

MANY MATTERS BEFORE COUNCIL

Sewers, Roads and Taxes Among Important Subjects Disposed of by City Fathers

At the regular session of the Common Council on Tuesday evening there were received, in addition to the figures from the County Board of Taxation, giving the tax rate of Summit details of which are found in another column of this issue, a large number of communications on various important city matters and also a detailed report from the sewer department on the progress of the West Summit sewer, details of which will be found later in this article.

In regard to the fines collected by the city more than a year ago through the local police court in the cases of several Italians who were convicted in that court for the illegal sale of liquor, the decisions being subsequently reversed by the higher courts, J. Victor D'Alia, representing the Italian clients, acknowledged the payment by the city of \$114 which were the court costs in these cases. He further gave notice that the claim of these fines being returned to his clients had been assigned to him and that he would like to settle the matter amicably and asked what disposition the Council intended to make in the matter. Later in the session Mr. Topping reported that it was the opinion of the Law and Ordinance Committee and the city solicitor that the city was not bound to return these amounts and the clerk was instructed to convey this information to D'Alia.

On request of Receiver of Taxes Schultz for a warrant giving him authority to advertise lands for sale on account of unpaid taxes for 1914, a resolution was introduced by Mr. Topping for the Taxation Committee, authorizing such sale. For the same committee, Mr. Topping introduced a resolution providing for the refunding of \$164 to Richard H. Greene for an erroneous assessment made against his property which should have been made against the Shea property on Passaic avenue.

A request was made by the Commonwealth Water and Light Co. to erect certain decorative material in observance of National Prosperity Week which is to be held all over the country between the dates of November 9 and December 24. The request was for permission to hang such decorations across Beechwood road and in other parts of the city and on motion of Mr. White, for the Street Committee, permission was granted, subject to approval of his committee. The same company requested permission to erect an ornamental iron lighting standard on the curb line of their property on Beechwood road. On motion of Mr. White this permission was given with the proviso that the standard be not too "ornately ornamental" and that the location should be approved by the street committee.

Mrs. Anna R. Walsh asked the city for payment of \$5 per week as a rental of a portion of her property on Division avenue on which the material for the repair work of the West Summit sewer has been stored for several weeks. Mrs. Walsh stated that not only had the lawn of her property been used but that from six to ten feet of the terrace had been dug away in order to install the machinery. She stated that this was the second time this had happened and that on the previous occasion she had lost her tenant and the property was empty for more than a year. Her request for a rental fee was that it should begin from the time the property was first used early in the summer. The matter was referred to the power and drainage committee and the engineer.

On behalf of a number of property owners in that section, S. E. Houston petitioned the Council to have a dead tree in front of 97 Park avenue, removed as it was very dangerous in its present condition. The matter was referred to the Street Committee. Post & Co. of Irvington requested that the assessment of property at Division street and Blackburn road which had been made as if it were one piece of property, be properly divided as the corner house belongs to Mrs. Winters and the adjoining house to the Post Co. The matter was referred to the tax committee.

Meeting informed the Council that Summit's share of the maintenance of the Joint Trunk Sewer for the second and third quarters for 1915 was \$500. Gen. Knight testing to the correctness of this amount moved its reference to the Finance Committee which committee later reported a resolution authorizing its payment which was duly passed.

M. Garafano requested an extension of ten days' time in the work on the Pine Grove avenue improvement owing to his inability at certain times to secure sufficient labor. On motion of Mr. White who reported that the contractor was now making fairly good headway, the application was granted subject to approval of the bonding company.

John H. Badgley, borough work of New Providence, called the Council's attention to the proposal made by the Commonwealth Water and Light Co. to that borough for the extension of its water mains on Division avenue

KENT PLACE OPENS.

Improvements in Buildings—Two New Teachers on the Staff.

When the present and former pupils of Kent Place gathered for the opening exercises on Thursday, two marked improvements in the buildings proved of especial interest. By a generous, anonymous gift last winter the large library was fitted out with handsome oak wainscoting and shelving. One of the Directors, Mr. Philieus Holt, as a gift to her school from his daughter Evelyn on her graduation has presented to the library three handsome massive tables, to match the woodwork. This summer the books have been carefully classified, and the shelves labelled, so that the room with its pictures and its sunshine provides an admirable working place for the eldest girls.

The other addition is also a gift. A group of friends of the school have subscribed the money for a shower bath in the Gymnasium for the benefit of the day pupils and of the class of ladies who so much enjoyed the work with Miss Stengle last winter.

Dr. Hamilton Wright Mable, the President of the Board of Directors, gave at the exercises yesterday morning, a brief and interesting address as the "key-note" for the school year. Mr. Mable said, very happily, that Mrs. Paul always asked him to make the first recitation, every year, in order to break the ice and make the water seem warmer for those who had to take the plunge after him. He then proceeded to "recite" on "How to Live Together," a lesson, he said, the world had not as yet learned, apparently, and suggested that pleasantness, courtesy, thought of "the other girl" (which is the teacher's lesson), the ability to do one's work thoroughly at the time and to keep it behind one, and the forming of the habit of using one's own mind, were the best means to that end.

The vacancy in the English department has been filled by the appointment of Miss Marion de Forest, who will also take some of the Science classes. Miss de Forest comes to Kent Place from Washington in which State she has been teaching two or three years. She is however an Eastern woman, a graduate of Wilson College. The Oral English will be taken by Mrs. Claudine Wilkinson Macdonald of East Orange, a graduate of Northwestern University, 1910, and a student of the work in expression at the Cumnock School in Chicago. It is intended to give this work throughout the Upper and Lower School; the emphasis will be laid on purity and distinctness of enunciation, and the cultivation of a pleasant speaking voice.

NAYLON-LAWRENCE.

The wedding of Miss Marion E. Lawrence, daughter of Mr. and Mrs. W. H. Lawrence, of 177 Renner avenue, Newark, to Harry E. Nylon, District Foreman New York Telephone Co., at Summit was solemnized on Monday afternoon, at St. Charles Baroque Catholic church, Newark. Rev. Thomas Walsh, rector, performed the ceremony. Mr. Lawrence gave his daughter in marriage and Miss Margaret Lawrence attended her sister as maid of honor. The best man was John Smith of Menlo Park, and the ushers were Walter Lawrence and J. Fred Nylon, both of Newark and brothers, respectively, of the bride and bridegroom.

The bride was gowned in white chiffon tulle, made with short, full skirt, having narrow ruffles of the same material, with a tulle-covered bodice trimmed with Duchess lace. A long court train hung from the shoulders and reaching to the end of this was the veil of tulle which was arranged in high effect at the back of the collar. A wreath of lilacs of the valley partly encircled the head, forming a band in front. The bride carried a shower bouquet of bride roses and lilies of the valley. She wore a pearl and diamond pendant, the gift of the bridegroom.

A reception and wedding supper were held at the home of the bride's parents. Upon their return from a wedding trip through Maine, Mr. and Mrs. Nylon will live at 209 Morris avenue, this city, where they will be at home after October 15.

Water—Ege.

Mr. and Mrs. John Nelson Ege, of 43 Morris avenue, have announced the marriage of their daughter, Miss Sadie L. Ege, to Mr. Clarence V. Slater, son of Mr. Calvin Slater, of Calton, N. J., on Saturday, September 18, 1915.

Rev. J. Adams Oakes, pastor of the East Summit Methodist Episcopal church, officiated. Miss Edythe M. Ege attended her sister as maid of honor, while Mr. Walter D. Lemon, a cousin of the bride, acted as best man. The bride was attired in a suit of African-brown chiffon with cloth, with hat to match, while Miss Ege wore a suit of blue satin garbardine cloth and hat to match. Upon their return from a trip to the Pocono Mountains, Mr. and Mrs. Slater will be at home after October 1st, at 438 Grove street, Irvington, N. J.

Day—Hazelton.

The marriage of Miss Mary Beatrice Hazelton, of 11 Cedar street, Summit, to Nathan Edward Day, Jr., son of Mr. and Mrs. Nathan Day, of Springfield, took place last Friday afternoon at the home of the bridegroom's parents. The marriage, which was witnessed only by a few relatives, was performed by Rev. William Hoppaugh, former pastor of the Springfield Presbyterian church. The attendants were Miss Caroline L. Day and William G. Day, sister and brother of the bridegroom. After the wedding Mr. and Mrs. Day left for a trip to Boston.

PRIMARY ELECTION NEXT TUESDAY

The Primary Elections of all political parties will be held next Tuesday, September 28th. The polls will be open from 7 a. m. to 9 p. m. On that day also is given the second opportunity for voters to register for the special election of October 19th and the general election of November 2nd.

As far as municipal offices are concerned, there is but one contest and that is in the Second Ward, where Samuel E. Houston and Burton L. Boye are contending for the Republican nomination for Councilman from that ward. Mr. Houston has lived practically all his life in the eastern section of Summit. He is engaged in the hub manufacturing business on Park avenue. Mr. Boye lives on Mountain avenue in the western end of the town. He is connected with the Standard Oil Company and is president of the West End Association.

The county offices for which party nominees are to be selected are three Assembliesman and one Coroner. The Republican Assembly candidates are Messrs. Charles L. Morgan, Arthur N. Pierson, William L. Runyon, who have represented Union County in the Assembly for the past year so ably and efficiently.

The Democratic candidates for the three Assembly nominations are: Wm. A. Leonard, Edward M. Meek, Patrick J. Boyle, James E. Furber, Edgar A. Knapp, and Thos. F. Van Dyke, the latter from Summit. Socialist candidates: Ernest James Beutell, John Keyes, William L. Lloyd.

The Coroner candidates are: Republican, Howard W. Potter; Socialist, Oswald Nietzel. Mr. Ruford Franklin, the Republican majority candidate, and against whom no other nominee has been suggested, is too well known to need any detailed statement. He is a New York lawyer, and beginning in 1899 he served for nine years as councilman from the first ward, performing the duties of his office in a most efficient manner.

Mr. Francis S. Phraner, the Republican candidate for Councilman-at-large, has lived in Summit for about twenty-five years. He has always been actively interested in civic affairs, although never holding public office here. He is vice-president of the Summit Trust Company and is connected with the large warehouse firm of Baker & Williams in New York City. Mr. John E. Lager, the Republican candidate for Councilman from the First Ward, is the senior member of the firm of Lager & Hurrell, orchid growers, and importers with an international reputation. Their greenhouses are located on Morris avenue near Bedford road. Mr. Lager lives on the Boulevard and has resided in Summit for nineteen years.

The only Democratic nominee for local office is in the Second Ward, where Paul F. Dorgeval seeks the nomination of that party for Councilman from that section. Mr. Dorgeval is the Superintendent of the Summit Silk Company, and has resided here for several years on the Valley street. For members of the County Assembly Committee the candidates are as follows: First Ward, First District—John W. Clift; Third District—David D. Gilchrist; Second Ward, First District—Allan Hay; Second District—Harry D. Vreeland; Third District—Norman S. Garis. For members of the Democratic County Committee the only candidate is John J. Lane in the Second District of the First Ward.

W. C. T. U. State Convention. The annual convention of the Woman's Christian Temperance Union of New Jersey will be held in the first Methodist church of Montclair, September 28th to October 1st.

On Tuesday evening greetings will be extended from representatives of the churches, Board of Education and the Town Council, followed by an address on "Mothers of Men" by Daniel A. Poller of Ohio, associate president of the National Christian Endeavor Union. Morning and afternoon sessions of each day will be devoted to reports of superintendents and other business of the convention. Wednesday evening, the Rev. Chas. Scanlon, head of the temperance department of the Presbyterian General Assembly, will speak on "The Battle of Ages." Thursday afternoon an address by Mrs. Athena Mannaroff, Missionary at Ellis Island. Thursday evening, Mrs. Katharine Lund Stevenson, president of Massachusetts W. C. T. U., will speak on "Who are these in white array."

A parade of the temperance forces is planned for 4.30, Wednesday afternoon.

The local delegates to the State Convention are: Mrs. H. D. Nicoll, County Treasurer; Mrs. A. M. Dean, County Corresponding Secretary; Mrs. A. S. Burling, Mrs. Franklin Day.

Trailers Must Use Both Tracks. The Public Utilities Commission yesterday ordered the Morris County Traction Company to run their east bound cars on the east bound track and the west bound cars on the west bound track between Elizabeth and Springfield. This decision came as a result of a complaint made by Assemblyman Arthur N. Pierson, A. H. Hassinger and M. W. Faltoute. The company have been running their cars in both directions on one side of the road, seriously confusing the traveling public, especially at night. The order takes effect October 15th.

SUMMIT'S TAX RATE TO BE 2.11

In the list of tax rates for the county municipalities ascertained by the Union County Tax Board on Monday, Summit's rate is 2.11 or three points higher than last year. The increase is accounted for by the increased expenditures for schools locally, and an increase in the State school tax.

The total valuations in Summit this year amount to \$12,231,021. Of this amount \$108,151 is the value of second class railroad property here. The local budget this year is \$185,947.09. Summit's share of the county budget is \$40,351.95; and of the State school tax, \$32,430.86. Adding these two amounts to the local budget we have a total of \$258,729.90 to be raised from our valuations.

By fixing the tax rate at 2.11, the county tax board informed the city authorities that this rate on our total valuation would yield \$258,074.54. Therefore a contingent fund was added to the budget by the council of \$441.92 to make up this amount. The bank stock tax for Summit amounts to \$1,097.18, which added to the total to be collected from all other sources, we have \$259,171.72 to be collected by Receiver Schultz.

County Rates. The county tax rate has been fixed at \$0.3303, on each \$100 valuation, which is a decrease of a fraction of a cent compared to last year, when the rate was .339. The county rate is established by deducting the county's share of the bank stock tax, or \$14,197.11, from the county budget of \$276,000, leaving a balance to be raised for county purposes by taxation of \$561,502.89.

The county is required to raise \$451,521.09 this year for State school purposes, and the rate will be \$0.3655, or six points above last year. In 1914 the State school tax totaled \$429,995.63, and the rate was \$0.359.

A decrease in the county budget of \$1,000, combined with an increase in the net rates, resulted in lowering the county-rate this year.

Many municipalities show decided jumps in their respective rates, according to the figures of the tax office. The table of rates for this year, compared with 1914, follows:

	1915.	1914.
Elizabeth	1.94	1.80
Clark Township	.92	.96
Cranford	1.98	1.96
Fanwood Borough	1.82	1.72

LAWRENCE FLOOD.

Lawrence Flood, who had been a resident of Summit for about forty years, and was well-known here as a horseman and livery stable proprietor, passed away very peacefully at his home, 5 Cedar street, on Sunday night. For about eight months he had suffered from rheumatism and other ailments. The funeral was held Wednesday morning with a requiem mass in St. Teresa's church. The interment was in the parish cemetery.

"Larry" Flood, as he was familiarly known, was born in Ireland in 1849. He came to this country when a young man and settled first in Orange. After a short residence there he came to Summit as the coachman for the family of the late Col. Archer Martin, who was one of the most prominent of Summit's early residents and who lived on Norwood avenue. He was always highly respected by all who knew him, but especially so by the members of the Martin family. He endeavored himself to that family because of his honesty, faithfulness, and sterling integrity in all his relations. About twenty-five years ago he entered the livery business at 446 Springfield avenue, and for many years he himself drove parties all about this section. Strangers coming to Summit and happening to get in "Larry" Flood's carriage at the railroad station, almost always continued to patronize him because they thoroughly enjoyed his genial and kindly disposition, friendly interest and his intimate knowledge of Summit and its many points of interest.

Besides his wife, he is survived by three daughters and three sons: the Misses Mary, Margaret and Alice; and Messrs. James, David and Lawrence. The funeral will be held at 10 o'clock on Wednesday morning at the residence, 5 Cedar street, and will be conducted by Rev. J. Adams Oakes, pastor of the East Summit Methodist Episcopal church.

High School Class Elections. The following officers have been chosen by the High School Classes for the year:

Senior Class, president, Allan Pott; vice-president, Miss Telfa Amster; treasurer, Miss Mary Austin; secretary, Spencer Caldwell. Junior Class, president, Edna Clark; vice-president, Nat. Austin; secretary, Genevieve White; treasurer, Walton Darby. Sophomore Class, president, Claire Lettury; vice-president, James Trunk; secretary, Mary Shoemaker; treasurer, Viola Herslow. Athletic Association, president, Jack Graydon; vice-president, Margaret Holland; secretary, Agda Swenson; treasurer, Nat. Austin.

ANTI-SUFFRAGE MASS MEETING.

The Mass Meeting to be held at the Summit Opera House, Boulevard and Springfield avenue, on September 30th, will be of unusual interest.

Miss Minnie Bronson, the speaker of the evening, describes herself as a tax-paying woman, a wage-earning woman and a spinster. Thus embracing the three classes of women which the suffragists claim should have the vote.

Miss Bronson is a woman of unusual attainments, having graduated from the Upper Iowa University with the degrees of A. B., and Master of Arts, and having been for ten years teacher of mathematics at the High School in St. Paul. She has represented the Departments of Education, Social Economy and Interior at various expositions, both at home and abroad, and has also acted as special agent of the U. S. Bureau of Labor to investigate conditions of labor of women and children.

As the date of the special election on October 19th draws near, the interest of the men in the suffrage question is increasing. Many will be glad to hear one so well qualified as Miss Bronson is, to discuss this important subject and to listen to her convincing arguments as to why they should vote "No" on the suffrage amendment.

AUTUMN WEDDINGS.

A number of weddings of deep interest to Summit residents will take place during the next few weeks, the first of these being that of Miss Alice Barhyt Hovey, the youngest daughter of Mr. Franklin Hovey, of Euclid avenue, of New York City. The ceremony will be performed in Calvary church, tomorrow afternoon at half after three o'clock, by the Rev. Philip J. Stelmets, Jr., of Philadelphia, the former pastor of Calvary church, assisted by Rev. Walker Gwynne, D.D., rector of the church. A very small reception for the bridal party and immediate relatives will follow the ceremony at the home of the bride's father on Euclid avenue.

The second wedding will be that of Miss Freda Frost, a daughter of the Rev. and Mrs. H. W. Frost, of 25 Elm street, to Mr. Stephen Payne Nash Rhodes, of New York City. It will take place in the Central Presbyterian church on Wednesday, the twenty-ninth, at half past four in the afternoon, the Rev. Minot C. Morgan, the pastor of the church, officiating. Miss Frost will have a large bridal party, consisting of her sister, Miss Hildegard Frost, as maid of honor, and the following bridesmaids: Misses Elsa Frost, a sister, Miss Katharine N. Rhodes, Jean Calhoun, Marjorie Woolsey, Mary F. Baker, of New York; Annette Fallows, Dobbs Ferry; Margaret Dodsworth, Summit; Mary Kilburn, Philadelphia. The best man will be William A. Hunter, of Savannah, Ga. The ushers will be: Messrs. Harold W. Smith, Baltimore; Donald Markle, Hazleton, Pa.; Malcolm R. Pitt, Jr., Stamford, Conn.; Sheldon E. Headley, and Henry B. Kane, New York; Reginald R. Frost, Summit; John H. Stewart, Cedarhurst, L. I.; Bernard F. Rogers, Jr., Chicago.

A reception at the home of the bride's parents will follow the ceremony. The bridal party will be entertained at a supper party by Mrs. Frost on Tuesday evening. Following the reception Miss Dodsworth will entertain the bridal party at an informal supper party at her home on Hillcrest avenue.

The marriage of Miss Gertrude Leach, daughter of Mrs. Martha Leach, of West street, and Mr. Donald Burgess, former resident of Summit, now residing in Langley, S. C., will be solemnized on Wednesday afternoon, September 29th, at 3.30 o'clock, at the home of the bride's mother, Rev. Wilbur V. Malinlev, pastor of the Summit Methodist Episcopal church, will perform the ceremony. The wedding will be a very small and quiet affair.

Mr. Burgess, formerly resided in Summit, and has many friends here. He is a brother of Mrs. Wm. H. Bacheler, of Morris avenue. For the last few years Mr. Burgess has been connected with the South Carolina Play at Langley, S. C., where he and his family will make their home on return from their wedding trip.

The marriage of Miss Dorothy Crawford, daughter of Mr. and Mrs. F. L. Crawford, of Summit, to Mr. Harry T. Hamilton, of Nacozari, Sonora, Mexico, is to take place on Saturday, October 9th, at 10 a. m., in Calvary Church of this city. The bride will be attended by her sister, Miss Lesley B. Crawford, as maid of honor, and by the following bridesmaids: Miss Constance Crawford, sister of the bride; Miss Ruth E. Hamilton, of Groton, Conn., sister of the groom; Miss Dorothy McKee, of Summit; Miss Dorothy Crawford, of St. Louis; Miss Dorothy Law Rice, of New York City; and Miss Helen C. Colquhoun, of Duluth, Minn. Mr. Hamilton will have Frank W. Hamilton, his brother, as best man, and the ushers are to be Horace Chittenden, of Buffalo; Joseph H. Holmes, of Pittsburgh; Ira Johnson, of Arizona; Cleveland A. Dodge, of Riverdale, N. Y.; Douglas B. Green of New York City; T. Hamilton Ingerson, of Providence, R. I.

Miss Caroline McFarlan's marriage to Mr. Gordon Bunker, of Boston, will take place on November sixth; but no plans for this wedding have been announced as yet.

Second Registration Day, Tuesday, September 28. Personal registration of each voter required every year.

ANTHONY COMSTOCK VICE-FIGHTER

Famous Summit Resident Passed to His Reward—Active and Courageous Career

Anthony Comstock, Secretary for the Society for the Suppression of Vice, and known the world over through the controversies that have followed his crusades against books, pictures and plays and practices that he deemed indecent, died at 8.15 o'clock on Tuesday night, at his home here on Beckman road. Mr. Comstock had been ill for about ten days with an intermittent fever. Early in the week pneumonia set in, which disease was the immediate cause of his death.

His illness was brought on by overwork and over-excitement, resulting from his fight to retain his position as a Post Office Inspector, which he had held since his appointment by President Grant in 1873 and from his successful efforts to secure a conviction under the Criminal Code early in this month. Great worry was caused Mr. Comstock in June by repeated reports that he was to be removed as a Post Office Inspector because of the many antagonisms he had caused.

The funeral service was held yesterday afternoon at 4.40 in the Central Presbyterian Church, of which Mr. Comstock had been an active member. The pastor, Rev. Minot C. Morgan, officiated. The interment was in Evergreen Cemetery, Brooklyn.

The honorary pallbearers were: Hamilton W. Mable, Fred H. Tasker, President Society Suppression of Vice; Augustus F. Libby, Wm. Hall, Jr., A. R. Nicol, Theodore L. Beck, Fred H. Doremus, Walter C. Heath.

Passaic Valley Chapter, Sons American Revolution, attended the service in a body. There were about three hundred persons at the service.

Rev. Mr. Morgan spoke very ably and feelingly of Mr. Comstock. He said: "He was a man of singleness of purpose. He was never deflected by worldly temptations from the single aim of his life. To him the promise of God were real and on them he founded his life. He was a lover of children, and a man of great heart. 'There are some soldiers who fight because of hate; and sing the 'Song of Hate,' as they go to battle. There are other soldiers who fight because of love and he was one of these."

A solo, "Servant of God," was sung by Ben. Henry Smith, bass soloist of the church choir. In closing, the entire company sang, "Soldiers of Christ Arise."

Mr. Comstock is survived by his wife and a daughter Miss Adele Comstock, two brothers and two sisters also survive. Thomas H. Comstock, of Etowah, Tenn.; Homer H. Comstock, of Milford, Conn.; Mrs. Hattie Benedict, of Flatbush; Mrs. Joseph H. Sperry, of Brooklyn.

Mr. Comstock had lived in this city twenty-five years. He was married forty-four years ago to Miss Margaret Hamilton, of Brooklyn.

Mr. Comstock was born in New Canaan, Conn., March 7, 1844, the son of Thos. Anthony and Polly Ann Lockwood Comstock. He was educated in local schools and at the New Britain High School. In 1863, after his brother Samuel had been killed at Gettysburg, Anthony volunteered to take his place and served until the end of the war.

In 1867 he came to New York with \$3.50 in his pocket and got a job as porter in a dry goods house. In 1872, after he had risen to be a salesman, the incident occurred which started him on his career. He found two of his fellow employees with indecent books, learned from them that they had obtained them from a sort of circulating library in Centre Street, and on March 2, 1872, arrested the dealer with ample evidence of his guilt.

The ridicule which has followed him began then. Shortly after that he was elected to the position of "Public Morals," the Self-Constraint Censor, and other names which have been applied to him with variations through life. The first few days of the campaign used up all of his own money, but the late Morris K. Jesop took an interest in the work and gave him \$650 with which to continue his investigations. After Mr. Comstock had brought to light the volume of traffic in printed matter of the lowest kind, the Society for the Suppression of Vice was organized and it advocated the passing of the mails and ports to the business. It was passed and two days afterward he was appointed a special Post Office Inspector.

For forty-three years Mr. Comstock had been actively engaged in this work. He made a large number of his arrests personally and was frequently in violent fights in which he was well qualified to hold his own, even in later years, by reason of his huge physique and his experience as an arresting officer. He had caused the arraignment in State and Federal courts of 3,643 persons, of which 2,740 either pleaded guilty or were convicted; destroyed about 50 tons of vile books, over 25,000 pounds, of stereotype plates, 2,500,000 obscene pictures, and over 12,000 negatives.

In pursuing his work, Mr. Comstock was jeered at, insulted, attacked, mobbed, slashed with knives and thrown down stairs. His ribs were broken and several times he barely escaped with his life.

CHAMPIONSHIP GAME A FARCE.

But Three Morristown Players Appear
to Play All-Madison B. B. C.

That much advertised baseball
game for "the championship of Morris
County" billed for last Sunday after-
noon on St. Teresa's Athletic field,
proved an eighteen karat blower.
Madison and Morristown were to have
battled for the baseball honors but
the management of the Morristown
B. B. C. apparently forgot that Sunday
was the day on which the game was
to have been played for after an au-
dience estimated at more than one
thousand had assembled on the church
field it was discovered that Morris-
town had just three players on the
field.

When it became evident that the
biggest crowd of fans ever assembled
on the church field was to be disap-
pointed, Bob Murphy got busy.
Through his efforts, Pitcher Bill Egan,
Eddie Egan, Tom Conway, Jack Law-
rence, Al. Parcells, of the New
Providence A. A., and "Bobby" Foster,
formerly with the local Y. M. C. A.
team, but recently with the New York
State League, were induced to take
up the battle for Morristown.

At 4.30 the game was started. At
6.30 with the count standing six runs
for Madison and three for Morris-
town's representatives and in Mad-
ison's half of the eighth round, Umpire
Paul Molitor cried enough. The ar-
bitrator said it was too dark to proceed
further.

Never in the history of the church
field has a game been marked by such
excitement as that displayed by the
hundreds of frenzied fans, the guest
majority of whom appeared to be
rooting for a victory for Morristown.
Men and boys swarmed within a few
yards of the diamond and all efforts
to restrain them proved futile. At
times the crowd surged into left field
and along the third base path so that
persons in the lower seats in the
grandstand could see none of the
plays made at or near third base.

When Bobby Foster cracked out a
two-bagger, Tom Conway, a single,
Parcells lifted one over a fence,
which owing to the ground rule
counted only for two bases, and Bill
Egan followed with a single all in
the sixth inning, the crowd went joy-
riding. From the bombardment Morris-
town tallied twice and it seemed as if
despite the lead of five runs held by
Madison, the patched up team would
head them off if the game went to a
nine-inning finish.

Taking up the pitching burden
without warming up, Egan was
handicapped at the opening of hos-
tilities. He walked, Stamford, the
first Madison player, up. "Pinky"
was easy, Bill Egan to Strong at first.
Egan was given a pass. Rothfuss
dumped a single to center. Vitt laid
one in left. Ruddy slammed a two-
timer to center and Williamson got a
left field smash. Four hits and as
many runs in round one for Madison.
Egan steadied and after the first
session Madison got but three hits un-
til the sixth. On errors by Tom Con-
way, at short, and R. Conway, of Mor-
ristown, at third, Madison added a
tally in the fifth. In the sixth Will-
iamson belted out the eighth hit from
Egan's offerings but it counted noth-
ing in the run column.

The so-called Morristown company
was blanked all the way to the sixth.
In the second period Captain Louis
West was hit on the left arm by one
of Toerner's whistlers. West was
forced to retire. He suffered a frac-
ture of a small bone in the arm; it was
revealed at Overlook Hospital.

With a count of two runs, Eddie
Egan drew a walk in the seventh. He
got around to third on Lawrence's
and McLaughlin's outs at first.
Strong banged a bingle to right and
Egan counted. The Morristown
proxies went out quickly in their ball
of the eighth and ninth. Vitt, on Con-
way's error, a stolen base and an er-
ror at third, got across with run No.
six. Williamson got four bad ones
and then the umpire spoke. The

AS THE SEASON WANES.

Bits of Baseball Chatter to Cheer the
Fans.

Sunday afternoon the Ladies' Col-
lege Champions, who lay claim to be-
ing the champion female baseball
players of the world, will be the guests
of St. Teresa's B. B. C. If the weather
is propitious there will doubtless be
a big turnout of the fans and fanes-
sies to see the members of the fair sex
perform.

Just such management, or perhaps

Baseball, Golf and Tennis

we might better say, lack of manage-
ment, as that displayed by those in
charge of the Morristown B. B. C. last
Sunday is what kills interest in amate-
ur baseball. The promoters of last
Sunday's game may be thankful that
Bob Murphy was on hand for had it
not been for Mr. Bob there would
certainly have been no game. We
rather imagine that crowd, estimated
at between one thousand and twelve
hundred, would have made it decid-
edly interesting for the officials if the
admissions had to be returned.

Had Egan and Foster had an oppor-
tunity to warm up before the game,
and with Charlie Murphy at his sta-
tion we are inclined to the belief that
that All-Madison team of last Sunday
would have been disposed of in less
than nine full innings, Mr. Toerner,
notwithstanding.

Toerner, who is the regular twirler
for the Edison B. B. C., and who did
the heavy lifting for Madison last Sunday,
displayed terrific speed. His close ball
was dangerous especially when
through fatigue, he seemed to lose con-
trol. After the sixth inning Toerner
showed plainly that he was about all
in. He worked Saturday in a game
which he lost to the Westinghouse
team by a score of 2 runs to 1.

That some one or more of the
scores of men and boys who crowded
the third base line, the territory or-
dinarily allowed a catcher, was not
disastrous last Sunday was little short of
miraculous. Just why, usually, some
people will take a chance of being
killed or perhaps injured for life
through an insane desire to see more
than the other fellow at a baseball
game is beyond understanding, but
such is the case. Even young women
stationed themselves in positions at
last Sunday's game in which at any
moment a foul ball might have laid
them low. Greater control over the
children and adults must be exercise
on the church field next season to
save the fans from themselves, and to
permit Sunday baseball.

It was something of a treat to the
local fans to see "Bobby" Foster work
in Sunday's game. "Bobby" is the
same little gentlemanly player as he
was when playing on local teams,
always on his toes, clever and with
never a word except in the perform-
ance of his duty behind the rubber.
"Bobby" got a big hand from his old
town folk when he slugged out that
two-run smash in the sixth round,
and again when he nailed Williamson,
who took too much liberty at the first
station in Madison's part of the sixth
period. Three stolen bases were all
the Madison band got on the dimini-
shing backstop.

The fine hand of that veteran of the
baseball field, John B. McGrath, of Mad-
ison, was in evidence in the seventh
inning of Sunday's game, when our
old friend, "Mac" again showed out that
dreaded room and ordered Rothfuss to
"warm up." Of course, "Mac" isn't
manager of the Madison team and
wouldn't butt in for the world, but
realizing that Mr. Toerner had gone
his limit, and that Madison was in
danger of being defeated, "Mac"
couldn't resist doing a little "sug-
gesting." In consequence of the wily
"Mac's" suggestion the game was de-
layed several minutes or perhaps just
long enough to insure victory for Mad-
ison, but for the time it seemed serious
trouble would result when the excited
fans stormed the dressing rooms and
forced Toerner out on the diamond.

A majority of the close observers of
the game who saw last Sunday's con-
test, agreed that Ruddy, who did the
backstop work for Madison, is the
best catch seen on the church field.
His throwing was beautiful and his
catch of a foul fly from Foster's stick

in the sixth after running through the
blockade of fans near the grandstand
was wonderful.

The need of a battalion of officers
and a dead line for the fans if big
baseball is ever played on St. Teresa's
field was demonstrated at last Sunday's
exhibition.

With three baseballs on hand
and three Morristown players in
uniform, the prospects for a battle for
the "Championship of Morris County"
seemed particularly light at about 4
o'clock last Sunday. Just how the
Madison and Morristown management
figured out where either town would
be entitled to the Morris County base-
ball championship we haven't heard
explained. We know of a few other
towns in Morris County in which base-
ball teams play, and which teams we
opine might measure up to either Mor-
ristown's or Madison's diamond stars.
We've frequently heard of too much
management in Madison's baseball af-
fairs, and in view of recent happen-
ings, we're convinced that the reports
are true. Too many bosses in Madison
and evidently no head to Morristown's
organization.

Leon Parcells suffered a whack on
the cranium in the sixth inning in
Sunday's game which dazed the
elongated New Providence player for a
time. The ball bounded from Parcells'
but in a peculiar way, and Leon did
some rubbing before he realized that
he was still at the plate.

CANOE BROOK COUNTRY CLUB.

The Club championship tournament
at Canoe Brook is underway, the qual-
ifying round having been played on
the last two Saturdays. The sixteen
players qualified, their qualifying
scores, and paired as they will play
in the first round tomorrow are as
follows: L. B. Hughes, 81; E. E. Wood,
81; R. Jones, 89; H. K. Downer, 84; F.
D. Peale, 89; B. A. Day, 87; H. Fow-
taker, 86; W. E. Hoffman, 90; W. R.
Phaner, 88; J. R. Monroe, 87; R. F.
Decker, 82; F. B. Hill, 86; F. A. Steele,
79; W. B. Hoggatt, 90.

Dr. Steele had the lowest qualifying
score, 79.

In the birdie contest last Saturday,
D. R. Meyer won with 19 points. J.
R. Monroe was second with 15 points,
and L. B. Hughes third, with 14 points.

WEST END COUNTRY CLUB.

Van Cise Wins Permanent Possession
of Club Cup.

Wm. M. Van Cise won the club cup
tournament on the tennis courts of
the West End Country Club last Sat-
urday afternoon. By this victory he
becomes the permanent possessor of
the handsome silver loving cup which
he has won twice before.
In the match last Saturday, Van
Cise defeated Percy Brough, in a very
close contest by the score of:
6-2, 6-6, 6-4, 6-2. In the second set,
Van Cise slumped considerably while
Brough played at the top of his game
winning the set at love. Brough still
played strong in the third set but lost
out at 6-4. The last set went to Van
Cise by the same score as the first,
6-2. Brough scored some very pretty
placement shots all through the con-
test, but in the long rallies he fre-
quently ended by netting the ball or
Brough hit out.

There were many who thought that
Brough might win the tournament
this year as he did once before, be-
cause of the fact that Van Cise had
not appeared to be playing his best
game this season. Resulting from
play in previous years, Ralph C. Por-
ter and Brough each had one leg on
the cup, and Van Cise two legs, so
that when his name is engraved on it
for this third time he will be its per-
manent owner.

The finals in the men's singles
handicap, the men's doubles, and the
ladies handicap tournaments will have
to be played very shortly.

in order to protect you from taking such risks we
attach this label of quality to every roll of our
highest quality Roofing, giving the purchaser a definite
guaranteed service, backed by the largest Roofing
and Building Paper Mills in the World. You get this
label only when you buy

Certain-teed

Many cheap roofings
bear labels that were
formerly put on better
goods—some manufact-
urers and some jobbers
cannot meet keen com-
petition, so cut the qual-
ity, but use the same label. Such labels
merely charged for roofings of lower quality.
Certain-teed products are sold by your local dealer. Be sure you get the label.

CENSUS FIGURES SHOW INCREASE

Figures Tabulated for Fifteen of the
Twenty-one Counties.

The new population count is now
complete for fifteen of the twenty-one
counties, and the total in those coun-
ties is 1,823,150, compared with 1,616,
829 in 1910, or an increase of 206,321.
The figures yet to be compiled and
promulgated are those for Hudson,
Middlesex, Morris, Salem, Sussex and
Union counties.

The most remarkable feature of the
enumeration thus far announced is
the increase in Hunterdon county.
Since 1880, when its population was
38,570, the number of its inhabitants
has been decreasing until this count
was taken. In 1890 the population
fell to 35,355; in 1900 to 34,507, and in
1910 to 33,569. Thus, for the first time
in more than three decades, the num-
ber of inhabitants has started on the
up grade. Residents of the county
say this increase is due to the fact,
largely, that a number of the aban-
doned farms have been taken by
foreign-born citizens, most of whom
have large families, for chicken-
raising and similar small farming en-
terprises.

Here is the population of the fifteen
counties now completed:

WITCHCRAFT IN 1915.

In an age of modernism not to say
agnosticism, an age of what we de-
light to call "common sense," it is
claimed that there is no such thing
as witches. Don't delude yourself.
Witchcraft is perennial, busy as ever
with our plans and achievements.
Never were there more witches in the
world than now. It is witches who
are trying to throw the German na-
tion to the dogs. We may abjure the
supernatural, calling faith in super-
natural manifestations, sheer ignor-
ance, if you please. We may abjure
the miracles, the element of divine
intervention, and we do not see that
anything happens to convict us of at-
tempt of God; but do what we will
we cannot get away with the witch.
Witchcraft is the mainspring of or-
ganization, and organization has
ruined Germany. Over-training has
transformed a once sensible people
into a nation of pitiable dupes.

We give to the black art a specious
name. We call it personal mag-
netism; but it is witchcraft just as
much as it was in the days of King
James and of Cotton Mather. When-
ever you find yourself so impressed by
the overpowering personality of some-
body else, that you are acting against
better judgment, know that you
are in the toils of a witch. Whenever,
through moral fear of consequences,
you are coerced by somebody else's
influence into surrendering your in-
nate self-respect, know that you have
become the creature of a witch. Blind
obedience is merely another name for
witchcraft, and even duty is often the
witch's task—not God's.

The witch's menace is two-fold, for
there is both subjective and objective
witchcraft. Hence the seductive army
of witches we are all tempted, be-
times, to recruit whenever we come in
contact with some unfortunate char-
acter whom our own modicum of per-
sonal magnetism may, in turn, be-
witch—our own little, psychic influ-
ence in the world, and what appears
our own legitimate prey.

Thus, you see, witches are knock-
ing at everybody's door, bullying, ter-
rifying us upon the one hand, or
hinting, pointing, pushing us into the
fascinating game of power, upon the
other. He who can resist witchcraft,
in all its guises, is indeed a great man.
To steer a ship through the rapids of
the St. Lawrence river is easier than
it is to pilot one's own canoe clear of
the dangers of witchcraft which beset
our way. We may say that we do not
believe in witches—that it is "all non-
sense," yet there are the blue prints
of the witches' fingers about our necks.
Witches are incanting over the war
cauldron in Europe, while it seethes
with carnage and other witches are
preparing a scarcely less delectable
broth for the tragedy of peace their
promise. Oh yes, it is a good time for
witches—this year of grace, 1915.

JOY WHEELER DOW.

AN ANTS' VIEWPOINT.

Mr. Fred Metcalfe, of Plainfield, was
quoted in a letter published recently
in the New York Sun as follows:

"Of all the replies of woman suf-
fragists to the objections of their op-
ponents, the assertion that women who
do not wish to vote need not do so
evinces the most pitiful failure to
grasp the arguments of anti-suffragists.

"Persons who offer this gem of ir-
relevant retort succeed only in re-
cording themselves as wholly inca-
pable of rising above purely personal
questions of individual preference to
a perception of principles. They de-
clare themselves unable to compre-
hend the true nature of the problem at
issue. Their gaze is fixed so exclu-
sively on the vote itself that they are
likely to go down to their graves with-
out having glimpsed even vaguely the
stern reality of which the vote is
merely the symbol.

"To anti-suffragists the personal
preferences of individual men or wom-
en for or against voting have nothing
whatever to do with the question of a
claim to the franchise. They are con-
vinced that even if 99 per cent. of the
women desired to vote it would be
still unwise to extend to them the privi-
lege. They have arrived at an intel-

ligent understanding of the fact, proved
repeatedly during the sanguinary
course of history, that none but a
government by those competent to back
up their decisions by force whenever
necessary can remain safe, reason-
able and capable of maintaining the
nation inviolate against either internal
disruption or foreign conquest.

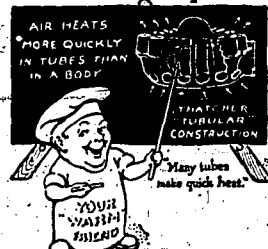

"In asking why they are women
anti-suffragists, inexpressing a bewil-
dered puzzlement over the motives of
women who are unwilling to grant
the franchise to those of their num-
ber who desire it, your correspondent
who commits that naïveté in The Sun
proclaims a childlike ignorance of the
entire point of view of wiser members
of her sex. The purpose of the vote,
borne constantly in mind by anti-
suffragists, lies hopelessly beyond the
range of her vision. She evidently
perceives in the suffrage nothing more
important than a toy to be tossed care-
lessly to those who cry for it, and the
use to which they may put it seems
to her not at all a matter for inquiry
or concern.

"Women of this intellectual calibre,
above all others, are the most com-
pletely unfit for participation in the
conduct of government. To permit
them a voice in the affairs of the na-
tion most certainly would place it in
the gravest peril through their sheer
inability to comprehend that the su-
preme responsibility of maintaining
governmental security reduces all
questions of personal inclination to an
utter insignificance. As its proponents
assert, woman
suffrage would confer the franchise on
those women only who wish to vote.
And in this very fact lies one of the
most convincing arguments against it,
for those women who want the vote
are pre-eminently the ones whose at-
titude demonstrates the least under-
standing of its belligerent responsibil-
ity. If it were possible to grant the
franchise to the women who as a mat-
ter of intelligent comprehension do not
want it; if it were possible to include
only those who realize that the sur-
frage carries with an obligation with
the capacity to enforce law and order
and to defend the nation by force of
arms in every case of need; if in
short, the franchise could be extended
solely to women of the degree of
enlightenment and breadth of view of
rationally convinced anti-suffragists,
the experiment conceivably might be
undertaken with some hope of escape
from national disaster; but assuredly
not otherwise.

ANTHONY COMSTOCK.

Anthony Comstock, a tower of strength both in moral and physical courage, has passed to his reward. In his death Summit has lost a prominent citizen, but the world at large has lost a crusader whose character was unique and powerful.

For nearly fifty years Mr. Comstock has been the prosecutor of a fight against anything and everything that would tend to debase human character. He has been ridiculed again and again. He had made mistakes in the opinion of many who were his friends, and he has been attacked in a great many ways, but he proceeded steadily to do his duty as he himself saw it. Ridicule only moved him for a more strenuous fight. He was fearless and encountered more than once danger to life.

It has been truly said of him: "Of great physical strength and natural courage, he came to close grips with his enemy and carried honorable scars of his encounters. His influence cannot be measured by the tons of immoral appeals to the eye and ear that he destroyed. It was the influence of a strong personality."

May the influence of this life live to inspire others to carry on the work which was the burden of his soul!

A CORRECTION.

Under date of August 6, 1915, the Herald re-published a letter from another newspaper, and signed by Barrett L. Crandall. Upon investigation we found that a statement made in this letter was not correct. Having obtained this information we desire to make a proper correction.

The article in question appeared under the head of "Suffrage Comments," and stated the attitude of Senator Helen Hing Robinson, of Colorado, on a race track bill introduced and passed in the legislature of that State.

We re-printed this letter from the Morristown "Record," in entire good faith, having confidence in the integrity and reputation of that newspaper. We gave due credit to that paper at the beginning of our reprint. The matter was not brought to our attention until four weeks after the date of publication. Since then we have been investigating the matter and desire to give the following facts:

Senator Robinson did not introduce the race track bill in Colorado Senate, because we understand that the bill, which has since become law, originated in the House of Assembly. Further Senator Robinson is recorded, according to certification by the Secretary of State of Colorado, as voting "No" on the final passage of the bill.

We make this correction, entirely voluntarily, because we desire as has always been our policy, that in so far as possible, nothing but the truth shall be found in the columns of the Herald on any question.

HEALTH FIRST.

The following article from the "Public Health News," a monthly bulletin of the Department of Health of New Jersey is worthy of the attention of all those interested in our schools:

"It is self-evident that the mental development of the child cannot be secured through education unless it has sufficient physical vigor to perform the acts required by the educative process. Nature is concerned first of all in maintaining life, and demands that the energy of the child be directed primarily toward that end. The normal child is endowed with more energy or vigor than is required for nutrition and growth. For educational purposes, this 'factor of safety' may be regarded as the margin to be utilized by the school for intellectual development."

"If vigor be deficient on account of inadequate nutrition, imperfect breathing due to adenoids, constant combat of bacterial poisons from infected tonsils or decayed teeth, or if it be made inefficient by imperfect sense organs, there is less margin left to be utilized in educational processes. This is the reason that children suffering from these physical handicaps of

ten do not keep up with their grades in school.

"The margin of physical vigor in excess of bodily needs is the capital which the child has to invest in education. It is the first business of the school to see that this capital is as large as possible. The school, therefore, should give primary attention to the health of the children, not only for the sake of health itself, but also to the end that education may be more effective."

"The health problem in the schools includes school hygiene, medical inspection, and health instruction. School hygiene is concerned with the physical environment as regards air, light, heat, seating facilities, etc., and with the adjustment of studies to the mental activity of the child with reference to fatigue and efficiency. The former is largely an architectural problem, while the latter is a pedagogical problem."

"Medical inspection is concerned with the prevention of communicable diseases, and the discovery and correction of physical defects which serve as handicaps to the progress of the child. Health instruction should deal not only with personal hygiene and the health of the individual, but also with the measures for the protection of others from the causes of disease or ill health. These problems are best dealt with by medical inspectors, school nurses, teachers, and health officials working in co-operation."

"Health instruction should be something more than instruction in anatomy and physiology. A child has little use for the knowledge that there are 208 bones in the body or a few more in cases of rickets. Bones have developed, and these bones are moved by upwards of 500 muscles, but he does have use for a knowledge of how to protect his body from invasion by any one of the several species of germs that cause communicable diseases. It is of small moment for a child to know that one of the small facial muscles is called the 'levator-labii-superioris-alaeque-nasii', but it is of much moment that he know how to use his muscles to keep his body in proper position. The knowledge that a tooth is composed of enamel, dentine, and pulp, is of small value compared to the knowledge of how to keep the teeth clean to prevent decay."

"Any information that may be imparted by the teacher, health official, medical inspector, or nurse, will be of little value to the child unless it results in a bettering of his conduct. A boy gains nothing by knowing that spitting on a hall may spread disease unless he ceases to spit. A child does not profit by the knowledge that an erect posture gives the lungs more room for allowing greater latitude in respiratory movements, unless he acquires the habit of an erect carriage. The formation of hygienic habits is the end to be sought in health instruction. Such habits can be more effectively formed, if the child's surroundings be first made hygienic and his physical handicaps removed."

PROGRESSIVE PARTY PASSING.

The Jersey Journal makes the following comment on the passing of the Progressive Party:

"If any doubt existed as to the passing of the Progressive Party, certain palpable facts should be to the move that doubt, at least so far as the situation in New Jersey is concerned. In Essex County, where former Senator Everett Colby was looked to as the apostle of the 'Never-Say-Die' element of the party, no county progressive ticket has been placed in the field for the party primaries—and so there will be no primary of the third party on September 28 in Essex."

"In Morris County, the battlefront of State Chairman J. A. H. Hopkins, who has also insisted that the Bull Moose was still alive, there will be no Progressive Party ticket at the primaries either."

"In Hudson, Essex, Passaic, Bergen and Warren most of the militant Progressives have gone over to the Republican Party and have placed tickets in the field to be voted for at the Republican Primary. They have transferred their fight from the Progressive Party, which they regard as dead, to the Republican Party, where they believe the battle for progressive principles can now be fought out to the best advantage."

The Primary Elections will be held next Tuesday. There is much of interest to the voter to be found in the sketch of the local and county situation on another page of this issue. The Primary law is a very expensive proposition, but it certainly places the power of nomination in the hands of the people. This power should be used with care and forethought, and should not be neglected by any voter. As there is only one contest in the local primary, it is likely that the largest vote will be cast in the second ward. Voters should avail themselves of the second registration day to be held also on Tuesday.

New Daily in Morristown.

Morristown is to have a second daily newspaper which is to make its appearance on Monday, Oct. 4, under the name of The Daily Times. Frank A. Pierson and A. Vance Pierson, are the editors and managers. The new paper is to take over the present Morristown County Chronicle, a weekly publication, and like that paper be printed from the office of The Jerseyman. It will be non-partisan.

HOUSTON STATES HIS POSITION.

Summit, N. J., Sept. 21st, 1915. Editor of Summit Herald.
Dear Sir:—Regarding my position as candidate for nomination as member of Common Council, from the Second Ward, on the Republican ticket, the "Summit Record," stated two weeks ago, it was my intention to represent the eastern section of our ward.

That is not the case. If elected, I believe that I can be of service to the entire city.
I have always lived in Summit, and

conduct my business here, know the city well, have spent fourteen years in the Fire Department, and am in favor of an economical administration of city affairs. I only make this statement to offset any opinion that might have been formed from reading the article mentioned in the "Record."

Yours truly,
SAMUEL E. HOUSTON.

Mr. Boye Makes Statement.

Summit, N. J., Sept. 22, 1915. The Summit Herald.
Gentlemen:—I have been urged by my friends to make a statement in reply to a recent article in the Summit Record, wherein it was stated that the candidates on the Republican ticket seeking nomination for councilman in the second ward would be representatives of their respective sections.

Those who have had an opportunity of observing my efforts to benefit the city at large, knowing the broadmindedness I have displayed, require no statement from me. It is to those who are not acquainted with me that I endeavor to correct what to me is a very misleading statement. I feel that should my opponent, Mr. Samuel E. Houston, receive the nomination, I am sure he would disregard any personal interest he may have and work just as hard as any one ever did for the interest of the city. I will go further in expressing my confidence in him, in that should he be successful in the primary over me I expect my friends and those who supported me to lend their aid in electing him to the council.

Should I be honored by an election to the council, I assure my supporters that I will devote my time and ability unselfishly to the interest of the city as a whole and not to any section, as has been intimated.

Yours truly,
BURTON L. BOYE.

THE LOCAL CHURCHES

Summit Methodist Episcopal Church Notices.

Rev. W. Watson Haman, D.D., of Drew Theological Seminary, will deliver the Rally Day address in the Summit Methodist Episcopal Church on Sunday morning at 11 o'clock. Dr. Haman, who is well known here, will speak on "Peace and Patriotism." The Sunday school will attend this service in a body, and the school will have a program of service, which promotion certificates for classes going from one department to another will be given. The program is brief but promises to be exceedingly interesting. A large attendance of the members of the Sunday school, church and congregation is hoped for.

At the evening service in this church, the first of a series of regular musical services will be held. The choir will render the beautiful cantata, "Faith and Praise," by John A. West. The pastor, Rev. Wilbur V. Mallallen, will give a brief address on "The Singer Among the Reapers."

The subjects of Rev. J. Adams Oakes' sermons at the East Summit Methodist Episcopal Church, Sunday, will be: Morning, "Why Do We Do It?" evening, "How to Clean a Conscience." At the evening service Rev. E. E. Jackson, pastor of the Fountain Baptist Church, will speak briefly.

At the First Baptist Church, Rev. Rolla E. Hunt, pastor, the usual services will be held on Sunday, September 26, at 11 a. m., and 8 p. m. Bible School at 9:45 a. m. The subject of the morning sermon: "A Leader and His Vision." In the evening the pastor will speak on "Horizon," and in addition to the regular solo work of Mr. Reed, the organist, Mr. Hickok, will give an organ meditation, entitled "Legende," by Frank Seymour Hastings. An effort is being made to make these evening services of especial interest to young people. A cordial invitation is extended to all who wish to attend these services and also the Installation Service for Mr. Hunt, on Tuesday evening, September 28, at eight o'clock. Besides the music, the program provides for brief addresses of welcome from Rev. R. C. Hull, Rev. Minot C. Morgan, Rev. Wilbur V. Mallallen, Rev. H. S. Potter of Bloomfield, and Rev. Maurice A. Levy of Brooklyn. The ladies of the church will give Rev. Mr. and Mrs. Hunt a reception to be held in the lecture room on Tuesday evening, October 5th. Friends of the church are requested to reserve this date.

The Rev. John M. McGann, of Trinity Church, Chicago, will preach in Calvary Church on Sunday.
"Roosevelt and the Pacifists" will be the subject of Dr. Ryan's sermon next Sunday in All Souls Church. Service at 11 o'clock. All seats free. Dr. Doan will discuss Mr. Roosevelt's article on "Americanism" which has just appeared in the Metropolitan Magazine for October. The congregation is invited to remain after the service to discuss the article and the sermon bearing on it.

In the Central Presbyterian Church on Sunday, the pastor, Rev. Minot C. Morgan, will preach at 11 a. m. on "The Tale of Zion." At 4:30 p. m., "The Holy City." Gault's Sacred Cantata will be rendered under the direction of Wm. A. Jones, A. R. C. O. By the following chorus: Miss Evelyn Eketer, Mrs. John D. Morgan, soprano; Mrs. Ed. D. Merkle, contralto; F. S. Condit, J. Adams Oakes, tenors; Ben Henry Smith, Wm. Darling, basses.

St. John's English Lutheran Church, Beechwood road and DeForest avenue. At the morning service the Rev. J. W. Knapp will preach on "Christ and the Sabbath." Sermon topic for the evening service "Choosing a King."

Christian Science services are held at 13 Beechwood road, every Sunday morning at 11 o'clock. The subject of the lesson-sermon for next Sunday is "Reality." Sunday School is held at 9:45 a. m.

HIS VICTORIES.

Written in honor of Mr. Anthony Comstock and his forty years' service as protector of the youth of this and other countries:

Hark! to the mighty chorus.
A grand, a holy song,
A nation sounds thy praises
Thy glories loud and long.
Protector of the young and fair
Thy soul it knows no fears
For God Almighty steered your bark
Through all those forty years.

Go search through all the roll of fame
The heroes of the past;
You cannot find another name
So faithful to the last.
Your gallant ship sails proudly on
Still braves the stormy sea,
And to the mast your pennant's fast
The flag of purity.

I need not tell the wondrous deeds,
The tasks you would not shrink
Through all those years of sighs and tears,
You've done the Master's work.
No trumpets sounded thy advance,
No banners gleamed and waved;
But O! the victories you've won,
The children's souls you've saved!

Fight on, thou noble conqueror
Thy sword the foe's fears,
Your name has been a beacon light
Through all these forty years.
Before the throne of God on high
Where angels do adore,
Your record in the Book of Life,
Shall shine forever more.

NOTES OF THE CITY PERSONAL MENTION

Second Registration Day, Tuesday, September 28. Personal registration of each voter required every year.

On Friday evening, October 1, White Fawn Council, I. O. R. M., will hold a progressive euchre in Odd Fellows' Hall.

J. M. Kronfeld has rented the store at 75 Union place and will open a ladies tailoring establishment on October 1st.

Miss Ida Mawson has removed to 6 DeForest avenue, where she will resume her musical season commencing October 1st.

Rev. Robert Chipman Hull, formerly pastor of the First Baptist Church here, is preaching every Sunday this month at the Richmond Hill Baptist Church.

Children's clothing, small dining-room or other tables, suitable for the store, are desired by the Co-operative Charities of Summit. Address 495 Springfield avenue.

Assessor S. R. Mullen will attend the National Encampment of the G. A. R. in Washington next Monday. On October 6th he will attend the 25th reunion of his regiment the 30th N. J. Volunteers at Somerville.

Frank J. Murray, director of Parks and Public Property of Orange, will address the first annual meeting of the West End Association this evening in the West End School. The subject will be "Commission Government," and the meeting will be open to all.

We regret to announce that on Tuesday an involuntary petition in bankruptcy was filed in the Newark branch of the United States District Court against Thomas J. Powell, grocer, of Maple street. Mr. Powell has filed a consent to be adjudicated a bankrupt. The case has been referred to Referee Atwood L. DeCoster.

Among the men playing in the senior golf tournament at the Apawamis Club, are Rollo Ogden and Francis S. Phraner, of Summit. On Tuesday Mr. Ogden won the net prize for 36 holes at 153 strokes and the best net for 18 holes, at 74. He was tied with James A. Tyng, of Brantwood, for the 18 hole gross score of 86.

Last Monday Miss Hoods' School on Irving Place reopened for the fall term. Next Tuesday Prof. Heard will open Summit Academy for the 31st Miss Potwin's School on Larch Place, will re-open on September 30th. Miss Potwin, who has been delayed somewhat in her return from Connecticut, expects to be home in a day or two.

The formal opening of Nippon Hall on Tuesday evening proved a great success. Kishiro Kanakaki, the proprietor of the establishment and his business manager, Toyonobu Domen, gave the guests a hearty welcome. The guests enjoyed dancing during the evening, music being furnished by Downey's Orchestra of Brooklyn. Tomorrow evening will be the occasion of the first of a series of Saturday night dances in Nippon Hall. The same orchestra will furnish the music.

Those who are members of the Men's Bible Study Club of the Summit Methodist Episcopal Church, and any other men who care to attend will have a rare treat next Sunday morning when the class will be taught by Prof. Robert W. Rogers, of Drew Theological Seminary. Dr. Rogers is so well known in Summit, having preached and lectured here many times, that this announcement will undoubtedly bring a large attendance to the session which starts at 10 a. m. in the lower. The doctor will give a very nice sermon.

CHASING PONY VOTES.

Interest is increasing daily in the Shetland Pony Contest, and the race the kiddies are making for the pony and other prizes is getting to be the talk of the town.

"Beauty," the pony being given by the Summit merchants, is a pure bred Shetland, registered and a blue ribbon winner at Mineola, White Plains and Stamford, where she was shown in competition with many other prize ponies. The little rubber tired cart is perfect in workmanship and style, and the child who wins it will be a very proud and happy one.

Votes must be cast at the pony headquarters, at Manser's store, every Saturday. The ballot is kept secret until the votes are all in and counted and the result announced and award made from the stage of the Lyric Theatre.

L. H. Nature League Notes.

Within the past few days annual meetings of the L. H. Nature League have been held in the schools of Belmar, Avon-by-the-sea, Bradley Beach and Bond street, Asbury Park. League Committees and chairmen of committees were appointed, and bird pictures, and League Leaflets No. 10 were distributed.

SALES AND RENTALS.

The Chester N. Jones' house, No. 10 DeForest avenue, has been rented to E. N. Ross, of Morristown for a term of years. Mr. Jones and his family will remove from Summit to Newark next week. Their many friends here hope that their absence from Summit will be only temporary. The plot on the east side of Fernwood road, owned by Mrs. A. N. Lewis, of Pasadena, Cal., has been sold to F. J. T. Stewart, of New York City, who is having plans prepared for a modern house to be erected during the fall and winter. Mr. Stewart is well known in Summit, where he has spent several summers, and during the past summer occupied the W. F. Russell house on Fernwood road.

The above rentals were made by Eugene C. Pierson. Former State Senator S. S. Childs, has rented through Eugene Jobs, the house of Mr. C. H. C. Jagels, 177 Summit avenue, which Mr. Jagels occupied previous to the building of his new home on Hillcrest. Senator Childs will close his big place at Bernardville for the winter, and move his family here next week. The Senator's daughter is attending Kent Place School.

J. B. Coggeshall has begun the erection of a one-story brick building at the corner of Park avenue and Orchard street for the use of the Great Atlantic & Pacific Tea Co., which concern will open another branch store there as soon as the construction is completed. The building will be 20 ft. x 45 ft. It is hoped to have the structure ready by November 20th. E. C. Holmes Agency negotiated the deal.

The Chas. D. Ferry house on Summit avenue has been rented by Chester H. Lane, of Far Hills, who will take possession on November 1st. The rental was made by E. C. Holmes.

Robert J. Murphy has made the following rentals: Jas. G. Owens' house, 49 Overlook road, to Fred F. Quinby, of Avon, a member of the firm of Auchincloss Bros., phosphate manufacturers and exporters; Mrs. Helms house, 19 Baltusrol road, to Karl Vaupel, of the American Steamship Co.; one of the Griffin apartments on Glenwood place to Arthur White, of East Orange.

First Football Game To-morrow.

To-morrow at 3.30 on the Tulip street ground the High School football game will open its schedule by playing the Bernardville High School team. The line-up for Summit will be: Reece, c.; Christie, r. g.; Fackler, r. t.; Caldwell, r. e.; Swenson, l. g.; Kahn, l. t.; Waterbury, l. e.; Graydon, q. b.; Howard, f. b.; Jagels, r. b.; Austin, l. b. The management promises a novelty in the mascot as well as a good game.

ATTRACTIONS AT THE LYRIC.

Excellent Programs Every Day Next Week—New Travel Series.

Monday, September 27th, the exquisite stage star, Valli Valli, will be seen in Mrs. Fiske's greatest success, "The High Road," by Edgar Sheldon. This is the third of the famous "Metro" pictures to be shown in this house. Other features.

Tuesday, September 28th, number two of the new Paramount, South American Travel Series will be shown. These pictures will be shown every Tuesday in addition to the regular program.

Wednesday, September 29th, another big vaudeville program will be given together with photo plays. Thursday's seven-reel program will include the latest Hearst-Selig war pictures.

"The Island of Regeneration." On Friday, October 1st, this great story from the pen of Reverend Cyrus Townsend Brady will be seen in six wonderful reels of film. This production made by the Vitagraph Company is the biggest real "hit" since "Nephtune's Daughter" and the masterpiece of the Vitagraph Company. Edith Storey in the star part and the entire supporting company do wonderful work. The big scenes including the fire at sea, the earthquake, the attempted rescue, and the arrival of the United States cruiser, the return to civilization, and many others are the "last word in realism." Seats for this production are all reserved, and now on sale at Box Office, as advertised in another column.

Saturday, the fifteenth and last chapter of "The Goddess" will be given on an all feature program.

Miss D. Haas will on Monday remove from the Melrose to 6 DeForest avenue. Telephone 210-W-Adv.

The HERALD has the largest circulation of any publication circulated or published in Summit.

OPEN HOUSE, FRIDAY OCT. 1.

Open house will be observed at the Young Men's Christian Association on Friday evening, October 1st, the occasion being the Annual Fall Reception and Entertainment.

Throughout the evening the entire building will be open for inspection. The Association orchestra will render a musical program, one number of which has been composed especially for this occasion by Mr. Sydney Thomson. During the evening there will be an exhibition of gymnast work by the junior members of the Association and the program will conclude with an entertainment by the Phonograph City Trio, Musicians and Humorists. This will be the first appearance of these entertainers in Summit and as they have a reputation for never failing to entertain, some real "live features" may be expected. Refreshments will be served by the Women's Auxiliary and everybody is invited.

There will be no admission fee and both ladies and gentlemen will be welcome.

Opening Meeting, Women's Auxiliary of the Y. M. C. A.

Next Monday, at 3.30 p. m. the first business meeting of the Women's Auxiliary of the Y. M. C. A. will be held in the Ladies' Parlors of the Y. M. C. A. building. After a season of rest and refreshing, the organization once more eagerly resumes its part in the great work done by the Y. M. C. A. for the men and boys of our city. In order that the Auxiliary render a greater service in the future, the hearty cooperation and support of every member is a necessity. Each member can give encouragement and inspiration by her presence at the regular monthly business meetings. It is earnestly urged that the opening meeting of the new season of activity, so fraught with opportunity for service for our men and boys, will be attended by every member of the Auxiliary.

SUFFRAGE MASS MEETING.

The Mass Meeting to be held at the Summit Opera House, Boulevard and Springfield avenue, on next Monday evening will be addressed by Mrs. Beatrice Forbes-Robertson Hale. Seats in the gallery are free, all other seats are reserved.

Whether it is as writer, lecturer, actress from a family of actors whose names are those to conjure with, or whether it is as wife and mother, Mrs. Hale has attained wide prominence. She is herself, an English suffragist of the non-militant type for all that lover of America. She found, she says, that she would rather marry under the laws of America than under those of England, and so five or six years ago she married Swinburn Hale, the son of Professor Hale, of the Classical Department of Chicago University.

She is quoted as saying that a "healthy, intelligent woman may do two things, she may make a home and she may make a career, although she may not do three things and be a society woman also." In spite of this limitation, it seems as if Mrs. Hale has done more than two things well. She has made for herself a reputation as an actress. As the daughter of Ian Robertson and the niece of Forbes-Robertson, in whose company she played, her native gifts were naturally brought to great perfection of art. All this splendid training of voice and manner has made Mrs. Hale one of the choice speakers on the lecture platform. She is probably among the most sought-after suffrage speakers now in the field.

Mrs. Hale has also become an author with great success. "What Women Want," her latest book, is one which has had a wide circulation.

Police Court Cases.

Charged by Mayor Bergen with having violated the excise ordinance by selling beer without a license, Giuseppe Pizzuti, of 123 Park avenue, is to be given a hearing before Justice Hicks on Saturday, October 2. Mayor Bergen with Chief Brown called on Pizzuti Saturday, September 11, to notify him to close his grocery store on Sundays. During the visit it is alleged they saw two Italians served with bottled beer.

On Monday, Frank Coporas, twenty-nine years old, was fined \$10 by Justice Hicks for discharging a revolver in Morris avenue Sunday night, and was placed under \$500 bond to await grand jury action on a charge of carrying a concealed weapon.

John Donnelly, an old soldier from Millburn, spent two nights in the local jail and yesterday morning was fined ten days in the county jail, by Justice Hicks.

on trial beside a package of any other corn flakes on the market. The jury will bring in a verdict of "guilty"—guilty of being the finest corn flakes ever made.

The New Post Toasties are crisp and appetizing, with a true corn flavour; and they don't mush down when milk or cream is added.

But here's the real test. Take a handful, fresh from the package, and eat them without cream or milk. Mighty good, aren't they?

Notice the little "puffs" on each flake—a distinguishing characteristic—resulting from the new method of cooking and toasting, which also brings out and enhances the wonderful, true corn flavour.

Your Grocer has the New Post Toasties. Try them and bring in your verdict—

CHURCH ACTIVITY.

The East Summit Methodists Plan an Active Season.

Last Saturday evening the District Superintendent, Dr. George G. Vogel of Newark, conducted the Quarterly Conference of the East Summit Methodist Episcopal Church, and at the close of the session the pastor, Rev. J. Adams Oakes, presented in outline an interesting and strenuous program for the church to follow during the months remaining before Conference time in March. The first item on the list was a declaration for an increase in membership of not less than fifty per cent. or about ninety people. To this end the pastor suggested the slogan, "Every eligible person approached and invited to attend and join the church." Two years ago a partial survey of East Summit was made for the purpose of enlisting sympathizers in the organization of the new church. A new and much more thorough survey or church census is to be undertaken this season.

Along spiritual lines there are four interlocking organizations to be promoted. The Prayer League will seek to enlist those who will determine to pray daily for the enlarged usefulness of the church and its members in the uplift of the community, and in the advancement of the Kingdom of Christ in the earth. The Time Legion will consist of those who will promise to give at least two hours each month to direct personal evangelism. The Pocket Testament League will enroll those who will make it the rule of their lives to carry a Testament at all times and to read a portion of Scripture daily. The Win-One Circle will be made up of those who will covenant to try to win at least one individual to Christ before spring.

Evangelism occupies a large place in the program in addition to the above. The pastor aims at Every-Sunday-Evangelism, and then plans special efforts in addition. November 7-14 is to be observed as Win-My-Church Week, January 3-9 as a Week of Prayer, and February 27-March 12 will be reserved for meetings of the "protracted" variety. Christmas Sunday, December 19, will be a Day of Self-Giving, and January 2 will be observed as Go-To-Church Sunday. Wednesday, October 27, will be the occasion of a Family Gathering, when the East Summit Prayer Meeting will attend the Prayer Meeting of the Parent Church in a body on the occasion of the visit of the District Superintendent, and Wednesday, November 17, will be Go-To-Prayer-Meeting Night. Watch Night will be observed December 31, and the Day of Prayer for Colleges February 10. Special Prayer Meetings under the leadership severally of the Official Board, the Ladies Aid, the Epworth League, and the Sunday School, will be featured, and a special Life Work Service will be held on February 6, with the definite purpose of securing at least one young person to dedicate a life to Christian Service.

A comprehensive social program is being outlined, consisting of monthly Business Parties by the Epworth League, Church Suppers under the supervision of the Ladies Aid, and an Entertainment Course of five popular numbers.

Perhaps the most interesting item to some was that adopted calling for "A Definite Building Program Outlined and Begun," having in mind the idea that by spring there should be plans for a new church edifice to replace the now overcrowded structure.

SPLENDID PROGRESS.

National Security League Making Headway Here.

The Summit Branch of the National Security League added a round dozen members to its list this week making a total of an even 150. The new members are: W. E. Gude, F. Walter Lawrence, C. H. Grant, S. B. Hopkins, A. B. Kolyer, D. L. Haigh, H. H. Holly, A. T. Lamb, H. L. Marsh, Wm. K. Wallbridge, J. Wm. Johnson, and N. Tyler, Jr.

The American Chamber of Commerce in Paris heartily endorses the League's work in a letter signed by its president. The resolutions adopted by the body are in part as follows: "Resolved, That the American Chamber of Commerce in Paris, express its conviction that the question of national defense is of the highest importance to the United States, and that while adequate military strength does not imply endorsement of militarism, its lack exposes our country to the risk of affront, and even invites attack, and be it further

"Resolved, That the Chamber consider it a patriotic duty to express its conviction that danger lies in disregarding our national defense, and to urge the prompt adoption of such measures as will increase the effectiveness of the Army and Navy of the United States, and render them in every way equal to the task which circumstances may require them to perform, to the end that the territorial integrity of the United States may be preserved, the rights of American citizens safeguarded and the name and honor of our country respected everywhere."

Prudential Policyholders to Select Directors.

As a result of the mutualization of The Prudential Insurance Company of America on December 31, next the millions of Prudential Policyholders will be privileged for the first time to select the company's directors. The meeting will be held at the Home Office of the Company, Newark, N. J., and the personal or proxy vote of each policyholder is earnestly solicited and urged by President Forrest F. Dryden.

The policyholders as the owners of substantially all of the company's stock are represented by a trustee, Hon. Austin Colgate, who will be required to vote the policyholders' stock in accordance with the selection made at the policyholders' meeting at the same place on January 10, 1916. By the policyholders' purchase of the Prudential stock the power to se-

lect directors is placed directly in their hands and they therefore now own and control the big institution and will all so share to the full in its profits.

MANY MATTERS BEFORE COUNCIL

(Continued from Page One.)

southerly. The Clerk requested a conference with a committee from the Council in order to establish the grade on that street before these mains are laid as that street is the dividing line between the two municipalities. The matter was referred to the Street Committee and Engineer.

A number of business men on Maple street petitioned the Council for additional street lighting on Maple street between the railroad bridge and Springfield avenue, suggesting that the new lights be similar in size to those now located at each end of this street. The matter was referred to the Water and Light Committee. Aubrey street property owners also petitioned for an additional street light which request took the same course.

Permission was given to the Street Committee to expend a sum not exceeding \$80 for the repairing of the curb and gutter in front of the high school building, Mr. White having reported that the estimate of J. J. McGrath on the cost of this work was \$76.44.

For the Finance Committee, Mr. Corbin introduced a resolution providing for the addition of \$441.32 to the city budget as a contingent fund in order to complete the amount which, on the assessed valuation for this year, will be raised at the tax rate of \$2.11 fixed by the county board. Mr. Corbin stated that the Council had expected to be able to keep the tax rate down to at least within one point of last year's rate which was \$2.08, but that there had been an increase in the local school budget and that the State school tax was considerably increased and owing to these conditions it had been impossible to keep the rate down.

On resolution of Mr. Corbin, \$4,000 was authorized to be borrowed from the Summit Trust Co. in anticipation of taxes.

The Street Committee was given power to purchase at a cost not to exceed \$500 a second hand sprinkling cart with power pump attachment for the distribution of road oils; and also to purchase 10,000 gallons Tarvis B at 6½ cents, and 4,800 gallons Tarvis X at 12 cents, applied.

In regard to the letter from Mr. McKee presented at the last meeting of the Council, complaining of the drainage condition on Whittridge place beyond Hobart avenue, Gen. Knight restated the propositions which Mr. McKee had suggested to the Council. The General then stated that this case was not exceptional where private parties had opened roads such as Whittridge place with only temporary provision for surface drainage. In this case the General thought permission might be obtained to construct the culvert crossing Whittridge

place and discharging into the gutter on Dogwood Drive. Should the culvert be built the city might assist by furnishing copper plates facilitating the cleaning and might have the engineer plan and supervise the work. The property owners, should however, contract for the erection of the culvert.

On the West Summit sewer work the General had read to the Council the detailed report by the City Engineer of the progress to date. This work altogether has cost about \$4,650. This represents about \$910 spent for sewer cleaning and about \$3,740 spent for sewer repairs. Included in this total amount is the cost of the equipment and tools now in use which have a value of approximately \$1,300. Gen. Knight called attention to the fact that a good part of this material can be returned after the work is completed and a large proportion of this cost returned to the city. The Engineer stated that the cost of the work had far exceeded his estimate owing to the difficulties unforeseen. It has been necessary to handle the material excavated several times because of the crowded conditions around the work. Every storm results in a new deposit of quick sand and at frequent intervals in dry weather an eruption occurs so that the material handled has been much in excess of that estimated. It has also been very difficult to keep the sewer open during this work.

The Engineer enclosed a copy of a letter received from the Board of Health. It seems that the sewer cleaning gang had carelessly left a plug out of the sub-drain running in to the brook which is only kept open when pumping sand and clear water alone. The Engineer recommended the employment of a reliable man on the sewer gang.

In regard to the complaint made by Mrs. Walsh, whose property lays just east of the sewer trench and who objects to the use of the lot and also objects to the odor from the sewer, the Engineer stated that he had tried to keep the condition of the sewer excavation as good as possible by using a deodorizing disinfectant recommended by the Board of Health; the officers of that board had visited the work several times and been satisfied. It will be difficult the Engineer says, to avoid continuing to use Mrs. Walsh's property until the material can be put back into the trench because the road is so narrow and they do not wish to disturb the New Providence portion of it.

On motion of Mr. Doremus, \$10 was appropriated to purchase a new flag for the city hall. The election of R. M. Collins to Union Hose Co. was confirmed. Taxicab licenses were granted to G. W. Gross, A. W. Evroost and Robert Burrell. Pool table licenses were granted at 514 and 516 Morris avenue.

Mr. White reported on the matter of the curb at Lincoln and Morris avenues, complained of by Daniel Fitzpatrick, that the city had already done more than its share in caring for the drainage water in that section and that to raise this curb any higher

would be to make access to Lincoln avenue almost impossible.

The attention of the Council was called to the electric light wires on Park avenue not being properly insulated under the bridge by Carl Wolff; and the matter was referred to the Water and Light Committee.

TREES AND MODERN CONDITIONS.

After the war is over and manhood, or the physically able part thereof, has returned to its accustomed vocations, the traces of this huge collision will slowly yet surely be effaced, as of old. Now structures, buildings in general, churches, bridges, railroads, streets will take the place of those now shattered and a few years will see the renaissance of what was. But there will be what, perhaps, at first sight appears to be a vague sort of bareness, something lacking, an essential element in the make-up of the city or countryside as it were, for the axe has been all too busy this twelve month. The trees of the war zones have been ruthlessly sacrificed and will take many a long year to replace. It has been stated that France, after the war of 1870-71 replaced her material losses within a year, but there were trees destroyed at that time whose successors were they even planted immediately have yet to reach their prime. This is a most important fact and one which should claim serious consideration. The one element in the composition of a tree that cannot be forced is time and for this reason the utmost care should be taken by those who are so fortunate as to possess trees to preserve them intact. A home, for instance, frequently depends upon its encircling trees for its attractiveness, and the loss of one or more will most vitally affect its value financially as well as aesthetically. Living, as so many of these trees are in the unnatural conditions which modern-day existence forces upon them they become peculiarly prey to the onslaughts both of weather and of organic enemies.

Speaking more generally, the need for the preservation of timber, which has been impressed so much upon the world during the past few years, bringing its Arbor Days into existence, has become a matter of the most potent import by reason of the demands of the European conflict. And the time is coming when the fortunate possessor of a large oak or pine will be regarded with somewhat of the same respect as he who to-day owns one of the rarer orchids.

Annual Meeting New Jersey Audubon Society.

The fifth annual meeting of the New Jersey Audubon Society will be held in Newark, October 5, 1915. The business session will be held in the Free Public Library Building, Room 2, second floor, at 4 p. m. Owing to shortage of funds and small previous attendance, the public session will be omitted, but the business session will be open to the public and those interested are cordially invited to attend.

New Jersey's Oldest, Largest and Most Reliable
Furniture House

A Furniture Story that Should Appeal to You

A LITTLE OVER 58 years ago Mr. John Mullins laid the foundation of the present great furniture business which bears his name.

Commencing in a humble way, with a very small store, the Mullins furniture business has grown year after year. Long ago it forged to the front as New Jersey's leading furniture house and has always maintained its supremacy.

The purpose of this announcement is really to tell you why we are the leading furniture house in New Jersey.

From the beginning, we determined to give BETTER VALUES than other stores. We made a specialty of buying GOOD, RELIABLE furniture only, and disposing of it at low prices. We always welcome comparison of prices and merchandise.

Every piece of furniture in our seven floors and warehouse will pass rigid examination—guaranteed perfect or is not offered for sale.

Our system of credit and arranging terms of payment has always met with approval.

We point proudly to the fact that we have furnished more homes than any furniture house in New Jersey.

We will be delighted to furnish yours.

National Gas Lighting Week Offers Chance to Save Money.

National Gas Lighting Week will be observed by all the leading Gas Companies of the country from September 27 to October 2.

The idea is to direct public attention to the remarkable advances made in the art of gas lighting.

Clover Design Semi-Indirect Fixtures and the wonderful C. E-Z lights are the very latest and very highest development of the gas lighting art.

We are going to feature these fixtures and these lights during National Gas Lighting Week.

To draw attention to these fixtures in a practical way, we will cut the price of them twenty per cent. during National Gas Lighting Week. This is a bona-fide reduction and will hold good for the week only.

For the benefit of other consumers we will also allow a reduction of twenty per cent. on domes, on reading lamps and on our staple line of fixtures, sold during the same week.

On Humphrey inverted arc lamps and on large Reflex lamps used in stores, halls, offices and factories, we will reduce the price ten per cent. on all orders filled during National Gas Lighting Week.

For those who want mantles, we will sell four Reflex mantles for 50 cents. These mantles retail for 15 cents apiece.

We urge you to see the C. E-Z light. It is something new. It is different from all other gas lights. We think it is the best yet produced.

We are making special prices on the C. E-Z lights. We will put one in your home complete, ready to light for \$1.40; two at \$1.35 each; three or more at \$1.30 each.

Nearly every home needs something in the way of lighting facilities at this season of the year.

Supply YOUR wants during National Gas Lighting Week and get the advantage of reduced prices. Also the advantage of partial payments, if you desire.

Footwear, and all the Accessories of the
Wardrobe.

The most approved styles as created for the Autumn season by the foremost designers and artists in women's dress—those who are looked to as the true arbiters of fashion.

A REMARKABLE MILLINERY DISPLAY.

Pattern Hats, Copies and Adaptations Typifying Every Phase of the New Styles for fall - 5.00 to 65.00

An exposition brilliant with stunning fashions and sparkling with originality, art and distinctiveness. The assemblage is truly noteworthy—in extent and loveliness—in the comprehensiveness of the showing—in the correctness of the creations that are on display. Unquestionably the foremost showing in the State of New Jersey.

This is a season of broad range of styles. The Directoire, Phillippe and Second Empire Period Style, which indicates the predominance of the medium and high crown, the turned side effects; the rolling trim hats, so characteristic of the sailor ideas, are also much in evidence; Colonial or Marquise, the old quaint three and four-cornered hats are also in vogue.
