## Overlook Discusses Future Problems in Event of Emergency

At the annual meeting of the Women's Auxiliary of Overlook Hospital, numbering 410 members, held Monday afternoon at the Nurses' Home, reports from various chairmen described hundreds of dozens of linens provided for the hospital's use as well as thousands of surgical dressings made by various groups, as part of the service of the Auxiliary to the hospital. All the officers were re-elected for another year.

Miss Wilkie Hughes, R. N., general secretary of the New Jersey State Nurses' Association, was the speaker. She emphasized that need for preparedness on all sides. Every community must now face the need to be ready for any emergency and each must work out its own solution of all sorts of problems from the defense program and otherwise. This is true of the nursing profession.

Much is being said, Miss Hughes declared, about the shortage of nurses, and the preparedness program is being given as the reason. She emphasized that the Red Cross is the only volunteer agency authorized by Congress to act in time of emergency. So far, the Red Cross has taken only thirty-two nurses from New Jersey.

Statistics show registration of nurses has increased 60, where communities and hospitals face a shortage; there must be some other and perhaps more fundamental reason.

She cited four necessary branches of nursing—public health, private duty, institutional and educational. She emphasized that nursing procedures today require more time than previously.

On January 1, 1935, according to the Hospital Council Bulletin, there were 75,000 subscribers to group hospitalization; in January, 1939, there were 2,900,000. These figures speak for themselves, she said.

Nurses are taking an increasingly important part in every community numerically and professionally, Miss Hughes concluded. Preparedness for war or defense is an additional responsibility to which they are responding.

Mrs. Arthur Welch, president, summing up the year's work, stressed the need for increasing ways and means if the Auxiliary is to continue to furnish linens for the increasing needs of Overlook Hospital as it has done for so many years. Mrs. R. Cecil Hogan, treasurer, also emphasized the need for larger income.

Among reports of committees, Mrs. R. I. D. Nicoll, chairman of the linen committee, reported purchase of \$3,606.88 in linens for the hospital. Items included 60 dozen each of sheets and pillow cases; 100 dozen wash cloths; 69 dozen tray cloths; 1,000 yards of flannel and 2,504 yards of unbleached muslin. She said the hospital currently has 1,150 sheets and 500 spreads in circulation.

In charge of Auxiliary sewing, Mrs. L. W. Gilliland reported 7,421 pieces made by eighteen service groups. Reporting for Calvary Service Chapter, Mrs. H. L. Brett said 85,538 surgical dressings were made during last year by her group.

Mrs. Stuart Walker, of the house committee, reported many articles and furnishings purchased and repaired for the hospital.

The Book Cart, directed by Mrs. Frederick Lamm, III, loaned 1,222 books to patients. The committee's eight regular and two substitute volunteer workers spent over 400 hours at the hospital in this work.

Mrs. J. M. Porter, in charge of books and magazines, made an appeal for a new supply of magazines. A new shelf for children's books and games has proven popular.

The Volunteer Aid Committee, reported by Mrs. Dwight Ketchum, has 41 members who have done volunteer aid work at the hospital throughout the year. A new system of visitors' cards, installed by Louise Putnam, superintendent, has facilitated this service.

The Ways and Means Committee, with Mrs. Paul Gadebusch, Sr., chairman, cleared \$1,872.80 at the annual card party in October with 93 tables in play.

Publicity, handled by Mrs. H. M. Foster, furnished 60 articles and notices to various newspapers.

Mrs. Horace Bromfield, chairman of membership, reported 410 paid memberships, an increase of 59 new members over last year.

The Tea Room, reported by Mrs. Nicoll, who since March 1st, has succeeded Miss Lydia Martin as chairman, has served between 1,200 and 1,500 persons a month and has been of great value to the hospital.

Chairman of the tea was Mrs. Joshua Ward. Mrs. R. I. D. Nicoll and Mrs. Louis Putnam, wife of the new superintendent, poured. Spring flowers and corsages were donated by Coddington, The Rose Shop, and Stahl's.

Officers re-elected for the coming year are: Mrs. Arthur D. Welch.

## Legion Diners Are Told by Com. Wyckoff "The Navy Is Ready"

Commander Aubrey L. Wyckoff of the United States Navy, assigned to the Communications Division of the 3rd Naval District, with offices in New York, and a resident of Summit, in the role of guest speaker Wednesday night at the annual Past Commanders' dinner of the American Legion, Summit Post No. 138, in the Legion home, told the Legionnaires and their many guests "that the navy is not only ready but is prepared in as far as has been humanly possible." His topic was "The Navy Is Ready."

In continuing his address, Commander Wyckoff spoke in part as follows: "You may rest assured that if the navy had to face an enemy it would give the same good account of itself that it has given in every war and naval engagement since our country was founded. It must be remembered that in war there is no second best. It is either victory or defeat and there can be no modification of either."

**Praises Naval Ensign Training**

"Last August and September I was privileged to make a cruise to the Canal Zone on the U. S. New York with 600 hundred probationary ensigns. It was extremely interesting to see their reaction to navy life. Many of these men had never been away from home to any extent and never were required to show the stuff they were made of or to assert their individual character. We had them in the classroom the major part of the day. They scrubbed decks, polished bright work, stood watch with regular naval officers, had their chow with the regular crew and

## Noted Subscriber

"The Summit Herald" was very much pleased to add State Senator Lorraine of Union County, to its long list of distinguished subscribers. With the check came a very nice letter which included these remarks:

"I have noticed with particular interest your column 'What We Intend' and cannot help but feel that you have the background and experience to carry out your intentions. I congratulate and wish for you both every success in your new acquisition. I am sure that through this subscription the means may be afforded me to keep a closer contact with the aims and desires of your community."

## United Youth Group To Hear Rabbi Jung

Ushering in the third in the series of four Summit United Meetings being held with great success by many local youth groups and organizations, will be Rabbi Leo Jung, author, educator, lecturer, and outstanding Jewish leader of New York City, who speaks this Sunday evening, March 23, at 7 o'clock, in the Y. M. C. A.

Rabbi Jung comes to Summit with a very impressive record. He was educated in Berlin at the University of Vienna, and in England at Cambridge, later receiving his doctor's degree at the University of London. He is professor of ethics at Yeshiva College, editor of The Jewish Library, and author of many books on religion. Among his many honors, this popular speaker before youth groups is listed as vice-president of the well-known Institute of Family Relations.

In a world of conflicting interests, it is heartening to see what Summit's young people are accomplishing at this series of Sunday evening meetings. And, though they come from many different church and lay groups, their united efforts account for much of the success of the meetings which to-date have attracted the interest of several hundred young people and adults of the community.

In addition to planning and carrying out the many numerous details involved, a student leader presides at each meeting, young people from the High School Music Department furnish instrumental and choral music, and young men from the various groups do the ushering.

This Sunday, Lloyd Conover, president of the Charles R. Scott Hi-Y Club, will preside, and members of the club, playing host to the meeting, will usher.

Selected members of the High School orchestra are expected to play for the singing of the hymns and the High School Clarinet Quartet, with Dean Voegtlin directing, will render the final movement of "Alabama Sketches" by Cohen.

## Local Florists Win At Flower Show

At the 28th International Flower Show which opened Monday at the Grand Central Palace in New York found a floral debutante, a white cattleya orchid that won a gold medal as the most meritorious orchid plant. Of the species Doulai Alba, the flower is pure white with a golden throat and was developed by Lager & Hurrell of Summit, world famous orchid growers.

Among other winners so far judged, who come from this area, are the following private growers: A first to Mrs. Charles H. Stout of Short Hills for Anemone, an exhibit of 25 flowers in blue shades.

Commercial growers (cut roses): Autumn, a first to L. B. Coddington Co., of Murray Hill, also a second for Briarcliff; a third for Pink Delight, and a third for a disseminated variety.

Other awards will be announced at a later date.

## Short Hills Man Quits "Temporary Job" He Held for Forty-six Years

Ralph W. Hyatt, associate general solicitor of the Prudential Insurance Company and well known in this area, will relinquish his post March 28 and bring to an end a "temporary" job which has lasted 46 years.

Mr. Hyatt has been in the company's old main building, at Broad and Bank streets, Newark, almost since the day it was built. Though he didn't know it when he started work March 4, 1895, the Prudential was to be his only employer.

"I had graduated from Columbia University law school and I was admitted to the New York bar in November, 1894," Mr. Hyatt recalled recently. "When I came into the company I was looking around for an opening with a New York law firm."

"Though I had a number of letters of introduction I found that as a result of the panic of 1893-94, lawyers were reducing their staffs rather than taking on new men. A friend of mine worked for the Prudential and found a job for me here as a stop-gap."

"I worked in a division for three months. Then I was placed in charge of the law library. Edgar B. Ward, second vice-president and general counsel, was a neighbor of ours on High street. He arranged the shift."

"About that time Mr. Ward's brother, Dr. Leslie D. Ward, who was also a vice-president and head of the medical department, asked me if I considered my job with the company just a temporary affair or whether I was considering making it my career."

"If you want a steady job you had better stay in the division," he advised me. "The company hasn't much legal work and never will."

The Prudential's law department has 242 employees today.

Even Mr. Hyatt's choice of the law as a study was brought about in an unusual way. As the son of the late John W. Hyatt inventor

## BOOTS IS TWELVE

David Zenker, 74 Blackburn road, took this picture of his cat Boots. David is one of our new photographers. Boots is twelve and so is David—but David says that one year in the life of a cat is equivalent to seven years in the life of a man, so that Boots is really about 84. Boots eats and sleeps most of the time. He was born in Philadelphia. Some one told us there is a 20-year-old cat in Summit, but the rumor has not yet been confirmed.

## OUR TOWN

### DEFENDING SUMMIT AGAINST WHAT?

At the request of the Governor, the Mayor of Summit appointed a Summit Defense Council.

Very soon now the Summit Defense Council is going to every resident of Summit requesting information. Every resident will receive a questionnaire and be asked to fill it out and return it as promptly as possible to the Summit Defense Council.

This inquiry is a city-wide inventory of talents, training and materials. It is a confidential inventory. It is made now, not because there is any immediate danger, but because any community inventory, and any effort to organize a whole city takes weeks and months. The time to lay the groundwork is long before any kind of emergency exists—always in the hope that it will never be needed.

In general the Summit Defense Council is responsible for problems of an auxiliary police character. Some of the questions asked are whether you have a car, truck, station wagon or motorcycle—or can repair such equipment—whether you own a plane, rifle or pistol—or are experienced in their use. Other questions deal with your talents, experience, and special abilities—whether for example you have some skill in radio, woodworking, marksmanship, cooking, flying, first aid, practical nursing, etc.

We have said that this is roughly an auxiliary police responsibility in order to distinguish the Defense Council from its associate the Defense Service Council which is responsible for problems of welfare, consumer activities, morale, recreation and similar questions.

It seems to us desirable to talk about these things now—some time before you get the questionnaire—because it is important that you understand the need and co-operate with the Defense Council promptly and completely—beginning by filling in and returning the questionnaire when you do receive it (probably early next month).

You should understand, by the way, that this is a Summit undertaking—that the questionnaires will be held here in Summit and will be accessible only to the defense organizations in Summit. This is a community undertaking—a local responsibility, obligation and need.

Now, let's answer the question: What are we protecting Summit against?

At the moment there is no impending emergency. No one seriously entertains the notion that enemy troops are soon going to land on our shores or that all of us will be shooting at enemies dropping from parachutes. But war, or a condition of non-belligerent neutrality, creates hazards at home. There is the danger of sabotage. There are the problems which arise when a million young men are called away from their homes. There is the problem of replacing men and women who can be of greater use elsewhere. There is the problem of maintaining an effective civilian social organization during any period of strain.

More than that there is the problem of reorganizing some consumer habits. In order that more of certain things may be quickly available to our own national defense organization and to the defenders of free government abroad it may be important that we unite voluntarily as consumers in a Democracy and alter some of our normal consumption habits.

And of course there is the basic problem of publicity—in order that all of us may know what it is that we should do gladly and willingly to help our own country and our friends in other countries.

The fact that there is no emergency that we can clearly define is very far from an argument against waiting until the emergency has shown itself. On the contrary we should get problems, of which an inventory of equipment and talents is the most important.

We in America believe that totalitarianism and dictatorship are a vastly over-rated system. We believe that free people in a Democracy can out-organize iron-clad dictatorships. We are starting out to prove our case.

If you share this faith in Democracy, use your privileges promptly. Prepare to answer the questionnaire when it comes to you about two weeks from now.

Mr. and Mrs. Leon J. Sourin of Sanuel A. Briggs, Jr., a senior at Rutgers University, and Leonard C. Briggs, a sophomore, will be home this week for their spring vacation with their parents, Mr. and Mrs. S. A. Briggs of 6 Irving place.

## J. W. Clift Commended

"At this first meeting of the Old Guard since announcement was made of the retirement of John W. Clift as editor and proprietor of 'The Summit Herald', the Old Guard joins with the host of those far and wide who are acclaiming his remarkable career in Journalism, and places on record its renewed appreciation of the fellowship of this honored and devoted member of our organization."

"From the beginning Mr. Clift has manifested a deep interest in the Old Guard movement, and 'The Summit Herald' under his director has been an unflinching medium through which the Summit community has been kept acquainted with the activities of the organization. He has served on important committees, has been a member of unflinching devotion, and is esteemed by all as one of the steadily shining stars of the Old Guard's galaxy of octogenarians."

"His comrades of the Old Guard look forward with deep gratification to further years of association with him in the goodly fellowship already so long enjoyed."

The above statement was unanimously approved at the Tuesday, March 18 meeting of the Old Guard.

## Ten Trainees Left This Morning

Ten trainees, comprising the seventh contingent of men called by Selective Service Board No. 1 serving Summit, New Providence Borough and Township, assembled this morning about 7:30 at City Hall for a brief send-off ceremony before going to the 113th Infantry Armory in Newark for induction prior to going later in the day to Fort Dix for processing.

Eight of the ten men, who left this morning are from Summit, to wit: Blair Anderson, 49 Morris avenue; Ernest Sofie, 506 Morris avenue; Frederick Acheson, 290 Morris avenue; Arthur Sobilo, 16 Lafayette place; Wilbur Beale, 8 Oakland place; Alpheus W. Fletcher, 40 Glenwood place; Naverne P. Rhodeman, 52 Park avenue; and James A. Hudgins of Orchard street. The other two men are Joseph P. Lydon of Totteville, S. I., formerly of Summit and Dominic Parlapiano, South street, New Providence.

## Short One Man for Call

While eleven men were requested for this morning's call, the board was only able to supply ten. The reason given is that a Negro was required and since the number for one "did not come up" at this time, it was impossible to fill the call for boards are not allowed to skip numbers.

Because one or more of the men named above may not be inducted this morning at the induction station, the following men, all from Summit, have been named as replacements: John W. Wright, Edward J. Parfando, Robert B. Heinkel, Charles B. Suedeker and Calder P. Sinclair.

## Mayor's Committee Attends Welfare Council

Members of the Mayor's Committee on Youth Welfare and other Summit citizens attended the annual meeting of the Union County Welfare Council on Tuesday evening, March 18th, in the District Court Room, Court House, Elizabeth. The County Welfare Council organized several years ago and bringing together all community groups concerned with youth welfare has its purpose "to combat the influences on youth which lead to crime by organizing society to a need for concerted action for the protection of youth from evil influences. To educate the citizenry to its responsibility for youth, to facilitate exchange ideas among local councils, to hold conferences for the education of its members, and to stimulate the organization of local councils."

A. Stuart Reed, chairman of the Summit Youth Welfare Council, reported on the work in Summit, calling upon representatives from the three major committees of the local organization for their respective reports. Miss Grace Jones of the Program Committee, Miss Nora Way for the Case Conference Committee, and Holmes A. Cliver for the Guidance Committee.

Others attending from Summit were Chief Michael Finerman, Mr. and Mrs. A. C. Bernard, the latter being a member of the Organization Committee of the County Youth Welfare Council. Dr. Phyllis Schaefer and Officer Earl Lovely.

## Annual Silver Tea By Legion Auxiliary

## Dog Lovers Flock to Common Council To Argue Against Quarantine Proposals; High School Senior Praised for Patience

### NEW POLICE ORDINANCE INTRODUCED

Had Summit dogs been able to attend the Tuesday night session of Common Council they would have learned of the many friends they have ranging all the way from the Animal Welfare League to many interested individuals, a number of whom attended and some of whom sent telegrams and letters in their behalf.

All of the interest was stirred by a recommendation received from the Board of Health proposing that the supervision of dogs within the city be placed more directly in the police department supplemented by an official dog catcher appointed from among local citizens. He would be paid a small salary plus some slight fees gained from the number of dogs apprehended. The Health Board suggestion also would have all dogs that would be picked up by the police placed in quarantine for a period not to exceed five days, during which time the dog could be redeemed by the owner on the payment of a small fine. It would also be the duty of the police to report all dogs running loose to the dog catcher, while all stray dogs would be destroyed.

## Lester Seeks Local Man for School Post

President of Common Council Maxwell Lester, Jr., in a letter Wednesday to the Board of Education urged the selection of one of the school's present personnel as successor to Superintendent of Schools John B. Dougal, who resigned his post last year to accept an appointment with the State Department of Public Instruction. Mr. Lester's letter follows:

Board of Education, Hamilton School, Summit, N. J.

Gentlemen:—Realizing the time is rapidly approaching when your honorable body must select a Superintendent of Schools, I am taking this opportunity to express my individual feeling concerning the appointment.

We all know the enviable reputation enjoyed by our school system due in a large measure to excellent teaching and administrative staffs. Therefore it does seem possible and highly desirable to select a Superintendent from the present personnel. To always import the key men of any organization tends to so break down the morale of those eligible for promotion that, consciously or not they do not give their best to their work.

In writing this I appreciate that to be eligible under the law for the post of superintendent of schools a man must have certain educational and administrative qualifications. Certainly one of such leaders in our schools as A. J. Bartholomew, J. E. Downes, and L. C. Dutton, to name only a few, should be able to qualify and with his intimate knowledge of Summit conditions and problems would prove highly satisfactory to all concerned.

Yours very truly,  
MAXWELL LESTER, JR.

## Way Cleared to Start Work On Bell Laboratory Sewer

An ordinance was introduced authorizing an agreement between the City of Summit and New Providence Township to cover the receiving, caring for and disposal by the City of Summit of all sewage and laboratory waste to be discharged from the land and premises of the Bell Laboratories now nearing completion in the township.

## Asks Relief from Speeding On Bedford Road

Because his dog was severely injured several days ago by a speeding truck on Bedford road, Walter W. Wallace of the same street, wrote Council a letter asking that some action be taken to remedy what he called a persistently developing practice of motorists to use the above named street as a speedway. He urged that Bedford and Hickory roads be placed in a 25-mile-per-hour maximum speed zone.

The honor guest is John N. Fetzer who will speak on "The Migrants of New Jersey." Since this State has its own phase of "The Grapes of Wrath" problem, Mr. Fetzer's talk is keenly anticipated.

**Piano Pupils Play**

On Saturday, March 16, an evening musicale was given by the younger piano pupils of Ebel Tozier Hardy, at her Oakland Place studio. Those participating were: Ann Knokles, Marianna Priest, Gordon Lenci, Norman Peterson, Joyce Peterson, Richard Giles, Paul Priest, Ellen Powell, Barbara Wilson, Donald Giles, Nancy Comp-ton, Annalese Biltz, Peggy Morse, Alice Powell, Shirley Lane and Betty Chance.

Following the program by the pupils, Daphne Dame Carman sang a group of songs, accompanied by Allan Carman. By special request, Mrs. Hardy played a piano selection. For diligent study, several of the pupils were awarded recordings made by them. These recordings are a special feature of the studio work, to enable pupils to watch their progress.

**Red Cross Given Electric Cutter**

The most splendid gift of its kind for a long time has suddenly brightened the days of the Summit Chapter of the American Red Cross, so it has been announced by Mrs. Harry N. Card, chairman. For many a day the hardpressed women at the workrooms, confronted with a gigantic quota of surgical dressings to be cut and folded from bolts and bolts of gauze, have dreamed wistfully of the possession of an electric cutter. The costliness of this time-

and-labor-saving device, however, had put it entirely out of grasp, and who expects Santa Claus in March? And so when Santa, impersonated by the Sunshine Society, turned up with a bright and shining electric cutter, a cutter that will speed up the work ahead, make way for further measures for the aid of a troubled world, and put a sparkle in the eye of those who had faced the task with misgiving, it suddenly seems that there are no words to express the very deep appreciation felt by all concerned to the Sunshine Society. The gift of this cutter is truly one of deep understanding and generosity, the benefits of which will not only be reflected in its immediate surroundings but in the world outside.

**PERSONALS**

The group had previously dined at the Cannon Ball Inn, in Springfield, and played bridge during the evening. Prizes were won by Mr. and Mrs. Lou Telling, Mr. and Mrs. Thomas Hildebrand and Mr. and Mrs. Russell Kramer. Other members of the club attending the party were: Messrs. and Mesdames A. E. Michon, H. E. Outcault, W. V. Johnson, J. G. Nordahl, J. T. Callander, W. N. McClelland.

Among the students of New Jersey College for Women who have been accorded "group one" rating, indicating that they have achieved an average grade of 1.9 or better during the first semester of the current college year is Miss Edith Harding, daughter of Mr. and Mrs. Clarence Edgar Harding of 123 Hobart avenue. Miss Harding is a junior majoring in Journalism. She was an usher at the Yale Log Service, member of Junior Show cast, and member of the decorations and clean-up committees for Supper Dance. She is a graduate of Summit High School and attended Randolph Macon Women's College.

The Summit Smith College Club was entertained on Tuesday, March 18th, at the home of Mrs. George E. Kanouse, 20 Lenox road, Summit. Mrs. William J. Swartz of Summit made a report on her visit to Northampton, Mass., as representative of this club to the Alumnae Council held there in February. She brought to the club all the latest news and views of the College.

The club was most fortunate to have as guest artist for the afternoon, Raymond Young, of Newark, a pianist. He played two groups of piano arrangements and was called for several encores. His delightful program consisted of numbers by Chopin and Liszt.

Association last evening on "Implications in the passage of the Lend-Lease Act." The speaker interpreted the assumptions in which the aid-to-Britain policy is based, giving emphasis to the view that defense of American ideals and interests will be easier and cheaper if the Axis is defeated. He expressed the belief that the aid policy, rather than being contrary to our traditions, are a logical extension of them; that the Monroe Doctrine, as the corner stone of our foreign policy for 117 years, was based on the idea that we defended ourselves by defending other democracies, by resisting the spread of doctrines hostile to our own.

Downes said he thought the most important passage in President Roosevelt's recent address to the nation was his statement that after dictatorship has disintegrated the United States must continue to play its part in the reconstruction of the world. The speaker urged his listeners to give serious thought to what kind of a post-

war world they wanted. His distinguished Federal Union as the most significant proposal so far.

**Noted Tenor Will Sing Here March 30**

WILLIAM HAIN

William Hain, well-known tenor, has agreed to sing the narrator part in Bach's St. Matthew Passion, which will be performed by the Summit Church Club and the Flushing (L. I.) Oratorio Society on Sunday, March 30th, at the Central Presbyterian Church.

Mr. Hain's acceptance came as an extremely pleasant surprise to the choral organization and is a tribute to them.

This Lenten festival of music is the largest ever undertaken in Summit.

Mr. Hain in 1940 appeared with the Schola Cantorum and has sung duets with Kirsten Flagstad. He has sung with several nationally famous symphony orchestras.

PERHAPS YOU'VE SEEN the new Pontiac "Torpedo" described as "The Fine Car with the Low Price" and wondered a little bit about that statement. You can accept the "fine car" part without any doubt, we believe—especially if you've examined a new Pontiac. That "low price" part may stop you, however. That's the new Pontiac—one of the smartest-looking, easiest-riding cars on the road today—actually be low-priced? Well, here are the facts: Pontiac prices begin at \$828. A new 1941 Pontiac "Torpedo" will cost you so little more than the "lowest-priced three" that the difference will amount to only a very few dollars per month. What's more, Pontiac's economy of operation and upkeep permits you to drive for practically the same money that a lesser car requires. Yes, the new Pontiac, with its Body by Fisher, has earned the title, "The Fine Car with the Low Price." Try a new Pontiac before you put your money in something less desirable.

### School Musicians To Enter Contest

Entrants from Central Junior High School and Senior High School will represent this city April 5th in Elizabeth in the annual solo and ensemble contest of the Music Department of the New Jersey Education Association. It was announced yesterday by J. Fred Muller, supervisor of instrumental music in the local schools, who is in charge of the vocal part of the contest. Miss Grace Derby, supervisor of vocal instruction in the Summit secondary schools, will have charge of the Summit vocal participants.

Instrumental solo entries include Donald Hufnail, violinist; Constantino Formichella, French horn; and Jane Kramer, Fred Beebe, James Olson, Nancy Willetts, clarinetists.

Ensembles are: High School string quartet composed of Hufnail, Tarido Cartalino, violinists; Charles Heising, viola; Robert Forsberg, cello; and a clarinet quartet, the personnel of which includes Dean Voegtlin, William and Aden Hanes, and Lilo Oppenheimer.

All instrumental contests will be held at the Thomas Jefferson High School and vocalists will be heard at the Winfield Scott Hotel.

Entries in the vocal division will be announced by Miss Derby at a later date.

### Kiwanis Celebrates 17th Birthday Here

The Summit Kiwanis Club observed its 17th anniversary of the granting of a charter on Tuesday afternoon. All charter members, regardless of their present affiliation with the club, were invited to attend the gathering.

President William Kay in welcoming the members, paid tribute to those who had founded the local organization during 1924. All of the charter members were requested to stand during Kay's address to them. All the past presidents were given similar recognition.

Past President Herman F. Beck, W. Rae Crane and John M. Kopper talked briefly of their associations with Kiwanians and the value of such an organization to a community.

New members inducted into the club included the following: Spencer Maben, Max Roth, Fred Ribback, and Benjamin Adams, 2nd. The ceremony attendant to admitting the new members was conducted by Thomas Coleman.

### Short Hills

Miss Mary Elizabeth Dickason, daughter of Mr. and Mrs. Livingston Dickason, of Fairfield drive, arrived home yesterday from Miss Hill's School in Pittsfield, Mass., for her spring vacation.

James Symington, Jr., son of Mr. and Mrs. James Symington, of Short Hills avenue, is vacationing from Yale. Also home from Yale is Gordon Tuttle, son of Mr. and Mrs. Pierson Tuttle, of Lake road and Page Wodell, son of Mr. and Mrs. Rutava Wodell, of Highland avenue.

Mrs. Kimball Prince, of Highland avenue, won first prize in the Garden Club of America at the International Flower Show in New York for her dutch flowers arrangement of spring flowers featuring tulips. She is a member of the Short Hills Garden Club.

Serving in official capacity and as hostesses in the Garden Club of America section at the International Flower Show were the following members of the Short Hills Garden Club: Mrs. William Hunter, Mrs. Dean Emery, Mrs. Ruthven Woodell, Miss Virginia Stout, Mrs. Walter Hime, Mrs. Sage Stewart, and the president, Miss Mary Wiley.

Mr. Edward S. Pettigrew, of Hillside avenue, and Daytona Beach, Florida, gave a luncheon yesterday at the Hotel Ormond, in Orange Beach.

Mr. Frederick McBride, of Delwick lane, and her daughters, Penelope and Mary, leave on Saturday for Richmond, Va., where they will visit Mrs. McBride's sister, Miss Margaret Anderson, until Easter. Mr. McBride will join them later.

Mrs. Crosby Seybolt, of Tulip lane and her children, Gay, Peter and Jerry, will spend the Easter vacation in Glendale, Ohio. They moved from Glendale to Short Hills 5 years ago.

Mr. and Mrs. William Thayer Brown, of New York, and Highland avenue, have opened their Short Hill house for the Easter vacation. With them are their sons, Thayer, Alex, Jeremy and Horace.

### Rowland Guildford New Ford Dealer

A recent arrival in town is Mr. Rowland Guildford, who has assumed the management of the Ford Motor Company. He hopes soon to move his wife and ten-year-old son to Summit from their home in Ridgewood, where they have resided for the past four years.

Mr. Guildford has been the Ridgewood Ford dealer and zone manager of this territory, operating from the Edgewater branch. He was born in Parsippany, Staffordshire, England, but removed to this country as a young boy. His father was an engraver and designer in England, and was connected with the potteries in Buffalo, and

### Summit Merchant Has 7th Anniversary

Adolph Root, formerly a merchant in Jersey City, came here seven years ago and found Summit such an attractive community that he decided to move his department store to this thriving city in the northwest corner of Union County, a natural shopping center for a number of adjacent municipalities. In the interim he has established himself firmly as one of Summit's leading merchants and one of its leading citizens.

Soon growing beyond the bounds of the department store located at 41 Springfield avenue, Mr. Root two years later found it necessary to open another store, the Root's Men's and Boys' Store at the corner of Springfield avenue and Maple street. In 1937 he added a basement to the department store, and four months ago he built a downstairs store for the men and boys' shop.

The men and boys' shop is managed by Maurice Shapiro, assisted by Robert Reynolds. In the department store, Louis Jacobs is in charge of the basement where a complete line of infants' and domestic goods is maintained.

later in Trenton. Mr. Guildford grew up and was educated in Trenton. He has lived in various parts of the United States; in Detroit and in Dallas, Texas, he traveled for a wholesale plumbing house, covering a large portion of the American Southwest.

Mr. Guildford is the type of man that Summit will be glad to welcome as a public spirited citizen. In Ridgewood he participated in the community's activities in the following capacities: as a member of the local Defense Committee; during 1940 as President of the Exchange Club, a service organization; he was on the board of Directors of the Y. M. C. A.; he was active in Boy Scout work as Sea Scout Commodore and a member of the Boy Scout Council; he also served on the Board of Trustees of the First Presbyterian Church.

### Methodist Groups End Series of Parties

The last of a series of evening parties was held last week at the home of Dr. and Mrs. O. C. Nelson, the new minister of the Methodist Church, at 42 DeForest Avenue. These affairs were suggested, planned and carried out by the Membership Committee of the Methodist Church, as a means of furthering a closer friendship between the members of the congregation and their new pastor and his wife. Ten groups of young people of the church met on these occasions for games, conversation and refreshments during February and March. It is felt that the parties brought a friendly feeling of cooperation and interest to the guests who came to the parties in groups varying from 25 to 40 people.

### Fashion Show By B. H. Frumkin

On Tuesday, March 18th a group of high school girls gathered at Y. W. C. A. for a fashion show sponsored through the courtesy of B. H. Frumkin & Co. Miss Frumkin, who spoke during the modeling of the clothes stressed the fact that during a period of war, styles tend to be simple. Army and Navy costumes of course are outstanding features of this season, but do not overdo it. The loose over-cloth coat seems to be the popular fashion note. Blacks are out, but a variety of navy blues, gray and bright colors will trend the streets during this spring. To get rich into the tang of the Easter spirit a veil, short or long, must be added on to your Easter bonnet, and lots of white trimmings on your dark dresses. After this enjoyable and educational preview, tea was served by the Blue Tri girls.

brings up to date all the order and regulations pertaining thereto.

In commenting on the ordinance Chairman Sigler of the Public Safety Committee, said:

"This ordinance prescribing regulations and rules for the governing of the police department is the result of several weeks of study by the committee. It has our unanimous approval and the approval of Mayor Guido F. Forster as expressed in conference."

"I desire at this time as chairman of the committee to commend Councilman Frederick K. Trustlow for the untiring efforts he exerted in the research work necessary in the preparation of the ordinance and the material assistance he brought to the committee, all of which he gained through his intimate knowledge of police work. The committee thanks most sincerely the mayor and members of Council for their excellent recommendations."

section was referred for study. Among other resolutions passed were the following: approval given for the erection of business offices on the real estate development of the Commonwealth Land Co., a refund of \$14 to Charles Terry for a building permit he received to rebuild the Frederick W. Mercer house in Woodland avenue, but which was never used because Mr. Mercer has decided to raze the house partially destroyed by fire earlier this year, and rebuild it in its entirety, and the granting to Maud Mahr Jaycox an extension of the A. Hahr liquor license because of the latter's death.

It was announced that the preliminary plans and specifications for the construction of a relief tunnel in the joint sewer would indicate the estimated cost to the city of \$31,951.

Police Court receipts for January and February were reported in amount of \$73.50 and \$88.50 respectively.

#### Council Praises High School Girl for Her Interest

On motion of Councilman Trustlow, Council went on record as commending High School Senior Mary Traynor for her interest and patience in sitting through all of Tuesday night's proceedings. Miss Traynor was in attendance to fulfill an assignment in her school's social science class.

were treated as ordinary seaman. It wasn't long before certain individuals stood as leaders and were soon determined those who would be recommended for continued education and those who would be discharged. Through inaptitude or physical defects the number in general was reduced approximately

ly 10 per cent; therefore, the experiment of this form of selecting junior officers was most satisfactory.

No New Tactics or Maneuvers

"In reality there is no new form of tactics or maneuvers that can be worked. It really depends on the ability of the commanding officers to grasp psychological moments to perform outstanding feats. We read about the pincher movements employed by Hitler in his advance into France and some of the newspaper pictured it as something new or novel. However, the old same maneuver was worked out in the year 700 by the Chinese.

"Make no mistake about it, the navy is functioning at top speed just as it did in 1917 and 1918 and when the time comes the first line of defense will go into action and you need have no fear but that it will live up to its tradition.

Explains Naming of Ships

"It may be of interest to know how the many names its ships and how you can identify them: battleships, after States (and one of the newest and largest will be the U. S. S. New Jersey); aircraft carriers, after famed ships in American History; cruisers, after cities; destroyers, after men whom the navy wishes to honor, submarines, after fish; minesweepers, seaplane hangars and rescue vessels, after birds; ocean tugs, after Indian river gunboats, after island possessions; tankers, after rivers flowing through oil bearing territories; and tenders after stars and mythological characters.

Warns of Six Columnists

"The greatest sphere of trouble that I can picture is the group who are known as the Fifth Columnists. These individuals are of the type that are not easily identified. They are tricky and above all they have are smart; they are cagy; they plenty of money by which to ingratiate themselves upon the unsuspecting gullible American, who usually is always ready to talk about things which, for his own safety, he had better remain silent about. It is this force who actually caused the downfall of Norway, Denmark, Holland and France, and this army is the army which you should guard and prepare against.

Fourteen Past Commanders Attend

Fourteen past commanders of the post responded to introductions, namely, Guy Bates, Joseph Hanville, George Falkenburg, Joseph Caesar (dinner chairman and master of ceremonies), William Webster, George Emrick, John Tenenbaum, Samuel Bartlett, Eugene McCabe, Thomas Reynolds, Louis Rosenstein and John Conant. Presiding at the dinner was Commander John E. Neville who extended a word of welcome.

Conant Honored

Mr. Conant as immediate past commander was honored as is the custom of Summit Post with the presentation of a valuable gift, which in this instance was a gold watch in a leather case, the watch being suitably inscribed for the occasion. Commander Neville with a few timely remarks about Conant's service to the Legion made the presentation.

Mayor Forster Comments

Mayor Guido F. Forster, a past commander of Union County Legion, in response to an introduction told how the members of the local post had been active in the support of his administration which had come "to clear sailing after the storms of 1940." He also testified to the excellent work of the Fire, Police and Street Departments and members of Common Council.

Summit Legionnaires to Take Part in National Defense

County Legion Commander Larry Regan told the diners that Summit post members would be required to man an air raid alarm observation post at Bender's Corners in New Providence Township as part of the National Defense program and to supply 14 men for the State Guard, thus necessitating a greater drive for Legion membership.

Women's Auxiliary Guests

Members of the Women's Auxil-

lary of the Legion headed by Mrs. Louis Rosenstein were guests for the dinner. Members of the auxiliary to respond to an introduction were Past President, Madama McCabe, Caesar, Bartlett and Gentle. Other women guests included Mrs. Frank Martin, president of the V. P. W. Women's Auxiliary; Mrs. Marion Hoff, county president of the auxiliary; Mrs. Mader, past county auxiliary president; Lloyd Rader, county vice-commander; M. Zaccarone, county vice-commander and past commander of Railway Post; William Regan, past State and county commander; Elwood Christman, State Historian and past county commander; Bert Little, Joseph Carty, past county commanders; Edward Earhart, Commander Railway Post and Richard Kait, Chaplin, Nutley Post. Also receiving "a big hand" on being introduced was Commander W. C. I. Stokes of Rowan road on active duty in the 3rd Naval District.

William Kanas of Burr's Lunch was director-general of the entertainment was furnished by Varney Lance, accordionist, of Mountalmside and Jack Hummel, vocalist, of Summit.

#### Junior Fortnightly Elects Officers

On Thursday evening, March 13, the Junior Fortnightly Club elected officers for next year. The following slate was presented and accepted by the club: President, Miss Allison Anderson; 1st vice-president, Miss Sally Ransome; 2nd vice-president, Miss Anne Voss; corresponding and recording secretary, Miss Virginia Murphy; treasurer, Miss Harriet Clark; board members, Mrs. Floyd Allgire, Miss Ruth Smith, Mrs. Thomas Brennan, Jr., Miss Dorothy Blasing, Miss Martha Curries and Miss Ruth Nelson; senior advisor, Mrs. George R. #### Summit Men Get 2-3 Year Prison Term

Two Summit men, convicted by a jury February 21st of assault and robbery of a Summit butler, were sentenced yesterday by Common Pleas Judge Walter L. Hetfield in Elizabeth to serve a prison term of two to three years. An appeal for a new trial for Louis Manganiello, 35 Orchard street, and John Duffy, 12 Beauvoir avenue, both were denied when entered by their counsel, J. Victor D'Aloia, who said that the men had been convicted on circumstantial evidence and that no positive evidence had been made. Judge Hetfield pointed out that he might have set the verdict aside had the men been found guilty on only one circumstance, but, he said, every circumstance considered constituted proof of guilt.

Carlton Crowhurst, butler for Howard E. Edge, Prospect Hill avenue, was the victim of the attack September 17, last. Summit police arrested Duffy and Manganiello and matched a button found at the scene of the attack with one on Duffy's coat. Crowhurst was robbed of a small sum of money and a \$25 watch.

## "A" Division Teams Win Semi-Final Round Positions in Community Basketball League Playoff Series—Important Games Tonight

### HILLTOPPERS AND SENIOR BOYS TRIUMPHANT

A pair of "A" division teams—Hilltoppers and Senior Boys—qualified for the semi-final round of the Community Basketball League city play-off series on Wednesday evening, downing a duo of "B" division entries in games at the Summit High gymnasium. The Hilltoppers defeated Ciba, 27-21, in a second place series, while the Senior Boys topped Calvary, 39-25, in a spot play-off.

Play in the elimination rounds will continue at the Edison Junior High court tonight with the Hilltoppers meeting the Senior Boys and the Summit "Y" Comets facing the First Lutherans. The latter clubs were winners of championships in their respective divisions.

Originally the playoff series were to have started more than a week ago, but Harlan S. Kennedy, director of the Board of Recreation, cancelled all tournament games to give the Comets an opportunity to participate in the New Jersey State Y. M. C. A. Basketball League championships. The series will now be completed without further delay, Kennedy reports, since the Comets were eliminated from the "Y" tourney this week.

Hilltoppers Pressed In Downfall Ciba Quintet. Most evenly contested of the two games scheduled Wednesday evening was the Hilltopper-Ciba fracas. Ciba led at the quarter, 9-1, held at the half, 13-4, but the Hilltoppers assumed the lead following a ten-point spurt in the third session. A 9-4 Hilltopper advantage completed the victory in the final period. Bob and Meter Moroney paced the winning Hilltopper attack with ten and eleven points respectively. Ebbie Gaffney and Hubie Goddis shared the Ciba scoring lead with six markers apiece.

Calvary Misses Brydon In Tournament Defeat. Had Bob "Bull" Brydon, star performer, been in the Calvary line-up, the Senior Boys might not have been such easy winners. Even without the high-scoring veteran, the Episcopalians turned in a respectable performance. Calvary assumed a slim 7-6 advantage at the quarter, slipped in the second period to trail, 16-13, and finally faded out of contention in the third stanza. A sixteen-point drive by the Senators put rout to the Calvarians in the closing period.

Woody Thrombly, lanky center, paced Calvary with an eleven-point performance. Ever-dependable Frankie Bruno contributed ten tallies to lead the Senators. George Twill and Frank Paul split second honors with nine markers each.

W. Hamilton McGiffin, Summit High track coach, announced yesterday that time trials for quarter-milers will be held on the indoor track of the Y. M. C. A. this coming Tuesday afternoon. Similar trials for milers and other distances will be held later next week. The team is preparing for the annual Penn Relay Carnival to be held at Philadelphia next month.

Most important game of the week in the Sunday School Athletic Association Basketball League will be the Calvary Episcopal-Baptist Methodist fray at the Y. M. C. A. gymnasium tomorrow afternoon. In other league contests, Central Presbyterian will meet the "Y" Ramblers and the Lutherans will face the Junior Boys.

## Othello Girls Win League Championship

The Othello Girls won the championship of the Senior Girls' Community Basketball League on Monday night by defeating the Nurses, 21-12. The Misses Shingleton, Wassall and Pace shared scoring honors with 8 points each.

The Board of Managers of the League and the Advisory Board are busily planning a final sports night party for March 21st as the climax of the current season. The line-up for the game was as follows:

## Softball Loops Plan For Coming Season

Monday and Tuesday nights of this week two meetings were held at the Soldiers' Memorial Field House to consider the formation of softball leagues. The meeting Monday evening was for the formation of a new league to be known as the Industrial League, while Tuesday's group discussed plans for continuation of the Class "A" League.

Representatives of Johns-Manville Co., Corby's Laundry, Chilton Pen Co. and the A. & P. Super Market were present at the Industrial League meeting. A fifth team King's Food Mart, announced its intentions of placing a team in the loop, although no delegate was in attendance. Harlan S. Kennedy, director of recreation, stated that teams will be accepted for entrance in the league up to the next meeting.

Five other teams, all former entrants, were in attendance at the Class "A" confab. The clubs included Summit Diner, Brydon's Plumbing, Balish Beverage Co., Vikings and East Summit Gladiators. The latter club was a member of the East Summit League last year.

## FINAL GAMES IN STATE TOURNEY

Final games in the N. J. S. I. A. A. basketball tournament for high school teams will be played at the Elizabeth Armory this evening and tomorrow afternoon and evening. Summit High's team, which deadlocked Glen Ridge for the championship of the Suburban Conference, was not entered this year.

## S. H. S. Golf Plans

Summit High's golf team will open practice in the near future for a full schedule of Suburban Conference matches. Three veterans remain on the team this year, including Pat Paradise, Jr., Warren Kirby and Julius Jaskiewicz. Don Marshall, who recently moved here from Battle Creek, Michigan, is another leading candidate for a regular starting berth.

## Lackawanna Leaguers Invited to Parade

The Newark International League Baseball Club, through its publicity agent, Mike Gaven, and with the active co-operation of the Grizzlies, an organization of rabid Lackawanna baseball fans, has invited the Lackawanna Baseball League clubs to participate in a gigantic parade through the downtown streets of Newark on the evening of April 15th. The parade and events that will follow at the Mosque Theater are designed to give baseball an official welcome in North Jersey for the coming season.

While the festivities are primarily connected with the Newark Bears' opening at Ruppert Stadium on April 17th, Gaven explains that all organized leagues in the state, amateur or professional, are being requested to give their loop a boost by participating. The Lackawanna League officials have been invited to place a float, band

Downes Does Not Favor "Plan One" In Tuesday's issue of "The Summit Herald," in the story on the South Summit Civic Association meeting, appeared the statement that James E. Downes favored plan one, changing present district lines to transfer pupils from Central to Edison Junior High School. Mr. Downes has informed "The Herald" that this statement does not accurately reflect his views and this amplification is published gladly.

The question had been asked, "which of these plans is desirable educationally?" and in direct answer to that Mr. Downes stated, "From the educational angle only plan one is desirable, but the other objections to it make it impossible." He then went on to express as his view that no matter what plan was put into effect to increase enrollment of Edison School, the basic housing problems of the central building would not be solved. Those problems, he stated, concerned adequate space for the instrumental and vocal music classes, adequate cafeteria, and room for the domestic arts work.

### Local Board Has Data On Assembly Bills

Data on two Assembly bills, Nos. 1 and 161, have been forwarded to the Summit Board of Education (among other boards in the county) by Arthur L. Johnson, county superintendent of schools, who contends both measures would increase the cost of education.

Assembly Bill 21 provides for compulsory eye and ear tests of all pupils in public schools of the State at least once each school year. The last paragraph of the bill is as follows: "Such tests for sight and hearing shall be made with such scientific devices and under such rules and regulations as may be approved and prescribed by the State Board of Education."

Assembly Bill 161 provides for military training for male pupils in the high schools, under regulations set up by the R. O. T. C. An amendment prescribes that "if the State Board of Education or any school district or municipally shall determine by resolution that the course in physical training as prescribed for male pupils in the high school shall include military training, such a course shall be prepared in accordance with the plan of the War Department of the United States of America, as set forth in its rules and regulations governing the R. O. T. C. program for military training in high schools in the United States, and shall be a part of the course in physical training for male pupils."

It adds that "male pupils who are physically unfit, as determined by the military inspector, or whose parents may have conscientious scruples against military training, shall not be required to take this course."

De Johnson said: "Assembly Bill No. 21 provides for tests of sight and hearing as prescribed by the State Board of Education. This is another evidence of mandatory legislation requiring boards of education to provide for services which were not anticipated when the school budget was drafted and passed. The bill states that this act shall take effect immediately. This means

that as soon as it has passed the Legislature and is signed by the Governor, boards of education will be compelled to provide for eye and ear examinations for pupils in the schools."

In commenting on Bill 161, he said: "The Chief of the General Staff of the United States Army has stated publicly that military training in the high schools should not be undertaken. He gives the following reasons:

1. Pupils are not mature enough to undergo the strenuous exertion necessary to effective military training.
2. The Government is not able to provide guns or other equipment for R. O. T. C. high school organizations.
3. In order that this training may be efficient, it should be under the supervision of regular army officers detailed for this purpose. This would not be practicable at the present time."

### Life Saving Course Opens at Y. M. C. A.

Preliminary qualifying tests for a new Life Saving Class to be held at the Y. M. C. A. building were given Wednesday by Fred M. Dickerson, member of the local staff. The new course, which will meet on Tuesdays from 3:30 to 5 p. m., offers a combination of American Red Cross Junior and Senior Life Saving as well as the Y. M. C. A. National Aquatic course.

Those qualifying for membership in the course are Robert Hunyon, Roland Caldwell, Bob Hoagland, Herbert Day, Bob McCarthy, David Beers, Robert Cuddeback, and Ken Hoagland. At the present time there are two life saving classes going on. One for seniors, including both the American Red Cross and Y. M. C. A. courses, is held on Tuesday evening from 8:30 to 10, and a class for boys is being held on Thursdays from 4:5 to 6:30. A girls' class has just finished many weeks of intensive study and training with final examinations being completed. Another girls' and women's class will begin in the near future. Anyone interested in any type of Life Saving may secure further information by calling Fred Dickerson at the Y. M. C. A.

### Clarinet Section of the High School Band

### Co. Officials Accept Bonnie Burn Addition

County officials, led by the welfare committee of the Board of Chosen Freeholders, have completed the final inspection of the new wing on K building at Bonnie Burn, the county sanatorium at New Providence Township and the structure will be accepted officially within a short time. Only detailed electrical work in connection with the installation remains unfinished.

The purchasing committee of the Board of Freeholders is compiling prices on equipment, and one-half of the facilities will be in use by early summer, although delay in delivery of a few items is forecast. The building is of three-story brick and steel construction, each level connecting directly with the main building.

The ground floor will house waiting rooms, x-ray laboratories, fluoroscopic workroom, lavatories and a conference room.

The two upper floors will provide for a maximum of sixty-four beds each, but the number will decrease in the small rooms.

The ground floor is concrete with a terrazzo surface and the same treatment was given the corridors on the upper floors. The rooms, however, have battleship linoleum over gypsum plank. The roof is slate.

The structure, designed by Leslie M. Dennis, is semi-fire proof. The general contractor was Frederick J. Brotherton, Inc., Hackensack.

The building was financed by a bond issue and a direct appropriation by the Board of Chosen Freeholders of \$100,000 for construction.

The equipment to be procured now, provided for in the 1941 budget, will outfit the building for only one-half its capacity.

The welfare committee, Col. J. H. M. Dudley, chairman, and Charles E. Smith, Charles L. Bauer, Jr., James O. Brokaw, and Lee S. Rigby, worked with the board of managers of the sanatorium in developing the basic design.

The rough grading was done by the general contractor, but the finish grading and the landscaping will be done by the staff of the sanatorium after the ground has settled.

### Sixth Red Cross First Aid Class to Start Under Direction of Dr. Mary MacGregor

At the monthly board meeting of the Summit Chapter of the American Red Cross, which was held Tuesday, a matter for special public attention was called in regard to applicants for the first aid classes. There are five classes now in process, with a new one to open under Dr. Mary MacGregor Thursday, April 3rd. Anyone interested in registering for such a course is requested to do so through Miss Gertrude Morris, secretary to Mr. Schormann, telephone Summit 5-1414. Appreciative mention was made of the time so generously given to instruction of these classes by Mr. Schormann and Dr. MacGregor.

Other matters under discussion at the meeting included the arrival at the workrooms of 167 yards of eiderdown for layettes, 400 pounds of wool for sweaters and other knitted garments, and several miles of outing flannel which is to be whisked up into very fine operating and convalescent robes. It is very much hoped that anyone in possession of a sewing machine that they could lend will step forward; and women familiar with operating such machines are greatly in demand.

The labors of the Surgical Dressing committee are to be much facilitated by a most generous gift of an electric cutter by the Sunshine Society, acknowledgment of which appears elsewhere in these columns. In view of the tremendous quota of dressings assigned to the Summit Chapter, volunteers are continuously and urgently needed. The workrooms are open Monday through Friday from 10 to 12, and also Wednesday and Friday afternoons from 2 to 4. Your correspondence trusts that a word is needed to rouse a flock of women to scurry at once to 19 Euclid avenue and plunge into the work that awaits them.

Mrs. A. Clifford Bernard reported that the Disaster Chart has been revised and returned to Police Headquarters. In the event of disaster to this community, the committee is in readiness to function at a moment's notice. There are 34 members serving on eight sub-committees. In addition are members of the American Legion and of the Boy Scouts, who will give aid to committees as needed. This year there are two new chairmen, Mrs. Theodore Kenyon of the Committee on Clothing, and Mr. Percy Brough on Fund Raising and Public Information.

Miss Lynch, one of the two Red Cross nurses, reported 29 new cases for the previous month, and a total of 227 field visits.

Captain Emerson of the motor corps reported nearly 1,000 passenger miles, with ten active drivers providing transportation where it was needed.

Other reports were concerned with the state of the treasury, activities at the Veterans' Hospital, and nursing activities.

A suggestion was also advanced that a delegation from the Summit Chapter should attend the National Red Cross Convention in Washington, D. C., April 21, through 24th. An excerpt from a letter from Norman H. Davis, national chairman, reads as follows: "In the life of every great organization comes a time when the past seems to converge with the future and accomplishments blend into potentialities. It seems to me that the American Red Cross has reached that stage, what is past is prologue, and the real epic of the Red Cross may well lie in the future.

"That is why the 1941 convention is so important."

Attention of the public is finally called "Frontlines of Mercy," a National Red Cross radio series to be heard every Sunday, 11:15-11:30 a. m., over station WJZ. The first program, to be heard March 23, will present in dramatic form the case of a promising young recruit in training camp worrying over the illness of his mother to such a degree that his record is spoiled. At which crucial point the Red Cross steps in and solves the problem to the great satisfaction of the Army as well as the boy.

DOROTHY COMPTON  
Cornet leader of the Summit High School Band and soloist for the Summit Symphony Orchestra. The Board of Education has agreed that the band may go to Atlantic City in May.

### Girl Bowlers Climax Their First Season

A St. Patrick's banquet held at the Canfield Tuesday night climaxed the first season of the City Girls' Bowling League.

The affair was opened with a grand march led by Miss Dorothy Zolkowski. Grace was offered by Miss Ethel McMane.

Miss Esther Brydon, president of the Board of Managers, introduced the toast mistress, Miss Edna McHravey, of the Maplettes, Miss McHravey, by the way, claims to be the only person in existence who has the honor of bowling a game of 1 for ten frames.

Guests at the speakers' tables included Ernest P. Patten of the Board of Recreation Commissioners, Mrs. Bray from the Y. M. C. A., Michael J. Schmidt, president of the N. J. State Bowling Association, and Hugh E. Prime, secretary of the N. J. State Bowling Association.

Both Mr. Schmidt and Mr. Prime spoke about the importance of bowling as a sport, the values received from it, and related something about the history of bowling. They also gave quite a bit of information about organized bowling and expressed their hope that the Summit group would join the N. J. State Association next year.

Mrs. Bray extended a friendly welcome to all the girls to use the Y. M. C. A. bowling alleys and expressed her happiness that they could accommodate the girls' league.

Ernest P. Patten, president of the Board of Recreation Commissioners, presented the prizes. In his presentation speech, Mr. Patten said that he was happy that the business girls in Summit had joined the other 20,000,000 bowlers in the United States, and expressed the desire on the part of the Board of Recreation Commissioners to aid the girls in this and any other recreational program.

The prize for the highest score for an individual game was awarded to Miss Alma Helquist, whose high game was 191. Miss Rose Saladino received the award for the highest average which was 137. The prize for the highest team score went to the Aces, who won 29 games, and lost 4, an average of 527. The members of the Aces are the following: Esther Brydon, Regina Rogers, Rose Saladino, Dorothy Zolkowski, Kay Singleton and Benetta Mumford.

Members of the Board of Managers who comprised the Banquet Committee were introduced as follows: The Aces, Esther Brydon and Dot Zolkowski; Corby, Mildred Delia and Anna Philippi; First Nighters, Ellen Helquist, Just Pals, Theresa Molinari, Maplettes, Marion Sherlock and Edna McHravey; Triangles, Mamie Adams, Woodworth, Julia Brofka and Vivian Olson.

Miss Margaret Swartz, the director of Women's and Girls' Activities, commended the Board of Managers for their fine work during the season and expressed appreciation to each girl for the splendid spirit and morale among the teams.

Besides the guests, the members of the teams attending the banquet were the following: Aces, Miss Brydon, Regina Rogers, Rose Saladino, Miss Zolkowski, Katherine Singleton and Henrietta Mumford; Corby's, Jeanie Philippi, Anna Philippi, Frances Sommo, Mildred Delia, Mary Delia and Patricia Albero; First Nighters, R. Shady, zarian, R. De Majo, E. McMane, A. Lyons, R. Baldwin, E. Helquist, Just Pals, Theresa Molinari, Sandra Molinari, Maplettes, A. Helquist, M. Phillips, A. Dulay, V. Borjeskne, E. McHravey, M. Sherlock, Triangles, Mamie Adams, Phoebe Adams, Mary Crisp, Phyllis Pasalacqua, and Catherine Fina; Woodworth, Vivian Olson, M. Garzino, Mae Brofka, Julia Brofka, and Miss Honsack.

### Eunice Harriet Avery Series Ends March 25

The last lecture of this season of the Eunice Harriet Avery Series on World Affairs will be next Tuesday afternoon, March 25th, at 3 o'clock at the Paper Mill Playhouse, Miss Avery will speak on our neighbor, "Canada." This will be an open meeting and everyone will be admitted without charge.

This is the third year of Miss Avery's lectures. She has grown in increasing popularity, and for those who have been following her discussions, it will be welcome news that she will be returning next year. The dates of this coming fourth series will be the second and fourth Tuesdays, beginning in November and running through March. Being able to announce these dates so far in advance, it is hoped that it may be possible for many other regular Tuesday afternoon affairs to arrange their dates on the first and third Tuesdays, thus giving many of the women who have been unable to hear Miss Avery this year, a chance to do so for this coming series.

The subject of Miss Avery's lecture last week was "Latin America," and despite the very bad weather, was enjoyed by a large audience. These lectures by Miss Avery have given our community an unusual opportunity to hear one of the foremost speakers now on the American platform.

### Summit Co-ed Forum

Members of the Summit Co-Ed Forum will attend the regular meeting of the Central Atlantic Y. M. C. A. Co-Ed Council to be held Sunday, March 23rd, at the Witherpoon Community Center, Princeton. The council, which brings together representatives of the Y. M. C. A. Co-Ed Clubs from the states of New Jersey, Delaware, Maryland, and the District of Columbia, enables groups to carry on joint activities and provides a means whereby program ideas and suggestions can be easily exchanged. Those attending the meeting from the local Co-Ed Club are Helen Brewer, Isabel Abercrombie, Jay Ebel, Helen Matteo, May Anderson, and William Howes.

### County Tax Board Sets Union Ratables

Members of the Union County Board of Taxation on Tuesday determined that the county's total in ratables for 1941 is \$483,290,551. Accordingly, their attention now turns to calculation of municipal tax rates.

The total represents relatively little change from the valuations placed by assessors, which are subject to revision upward or downward by the county tax commissioners.

The increase over assessors' valuations totals \$374,460 which brings to \$3,379,541 the county-wide ratables gain for the year, compared with 1940 valuations. The 1940 total was \$479,810,910.

Technically, prompted by two other increases, both in Summit. The new Providence Realty Development Company and Kent County owners of two Summit apartment houses, are appealing to the State Board of Tax Appeals a \$66,200 increase which the county board added to their valuations a year ago, yet Summit assessors valued the apartments this year at the same figure they used originally, before the board's increase.

Accordingly, the county board re-established the 1941 valuation at the revised assessment figure for last year. The State appeals were heard last week by Commissioner Richard J. Harrigan, who reserved decision.

Municipal tax rates will not be available until mid-April. It was indicated today. Their computation awaits sanction by Local Government Commissioner Walter Darby and his approval is not required before April 1st.

For the few municipalities whose budget have been approved, rates can be computed and it is these to which the tax board now turns its attention.

### Petit Jurors Drawn

A new panel of January term petit jurors, to serve in county courts from March 24th until April 5, was drawn this week before Judge Edward A. McGrath by Under Sheriff Charles E. Ayers and Jury Commissioner William A. Bourdon. Locally, the list includes:

Summit—William C. Moog, 21 Shady Side avenue; Albert C. Janssen, 680 Springfield avenue; Otto Mohl, 14 Lewis avenue; John Hartigan, 11 Shady Side avenue; Henry Linker, 85 Broad street; Morton J. Kenny, 25 Locust drive.

New Providence Borough—Robert O. Peterson, 6 Kendrick road.

### Radio Club Will Go To Bound Brook

Members of the Summit Y. M. C. A. Radio Club will journey to Bound Brook on this coming Saturday afternoon where they will visit the WJZ transmitting station. WJZ one of the largest transmitting stations in the country, offers a tremendous opportunity for study.

The club under the leadership of William Brannan, local insurance man, has been meeting regularly all during the winter for the purpose of studying the science of short wave broadcasting and becoming qualified for government amateur licenses. Mr. Brannan, the club advisor, has for some years been a licensed radio operator and it is through his contacts it has become possible for the group to see the WJZ plant.

The group leaving the Y. M. C. A. at 1:30 includes George Duffy, Tom Ely, club president, Bill Braden, Virgil Wall, Warren Rebell, Zig Mitchell, and William Brannan. The members of the club are inviting a guest apiece.

### Troop 69

This week the troop again began a patrol contest. In this contest, patrols are given for attendance at meetings and hikes, uniform and tidiness, paid up dues, special events, and the passing of tests and merit badges. The Pine Tree Patrol won the special event this week with an amusing skit. After several weeks the patrol with the most points receives a token of achievement.

The troop has reserved the weekend of the twenty-ninth at week-end camp Lions for an overnight hike. Robert Schumacher.

**Young People Need Moral Indignation**  
 "If moral indignation is not part of the make-up of the coming generation, then there is not much hope for the future," said Dr. Wilbur Eddy Saunders, Headmaster of the Peddie School, addressing a crowd of approximately three hundred young people and adults last Sunday evening at the Presbyterian Parish House. Dr. Saunders' message, "A Generation in Transition," was delivered as the second in the series of four Summit United Youth Meetings being conducted by co-operating groups and organizations of local young people, Sunday evenings through March 30th.

Dr. Saunders defined moral indignation as "a capacity for insisting on things being right, the way they should be." He struck out against two current beliefs, the first that today, in our present chaotic world situation, moral indignation is a dead letter, and the second, that we in the United States must disregard our old ideas of how nations should behave and base our thinking and actions on how they do behave.

European nations passing on their hatreds from fathers to sons, fighting "to get back what belongs to them," were cited as examples of the morass engulfing nations when the capacity for moral indignation is lacking. "Hitlers spring from such hatreds," the speaker added.

He pointed out that Lincoln envisioned a union of the states and his capacity and power for moral indignation about this issue enabled him to endure untold personal suffering before he finally realized his vision.

Science, too, is not only concerned today with what is, but with what can and may be. In transit from here to there, the speaker told the gathering, if we can't believe in the possibility of bettering what is, then the situation is hopeless.

"Nations can be trusted, can live in peace, trust and tranquility in terms of brotherhood. We must not only be interested in how people live, but have the ideals as to how they can and should live. Man can take the higher road, God's way, the way of peace, opportunity and fairness for all mankind. Yours," he told his audience, in conclusion, "must be a generation in transit toward that kind of a world."

Miss Adele Distelhurst presided as student leader for the meeting and ushering were young men from the Presbyterian young people's league: Robert Woodward, president of the league, Eric Chemnitz, Douglas Smith, Robert Nelson, Robert Terry, Earl Christman, Jr., Allan Cross was at the piano. The High School String Quartet furnished music and played Bach's "Sarabande." Robert Forsberg, cello, directed, with Donald Hummel, playing first violin, Turiddu Cartano, second violin, and Charles Heising, viola.

**Church of Christ, Scientist**  
 "Matter" is the Lesson-Sermon subject for Sunday, March 23, in all Christian Science Churches and Societies throughout the world.  
 The Golden Text is: "All flesh is grass, and all the goodliness thereof is as the flower of the field: because the spirit of the Lord bloweth upon it." (Isaiah 40:6, 7).  
 Among the Lesson-Sermon citations is the following from the Bible: "And the world passeth away, and the lust thereof: but he that doeth the will of God abideth for ever." (1 John 2:17).  
 The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Divine Science, rising above physical theories, excludes matter, resolves things into thoughts, and replaces the objects of material sense with spiritual ideas." (p. 123).

**Mid-Lent Devotions At Rosary Shrine**  
 The Holy Hour services at Rosary Shrine next Sunday, will be full of the spirit of joy which the Church bids her children take up at mid-Lent, inviting them to rejoice: "Laetare!" The prayers and hymns of the Holy Hour will carry a special note of gladness in anticipation of the Feast of the Annunciation. Congregational singing will accompany the Perpetual Rosary Novena, which is held every Sunday at 3:30. The Annunciation Novena will follow, with the Church's official prayer for the feast as special invocation to the Virgin Mother.

There will be a special rendering of the "Ave Maria" in commemoration of its first utterance by the Archangel nearly two thousand years ago. The Holy Hour will close with the special blessing of the sick, during which the cloistered Sisters will sing, "Hail Mary, Queen of Heaven." Centuries old observances will be carried out by the Dominican Nuns during the Solemn Chapter on the eve of the Annunciation. As the words announcing the Incarnation of the Son of God are sung in the martyrology, the Community will prostrate in thanksgiving for Heaven's greatest gift. All the intentions recommended to the Sisters will be remembered, during these solemn moments of profound adoration.

**"Y" Auxiliary**  
 The Women's Auxiliary of the Y. M. C. A. is planning to hold a bridge on April 24th, 1941. The bridge will be held in the Jersey Central reception rooms. A cooking demonstration will be given through the courtesy of the Jersey Central, and the door and table prizes will be the various dishes prepared by the demonstrators. Funds from this will also be contributed to the Fort Dix fund, to which all the Auxiliaries in the State are making donations. Mrs. A. J. Schenk is acting as chairman for the party.

**Practical Health Hints**  
**Does Diet Affect Cancers?**  
 By Dr. James A. Tobey  
 Will a good diet prevent cancer? Will a poor diet cause this disease? Does any single food play a part in the development of the malignant tumors known as cancers?  
 These are questions that are frequently asked, especially by persons who realize that the nature of the daily diet is one of the most important factors in the promotion and maintenance of good health. The answer is reassuring. There is as yet no scientific evidence to show that any one food or any constituent of a food will cause or promote the growth of cancer. Nor is there any evidence to prove that defects in the diet will cause cancer, although such deficiencies may produce other maladies.

Several years ago I pointed out in the popular book, "Cancer, What Everyone Should Know About It," that the only possible connection between nutrition and cancer seemed to lie in the fact that cancers were somewhat more prevalent in persons who are overweight. The fact that persons of normal

weight are somewhat less likely to have cancer than are overweight persons has been confirmed by recent investigations, which are described in the Bulletin of the American Society for the Control of Cancer for January, 1941.

Tests on laboratory animals and studies of insurance statistics are reported as showing that from 8 to 20 per cent fewer cancers develop in individuals of average weight. Diet does not, however, exert any effect upon the growth of a cancer after it has started.

Keeping your weight down, especially in middle life, may therefore be helpful in the avoidance of cancer. Obesity is also undesirable for other reasons, since overweight persons are more susceptible to diabetes, hardening of the arteries, high blood pressure, and many other troubles.

Most obesity is, of course, due to over-eating, although a few cases are inherited and some are caused by glandular disturbances. Grossly overweight persons should consult their family physicians, while others should eat less, taking no more than sufficient calories for their body needs from such nourishing foods as milk, eggs, fruits, meat, bread and butter, and vegetables.

**Hadassah**  
 The Summit Chapter of Hadassah, a nationwide women's organization that began its work 20 years ago, devoted to a program of child welfare, health advancement and medical relief in Palestine, will participate at a donor's luncheon for the Northern New Jersey Region of Hadassah to be held at the Waldorf Astoria Hotel, New York City, on March 26. The Summit Chapter will be one of fifteen other chapters in this region participating at the affair where an expected attendance of 1,500 women is assured.

Mrs. Herman Silberman has been appointed chairman for the luncheon. The affair, locally, will be in direct charge of Mrs. Max J. Shapiro, president of the Summit Chapter, together with Mrs. Michael A. Stavitsky of Murray Hill, who is president of the Northern New Jersey Region.

**Presbyterian Men's Club To Hear Rev. Thomson**  
 The Rev. J. Claude Thomson, Ph.D. of the University of Nanking in China, will speak in the Parish House of the Central Presbyterian Church, at 8 o'clock on Friday evening, March 28th under the auspices of the Men's Club.

Few Americans have had the experience of travelling over the famous Burma Road during the recent months, but the Rev. Thomson has.

His work in China has been in the Department of Chemistry, and later as head of that department, of the University of Nanking. He was in Nanking at the time of the trouble in 1927, and was among the foreigners who were forced to evacuate then. He was one of the first to return, and devoted his energies to rebuilding the work of the university and to the complicated problems of reconstruction.

When the campus was occupied by the invaders during the present war, it was necessary for the students and the larger portion of the staff to move. Dr. Thomson went first to Shanghai, then followed the group to Chengtu in West China where he aided in setting up classes under new and difficult conditions. During the past year he has spent a great deal of his time endeavoring to get equipment and supplies for the University from the coast into Chengtu. He has made several trips back and forth between Nanking, Shanghai, Hongkong, Haiphong, and Chengtu.

Dr. Thomson has recently returned on furlough.

You must have the HERALD if you want the news of Summit. It will cost \$3.50 per year for two issues a week.

This meeting is open to people of the community who enjoy good music and are interested in the work being done by the Inter-racial Committee of the Y. W. C. A.

**Clara Barton Green WABC Radio Topic**  
 The famous pecan pralines of Mrs. Clara Barton Green, of Summit, were the subject of an item on Adelaide Hawley's "Woman's Page of the Air," broadcast over station WABC on March 17, 1941. Mrs. Green is in receipt of a note of appreciation from Adelaide Hawley, in which she praised the confection as being a delicious item for hostess gifts.

Mrs. Green has an exhibit at the Inter-pallial Flower Show this year, located on the second floor, booth 127. She has resided in Summit for many years, having originally come from New Orleans, the home of famous recipes for pecan pralines, a Southern specialty known as unique throughout the United States. Mrs. Green has a special process for salting and glazing the nuts themselves which makes them popular on the hostess tables of many states.

**An Opportunity...**  
 awaits every one of you on Sunday to avail yourself of America's Most Sacred Heritage

**THE RIGHT TO WORSHIP IN THE CHURCH OF YOUR CHOICE**

So why not go to church—Sunday? It is there you can give thanks for the blessings which are yours. It is there you can find comfort and solace for a troubled heart.

With war, strife and hatred running wild, civilization is at stake.

The preservation of religion means the preservation of civilization.

A good citizen attends and supports his church regularly.

Every parent owes his child a religious education.

Send the youngsters to Sunday School. Remember, "Just as the twig is bent, the trees inclined."

### New Providence Township Notes

Things are done a bit differently than they have always been in the past, people wonder why. Being done in the schools, said John F. Fox, supervising principal of the Bridgewater Township Schools as he introduced a motion picture on "Modern Elementary School in Action." The film was taken by interested parents of the activities of the Bridgewater Schools.

The importance of the ability level of each student and of the interest of the students was emphasized in the film. Learning to do and by experience was outstanding.

Mrs. Joseph Mulholland, chairman of the membership committee, announced that to date there were 125 members in the P. T. A. The dues were set at 125.

The sixth grade won the attendance banner for the month. The

classes winning the contest will be announced at the next meeting. Five dollars is offered to the class having the most paid members and to the class having the best parent representation at the meetings.

Mrs. W. Treasurer announced that at the recent organization for a girl scout troop it was found that 46 girls were interested in becoming scouts. So instead of one troop, two leaders and five committee women the interest has made it necessary to start two troops, have four leaders, and ten committee women.

Two more student lunches will be held for the benefit of the Boy Scout Troop 68. One on April 3rd and one on March 25th.

P. T. A. members and friends were invited to attend the motion picture sponsored by the Garden Club, "How Does Your Garden Grow," to be held in the Community House March 25th at 8 p. m.

The Welfare Committee of the Union County Board of Freeholders inspected the new \$100,000 wing added to the Bonnie Burn Sanatorium. The construction is nearly finished with only electrical work remaining. The wing is three stories high and will supply room for 64 beds as well as technical equipment. Bids for the laboratory and furnishings will be requested shortly.

Women's Auxiliary of the Community Association will hold a food sale Saturday from 3 to 5 p. m. at the home of Mrs. William Gehrig, Bolton boulevard.

Marlene Rector celebrated her sixth birthday at a party for her friends this week. Marlene is the daughter of Mr. and Mrs. L. G. Rector of Blue Mountain Farms, Bolton boulevard.

Diana Barry, a first grader, celebrated St. Patrick's day Monday afternoon with a green party for some of her classmates.

Sebastian Liberty, represented by Township Engineer John J. Kentz, presented a plan for a 74-house development at River Slope, on Park avenue near the Passaic River. The plan was delayed when the Township discovered that they owned nine of the key lots in the tract acquired some years ago by tax lien deeds. It was indicated that the Township would sell its holdings to Liberty, who was not at the meeting.

At the regular meeting held this month Liberty had presented a map with his housing outline. The map was rejected at the time because the lots were too small. After Liberty had the plans revised the Township Committee discovered their ownership in going over the map.

Tentative approval was given another new development of a 24-acre tract named "River Bend." This is sponsored by W. W. Drewry also connected with Countryside. Approval of Mayor John W. Oakwood.

### New Providence Borough Notes of Interest

The New Providence Civic Group will meet Monday night in the Borough Hall for its monthly meeting. Several questions of interest including the postoffice situation, will be discussed.

The Girl Scout Committee will meet Monday afternoon at 3 o'clock at the home of Mrs. John Leavens in Overhill road, Tall Oaks. The committee has made a ruling that a Girl Scout Group shall consist of not more than 24 members, new members will be admitted in February and September and must be at least 10 years old. No new members will be admitted to the present troops until September.

The Board of Health will meet next Thursday evening at the Borough Hall.

The Parent-Teacher Association will hold its annual "Father's Night" meeting April 1st in the school auditorium. A covered dish luncheon will be served. Lockwood Dorrance will be chairman of the meeting.

New Providence Players are planning to present 2 one-act plays April 4th in the school auditorium under the sponsorship of the Recreation Committee of the Borough Council.

Plans are being completed for a party to be given the winning membership team of the Methodist Sunday School to be held April 4th in the church parlors. The membership drive ends on March 30th.

S. McKim Rusak, supervisor of the Sewage Treatment Works, is attending the State Organization of Sewage Engineers convention this weekend at Trenton. Mayor John W. Oakwood is attending the convention today.

### Garden Association Sponsors Luncheon

The New Jersey Division of the Woman's National Farm and Garden Association is sponsoring a luncheon and meeting at the Hotel Morton in Atlantic City on Thursday, March 27, at 1 o'clock, at which Mrs. Francis King will be the principal speaker, and Mrs. Henry Ford guest of honor.

Mrs. King and Mrs. Ford were the founders of the Woman's National Farm and Garden Association in 1914. The organization, with a membership of 4,000 throughout the country, is an outgrowth of the Farm and Garden Association. During the First World War days, it will be recalled that the Farmerette movement was popular, and it is felt that an equal interest in garden production will be much in evidence in view of present conditions. Since the last World War days, the Association has been active in the betterment of farm conditions, improving the quality of farm and garden products, and providing a market for the handicraft and products of home kitchens.

It supports scholarships for girls in agricultural and horticultural schools, and publishes an official "magazine," "Home Acres," which stimulates a helpful exchange of ideas among farm and garden enthusiasts. A Farm and Garden Shop, located on Rockefeller Plaza in New York, sells delicacies made in farm kitchens, and Mrs. A. M. Decker, Shop Director, will be present at the Atlantic City luncheon to display and sell these products.

Mrs. Clara Barton Green, of 32 Lenox Road, Summit, President of the New Jersey Division of the Association, has issued invitations to New Jersey members and urges as many as possible to attend. The Hotel Morton offer a special \$1.00 luncheon, or a room and bath, including all meals, at \$5.00 per day. With home production one of the National Defense projects, it is expected that the guests attending this meeting will carry away many constructive suggestions for stimulating public interest in their home localities.

The National Council of the Woman's National Farm and Garden Association held its meeting on Thursday of this week at the New Weston Hotel in New York.

### Board to Seek New Draft Data

Aid for Summit and other Union County draft board members in obtaining information to solve questions dealing with registrants' dependents has come in form of supplemental questionnaire forms which will be sent out hereafter with all regular questionnaires.

Adj. Gen. William A. Higgins, State selective service director, issued a bulletin stating that the new form was designed to obtain from men with dependents additional facts concerning the financial status of themselves and members of their families.

At the draft office here, it was said the forms, properly filled out and returned with the regular questionnaires, will eliminate the necessity of calling in a large number of registrants who do not furnish the board with information sufficient to determine what demands in the way of support their relatives are being made upon their income.

The form calls upon the registrants to list the names of brothers and sisters and the husbands of the latter, if married; the weekly earnings of these persons, the net value of property owned by these persons, exclusive of furniture; the net value of property held by other relatives in the household, names of other relatives or boarders in the house, the income from other sources, whether the registrant's wife is working, her earnings and name of employer; if not working, when she last worked, and the income and occupation of the registrant's father.

### Dogwood

The Editor, Summit Herald:

My hearty vote is for the dogwood. It is, I think, our finest all-year-round tree. Its spring glory often blinds us to other lesser, but still real, charms at other seasons. After the spring blossoms have fallen the shapely leaves spread to form a comely thatch and supply complete shade, which prevails all summer.

In the fall before the leaves drop, and, indeed, while they are still green, the berries turn a brilliant red, giving a pre-Christmas effect almost as pleasing as the holly. Unfortunately our greedy squirrels over-running Summit derive us of much of this beauty.

The fall coloring of the dogwood is among the most effective of our woods.

Throughout the winter the perky gray buttons giving promise of the spring glory of blossom supply a pleasing touch to the landscape for those with eyes to see.

The trees within my narrow range, by the way, offer scant promise for the now advancing spring, for they outdid themselves last season in blossom time, and seem resting up this year; the buttons are not nearly so plentiful as usual. But fortunately not all trees select the same season for the cycle lay-

off, and out of the narrow range of my vision the promise is probably better.

The dogwood is a highly appropriate emblem for the HERALD.

Sincerely yours,  
J. E. MAFFEE,

of New Providence Borough was asked as he is also associated with Drewry in the development.

Plans are being completed for a party to be given the winning membership team of the Methodist Sunday School to be held April 4th in the church parlors. The membership drive ends on March 30th.

The schools will address the College Club at its meeting Thursday, March 27, at the Kent Place Commons room. His topic will be "What Latin America means to the United States."

The Board awarded a contract for educational supplies to Milton Bradley Co. of New Brunswick for their low bid of \$572.62. The Cyclone Fence Co. of Newark was awarded a contract for erection of an iron backstop and fencing for the school ball field. The fencing is only for the Academy street side of the field. Their low bid was \$390. Allied Equipment Company of Trenton was awarded a contract for new furniture for the third grade room and a 100 auditorium chairs on their low bid of \$602. American Playground Equipment Co. was awarded a contract for a bicycle rack on their low bid of \$32.75. Manual Training supplies were awarded lowest bidders on the various items while bids for janitor supplies were held over.

The Recreation Committee was granted permission to use the school auditorium April 4th for two one-act plays to be given by the Dramatic Club providing present rental charges are paid. The New Providence Property and Game Protective Association was given permission to use the auditorium for a program of conservation films at some future date. Supervising Principal Allen W. Roberts reported conclusion of a number of tests in the Junior High School which showed a marked improvement over last year's tests. In many cases classes are as much as a year ahead of the national norm for their age.

The Board of Education will hold a special meeting April 2nd at Lincoln School to discuss heating problems at that school. At Wednesday night's meeting a report was received from Vogelbach and Associates of Newark, consulting engineers, outlining defects in the present heating system and making recommendations for improvements. Cost of all recommendations would be about \$10,000 which would include installation of new boilers and new piping and heating units throughout the building. The Board will be unable to finance the entire program at this time and is divided on the question of making only a part of the proposed repairs. Mr. Vogelbach will attend the April meeting to assist the Board in reaching a decision. During the past few years, the school has been modernized with

the exception of the heating system, which is not altogether satisfactory.

Plan number three, providing for the placement of all seventh and eighth grades in Edison School, was favored by the executive board, but a number of objections to this plan was expressed in a letter to the Board of Education. The report of the nominating committee was presented by Mrs. John Callender, in the absence of the chairman, Mrs. Frederick L. Reynolds. The following officers were nominated for the coming year, to be voted upon at the general meeting of the Association in May: President, Earl S. Christman; honorary vice-president, A. J. Bartholomew; first vice-president, J. G. Shuttlesworth; second vice-president, Mrs. Stephen G. Kent; recording secretary, Mrs. John R. Whitlock; corresponding secretary, Mrs. H. C. Flannigan; treasurer, Mrs. Frederick L. Reynolds; parent director, Mrs. Nelson E. Chance; teacher director, Miss Blanche Hubbard.

### Beacon Fire Chapter, D.A.R., Has Greatest Membership Increase

Beacon Fire Chapter, Daughters of the American Revolution, was over the top with the greatest increase in membership throughout the state during the year ending December 31, 1940, and was presented with the prize, awarded by the State Treasurer, at the Annual State Conference held in Trenton last Thursday and Friday.

Another honor was given the Chapter, Mrs. Joseph E. Pryor was elected State Treasurer, giving the Chapter a member of the State Board. Mrs. Pryor is just finishing a term as National Chairman of "Insigla."

Members attending the State Conference were: Mrs. Charles W. Koehler, Regent; Mrs. George W. Waterhouse, Vice Regent; Mrs. Joseph E. Pryor, Treasurer; Mrs. John W. Guppy, Historian; Mrs. Joshua R. Goughly, Approved School Chairman; Mrs. Harry A. Marshall, National Defense Chairman; and Mrs. Richard L. Corby was selected as teller on the election board.

Miss Carol Chur of 78 Essex Road, the Chapter's Good Citizenship Pilgrimage Girl from the Summit High School senior class, was a guest of the State Society D.A.R. where she received her Good Citizenship awards, the girls had an audience with Governor Edison and lunch in the Old Barracks.

Our Governor, The Honorable Charles Edison, welcomed the members and guests of the Annual State Conference to the State House and in his address stressed the fact that we have a common interest in the present crisis.

The State Society contributed \$300.00 to a general fund raised by the National Society for the purchase of an ambulance to be given to the British Society Daughters of the American Revolution for use in the British service. Also many other contributions were made to various patriotic, educational and historical activities to a grand total of \$57,820.70 for the Chapters of New Jersey.

Lincoln Y. M. C. A. Notes

Vesper services were held on last Sunday. Rev. James H. Robinson pastor of the Assension Presbyterian Church, New York City was the principal speaker. The subject was, "Christianity and the World." The literary and musical program was rendered by Miss Irene Singleton, James House and Frank Dickens. Wm. Chavis, chairman of the Religious Emphasis Committee presided.

The Lincoln Inter-Club Basketball League sponsored in co-operation with the Summit Department of Recreation will come to a close Monday night. The following teams comprise the league: Wm. Pitt, Married Men, Leader's Council and Fair Oaks.

James Vincent has taken the initiative in assembling the smaller boys who play Chinese checkers and croquinoie into teams. The association has expressed thanks to H. B. Twombly for securing games for the game room.

The Negro History Club met on last Tuesday night. Twenty-eight persons were present. The discussion centered around, "Achievements since 1865." The discussion was very lively as pointed questions were injected by various members. In the absence of the president, Miss Grace Edwards presided. Benjamin Haines reported for the membership committee; Fred C. A. Johnson reported for the publicity committee; Miss Edwina Singleton for the educational committee and Mrs. L. H. Ader for the program committee. The popularity contest will be held April 10th. Mrs. Arlie Wilson, Mrs. Mabelle Peoples, Mrs. M. E. Harrison and George Barrow served the members a little collation.

## KNOW NEW JERSEY— By C. A. Bradshaw

Spanning Stony Brook near the Quaker Meeting House on the old Princeton-Kingston branch turnpike is a concrete bridge, the early history of which is unknown. It is believed to have been built about 1807 when the Lehigh Valley created the company which constructed the turnpike, that extends from Harney's Corner, Trenton, to a junction with the road at the bridge. Many historians confuse it with the bridge at the foot of Bruere's Hill on Route No. 27. The latter, rebuilt after it was destroyed by the British in the Battle of Princeton, in 1777, is still standing. Files at the clerks' offices of both Mercer and Middlesex Counties fail to show any record of its erection.

**Central Junior High To Give Musical Play**

We want to know what the youngsters of Summit are doing—in school or out. Small boys and girls, and larger boys and girls are welcome at the HERALD office. Come in and give us the news before or after school or during lunch hour if you can.

Central Junior High School dramatists will present "The Friendly Kingdom" as their annual spring production at the Summit High auditorium on Friday evening, March 28th, at 8:15 p. m. The show is of a musical character with a chorus of 70 seventh, eighth and ninth grade girls.

Directing the production is Mrs. Dorothy Knoblauch, speech and English instructor. The chorus is under the direction of Miss Grace Derb, music teacher.

The theme of the show is the friendly relationships between South America and the United States. Most of the costumes are of the 16th century Spanish type. A cast of characters follows:

The King—Fred Fisher  
Lord High Chancellor—James Shifert  
The Queen Mother—Avery Foster  
The Three Generals—Allen Ebbert, Joe Warren, Robert Duncan  
The Two Pages—Columbia Koch, Perry Ross  
The Four Heralds—Ann Felt, Ann Gorman, Betty Gorman, Mark Keenan

**"Great Dictator"** At Newark Loew's

The widely discussed Charlie Chaplin comedy "The Great Dictator" return to Newark at Loew's, for its second engagement and will be presented this time at regular popular prices. Also on the same program will be the romantic comedy "Keeping Company" with Frank Morgan starred.

Manager Bill Phillips announces "The Great Dictator" will be shown in its original form, running a little more than two hours. Chaplin is seen in a dual role—first as a pathetic little barber of the ghetto with his famous derby hat, cane, baggy pants and over-size shoes, then as Hinkel, dictator of Ptomania. He talks too for the first time on the screen. Chaplin wrote, directed and produced "The Great Dictator."

Paulite Goddard, now a star in her own right, is the comedian's leading lady. Jack Oakie is seen and heard as the rival dictator, Napoleon. Reginald Gardiner appears as Schultz, officer who befriends the people of the Ghetto, and Henry Daniel as Garbitsch and Billy Gilbert as Herring, two of Hinkel's henchmen. A new romantic team, featuring two of Hollywood's outstanding young players, Ann Rutherford and John Shelton makes its appearance in "Keeping Company" comedy relating the trials and tribulations of newlyweds. Supporting Morgan and the romantic team are Irene Rich, Virginia Weidler, Virginia Grey, Gene Lockhart and Sarah Haden.

Cagney and Miss deHavilland carry the starring roles of the dentist and his demure but purposeful wife. Cagney's role is a complete turn-about from anything he has hitherto done of the screen. "The Strawberry Blonde" title role is played by Rita Hayworth. Also featured are George Tobias, Alan Hale and Jack Carson.

Featured on the same program are a new March of Time, and a color cartoon, "Shop Look and Listen."

A new, light-hearted, rollicking comedy called "Honeymoon For Three" opens Sunday at the Lyric Theatre. Ann Sheridan and George Brent are starred as a couple of people who fall in love with one another but try to convince themselves that it is more a matter of convenience than romance. When an over-romantic ex-college student, played by Osa Massen, claims Brent as the man she adores, romance climbs out of the back seat and takes over the driver's wheel.

Ann comes through with her finest performance to date as a girl who has to enter a battle of wits (armed with some very snappy dialogue) to keep her man from surrendering to an eight-year-old romance. Brent shows how excellently he can play a comedy role when he comes in for laugh after laugh as a popular author who has more trouble with his women than with his writing. Miss Massen was perfectly cast as the young matron who could not forget a certain summer's evening during her college career but who could easily forget that she was married to a very patient man, played by Charles Ruggles.

"Honeymoon for Three" is a perfect combination of sophisticated and slapstick humor. Both the dialogue and the situations provide plenty of laughter. One of Warner's top notch directors, Lloyd Bacon, gave the picture a breezy pace that is in keeping with its humorous story. One will never

**REGULATIONS AND OBLIGATIONS**

PLACE a circle around the letter "T" if a statement is true and around the letter "F" if a statement is false. When finished, turn upside down to read correct answers at bottom of this test. Your score is the number right minus the number wrong. How good are you?

1. All automobiles manufactured since 1938 must have "safety glass" windshields. T F
2. A signal which flashes red repeatedly has the same meaning as a stop sign. T F
3. The first thing to do immediately after an accident is to assist the injured. T F
4. Granting an operator's license is not granting a privilege. T F
5. A double line painted down the center of a highway means "cross when safe." T F
6. If your brakes will stop your car in thirty feet from twenty miles per hour on dry level pavement, they will pass most state inspection requirements. T F
7. According to the doctrine of "last clear chance," the responsibility for a collision rests with the driver who had the last clear chance to avoid the collision, even though the other driver may have been at fault. T F
8. It is a social obligation of a licensed driver who develops a physical disability to have this condition compensated for or corrected. T F
9. An automobile owner may be judged guilty of negligence even though he is not driving his car. T F
10. It is legal everywhere in the United States to exceed the speed limit when you are driving an injured person to the hospital. T F
11. Laws governing maximum speed do not vary among the different states. T F
12. Inspection of motor vehicles by state and local governments is of little value because mechanical defects contribute relatively little to accidents. T F
13. The standard meaning of the octagonal sign as used on roads in the United States is "stop." T F
14. The diamond-shaped sign on roads in the United States is generally indicative of a warning of danger. T F
15. The fact that road courtesies have been violated has resulted in the enactment of numerous traffic laws. T F

**Animal Welfare League To Give Musical Program**

The program, which the artists of the evening are planning to give at the benefit musicale for the Summit Animal Welfare League at the home of Mrs. Ralph Aronson, 70 Hillcrest avenue, Summit, this coming Monday evening, should prove most interesting.

Ethel Tozier Hardy, pianist, will play one group of Chopin and a second group made up from modern composers. John Ladenburg, Bavarian baritone, will sing songs of Handel, Schubert and Strauss. Daphne Carmen, soprano, promises two groups, one of which includes three of her own songs: Bubbles, Reflections and Even Song. She will also sing April Love by Carrio Ward Lyon, a composer now living in Chatham.

**SUMMIT SYMPHONY** Concert Next Sunday

The sixth public concert to be given by the Summit Symphony Orchestra will be presented Sunday afternoon in the auditorium of the Senior High School at 2:30 p. m.
