentally I had to gain more focus towards wanting to work hard."

# BOYS' SOCCER

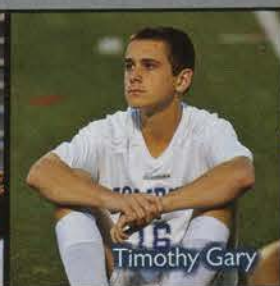

The boys' soccer varsity season exceeded expectations during the 2017- 2018 season. The boys' varsity team showed that beating the other high schools was just for kicks. The amazing team was led by Coach Nick Cifelli, and captains Tyler Barreiro and Alex Szpindor. The boys concluded the season with a record of 12-6. Not only did these players utilize their skills inside the classroom but it also showed on the field. We are looking forward to watching the underclassmen perform next season!

Joseph Martinez kicks the ball and says, "Before the season started, I wanted to become a better player, and a better person mentally. After the season, I felt that I wouldn't have been able to achieve my goals without them. I learned that if you want to do better you have to work for it, it is not just handed to you. It is also important to not let anything get to you because if you do, it will affect your performance on the field and in the classroom."

Frankie Astarita

Timothy Gary

Michael Philip

Sebastian Cardoso expresses, "The most valuable lesson I learned this season off the field was learning that nothing is just given to you. If you want to succeed at something you need to put in the time and hard work if you want to achieve your goals. When that time comes, the feeling is incredible and you feel like everything you did and all the work you put in has finally paid off."

# GIRLS' SOCCER

The girls' varsity soccer team started their 2017 - 2018 season with a bang, only talking with their feet and playing with their hearts. Led by Coach McGarry alongside captains Megan Furbush and Stephanie DeOCampo, they played their hearts out night after night and ended the season with a tremendous record of 11-3. Congratulations girls on a great season and thank you for greatly representing our school on the field! We cannot wait to see the underclassmen take on the field next year.

# FIELD HOCKEY

The girls' field hockey team put in hard work during their challenging 2017 - 2018 season. Led and motivated by Coach Mary Charmello, the girls finished their regular season with a record of 1 - 15, winning to South Brunswick in a game with a score of 1 - 0. As a team, the girls worked on building their teamwork and drive to win throughout the season. The students at SWMHS are excited to see the underclassmen play next year and also wish the outgoing Seniors luck in the future!

Shuffling the ball and getting ready to score, Ashley Edwards expressed "My goals for this field hockey season were to get faster and work on my stick skills to become a better, more versatile player. # GIRLS' TENNIS

The 2017 - 2018 Girls' Varsity Tennis team not only exceeded divisonal expections but also individual expectations as well. Led by captains Kathleen Beben and Jasmine Vannote the girls set out to win the division in an undefeated manner and they did just that! # FOOTBALL

The football team had an excellent 2017 - 2018 season, with each game hyped up heavily by the Psycho Squad. Led by Coach Beagan, they finished their season with a record of 6 - 5, with several games being close nail-biters. During their season, they focused on building their strength and playing the best they possibly could. The student body is more than eager to see football season come back, and they wish the graduating Seniors the best for the future.

Quarterback Mark Whitford expresses, "The legacy that I want to leave behind is the kid who gave everything he had in every game and never gave up. My favorite moment was the first game of the season when my team and I ran out there for the first time of the season."

# CHEERLEADING

The cheerleading squad for the 17 - 18 season was a highlight of every football game, especially during halftime of each game. Led by Choreographer and Coach Krainski the girls cheered on the football team during their victories and failures. Throughout the season, they worked on improving their routine and impressing the audience every time. The students of SWMHS are keen to find out what dances they'll choreograph next year and also hope for the best for the outgoing Seniors.

From being on this team and an Allstar team since my freshman year, I've learned that cheerleading requires not only physical strength, but the ability to cooperate with your teammates in a trusting way. It requires you to put a lot of time and effort into practicing multiple days a week and participate in events. You also have to be dedicated and love what you're doing, just like every other sport."

Cathrine Robinson

Yazmin Agostini and Sungao Macauley

# BOYS' BASKETBALL

The Boys' Basketball team of 2017-2018 had a fantastic start to the season, as they won five games in a row. Led by Coach Wojick, the boys finished off the year with an overall score of 16-9. Their perseverance and teamwork will definitely not go unnoticed. The student body would like to congratulate the boys on their hard work and accomplishments. We cannot wait for what is to come next season and to watch all the underclassmen grow as athletes.

Captain Derek Astarita tells us, "My main goal for my final season of high school basketball as a senior is to take the white division championship three years in a row. I've been playing basketball since second grade and in middle school I looked up to my brother playing in high school."

Anthony Gambardella pictured on the left with his team tells us, "I believe that our toughest competition this season was Woodbridge. We were able to squeeze out two clutch wins against them, which helped us take the White Division title. My main goal for the final season of high school basketball is to contribute to my team in any passionate way and finish the season with many wins."

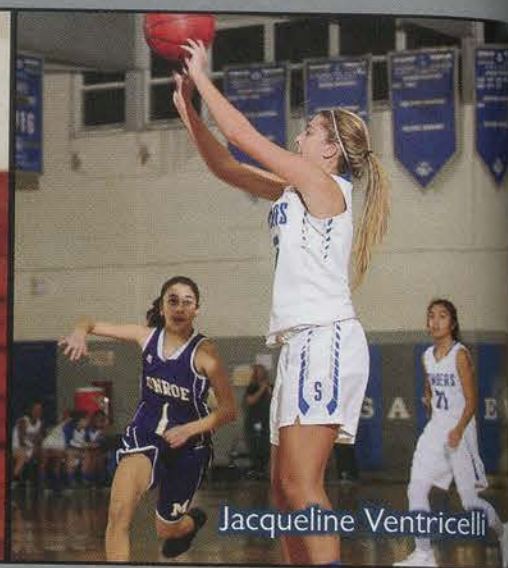

# GIRLS' BASKETBALL

Basketball season flew by, and in no time, the Girls' Basketball team of 2017-2018 season had ended with a record of 15-12. The girls' great determination and exceptional teamwork, as well as moral support from Coach Cook and captains Janeva Holland and Lyssandra Delacosta, gave way to an amazing and memorable season. We would like to thank the team for doing a marvelous job representing Sayreville, and we would like to congratulate them on their wins. We are looking forward to see what strides the underclassmen will make next year. Keep up the good work girls!

Dribbling the ball to make her next play, Janeva Holland looks back on her year by saying, "I've been playing basketball ever since I could walk. I have big dreams for college basketball and playing now in high school is me carrying out my dream and taking the next step to achieving my full potential." She expressed some of her goals by saying, "I would like to have an outstanding season and I'd like to get as close to 1,000 points as I can. My little sister will also be here so I want to make her second season here as fun as possible."

Kathryn Harrigan

Passing the ball to a teammate, Lyssandra Delacosta tells us, "As captain, the hardest part is remaining calm during intense situations and knowing my role. Personally, I need to lead our offense who doesn't always score all of the points so I make sure to call the plays and to see what the best way to make a shot is! Ever since the second grade, I have always loved playing basketball and I love the high school team because we get along so well!"

# COMPETITION CHEERLEADING

The 2017-2018 Competition Cheer season was one of high spirits and soaring success which resulted in overall victory. Led by Coach Krainski and Coach Parks, the team placed first multiple times in several competitions. Not only did the girls perform at competitions over the weekend, they also provided half time entertainment during the basketball games. With strength and a common dream, the girls paved their way to triumph and ended their season in a great way.

Sarah Nemshick pictured with her team tells us, "Cheerleading is definitely an underrated sport because it takes so much work and effort to make something so simple work out. We practice 4 days a week, 2 hours a day, and travel to 2 different gyms to make sure we get the practice that we need to do well!"

# BOYS' WINTER TRACK

The 2017-2018 Boys' Winter Track team had an outstandingly successful season this year. Led by Coach Pastva, the team won back to back White Division titles in both the County Individuals and County Relays for the first time in over a decade. It was with perseverance and endurance that the team was able to become as triumphant as it did. The student body cannot wait to see what outstanding accomplishments are achieved next year by the underclassmen.

# GIRLS' WINTER TRACK

The 2017-2018 Girls' Winter Track team was a one fulfilled with determination and greatness. Beyond individual success, teamwork was lifted high and every athlete performed well. Led by Coach Pastva, the team went on to the White Division in Relays and Individuals. The team was only able to be as successful as it was with such outstanding achievements from team players. Only time will tell what lies ahead for this team, as the underclassmen take the baton and work for another groundbreaking season.

Adijah Simmons pictured below says, "My goals for this season were to mainly just do as good as possible to set myself up for a good spring season. I wanted to break my shootout record and I actually broke it 4 times! # WRESTLING

The Boys' Wrestling Team of 2017-2018 demonstrated perseverance and motivation throughout the entire season. Led by Coach Ivy and captains Trevor Mastorio, Brandon Alicea, Aaron Bartlett and Joe Gonce, they got off to a great start, which helped them push through and achieve their outstanding record of 19-5 by the end of the season. The student body would like to recognize their hard work. We cannot wait to see what the Wrestling team has in store for us next year! Congratulations to all members, and good luck to graduating seniors on their upcoming endeavors and goals.

Captain Brandon Alicea overseeing his team in the huddle tells us, "I set a goal this season which was to get 20 wins and I reached that goal. The most challenging thing as a student athlete is to get all my work done in school while putting all my time into working out for wrestling."

David Tichy gets ready to bowl and says, "I think the best part of the bowling team is how close everyone is. The friendliness and teamwork of everyone is, in my opinion, stronger than any other in Sayreville. Everyone is on the same page, and it shows how we bond during matches and out of matches as well! I learned that being close and friends with everyone on a team, is such a valuable power. I'm sure we wouldn't have performed the way we did if it wasn't for the cooperation of everyone on the team!"

# GIRLS' BOWLING

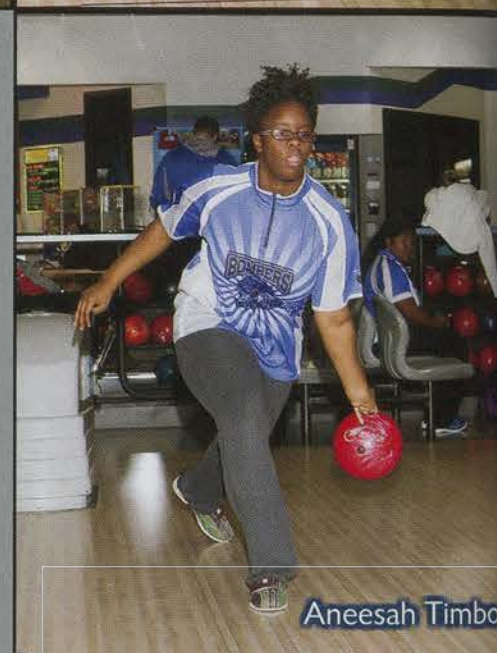

The 2017-2018 Girls' Bowling team had a good season this year where they finished with an overall record of 4-9-1. The team had many successes this season, where they placed sixth out of twenty teams in the Joe Romer Tournament and tied against Woodbridge, who had previously beaten them by 320 points. The Girls' Bowling team has seen many improvements and victories this year, and won't fail to impress next season as well.

Row 5: Stephanie Vannote, Kyleah Marsh, Alyssa Perez, Allison Prieto, Isabella Wekesa, Faith Gregory, Angela Pistilli

Explaining the dynamics of her team, Victoria Hermanowski expresses, "I feel a special athletic connection with Christina. We would always run distance together and during a workout or before our races we would always motivate each other to do our best and to go faster."

Shama Memtor

Leah Lopez tells us, "This season I am looking forward to running new personal best times and being able to cheer on my teammates at every meet. My coaches have motivated me to do my absolute best and give it my all. They've also influenced me to be a better person and have emphasized that running isn't just a you sport, it's a team sport."

Alyssa Perez

London Martinez tells us about her closest teammate and says, "I have made so many friends and long lasting relationships on the track team since I started freshman year. In particular I have felt an athletic connection with Christina DeSarno. I took the leadership role when she first joined the team since she's a year younger than me. As much as I've motivated her through the hard beginnings, she has done the same for me. She runs my races and we workout together everyday and push each other to be better. She is always there for me."

Isabella Wekesa

Agata Srodon tells us, "This season I am looking forward to training hard with my teammates and hopefully securing the white division title again. Our coaches will constantly motivate us even when we are at a low point. They know exactly what to say to keep us going and to make us want to keep running. All our coaches have made an impact on us as a team and as individuals and I thank them for that."

Kayla McMahon

Kayla Lavin pictured above says, "This season, I'm looking forward to shooting in the 50s and possibly the 40s. Also, I want to have a really tight close team that will bring us more success."

Scott Mish says, "I can not wait for the matches. You get to meet new people every time and you can make good friends."

Kayla McMahon says, "This season, I am looking forward to bonding with all the girls. Also hopefully this year we will do our best and hardest to win and get better throughout the season."

Samantha Lavin says, "Our pre-meet rituals are to get together and encourage each other to have a good round; also practice on the putting green. Our post-meet rituals are talking about the best shots of the day and what we need to improve on for practice the next day."

# QUO VADIS

The school yearbook, Quo Vadis, is the most complete record of a student's year at SWMHS. The yearbook is full of sections devoted to student life, sports, extracurricular activities, portraits, and much more. The staff has worked year round with their advisor, Ms. Donnelly, to prepare yet another great book for the students. Being a part of Quo Vadis provides students with an opportunity to develop responsibility, leadership, creativity, and journalistic skills.

2017 - 2018 Quo Vadis

Editor In Chief: Yusra Khan

Editors: Tanmay Patel, Dan Kuria, Payal Khatri, Ria Patel

The Editor In Chief and the editors in training work closely with Ms. Donnelly all year. This team oversees all others and focuses on creating layouts, working on theme ideas, and finalizing all book details.

Photography Team

Head Photographer: Luke Araza

Photographers

An essential part of Quo Vadis, the photography team captures all the great events that happen here at SWMHS. Led by Luke Araza, the photography team works endlessly to capture all the great moments that not everyone gets to see!

### Sports Team

The members of our sports team have worked all year, covering the fall, winter, and spring sports. From getting team rosters to team highlights, our sports pages would not be complete without the hard work of this team.

### Clubs and Activities Team

The clubs and activities team has been assigned to cover all the important events that each and every club has held. These events encompass who we are as a school and contribute a great deal to our activity section.

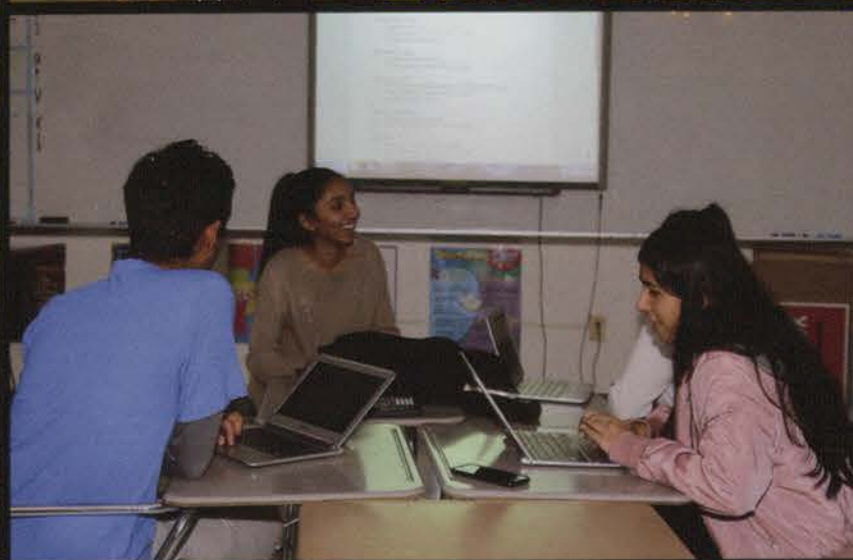

### Writing Team

The writing team has used their amazing skills to craft the intricate intros of all our pages! They have been able to explain each event, sport, and club into one perfect paragraph.

### Social Media Team

The social media team has marketed our yearbook to the fullest! The team has worked on creating flyers to posting on our social media consistently.

# STUDENT COUNCIL

The student council of SWMHS is made up of a variety of students from grades 9 through 12. The members of the Student Council provide the best welfare of the student body, direct the activities of the student body, encourage school scholarships, promote school spirit, improve school conditions, and encourage the practice of good citizenship by all students. The student body thanks the student council members and advisors, Mrs. Gaspar and Mrs. Prignoli, along with interim advisors Mr. Howard and Mr. Tola for their continued hardwork in building a great community for all of our students.

# WINTER GUARD

The 2018 Sayreville Winter Guard show is called Just For Tonight, performed to Animal by Kesha. The Winter Guard members work hard to compete against 13 other schools in the tri-state area. The performance takes the audience on an adventure as they transform, just for tonight, when the full moon brings out the animal inside. Winter Guard put in countless hours of hardwork to be able to give such an amazing performance. Their efforts definitely showed when they competed! We can't wait to see what next year's team has in store for us!

Performing on stage, Dominic Afriyie [11] says, "I really enjoyed the play as a whole and it showed me a lot about taking in the role as your character. Of course memorization was a crucial part, but the best thing you should want in your character is a motivation and my motivation to keep me going is acting and performing."

## Lights CAMERA Action!

Maddie Daniels [12] says, "Dr. P motivated me because he was just such a great person to have run the dramas. He always had such great energy."

Anthony Cruz [12] says, "The people who motivated me were the cast because they were always happy."

Jodi Cesare [11] performs on stage. She says, "The experience I had in this production was not only a fun one but also a learning experience. Learning from a great director like Dr. P and my fellow actors, the performance was a worthwhile experience."

Ariana Solis [12] looks back on her theatre career and says, "Being in theatre productions is the most thrilling experience. When it's show day and you're on stage, it feels like you're unstoppable and you become the character. It stops being your life and it becomes the character's life. I would trade nothing in the world for it."

In character, Patrick Smith [12] looks back on his high school theatre career. He says, "I enjoyed it a lot and nothing feels better than hearing an audience laughing because of a scene you're in. You make a lot of friends working in Theatre, and take it from someone who skipped out on his first 2 fall dramas, the show is always worth it, and you might regret it if you don't put yourself out there and try."

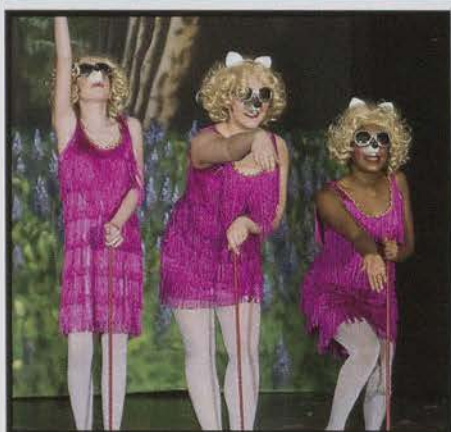

Tennis Courts

Jessica Deluca [12] looks back on the drama and says, "I have a passion for performing, so to be given the opportunity to be onstage for my final Fall Drama ever means the world to me. I wanted to help with this production in order to meet new people and make new memories that I can cherish forever."

## Lights CAMERA Action!

Lily Quackenbush [9] says, "My favorite part about the musical was all the cast members themselves. This was the best cast I've ever been a part of and the memories we made will last forever."

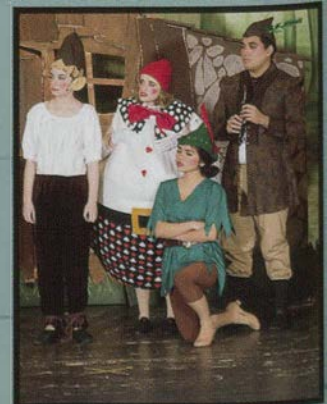

Neev Mistry [9], playing Lord Farquaad, tells us about his love for the theatrical arts. "I am so passionate about musical theater because it allows me to combine many different aspects of my life and express myself. In musicals, I have to sing, act, and dance. Singing allows me to express myself musically, but it is also a very technical process. In musicals, I get to play a character, allowing me to act in ways that I wouldn't in everyday life."

Images By GDVH - Greg Holmes Photographer

Jundy Lacuata [11] says, "I enjoy the whole theater experience-taking on a new persona and being able to show off the hard work we've all put into the show, and being proud about it. The entire theater community is also a reason I love theater, with 50+ people saying you can do thing you though you couldn't."

Reflecting on the musical, Victoria Balka [12] says, "My favorite part of Shrek is the message it spreads about everyone being unique and how that makes everyone special."

Reflecting on the musical, Colin Denby [10] says, "There were definitely a lot of good moments. It's extremely hard to come up with a favorite. However, one of the best moments was when most of the cast met up at the roller rink in South Amboy, a lot of good memories from that."

# MARCHING BAND

# COLOR GUARD

Timothy Gary

Staying focused during his performance, Thomas Brennan [12], expresses his challenges during Marching Band by saying, "The most challenging thing that people don't usually expect is there is a high level of discipline you need because you only have so much time to do so many things at once, from playing, marching, breathing, watching and finding where you go on the field."

Melissa Thai [12], performing during the color guard show, tells us about Color Guard, "It has been such a great season. Color Guard has been a large part of my high school career and I am glad that I was a part of it."

Performing her color guard routine, Bianca Kuzma [12] says, "Color guard has been my passion ever since I joined back in seventh grade. I am so in love with the sport because of the skills I have learned, the excitement I feel when I am performing, and the long lasting friendships I have made!"

Conducting the Marching Band above, Julia Block [12] reflects on the most memorable experience during the season by saying, "This season, similar to any other, I made a lot of memories that I will cherish forever. I will never forget the feeling of doing my drum major salute on the podium at our first performance. The entire audience applauded and I worked hard all my years of Marching Band to reach that moment."

Robert Adams [12], performing during competition says, "Our most intense competition was probably our State Championships. We worked very hard all year, and this was the performance before our final championships. We truly gave it our all and we were all very happy with how we performed, no matter what the score was."

Showing his talents during the performance, Chris Conley [12] explains why he is so passionate about Marching Band by saying, "Passion grows overtime, when I first joined I did it because music as a concept was so beautiful, so why not make it? To be honest, I thought the uniforms were a little lame at first, but as you grow older and play in more competitions, the uniforms don't matter. It's just you and your instrument and the music makes me feel move alive."

# ACTIVITIES IN THE SPOTLIGHT

During the 2017-2018 school year, there have been many events that allowed students to make a difference. Featured on this page, the Color Run was hosted by Stand Up to Cancer, and brought students together for a short marathon to raise awareness for cancer! The best of the best students were encouraged to put their scientific mind to the test at the Physics Olympics. Programming Club taught budding STEM students about how to use 3D printing pens, and how to fix the internals of several class computers. Students interested in the Business field were able to show their talent at DECA States and qualify for Nationals to bring home trophies as a Bomber! An amazing group of students were able to host Unified Sports in our high school! In addition, the Yearbook Committee took a trip to J.P. Stevens High School for Josten's Renaissance Tour where they listened to speaker Mike Smith talk about leadership. It was a wonderful year for the extracurriculars of SWMHS, and one of the best yet!

6. Yusra Khan [12] looks back at her time in Quo Vadis, "Quo Vadis has become one of the most important things in my senior year. I've gotten the chance to meet so many people who I never would have met without yearbook. Creating this year's yearbook has given me the opportunity to print an entire school year worth of memories. I'm glad I've created a book that included the entire SWMHS from students to staff. I hope that in a decade or so, students will open this book up again and be able to go through it with a smile and remember, "Once a Bomber, always a Bomber!"

1. Smiling with her fellow International Society member, Patrick Pusung [11], Saritha Iyer [12] tells us about her experience and says, "I joined International Society to learn about new cultures, have a place to see all of my friends, and to eat some great food! My favorite memory definitely has to be two years ago when we made rangoli on the floor when the meeting's theme was India!"

2. Cesar Espejo [11], part of Environmental Club, tells us, "My favorite memory from this club was definitely carving the pumpkin face with my friends! I had a wonderful time during that meeting and had the chance to try pumpkin seeds for the first time! I have had a very fun experience so far and I've been able to help the earth and spend time with my friends at the same time!"

3. Pictured to the left, Stephanie Deocampo [11] tells us about Unified Sports and says, "This club gave me opportunities like making new friends and being able to bond over sports which I was truly grateful for! My experience in this club has been amazing and I loved meeting so many kids that worked so hard and enjoyed themselves with every activity we did!"

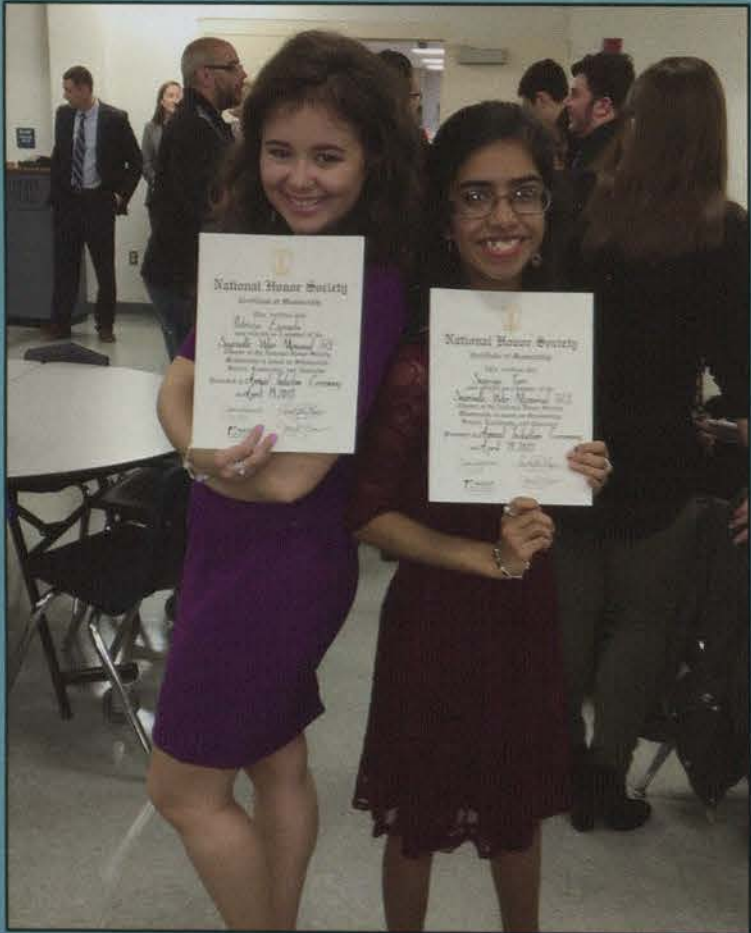

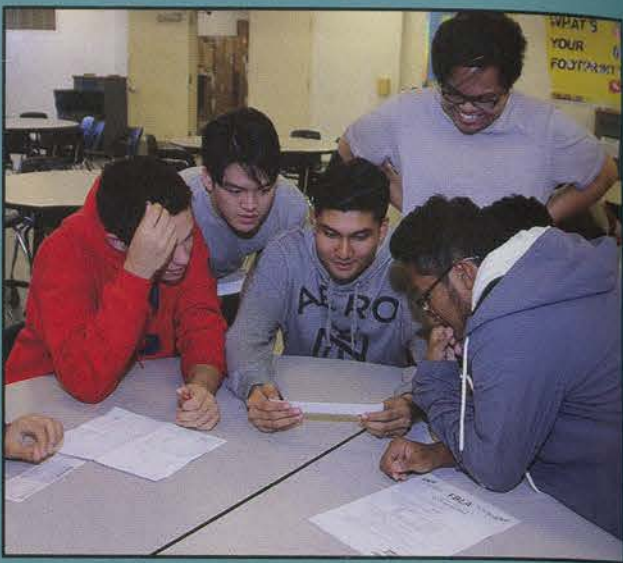

4. Julianna Castlegant [10] explains her experience with Environmental Club, and says, "My favorite memory in this club was creating the big posters that were placed around the school to announce the next meeting dates. It was a relaxed meeting and a fun group project to work on! Everyone is very welcoming and fun to be around in this club! The environment is very friendly and comfortable!"

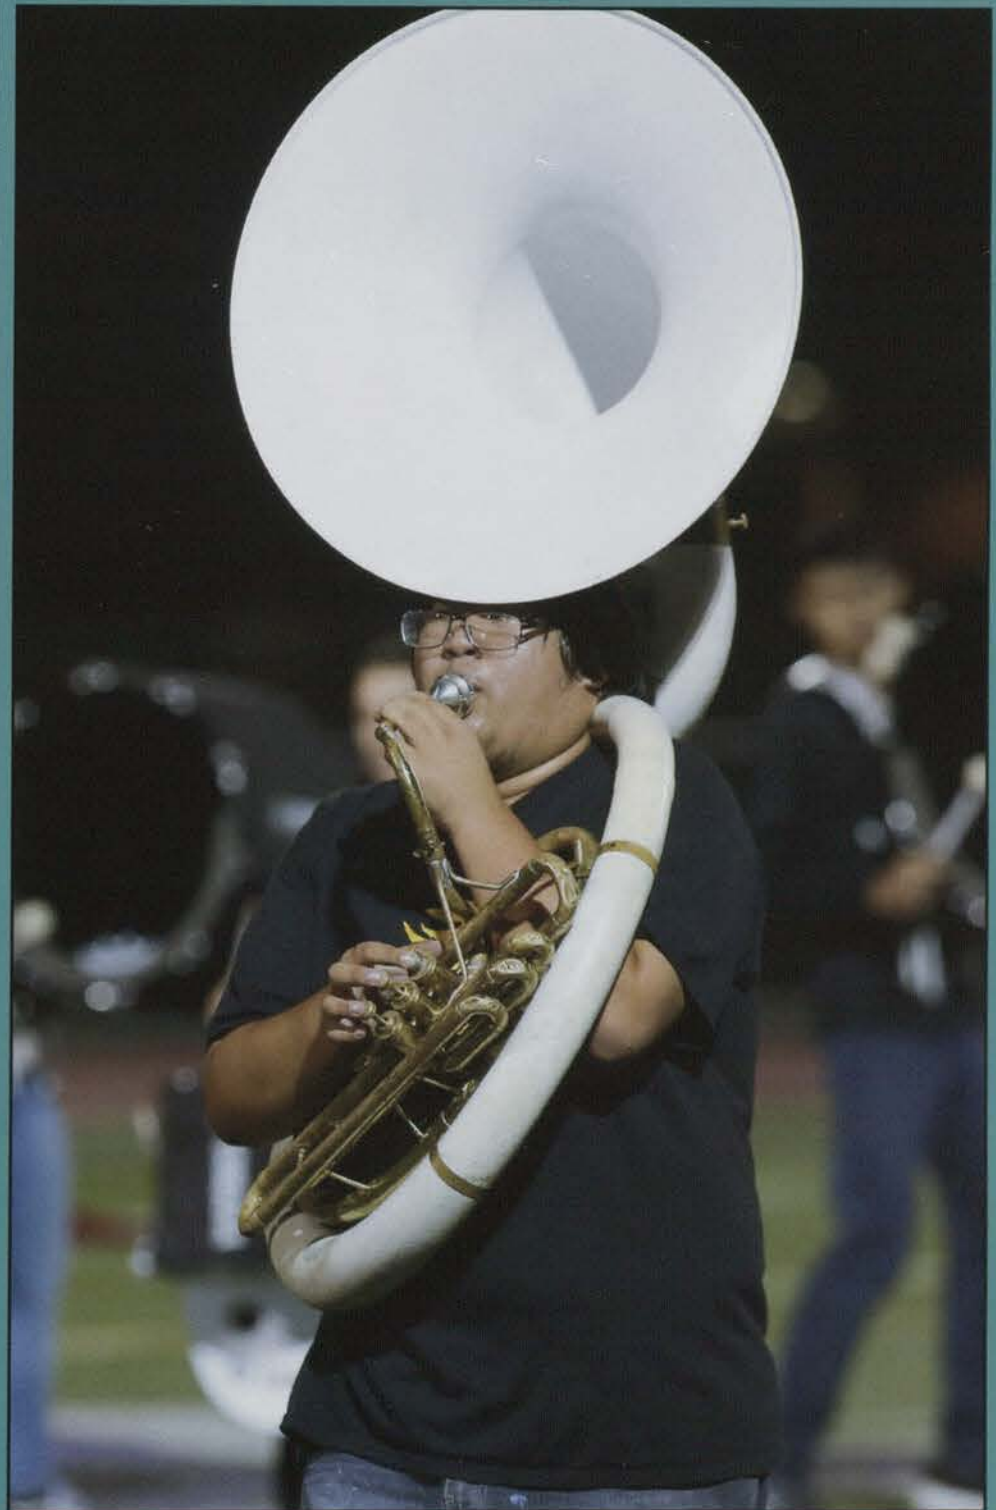

5. Patricia Esposito [12] describes her time in DECA and says, "My favorite memory from DECA was most definitely this year's state competition. I was awarded the 2018 DECA Emerging Leader Honor Award and won 1st place for my role play in Human Resources Management. As this was my last year competing, it was a very special end to my high school DECA career. DECA has become a part of my life for the past four years. Meeting new people from across the states was always enjoyable!"

As you begin the next chapter in your life, remember, use the tools I have given you, life will always be what you make of it and never be afraid to follow your dreams! Now spread your wings and fly!!!  
All my love now and forever, Mom

# Emily Monderine

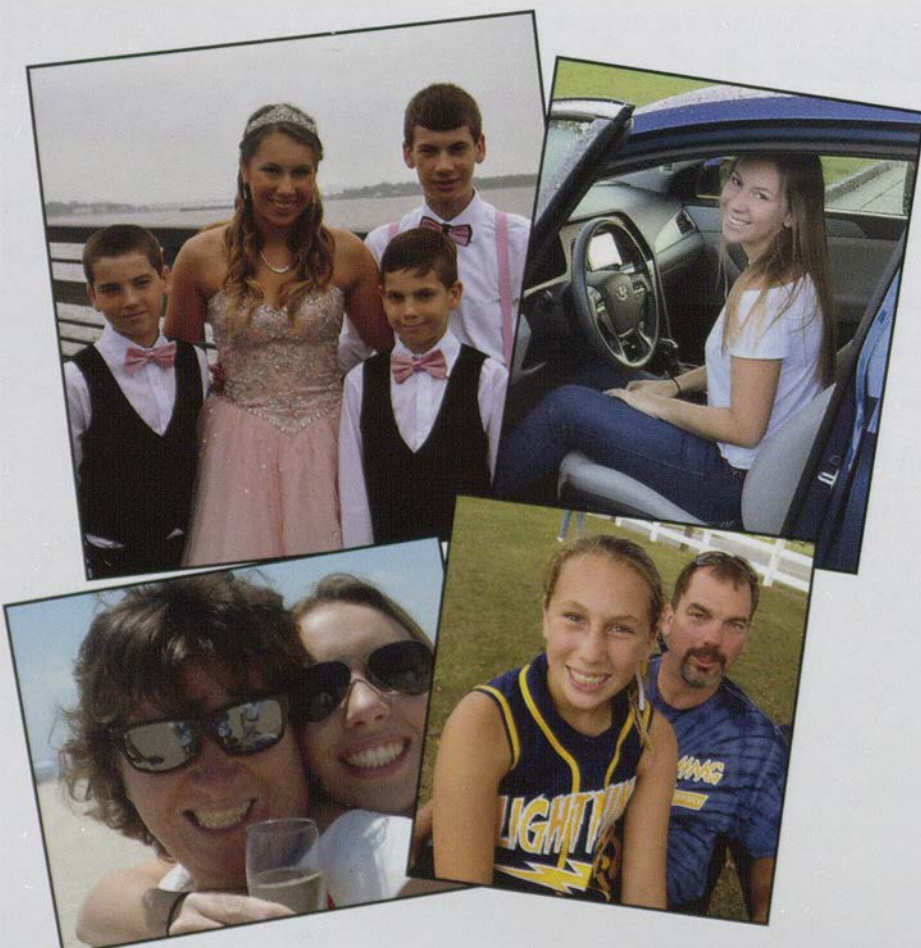

Dear Emily,  
For my Daughter-  
"More than anything in this world, I want you to know how very much I love you. Watching you grow from a carefree, little girl to the beautiful woman you are today, has been the greatest joy of my lifetime. You are such a wonderful person, so kind, so caring, so full of love, I am proud to call you my daughter. Each year as I grow closer to you, I come to realize just how special you are. And although it hardly seems possible, I love you more and more with the passing of every day." - author unknown

Love Always,  
Mom & Jay

## Kathryn Harrigan - Kay

Wow! My 1st born! Be a leader and not a follower!  
Follow your dreams and reach for the stars!  
Love Mom & Dad, Greg, Alex, Ryan

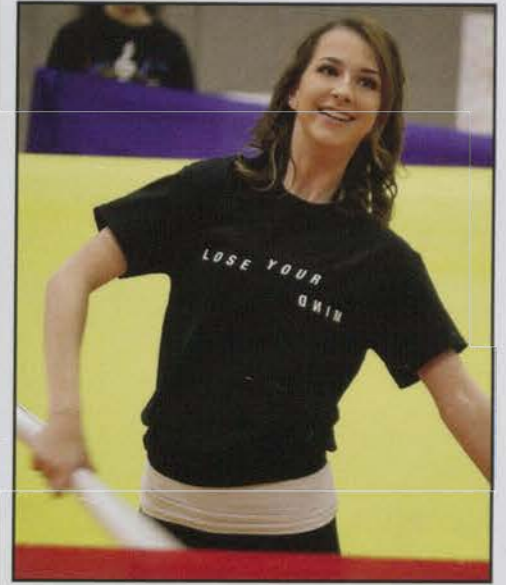

## Bianca Kuzma

Bianca,  
We are so proud of you! Keep reaching for the stars! You ROCK!!!  
Love, Mom, Dad and Richie

# Jordan Kate Gallagher

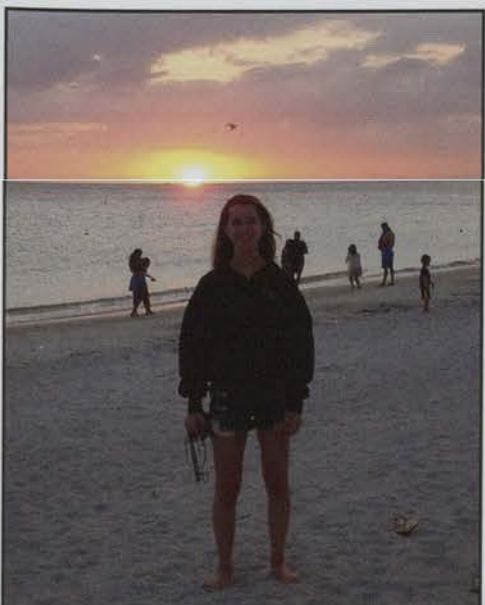

Jordan Kate,  
From the not-so-tiny baby you were to the beautiful young lady you have become, you have always brought love and happiness to our lives. Saying we are proud of you does not even begin to express how we feel. Your contagious smile and fearless attitude inspire us everyday. Keep following your own path and always stay true to your heart.

Remember...  
You are braver than you believe  
Stronger than you seem  
Smarter than you think  
and  
Loved more than you will ever know.

Congratulations! We love you!  
Momma and Dad

# AYAH!!!

You inspire us with your kind heart,  
endless potential, your life long  
friendships and beautiful smile.  
We know is time to let you go to  
experience the world, and it will be a  
much better place with you in it.  
Continue to inspire, love and smile.  
Bomber Blue Forever!!!  
Love Mom and Dad

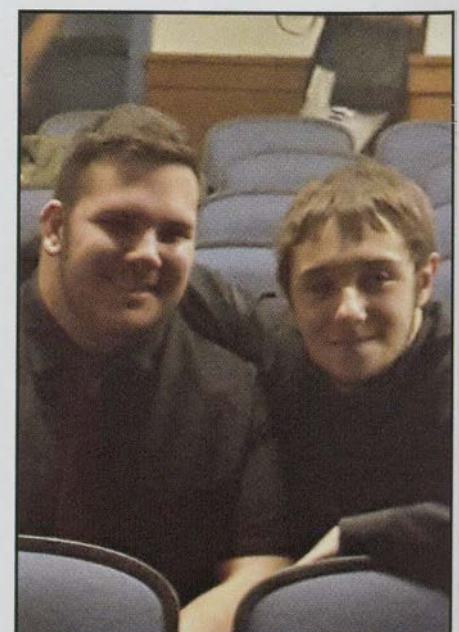

## Jenna Grace Agnone

We are so proud of our little Bambina. Congratulations & best of luck for a wonderful, happy & successful future. We know you are going to be amazing! God Bless. We love you! Mommy, Daddy, Andrea, Phil, Grams, Gramps, Uncle Vinnie, & your guardian angel watching over you, Uncle Rob XOXO

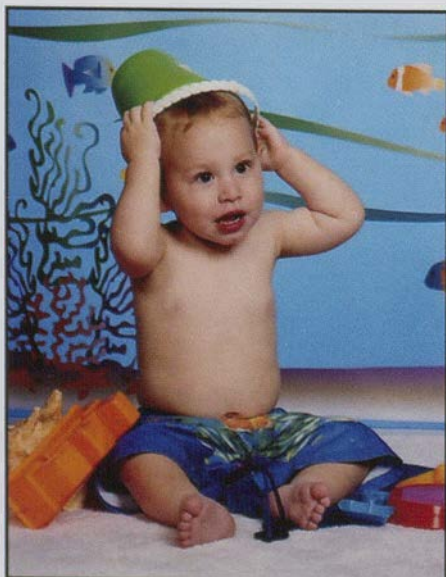

## Robbie & Gerard

## Michael Pasteka

Where has the time gone, it is so hard to believe you are graduating. Always surround yourself with good people and never back down from a challenge. We wish you all the love, success and happiness in life.

Good luck! We love you,  
Mom, Dad and Aiden

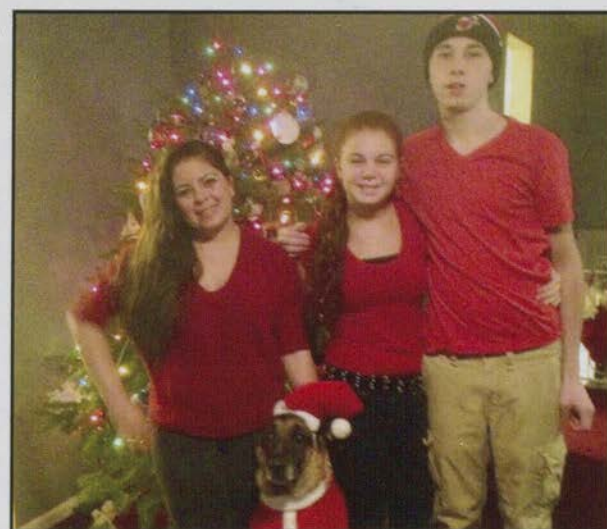

Great friends from T-Ball to Soccer to Marching Band to your High School Graduation. We are so proud of you both!! Congratulations on all your accomplishments. Friends for life. We love you!

# Katlyn Patricia Scavone

Congratulations and good luck in college Bud- Love Thomas  
 Congratulations on being a graduate.  
 It has been such an amazing journey watching you grow up into the beautiful lady, both inside and out, that you have become. Remember: You can achieve whatever you want in life. All you have to do is believe that you can. We believe in you! Happy Graduation Day! Love, Erica and Bryan.

Little Red-Please stay my little ray of sunshine with your happy personality. You have brought much sunshine and happiness to our family. Remember "those who were seen dancing were thought to be insane by those who could not hear the music." Stay cheerful and Happy! Happy Graduation. Love Mom and Dad

## Caitlyn Hochron

So proud of our incredibly smart, sweet, beautiful daughter! What an amazing 4 years! In the words of Ralph Waldo Emerson, "The only person you are destined to become is the person you decide to be." Continue to be AMAZING and remember what Elle Woods said, "You must always have faith in people, and most importantly, you must always have faith in yourself!"  
 Love always,  
 Mom, Dad and Emma

*Life isn't about waiting for the storm to pass...It's about learning to dance in the rain.*

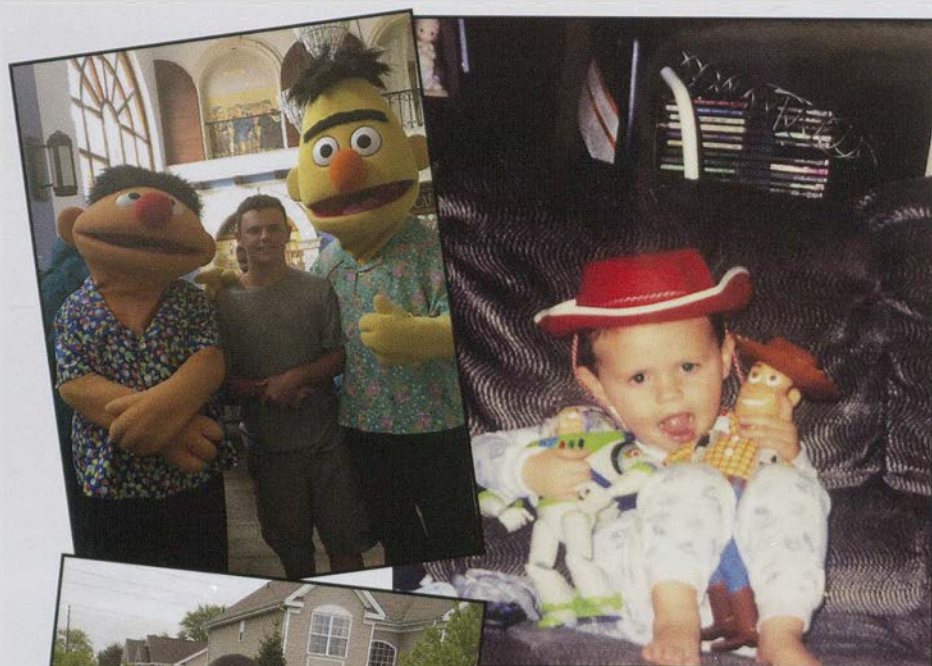

## Jordan Ndeli

Jordan,  
 We are so proud of you. Your future is so bright, can't wait to see the big things you do.  
 Love, Dad, Mom, Julian and Reg

## Aaron Bartlett

Wow! We love you to infinity! ALWAYS so proud of you. You have a heart of gold, follow it. it will lead you to great things. May this next chapter of life be filled love and laughter. The best is yet to come! Love Mom, Dad, Ryan & Aidan

## Rachel Erla

To the beautiful, sweet baby girl who added a new dimension to our lives-Continue to march to your own drum. We know your future will be an amazing journey. Looking forward to the ride! Love, Mom, Dad, Kayley, Nana, Grandma, Grandpa, The Aunts, uncles and cousins

## Luke Araza

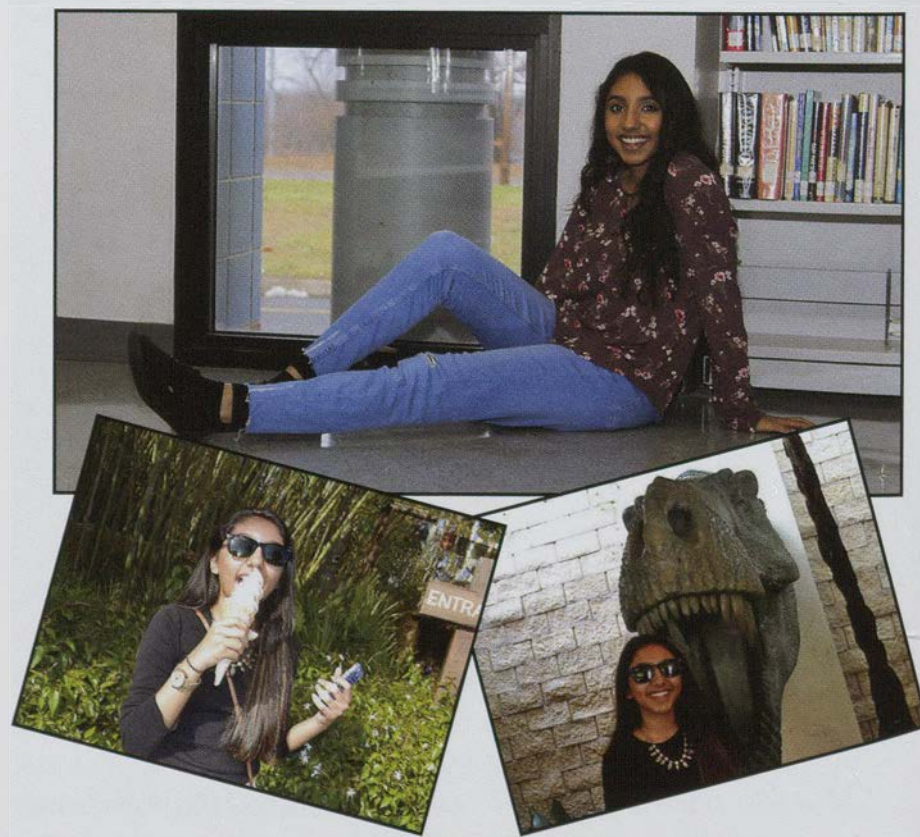

Hi Kuya! You're my favorite brother! Sorry for when I make you mad, but thanks for whatever it is that siblings are thankful for, and I'll be praying for your success outside of these halls :))

Thank you for your time and efforts.

Mediocre Regards,  
Jody Araza

## Yusra Khan

Thank you, Yusra, for being such an amazing editor. From the fun times to the deadlines, it was great working under you, and we will all miss you lots next year! Be sure to visit and don't forget us!

With much love from your assistants,  
Tanmay, Daniel, Ria, Payal

Congratulations to the Class of 2018!

Good luck in the future and remember,  
Once a Bomber...always a Bomber!

# FROM THE OUTSIDE IN

While most of us know our student body and staff from seeing them everyday in the halls and in our classrooms, there is more to everyone then we may know. This page has been dedicated to getting to know the qualities that we may not know out our students and staff. From hiddent talents, to interesting hobbies, and valuable character traits lets take a look at the many things that may take us by suprise about the familiar faces we see on a daily basis.

**Rose Adu**  
**Praise Dancing**

"I mostly enjoy being able to express the way I feel while I'm dancing."

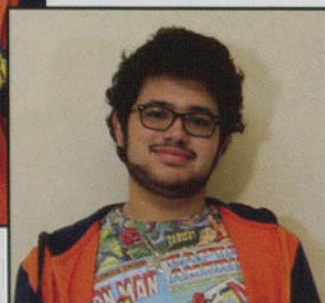

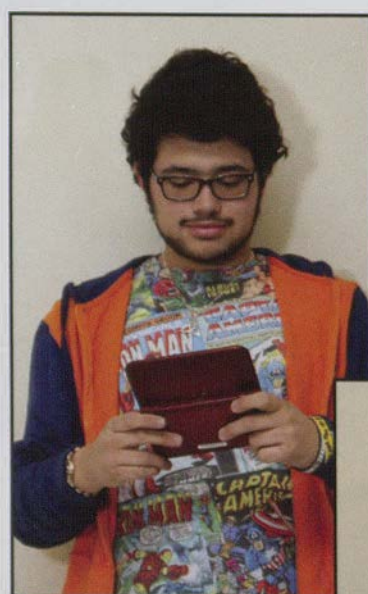

**Mrs. Dawn Kosobucki**  
**Lions District 16 J**  
**District Governor**

"I mostly enjoy the people who help and serve."

**John Mendoza**  
**Music**

"I enjoy the fact I can make music with something as simple as 4 strings and a little bit of know how."

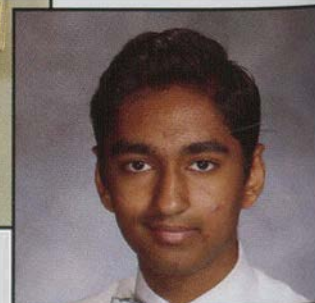

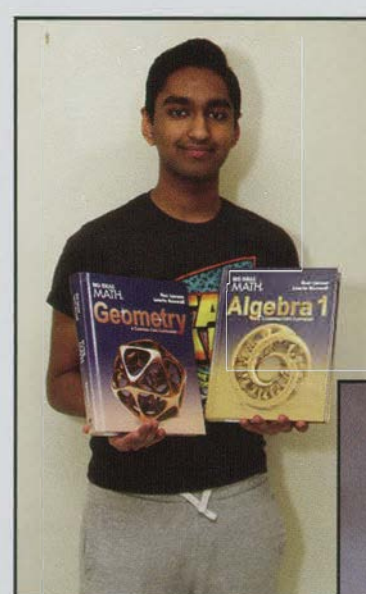

**Chance Siurano**  
**Videogaming**

"What I enjoy the most about my hobby is that it's fun, competitive, and makes me feel smart."

**Jody Araza**  
**Music**

"Music transcends language, and it is an incredibly powerful tool with the ability to heal, to explore unknown worlds, to say what words could not." While I admit that I may not be the best at playing the guitar or the piano or even at singing, I still feel blessed nontheless for being able to do what I do.

**Tanmay Patel**  
**Math**

"I love the feeling of satisfaction and pride you get when you solve an extremely difficult problem, no matter what discipline of math it applies to, from calculus to statistics."

**Ms. Kelly Donnelly**  
**Help Our Children**  
**Foundation Vice-President**

"Being Vice-President of the Help Our Children foundation brings me great pride. Being able to raise funds and help children in the community and all over the world brings joy to my life."

**Dan Kuria**  
**Piano**

"Life goes fast and times get stressful, and so playing the piano is a stress reliever for me. Hearing a beautiful sound come out of this instrument is a talent I will always enjoy."

**Ria Patel**  
**Piano**

"Playing the piano is a great hobby in so many ways. It allows me to relax, have fun, and express myself all at once."

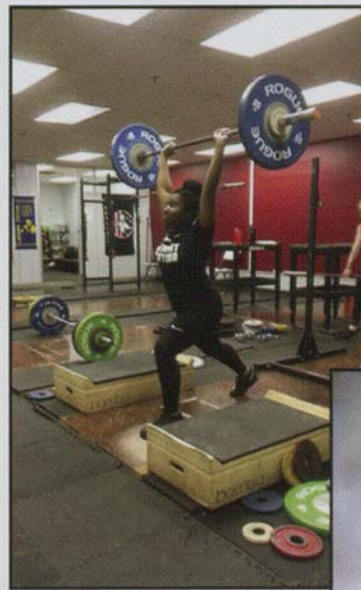

**Monika Richczajd**  
**Dance**

"The thing that I enjoy the most about my talent is expressing myself through movement. Dancing allows me to be myself and any problem ceases to exist when I'm in the moment."

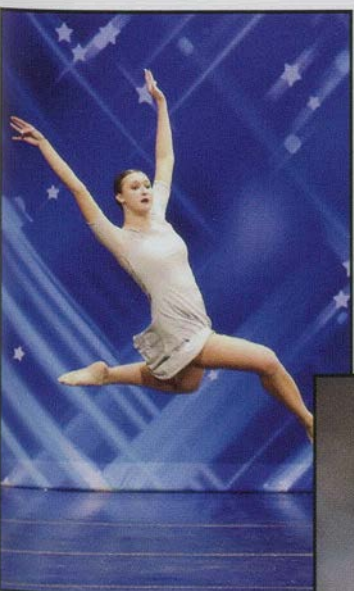

**Mr. Matthew Pereira**  
**Surfing**

"I enjoy controlling the angle at which I am planning and displacing water impulses sent from as far as they reflect and break onto the shore. Tapping into mother nature's beauty and energy can be surreal and exhilarating."

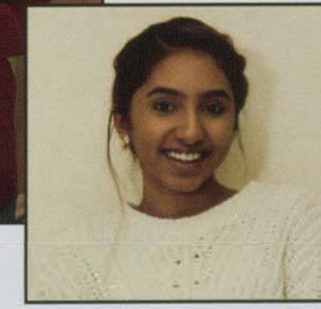

**Kendra Damoah**  
**Weightlifting**

"I enjoy weightlifting because it's always a challenge to get something heavier up, or get better form and be faster! I meet wonderful people while doing something I truly find enjoyable."

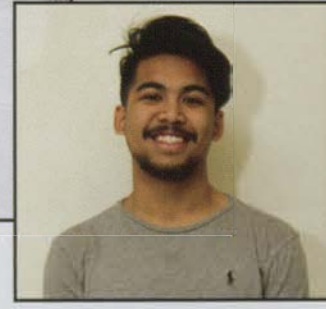

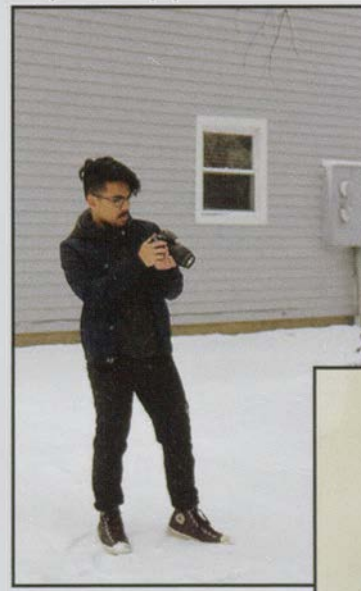

**Emily Pawalek**  
**Dance**

"Dancing allows me to be myself and do something without worrying about anything. It has been my passion since I was 2 years old."

**Yusra Khan**  
**Cooking & Baking**

"I enjoy cooking and baking because it has been a part of my life ever since I was a kid. I've watched my parents ever since I was 5 and have tried to learn to be as great as them at it."

**Luke Araza**  
**Photography**

"I enjoy seeing people's reactions to my photos. The joy of seeing other people's smile and laughter is my joy. To see my hardwork make at least one person happy is enough for me."
