Second United Benefit For Britain Plans Whirlwind Campaign

The Second United Benefit for Britain, sponsored by Summit, Short Hills, and Chatham, and given for the British War Relief, the Refugee Relief Workrooms, and the Save the Children Federation, has got off to a good start for a whirlwind campaign, and will wind up next week with two outstanding events. Letters to sponsors have gone out, and simultaneously tickets have been placed on public sale.

This fall it will be a case of first come first served, and reservations may be made at the Summit Herald. The public should not forget that all seats at the concert are reserved, and should be reminded that prompt reservations secure the better seats. Do not delay. Phone the Summit Herald today. Make your reservation. Drop in and get your tickets at your convenience. The benefit will consist of two events, neither of which the average citizen will want to miss, states Maxwell Lester, Jr., general chairman.

The committees that have conducted the British benefits in the past have each time endeavored to give the public a real treat in the way of musical entertainment. The present committee has made a special effort to present the unusual and the intriguing in the way of a musical program for next week Friday night at the Summit High School. The artists are top-ranking. Their pictures will be found in this issue of the Herald. The entire program follows:

- ROMAN TOTENBERG (Violinist) Sonata for violin and piano in D Major op. 12 No. 1—Beethoven.
- Allegro con brio. Tema con variazioni. Rondo. Allegro. Kurt Adler at the piano.
- ELLA FLESCH (Dramatic Soprano) Aria from the Opera, "Macbeth", Verdi Prayer from the Opera, "Lucia" Puccini Two Hungarian Gypsy Folk Songs. Assisted at the piano by Kurt Adler.
- ROBERT GOLDSAND (Pianist) Ballad in G Minor—Chopin Two Songs Without Words—Mendelssohn Jeu d'eau—Ravel
- SUZANNE STEN (Mezzo-Soprano) Aria from the Opera, "Cavalleria Rusticana" Mascagni (Continued on Page Two)

Charges Made Before Council By McGeorge Against The Murphys

Howard D. McGeorge of 57 Hobart avenue had some things to say Tuesday night before Common Council about Robert J. Murphy, Sr. and his son, Judge Robert J. Murphy, Jr.

He charged the elder Murphy with alleged irregular practices in W. P. A. assistance in connection with the development of West End Gardens, a real estate development opened a few years ago by the latter. Because of these alleged practices, Mr. McGeorge requested that Council make an assessment against Mr. Murphy for materials which the W. P. A. had furnished.

To this request, Councilman-at-large G. Harry Cullis, acting as chairman in the absence of President Maxwell Lester, Jr., said: "As a W. P. A. project, Council has no authority to make assessment unless it is written in the ordinance."

Mr. McGeorge also asked if Council had paid \$400 in legal fees last year for the defense of two Summit policemen who were associated with the arrest of Joseph R. Lamont on the charges of being a "common scold" in his relations with a former business partner. Because of Judge Murphy's action in this case and his handling of other cases, of which Mr. McGeorge said he would offer comments at another time, the latter asked that Council review the status of Mr. Murphy as Judge.

Chairman Cullis said he would refer all of Mr. McGeorge's requests to the proper committees for study. Judge Murphy sitting a few feet from Mr. McGeorge as he made his requests of Council had no comments to make. Mr. Murphy, Sr., when asked yesterday about Mr. McGeorge's requests had no comment to make.

Protests To Council Against Sunday Games at Memorial

In a letter read Tuesday night by Common Council from former Councilman R. T. Betts of 7 Manor Hill road, protest was made against several uses now approved by the Board of Recreation at Memorial Field. One cause of complaint was the practice of allowing Sunday football games with its accompanying yells, shouts, horn blowing and raucous noises. Similar practices at the twilight softball games was also enumerated as being a nuisance.

The writer also pointed out that because of traffic congestion caused by these practices Council had found it necessary to put into effect traffic regulations. As an outgrowth of the regulations, Mr. Betts further pointed out that Council had planted no parking signs along Manor Hill road and in the neighborhood much to the disfigurement of the section as a residential area. In place of the planted signs, Mr. Betts asked that portable signs be employed.

A letter from J. D. Hellhall of 116 Ashland road protested against Ashland road being made a speedway thus making it a hazard for residents along that street to drive from their driveways. The writer also cited the danger to the safety of children.

Both of these letters were referred to the Mayor and the public safety committee for study.

SHOULD WE REPEAL THE NEUTRALITY ACT?

In this issue The Summit Herald tries an experiment. If you like, the experiment will be carried further.

On page four are two arguments—the Pro and the Con of the question "Should we repeal the Neutrality Act?" It is a national issue of great importance and both Congressman McLean and Senator Barbour have indicated to The Summit Herald that they would like to hear Summit's reaction.

The first thing to do is to read the arguments. Then—in Monday's paper—we will publish a ballot which, incidentally will carry a number of other questions. You can tear the ballot out of the paper, mark your opinion on the various questions and leave it at The Summit Herald any time or mail it if you prefer.

It will interest you to know that this experiment has attracted the interest of Dr. Gallup of the Gallup polls and he has made suggestions with respect to questions.

The purpose behind the experiment is not only to obtain a reaction on specific questions but to encourage discussion and expressions of opinion regarding questions which seem important. Summit's reactions to questions will be reported to our representatives in Washington so that, to some extent, your ballot will be the equivalent of a letter to your Senator or Congressman on questions of importance.

It is not at all certain to us that enough people will vote to make the experiment in this form seem worth continuing. We hope, however, that many will vote and that this feature can be continued. We will probably aim at a ballot a month on a Question of the Month.

This experiment, we may add, has grown out of the experiment of the Summit Independent Club last Spring when voting machines were used to obtain an expression of community opinion. We are not attempting to use the voting machine this time but are trying the ballot idea instead.

Read the debate in this issue. Watch for the ballot in the next issue. Tear it out and mark your opinion on the questions submitted to you. Return the ballot to The Summit Herald by mail or in person and we will count the votes and tell you and others what the community thinks.

A GREAT COMMUNITY UNDERTAKING

The annual United Campaign which begins October 24th impresses us in a special way—apart from its purpose. It annually creates a notably efficient community organization of 500 local residents who, in the space of about two weeks, collect fifty to sixty thousand dollars for the major social service and character building agencies of the city.

True the organization is not new each year. There are many patient, devoted workers who stay and help the United Campaign to maintain continuity. But each year workers are recruited and each year 500 people—probably more—take hold of the job and do it.

It seems to us that the virtues of institutions, which are not so much noticed during peaceful times, become clearer during any time of emergency. In times of trouble we find we are very glad that we have been building up organizations like the Y. M. C. A., the Y. W. C. A., the Lincoln "Y." We are glad that organizations like the Boy Scouts and the Girl Scouts exist in our land—that there is a Co-operative Service Association skilled in the handling of people in trouble and a Summit Home for Children. It gives a person new confidence and a feeling of strength to see solid American institutions around him and to see, in them, a reflection of the things that we stand for in this country.

We think it makes a person want very much to see them perpetuated—to see them grow in usefulness during the threat of difficult times.

In such institutions as these seven which are supported through the United Campaign we see the ways of a free country reflected. These are Democratic institutions. Here are free men and women working for the betterment of other free men and women.

We need not say that we think everyone who can should make some contribution—if it is only a token contribution—to the United Campaign.

Director Merrill Tells Rotary Of United Campaign

At Monday's luncheon meeting of Summit Rotary Club, Rotarian Louis Pulman, chairman of the Fellowship Committee, introduced Director Oliver Merrill, who gave an outline of the organization, aims and purposes of the United Campaign.

The speaker pointed out that in 1935 the committee met for the purpose of deciding whether or not the Community Chest organization would meet the requirements of Summit. It was found, he said, that local conditions required a different approach to the need problem, and the United Campaign was organized with a Central Committee which prepared the subscriber lists and arranged for collections, also reviewing and passing upon budgets.

Mr. Merrill enumerated the seven agencies participating, i. e., Boy Scouts, Girl Scouts, Co-operative Service, Summit Home for Children, Lincoln Y. M. C. A., and Y. M. C. A. As director of the campaign, which enters its seventh year on October 24, 1941, Mr. Merrill gave a summary of the work performed by each of the seven participating agencies.

The United Campaign, the speaker explained, will be called upon to collect a greater amount of money this year, notwithstanding that conditions may be somewhat generally improved. The reason for this, he added, is that the agencies are planning a broadened program of activity, which, in the opinion of the Central Committee, is entirely justified by the need.

Mr. Merrill concluded his remarks with an appeal to the members for their support.

Council Takes Stand Against Referendum On Civil Service

Common Council in a prepared statement read at Tuesday night's meeting enumerated its reasons for disapproving favorable action upon the referendum to be submitted to Summit voters in the November general election, asking that city employees be placed under civil service. The statement addressed "To the citizens and taxpayers of the City of Summit," reads as follows:

"The Civil Service Association, an association made up of members under Civil Service throughout the State of New Jersey, has filed with the City Clerk a petition signed by the required number of legal voters of the City of Summit, requesting that there be submitted to the voters by referendum, at the next general election to be held on November 4, 1941, the question of adopting for the employees of the City of Summit, Civil Service, as set forth in the statute. The Common Council disapproves this action for the following reasons:

"Civil Service would bring no advantage to a community like Summit. It would bring, however, many difficulties, new problems, additional expense and an entirely different spirit and even different people in the service of the City."

"The Common Council is aware of the increasing gravity of today's conditions and recognizes the need to keep local taxes down to the lowest possible point."

"The Common Council has always been fair to all the City's employees and will continue to follow this policy."

"By and large, we have an excellent City personnel. They are loyal and are well paid. We have an unusually fine system of government guided by business men who have no interest in patronage. We believe that the adoption of Civil Service would alter the spirit of our City employees and would tie the hands of our Common Council in efficiently discharging their duties. We believe that the best interests of Summit are served by keeping the responsibility of employing, discharging and promoting in the hands of our Common Council and not in an outside State agency."

"Let it be said additionally that the present Council has already committed itself publicly through the new Police and Fire Department rules and regulations to select candidates for City positions by a merit system of impartial examination. Thus the advantage of Civil Service can be had without the attendant disadvantages."

"The Common Council has been advised by employees in various departments that they have made no request for this referendum and have solicited no signatures for said petition."

"YOU ARE URGED TO VOTE AND TO VOTE 'NO' ON CIVIL SERVICE."

League Of Women Voters Hears Senate Candidates

At the League of Women Voters' meeting at the Hotel Beechwood on Monday afternoon, candidates for the State Senate, James E. Downes, Democrat, Herbert J. Pascoe, Republican and Dwight A. Danforth, Independent, precipitated a lively discussion.

The meeting was opened by Mrs. Norris B. Briscoe, president of the League, who for the benefit of the members and guests present, explained that the function of this non-partisan organization was to create larger numbers of intelligent voting citizens. This, she stated, is accomplished through the gathering of unbiased information, hearing speakers from both parties and independent groups, and through the study groups sponsored by the League.

The principal question asked of the speakers of the afternoon was whether they were in favor of the constitutional convention or the amendment method of revising the New Jersey State Constitution. The first speaker of the afternoon, Mr. Danforth, Independent candidate, stated that he was in favor of the constitutional convention as the best method, although he felt that the group making the changes of more importance than (Continued on Page Eight)

ELLA FLESCH

The Second United Benefit for Britain will have a unique musical evening at the Summit High School next week Friday evening. It will be a Refugee Concert in which four celebrated European artists will be featured. Above is a picture of Ella Flesch, a Hungarian soprano, former star of the Vienna State Opera Company, who will participate.

ROMAN TOTENBERG

Among the European stars who will participate in the Second United Benefit for Britain's unique Refugee Concert at the Summit High School next week Friday evening is Roman Totenberg, the Polish violinist, the recipient of the Mendelssohn prize for outstanding ability. The benefit is for the Refugee Relief Workrooms, the British War Relief, and the Save the Children Federation, and is sponsored by Summit, Short Hills, and Chatham.

Fortnightly Club Opens Season; Talk By Channing Pollock

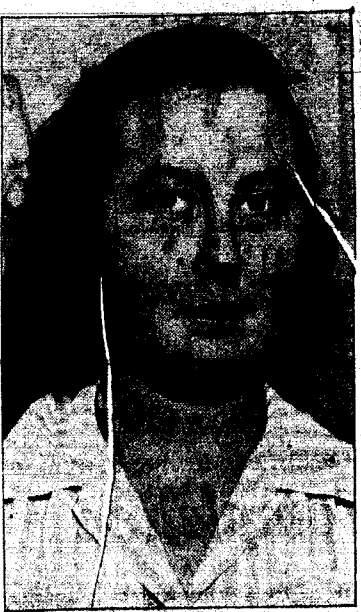

The Fortnightly Club is offering Channing Pollock, author and playwright, at its first meeting of the season, on Wednesday, October 15 at 3:15 in the High School auditorium.

Mr. Pollock is a newcomer to this club but his plays and books are known the world over, and have been translated into many languages. He will speak on "A Philosophy For Everyday Living."

The extent of his fame was demonstrated during his 38,000 mile tour around the world. He was interviewed by the press in China, Japan and India and his plays are being presented in every country that has a modern theater. In addition to his literary productions, his radio work and his writing of plays, Channing Pollock has found time to deliver lectures. He has spoken in almost every university and for virtually every club and town hall between Shanghai and New York.

Among his most famous plays are "The Fool," "Mr. Moneybags," and "The Enemy." Currently he writes for the American Magazine, Cosmopolitan, Good Housekeeping and other leading magazines. He is an author with a definite purpose and he says, "I want to translate the great and eternal truths into terms intelligible to the man-in-the-street; to make them interesting, entertaining, exciting and dramatic to him."

Tea will be served at the Y. W. C. A. after the lecture with Mrs. John H. Schmidt as chairman, assisted by Mrs. Paul R. Bellows, Mrs. Mark H. Dopheus, Mrs. Victor A. Harris, Mrs. Reginald L. Jones, Mrs. Edward G. Ten Eyck, Mrs. Fred W. Schmidt.

MRS. RICHARD MOSER.
Mrs. Richard Moser of Blackburri place has been made chairman of the Staff Assistants' Corps of the Summit Chapter of the American Red Cross. She will conduct a class for staff assistants within the next month, date to be announced. Mrs. Moser is also chairman of the Red Cross Committee of the Junior Service League.

Personal Loan Co. To Open Local Office Next Wednesday

The Employees Personal Loan Company announced today through Manager Robert T. Foster that they will open a modern new office at 360 Springfield avenue, corner of Beechwood road, Summit on October 15th. The lease was arranged through E. G. Houston and occupies 1500 square feet overlooking both Springfield avenue and Beechwood road.

Mr. Foster in discussing the field of personal loans said: "The small loan business holds a definite place in America's financial picture. Most individuals and families need financial assistance at one time or another. The average person does not own stocks, bonds, real estate or similar collateral. However, he can, in most cases, meet the simplified credit requirements of personal loan companies such as ours. The need for such a service is recognized by various state governments who, in the interests of the borrowers, have enacted laws establishing maximum interest rates and providing for supervision and examination of licensed companies."

Mr. Foster further announced that his Assistant Manager would be Eugene P. Carroll of 5 Lum avenue, Chatham, who is well known to Summit residents. He is the son of Mrs. Gertrude Hillock Carroll of Morristown and is a graduate of Bayley High School and Seton Hall College.

Mr. and Mrs. Charles H. Flamm of Ashland road, will celebrate their fortieth wedding anniversary tonight at a dinner at the home of their son-in-law and daughter, Mr. and Mrs. Wilbur L. Melgs, in Moorestown.

Mr. and Mrs. Baum, who have lived in Summit since 1920, were married in South Orange in 1901. Mrs. Baum was born in Summit sixty-one years ago and attended Summit schools. Mr. Baum, also sixty-one years of age, was born in Newark. They have three children, LeRoy Baum, a graduate of Summit High School, lives on Woodland avenue, and is married to the former Miss Elizabeth Walling, whose father was in the hardware business in Summit for twenty-five years where the Summit Hardware is now located; Mrs. David S. Sherman, a daughter who lives in Brooklyn and Mrs. Melgs, formerly Nancy Baum of Moorestown, who also graduated from Summit High School. Mr. and Mrs. Baum have three granddaughters.

Mr. Baum until last year, was for ten years associated with the Overlook Hospital in an accounting capacity. He is in the accounting business at the present in Summit and vicinity.

Mrs. Baum is the chairman of the Women's Bowling Association in Summit and Mr. Baum is a member of the Lions Club, of which organization he was secretary for twelve years.

United Campaign

The goal of the United Campaign this year is \$67,168. This is about \$1,600 more than asked for in the last campaign. This extra amount is caused by the failure to reach the required amount at last year. In consequence of this lack of money, the Agencies have not been able to carry out their necessary activities and have even had to sacrifice some of those which have been in their programs for previous years.

It should be easier to reach the goal this Fall than last as the campaign a year ago came immediately after a very active election when feelings ran high and disappointment was keen to some. This year, the fact that more people are working and making more money ought to be reflected in the result.

There is no question that the Agencies need the money they are asking for. Each budget has been scrutinized by the committee and vouched for as being necessary for their proper operation. The full programs of these seven agencies are very essential at this time. While they have not the glamour of war relief, the work they do is just as important. In fact, if we do not feed and stimulate our own morale at home we cannot do this for others abroad. The business of these seven agencies is to develop at home those characteristics that have made the United States the powerful nation we are today and must continue to be in the future perhaps even more so as we will be essential to world peace and prosperity.

Celebrate 40th Anniversary

Mr. and Mrs. Charles H. Flamm of Ashland road, will celebrate their fortieth wedding anniversary tonight at a dinner at the home of their son-in-law and daughter, Mr. and Mrs. Wilbur L. Melgs, in Moorestown.

Mr. and Mrs. Baum, who have lived in Summit since 1920, were married in South Orange in 1901. Mrs. Baum was born in Summit sixty-one years ago and attended Summit schools. Franklin P.-T. A. Hears Kincaid and Bartholomew

At the Franklin P.-T. A. meeting last Monday night, William Kincaid spoke on the philosophy of education.

He said that the aim of education from the elementary school through the high school is to prepare the child for good citizenship. He is taught how to get along with other people in addition to being taught the skills that will fit him to take his place in the life of the country, Mr. Kincaid said.

Mr. Bartholomew explained the functions of the elementary, junior high, and senior high schools. The elementary school which was formerly called the Common School gives to all children the facts needed by every one at the beginning of his education. It gives people their common knowledge. The senior high school gives the pupil the opportunity of selecting the courses he desires and should prepare him adequately for whatever lies ahead, work college or parenthood. The junior high school tries to bridge the gap between the two schools, continuing in some part the ways of the elementary school and at the same time introducing the pupil to the diversified program of the senior high school.

Gala Dance Saturday Night, Oct. 18 Mark Warnow's Orchestra

"There have been some smart dances in Summit in past years, but the one next Friday night at Canoe Brook is destined to eclipse them all," reports one member of the dance committee. The committee has engaged Mark Warnow's Orchestra of nine pieces and in addition a female vocalist, and Kal Kirby, Mark's right hand man has promised music that will draw even those who have retired from the lure of the light fantastic back to the dance floor. There will be music to everybody's taste, and swing will be king. Light refreshments will be served, and there will be many entertaining innovations.

The dance committee, of which Mrs. Richard G. Moser is chairman, is planning decorations and intriguing features that will preclude the possibility of the slightest dull moment until the wee small hours of the morning.

Merchants' Day

There is a third part to the Second United Benefit for Britain, which will be sponsored by the merchants of Summit. Beacon Fire Chapter To Hear Address On Bird Life

The first meeting of Beacon Fire Chapter, Daughters of the American Revolution, of Summit, will be held in the home of Mrs. Charles W. Kechler, 32 Druid Hill road, on Thursday, October 16th, at 2.15.

The speaker will be Alfred Cookman. His subject will be the "Romance of Bird Life."

Mr. Cookman is a member of several societies of national research, and has delved deep into the science of bird life, his studies having taken him into many lands.

During the past ten years he has addressed millions on the lecture platform and has been speaking over many radio stations throughout the United States.

His dramatic and educational presentation of the various activities of birds in their natural haunts has created a new technique in lecturing.

Program of Duncan Dancing Saturday Morning

On Saturday morning, October 11th, at 10 o'clock, there will be a demonstration class in Duncan Dancing, in the girl's gymnasium of the Summit High School, where the rest of the series of twenty-five lessons will also be held. This demonstration will give an opportunity to new pupils and their parents, to see the dancing of the more advanced groups of children. Afterward there will be informal dancing and games for all children present.

After this first general lesson, the weekly program of classes will be as follows: girls, 9:15 to 10:15; children, 4 to 7 years, 10:15 to 11:15; children, 8 to 12 years, 11:15 to 12:15.

These classes will be held under the direction of Miss Anita Zahn, already well-known in this community.

The patronesses are: Mrs. John Curtis, Mrs. Allan Hay, Mrs. Mallard MacLehose, Mrs. Arthur Markham, Mrs. N. McGiffin, Mrs. L. P. Moore, Mrs. Thomas Prout, and Mrs. E. Allen Smith, of Summit; Mrs. Richard Bosworth, Mrs. Edward Chalf, Mrs. Fred Ely, Mrs. Frederick Goucher, and Mrs. Ralph Smith, of Short Hills; Mrs. R. L. Peek of Elizabeth; and Dr. Mary MacGregor of Chatham. Further information about the work may be had by telephoning Mrs. Arthur Markham of Summit, whose number is Summit 6-1059.

Conclude Fishing Trip

Chatham
Richard Lum and Dr. Fletcher I. Kraus returned to Chatham on Monday from a three weeks' hunting and fishing trip in the Province of Quebec, Canada.

Radio Broadcast

Edward John Bazarian, son of Mr. and Mrs. Albert Bazarian, of 16 Walnut street, participated today in the first of a weekly series of radio broadcasts entitled "The Brothers College Hour", heard over station WGN, Newburgh, N. Y.

The programs, sponsored by Brothers College, Drew University, are designed to show what stud-

ents on American college campuses are thinking about current world events. The five students who appeared on the program were selected by their classmates as particularly well versed to discuss the topic "The Changing Nature of the War."

New Summit Shop Carries All Window Furnishings

The Window Shop, a new store with novel ideas, opened Friday on Maple street. Filling a definite need in Summit, the shop carries everything you could ask for in the way of curtains, drapes and window ornaments.

The shop gets its name not merely from the fact that it sells

curtains and draperies, but also because the inside walls are lined with windows of various shapes and sizes, all decorated with the latest furnishings.

The Window Shop caters not only to proud living room and parlor windows, but also to less conspicuous but no less important kitchen, hall and bathroom windows. In fact, a window can't be found for which the shop has not the furnishings. The shop also is carrying home accessories, occasional tables and lamps.

The shop handles venetian blinds in both wood and metal and well known lines of drapery hardware.

An attractive ivory and blue color scheme pervades the interior, adding to the bright and cheerful appearance of the shop, owned by Miss Bess Levine.

YES

Before presenting arguments it is desirable to see just what the proposition is. The provisions of the Neutrality Act of November 3, 1939, are as follows:

1. Title of merchandise and munitions sold to belligerent powers passes on delivery on this side of the ocean and the property must be paid for in cash by the purchaser.

2. This property must be carried in ships of the belligerents at the owner's risk.

3. United States ships are restricted as to entry into combat zones.

4. American citizens are forbidden to travel on belligerent ships in danger areas.

5. War credits to belligerents are forbidden.

6. Collection of funds for belligerents is regulated.

7. Export and import of arms and munitions is governed by a license system.

Of these provisions nos. 1 and 5 have been superseded by the Lend-Lease Act; nos. 2 and 4 have been modified by executive action; nos. 6 and 7 are salutary and necessary and should be retained. Therefore controversy centers on no. 3 which forbids United States merchant vessels to enter combat zones.

This provision should be repealed for the following reasons:

1. It has failed of its purpose, which was to avoid unprovoked incidents and, in its own language, "promote the security of the United States." Two U. S. merchantmen have been sunk in open, unblocked waters (the Steel Seafarer and the Robin Moor); several ships of other American republics have been similarly sunk and U. S. lives lost; a U. S. destroyer, the Greer, has been attacked by an Axis submarine while in service in American waters outside the combat zones.

2. It has assured Germany that she has nothing to fear from us,

by letting her know that we would, in effect, send her foes no arms and would not use our ships to give them any aid whatsoever.

3. It has encouraged the Nazis to stir up in the United States and in South America action subversive of republican government and of liberty, by removing fear of our reprisal.

5. It is being evaded by our people and by our government, a disregard of law which is unworthy of a great people.

6. It does not make sense, for it permits our ships to go to Newfoundland but not to Halifax, to Vladivostok but, not to Australia.

7. It obstructs our policy and the fulfillment of our open pledges, which are: to give all possible aid to the Allies; to bring about the defeat of Germany on foreign soil, so that we shall not have to fight her on our own; and to bring about the downfall of Hitler. It forbids us to use our ships for these purposes.

8. It endangers our ships, since it denies them protective armament, and this despite the fact that they are now being attacked by Nazi submarines and raiders even though they are proceeding on entirely peaceful missions.

9. It surrenders our right under international law to trade where we will, subject to lawful rights of search and seizure, save where an effective blockade is maintained. Hitler's submarine blockade is not effective, hence not legal, and never has been.

10. It is directly contrary to our past history and policy, which has been to assert our rights on the seas and to fight for them when they were disregarded. The law tamely surrenders our rights even before they are violated.

11. Congressional repeal of the provision would bring Congress where it belongs—in full partnership with the Executive in the prosecution of the national policy and the national will.

Board hopes enough money may be appropriated to include pupils to the ninth grade.

President J. Winter Davis said examinations by medical boards in the draft had shown many of those called for duty had poor teeth, the result of youthful neglect.

Reports Yards Improve

Health Commissioner Henry Twombly reported improvement in the condition of many yards, as a result of pressure by the Board. He said that where weeds had grown flower beds had taken their place. In Glenwood place, Mr. Twombly said, the conditions were better than for years.

Judge John L. Hughes, counsel, was authorized to write an opinion concerning the proposed dog ordinance which was given a hearing by Common Council, Tuesday night. The measure has been drawn in conformity to state law.

October 18 was set for the semi-annual inspection of tenement houses. Members of the board and heads of civic groups and representatives of the fire and police departments will make the inspection.

Mrs. Harry H. Dampman, member of the Board recently named by Mayor Forster, took her seat. She replaces Mrs. Channing R. Dooley, who is moving to Washington.

On behalf of the Carver Garden Club, Mrs. Dooley was presented a bouquet of large dahlias. The presentation was made by Mrs. L. H. Ader, president of the club. Mrs. Dooley, along with other members of the Board, have long been active in encouraging members of the Carver Club in their work.

Health Board Still Ponders Extension of School Dental Work

The extension of free dental service for school children was again discussed by the Summit Health Board of its Tuesday night meeting. The Board's oral hygiene committee headed by Health Commissioner Dr. John A. Pedicini will continue its investigation and report at the November meeting at which time it is believed favorable action will be taken. Under present conditions, free treatment does not go beyond the sixth grade. The

NO

Apparently disturbed by the apathy of the American people toward President Roosevelt's naval "shooting" orders, the warmakers in Congress, the press and radio have opened a concerted campaign for repeal of the Neutrality Act.

This act prohibits American ships from sailing into war zones. If repealed, it would permit United States' vessels carrying war material to steam into dangerous, submarine-infested British waters. This undoubtedly would provoke spectacular incidents that would be used to raise American war hysteria to a fever pitch.

There are no illusions in Washington about what repeal of this act means. Congressmen, for and against war, recognize that the Neutrality Law has been a formidable barrier against the incidents that brought the United States into the last war. It was designed for that purpose—and having thus far served that purpose, the warmakers naturally seek to have it taken off the books.

Repeal of the Neutrality Act, of course, is a typical subterfuge of the war-making bloc to achieve an end which they lack the courage to work for openly.

Senator Walter George of Georgia, former chairman of the Foreign Relations Committee, this week scored these attempts to repeal this act and exposed them for what they are—a tricky maneuver

to get a virtual declaration of war out of Congress.

"We are not approaching the subject in a way altogether fair to the American people by indicating that a decision on the Neutrality Act is the supreme issue confronting us," Senator George said.

"We should frankly let the American people know what we mean when we say we are going to repeal or modify the Neutrality Act."

Regardless of how attempts to change this act are presented to the American people, there is little doubt that this will be a decisive issue. There is only one way for the people to defeat this shifty plan to pull the country into the war, and that is to let the Senators and Representatives in Washington know that the public is solidly opposed to repeal.

If the Neutrality Act is kept in force, there will be little chance of this Congress enacting further war steps. The Congressional campaigns will get under way early next year—and no Congressman would dare go before his constituents and announce that he was in favor of the war that the change in this law would provoke.

The job for the American people, therefore, is to let their Congressmen know that they are being watched; that, so far as the people are concerned, the Congressional campaigns have already begun. Letters, telegrams, telephone calls to Senators, to Representatives—these will determine how the tide on this issue will run.

The meeting opened with prayer by L. P. Shipley and was followed with a statement by Mr. Dearborn of the plans and objectives for the Sunday School year now under way. The different departments, he said, will be responsible for the programs during this year with a set goal for added members pointing to the 75th anniversary of the church to be celebrated beginning March 17, 1942.

Dr. Buschman stressed "realistic thinking" in terms of present day needs as the aim in Sunday School work "to bring young and old into loving fellowship with Jesus Christ." He made a plea for thinking of the church as the "body of Christ," the Sunday School as the "vestibule to the church," where the teaching is done while the church is the place of worship. Dr. Buschman also reminded the teachers that the Bible, itself, must be used as the text book serving as a link with present, day needs and experiences.

College Club Will Sell No Books Before Sale Opens Next Thursday

Seeing College Club members hard at work in their borrowed store at 19 Union place, filling row after row of shelves with interesting volumes in readiness for the Book Sale that will be held there October 16-20, passers-by frequently attempt to enter, begging permission to "just look around for a few minutes". In every instance, however, they are met with a courteous explanation that the store will be thrown open promptly at 8:30 A. M. next Thursday, October 16, and that until that time the College Club must keep its pledge to the public that no outsider will be given a preview of the stock, and that no one, not even the workers themselves, will be allowed to buy or to reserve a single book.

P. T. A. Reception To Be Held Monday

The P. T. A.'s annual reception for parents, teachers and the new superintendent of schools, William A. Kincaid, will be held at the High School, Monday, October 13, at 8:15 p. m.

Proceeding the reception will be a short business meeting presided over by Mrs. C. A. Sprague, president of the P. T. A., at which Mr. Kincaid and Albert J. Bartholomew, high school principal, will say a few words.

All members of the Board of Education have been invited to attend, it was announced by Mrs. W. P. Worthington, chairman of publicity.

Summit Artist Exhibits At Newark Gallery

Francis Davis will be the theme of the one man show by Gerald Vivian Davis of Summit which will be held from October 13 through October 25 at the Artists of Today Gallery, 49 New street, Newark. Forced to leave France last year because of the war, Mr. Davis was able to bring to America only a small percentage of his work, having left most of his paintings stored in the American Church in Paris.

erican parents, Mr. Davis has passed most of his life in Europe and studied art in Paris, at the Academy Julian and at the Ecole des Beaux Arts. He has exhibited in France, England and Denmark, as well as in the following American museums and galleries: Chicago Art Institute, the Allied Artists of America, the National Academy, Montclair Museum, the American Water Color Society, the New York Water Color Club, and the Vendome Gallery, in New York.

Of his work, L'Art et Les Artistes, a French publication, has said: "Gerald Davis is a fine colorist and suggests the thoughts of his subjects with emotion"; and, on this side of the Atlantic Mr. Davis has also been complimented by the press, as exemplified in the following quotation from the Chicago Tribune: "The canvases of Gerald Davis are vigorously painted and have individual character."

Season Starts for Summit Art Assoc.

(Continued from Page One) during exhibition weeks. **Class Schedules**

"Bill Kay Day" Observed By Kiwanis

William Kay, president of Summit Kiwanis Club, was honored by his associates Tuesday on the occasion of his birthday. The club bulletin had announced "Bill Kay Day" and the members turned out nearly 100 per cent to honor their chairman, who is finishing his second term.
Song parodies in honor of Mr. Kay were sung following which one of the waiters came into the meeting room bearing an immense cake, beautifully decorated and with the Kiwanis insignia standing out prominently. This was the gift of Max Roth, one of the new members of the club, who was unable to be present because of his attendance on pett jury.

Fall Session of Sunnyside Camp

The fall session of Sunnyside, creative arts day camp for boys and girls, which is situated in the country three miles from Summit, opened for ten Saturdays on Saturday, September 27.
Boys and girls, with their counselors, spend the day at camp from ten in the morning until four-thirty in the afternoon. The morning is spent walking with the camp naturalist, lunch is cooked over an open fire and after a quiet time there are out-of-door sketch classes and horseback riding for those who wish it.

Summit Wildcats Meet Ogdensburg Tigers On Sunday — Local Club Rebuilt With New Players at Many of Key Positions

PRACTICE SESSION WILL BE HELD TONIGHT
Summit's Wildcats, hit rather severely by injuries in recent weeks, will place a rebuilt aggregation on Soldiers' Memorial Field this Sunday afternoon to do battle with the powerful Ogdensburg Tigers. Manager Frank Caporaso has announced that his club will be strong at every point, have an ample group of reserves, and will be attired in new red jerseys.
Among the former players who will return to action this week will be Jim McHenry and Dan Force, both outstanding members of last year's squad. Joe Goldberg, a former Weequahic High (Newark) star, and Bourke Corcoran, a Summit High luminary of last year, will also be in the starting Wildcat lineup this week.

New jerseys, replacing the present stock of blue jerseys, were purchased with the assistance of head coach Gifford Leece. It is thought that the color change will put new life in the club from the spectator's viewpoint.
Practice Session
In preparation for the game with Ogdensburg, the Summit club will hold a special practice session this evening under the lights at Memorial Field. Coach Leece plans to put the team through signal drills, correct tactical mistakes made in last Saturday's game with Hillsdale, and develop several new passing and running plays. Should rain prevent outdoor work, a blackboard drill will be held in the Field House.
This Sunday's game is scheduled to start at 2:30 o'clock. Manager Caporaso has made a plea for Summit fans to give more support to the club. Tickets can be purchased at the gate this Sunday.

the guest of the day, Mr. Hodyk brought a group of paintings and some of his recent modeling for all to enjoy. He directed the art classes in the afternoon.

Van Cise Captures Men's Single Play At Tennis Club

Kenneth Van Cise won the club championship in the men's singles tournament of the Summit Tennis Club by defeating F. F. Romanow in a hard uphill fight 11-9, 4-6, 6-4 this past Sunday. Both players found themselves nearing exhaustion in a blistering October sun which sent the thermometer into the 90's and forced shortening of a scheduled five set match to three sets.
Both players started raggedly. Van Cise getting off to a 3-0 lead and Romanow coming back to even the count. With the play steady, Romanow forged into the lead and reached set point no less than five times, Van Cise saving himself each time by a strong service into the backhand corner, and finally running out the set at 11-9.
In the second set, Romanow's deep chop shots and angled volleys carried him to a 6-4 win of the set. However, in the final set the outcome depended on stamina rather than anything else, and Van Cise, with a substantial advantage in fewer years, came through to win the set at 6-4, and the title with it. The match was umpired by T. Dwight Bunce and Charles Rutzler.
In the Summit Men's Championship Doubles tournament, both Van Cise and Romanow will again face each other across the net in the final set Sunday afternoon. Van Cise is teamed with Dr. H. W. Christensen, while Romanow is teamed with a fellow scientist of the Bell Telephone Laboratories, Dr. C. A. Lovell.
This doubles tournament marks the final in a series of seven tournaments this year at the Summit Tennis Club under the general direction of F. F. Romanow, the club's tournament director.

Husband and Wife In Polo Line-up

A husband and wife, both top notch players, will be in the same Long Island line-up when the Burnt Mills Polo Club faces the visitors on Sunday afternoon, October 12 at Schley Field in Bedminster at 3:30 o'clock.
Stewart Iglehart, one of the country's two 10-goal players, will be seen in action along with his wife, the former Marjorie LeBoutellier. Harry East, manager of the Burnt Mills Club, is gathering together a formidable Jersey aggregation to face what is certain to be a high-goal Long Island four.

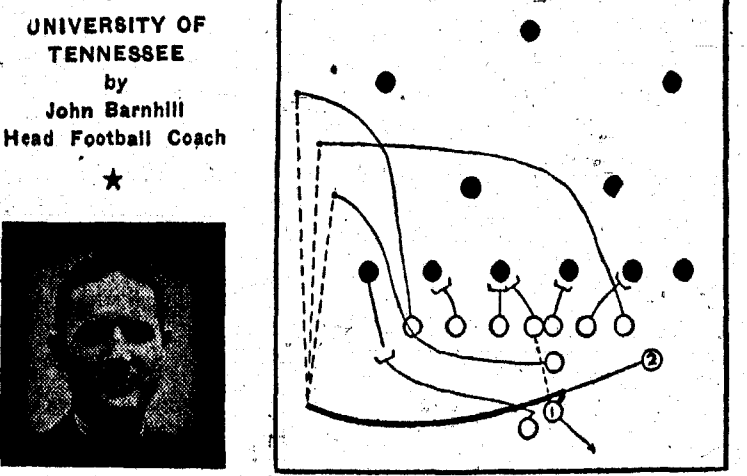

Old Guard Hears Talk On Camp Life

The regular weekly meeting of the Old Guard was held at the Y. M. C. A. on Tuesday morning with Dr. Fred H. Lum Jr. acting as Director. Due to the absence of the song leader, Wm. B. Loane led the singing of the opening ode, Arthur Truslow, who had been away for some months, was found in his usual seat. The Chapter was honored by a visit from a distinguished guest, Dr. Frederick J. Tooker, Missionary to China, stationed at Kuling Kiangsi Province. Dr. Tooker will be in Summit for an indefinite period.
Harry A. Marshall, chairman of the program committee, introduced Fred Dickerson, Program Secretary of the Y. M. C. A. of Summit, who gave a splendid talk on Camp Life for Boys. Of special interest was a series of motion pictures covering activities of Western Life on the Ranch. Next Tuesday will be an open meeting, "free for all" with Roy Baker in charge. The subject to be handled, Vicissitudes of Life.
On October 21st Dr. Charles N. Thorp, member of the Old Guard, will entertain with an address on the Life of Lafayette. At the close of the session the luncheon club met at The Caulfield for conference.

TOUCH-DOWN TACTICS

This is the last in a series of six outstanding diagram plays by leading college coaches from Grantland Rice's new Cities Service Football Guide.
The diagram as shown above is of a play which we have used with very good results. We have not used this play as frequently as some others and perhaps that accounts in some part for the success of it.
The ball was snapped to No. 1 back who gave it to Bob Fox, the No. 2 back, who continued to the left side as though to make an end run. Fox was a man with all around ability which was another influence that worked toward making this pass play a success.
The left halfback blocked off the defensive right end while both of our ends and the quarterback got themselves into position to receive a pass. When Fox reached the point from which he expected to throw, he usually had one of his receivers in the open. Fox was a very successful ball carrier and a great reverse runner which contributed considerably to the effectiveness of his play. The opponents were never quite sure just what was coming up.

Ninth Annual School Horse Show At Watching Stables

About 100 children from all sections of Union County will compete in the ninth annual school horse show at the Union County Park Commission's Watching Stables Saturday afternoon, October 11, at 2 o'clock. In size, they will range from 6-year olds who have just started riding this fall, to smart juniors of the teen age, who are becoming figures in the formal horse show world.
Fourteen classes are listed for the show, according to T. N. Tully, manager of Watching, and there will be competitions for riders of all degrees of horsemanship ability. Each child will compete with children of his or her own proficiency, grouped according to riding experience and progress in the regular junior riding groups at Watching, including Girls Troop, Boys Troop, and the various units of the Watching Junior Troop.
Awards in the classes will be made by a judge thoroughly in sympathy with the practical type of horsemanship taught and developed at Watching.
One of the feature classes, for advanced riders, will be in horsemanship over low jumps. Other events will be a bridle path hack class and an open jumping class and a school horse jumping event in which regular school horses will be drawn by lot.
There will be no charge for admission, parking, or programs, and all persons interested in junior riding programs will be cordially welcomed.

County Hiking Club

What is listed as a "moderately easy" hike of 12 to 14 miles is announced by the Union County Hiking Club for members and guests on Sunday, October 12. The journey will be along the Appalachian trail on the Pennsylvania side of the Delaware Water Gap, with Everett Schaffter, Elizabeth, leading the group.

The Summit Public Library will have an exhibition from November 1 to November 15 inclusive. A special State license is required for the hunting of woodcock. The daily bag limit is four woodcock. The possession limit is two days' bag on ducks and geese and one day's bag on coot.
Federal regulations also provide fifteen days of woodcock hunting from November 1 to November 15 inclusive. A special State license is required for the hunting of woodcock. The daily bag limit is four woodcock. The possession limit is two days' bag.

Summit High Football Warriors Will Battle Millburn in Suburban Conference Contest This Saturday — Local Outfit Undefeated

LEADING RIVALRY IN THIS SECTION OF STATE
Summit High School's Big Red gridiron machine, undefeated after battles with strong Clifford J. Scott (East Orange) and Verona, will invade the staid precincts of Millburn on Saturday afternoon to meet Millburn High in a Suburban Conference battle. It will be a renewal of a rivalry that in recent years has aroused statewide interest, providing upsets, disputes, goal post paintings, etc., and which annually draws the largest attendance figures of any game played in this area.
Although the big battle was originally scheduled to be staged at Summit's Soldiers' Memorial Field, a change to the Millburn home park was made recently by representatives of the two schools under a two-year financial arrangement. The lack of a fence at the local field was the chief factor which prompted moving the scene of the contest to Millburn.
Summit's forces will enter the game as a strong favorite to walk off with another victory, although Coach Elwood C. Cornog's Big Red performers are not taking anything for granted. Even though Millburn was buried 40-0 by Westfield last Saturday, it is considered possible that the Blues, under pressure of rivalry with the local school, might rise to the occasion and upset the Summit contingent this week.

Strong point in favor of Summit triumphing, it has been pointed out, is the well-balanced attack exhibited in the first two games. In the two contests, Summit has gained 474 yards rushing, 139 yards on passes and 75 yards on penalties. The opposition has acquired 194 yards rushing, 94 yards passing and 29 yards on penalties against the locals. The Big Red has registered eighteen first downs as against thirteen for the opposing eleven.
Backfield Is Strong
Most of the yardage credited to the Summit club has been made by five players—Eddie Reavey, Doug Costabile, Frank Sommo, Roy Pease and Andy Genaudil. Their tactical moves, plus a line that has opened wide gaps in the enemy de-

Essex County Golfers Nip Baltusrol Men

Essex County Country Club's team took the measure of Baltusrol's 12-man aggregation 14 to 3 at Essex County on Sunday.
Jifi Blanchard of Essex County carded 38, 37-75 to post the day's best individual round and won his single encounter by 4 to 2 from state senior champion August F. Kammer. W. E. Selby, Jr., of the home club won by 4 and 3 from Shepard Barnes, while Blanchard and Selby teamed to win the best-ball competition, 4 and 2.
In the feature encounter, John Parker and Fred Town swept both singles and the team match from Herb Hall and Martin Lindgrove of Baltusrol. All of the matches in the foursome were decided by a 3 and 2 margin.

League of Women Voters Hears Senate Candidates

(Continued from Page One)

the manner in which the changes are made. That delegates selected by the people and not politicians of either party should be the delegates at a convention was the point stressed by Mr. Danforth. Mr. Danforth in the course of his talk denounced the fact that one must declare a party at the primary elections. Independents should be allowed to remain so, he asserted.

Mr. Downes, Democratic candidate, and member of the Executive Board of the New Jersey Committee for Constitutional Convention, emphatically favored the convention method as the accepted American conception of drawing up a constitution, pointing out that the amendment method was not devised for the purpose of general revision. When more than one amendment is submitted to the Legislature, he stated, a confusion of issues results and none are passed because the word goes around to vote against them all as insurance against getting one not wanted.

Mr. Downes also stated that "if the Republican platform, which is followed by their candidate and if not, why have the party form of government—we shall not have the constitutional revision so badly needed." He compared an amendment constitution to a 1919 Ford with all new trimmings, but still a tin Lizzie. Whether elected or not, Mr. Downes stated his intention to continue his work with the statewide movement to obtain a constitutional convention.

Mr. Pascoe, Republican candidate, answered an allusion by Mr. Downes that he was an 11th hour convert to the constitutional convention method of revision by saying that according to his knowledge of the Bible, the 11th hour convert got to Heaven just the same. His talk, however, hit more upon his activities for past years as a member of the State Legislature, during which time, he stated he had served the people of this state to the best of his ability. The last session was "not a doing nothing Legislature" stated Mr. Pascoe in answer to the repeated

charges that the State Legislature, controlled by a Republican majority, accomplished little this year because of haggling over patronage. Economy on the part of the state had made it possible for 59 per cent of the state's municipalities to cut their tax rates in the past year, said Mr. Pascoe, who also pointed out as proof of our favorable financial status and low tax rates the fact that more defense orders in dollars and cents, has come to the industries of New Jersey than to any other state in the Union. A balanced budget and no new taxes were other factors stressed by Mr. Pascoe.

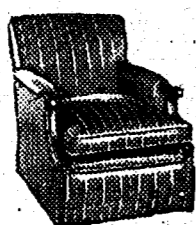

The meeting was followed by a question period.

TWO GOOD REASONS for buying a Winter & Company MUSETTE

You can't expect present-day children to fall in love with an old-fashioned piano. They are as insistent on up-to-the-minute styling as you are on musical perfection. The Winter & Company MUSETTE combines both. It is the symbol of a new day and a new way in piano design and construction. It incorporates improvements and refinements which are as great a contribution to progress as the scientific thinking and planning which makes today's motor cars and radios so superior in performance to those of 10 or even 5 years ago. For example, the MUSETTE has the renowned Practiano feature that makes practice hours pleasanter for all... the Vibrato Bridge... and a New Patented Action that develops the full power of the blow yet responds to the lightest touch. See, Hear, and Play this thrilling instrument. Learn from your own eyes, ears and fingers why the Winter & Company MUSETTE is America's finest console!

Mr. and Mrs. James M. Gordon celebrated their 20th wedding anniversary at a dinner party in their home on Glenside avenue, last Sunday. Their guests from Plainfield, Scotch Plains, Elizabeth, Union, Hillside and the township included: Mr. and Mrs. Howard Van Arsdale, Mr. and Mrs. Henry Shyer, Mr. and Mrs. Roger Brown, Mr. and Mrs. G. C. Fogwell, Mr. and Mrs. T. C. Tronson, Mr. and Mrs. Ralph Barone, Mr. and Mrs. Carroll Dolan, Dr. and Mrs. Leonard Berman, Miss Tillie Pashawitch, Miss Sue Saba, Miss Kathleen Dolan and Edward Heinz.

St. Mary's R. C. Church, Stony Hill, have completed plans for its annual Halloween Costume Dance, which is to be held Wednesday evening, October 29th, in the church hall, Plainfield avenue.

Columbia School will play its first official soccer game on Wednesday afternoon, October 15th, against the Lincoln School team of the borough. The game will be played at Columbia School.

Columbia School will be closed all day Monday, October 13th, in celebration of Columbus Day.

The first P.-T. A. meeting of the season will be held on Tuesday evening, October 21st. The annual Halloween party will be held at this time.

Women's Auxiliary of the Community Association met Monday night in the home of Mrs. Charles Burgmiller. A nominating committee was appointed to name candidates to office at the annual election in November. The committee appointed is as follows: Mrs. John Couser, Miss Helen Moore, Mrs. William MacLeod. Plans were discussed for a dance to be held in the Watchung Club on Saturday, December 6th. The annual meeting and election of officers will be held Monday, November 3rd, in the home of Mrs. John Couser, Horse shoe road.

Clubs for Columbia School opened with enthusiasm as students of the 5th, 6th, 7th and 8th grades followed their interests into new experiences. Among clubs offered this year are: Cooking, under the leadership of Miss Marguerite Stewart. This club will give the girls an opportunity to learn simple cooking, proper table setting, and

the serving of food. Handicraft for girls under the leadership of Miss Napoliello, and Handicraft for boys under the leadership of Miss Louise Bost, will primarily follow the individual interests of these boys and girls. Social Dancing, under the leadership of Miss Madeline Van Arsdale. Last year's club proved very successful as was evidenced by the 8th grade dinner dance last June. Boys' Athletic Association, under the leadership of William B. Cooper, will give an opportunity for physical exercises along with competitive games and the building up of sportsmanship. The Newspaper Club is open to the 8th grade students under the leadership of Miss Helen Pringle. This club publishes the school newspaper, the "Columbia Press" five times during each school year. For two successive years this publication has won second place award in the National contest sponsored by the Columbia Press Association in New York City.

Weekly band practice under the leadership of Harold Warford is held during club periods to enable bus pupils to attend.

Club periods on Wednesday afternoons start at 2:45 which makes it possible for the large bus population to have a part in all club activities.

New Providence Borough

Reporter: Thomas Musson, SU. 6-4392

At the meeting last week of the New Providence Local Defense Council, Chairman Thomas C. Musson named the following committees: Police and fire reserves, Chairman G. Russell Vanderhoof, Chairman Harold Petersen and Lawrence Burgund. Health and first aid, Mrs. Samuel E. Jones, Chairman; Allen W. Roberts, supervising principal of schools, and Mrs. Harold L. Spicer, Questionnaire Committee, Mrs. John Wright, Chairman; Mrs. Jones and Mr. Petersen. Motor vehicle patrols, Vice-chairman Fred Lorentz, Chairman; Mr. Vanderhoof, Mr. Wright, Debris clearance, Mr. Burgund, Chairman; Mr. Lorentz, Mr. Vanderhoof, Vitamin committee, Mrs. Spicer, Chairman. Conservation interest and gardens, Mrs. Wright, Chairman; Mr. Lorentz and Mr. Roberts. Municipal vulnerability, Mr. Petersen, Chairman; Mr. Burgund, Mr. Spicer, Committee to tabulate questionnaires, Mr. Roberts, Chairman; Mrs. Wright, Mrs. Jones and Mr. Lorentz. Home registration and volunteer registration will be taken care of at the Borough Hall by Mr. Musson.

It was reported 1,500 questionnaires had been distributed throughout the Borough by the Boy Scout Troop and the Troop would begin picking up the questionnaires again this week. Any person who failed to receive a questionnaire and desires one is asked to notify Mr. Musson at the Borough Hall.

The local Boy Scouts, Troop 63, held an impressive Court of Honor on Monday evening in the Lincoln School auditorium which was attended by a number of parents and officials of the Summit District. The Eagle Scout award was presented to Samuel Jones, Jr., being presented by Clifford Bernard, president of the Summit District. He stated, he had within the past few months presented a Beaver award for service to Mr. Jones, Sr. and he took special pride in now presenting the Eagle award to the son. He then handed the badge to Mrs. Jones to pin on her son. A gift of the troop committee to young Jones was presented by William Spurgeon, Senior Scout leader.

The meeting was presided over by Christian Neff, Troop leader. An address of welcome was made by Harry J. Schlichting, chairman of

the Troop committee. Nils Sward, district commissioner of the Summit District, complimented the troop on its progress. The Scouts in procession with candles in hand received light from the candle, which represented the light of Scouting. Second class awards were presented to Elmer Stiney and George Egerton and Star Scout awards to George Lewis and Assistant Scoutmaster Albert Grover. Life Scout awards were made to Robert Schlichting and Anthony Cordillo. The Star and Life awards were presented by Mr. Spurgeon.

Meeting Monday night in the Methodist Church parlors, the New Providence Men's Club elected these officers for the ensuing year: President, Donald Irving; vice-president, Albert Musson; secretary, Clifford Borden and treasurer, Edward Kilpatrick. Irving, a former president, succeeds Edward Potter; Musson succeeds Clyde Noll, who refused the nomination for president due to other interests, and Borden succeeds Charles Vanderhoof. Kilpatrick was re-elected.

Next meeting of the club will be November 3rd, when installation of officers will be held and a rally for all former and prospective members will be held. There will be special refreshments. All interested are invited to attend.

The Rev. and Mrs. Ira J. H. Hill of Floral avenue, Murray Hill, will celebrate their twenty-fifth wedding anniversary tomorrow evening, October 10th, in the Madison Methodist Church, where they were married.

Mrs. Hill is the former Miss Hatlie B. Chester, daughter of Mrs. George H. Davis of this place, who lived on Green avenue in Madison for many years. The Rev. Hill was graduated from Drew University with the class of 1917 and is a member of the New Jersey Conferences.

Notes of Interest

The local Girl Scout Troop will hold the second in a series of square dances tomorrow evening in the Lincoln School auditorium. A well-known orchestra will play. Proceeds will be used toward the construction of a Girl Scout cabin. Mrs. Arthur Harms and Mrs. Loren Gray are co-chairmen of the committee in charge.

The annual congregational supper of the Methodist Church will be held tomorrow evening at seven o'clock in the church parlors. A silver offering to cover costs of the meal will be taken.

The Board of Education will hold its regular monthly meeting next Wednesday evening at Lincoln School. Repairs to the school property, particularly the modernization of the heating system, will be the chief topic of discussion.

The Ladies' Society of Christian Service of the Methodist Church traveled to Basking Ridge yesterday noon to lunch with the similar society of the Basking Ridge Church. Upon return to New Providence, the regular monthly meeting of the society was held in the church parlors.

The Official Board of the Methodist Church met Tuesday evening in the church parlors. The work project for repair of the church buildings was discussed. The project is now nearing completion. Dallas Wenman reported he had pledged of over \$900 toward, the cost of the work, which is estimated will cost \$1,000.

Spaghetti Supper

Plans for the annual Roosevelt School spaghetti supper to be held October 22 are proceeding smoothly, the chairman announced today. Supper will be served from 6 to 8 p. m. and there will be dancing until 11 o'clock.

The P.-T. A. rummage sale held September 23, 24 and 25, the proceeds of which were used to purchase new baseball suits for the school team, was very successful, it was reported.

One former employe of the British Commission in Washington declares that the orders placed by the British far exceed their needs. Well do you remember in "The Hoosier Schoolmaster" how old Mrs. Means advised everybody to "git a plenty while your gittin'?"

If you haven't done anything new or interesting recently, get a U. A. and check up on your health.

"Kind Sir" Directs Dashing Damsel, Net Loss—\$19

Patsy Gentle, 55, of 553 Morris avenue, was idling in the sun near his home Saturday when a car slid up to the curb. A dashing, dark damsel, evidently a gypsy, clambered out of the car. She fastened a winning smile on Patsy.

"Kind sir," she asked, "will you please direct me to Morris avenue?"

While Patsy was giving out with directions, the dark lady brushed up close. Patsy had cause to remember this later, after the car had gone on its way. He absent-mindedly put his hand in his trouser pocket and missed his wallet, with its \$19. It had gone with the car, with the lady, and with the wind.

1891 50 YEARS OF SERVICE 1941
From Resources of \$14,146 in 1892 to \$1,076,084 Today
BACK in 1892, after fourteen months of service to the thrifty people of Summit, we published our first annual statement. It showed that this institution had resources of \$14,146.12. At that time, Summit's population was less than 5,000.
Today more than 16,000 people live in our community, and at the end of the third quarter of 1941, the resources of the Summit Federal totalled \$1,076,084.
During the past 50 years the people of Summit have gotten the habit of depending upon this mutual institution for the protection of their money and for earning adequate dividends on their savings. If you have yet to enjoy saving here, we invite you to open your account now. Your savings will be insured up to \$5,000.00 by the Federal Savings and Loan Insurance Corporation and you will share in our dividends which have been at the rate of 3% per annum.

Mrs. E. H. Biddison,
Chairman of Tickets, Second
United Benefit for Britain,
5 Larch Place, Summit, N. J.

Dear Mrs. Biddison—Your request that the Rotary Club undertake to dispose of 25 tickets for the Second United Benefit for Britain has had our serious consideration.

We want to place ourselves very definitely on record that we are wholeheartedly back of the work which your group is doing, and as you know had planned to sponsor a movie last Christmas, the proceeds of which were to be turned over to your organization. Lack of time to put on a proper ticket-selling campaign made the Christmas plan impracticable.

We feel, however, that Summit's United Campaign should have precedence over all—a campaign which is absolutely necessary for the raising of funds for our local agencies. These agencies are vital to the welfare of our community and particularly to our young folks and our needy folks—and every group in Summit should have put its thoughts of raising funds for any other cause, until the United Campaign was concluded.

We have been advised that your organization was appraised of the dates for this year's United Campaign, which had been set last spring and we consider it most unfortunate that your group decided upon any dates for your benefit which might conflict with the United Campaign. Your present drive in soliciting patron and patronesses through \$10 contributions for the benefit so shortly before the United Campaign cannot but have a deterring effect on the results of the latter.

For this very important reason the Rotary Club will not enlist at this time in any ticket-selling project for the benefit arranged by your organization.

Later, we may again attempt to undertake a movie benefit for the British Relief.

In order that our attitude in respect to this benefit may not be misunderstood we are releasing copies of this letter to the local press.

Very truly yours,
ROTARY CLUB OF SUMMIT
Ralph C. Porter, Jr.,
Secretary.

Democratic Troubles Stir Optimism of County GOP Leaders

County Republican leaders, as they stir themselves to actively enter the customary "breathe" following the primaries, depend on two factors for success at the November elections, which occur just three weeks from next Tuesday. This county will name a State senator for a three-year term, four assemblymen for one-year terms, a county clerk for a five-year term, three freeholders for three year terms and a coroner for the same period.

That constitutes a fairly short ballot, and the absence of State-wide or National offices to be filled justifies the term of "off-year" in describing the probable public interest involved. If more than half of the voters exercise their right of franchise, leaders in both parties will be unofficially surprised on November 14th.

Tuesday was the last day for registration for the November polls, and the absence of any great rush of new registrants is an indication of the off-year reactions of voters the party heads over.

G. O. P. optimism over the outcome is based first on a belief that routine party organization activity in getting out the vote will be sufficient to maintain the normal supremacy of Republican strength in this county. The leaders do not underestimate the possibility of being caught napping, but the unwelcome unity now prevailing in Republican ranks is taken to mean that everyone will work harmoniously to see that the best possible representation of the Republican sentiment goes to the polls.

Under the heading of routine activity the Republicans will conduct at least four principal rallies in various quarters of the county. Many partisan clubs which meet regularly also will have candidates as guest speakers during the month, with the candidates dividing the assignments among them so that all will have oral representation at each of the meetings.

The second consideration which gives cheer to the G. O. P. chieftains is the serious internal disruption of the Democratic party in Elizabeth, where normally a powerfully functioning machine rolls up from 6,000 to 10,000 majorities for all county candidates on the Democratic slate.

Miss Avery to Lecture in Summit This Year

Miss Eunice Harriet Avery, interpreter of world affairs, whose lectures have drawn large audiences to the Paper Mill Playhouse for several seasons will present this season's series in the Edison Junior High School, Summit.

Miss Avery recently returned from a summer of travel in Argentina, Brazil, Uruguay, Trinidad, Barbados, bits of the Caribbean and a stay in Washington. She will share her observations with her audiences. The conclusion she has reached is that it is a far more indestructible world seen from both sides of the Rio Grande than from either side alone and that good neighboring takes at least twenty-one nations to work it.

The six lectures of the 1941-1942 series will be presented at 3 p. m. on the following Tuesdays: October 28th, November 11th and 25th, December 13th, January 13th and 27th, February 14th and 21st, and March 10th and 24th.

An ad placed in the classified columns brings results.

Four Summit Men Are Prospective Grand Jurors

A panel of 35 persons, including several married women, was drawn Monday by Jury Commissioner William Bourdon before Judge Edward A. McGrath in Quarter Sessions Court for service on the October term grand jury.

From the panel 23 will be chosen next Tuesday before Supreme Court Justice Clarence E. Case for service on the jury which will deliberate on many cases, including a number of traffic fatalities. First Assistant Prosecutor Thomas E. Hueston will present the cases.

From Summit, the prospective jurors include Councilmen Barton L. Boye and Frederick T. Truslow together with Ernest P. Patten and Douglass G. Tomkins.

It is said that in a current magazine article the President condemns the sidown strikers of 1937. Haven't some of them got up yet?

Fashion Show

The Children's Service Committee of Union County will hold its annual fashion show and musicale on Friday, October 17th, at 3 p. m. in the Cranford High School auditorium.

L. Hamberger and Co. will present the latest fashions. There will be solos by Bruce Lewis, pianist, and Margaret Stuck, soprano.

Tickets may be purchased at Rogers Drug Store or from any member of the committee. The proceeds of this afternoon will be used for placing in foster homes those unfortunate children of Union County whose lives have been filled with tragedy and hardship.

Wondering about the 1942 cars?

DIG, LAY and FILL, in one PROCESS

IN NEW JERSEY, and in other parts of the Nation where soil conditions permit, telephone cable is being laid by a newly developed, faster method that helps meet the rising rush of calling due to National defense.

A tractor, plow and cable reel, combined, dig the trench, lay the cable and refill the trench in one continuous operation. Several miles of cable can be placed in a day.

This faster method is now being used in

the task of more than doubling the circuits uniting the telephone cable networks of the East and West. Crews with cable burying trains are laying the new voice highways in a furrow 1,600 miles long between Omaha, Nebraska, and Sacramento, California.

"DIG, LAY and FILL, in one PROCESS" : : : is one of the many methods worked out by the Bell System to help meet the service needs of the Nation in its number one task.

IT WAS NO time to duck or dodge the facts. So we didn't try.

Instead we said—these being the materials critical in the defense program, we'll do our planning for 1942 with that foremost in mind.

Not merely for an "acceptable" car—certainly not for any "ersatz" number.

We had to have a real and representative Buick. One we could be proud of. One able enough, active enough, durable enough to serve till annual new models are the rule again.

We resolved on a 1942 automobile of such merit as could carry the Buick reputation without fault until other new Buicks, however far off, could come along to refresh it.

Now we're announcing those 1942 cars.

Why waste words telling you how good they are! You can't put language in the gas tank and learn either how many or how enjoyable are the miles you'll get per gallon.

There's a better answer—you drive these cars themselves. Come on, do that! Put your own yardstick on their quality.

It would be a shame, for you and for us, to have you miss the dreadnaught Buick we've built to stand up successfully to the toughest job in years.

No other car has ALL THIS FOR YOU IN 'FORTY-TWO

ATTENTION GOURMETS! Whether you have ambitions to be famous as the cook of exciting dishes and versatile menus or merely to win plaudits from your own family—then House of Herbs Products are your short cut to success. Thyme, Rosemary, Marjoram—to name only a few of the many herbs available, either separately or in gift sets. My favorite was one consisting of a dozen or more assorted herb seasonings lined up on a clever little shelf. However, any of these herbal gift sets will be sure to bring praise from anyone lucky enough to be remembered by you. Eastman's.

OH'S AND AH'S will be your reward for serving this new kind of cheese. At first glance you'll think you're seeing a slab of bacon but when you take a closer look you'll find instead Hickory Smoked cheese—cured just like bacon and imparting a really delicious and different flavor. If you want a taste treat guaranteed to bring cries of "more!" "more!"—then serve "Pansé"-Cheese. Brookdale Dairy and Delicatessen.

IF YOU'VE COOKED YOUR GOOSE, maybe you'd like to eat it, too! All right, you can. There's a pressure-cooker on the market that cooks food so fast, so flavorful, and leaves it so fresh looking that it's sure to end all your cooking "tolls" and troubles. Bing! in one minute (not 15) your peas are done. Bing! in 10 minutes (not 40) your Idaho potato is cooked. Bing! in 20 minutes (not 4 hours) your goose is ready—tender, juicy, and delicious. Can be had in sizes from one quart to four quarts ranging from about \$7 to \$14. And we're told you'll save enough money on

your cooking bills to add a little change to the old hoard.

TWO SIDES TO ONE QUESTION are handled nicely in the double duty adhesive tape now available. It's sticky on both sides and is that convenient! Can be used for hanging pictures on the wall, attaching shelf edging, keeping rugs in place, and at least seven other things you'll think of yourself! (Costs 25c for five yards.)

AS YOU LIKE IT—paint without a nasty smell—is yours not only for the asking but for the paying of a mere 5c per gallon extra for your paint. There's a new concoction which can be added to oil paint, enamel, or varnish which banishes all of the obnoxious odor. You only need a couple of teaspoons per gallon.

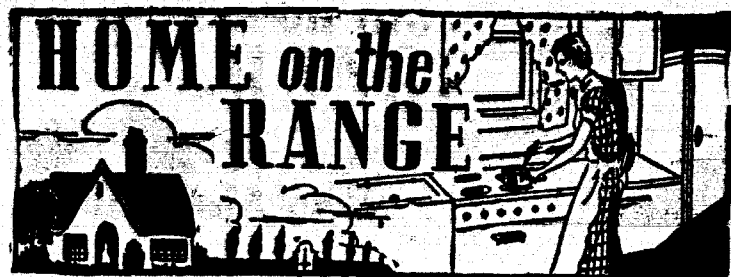

THOSE WASHBOARD BLUES will exist only in the coloring of this new, little plastic washboard we've just seen. Once you've tried it out, we think you'll positively enjoy giving your more cherished soons and so-forths a good rub-a-dub-dubbing. The thing is small and done in pastel blue, plastic that's tapered to a neat molded base that hugs the bottom of the basin. Smooth ridges slope from the middle to the sides to allow for drainage. The contraption's so cute that even your husband needn't feel like a cad, if he forks over a dollar and buys you one of these little washday luxuries!

Outstanding or unusual values noticed around town by any of our readers will be gladly accepted. Please phone Barbara, care of Summit Herald, Summit 6-1900.

P. S. Frowns On Extending Use Of Gas to Heat Homes

Further installations of gas for house heating is being discouraged and in some instances refused by Public Service Electric & Gas Co. One reason is increased demand for gas for industrial purposes in the defense program. Another is that most requests for gas for house heating come from outlying sections where mains are inadequate to carry the additional load. A third reason is that, because of defense steel priorities, its is difficult to get pipe.

No general rule has been laid down, it was said today by company officials. Each application is decided upon its merits. For example, in an area where there are ample main facilities and not too great an industrial demand, an application for gas for heating probably would be granted, it was stated. Until the present emergency, Public Service encouraged house heating by gas. It offered a rate of 5 cents per 100 cubic feet for all gas consumption over 10,000 cubic feet monthly for residential users. The reason was to utilize plant capacity. Recent years have seen a steady climb in sales of gas for

A LIMITED BUDGET

DURING the national emergency, the budgets of most households are bound to be affected by the high costs of living, and if you have been accustomed to a generous budget, the prices of today will most likely require a curtailment in your food expenses.

Homemakers who prepare their menus in advance are better able to maintain a limited budget without reducing the nutritional needs of their families. This acts as a guide and should be flexible enough to permit using left-overs or certain adjustments in quantities when guests arrive unexpectedly. There are several things which should be kept in mind in order to cut the cost to a minimum. Try to serve plenty at meal time with very little waste. Bake several foods at once to save effort and fuel. Try also, to save the minerals and vitamins by proper cooking.

Lunch
*Navy Bean Soup, Buttered Toast, Prune Sauce, Cookies.

Dinner
*Corned Beef Hash, Steamed Cabbage, Banana and Orange Salad, Bread and Butter, *Apple Tapioca and Cream.

*Scrambled Eggs, Tomato and Cheese
5 eggs
2 tomato pulp (fresh or canned)

¼ lb. cheese (cut in small pieces or grated)
Salt and pepper
5 tablespoons milk
2 tablespoons butter or substitute

Beat eggs slightly, add tomato pulp, cheese, salt, pepper and milk. Heat fat in skillet. Add egg mixture and scramble as usual until soft cooked, but not dry. Six servings.

Fish Chowder
Cook ¼ pound finely cut salt pork gently in a kettle until fat begins to fry out. Add 3 onions (minced) and simmer over low fire. In the meantime, partially cook 6 potatoes (diced) in 1½ cups boiling water (about 10 minutes). Add 2 cups water to pork and onions. Add potatoes and cook until just before time to serve. Add 1½ cups cooked fish flakes or any cooked fish cut in small pieces, and 4 cups milk. Heat to boiling point. Season to taste.

Navy Bean Soup
Wash 2 cups navy beans and soak overnight in 3 quarts water. In morning, add 2 pound ham bone, ½ teaspoon sugar and one minced onion. Let simmer slowly 3 or 4 hours until beans are tender. Add seasoning and about 1 pint milk before serving.

Corned Beef Hash
½ cup chopped, cooked corned beef or 1 can (12 oz.)
3 cups chopped, cooked potatoes
¾ cup chopped onion
½ cup stock, cream or rich milk
Salt and pepper
2 tablespoons butter
Parsley

Mix together beef, potatoes, onion and stock, and season to taste. Add to butter in hot frying pan, cooking evenly over bottom, and cook slowly until browned on bottom. Fold over as for omelet, serve on hot platter and garnish with parsley. Yield: 6 portions.

Apple Tapioca
½ cup quick tapioca
¾ cups boiling water
½ teaspoon salt
¾ teaspoon nutmeg
1½ lbs. cooking apples
2 tablespoons butter
½ cup sugar

Add boiling water and salt and nutmeg to tapioca; cook in double boiler or over low heat until transparent. Core and pare apples, arrange in buttered pudding dish, fill cavities with sugar, pour over tapioca, add bits of butter and bake in moderate oven until apples are soft. Serve with sugar and cream.

C. of C. To Vote On Price Control Legislation

With 1,600 other chamber of commerce and trade associations throughout the United States, the Chamber of Commerce of Summit will cast its ballot soon on the arguable national issue of price control legislation.

Member organizations of the Chamber of Commerce of the United States are participating in the referendum, which will determine the position of business men and their organizations on the price control bill now before Congress and also on proposals for substitute legislation. The referendum was ordered by the board of directors of the National Chamber upon recommendations in a report of the Chamber's Committee on Distribution. Included in the referendum pamphlet that contains the ballot questions and committee report are comprehensive arguments on both sides of the question.

PRACTICAL HEALTH HINTS Why Cranberries Are Nourishing

By Dr. James A. Tobey

Dr. James A. Tobey

GOOD things often come in small packages. One of these is the little red cranberry, which makes its annual debut when the autumn leaves are turning red. Like most fruits, the cranberry is packed with valuable food elements. It is especially rich in vitamin C, the substance that prevents scurvy, helps to make strong bones, and plays a part in the control of rheumatic conditions. Another valuable constituent of the little red berry from the sun-drenched bogs of Cape Cod and New Jersey is pectin, the substance which makes fruit jelly. Pectin not only aids human digestion, but helps maintain good intestinal hygiene in the body. Meats are made more tender when cooked with pectin-rich cranberries.

Iodine is required in the diet for a healthy thyroid gland and the prevention of goiter. Calcium produces strong bones and sound teeth, and has other dietary functions.

When used as a breakfast juice, cranberries exert a favorable effect upon persons suffering from lassitude, weakness, and lack of energy, according to an article in a recent issue of a medical journal, which ascribes this increase in vigor mainly to a correction of the acid-base balance of the body.

Since the raw cranberry is usually too tart for the average taste, cranberry sauce, cranberry juice, and cranberry pie are generally prepared with pure sugar, thus adding food-energy values to the fruit. Like all fruits, the cranberry itself is relatively low in calories, two whole cups of fresh cranberries yielding only 100 calories. The same number are in a ½ inch slice of cranberry pie.

When the American Indian gave us cranberries, corn, and potatoes, he did us a real dietary favor. The Indian mixed the luscious red berry with meat to make pemmican, but now we use this tangy and nourishing fruit in various ways. As sauce for meats, or a base for puddings, salads, and pies, cranberries now add zest to balanced meals.

Among the important food-minerals in cranberries are calcium, iron, and iodine. Because of their iron content fruits are, in general, better builders of red blood than are most vegetables.

Lawyer Opens Office Here

Louis C. Rothscid has recently opened his offices at 351 Springfield avenue.

Mr. Rothscid is an attorney having recently practiced in Newark. He also is a public auditor and accountant, having been actively engaged in this work for many years.

Mr. Rothscid attended New York University, school of accounting where he received his accounting education. He was employed as traveling auditor with the National Aniline & Chemical Co., now part of the Allied Chemical & Dye Corp. Later Mr. Rothscid was credit manager and chief accountant for one

of the leading electrical wholesale houses in New Jersey. This position he held for eight years until he began the practice of public accounting.

He attended the Newark University, then known as New Jersey Law School, and after serving the required clerkship was admitted to the bar.

Mr. Rothscid will be supervising director of the Summit Credit and Collection Bureau, a corporation recently formed to fill an important need for Summit and vicinity.

The Beautiful New CHRYSLER

A Thunderbolt FOR BEAUTY

Yes—a real thunderbolt of beauty! Its utterly stunning lines strikingly resemble that famous show model, The Chrysler Thunderbolt—"The Car of the Future." Massive yet sleek—graceful yet dashing. Interiors are luxurious, modern... "Tailored to Taste!"

A Spitfire FOR POWER

Even more power! Power for the zooming age we live in—power from a new, more efficient engine. Combined with Fluid Drive and Vacumatic transmission, this new Spitfire is designed to conserve fuel. We've got a precision instrument called a "tachometer" on our demonstrators which shows you exactly how Chrysler's power transmission system gets more power out of every gallon.

A Wizard FOR EFFICIENCY

Far more extensive use of Chrysler's famous alloy—Amola steel—greater use of Oilite metals. No "roughed" bearings... Chrysler's Superfinish—with aircraft precision—conserves fuel and oil, increases performance, reduces wear.

An Eye-Opener FOR SMOOTHNESS

Smooth in line and smooth in action. Chrysler's now famous Fluid Drive and Vacumatic transmission reach new performance peaks with the new Spitfire engine. You flow from standstill into full action with the fluent smoothness of a gliding swan. Why shift gears?

THERE'S a lot that's new... there's a lot that's down-right exciting in this new Chrysler. It answers the questions many people have been asking. It answers them in a way we're all glad to see.

It's a car that's built to the tempo of the day—but with an eye to the future. Come in and get acquainted with a truly great car.

See it—Drive it— IT'S A THUNDERBOLT! NOW ON DISPLAY—HERE
